TAKE ME TO TARZANA

2019 Report

Dear investors,

Hello from the Vimeo Investor Relations team!

Thope that overall this year all healthy and safely sheltered in place. I know that times are challenging with the current coronavirus situation, so I wanted to share some "good" news about our business and updates about the first quarter and an update on our product roadmap.

Vimeo's Q1 results were strong, with revenue growth of 20% and we officially surpassed 500 million paid accounts (501 million to be exact). Our Vimeo Staff Picks curation team (formerly the Vimeo Festival), in the middle of a tough time, also curated over 50 films, a record for the team, and launched a new Vimeo Staff Picks Channel to showcase the best of the platform.
