

April 2017

Dear Shareowner:

We invite you to join us for our 2017 Annual Meeting of Shareowners on May 8 in Memphis, Tennessee. Whether or not you plan to attend, please review the enclosed materials and vote your shares. Within this **Proxy Statement**, we have included a summary that highlights policy updates and provides a snapshot of key performance metrics.

Also enclosed is a copy of the International Paper **2016 Annual Performance Review**, which highlights our key accomplishments. Last year, we continued to create long-term value for our shareowners, achieving above cost-of-capital returns for the seventh consecutive year, generating strong cash flow, and increasing our annual dividend for the fifth consecutive year. In December, we completed the acquisition of Weyerhaeuser's pulp business and have integrated it with our legacy pulp business to form Global Cellulose Fibers, the world's premier producer of fluff pulp. We will continue to focus on establishing sustainable competitive positions in attractive, fiber-based markets to create long-term value for all shareowners.

We have also included a copy of **The IP Way Forward**, which describes our vision, mission and strategic drivers:

- o Sustaining Forests
- o Investing in People
- o Improving our Planet
- o Creating Innovative Products
- o Delivering Inspired Performance

The IP Way Forward is our strategic framework to drive results, increase employee engagement, attract the next generation of talent and strengthen our reputation as a responsible leader in the packaging, pulp and paper industry.

Our directors are elected by our shareowners and are committed to ensuring that company management acts in the best interests of shareowners; the Board's governance and guidance serve as the foundation of our ongoing success. Consistent with our commitment to strong corporate governance practices, in 2016 International Paper proactively adopted proxy access, allowing shareowners to have their own nominees included in the Company's proxy materials.

This year, Dr. Kathryn D. Sullivan joined our Board. Dr. Sullivan is the Charles A. Lindbergh Fellow of Aerospace History at the Smithsonian National Air and Space Museum. She served in several roles in the U.S. Department of Commerce and the National Oceanic and Atmospheric Association between 2011 and 2017. Among her many accomplishments, Dr. Sullivan is a veteran of three space shuttle missions and is the first American woman to walk in space. Her extensive environmental experience will lend a unique and valuable perspective to our Board.

On behalf of the Board of Directors and our 55,000 colleagues around the world, thank you for your continued support as we continue to pursue our vision of being among the most successful, sustainable and responsible companies in the world.

Sincerely,

Mark S. Sutton

Mark S. Sutton
Chairman and Chief Executive Officer

The IP Way Forward is our strategic framework to drive results, increase employee engagement, attract the next generation of talent and strengthen our reputation as a responsible leader in the packaging, pulp and paper industry.

Meeting Agenda and Voting Recommendations

ITEM 1

Company Proposal to Elect 12 Directors

There are no other nominees competing for seats on the Board. Under our Amended and Restated Certificate of Incorporation, directors in non-contested elections are elected by an affirmative **majority of votes cast**. You can vote “for” or “against” a nominee, or you may “abstain” from voting with respect to a nominee. “Abstentions” and broker non-votes will have no effect on the vote.

 See page 15 for further information.

Our Board of Directors unanimously recommends that you vote FOR each of the nominees. 

Director Nominees

All nominees are currently directors of International Paper. The following table lists the names, primary occupations, and ages of the nominees as of the date of the Annual Meeting, the year each first became a director of International Paper, and the Board committees on which they serve.

<h3>Shareholder Rights</h3>	<ul style="list-style-type: none"> Majority voting for directors, with a director resignation policy Shareholder right to call special meetings Shareholder right to act by written consent Shareholder right to proxy access
<h3>Board Independence</h3>	<ul style="list-style-type: none"> 11 of 12 directors are independent Robust independent Presiding Director role Executive sessions without management present at every in-person Board meeting Focus on Board composition and refreshment
<h3>Other Governance Practices</h3>	<ul style="list-style-type: none"> Strong anti-hedging and anti-pledging stock trading provisions Annual Board and committee self-evaluations Strong stock ownership requirements

ITEM 2

Company Proposal to Ratify Deloitte & Touche LLP as the Company's Independent Registered Public Accounting Firm for 2017

Our Board of Directors has ratified the selection of Deloitte & Touche LLP ("Deloitte & Touche") by our Audit and Finance Committee to serve as the Company's independent registered public accounting firm for 2017. We are asking shareowners to ratify the selection of Deloitte & Touche. To ratify the selection of our independent registered public accounting firm, the affirmative vote of a **majority of a quorum at the annual meeting** is required.

 See page 16 for further information.

Our Board of Directors unanimously recommends that you vote FOR the ratification of Deloitte & Touche as the Company's independent registered public accounting firm for 2017.

ITEM 3

Company Proposal to Vote on a Non-Binding Resolution to Approve the Compensation of Our Named Executive Officers

Our Board of Directors is seeking your approval of the compensation of our Named Executive Officers (“NEOs”), as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), including in the Compensation Discussion & Analysis, related compensation tables and narrative disclosure. This vote is non-binding. To approve this proposal, the affirmative vote of a **majority of a quorum at the annual meeting** is required.

 See page 17 for further information.

Our Board of Directors unanimously recommends that you vote FOR the approval of the compensation of our NEOs as disclosed pursuant to Item 402 of Regulation S-K under the Exchange Act. 

2016 Financial Performance Highlights

ROIC

7th consecutive year of Adjusted Return on Invested Capital (“Adjusted ROIC”) above cost of capital

TSR

47% 1-Year Total Shareholder Return (“TSR”)

Dividend

5th consecutive year of dividend increase

Global Cellulose Fibers

Acquisition to become world’s premier manufacturer of fluff and specialty pulp

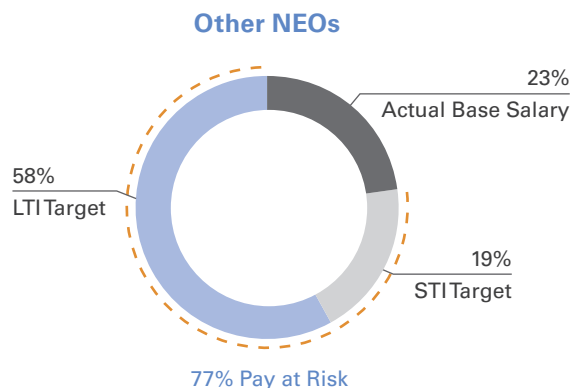

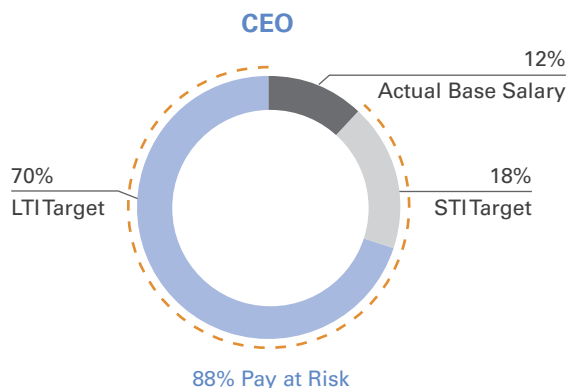

Executive Compensation Philosophy and 2016 Compensation Mix

1 Pay for Performance

We reward achievement of specific goals that improve our financial performance and drive strategic initiatives to ensure sustainable long-term profitability.

2 Pay at Risk

We believe a significant portion of an executive’s compensation should be specifically tied to performance—both Company performance and individual performance.

2016 Executive Compensation Highlights

- ✓ Strong pay-for-performance correlation
- ✓ Robust compensation governance practices
- ✓ Long-Term Incentive (“LTI”) plan based solely on three-year Company Performance – no individual modifier
- ✓ No base salary increases in 2016 for our executive officers
- ✓ NEOs received same performance achievement in Short-Term Incentive (“STI”) plan – based solely on Company performance
- ✓ Modified STI performance metrics and relative weightings for 2016 to drive earnings growth and operating profitability
- ✓ 2016 outcome under STI plan resulted in awards of 72% of target
- ✓ 2014-2016 awards under LTI plan vested at 110% of target

ITEM 4

Company Proposal on a Non-Binding Vote on the Frequency with which Shareowners Will Vote to Approve the Compensation of Our Named Executive Officers in Future Years

Our Board of Directors is requesting that shareowners cast a non-binding vote as to whether an advisory vote on NEO compensation should occur every one, two or three years in future years. To approve the selection of one of these three frequencies, the affirmative vote of a **majority of a quorum at the annual meeting** is required. If this proposal does not receive the approval of a majority of a quorum at the meeting, the Board will consider as the non-binding selection of the shareowners the frequency (every one, two or three years) that receives the greatest number of votes.

 See page 18 for further information.

Our Board of Directors unanimously recommends that you vote FOR an ANNUAL vote to approve the compensation of our NEOs in future years.

ITEM 5

Shareowner Proposal Concerning a Policy on Accelerated Vesting of Equity Awards of Senior Executive Officers upon a Change in Control

The shareowner proposal will be approved if a **majority of a quorum at the annual meeting** is voted “for” the proposal. You may vote “for” or “against” the shareowner proposal, or you may “abstain” from voting. “Abstentions” will have the same effect as a vote against this shareowner proposal, because they are considered votes present for purposes of a quorum. If you hold your shares in street name, your failure to indicate voting instructions to your bank or broker will cause your shares to be considered broker non-votes not entitled to vote with respect to Item 5. Broker non-votes will have the same effect as a vote against this proposal.

 See page 19 for further information.

Our Board of Directors unanimously recommends that you vote AGAINST this proposal.

INTERNATIONAL PAPER

PROXY STATEMENT

2017 Annual Meeting of Shareowners

Information About Annual Meeting

This proxy statement is furnished in connection with the solicitation of proxies by International Paper Company on behalf of the Board of Directors for the 2017 Annual Meeting of Shareowners. Distribution of this proxy statement and proxy form is scheduled to begin on or about April 6, 2017.

The 2017 annual meeting will be held on Monday, May 8, 2017, at 11:00 a.m. CDT at International Paper Company Headquarters, Tower IV, located at 1740 International Drive in Memphis, Tennessee, 38119.

At the 2017 annual meeting, shareowners will vote on the following matters, as well as any other business properly brought before the meeting:

- Item One:** Elect the 12 nominees named in this proxy statement as directors for a one-year term. The Board recommends a vote **FOR** each of the nominees.
- Item Two:** Ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2017. The Board recommends a vote **FOR** this proposal.
- Item Three:** Vote on a non-binding resolution to approve the compensation of our named executive officers, as disclosed under the heading "Compensation Discussion & Analysis." The Board recommends a vote **FOR** this proposal.
- Item Four:** Cast a non-binding vote to approve the frequency with which shareowners will vote on the compensation of our named executive officers in future years. The Board recommends a vote to approve the compensation of our named executive officers **ANNUALLY**.
- Item Five:** Vote on a shareowner proposal concerning a policy on accelerated vesting of equity awards of senior executive officers upon a change in control, if properly presented at the meeting. The Board recommends a vote **AGAINST** this proposal.

Information about these items may be found beginning on page 15 of this proxy statement.

Shareowners of record of International Paper common stock at the close of business on March 14, 2017, the record date, or their duly authorized proxy holders, are entitled to vote on each

matter submitted to a vote at the 2017 annual meeting and at any adjournment or postponement of the annual meeting. There were 412,896,493 common shares outstanding on March 14, 2017. Each common share is entitled to one vote on each matter to be voted on at the 2017 annual meeting.

A list of shareowners as of the record date will be available for inspection and review upon request of any shareowner to the Corporate Secretary at the address on page 13 of this proxy statement. We will also make the list available at the annual meeting.

Your vote is important

Vote by telephone

If you choose to vote by telephone, you may call the toll-free number on your proxy card. You will need to have the 16-digit control number printed on your proxy card.

Vote on the Internet

If you choose to vote via the Internet, follow the instructions for accessing the website on your proxy card. You will need to have the 16-digit control number printed on your proxy card.

Vote by mail

If you choose to vote by mail, simply mark, sign and date your proxy card and return it in the postage-paid envelope that was included with the proxy card.

Important Notice Regarding the Availability of Proxy Materials for the Shareowner Meeting to be Held on May 8, 2017:

This proxy statement, a form of proxy and our annual report are available for viewing and printing at the following website: materials.proxyvote.com/460146

Voting Procedures and Annual Meeting Attendance

How many votes must be present to hold the annual meeting?

Holders of International Paper common stock, present in person or represented by proxy, representing one-third of the number of votes entitled to be cast upon any proposal to be considered at the meeting (at least 137,632,165 votes) are required to hold the 2017 annual meeting. If you properly vote on any proposal, your shares will be included in the number of shares to establish a quorum for the annual meeting. Shares held of record and represented by proxy cards marked “*abstain*,” or returned without voting instructions, will be counted as present for the purpose of determining whether the quorum for the annual meeting is satisfied. In addition, if you hold shares through a bank or brokerage account, your shares will be counted as present for the purpose of determining whether the quorum for the annual meeting is satisfied, even if you do not provide voting instructions to your bank or brokerage firm.

We urge you to vote by proxy even if you plan to attend the meeting. That will help us know as soon as possible that we have enough votes to hold the meeting. Returning your proxy card will not affect your right to revoke your proxy or to attend the 2017 annual meeting and vote in person.

How do I vote my shares?

You may vote at the annual meeting by proxy or in person.

If you are a *holder of record* (that is, if your shares are registered in your own name with our transfer agent), you have several options. You may vote by telephone, on the Internet or by attending the meeting and voting in person. In addition, you may vote by mail using the enclosed proxy card.

If you hold your shares in *street name* (that is, if you hold your shares through a broker, bank or other holder of record), you have the right to direct your bank or broker how to vote your shares. If you do not give instructions to your bank or brokerage firm, it will nevertheless be entitled to vote your shares with respect to “routine” items, but it will not be permitted to vote your shares with respect to “non-routine” items. In the case of a non-routine item, your shares will be considered “broker non-votes” on that proposal. If you want to vote in person at the annual meeting, you must obtain and bring a power of attorney or proxy from your broker, bank or other holder of record authorizing you to vote.

If I hold shares in the International Paper Company Savings Plan, how do I vote my shares?

If you hold shares in the International Paper Company Savings Plan, you may instruct the trustee, State Street Bank and Trust Company, to vote your shares in the Company Stock Fund by returning the proxy/voting instruction card included with this mailing or by providing voting instructions by telephone or on the Internet as explained on the voting instruction card. If you do not return the proxy/voting instruction card or provide voting instructions, or if your instructions are unclear or incomplete, the trustee will vote your shares at its discretion.

How do I attend the annual meeting?

All shareowners as of the record date, March 14, 2017, or their duly authorized proxy holders, are welcome to attend the annual meeting. If you are voting by mail, by telephone or via the Internet, but still wish to attend the meeting, follow the instructions on your proxy card or via the Internet (www.proxyvote.com) to tell us that you plan to attend. You will be asked for photo identification in order to be admitted.

If you hold your shares in street name and you decide to attend, you must bring to the annual meeting a copy of your bank or brokerage statement evidencing your ownership of International Paper common stock as of the record date.

Shareowners must bring proof of ownership and valid photo identification in order to be admitted to the meeting.

What happens if the annual meeting is postponed or adjourned?

Your proxy will still be valid and may be voted at the postponed or adjourned meeting. You will still be able to change or revoke your proxy until it is voted.

Can I change or revoke my proxy?

Yes, you may change your vote or revoke your proxy at any time at or before the annual meeting. If you are a holder of record, you may change your vote or revoke your proxy through any of the following means:

- o by casting a new vote by telephone or on the Internet prior to the annual meeting, or by properly completing and signing another proxy card with a later date and returning the proxy card prior to the annual meeting;
- o giving written revocation to our Corporate Secretary prior to the annual meeting directed to the address on page 13 of this proxy statement, or at the meeting; or
- o voting in person at the annual meeting.

You must obtain a ballot and vote at the annual meeting to revoke your proxy.

If you hold your shares in street name, you may change your voting instructions by contacting your broker, bank or other holder of record prior to the annual meeting or by voting in person at the annual meeting pursuant to a power of attorney or proxy from your bank or broker.

What if I do not indicate my vote for one or more of the matters on my proxy card?

If you are a registered shareowner and you return a signed proxy card without indicating your vote, your shares will be voted as follows:

- o **for** the Company's proposal to elect the 12 nominees named in this proxy statement to the Company's Board of Directors in Item 1;
- o **for** the Company's proposal to ratify the appointment of the Company's independent registered public accounting firm for 2017 in Item 2;
- o **for** the Company's proposal to approve the compensation of our named executive officers in Item 3;
- o for **annually** as the preferred frequency with which shareowners will vote on the compensation of our named executive officers in future years in Item 4; and
- o **against** the shareowner proposal concerning a policy on accelerated vesting of equity awards of senior executive officers upon a change in control in Item 5.

If you are a registered shareowner and you do not return a proxy card or vote at the annual meeting, your shares will not be voted and will not count toward the quorum requirement to hold the annual meeting.

If your shares are held in street name and you do not give your bank or broker instructions on how to vote, your shares will be counted toward the quorum requirement for the annual meeting. The failure to instruct your bank or broker how to vote will have one of three effects on the proposals for consideration at the annual meeting, depending upon the type of proposal. For all voting items, other than Item 2 to ratify our independent registered public accounting firm for 2017, absent instructions from you, the bank or broker may not vote your shares at all and your shares will be considered broker non-votes. For Item 2, however, the broker may vote your shares at its discretion. For Items 1 and 4, a broker non-vote will have no effect on the outcome of the proposal. For Items 3 and 5, a broker non-vote will have the same effect as a vote against the proposal.

If you hold shares in the International Paper Company Savings Plan and you do not provide voting instructions, the trustee will vote your shares at its discretion.

Will my vote be confidential?

Yes. Your vote is confidential and will not be disclosed to our directors or employees, unless in accordance with law.

Will our directors attend the annual meeting?

Yes. The Company's *Corporate Governance Guidelines* state that directors are expected to attend our annual meeting.

Who will be soliciting proxies on our behalf?

The Company pays the cost of preparing proxy materials and soliciting your vote. Proxies may be solicited on our behalf by our directors, officers or employees by telephone, electronic or facsimile transmission or in person, without compensation. We have hired Alliance Advisors, LLC to solicit proxies for an estimated fee of approximately \$25,000, plus expenses.

What is householding?

We have adopted "householding," a procedure by which shareowners of record who have the same address and last name and do not receive proxy materials electronically will receive only one copy of our annual report and proxy statement unless one or more of these shareowners notifies us that they wish to continue receiving individual copies. This procedure saves us printing and mailing costs. Shareowners will continue to receive separate proxy cards.

We will deliver promptly, upon written or oral request, a separate copy of this proxy statement and our 2016 annual report to a shareowner at a shared address to which a single copy of the documents was delivered. To request separate copies of our proxy statements or annual reports, either now or in the future, please send your written request to **Investor Relations, International Paper, 6400 Poplar Avenue, Memphis, TN 38197, or call (866) 540-7095.**

You may also submit your request on our website, www.internationalpaper.com, under the “Investors” tab at the top of the page and then under the “Financial Requests” link.

Communicating with the Board

How do I communicate with the Board?

You may communicate with our entire Board, the Chairman, the independent directors as a group, the Presiding Director, or any one of the directors by writing to Ms. Sharon R. Ryan, Senior Vice President, General Counsel, and Corporate Secretary, at the address set forth below. Ms. Ryan will forward all communications relating to International Paper’s interests, other than business solicitations, advertisements, job inquiries or similar communications, directly to the appropriate director(s).

In addition, as described in detail under “Board Oversight of the Company,” our Global Ethics and Compliance office has a **HelpLine** that is available 24 hours a day, seven days a week, to receive calls, e-mails, and letters to report a concern or complaint, anonymous or otherwise.

Direct all Board correspondence to:

*Corporate Secretary
International Paper
6400 Poplar Avenue
Memphis, TN 38197*

Allegations of impropriety relating to our accounting, internal controls or other financial or audit matters are immediately forwarded to the chair of our Audit and Finance Committee. Such matters are investigated and responded to in accordance with the procedures established by our Audit and Finance Committee.

How do I change future proxy delivery options?

If you hold your shares in street name and wish to receive separate copies of future annual reports and proxy statements or if you currently receive multiple copies of our annual report and proxy statement and would like to receive a single copy, please send your written request to:

Broadridge Financial Solutions, Inc.
Householding Dept.
51 Mercedes Way

or call (800) 542-1061

What is the deadline for consideration of shareowner proposals for the 2018 Annual Meeting of Shareowners?

A shareowner who wishes to submit a shareowner proposal to be included in the proxy statement for the 2018 Annual Meeting of Shareowners must send the proposal to the Corporate Secretary at the address to the left. We must receive the proposal in writing on or before December 7, 2017, and the proposal must comply with SEC rules, including Rule 14a-8.

Does the Board consider director nominees recommended by shareowners?

Yes. The Governance Committee of the Board will review shareowner recommendations of possible nominees. Shareowner recommendations should be submitted in writing to the Corporate Secretary at the address to the left and should include a statement regarding the qualifications and experience of the proposed nominee. Our By-Laws require that we receive such nominations no earlier than January 8, 2018, and no later than February 7, 2018, and any such nomination must include the information set forth in the By-Laws and SEC rules.

Can shareowners include their director nominees in the Company’s proxy statement?

Yes. In 2016, the Company proactively amended its By-Laws to allow “proxy access” as many of our shareowners consider proxy access a fundamental right. The proxy access By-Law permits a shareowner, or a group of up

to 20 shareowners, owning 3 percent or more of the Company's outstanding common stock continuously for three years, to nominate and include in the Company's proxy materials director nominees constituting up to two individuals or 20 percent of the Board (whichever is greater); provided that shareowners and nominees meet the additional requirements set forth in the By-Laws. If a shareowner(s) wishes to include a director nominee(s) in the Company's proxy materials, we must receive the notice to nominate the director(s) using the Company's proxy materials no earlier than November 7, 2017, and no later than December 7, 2017. The notice must contain the information required by our By-Laws, and the shareowner(s) and nominee(s) must comply with the additional requirements in our By-Laws.

Can I raise other business at the 2018 Annual Shareowner Meeting?

Yes. Our By-Laws require that we receive written notice of such other business no earlier than January 8, 2018, and no later than February 7, 2018, and any such notice must include the information set forth in the By-Laws and SEC rules.

*Our By-Laws are available at www.internationalpaper.com, under the "**Company**" tab at the top of the page followed by the "**Leadership**" link and then the "**Governance**" link. A paper copy is available at no cost by written request to the Corporate Secretary.*

Matters to be Acted upon at the 2017 Annual Meeting

Company Proposals

ITEM 1

Company Proposal to Elect 12 Directors

There are no other nominees competing for seats on the Board. Under our Amended and Restated Certificate of Incorporation, directors in non-contested elections are elected by an affirmative **majority of votes cast**. You can vote “for” or “against” a nominee, or you may “abstain” from voting with respect to a nominee. “Abstentions” and broker non-votes will have no effect on the vote.

Our Board of Directors unanimously recommends that you vote FOR each of the nominees. 

The Board of Directors currently consists of 12 members. Each of the 12 current directors has been nominated by the Board for re-election by shareowners at the annual meeting. Information about these nominees may be found in the “Board of Directors” section of this proxy statement. All 12 nominees, if elected, will hold office until the earlier of:

- (i) our 2018 annual meeting and the date a qualified successor has been elected, or
- (ii) death, resignation or retirement.

There are no other nominees competing for seats on the Board. Under our Amended and Restated Certificate of Incorporation, directors in non-contested elections are elected by an affirmative **majority of votes cast**. You can vote “for” or “against” a nominee, or you may “abstain” from voting with respect to a nominee. “Abstentions” and broker non-votes will have no effect on the vote.

Majority vote for directors:

Each director must receive a majority of votes cast “for” his or her election.

If a director does not receive a majority of votes cast “for” his or her election, he or she must submit a letter of resignation, and the Board, through its Governance Committee, will decide whether to accept the resignation.

We do not know of any reason why any nominee would be unable to, or for good cause would not, serve as a director if elected. If, prior to the election, a nominee is unable or unwilling to serve, the shares represented by all valid proxies will be voted for the election of such other person as the Board may nominate, or the Board may reduce its size.

Our Board of Directors unanimously recommends that you vote FOR each of the following nominees:

- o David J. Bronczek
- o William J. Burns
- o Ahmet C. Dorduncu
- o Ilene S. Gordon
- o Jay L. Johnson
- o Stacey J. Mobley
- o Kathryn D. Sullivan
- o Mark S. Sutton
- o John L. Townsend, III
- o William G. Walter
- o J. Steven Whisler
- o Ray G. Young

ITEM 2

Company Proposal to Ratify Deloitte & Touche LLP as the Company's Independent Registered Public Accounting Firm for 2017

Our Board of Directors has ratified the selection of Deloitte & Touche LLP ("Deloitte & Touche") by our Audit and Finance Committee to serve as the Company's independent registered public accounting firm for 2017. We are asking shareowners to ratify the selection of Deloitte & Touche. To ratify the selection of our independent registered public accounting firm, the affirmative vote of a **majority of a quorum at the annual meeting** is required.

Our Board of Directors unanimously recommends that you vote FOR the ratification of Deloitte & Touche as the Company's independent registered public accounting firm for 2017.

Our Board of Directors has ratified the selection of Deloitte & Touche by our Audit and Finance Committee to serve as the Company's independent registered public accounting firm for 2017. We are asking shareowners to ratify the selection of Deloitte & Touche. To ratify the selection of our independent registered public accounting firm, the affirmative vote of a **majority of a quorum at the annual meeting** is required. You may vote "for" or "against" the ratification of the selection of our independent registered public accounting firm, or you may "abstain" from voting. "Abstentions" will have the same effect as a vote against this proposal because they are considered votes present for purposes of a quorum on the vote.

There will be no broker non-votes associated with this proposal, as the ratification of our independent registered public accounting firm is a routine matter. As a result, if your

shares are held in street name and you do not give your bank or broker instructions on how to vote, your shares will be voted by the broker in its discretion.

Although ratification is not required by our By-Laws or otherwise, the Board is submitting the selection of Deloitte & Touche to our shareowners for ratification because we value our shareowners' views on the Company's independent registered public accounting firm. Our Audit and Finance Committee will consider the outcome of this vote in its decision to appoint an independent registered public accounting firm, but is not bound by the shareowners' vote. Even if the selection of Deloitte & Touche is ratified, the Audit and Finance Committee may change the appointment at any time during the year if it determines that a change would be in the best interests of the Company and its shareowners.

Our Board of Directors unanimously recommends that you vote FOR the ratification of Deloitte & Touche as the Company's independent registered public accounting firm for 2017.

ITEM 3**Company Proposal to Vote on a Non-Binding Resolution to Approve the Compensation of Our Named Executive Officers**

Our Board of Directors is seeking your approval of the compensation of our Named Executive Officers (“NEOs”), as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), including in the Compensation Discussion & Analysis, related compensation tables and narrative disclosure. This vote is non-binding. To approve this proposal, the affirmative vote of a **majority of a quorum at the annual meeting** is required.

Our Board of Directors unanimously recommends that you vote FOR the approval of the compensation of our NEOs as disclosed pursuant to Item 402 of Regulation S-K under the Exchange Act.

Our Board of Directors is seeking your approval of the compensation of our NEOs as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K under the Exchange Act, including in the Compensation Discussion & Analysis, related compensation tables and narrative disclosure. This vote is non-binding. To approve this proposal, the affirmative vote of a **majority of a quorum at the annual meeting** is required.

You may vote “for” or “against” this proposal, or you may “abstain” from voting. “Abstentions” will have the same effect as a vote against this proposal because they are considered votes present for purposes of a quorum on the vote.

If you hold your shares in street name, your failure to indicate voting instructions to your bank or broker will cause your shares to be considered broker non-votes not entitled to vote with respect to Item 3. Broker non-votes will have the same effect as a vote against this proposal.

Our Board seeks your approval of the compensation of our NEOs, who are listed in the Summary Compensation Table of this proxy statement. Information describing the compensation of our NEOs is provided in the Compensation Discussion & Analysis section, the accompanying tables and narrative contained in this proxy statement.

Our Board asks shareowners to approve the following (non-binding) advisory resolution:

“Resolved, that the compensation paid to the Company’s Named Executive Officers, disclosed in this proxy statement pursuant to Item 402 of Regulation S-K under the Exchange Act, including in the Compensation Discussion & Analysis, the related compensation tables and narrative disclosure, is hereby approved.”

Our Board of Directors unanimously recommends that you vote FOR the approval of the compensation of our Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K under the Exchange Act.

ITEM 4**Company Proposal on a Non-Binding Vote on the Frequency with which Shareowners Will Vote to Approve the Compensation of Our Named Executive Officers in Future Years**

Our Board of Directors is requesting that shareowners cast a non-binding vote as to whether an advisory vote on NEO compensation should occur every one, two or three years in future years. To approve the selection of one of these three frequencies, the affirmative vote of a **majority of a quorum at the annual meeting** is required. If this proposal does not receive the approval of a majority of a quorum at the meeting, the Board will consider as the non-binding selection of the shareowners the frequency (every one, two or three years) that receives the greatest number of votes.

Our Board of Directors unanimously recommends that you vote FOR an ANNUAL vote to approve the compensation of our NEOs in future years.

Our Board of Directors is requesting that shareowners cast a non-binding vote as to whether an advisory vote on NEO compensation should occur every one, two or three years in future years. To approve the selection of one of these three frequencies, the affirmative vote of a **majority of a quorum at the annual meeting** is required. If this proposal does not receive the approval of a majority of a quorum at the meeting, the Board will consider as the non-binding selection of the shareowners the frequency (every one, two or three years) that receives the greatest number of votes.

You may vote “for” one of the three frequencies or you may “abstain” from voting. “Abstentions” will have no effect on the outcome of this proposal.

If you hold your shares in street name, your failure to indicate voting instructions to your bank or broker will cause your shares to be considered broker non-votes not entitled to vote with respect to Item 4. Broker non-votes will have no effect on the outcome of this proposal.

We are required by the Dodd-Frank Act to provide shareowners with a non-binding “say-on-pay” vote every one, two or three years. The Dodd-Frank Act also requires that our shareowners vote at least once every six years to express their preference as to the frequency of the “say-on-pay” vote. Our prior and first such “say-on-frequency” vote occurred in 2011. At that year’s meeting, shareowners agreed with the Board’s recommendation that the “say-on-pay” vote should occur every year, and since then our shareowners have had and currently have

the opportunity to participate annually in this advisory vote on NEO compensation. The Board believes that this annual “say-on-pay” voting sets the correct, ongoing cadence for dialogue between the Company and our shareowners on executive compensation matters. After careful consideration of the various arguments supporting each frequency level, and given the ongoing cadence of dialogue between the Company and our shareowners on executive compensation matters, the Board believes that submitting the advisory vote on executive compensation to shareowners on an annual basis remains appropriate for the Company and its shareowners at this time and recommends that shareowners again approve an annual vote. However, shareowners are not voting to approve or disapprove the Board’s recommendation, and shareowners may vote that the “say-on-pay” vote should occur every one, two or three years in future years or may abstain from voting.

Shareowner approval of a one, two, or three-year frequency vote will not require the Company to implement the frequency selected by the shareowners in future years. The final decision on the frequency of the advisory vote on executive compensation remains with the Board or its committees. The Board values the opinions of the Company’s shareowners as expressed through their votes and other communications. Although the resolution is non-binding, the Board or its committees will carefully consider the outcome of the frequency vote and other communications from shareowners when making future decisions regarding the frequency of “say-on-pay” votes.

Our Board of Directors unanimously recommends that you vote FOR an ANNUAL vote to approve compensation of our named executive officers in future years.

ITEM 5**Shareowner Proposal Concerning a Policy on Accelerated Vesting of Equity Awards of Senior Executive Officers upon a Change in Control**

The shareowner proposal will be approved if a **majority of a quorum at the annual meeting** is voted “for” the proposal. You may vote “for” or “against” the shareowner proposal, or you may “abstain” from voting. “Abstentions” will have the same effect as a vote against this shareowner proposal, because they are considered votes present for purposes of a quorum. If you hold your shares in street name, your failure to indicate voting instructions to your bank or broker will cause your shares to be considered broker non-votes not entitled to vote with respect to Item 5. Broker non-votes will have the same effect as a vote against this proposal.

Our Board of Directors unanimously recommends that you vote AGAINST this proposal.

We expect the following shareowner proposal to be presented at the annual meeting. Upon request, we will promptly provide any shareowner with the name, address and number of shares held by the shareowner making this proposal. The Company is not responsible for the contents of this shareowner proposal or any supporting statement.

The shareowner proposal will be approved if a **majority of a quorum at the annual meeting** is voted “for” the proposal. You may vote “for” or “against” the shareowner proposal, or you may “abstain” from voting. “Abstentions” will have the same effect as a vote against this shareowner proposal, because they are considered votes present for purposes of a quorum. If you hold your shares in street name, your failure to indicate voting instructions to your bank or broker will cause your shares to be considered broker non-votes not entitled to vote with respect to Item 5. Broker non-votes will have the same effect as a vote against this proposal.

“RESOLVED: The shareholders ask the Board of Directors of International Paper Company to adopt a policy that in the event of a change in control (as defined under any applicable employment agreement, equity incentive plan or other plan), there shall be no acceleration of vesting of any equity award granted to any senior executive officer, provided, however, that the Board’s Compensation Committee may provide in an applicable grant or purchase agreement that any unvested award will vest on a partial, *pro rata* basis up to the time of the named executive officer’s termination, with such qualifications for an award as the Committee may determine.

For purposes of this Policy, “equity award” means an award granted under an equity incentive plan as defined in Item 402 of the SEC’s Regulation S-K, which addresses elements of executive compensation to be disclosed to

shareholders. This resolution shall be implemented so as not to affect any contractual rights in existence on the date this proposal is adopted, and it shall apply only to equity awards made under equity incentive plans or plan amendments that shareholders approve after the date of the 2017 annual meeting.

SUPPORTING STATEMENT:

International Paper Company (“Company”) allows senior executives to receive an accelerated award of unearned equity under certain conditions after a change of control of the Company. We do not question that some form of severance payments may be appropriate in that situation. We are concerned, however, that current practices at the Company may permit windfall awards that have nothing to do with an executive’s performance.

According to last year’s proxy statement, a termination of employment without cause (including by the NEO for good reason) within two years following a change in control of the company on Dec. 31, 2015, could have accelerated the vesting of \$21.3 million, worth of long-term equity to International Paper’s five senior executives, with Mark Sutton, the Chief Executive Officer entitled to \$9.6 million.

We are unpersuaded by the argument that executives somehow “deserve” to receive unvested awards. To accelerate the vesting of unearned equity on the theory that an executive was denied the opportunity to earn those shares seems inconsistent with a “pay for performance” philosophy worthy of the name.

We do believe, however, that an affected executive should be eligible to receive an accelerated vesting of equity awards on a *pro rata* basis as of his or her termination date, with the details of any *pro rata* award to be determined by the Compensation Committee.

Other major corporations, **including: Apple, Chevron, ExxonMobil, IBM, Intel, Microsoft, and Occidental Petroleum**, have limitations on accelerated vesting of unearned equity, such as providing *pro rata* awards or simply forfeiting unearned awards. Research from James Reda & Associates found that over one-third

of the largest 200 companies now *pro rata*, forfeit, or only partially vest performance shares upon a change of control.

We urge you to vote **FOR** this proposal.”

[End of Shareowner Proposal]

Position of Your Company’s Board of Directors

The Board of Directors, with input from its Governance and Management Development and Compensation Committees, has again considered this proposal, as it did with substantially similar and unsuccessful proposals in 2015 and 2013, and continues to believe that adoption of the entire proposal as drafted would not be in the best interests of the Company or our shareowners.

As described below and as further described later in this proxy statement:

- o In 2013, the Board approved and the Company implemented the concept of “double-trigger” acceleration of equity-award vesting for the Company’s senior executives by revising all existing and future change-in-control agreements accordingly.
- o In 2014, upon approval by the Board, the Company revised its Amended and Restated 2009 Incentive Compensation Plan to implement the same double-trigger-vesting provision for all future equity awards for all plan participants.

While the Board continues to oppose implementation of this entire proposal as drafted, these recent changes adopted the most important aspect of the proposal and addressed most of the proponent’s concerns. The double-trigger feature requiring that there is both a change in control and a qualifying termination of employment (*i.e.*, involuntary termination without cause or departure for “good reason”) in order for equity awards to accelerate is widely recognized as a good governance practice, as it prevents senior executives from receiving an automatic windfall in the event of a change in control and serves as an incentive for the senior executives to continue with the Company through and after a change in control in order to receive the benefit of their unvested equity awards.

We also believe it is worth emphasizing the support our shareowners have shown for our executive compensation program, as indicated by approval of our “Say-on-Pay” proposal by over 96 percent of votes cast by our shareowners in May 2016, 2015 and 2014. We believe this overwhelming support affirms our responsiveness to shareowners through the many executive compensation plan design changes we

have made over the past number of years. Many of these changes are described in the Compensation Discussion and Analysis section of this proxy statement.

The Board, along with its Management Development and Compensation Committee, will continue to review our executive compensation policies in light of evolving practices. At this time, however, the Board continues to oppose the proposal as drafted. We believe that it is in the best interests of our shareowners to provide our senior executives with some form of accelerated vesting of their equity awards, which are a fundamental element of their remuneration, if they experience a qualifying termination after a change in control. We believe that one of the essential purposes of providing our executives with equity-based awards is to align their interests with those of our shareowners. Providing our senior executives with the protection of some form of acceleration of vesting of their equity awards in the event of their qualifying termination after a change in control furthers this purpose by enabling our executives to avoid distractions and potential conflicts of interest that could otherwise arise when a potential change-in-control transaction is being considered. We believe that the benefits of securing our key employees’ compensation opportunity in the event of a qualifying termination after a change in control outweigh the costs and concerns raised by the proponent.

In sum, the Board believes that the current structure of the Company’s executive compensation program, especially given the recent change to “double-trigger” acceleration of vesting of equity awards, is appropriate and effective, aligning the interests of our executives with those of the Company’s shareowners. We believe that our executive compensation program, as a whole, is consistent with market practice and provides us with the ability to compete for, attract and retain talented executives. Adoption of this proposal as drafted would disadvantage the Company from a competitive standpoint, and would potentially impact our ability to deliver maximum value to our shareowners.

For these reasons, we recommend that you vote against this proposal.

Our Board of Directors unanimously recommends that you vote AGAINST this proposal.

Information About Corporate Governance

Director Qualifications and Experience

Director Qualification Criteria

Our Board has adopted *Director Qualification Criteria and Independence Standards*, which it uses to evaluate incumbent directors being considered for re-election at each annual meeting, as well as to evaluate director candidates. The Governance Committee of our Board is responsible for evaluating each director candidate, and for recommending qualified director nominees for election to the Board. We seek candidates with ample experience and a proven record of professional success, leadership and the highest level of personal and professional ethics, integrity and values. The Governance Committee also considers whether each candidate demonstrates the following:

- o Commitment to the Company’s mission and purpose, and loyalty to the interests of the Company and its shareowners;
- o Ability to exercise objectivity and independence in making informed business decisions;
- o Willingness and commitment to devote the extensive time necessary to fulfill his/her duties;
- o Ability to communicate effectively and collaboratively with other Board members to contribute effectively to the diversity of perspectives that enhances Board and Committee deliberations and decision-making; and
- o Skills, knowledge and expertise relevant to the Company’s business.

Director Nomination Procedures

Shareowners may submit recommendations for director candidates to the Governance Committee by writing to the Corporate Secretary. The candidates should meet the director qualifications criteria described above. The Governance Committee applies the same criteria in evaluating candidates recommended by shareowners

as those from other sources. If a shareowner would like to nominate a director candidate, the shareowner must follow the procedures set forth in our By-Laws, including the deadline to make such nominations. See “Communicating with the Board” above and “Adoption of Proxy Access” below.

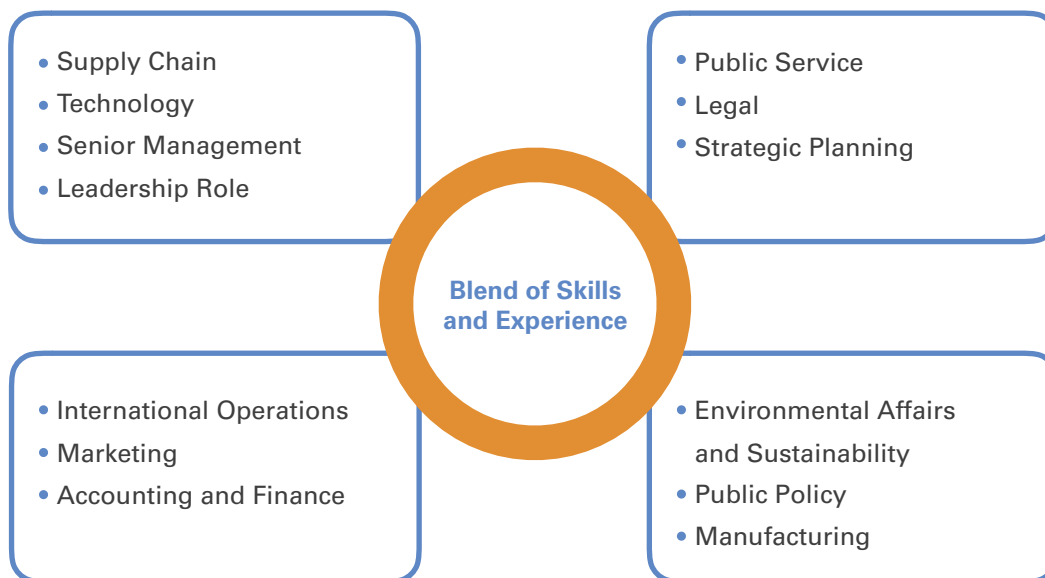

Diversity of Our Directors

Our Board and the Governance Committee have assembled a Board comprised of experienced directors who are currently, or have recently been, leaders of major companies and institutions, are independent thinkers and have a diverse range of expertise and skills that they bring to the boardroom. The Board, through its Governance Committee, seeks directors with a mix of backgrounds, experiences and tenure that will enhance the quality of its deliberations and decisions, and provide a blend of institutional knowledge

and fresh perspective. The criteria considered by the Board and the Governance Committee include a person’s skills, current and previous occupations, other board memberships and professional experiences in the context of the needs of the Board. The Governance Committee Charter specifically directs the committee to seek qualified candidates with diverse backgrounds, including but not limited to, such factors as race, gender, and ethnicity. The satisfaction of these criteria is implemented and assessed through

ongoing consideration of directors and nominees by the Governance Committee and the Board, as well as through the Board’s annual self-evaluation process. Our Board believes that its membership should include individuals

with a diverse background in the broadest sense, and is particularly interested in maintaining a mix of skills and experience that includes the following:

*Our Director Qualification Criteria and Independence Standards may be found at www.internationalpaper.com under the “**Company**” tab at the top of the page followed by the “**Leadership**” link and then under the “**Governance**” link.*

Board Leadership & Corporate Governance Practices

Board Leadership Structure

Our Board believes that the Company and its shareowners are best served by having the flexibility to determine the right leadership structure for the Company at any given point in time, taking into consideration the current business environment and shareholder landscape. We currently combine the role of Chairman and CEO and believe this is the most effective leadership structure for the Company at this time. When Mr. Sutton was appointed as CEO in 2014, the Board evaluated whether continuing to combine the role of Chairman and CEO was in the best interests of the Company and the shareowners. The Board concluded that maintaining the combined position of Chairman and

CEO is appropriate to further strengthen the Company’s governance structure by promoting unified leadership and direction for the Company, fostering accountability and allowing for a single, clear focus for management to execute the Company’s strategy and business plans.

As a counterbalance, we have an independent Presiding Director, J. Steven Whisler, whose role and responsibilities provide strong independent leadership in the boardroom. The authority and duties of our independent Presiding Director are set forth in the *Corporate Governance Guidelines* and provided below.

Role of the Presiding Director

The Presiding Director is elected each year by the independent directors for a term of not less than one year. The Presiding Director has authority to call meetings of independent directors. He may consult and directly communicate with certain shareowners if requested. The duties of the Presiding Director include:

- Determining a schedule and agenda for regular executive sessions in which independent directors meet without management present, and presiding over these sessions;
- Presiding over meetings of the Board in the event the Chairman is not present;

- o Serving as liaison between the Chairman and independent directors;
- o Approving agendas of the Board and meeting schedules to assure there is ample discussion time;
- o Approving information sent to the Board; and
- o Organizing the process for evaluating the performance of the Chairman and CEO not less than annually in consultation with the Management Development and Compensation Committee.

The Board considers its own leadership structure as part of the Company's succession planning process. The Board will continue to evaluate this structure going forward in light of factors and considerations prevailing at the time to determine whether a combined CEO and Chairman role is in the best interests of the Company and its shareowners.

Commitment to Sound Corporate Governance Principles

We believe good corporate governance is critical to achieving business success and serves the best interests of our shareowners. Our Board has adopted *Corporate Governance Guidelines* that reflect its commitment to sound governance practices. In addition, each of our Board committees has its own charter to assure that our Board fully discharges its responsibilities to our shareowners. Our Board regularly reviews its *Corporate Governance*

Guidelines and committee charters and makes changes from time to time to reflect developments in the law and the corporate governance area. Our Amended and Restated Certificate of Incorporation permits the size of our Board to range from nine to 18 members. Currently, the size of our Board is 12 members. Our Board maintains four standing committees, as well as an Executive Committee, which is comprised of the chairs of each of the standing committees.

Adoption of Proxy Access

On February 9, 2016, our Board of Directors adopted a proxy access By-Law that permits stockholders owning 3 percent or more of our common stock for at least three years to nominate the greater of two directors or up to 20 percent of the Board, and include these nominees in our proxy materials. The number of shareowners who may aggregate their shares to meet the ownership threshold is limited to 20. Nominations are subject to the eligibility, procedural and disclosure requirements set forth in the By-Laws.

Our By-Laws are available at www.internationalpaper.com, under the "Company" tab at the top of the page followed by the "Leadership" link and then under the "Governance" link. A paper copy is available at no cost by written request to the Corporate Secretary.

Our Board believes that a shareowner-focused governance model is the right fit for International Paper. The below table highlights our sound corporate governance practices:

Shareholder Rights	<ul style="list-style-type: none"> o Majority voting for directors, with a director resignation policy o Shareholder right to call special meetings o Shareholder right to act by written consent o Shareholder right to proxy access
Board Independence	<ul style="list-style-type: none"> o 11 of 12 directors are independent o Robust independent Presiding Director role o Executive sessions without management present at every in-person Board meeting o Focus on Board composition and refreshment
Other Governance Practices	<ul style="list-style-type: none"> o Strong anti-hedging and anti-pledging stock trading provisions o Annual Board and committee self-evaluations o Strong stock ownership requirements

Our *Corporate Governance Guidelines* and our Board committee charters are available at www.internationalpaper.com under the “*Company*” tab at the top of the page followed by the “*Leadership*” link and then under the “*Governance*” link. A paper copy is available at no cost by written request to the Corporate Secretary at the address on page 13 of this proxy statement.

In each of the areas discussed below, we have embraced sound principles, policies and procedures to ensure that our Board and our management goals are aligned with our shareowners’ interests.

Board of Directors’ Policies and Practices

Annual Board and Committee Self Assessment

- The Board is committed to a robust and constructive evaluation process and recognizes this process promotes continuous improvement and overall Board effectiveness.
- Our Board conducts an annual self assessment of its own and its committees’ performances, in accordance with a procedure established by the Governance Committee.
- The General Counsel conducts interviews with each of the directors based on a detailed questionnaire. Topics covered include, among others:
 - Effectiveness of Board and Committee leadership structure;
 - Board and Committee skills, composition, diversity, and succession planning;
 - Board culture and dynamics, including the effectiveness of discussion and debate at meetings; and
 - Board and management dynamics, including the quality of management presentations and information provided to the Board.
- Separately, an assessment of individual Board members is conducted by the Governance Committee and the Chairman of the Board prior to their nomination for election by shareowners, in accordance with the *Director Qualification Criteria and Independence Standards* discussed above.

Board, Committee and Annual Meeting Attendance

- The Board met nine times during 2016, with an average attendance rate of 98 percent.
- Each director attended 75 percent or more of the aggregate number of meetings of the Board and committees on which he or she served.
- As expected by our *Corporate Governance Guidelines*, all directors were in attendance at the 2016 annual meeting.

Executive Sessions of Non-Management and Independent Directors

- After each regularly scheduled face-to-face meeting and, if needed, after telephonic meetings, non-management and independent directors of our Board meet in executive session, without management present, chaired by the Presiding Director.
- If non-management directors are not independent, then the Presiding Director will also chair an executive session of independent directors at least once annually.
- In 2016, executive sessions were held at every regularly scheduled face-to-face Board meeting.
- Independent directors may engage, at the Company’s expense, independent legal, financial, accounting and other advisors as they may deem appropriate, without obtaining management’s approval.

Orientation and Continuing Education

- Our new directors participate in a director orientation that includes written materials and presentations by Company employees who are subject-matter experts, as well as meetings with senior management, our independent registered public accounting firm and both the Company’s and the Management Development and Compensation Committee’s compensation consultants.
- New directors visit several of our facilities and meet with employees.
- Continuing education occurs at Board and committee meetings, with specific topics of interest covered by management or outside experts.
- Directors are also offered the opportunity to attend director education programs provided by third parties. From time to time, directors attend meetings of Company officers, and, at each Board meeting, they meet informally and formally with senior leaders of the Company.

Mandatory Retirement Policies

- o Our Board has a mandatory retirement policy for non-employee directors, under which a non-employee director is required to retire from our Board effective December 31 of the year in which he or she attains the age of 72.
 - Joan E. Spero, who had served on our Board since 2011, retired under this policy in December 2016.
 - Stacey J. Mobley and William G. Walter, who have served on our Board since 2008 and 2005, respectively, will retire under this policy in December 2017.
- o In addition, we have a mandatory retirement policy for CEOs, under which our CEO is required to retire as CEO effective on the first day after the month in which he or she attains the age of 65.

Resignation Policies

- o We have two policies relating to director resignation. The first applies when a director has a substantial change in

his or her principal occupation, and the second applies in relation to a director who does not receive a majority of shares voted in favor of his or her election. We describe each policy below.

- First, if a director's principal occupation changes substantially, he or she is required to tender his or her resignation for consideration by the Governance Committee. The Governance Committee then recommends to the Board whether or not to accept the resignation using the *Director Qualification Criteria and Independence Standards*.
- Second, our Amended and Restated Certificate of Incorporation provides for majority voting of directors in non-contested elections. Pursuant to our By-Laws, any director nominee in a non-contested election who fails to receive the requisite majority of votes cast "for" his or her election must tender his or her resignation, and the Board, through its Governance Committee, will determine whether or not to accept the resignation.

Board Oversight of the Company

Risk Oversight

As set forth in the Company's *Corporate Governance Guidelines*, the Board exercises oversight of the Company's strategic, operational and financial matters, as well as compliance and legal risks. The Board is responsible for assuring appropriate alignment of its leadership structure and oversight of management with the interests of shareowners and the communities in which the Company operates. Pursuant to delegated authority as permitted by the Company's By-Laws, *Corporate Governance Guidelines*, and committee charters, the Board's four standing

committees oversee certain risks, and the Audit and Finance Committee coordinates the risk oversight role exercised by various committees and management. The Company's *Corporate Governance Guidelines* provide the foundation upon which the Board oversees a working system of principled goal-setting and effective decision-making, with the objective of establishing a vital, agile, and ethical corporate entity that provides value to the shareowners who invest in the Company and to the communities in which it operates.

Code of Conduct

Our Board has adopted a *Code of Conduct (the "Code")* that applies to our directors, officers and all employees to ensure we conduct business in a legal and ethical manner. The Code is available at www.internationalpaper.com, under the "Company" tab at the top of the page, then under "Ethics." A paper copy is available at no cost by written request to the Corporate Secretary.

Our Global Ethics and Compliance office is located at our global headquarters in Memphis, Tennessee. If an employee, customer, vendor or shareowner has a concern about ethics or business practices of the Company or any of its employees or representatives, he or she may contact

the Global Ethics and Compliance office in person, via mail, e-mail, facsimile or telephone. The *Code* describes multiple channels by which employees may report a concern, such as through their managers, a human resources professional, legal counsel or our internal audit department.

Our HelpLine is also available 24 hours a day, seven days a week, to receive calls from anyone wishing to report a concern or complaint, whether anonymous or otherwise. Our HelpLine contact information can be found at www.internationalpaper.com, under the "Company" tab at the top of the page, then under "Ethics" and "How Can We Help You?"

All HelpLine reports are immediately forwarded to the Global Ethics and Compliance office for further action and for a response to the person reporting, unless he or she has chosen to remain anonymous. A report made through any of our other reporting channels that involves an impropriety relating to our accounting, internal controls or other financial or audit matters is also forwarded immediately to the Global

Ethics and Compliance office. That office has responsibility for investigating all such matters, and will report certain of those matters, unfiltered, to the chair of our Audit and Finance Committee in accordance with the procedures established by the Audit and Finance Committee to ensure compliance with the Sarbanes-Oxley Act of 2002.

Independence of Directors

Director Independence Standards

It is the policy of our Board that a majority of its members be independent from the Company, its management and its independent registered public accounting firm. Based on the Governance Committee's review of our current directors, our Board has determined each of our non-employee directors is independent: David J. Bronczek; William J. Burns; Ahmet C. Dorduncu; Ilene S. Gordon; Jay L. Johnson; Stacey J. Mobley; Kathryn D. Sullivan, John L. Townsend, III; William G. Walter; J. Steven Whisler; and Ray G. Young. We

have one employee-director, our Chairman, Mr. Sutton, who is not independent. Each standing committee of the Board is comprised entirely of independent directors.

Further, the Governance Committee concluded and recommended to our Board, and our Board determined, each of our non-employee directors meets the independence requirements for service on our Audit and Finance Committee, the Management Development and Compensation Committee and the Governance Committee.

Director Independence Determination Process and Standards

Annually, our Board determines the independence of directors based on a review conducted by the Governance Committee and the General Counsel. The Governance Committee and the Board evaluate and determine each director's independence under the *NYSE Listed Company Manual's* independence standards and the Company's *Director Qualification Criteria and Independence Standards*, which are consistent with, but more rigorous than, the NYSE standards.

Under SEC rules, the Governance Committee is required to analyze and describe any transactions, relationships or arrangements not specifically disclosed in this proxy statement that were considered in determining our directors' independence. To facilitate this process, the Governance Committee reviews directors' responses to our annual Directors' and Officers' Questionnaire, which requires disclosure of each director's and his or her immediate family's relationships to the Company, as well as any potential conflicts of interest.

In this context, the Governance Committee considered the relationships described below. Based on its analysis of the relationships and our independence standards, the

Governance Committee concluded and recommended to our Board that none of these relationships impaired the independence of any non-employee director, including:

- Non-profit and charitable organization affiliations of our directors. None of our directors serve as an executive officer of any organization to which we make charitable contributions.
- Service by several of our directors as an executive officer at a company with whom we may do business. The Governance Committee determined that the commercial relationships involving routine, arms-length purchases and sales transactions between International Paper and these companies were not material under our independence standards. These standards provide that payments to or payments from the Company to a company for which a director serves as an executive officer, for property or services that are less than the greater of \$750,000 or 1.75 percent of such other company's consolidated gross revenues, are not considered a material relationship that would impair the director's independence. We provide additional details about these relationships in the following table.

Transactions Considered in Analysis of Director Independence

Director	Name of Employer	Business Relationship (including affiliated companies)	Dollar Amount of Routine Sales Transactions (approximate)	Amount exceeds greater of \$750,000 or 1.75% of other company's gross revenues?
David J. Bronczek	FedEx Corporation	Routine sales to FedEx	\$435,929 in total, representing less than 0.003% of International Paper's gross revenues in 2016	No
		Routine purchases from FedEx	\$7,218,606 in total, representing less than 0.02% of FedEx's gross revenues in 2016	No
Ilene S. Gordon	Ingredion Incorporated	Routine sales to Ingredion	\$46,388 in total, representing less than 0.0003% of International Paper's gross revenues in 2016	No
		Routine purchases from Ingredion	\$56,509,216 in total, representing less than 0.94% of Ingredion's gross revenues in 2016	No
Ray G. Young	Archer-Daniels-Midland Company	Routine sales to ADM	\$4,123,922 in total, representing less than 0.02% of International Paper's gross revenues in 2016	No
		Routine purchases from ADM	\$57,354,762 in total, representing less than 0.10% of ADM's gross revenues in 2016	No

Board Committees

As described above, in order to fulfill its responsibilities, the Board has delegated certain authority to its committees. The Board has four standing committees and one Executive Committee: (i) Audit and Finance; (ii) Governance; (iii) Management Development and Compensation; and (iv) Public Policy and Environment. The Executive Committee meets only if a quorum of the full Board cannot be convened and there is an urgent need to meet.

Each committee has its own charter, and each charter is reviewed annually by each committee to assure ongoing compliance with applicable law and sound governance practices. The Governance Committee assesses the Executive Committee Charter. Committee charters are available at www.internationalpaper.com under the "Company" tab at the top of the page followed by the "Leadership" link and then under the "Board Committees" link. A paper copy is available at no cost by written request to the Corporate Secretary.

Committee Assignments

Independent Board members are assigned to one or more committees. The Governance Committee recommends any changes in assignments to the entire Board. Committee chairs are rotated periodically, usually every three to five years.

Responsibilities

The Governance Committee is responsible for assuring the Company abides by sound corporate governance principles, including compliance with the Company's Certificate of Incorporation, By-Laws, and *Corporate Governance Guidelines*, and reviewing conflicts of interest, including related person transactions under our *Related Person Transactions Policy and Procedures*. The committee also serves as the Board's nominating committee, responsible for identifying and recommending individuals qualified to become Board members and for evaluating directors being considered for re-election. The committee is also responsible for assuring that shareowner communications, including shareowner proposals, are addressed appropriately by the Board or Company management. The committee also recommends non-employee director compensation, and assists the Board in its annual self assessment.

Meetings

Meeting agendas are developed by the Audit and Finance Committee chair in consultation with committee members and senior management, who regularly attend the meetings. Each meeting, the committee holds executive sessions without members of management, and it also meets privately with representatives from our independent registered public accounting firm, and separately with each of the Chief Financial Officer, General Counsel, Vice President of Internal Audit and Controller.

Responsibilities

The Audit and Finance Committee assists our Board in monitoring the integrity of our financial statements and financial reporting procedures, reviewing the independent registered public accounting firm's qualifications and independence, overseeing the performance of our internal audit function and independent registered public accounting firm, coordinating our compliance with legal and regulatory requirements relating to the use and development of our financial resources, and monitoring the risk of financial fraud involving management and ensuring that controls are in place to prevent, deter and detect fraud by management.

The Company's Independent Registered Public Accounting Firm

The Audit & Finance Committee is responsible for the appointment, compensation, retention and oversight of the independent external audit firm retained to audit the Company's financial statements. The committee has evaluated the qualifications, performance and independence of Deloitte & Touche and appointed Deloitte & Touche as the Company's independent external auditor for the fiscal year 2017. Deloitte & Touche has served as International Paper's independent external auditor continuously since 2002. In order to assure continuing auditor independence, the Audit & Finance Committee periodically considers whether there should be a rotation of the independent external audit firm. Further, in conjunction with the mandated rotation of the audit firm's lead engagement partner for the period beginning with the 2017 reporting year, the Audit & Finance Committee and its chairperson were directly involved in the selection of Deloitte & Touche's new lead engagement partner. The members of the Audit & Finance Committee

and the Board believe the continued retention of Deloitte & Touche to serve as the Company's independent external auditor is in the best interests of International Paper and its shareowners.

Deloitte & Touche's reports on the consolidated financial statements for each of the three fiscal years in the period ended December 31, 2016, did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

Independent Auditor Fees

The Audit and Finance Committee engaged Deloitte & Touche to perform an annual integrated audit of the Company's financial statements, which includes an audit of the Company's internal controls over financial reporting, for the years ended December 31, 2015, and December 31, 2016. The total fees and expenses paid to Deloitte & Touche are as follows:

	2015 (\$, in thousands)	2016 (\$, in thousands)
Audit Fees	15,146	14,769
Audit-Related Fees	672	526
Tax Fees	2,851	1,020
All Other Fees	185	52
Total Fees	18,854	16,367

Services Provided by the Independent Auditors

All services rendered by Deloitte & Touche are permissible under applicable laws and regulations, and are pre-approved by the Audit and Finance Committee. For a complete copy of International Paper's "Guidelines of International Paper Company Audit and Finance Committee for Pre-Approval of Independent Auditor Services," please write to the Corporate Secretary, or visit us on our website, www.internationalpaper.com, under the "Company" tab, then the "Governance" link.

Pursuant to rules adopted by the SEC, the fees paid to Deloitte & Touche for services provided are presented in the table above under the following categories:

1. **Audit Fees** — These are fees for professional services performed by Deloitte & Touche for the audit and review of our annual financial statements that are normally provided in connection with statutory and regulatory filings or engagements, comfort letters, consents and other services related to SEC matters. Audit fees in

both years include amounts related to the audit of the effectiveness of internal controls over financial reporting.

2. **Audit-Related Fees** — These are fees for assurance and related services performed by Deloitte & Touche that are reasonably related to the performance of the audit or review of our financial statements. This includes employee benefit and compensation plan audits, accounting consultations on divestitures and acquisitions, attestations by Deloitte & Touche that are not required by statute or regulation, consulting on financial accounting and reporting standards, and consultations on internal controls and quality assurance audit procedures related to new or changed systems or work processes.

3. **Tax Fees** — These are fees for professional services performed by Deloitte & Touche with respect to tax compliance, tax advice and tax planning. This includes consultations on preparation of original and amended tax returns for the Company and its consolidated subsidiaries, refund claims, payment planning, and tax

audit assistance. Deloitte & Touche has not provided any services related to tax shelter transactions, nor has Deloitte & Touche provided any services under contingent fee arrangements.

4. **All Other Fees** — These are fees for other permissible work performed by Deloitte & Touche that do not meet

the above category descriptions. The services relate to various consultations that are permissible under applicable laws and regulations, which are primarily related to engagements to provide advice, observations, and recommendations regarding operations, infrastructure and distribution to be considered by the Company.

Audit and Finance Committee Report

The following is the report of the Audit and Finance Committee with respect to the Company's audited financial statements for the fiscal year ended December 31, 2016.

The Audit and Finance Committee assists the Board of Directors in its oversight of the Company's financial reporting process and implementation and maintenance of effective controls to prevent, deter and detect fraud by management. The Audit and Finance Committee's responsibilities are more fully described in its charter, which is accessible on the Company's website at www.internationalpaper.com under the "Company" tab at the top of the page and then under the "Leadership" link and the "Board Committees" section. Paper copies of the Audit and Finance Committee charter may be obtained, without cost, by written request to Ms. Sharon R. Ryan, Corporate Secretary, International Paper Company, 6400 Poplar Avenue, Memphis, TN 38197.

In fulfilling its oversight responsibilities, the Audit and Finance Committee has reviewed and discussed the Company's annual audited and quarterly consolidated financial statements for the 2016 fiscal year with management and Deloitte & Touche LLP ("Deloitte & Touche"), the Company's independent registered public accounting firm. The Audit and Finance Committee has discussed with Deloitte & Touche the matters required to be discussed by Auditing Standard No. 1301, "Communications with Audit Committees," issued by the Public Company Accounting Oversight Board (United States). The Audit and Finance Committee has received the written disclosures and the letter from Deloitte & Touche required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with Deloitte & Touche its independence from the Company and its management. The Audit and Finance Committee has also considered whether the provision of non-audit services by Deloitte & Touche is compatible with maintaining the firm's independence.

The Board has determined that the following members of the Audit and Finance Committee are audit committee financial experts as defined in Item 407(d)(5)(ii) of Regulation S-K: William G. Walter, Ilene S. Gordon, Jay L. Johnson, John L. Townsend, III, and Ray G. Young. The Board has determined each member of the Audit and Finance Committee meets the independence and financial literacy requirements for audit committee members set forth under the listing standards of the NYSE and our independence standards.

Based on the review and discussions referred to above, the Audit and Finance Committee recommended to the Company's Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2016.

The Audit and Finance Committee has approved and selected, and the Board of Directors has ratified, Deloitte & Touche as the Company's independent registered public accounting firm for 2017.

Attendance Rate:

100%

Meetings

Meeting agendas are developed by the Management Development and Compensation Committee chair in consultation with committee members and senior leaders, who regularly attend the meetings. An executive session without management present is held at each meeting. The committee's independent compensation consultant is Frederic W. Cook & Co., Inc. ("Cook"). Cook regularly attends the committee's meetings.

Responsibilities

The Management Development and Compensation Committee is responsible for overseeing our overall compensation program and approving the compensation of our senior management (other than the CEO). The committee is responsible for conducting performance evaluations of the Chairman and CEO not less than annually, in accordance with the process organized by the Presiding Director, and recommending compensation of the CEO to the independent directors based on such evaluations.

The committee is also responsible for discussing with Company management the required disclosure under Item 407(e)(5) of Regulation S-K, including the Compensation Discussion & Analysis that is prepared as part of this proxy statement, and for recommending that it be included in our proxy statement. The committee is responsible for ensuring we have in place policies and programs for the development of senior leaders and succession planning. The committee acts as the oversight committee with respect to our retirement and benefit plans for senior officers and must approve significant changes to the retirement and benefit plans for our employees. With respect to those plans, the committee may delegate authority for both day-to-day administration and interpretation of the programs, except as it may impact our senior leaders or the CEO.

Role of Independent Consultant. The committee engaged Cook, commencing in mid-2011, to serve as its independent, external compensation consultant. The committee has sole authority for retaining or terminating Cook, as well as approving the terms of engagement, including fees. Cook works exclusively for the committee and provides no services to the Company. Cook is expected to achieve the following objectives:

- o Attend meetings of the Management Development and Compensation Committee as requested;
- o Acquire adequate knowledge and understanding of our compensation philosophy and incentive programs;
- o Provide advice on the direction and design of our executive and director compensation programs;
- o Provide insight into the general direction of executive compensation within Fortune 500 companies; and
- o Facilitate open communication between our management and the Management Development and Compensation Committee, assuring both parties are aware and knowledgeable of ongoing issues.

Assessment and Management of Compensation-Related Risk. The committee has committed to completing an annual risk assessment to evaluate the Company's compensation plans and programs. In 2016, at the committee's request, Cook conducted a risk assessment with the objective of identifying any compensation policies and practices that may encourage employees to take unnecessary or excessive risks that could threaten the Company. No such plans or practices were identified. The results of this 2016 evaluation indicated, and the Committee thus concluded, that there are no significant compensation-related risk areas at the Company and that

our compensation policies and practices do not encourage unnecessary or excessive risk-taking and do not create risks that are reasonably likely to have a material adverse effect on the Company. Also, based on this evaluation, the committee concluded that the Company's executive compensation program appropriately aligns compensation with long-term shareowner value creation and avoids short-term rewards for decisions that could pose long-term risks to the Company. These conclusions were based on the following factors:

- o Our compensation mix is appropriately balanced and incentive compensation is not overly weighted toward short-term performance at the expense of long-term value creation;
- o Our short-term incentive compensation award pool is appropriately capped, thereby limiting payout potential;
- o Our long-term incentive compensation is also capped and is based entirely on performance shares, which are less leveraged than stock options and, unlike time-based restricted stock awards, reward both Company performance and stock price;
- o Our performance is measured against absolute and relative metrics to ensure quality and sustainability of Company performance;
- o We have adopted several programs that serve to mitigate potential risk, including officer stock ownership requirements, clawback policies in our incentive compensation programs, and non-compete and non-solicitation agreements to deter behavior that could be harmful to the Company either during or after employment; and

- o The committee maintains strict controls over the Company's equity granting practices, and our incentive compensation plan prohibits option re-pricing without shareowner approval.

Compensation Committee Interlocks and Insider Participation

The members of the Management Development and Compensation Committee during 2016 were Mr. J. Steven Whisler, Chairman, Mr. David J. Bronczek, Ms. Ilene S. Gordon, Mr. John L. Townsend, III, and Mr. William G. Walter. No member of the Management Development and Compensation Committee was, during the fiscal year, an officer or employee of the Company or was formerly an officer of the Company. Please refer to the discussion below related to "Transactions with Related Persons," for additional information requiring disclosure by us under Item 404 of Regulation S-K under the Exchange Act for members of the Company's Management Development and Compensation Committee.

In addition, no executive officer of the Company served as a member of the compensation committee (or its equivalent) of another entity, or as a director of another entity, one of whose executive officers served on our Management Development and Compensation Committee. No executive officer of the Company served as a member of the compensation committee (or its equivalent) of another entity, one of whose executive officers served as one of our directors.

Transactions with Related Persons

Transactions Covered. Our Board has adopted a written policy and procedures for review and approval or ratification of transactions involving the Company and "related persons" (directors and executive officers and their immediate family members or shareowners owning 5 percent or greater of our outstanding common stock and their immediate family members). The policy covers any related person transaction that meets the minimum threshold for disclosure in the proxy statement under the SEC's rules (specifically, any transaction involving us in which:

- (i) the amount involved exceeded \$120,000, and
- (ii) a related person had a direct or indirect material interest).

Related Person Transaction Review Procedures. Related person transactions are approved in advance by the Governance Committee whenever possible, or must be ratified as promptly as possible thereafter. We disclose in our proxy statement any transactions that are found to be directly or indirectly material to a related person.

Prior to entering into a transaction, a related person must provide the details of the transaction to the General Counsel, including the relationship of the person to the Company, the dollar amount involved, and whether the related person or his or her family member has or will have a direct or indirect interest in the transaction. The General Counsel evaluates the transaction to determine if

the Company or the related person has a direct or indirect material interest in the transaction. If so, then the General Counsel notifies the CEO and submits the facts of the transaction to the Governance Committee for its review. The Governance Committee may approve a transaction only if these review procedures have been followed, and the Governance Committee determines that the transaction is not detrimental to the Company and does not violate the Company's *Conflict of Interest Policy*.

Related Person Transactions. Please see the table under the heading "Transactions Considered in Analysis of Director Independence" for a description of related person transactions during 2016.

Our Related Person Transaction procedures are available at www.internationalpaper.com under the "Company" tab at the top of the page followed by the "Leadership" link and then under the "Governance" link. A paper copy is available at no cost by written request to the Corporate Secretary.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and certain officers, as well as persons who own more than 10 percent of our common stock, to file with the SEC initial reports of beneficial ownership on Form 3, and reports of subsequent changes in beneficial ownership on Forms 4 or 5. Based solely on our review of these forms,

and certifications from our executive officers and directors that no other reports were required for such persons, we believe that all directors and officers complied with the filing requirements applicable to them for the fiscal year ended December 31, 2016.

Director Compensation

Compensation Philosophy

Our compensation program for non-employee directors is guided by the following principles. We believe our director compensation program should:

- Provide total compensation comprising both cash and equity that targets the median level of compensation paid by our Compensation Comparator Group (“CCG”) listed in the Compensation Discussion & Analysis section of this proxy statement;

- Align the interests of our directors with the interests of our shareowners;
- Attract and retain top director talent; and
- Be flexible to meet the needs of a diverse group of directors.

Each element of director compensation discussed below is recommended by the Governance Committee and approved by our Board.

Stock Ownership Requirements

Our director stock ownership policy requires our directors to hold equity of the Company valued at two times the annual Board retainer, which, through April 30, 2017, is equivalent to 4.9 times the annual cash retainer (and requires ownership of Company stock equivalent to \$510,000). We believe this helps align the interests of our directors with the interests

of our shareowners. New directors have four years from the date of their election to meet the ownership requirement. As of December 31, 2016, all directors who were required to meet the ownership levels held the requisite amount of equity.

Elements of Our Director Compensation Program

For the May 2016 – April 2017 service year, compensation for our non-employee directors consists of:

- An annual retainer fee that is a mix of cash and equity;
- Committee chair fees, a Presiding Director fee, and an Audit and Finance Committee member fee, as applicable; and

- Life insurance, business travel accident insurance, and liability insurance.

We evaluate the reasonableness and appropriateness of the total compensation paid to our directors in comparison to peer companies who comprise our CCG. We target our director compensation at the median of our CCG.

Annual Compensation

The annual retainer fees for the May 2016 – April 2017 service year are shown in the table below. A director’s annual compensation is \$255,000, approximately 41 percent of which is payable in cash and 59 percent of which is payable in equity. A director may elect to convert all or 50 percent of his or her cash retainer fee into shares of restricted stock. In order to encourage director stock ownership, a director who makes this election receives a 20 percent premium in additional shares of restricted stock. Seven of the 11 non-employee directors who served during 2016 elected to receive stock in lieu of all or 50 percent of the cash retainer fee and received the applicable premium. Restrictions on shares awarded to our directors under our current compensation plan lapse one year from the date of grant, and then the shares are freely transferable, subject to our director stock ownership requirement and securities regulations.

Directors may also elect to defer receipt of their equity retainer fee. Directors who make this election receive restricted stock units (“RSUs”) in lieu of restricted stock. RSUs are not transferable until a director’s retirement from the Board, death or disability. The cash value of RSUs is paid in January following retirement, death or disability. Seven of the 11 non-employee directors who served during 2016 elected to defer payment of all or a portion of their equity compensation until retirement, death or disability. Elections with regard to form of payment and deferrals are made in December preceding each service year.

We use the closing market price of the Company’s common stock on the day preceding our annual meeting in May to award the equivalent number of shares for the \$151,000 equity retainer and restricted stock elected by our directors

in lieu of their cash retainer fee. RSUs are settled in cash based on the closing price of the Company's common stock as of December 31 of the year of the director's retirement.

Directors earn dividends on their shares of stock and RSUs, which they may elect to receive either as cash or in the form of additional shares of restricted stock or RSUs. Dividends are paid to the director at the time the underlying award is vested or settled.

In addition, each committee chair receives a fee for his or her service in such role. For 2016, Messrs. Bronczek, Mobley, Walter and Whisler each received a committee chair fee. Members of our Audit and Finance Committee also receive an additional fee for their services on this committee. For 2016, Messrs. Dorduncu, Townsend and Young, Ms. Gordon and Admiral Johnson each received an Audit and Finance Committee member fee. As Presiding Director, Mr. Whisler also received a Presiding Director fee for 2016.

Type of Fee	2016-2017 Fee Amount (\$)
Board Fees	
Cash Retainer	104,000
Equity Retainer	151,000
Committee Fees	
Audit and Finance Committee Chair	25,000
Audit and Finance Committee Member	10,000
Management Development and Compensation Committee Chair	20,000
Governance Committee Chair	20,000
Public Policy and Environment Chair	20,000
Presiding Director Fee	25,000

Directors' Charitable Award Program

Directors who joined our Board on or before July 1, 2007, are eligible to participate in our charitable award program. Under this program, the Company will make a charitable donation in the aggregate amount of \$1 million in the

director's name in 10 equal, annual installments following the director's death to the eligible colleges or universities selected by the director. This program was closed to new participants effective July 1, 2007.

Insurance and Indemnification Contracts

We provide life insurance in the amount of \$10,500 to each of our non-employee directors, and travel accident insurance in the amount of \$500,000 that covers a director if he or she dies or suffers certain injuries while traveling on Company business.

We provide liability insurance for our directors, officers and certain other employees at an annual cost of approximately \$4 million. The primary underwriters of coverage, which

was renewed in 2016 and extends to July 1, 2017, are XL Specialty Insurance Company and ACE American Insurance Company.

Our By-Laws provide for standard indemnification of our directors and officers in accordance with New York law. We also have contractual arrangements with our directors that indemnify them in certain circumstances for costs and liabilities incurred in actions brought against them while acting as our directors.

Our Analysis

We believe our director compensation program appropriately compensates our directors for their time and commitment to the Company and is consistent with our compensation philosophy as shown in the following table.

Our Director Pay Principles	Our 2016 Director Pay Policies and Practices
✓ Target compensation at median of CCG	o Maintained mix of cash and equity in line with cross-section of similar companies (CCG)
✓ Align the interests of our directors with the interests of our shareowners	o Paid 59 percent of compensation in the form of equity to ensure that directors, like shareowners, have a personal stake in the Company's financial performance
✓ Attract and retain top director talent	o Compensated directors competitively, based on a cross-section of similar companies (CCG)
✓ Maintain flexibility to meet the needs of a diverse group of directors	o Continued to allow directors to choose between cash and equity and to elect to defer their fees until retirement

Non-Employee Director Compensation Table

The following table provides information on 2016 compensation for non-employee directors. This table shows fiscal year 2016 compensation based on the SEC's compensation disclosure requirements, though we pay our directors on a May to April service year. The amounts in the table below show differences among directors because

(i) each director makes an individual election to receive his or her fees in cash and/or equity; (ii) certain directors receive committee chair fees, a Presiding Director fee, and/or member fees; and (iii) directors may join our Board on different dates, so their compensation is prorated for the year.

Name of Director	Fees Earned or Paid in Cash (\$) ⁽¹⁾	Stock Awards (\$) ⁽²⁾	All Other Compensation (\$) ⁽³⁾	Total (\$)

⁽¹⁾ As described above, certain directors elected to receive shares of restricted stock in lieu of cash and therefore had no cash compensation during 2016.

⁽²⁾ The value of stock awards shown in the "Stock Awards" column is based on grant date fair value calculated under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 718. The grant date fair value of the equity awards shown in the "Stock Awards" column is based on the closing price of the Company's common stock on the last business day immediately preceding the date of grant. Directors who elect to defer their equity retainer fee receive RSUs rather than restricted stock. Restrictions on shares awarded to our directors under our current compensation plan lapse one year from the date of grant, and then the shares are freely transferable, subject to our director stock ownership requirement and securities regulations. RSUs are not transferable until a director's retirement from the Board, death or disability. The cash value of RSUs is paid in January following retirement, death or disability.

⁽³⁾ Represents the annual expense of our charitable award program. We determine the total annual expense to the Company by using assumptions related to each current and retired director who participates in the program. We take into account each director's age, years of service on our Board, and mandatory retirement age. We make a standard mortality assumption for all directors and use a discount rate of 6 percent. For directors who served in 2016, the aggregate accrued liability increased by \$31,871, which was allocated ratably to those directors eligible to participate in the program based on the number of months each served. Non-employee directors vest in the program upon the earliest of (i) serving on our Board for at least 10 years, (ii) retiring from our Board at the mandatory retirement age, or (iii) in the event of disability or death. Directors derive no financial benefit from our charitable award program. We finance the program in part through life insurance policies, of which we are the beneficiary. We expect to receive an income tax deduction when we make the designated charitable awards. The amounts shown do not include the cost for each director of a \$10,500 life insurance policy and a \$500,000 business travel accident policy, the cost of which is less than \$10,000 for each director.

The following table shows the aggregate number of invested shares of restricted stock and RSUs outstanding as of December 31, 2016, for each non-employee director.

Name of Director	Aggregate Number of Shares Outstanding That Have Not Vested and RSUs (#)

Compensation Discussion & Analysis (“CD&A”)

Introduction

This CD&A describes our compensation program that applies to all of our executive officers, including our CEO and Senior Vice Presidents, whom we refer to as our Senior Leadership Team (“SLT”). It is designed to provide shareowners with an understanding of our compensation philosophy, core design principles, and

decision-making process. This narrative further explains how our Management Development and Compensation Committee (“MDCC”) oversees and designs the program and reviewed the 2016 compensation of our Named Executive Officers (“NEOs”) as shown below:

Mark S. Sutton	CEO & Chairman of the Board (Principal Executive Officer)
Carol L. Roberts	Former Senior Vice President and Chief Financial Officer (Principal Financial Officer throughout 2016)
Timothy S. Nicholls	Senior Vice President – Industrial Packaging the Americas
Tommy S. Joseph	Senior Vice President – Manufacturing, Technology, EH&S & Global Sourcing
Sharon R. Ryan	Senior Vice President, General Counsel and Corporate Secretary

Ms. Roberts retired from the Company effective March 31, 2017, and served as the Company’s CFO and Principal Financial Officer through February 22, 2017, the date of the filing of our 2016 Annual Report on Form 10-K.

Glenn R. Landau was appointed Senior Vice President and Chief Financial Officer of the Company, effective February 22, 2017. He served as Senior Vice President – Finance from January 1, 2017 until his appointment.

Compensation Committee Report

On behalf of the Board of Directors, the Management Development and Compensation Committee of the Board of Directors, referred to as the MDCC, oversees the Company's compensation programs. In fulfilling its oversight responsibilities, the MDCC has reviewed and discussed the Compensation Discussion and Analysis included in this proxy statement with the Company's management.

Based on the review and discussions referred to above, the MDCC recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2016, and its proxy statement on Schedule 14A filed in connection with the Company's 2017 Annual Meeting of Shareowners.

1 Executive Summary

2016 Financial Highlights

Despite a tough global environment, International Paper delivered another year of solid performance in 2016:

We continued to generate strong cash flow and – **for the 7th consecutive year** – an adjusted return on invested capital in excess of our cost of capital.

We acquired Weyerhaeuser's pulp business and converted a machine at our Riegelwood, NC mill to produce fluff pulp. As a result, through our new Global Cellulose Fibers business, **we are the world's premier manufacturer of fluff and specialty pulp**. In addition, we acquired a mill in Madrid, Spain, which will produce containerboard to support our corrugated packaging business in EMEA.

We increased our dividend by 5% in 2016, our **fifth-consecutive year of dividend increases**.

We continue to repay debt and make strategic investments in long-term projects as part of our global strategy to **position the Company for future profitable growth**.

As a reflection of our success and potential, our TSR was 47% in 2016, 22% over the last three years, and **115% over the last five years**.

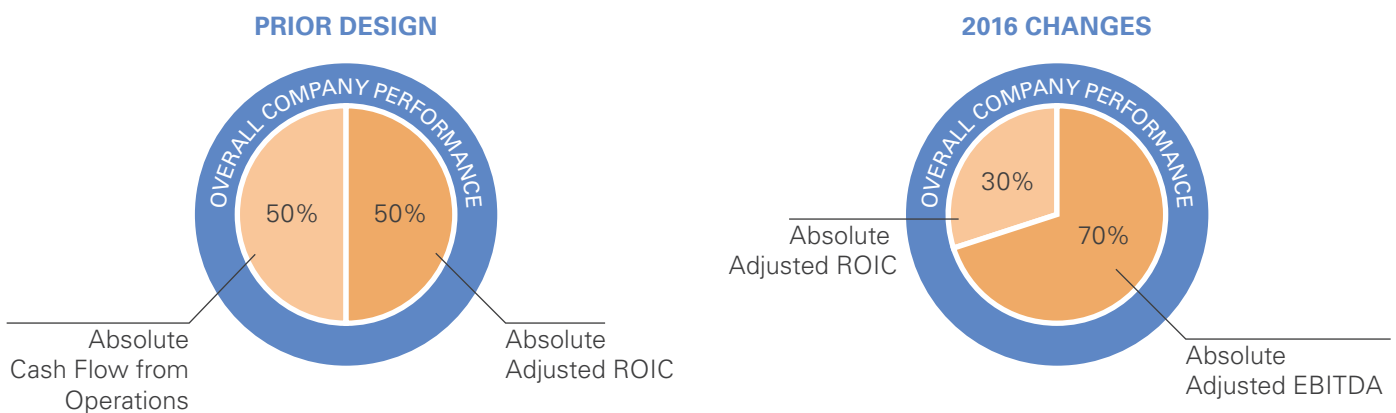

2016 Executive Compensation Highlights

The following section briefly highlights the MDCC's key compensation decisions for 2016 as well as our performance achievement attained in our incentive compensation plans. These decisions were made with the advice of the MDCC's independent consultant, Frederic W. Cook & Co. (see section titled "Role of Compensation Consultant"), and this information is discussed in greater detail elsewhere in this CD&A.

Key Highlights for 2016

- o We have exceptionally **strong pay-for performance correlation** (see Section 2).
- o We have **robust compensation governance** (see Section 6).
- o Our **LTI Plan is based solely on Company Performance** achievement for ALL participants – *no individual performance modifiers are applied*.
- o For 2016, all members of the **SLT received the same performance achievement in our STI plan – based solely on Company performance** – at 72% of their targeted award.
- o In our 2016 STI plan, as an example of continually strengthening the link between pay and performance, we **modified the performance metrics and their respective weightings** as shown below. We shifted to Adjusted EBITDA and increased its weighting in the STI Plan for the following reasons:
 - Achieving earnings growth is important to the Company's ongoing success and attractiveness to investors, and Adjusted EBITDA is widely used by our investors to measure the Company's performance.
 - Shifting the STI metric to Adjusted EBITDA and increasing the weighting to 70% incentivizes the approximately 3,700 employees who participate in the STI Plan to enhance our focus on the things we can control that positively impact our earnings growth and operating profitability.
 - Adjusted EBITDA is the single largest driver of Cash Flow from Operations and thus serves as a proxy for cash flow, enabling us to continue to maintain our focus on strong cash generation.

Other NEO Compensation Decisions

Carol L. Roberts

- o In October 2016, the MDCC approved the acceleration of vesting of 20,000 restricted shares of Company stock held that were originally scheduled to vest on August 1, 2018, in recognition of Ms. Roberts' long and dedicated service to the Company and her retirement.

Tommy S. Joseph

- o Mr. Joseph received an RSA grant of 20,000 shares, effective November 1, 2016, and vesting on October 31, 2020, for the purpose of retention to ensure leadership of critical operational initiatives over the next four years.

Responsiveness to Shareowners — Say-on-Pay Consideration

2016 "Say on Pay" Support

In May 2016, our shareowners again approved our "Say-on-Pay" proposal with support from more than 96 percent of votes cast.

The MDCC interpreted this consistently strong level of support as continued affirmation of the current design and direction of our executive compensation program. While the program was approved by nearly all shares voted in each of the past five years, the MDCC and management remain firmly committed to continuing to strengthen our pay-for-performance correlation, as well as the overall architecture of our executive compensation program.

The MDCC and management will continue to use the annual "Say-on-Pay" vote as a guidepost for shareowner sentiment and will continue to engage with our shareowners and respond to their feedback.

Compensation Governance

- ✓ **Reduced Change-in-Control Benefits.** Change-in-control severance benefits reduced from three to two times target cash compensation for future non-CEO executive officers beginning in 2012.
 - ✓ **Double Trigger in the Event of a Change in Control.** Effective 2013, equity incentive awards have a double trigger assuming replacement awards are provided; that is, they will not vest in the event of a change in control unless also accompanied by a qualifying termination of employment.
 - ✓ **Robust Equity Ownership and Retention Requirements.** All officers are required to own IP shares equal to a multiple of their base salary and to retain 50% of equity payouts until the ownership requirement is met.
 - ✓ **Clawback of Incentive Compensation if Restatement.** Incentive compensation awards are subject to clawback in specified circumstances.
 - ✓ **Limit on Severance for Executive Officers.** Aggregate severance payments to an executive officer may not exceed two times the officer's base salary plus target cash bonus in the absence of a change in control or shareowner preapproval.
 - ✓ **Non-Competition and Non-Solicitation Agreements.** We require our leaders to enter into Non-Competition Agreements and Non-Solicitation Agreements, the violation of which may result in clawback or forfeiture of incentive compensation awards.
 - ✓ **Personal Use of Company Aircraft by CEO is Subject to Cap.** While our CEO is authorized to use the Company aircraft for personal travel, he is required to reimburse the Company for the incremental cost of such use above \$75,000.
-
- X **No Employment Agreements for Executive Officers.** Our executive officers are at-will employees with no employment contracts.
 - X **No Guaranteed Annual Salary Increases or Bonuses.** For the named executives, annual salary increases are based on evaluations of individual performance and market competitiveness, while their annual cash incentives are tied to corporate and individual performance.
 - X **No Tax Gross Ups.** No tax gross ups are provided.
 - X **No Repricing or Exchange of Underwater Stock Options.** Our equity incentive plan does not permit repricing or exchange of underwater stock options or stock appreciation rights without shareowner approval.
 - X **No Plans that Encourage Excessive Risk-Taking.** Based on the annual review, it was determined that the company's compensation practices are appropriately structured and avoid incenting employees to engage in unnecessary and excessive risk-taking.
 - X **No Hedging or Pledging of International Paper Securities.** Officers, directors, and employees are strictly prohibited from hedging IP securities. Directors, executive officers and other senior executives are strictly prohibited from pledging IP securities as collateral or holding securities in a margin account.
 - X **No Inclusion of Equity Awards in Pension Calculations.**
 - X **No Excessive Benefits.** We offer only limited executive benefits as required to remain competitive and to attract and retain highly talented executives.

2 How We Design Our Executive Compensation Program to Pay for Performance

Executive Compensation Philosophy

Our executive compensation program continues to be designed to attract, retain and motivate our SLT to deliver Company performance that builds long-term shareowner value. To achieve our objectives, our program is designed around two guiding principles:

- 1 Pay for Performance** We reward achievement of specific goals that improve our financial performance and drive strategic initiatives to ensure sustainable long-term profitability.
- 2 Pay at Risk** We believe a significant portion of an executive's compensation should be specifically tied to performance—both Company performance and individual performance.

Pay for Performance – CCG Analysis

The MDCC reviews our CEO's pay in relation to the Company's performance to ensure alignment. We conduct this review against our Compensation Comparator Group ("CCG") because it is the same group against which we benchmark our program design and targeted pay amounts.

Historical CEO Pay-for-Performance Alignment

The following table demonstrates the close correlation between our CEO's realizable pay and the Company's performance over the past five three-year performance periods as compared to our CCG.

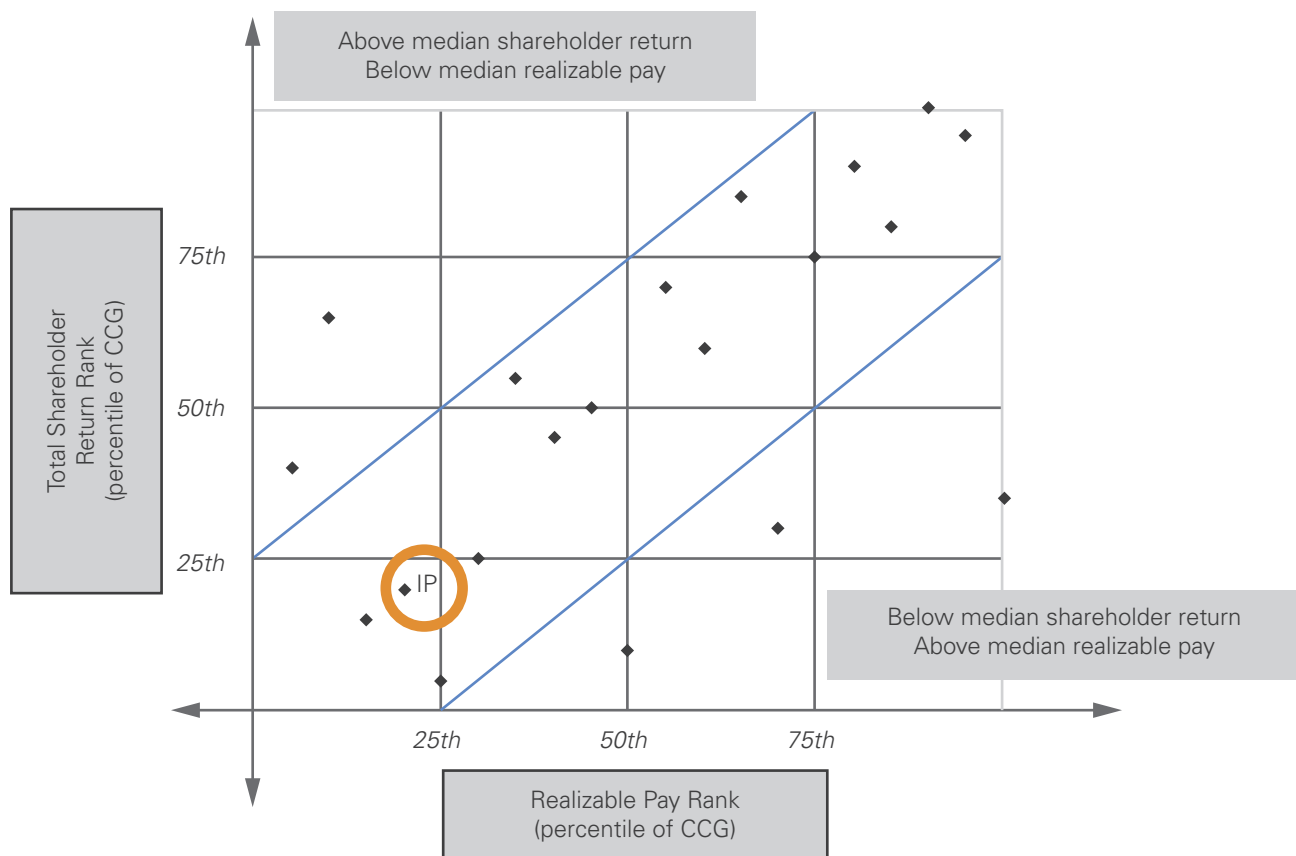

Three-Year Performance Period	Our CEO's Realizable Pay Rank (percentile of CCG)	Our Company's TSR Rank (percentile of CCG)
2013 - 2015	20th	20th
2012 - 2014	65th	60th
2011 - 2013	50th	80th
2010 - 2012	85th	80th
2009 - 2011	60th	100th

Current CEO Pay-for-Performance Alignment

Each point on the graph below represents a CCG CEO's three-year **realizable** compensation (the cash compensation actually paid plus the economic value of equity-based grants) relative to his or her company's three-year performance in TSR over the period 2013-2015.

Compared to our CCG, our CEO earned compensation at the 20th percentile while the Company delivered TSR at the 20th percentile of our peer group. ***The MDCC continues to believe this graph clearly illustrates a strong pay-for-performance correlation, especially when compared year over year*** (as shown in the table on the previous page).

CEO Realizable Pay vs. TSR Performance (2013-2015)

- o This graph is based on the 2016 proxy filings of our CCG.
- o Total Shareholder Return reflects share price appreciation, adjusted for dividends and stock splits.
- o Realizable pay consists of:
 1. actual base salary paid over the three-year period,
 2. actual STI payouts over the three-year period, and
 3. LTI determined as shown below, with equity awards based on December 31, 2015 market value for each company:
 - a. in-the-money value of stock options granted over the three-year period;
 - b. service-based restricted stock awards granted over the three-year period;
 - c. performance share awards:
 - i. actual shares earned using actual performance achievement for grant cycles beginning and ending between 2013 and 2015; and
 - ii. target shares granted over the three-year period assuming target performance, for performance cycles that have not yet been completed; and
 - d. performance cash awards:
 - i. actual cash paid using actual performance achievement for grant cycles beginning and ending between 2013 and 2015; and
 - ii. target cash amounts provided over the three-year period assuming target performance, for performance cycles that have not yet been completed.
- o The graph reflects CEO compensation for each company regardless of who actually served in the CEO role. This allows us to compare CEO compensation for a full three-year period for each company and focuses on the CEO position rather than specific individuals.
- o For 2015, the graph reflects compensation for our current CEO Mark S. Sutton, who was appointed CEO effective November 1, 2014. For 2013 and 2014, however, the graph reflects compensation for our former CEO John V. Faraci, who served as our CEO during those two years. Mr. Faraci retired as CEO effective October 31, 2014, but remained an executive officer and an employee until February 28, 2015.

Pay at Risk – 2016 Total Target Compensation Mix

The chart in Section 1 under the heading "Total Target Compensation Mix" demonstrates our commitment to pay at risk. For 2016, 88% of our CEO's target compensation and, on average, 77% of our other NEOs' target compensation was based on Company performance and

was therefore at risk. Importantly, base salary comprises a relatively small portion of our NEOs' compensation and is the only component of their Total Direct Compensation (defined below and known as "TDC") that is not tied to Company performance.

Peer Group Benchmarking

We use our CCG of companies when making compensation decisions to assure our pay remains competitive. We strive for consistency by retaining as many of the same companies in this group as appropriate from year to year. Changes are made to assure sufficient or appropriate data on which to base compensation decisions. Our CCG consists of 20 publicly traded companies selected by the MDCC from the Willis Towers Watson General Industry Executive Compensation Survey database.

How Our CCG Companies Were Selected

- o Competition for executive talent;
- o Comparable annual revenue, with market capitalization used as a modifier (as appropriate);
- o Global geographic presence;
- o Complexity of business operations; and
- o Available compensation data

How We Use the CCG

- o As an input for developing base salary ranges, short- and long-term incentive targets;
- o To assess competitiveness of total direct compensation awarded to the SLT;
- o To benchmark equity vehicle and incentive plan metrics;
- o To benchmark officer stock ownership guidelines; and
- o To evaluate share utilization, overhang levels and annual value-based run rate

The MDCC targets TDC, in aggregate, at the median level (50th percentile) of our CCG. In our 2015 review, our SLT had target TDC amounts that were 86% of the CCG survey median. Cook's analysis indicated that the CEO and recently retired CFO had target TDC levels that were 72% and 93% of the CCG survey median, respectively.

The MDCC, in conjunction with its consultant, uses this analysis as a frame of reference when setting target compensation. Actual compensation paid to our SLT will vary from benchmark medians based on factors such as:

- o Position scope and responsibilities;
- o Individual performance; and
- o Internal comparisons.

3 How We Make Compensation Decisions

Role of the Management Development and Compensation Committee

The MDCC is responsible for the Company's executive compensation program design and decision-making process for SLT compensation. The MDCC approves:

- o Our compensation benchmarking process, as well as the companies used for comparison (our CCG) to ensure reasonableness and stability;
- o Overall effectiveness of our executive compensation program to ensure the design achieves our objectives;
- o Performance metrics and their respective weightings, as well as the companies against which we compare our relative performance;
- o Non-CEO SLT compensation, based on recommendations from the CEO; and
- o An annual evaluation of risk as it pertains to our Company-wide compensation plans and programs.

In addition, in a process directed by the Presiding Director in Executive Session, the MDCC:

- o Approves the CEO's annual objectives and semi-annually reviews his performance achievement; and
- o Recommends the CEO's base salary increase and annual incentive award payment to the Board based on its assessment of the CEO's performance achievement, as well as the CEO's long-term incentive compensation.

All elements of CEO pay are approved by the independent directors of the Board.

Role of Management in Compensation Decisions

The CEO makes recommendations concerning the strategic direction of our executive compensation program to the MDCC. Our Senior Vice President, Human Resources, is responsible for making recommendations to the MDCC concerning program design and administration, and our General Counsel provides legal advice to the MDCC concerning disclosure obligations, governance and its oversight responsibilities.

The CEO reviews the performance of SLT members against their annual, individual, pre-established performance objectives and discusses his assessment with the MDCC. In consultation with our Senior Vice President, Human Resources, the CEO makes individual recommendations on base salary and annual incentive award payment. The MDCC reviews these recommendations, and then considering input from its compensation consultant, discusses, modifies and approves, as appropriate, each SLT member's compensation. The CEO does not participate in any MDCC or Board deliberations that involve his own compensation matters.

Role of Compensation Consultants

The MDCC continued to engage Cook in 2016 to serve as its independent, external compensation consultant. The MDCC relies on Cook to advise on its decision-making process and has sole authority for retaining and terminating the relationship, as well as approving the terms of engagement, including fees. Cook works exclusively for the MDCC and provides no services to the Company. Accordingly, the MDCC has determined the firm to be independent from the Company. Separately, Cook has attested in writing as to its independence from the Company.

The Company retains Exequity and Willis Towers Watson as its primary compensation consultants to advise on program design, provide and analyze benchmarking data, apprise management of evolving practices and trends, and perform other consulting services as needed. From time to time, the Company engages other consultants for special projects as needed.

4 Elements of Our Executive Compensation Program

Overview

The primary elements of our executive compensation program are base salary, short-term (annual) incentive compensation under our Management Incentive Plan ("MIP"), long-term incentive compensation under our Performance Share Plan ("PSP"), ad hoc equity awards, and benefits. Total Direct Compensation ("TDC") is the combination of fixed and variable compensation. Other compensation elements, such as our limited executive benefits, are not part of TDC, but the MDCC also reviews these elements.

Base Salary

Base salary is the only fixed element of TDC. The MDCC considers base salary merit increases annually based on individual performance, while taking into account whether market-based adjustments are necessary. Annual merit increases for most employees across the globe, including the NEOs, are effective March 1. The following table shows

the annual base salary in effect during 2016 and currently for each NEO. No SLT member received a merit increase in 2016, reflecting market competitiveness, and in light of the Company's financial performance in 2015. Mr. Sutton received a market-based salary adjustment in 2017. No other NEO has received a base salary adjustment in 2017.

Name	Annual Base Salary (Jan. - Feb.)	March 2016 Increase	Annual Base Salary (December 31, 2016)	March 2017 Increase	Current Annual Base Salary
Mr. Sutton (CEO)	\$ 1,200,000	0.0%	\$ 1,200,000	12.5%*	\$ 1,350,000*
Ms. Roberts (Retired CFO)	\$ 750,000	0.0%	\$ 750,000	0.0%	n/a
Mr. Nicholls	\$ 710,000	0.0%	\$ 710,000	0.0%	\$ 710,000
Mr. Joseph	\$ 600,000	0.0%	\$ 600,000	0.0%	\$ 600,000
Ms. Ryan	\$ 602,000	0.0%	\$ 602,000	0.0%	\$ 602,000

*Positions CEO's base salary slightly above 25th percentile of the CCG

Variable Compensation: Overview and How We Assess Performance

We do not have guaranteed bonuses. Variable compensation is pay at risk and it is tied directly to performance. Company performance is based on the achievement of specific

financial goals described below. Individual performance is rewarded upon achievement of specific pre-established objectives or priorities.

Element	IP Incentive Plan / Program	2016 Performance Metrics	Individual Performance Modifier
Short-term Incentive Plan	Management Incentive Plan (MIP)	- Absolute Adjusted EBITDA - Absolute Adjusted ROIC	Yes
Long-term Incentive Plan	Performance Share Plan (PSP)	- Adjusted ROIC Relative to Peers - TSR Relative to Peers	No

Other equity awards, including awards of stock and service-based restricted stock/units, may be granted from time to time under limited circumstances to address specific

recruitment, retention or other recognition efforts. All SLT compensation, including any such equity awards, must be approved by the MDCC.

How and Why We Chose Our Performance Metrics

Our incentive compensation plan design is based upon achievement of pre-established performance objectives that will drive improved financial performance of the Company. Each year the MDCC assesses the appropriateness of the

performance metrics, and periodically makes adjustments based on the financial objectives most critical to the Company's success.

We explain below why the MDCC chose the performance metrics we used for our 2016 incentive compensation plans.

Adjusted EBITDA	Adjusted ROIC	TSR
<p>Adjusted EBITDA¹ is commonly used as a proxy for a company's operating profitability. Adjusted EBITDA measures how much operating profit the Company makes with its present assets and operations. Driving earnings growth is currently the best way to drive shareowner value. Within the Company, we set goals for, and periodically track and discuss, Adjusted EBITDA performance at the business level to establish a readily transparent and ongoing line of sight to our performance. Adjusted EBITDA also serves as an approximation for cash flow, as it is the single largest driver of Cash Flow from Operations. As a result, Adjusted EBITDA is a major indicator of the on-going operational strength of the Company.</p>	<p>Adjusted Return on Invested Capital ("Adjusted ROIC")² measures a company's returns and can be compared to the cost of capital. Earning an Adjusted ROIC target that is equal to or greater than our cost of capital is necessary for the Company to create long-term value for our shareowners.</p>	<p>Total Shareholder Return ("TSR")³ reflects share price appreciation and dividends paid. TSR can be used to compare the performance of companies' stocks over time, and we measure our relative TSR position over a three-year period against our TSR Peer Group. This is a key performance measure that aligns our long-term incentive pay with the value we create for our shareowners.</p>

The footnotes below explain the details of our performance metric calculations.

- 1 For purposes of the incentive compensation plans discussed here, Adjusted EBITDA is defined as Earnings from Continuing Operations Before Interest, Income Taxes and Equity Earnings and before the impact of special items and non-operating pension expense plus Depreciation, Amortization and Cost of Timber Harvested.
- 2 For purposes of the incentive compensation plans discussed here, Adjusted ROIC is calculated as operating earnings before interest (including earnings from continuing and discontinued operations up through the date of sale), and before the impact of special items and non-operating pension expense, divided by average invested capital. Invested capital is total equity (adjusted to remove pension-related amounts, including prior service costs and net actuarial gains/losses, that are included in Accumulated Other Comprehensive Income (Loss)) plus interest bearing liabilities. We calculate International Paper's Adjusted ROIC and our peer companies' Adjusted ROIC using the same methodology.
- 3 For purposes of the incentive compensation plans discussed here, TSR is calculated as the change in the Company's common stock price during the performance period plus the impact of any dividends paid and reinvested in Company stock (including the dividends paid on stock obtained by reinvesting dividends) during the performance period. For all companies in our TSR Peer Group, both the beginning and ending common stock prices used are the average closing price of the 20 trading days immediately preceding the beginning and ending of the performance period. We calculate International Paper's TSR and our peer companies' TSR using the same methodology.

Why We Use Different Peer Groups

In the chart below, we explain why we use different peer groups for compensation benchmarking and measuring Company performance in our incentive plans.

Peer Group	Composition	Rationale
CCG	Includes 20 companies from multiple industries <i>(Companies range in size from approximately 0.5 to 2.0 times IP's revenue, which puts us in the mid-range)</i>	These are the companies against which we are likely to compete for executive talent. They are of comparable size and scope of operations to the Company, which is critical for benchmarking target TDC amounts.
ROIC Peers	Includes global industry competitors	These are the companies against which we compete for customer business.
TSR Peers	Broader cross-section of basic materials companies engaged in global manufacturing and capital-intensive businesses, including two indices	These are the companies against which we compete for investment dollars; and we include two indices: the S&P 100 and the S&P Basic Materials Index, which are commonly used for comparative purposes when analyzing investments.

Management Incentive Plan ("MIP")

Overview

The MIP is our annual, cash-based incentive compensation plan designed to motivate employees to achieve our most critical short-term financial goals. In 2016, the MIP award pool, described below, was distributed among approximately 3,700 employees globally.

2016 Company Performance Metrics and Performance Achievement

The Company used Absolute Adjusted EBITDA and Absolute Adjusted ROIC in determining 2016 MIP awards. The chart below describes the specific design elements.

2016 MIP Performance Metrics	Metric Weight	Threshold Performance <i>Payout 50%</i>	Target Performance <i>Payout 100%</i>	Maximum Performance <i>Payout 200%</i>
Absolute Adjusted EBITDA	70%	Achieve \$3.0B	Achieve \$4.0B	Achieve \$4.8B
Absolute Adjusted ROIC	30%	9.0% ROIC	12.0% ROIC	15.6% ROIC

The MDCC believes our MIP performance targets should motivate management to achieve results that will drive superior investor returns.

2016 MIP Performance Metrics	Metric Weight	Actual Performance Attainment	Award Earned (% of Target)	Weighted Award Earned (% of Target)
Absolute Adjusted EBITDA	70%	\$3.495B	74.8%	52.3%
Absolute Adjusted ROIC	30%	9.93% ROIC	65.5%	19.7%
Total Company Payout Percent				72.0%

2016 Award Pool Calculation

The Company's MIP target award pool is equal to the sum of each MIP-eligible employee's target award, based on his or her position in the Company. To calculate the actual award pool, the target award pool is multiplied by the Company's 2016 total payout percent of 72.0 percent, resulting in an award pool of approximately \$76.0 million. This pool was distributed among all employee participants.

The MDCC has the discretion to decrease the award pool and has done so in the past. Additionally, consistent with our philosophy that management should be rewarded for delivering outstanding financial results, the MDCC has discretion to increase the award pool by up to 25%, provided the total final award pool does not exceed the maximum amount permitted under the 2016 MIP, which is 200% of target. The MDCC did not exercise its discretion to decrease or increase the 2016 MIP award pool.

Individual MIP Awards

For all MIP-eligible employees, their respective awards are based on Company performance, but then modified by their individual performance achievement as determined by their direct manager. The CEO has discretion to recommend an award above the calculated award, called a CEO Award, in recognition of exceptional individual performance beyond what is captured in explicit individual objectives. Additionally, individual MIP awards made to the SLT are capped at \$10 million because they are made pursuant to a plan approved by our shareowners for the purpose of qualifying as performance-based compensation under Internal Revenue Code ("IRC") Section 162(m).

As described in Section 5, for 2016, each SLT member's MIP award was not modified for individual performance and thus was based solely on the Company's financial performance percentage of 72.0%.

Performance Share Plan ("PSP")

Overview

The PSP is our long-term, equity-based incentive compensation plan designed to motivate employees to create long-term shareowner value. PSP awards are granted in performance-based restricted stock units annually to approximately 1,300 management-level employees globally based on position in the Company and satisfactory performance evaluations. PSP awards are earned over a three-year performance period based on the Company's performance achievement in relative Adjusted ROIC and relative TSR. Awards are paid in shares of Company stock. The number of shares ultimately paid may include additional shares for prorated PSP grants due to promotion during the grant year and includes the reinvestment of dividends earned on such shares during the three-year performance period.

The MDCC does not have discretion to increase the performance achievement, but may decrease it in the event the Company experiences negative Adjusted ROIC or negative TSR. In addition, in December 2014, the MDCC approved a cap on performance achievement in the event of negative TSR. Beginning with the 2015 PSP grant, if the Company's TSR over the three-year performance period is negative, performance achievement for the TSR portion of the PSP award may not exceed 100%.

	2014	2015	2016	2017	2018	2019
2014 Grant	3-year Performance Measurement Period			Paid		
2015 Grant		3-year Performance Measurement Period			Paid	
2016 Grant			3-year Performance Measurement Period			Paid

Company Performance Metrics and Objectives

In 2016, the PSP continued to focus on relative performance in Adjusted ROIC and TSR as shown below. Our officers' awards are more heavily weighted to TSR, as compared to other employees' awards. We believe our most senior leaders, who more directly influence the strategic direction of the Company, should have a greater percentage of their PSP awards tied to TSR, as it better aligns their pay with the long-term interests of the Company and our shareowners.

2016-2018 PSP Performance Metrics	Metric Weight		Performance Objective		
	Officers	Non-Officers	Threshold Payout 25%	Target Payout 100%	Maximum Payout 200%
Adjusted ROIC Relative to Peers	50%	75%	Rank 9 of 12	Rank 6 of 12	Rank 1 of 12
TSR Relative to Peers	50%	25%	Rank 13 of 19	Rank 9 of 19	Rank 1 of 19

Payout Calculation

Based on market data, each PSP participant has a target award based on his or her position. The actual number of shares paid may be higher or lower than the target award, based solely on the Company's performance achievement. Possible payouts under the 2016 PSP range from 0 percent to 200 percent of the target award.

2014 – 2016 PSP Payout

For the 2014 – 2016 PSP, the performance achievement approved by the MDCC in February 2017 is shown in the chart below, and the award paid to each of our NEOs is described in Section 5.

2014-2016 PSP Performance Metrics	Metric Weight for Officers	2014-2016 Performance Results and Award Earned
Adjusted ROIC Relative to Peers	50%	Ranked 3 of 11 ^A 72.5%
TSR Relative to Peers	50%	Ranked 10 of 17 ^A 37.5%
Total 2014-2016 PSP Payout for Officers		110.0%

^A MeadWestvaco Corp and Rock-Tenn Company merged in July 2015, forming WestRock Company.

Other Equity Awards

Other types of equity awards, such as grants of stock, restricted stock awards ("RSAs") or restricted stock units ("RSUs"), are used for purposes of recruitment, retention or recognition. Vesting provisions for these awards vary on a case-by-case basis, but are forfeited if the participant voluntarily terminates employment prior to vesting. Mr. Joseph received an RSA grant of 20,000 shares, effective November 1, 2016, and vesting on October 31, 2020, for the purpose of retention to ensure leadership of critical operational initiatives over the next four years.

Retirement and Benefit Plans

Members of the SLT participate in the same health, welfare and retirement programs available to most of the Company's salaried U.S. employees. Additionally, our unfunded, non-qualified plans – the Pension Restoration Plan and the Deferred Compensation Savings Plan ("DCSP") - are available to eligible U.S. salaried employees, including the NEOs, whose compensation is higher than the limits set by the Internal Revenue Service ("IRS") for tax-qualified plans. Absent these plans, these employees would not achieve a retirement benefit commensurate with their earnings during the course of their careers with us. Finally, some SLT members, including all five of our NEOs, have been grandfathered participation in an additional SLT benefit – the Unfunded Supplemental Retirement Plan for Senior Managers ("SERP").

Benefit	CEO	SLT	Other Officers and Eligible Managers	U.S. Salaried Employees
Health and Welfare Plans	X	X	X	X
Qualified Retirement (Pension) Plan / RSAC ⁽²⁾	X	X	X	X
Pension Restoration Plan / RSAC ⁽²⁾	X	X	X	
SERP ⁽²⁾	X ⁽¹⁾	X ⁽¹⁾		
Qualified Salaried Savings Plan - 401(k)	X	X	X	X
DCSP ⁽²⁾	X	X	X	

⁽¹⁾ This executive benefit was closed to new participants effective January 1, 2012.

⁽²⁾ See Section 7 for additional information on this benefit.

The Company will freeze participation (including credited service and compensation) in the Retirement Plan, Pension Restoration Plan and SERP for all service on or after January 1, 2019.

For service after this date, affected employees will receive Retirement Savings Account contributions ("RSAC").

Change-in-Control Agreements

The Company has entered into change-in-control agreements with certain executives, including the SLT, that provide severance and other benefits, including acceleration of equity-award vesting, in the event of a "double trigger": both a change in control of the Company and a qualifying termination of employment (*i.e.*, involuntary termination without cause or departure for "good reason"). We believe these potential benefits align executive and shareowner interests by enabling leaders of the Company to focus on the interests of shareowners and other constituents when considering a potential change in control, without undue concern for their own financial and employment security. No benefits are provided to our NEOs upon a change in control alone without termination so long as the acquiring company provides replacement awards as substitution for outstanding equity awards. Moreover, in no event will the Company gross up or pay for excise taxes relating to any change-in-control benefits. For more detail on these change-in-control agreements and benefits, see Section 7.

Perquisites

As disclosed in Section 7, we do not offer perquisites to our SLT other than: the CEO's limited personal use of Company aircraft; benefits granted to grandfathered participants in our Executive Supplemental Life Insurance Program; and tax preparation related to board service at the Company's Ilim joint venture in Russia at the Company's request.

5 NEO Compensation

Overview

The compensation benchmarking review used to establish NEO target TDC amounts for 2016 indicated that our CEO's target TDC was 72% of the market median and the target TDC amounts of all other NEOs, in aggregate, were 96% of the market median.

We do not, nor do we believe it is necessary to, have a policy that dictates a specific ratio of CEO compensation to other NEOs or the SLT. Generally, we base our compensation decisions on principles of internal equity and external market competitiveness. The difference that exists between our CEO's compensation and our other NEOs is based on the complexity of the CEO's leadership responsibilities for the global enterprise.

2016 Actual "Realized" Compensation and Comparison to 2016 Targeted Compensation

In this section, we describe the 2016 compensation actually "realized" by each NEO, as well as the rationale for each such compensation element and amount. We also illustrate 2016 targeted versus actual compensation in the individual graphs for each NEO.

The "Target" column includes:

- (i) 2016 actual base salary paid;
- (ii) 2016 target MIP;
- (iii) the target value of the 2014-2016 PSP granted in 2014; and
- (iv) the target value of the RSA grants that vested during 2016.

The "Actual" column represents what we believe is the appropriate way to illustrate 2016 actual pay earned, and includes:

- (i) 2016 actual base salary paid;
- (ii) 2016 MIP paid in February 2017;
- (iii) the actual value of the 2014-2016 PSP paid (including reinvested dividends) in February 2017; and
- (iv) the actual value of the RSA grants that vested (including reinvested dividends) during 2016.

In comparing the following charts to the Summary Compensation Table, you will see the value shown for the "equity awards" differs. Equity awards *granted* in 2016 are shown in the Summary Compensation Table, while the following charts show PSP awards *valued* and *paid* in 2017 for performance periods ending in 2016 (and RSA grants that *vested* during 2016). The equity awards for the 2014-2016 PSP in the following charts were valued based on the closing price (\$52.89) of the Company's common stock on February 10, 2017, which is the trading day immediately preceding the date the MDCC approved payout of the 2014-2016 PSP award.

Mark S. Sutton

Chairman of the Board and Chief Executive Officer

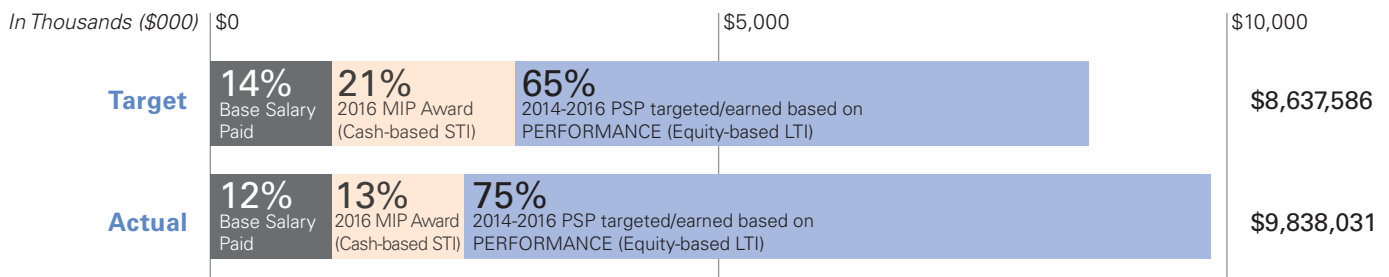

Mark Sutton has over 32 years of service with the Company and was appointed CEO effective November 2014 and Chairman of the Board effective January 2015. Mr. Sutton served as President and Chief Operating Officer from June through October 2014, prior to which he was Senior Vice President, Industrial Packaging, a role he assumed in November 2011. Prior to that role, he led our Printing and Communication Papers business since January 2010. He previously served as Senior Vice President - Supply Chain from March 2008 through 2009, Vice President - Supply Chain from June 2007 through February 2008, and Vice President - Strategic Planning from January 2005 through May 2007.

2016 Realized Compensation

Element of Compensation	Compensation Amount	Rationale
2016 Base Salary	\$1,200,000 <i>(no base salary increase in 2016)</i>	No SLT member received a merit increase in 2016, reflecting market competitiveness and in light of the Company's financial performance in 2015.
2016 MIP Award	\$1,296,000	As with each member of the SLT, Mr. Sutton's MIP award was not modified for individual performance and thus was based solely on the Company's financial performance achievement percentage of 72.0%.
2014 - 2016 PSP Payout	138,817 shares, including reinvested dividends and anti-dilution adjustment (related to xpedx/Unisource business combination) <i>(valued at \$7,342,031)</i>	PSP payout of 110% is based solely on the Company's performance achievement in relative Adjusted ROIC and relative TSR described in Section 4.

The chart below compares Mr. Sutton's 2016 actual compensation paid against targeted compensation amounts.

Target LTI is based on 115,952 target shares valued at \$48.62 using the 20-day avg stock price as of 12/31/2013

Actual LTI is based on 138,817 shares, which includes the original target shares plus reinvested dividends, multiplied by 110.0% performance achievement and valued at \$52.89, IP's closing share price on 2/10/2017

Note: Mr. Sutton's target and actual compensation for 2016 (illustrated above) reflects the target and actual values of an equity-based LTI (PSP) award granted in 2014, including a prorated grant reflecting his promotion to CEO for the last two years of the three-year performance period.

Carol L. Roberts

Former Senior Vice President and Chief Financial Officer

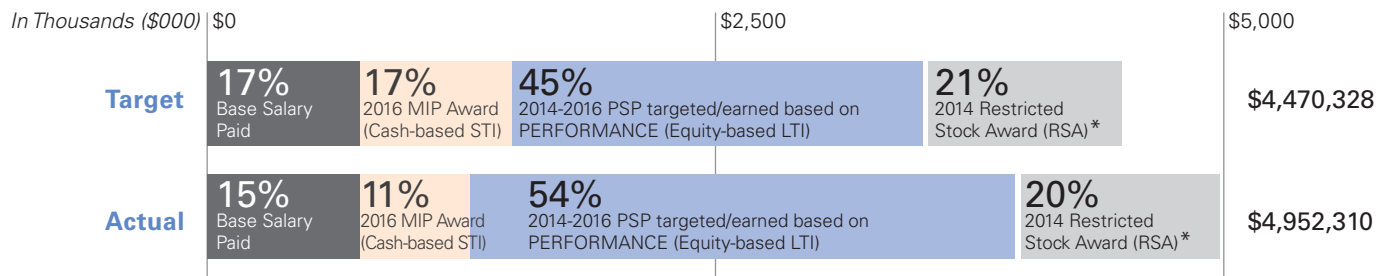

Carol Roberts retired effective March 31, 2017 (and as CFO in February 2017) after over 35 years of service with the Company. She had served as our CFO since November 2011. Prior to this, she led our Industrial Packaging Group ("IPG") business, which represents a significant part of the Company's overall business. Ms. Roberts began her career with International Paper in 1981 as an Associate Engineer at a mill in Mobile, Alabama. Ms. Roberts was named Vice President of our Industrial Packaging business in 2000 and was named Senior Vice President in late 2005.

2016 Base Salary	\$750,000 <i>(no base salary increase in 2016)</i>	No SLT member received a merit increase in 2016, reflecting market competitiveness and in light of the Company's financial performance in 2015.
2016 MIP Award	\$540,000	As with each member of the SLT, Ms. Roberts' MIP award was not modified for individual performance and thus was based solely on the Company's financial performance achievement percentage of 72.0%.
2014 - 2016 PSP Payout	50,773 shares, including reinvested dividends and anti-dilution adjustment (related to xpedx/Unisource business combination) <i>(valued at \$2,685,384)</i>	PSP payout of 110% is based solely on the Company's performance achievement in relative Adjusted ROIC and relative TSR described in Section 4.
2014 Restricted Stock Award*	21,695 shares vested on November 1, 2016, representing 100% of 2014 grant and including reinvested dividends <i>(valued at \$976,926)</i>	This RSA grant of 20,000 shares was made August 1, 2014, for recognition and retention purposes. The shares were originally scheduled to vest on August 1, 2018, but in October 2016, the MDCC approved the acceleration of the vesting in light of Ms. Roberts' announced retirement and in recognition of her long and dedicated service to the Company.

The chart below compares Ms. Roberts' 2016 actual compensation paid against targeted compensation amounts.

Target LTI is based on 41,574 target shares valued at \$48.62 using the 20-day avg stock price as of 12/31/2013

Actual LTI is based on 50,773 shares, which includes the original target shares plus reinvested dividends, multiplied by 110.0% performance achievement and valued at \$52.89, IP's closing share price on 2/10/2017

Timothy S. Nicholls

Senior Vice President - Industrial Packaging the Americas

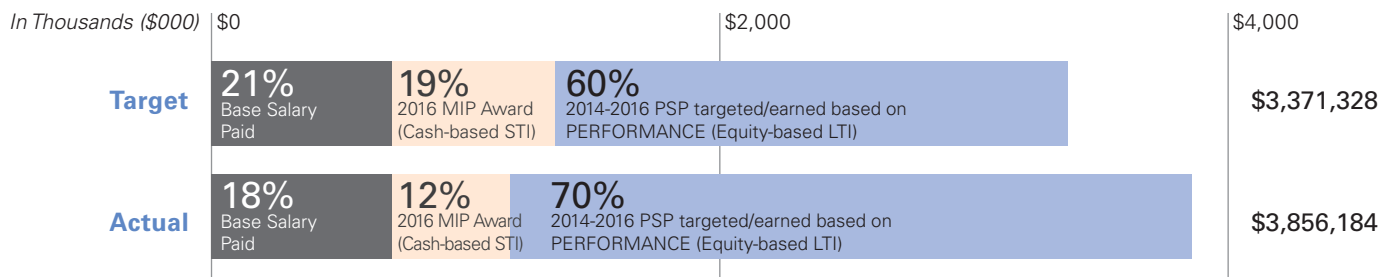

Tim Nicholls has over 25 years of service with the Company. In November 2014, Mr. Nicholls assumed responsibility for our Industrial Packaging Group ("IPG") business. He served as our CFO from December 2007 through November 2011, when he assumed responsibility of our Printing and Communication Papers and Latin American businesses, a role he held for three years. Mr. Nicholls previously served as Vice President and Executive Project Leader of IP Europe during 2007, and Vice President and CFO of IP Europe from 2005 to 2007. He was also President of Weldwood (formerly a wholly owned subsidiary of International Paper headquartered in Vancouver, Canada) from 2002 to 2005.

6 Other Governance and Compensation Related Matters

Insider Trading and Anti-Hedging/Anti-Pledging Policies

The Company has adopted comprehensive and detailed policies that regulate trading in Company securities by our insiders, including the SLT and Board members. These policies include information regarding trading "blackout" periods and explain when transactions in Company securities are permitted. The policies strictly prohibit our SLT and Board members (as well as our corporate controller) from holding Company securities in a margin account or pledging them as collateral for a loan and prohibit all Company officers and Board members from engaging in any of the following short-term or speculative transactions involving Company securities: short sales; publicly traded options, such as puts, calls or other derivative instruments; hedging and monetization transactions, such as zero-cost collars, forward-sale contracts, equity swaps and exchange funds.

Officer Stock Ownership and Retention Requirements

All of our officers are expected to own shares of our common stock with a minimum market value based on a multiple of base pay. This policy is intended to align our officers' interests with those of our shareowners and encourage long-term shareowner value creation by requiring officers to have a significant equity stake in the Company. Our stock ownership requirements are based on position:

Position	Current Ownership Requirement
Chief Executive Officer	6x base pay
Senior Vice President	3x base pay
Vice President	1x base pay

The following are counted toward meeting the ownership requirement: freely held shares (whether purchased on open market or fully earned through Company plan or program); "beneficial" shares held indirectly by a trust or family member; and share equivalents held in the Salaried Savings Plan and Deferred Compensation Savings Plan. However, unvested restricted shares (e.g., PSP awards and RSAs) are not counted toward meeting the ownership requirement.

Officers are required to retain 50 percent of their net shares paid under any Company long-term incentive plan or program, such as shares paid out under the PSP and vested RSA shares, until their ownership requirements are satisfied. SLT stock ownership is reviewed annually by the MDCC to assure compliance. As of our last annual evaluation, all SLT members were in compliance with our policy.

Board Policy on Personal Use of Company Aircraft

The Board encourages the CEO to use Company aircraft for business continuity and efficiency purposes, where appropriate. Use of the Company aircraft allows the CEO to be available at all times for business needs, whether on business or personal travel. Pursuant to Board resolutions and his Time Sharing Agreement, Mr. Sutton is authorized to use the Company aircraft for personal travel and is required to reimburse the Company for the incremental cost of personal use of the aircraft above \$75,000. The value of such use is imputed income to him, and is not grossed up for taxes.

Clawback or Forfeiture of Incentive Awards

Both MIP and PSP awards are subject to a clawback provision contained in our plan documents. Under this clawback provision, if the Company's financial statements are restated as a result of errors, omission, or fraud, the MDCC may, at its discretion, based on the facts and circumstances surrounding the restatement, require some or all participants to return all or a portion of their awards to the Company. In addition, both MIP and PSP awards may be forfeited in the event a participant engages in conduct that is detrimental to the business interest or reputation of the Company. Additionally, an SLT member who does not provide one-year's notice of retirement may forfeit his or her MIP and PSP awards.

Non-Competition and Non-Solicitation Agreements

The Company maintains Non-Competition and Non-Solicitation Agreements with leaders of the Company, including our SLT, to prohibit such leaders from engaging in certain competitive activities and to protect confidential information and trade secrets from unauthorized use or disclosure. Violation of these agreements may result in clawback or forfeiture of incentive compensation awards.

Board Policy on (Non-CIC) Severance Agreements with Senior Officers

A supplemental severance payment to the CEO must be approved by the independent directors of the Board. A supplemental severance payment to any other executive officer must be approved by the MDCC. Moreover, pursuant to a 2005 Board policy, in the absence of a change in control, the supplemental severance, plus severance under the Salaried Employee Severance Plan, may not exceed two times base salary plus target MIP for the year in which the termination occurs. Any severance amount greater than the amount described above must be approved in advance by our shareowners.

Prohibition on Repricing

We do not backdate or reprice equity grants. Our incentive compensation plan provides that stock options may not be repriced, directly or indirectly, without the prior consent of the Company's shareowners. As previously mentioned, the Company discontinued granting stock options in 2005 and all outstanding stock options expired in 2015.

Equity Grant Practices

The Company does not have any program, plan or practice to time, and has not timed, equity grants in coordination with the release of material non-public information. Annual equity grants (including *pro rata* grants for promotions and employees hired in the prior year) under the PSP are approved at the MDCC's meeting in December. Having a pre-determined annual grant date minimizes any concern that grant dates could be selectively chosen based upon market price at any given time. Service-based restricted stock awards are used from time to time, and may be granted anytime during the year by our Senior Vice President, Human Resources (as delegated by the Board), within parameters approved by the MDCC. An award to an SLT member requires approval by the MDCC (or by the Board for an award to the CEO).

Deductibility of Executive Compensation

The goal of the MDCC is to comply with the provisions of IRC Section 162(m), which allows the Company to take an income tax deduction for compensation up to \$1 million and for certain compensation exceeding \$1 million paid in any taxable year to a "covered employee" as that term is defined in the IRC. We generally structure incentive compensation plans with the objective that amounts paid under those plans will be tax deductible, and the plans must be approved by the Company's shareowners. However, the MDCC may elect to provide incentive compensation outside the requirements of Section 162(m) when necessary to achieve its compensation objectives. Each element of incentive compensation earned by our NEOs in 2016 qualified as performance-based compensation under Section 162(m).

Accounting for Stock-Based Compensation

The accounting treatment of stock-based compensation is not determinative of the type, timing, or amount of any particular grant made to our employees.

7 Additional Information About Our Executive Compensation

The following tables in this Section provide detailed information regarding compensation for our NEOs.

Summary Compensation Table

The table below shows base salary, stock awards under our PSP and, if applicable, RSA program, cash awards under our MIP, the change in pension value, and all other compensation to our NEOs for the years ended December 31, 2016, 2015, and 2014.

⁽¹⁾ The amounts reported in this column reflect the aggregate grant date fair value of stock awards under our PSP and RSA programs granted to the NEOs during each year, computed in accordance with FASB ASC Topic 718. A discussion of the assumptions used in calculating these values for the 2016 fiscal year may be found in Note 18 to our audited financial statements beginning on page 78 of our 2016 Annual Report on Form 10-K, which was filed with the Securities and Exchange Commission on February 22, 2017. The value shown for 2016 includes the aggregate grant date fair value of each NEO's 2016-2018 PSP award and, for Mr. Joseph, the grant date fair value of a restricted stock award he received in November 2016. The maximum value of the 2016-2018 PSP awards based on achieving maximum Company performance is as follows: Mr. Sutton: \$13,735,778; Ms. Roberts: \$3,924,529; Mr. Nicholls: \$3,924,529; Mr. Joseph: \$2,649,046; and Ms. Ryan: \$2,943,433.

⁽²⁾ Represents the amount earned under the MIP based on Company and individual performance during the year shown, which is paid in February of the following year.

⁽³⁾ Amounts shown in this column represent the change in accruals under our Retirement Plan, Pension Restoration Plan, and SERP as shown in the "Pension Benefits" table. Importantly, the change in pension value is not currently paid to an executive as compensation, but is a measurement of the change in value of the pension from the prior year. Changes in value arise from, among other things, additional benefit accruals for another year of service, changes in pensionable compensation, the decrease in the discount period and the impact of a change in the discount rate from the prior year's measurement, and changes in mortality rate assumptions. The discount rate used is the same as the rate used by the Company for financial statement disclosure as of the end of the fiscal year. This rate is based on economic conditions at year end. The NEOs do not receive "preferential or above market" earnings on non-qualified deferred compensation. Accordingly, there is no amount included in this column for this type of earnings credit.

⁽⁴⁾ A breakdown of the "All Other Compensation" amounts for 2016 is shown in the following table:

Name	Company Matching Contribution (\$) ^(a)	Group Life Insurance (\$) ^(b)	ESIP (\$) ^(c)	Corporate Aircraft (\$) ^(d)	Company Matching Gift (\$) ^(e)	Tax Return Preparation (\$) ^(f)	Total (\$) ^(g)
M. S. Sutton	57,600	6,048	40,713	75,000	6,300	—	185,661
C. L. Roberts	71,707	3,780	14,765	—	6,048	2,148	98,448
T. S. Nicholls	35,262	3,581	16,098	—	9,605	—	64,546
T. S. Joseph	12,720	3,024	—	—	3,600	3,170	22,514
S. R. Ryan	51,826	3,037	—	—	1,680	—	56,543

^(a) Represents the Company match to the NEO's contribution to the Salaried Savings Plan and Deferred Compensation Savings Plan, as shown in the "Non-Qualified Deferred Compensation Plan" table.

^(b) Represents the Company's annual premium payment for the NEO's group life insurance benefit.

- ^(c) Represents the amount paid by the Company for the NEO's executive supplemental life insurance program ("ESIP"). This SLT benefit was closed to new participants effective January 1, 2008, and thus Mr. Joseph and Ms. Ryan do not receive this benefit provided to our other NEOs. The ESIP provides an individually owned, permanent life insurance policy with a pre-retirement death benefit equal to two times annual base salary and a cash value accumulation designed to provide a post-retirement death benefit equal to one times final salary. The Company pays the full premium cost, and participants are responsible for the income tax due on the premiums.
- ^(d) Represents the aggregate incremental cost to the Company of Mr. Sutton's personal travel on Company aircraft. Pursuant to Board resolutions and his Time Sharing Agreement, Mr. Sutton is required to reimburse the Company for the incremental cost of personal use of the aircraft above \$75,000. For 2016, this reimbursable amount was \$760. We calculate the incremental cost of personal use of the Company aircraft based upon the per mile variable cost of operating the aircraft multiplied by the number of miles flown for personal travel by Mr. Sutton. The variable operating costs include fuel, maintenance, airway fees, user fees, communication, crew expenses, supplies and catering. We impute into Mr. Sutton's income the value of personal use of the aircraft in accordance with IRS regulations, minus any amounts he reimbursed during the calendar year. Mr. Sutton receives no tax gross-up on this imputed income.
- ^(e) Represents the Company's 60-percent match of each NEO's donation to the United Way of America as part of a Company-wide campaign.
- ^(f) Represents payment of fees for the preparation of Ms. Roberts' and Mr. Joseph's individual income tax returns per Company policy due to their service on the board of directors of the Company's Ilim joint venture in Russia at the Company's request.
- ^(g) Represents the sum of columns (a) through (f).
- ⁽⁵⁾ Ms. Roberts retired from the Company effective March 31, 2017, and served as the Company's Principal Financial Officer through February 22, 2017, the date of the filing with the Securities and Exchange Commission of the Company's 2016 Annual Report on Form 10-K.

Grants of Plan-Based Awards During 2016

The table below shows payout ranges for our NEOs under the 2016 MIP and 2016-2018 PSP, as well as a restricted stock award granted to one NEO in 2016, as described in our CD&A. There were no other plan-based cash or equity awards granted to our NEOs in 2016.

- ⁽¹⁾ The 2016-2018 PSP grant was approved by the MDCC for all NEOs (except Mr. Sutton, whose grant was approved by the full Board) at its December 2015 meeting, effective the first business day of the following calendar year.
- ⁽²⁾ Non-equity incentive plan awards are intended to qualify as performance-based compensation under IRC Section 162(m) and are awarded pursuant to the Amended and Restated 2009 Incentive Compensation Plan approved by our shareowners. The maximum individual award under the Section 162(m) plan is capped at \$10 million.
- ⁽³⁾ The amounts shown in this column reflect a restricted stock award granted to Mr. Joseph for the purpose of retention to ensure leadership of critical operational initiatives over the next four years. The award will cliff vest, after a four-year period, on October 31, 2020.
- ⁽⁴⁾ The amounts shown in this column reflect the grant date fair value of the PSP awards computed in accordance with FASB ASC Topic 718 based on the probable satisfaction of the performance conditions at January 1, 2016 for such awards (*i.e.*, 100 percent of target), as explained in further detail in the narrative following this table. The grant date fair value of the restricted stock awards are based on the closing price of the Company's common stock on the date immediately preceding the effective date of the grant.

Narrative to the Grants of Plan-Based Awards Table

Estimated Possible Payouts under Non-Equity Incentive Plan Awards

These columns show the threshold, target and maximum payouts under the 2016 MIP. The actual amount paid is shown in the Summary Compensation Table.

The amount shown in the "Threshold" column was the amount that would have been paid under the 2016 MIP if the Company had achieved only the minimum performance level required in only one performance metric: Absolute Adjusted ROIC or Absolute Adjusted EBITDA. Since ROIC is weighted at 30 percent, a threshold payout at 30 percent would result in weighted performance achievement of 15 percent (or one-half of 30 percent). Minimum performance in at least one objective is required to fund an MIP award pool.

The amount shown in the "Maximum" column was the possible payout for each NEO based on maximum Company performance achievement of 200 percent.

Estimated Future Payouts under Equity Incentive Plan Awards

These columns show the threshold, target and maximum payouts under the 2016-2018 PSP.

The amount shown in the "Threshold" column is the number of shares each NEO would receive if the Company achieved only the minimum performance level in either Relative Adjusted ROIC or Relative TSR to achieve a payout of 12.5 percent (which represents a 25 percent threshold for either metric, each weighted at 50 percent).

The amount shown in the "Maximum" column is the possible number of shares each NEO would receive based on maximum Company performance of 200 percent.

Grant Date Fair Value of Stock Awards

With the exception of Mr. Joseph's restricted stock award, the amounts shown in this column reflect the grant date fair value of the awards granted to each NEO under the 2016-2018 PSP computed in accordance with FASB ASC Topic 718 based on the probable satisfaction of the performance conditions at January 1, 2016 for such awards (*i.e.*, 100 percent of target). For the Relative Adjusted ROIC component of the awards, the grant date fair value is based on the closing price of our common stock on the trading day immediately preceding the grant date. Valuing Relative TSR is more complicated because the value must take into account the probable payout of the 2016-2018 PSP based on our expected future performance relative to the other companies in our TSR Peer Group. The market value of the TSR component is based on a Monte Carlo simulation as prescribed by FASB ASC Topic 718.

The amount ultimately paid to PSP participants may or may not be the same amount as the value shown in the table due to two factors: (1) the ultimate number of shares paid to our PSP participants will vary based on the relative performance of the Company to the other companies in our TSR and ROIC Peer Groups; and (2) the value of the PSP award received by each participant is based on the fair value of the Company's stock as of the effective date of the payment.

Outstanding Equity Awards at December 31, 2016

The following table shows the outstanding equity awards held by our NEOs as of December 31, 2016.

⁽¹⁾ Amounts shown represent shares (including shares acquired in respect of reinvested dividends) under the PSP awards that vested on February 8, 2016. Ms. Roberts' and Mr. Joseph's amounts include shares relating to restricted stock awards that vested on November 1, 2016 and March 1, 2016, respectively.

⁽²⁾ Represents the value of the vested shares based on our closing stock price on the date immediately preceding the vesting date of the award: \$34.97 for each PSP share; and \$45.03 and \$35.70 for Ms. Roberts' and Mr. Joseph's restricted stock award shares, respectively.

Pension Benefits in 2016

The following table shows the present value of benefits payable to our NEOs under our Retirement Plan, Pension Restoration Plan, or SERP at December 31, 2015 and December 31, 2016. The change in the present value of the accrued benefit is shown in the "Change in Pension Value" column of the Summary Compensation Table for 2016.

All of our NEOs are eligible for a benefit calculated under the Retirement Plan. The NEOs are also eligible for a benefit that is calculated under the Pension Restoration Plan formula as well as a benefit calculated under the SERP formula. We amended the SERP to comply with IRC

Section 409A, effective January 1, 2008. As amended, the benefit under SERP Formula A is paid from the SERP, even if the applicable formula that determines the benefit is the formula under the Pension Restoration Plan. Under Formula B, the portion of the benefit that is earned prior to SERP eligibility is paid under the Pension Restoration Plan, and the portion earned following SERP eligibility is paid from the SERP. The pension benefits shown for the NEOs are calculated under SERP Formula B, as each became eligible for the SERP after July 1, 2004. No NEO received payments of a retirement benefit in 2016.

⁽¹⁾ The calculation of the present value of accumulated benefits as of December 31, 2015, assumes a discount rate of 4.40 percent for annuity payments and deferral periods and 1.90 percent for lump sum payments. The calculation further assumes benefit commencement at the earliest age at which the NEO would be entitled to an unreduced benefit (the earlier of age 61 and completion of 20 years of service or age 62 and completion of 10 years of service). For individuals who are already eligible for an unreduced benefit, we use their age as of the end of the fiscal year.

⁽²⁾ The calculation of the present value of accumulated benefits as of December 31, 2016, assumes a discount rate of 4.10 percent for annuity payments and deferral periods and 1.60 percent for lump sum payments. The assumptions regarding the benefit commencement date are the same as described in footnote (1).

Narrative to Pension Benefits Table

Retirement Plan of International Paper Company

Our Retirement Plan is a funded, tax-qualified plan that covers all U.S. salaried employees hired prior to July 1, 2004. U.S. employees hired on or after July 1, 2004, are eligible for a Company-paid Retirement Savings Account contribution to our Salaried Savings Plan and Deferred Compensation Savings Plan in lieu of participation in the Retirement Plan. All of our NEOs were hired prior to July 1, 2004, and thus are eligible to participate in the Retirement Plan.

We calculate the benefit under the Retirement Plan at the rate of 1.67% of the participant's average pensionable earnings received over the highest five consecutive calendar years of the last 10 calendar years, multiplied by his or her years of service, then reduced by a portion of Social Security benefits. We include as pensionable earnings the participant's base salary plus MIP awards that were not deferred, up to the maximum limit set by the IRS.

International Paper Company Pension Restoration Plan for Salaried Employees

Our supplemental retirement plan for our salaried employees is an unfunded, non-qualified plan that covers all U.S. salaried employees hired prior to July 1, 2004. This plan augments our Retirement Plan by providing retirement benefits based on compensation that is greater than the limits set by the IRS. We include as eligible compensation under this plan the participant's base salary plus MIP awards, including amounts deferred. All of our NEOs were hired prior to July 1, 2004, and thus are eligible to participate in the Pension Restoration Plan.

We calculate the benefit under the Pension Restoration Plan in the same manner as the Retirement Plan and then reduce the benefit by the amount payable under the Retirement Plan.

The International Paper Company Unfunded Supplemental Retirement Plan for Senior Managers

Our SERP is an alternative retirement plan available to certain senior executives, including the NEOs. The SERP was closed to new participants, effective January 1, 2012. SERP benefits vest once the participant reaches age 55

and has completed five years of service. The normal form of payment is a lump sum. We calculate benefits under the SERP under one of two formulas based on the participant's date of eligibility for SERP participation. Benefits are payable under the SERP on the later of the participant's retirement date or the date six months following separation from service. We define "retirement date" as the date the participant reaches the earlier of age 55 with 10 years of service or age 65 with five years of service.

A participant who has announced retirement at least 12 months in advance has the right to lock-in a discount rate used to determine the amount of the lump sum payment based on the average for the month in which they choose to lock-in. All NEOs have locked-in the discount rate under this provision.

o *Participants eligible to participate prior to July 1, 2004 (Formula A):*

We calculate benefits under this formula as the greatest of (i) the sum of the benefits under our Retirement Plan and Pension Restoration Plan; (ii) the lesser of 3.25% of eligible compensation, defined below, multiplied by the participant's years of service or 50% of eligible compensation, with both amounts reduced by a portion of Social Security benefits; or (iii) 25% of eligible compensation. The benefit payable under the SERP is reduced by the benefits payable under the Retirement Plan. In calculating benefits under (ii) and (iii), we include as eligible compensation the sum of (a) the participant's highest annual base salary during any of the three consecutive calendar years prior to retirement and (b) the participant's target MIP for the year of retirement.

In the event of termination for cause, an executive whose SERP benefit is calculated under Formula A would forfeit the right to receive a lump sum benefit under the SERP, and his or her vested retirement benefits under the Retirement Plan and the Pension Restoration Plan would be paid as an annuity.

o *Participants eligible to participate on or after July 1, 2004 (Formula B):*

We calculate benefits under this formula at the same rate as our Retirement Plan and Pension Restoration Plan. Participants are eligible to receive a lump sum payment of the benefit earned for service after becoming eligible in the SERP; the benefit earned prior to SERP eligibility remains payable as an annuity. The benefit for all NEOs is calculated under SERP Formula B.

Policies with Regard to Granting Additional Years of Service

Our change-in-control agreements described elsewhere in this proxy statement provide three years of age and service to be added to the calculation of retirement benefits in the event of a qualifying termination of each NEO's employment following a change in control.

Eligibility for Early Retirement Benefits

Normal retirement under our Retirement Plan and Pension Restoration Plan is age 65.

Participants, including the NEOs, are eligible for early retirement under the Retirement Plan, the Pension Restoration Plan and the SERP at age 55 with 10 years of

service. However, a participant's accrued benefit is reduced by 4% for each year that the participant retires before reaching age 62. Eligible active employees may receive an unreduced benefit once they reach age 61 and have completed at least 20 years of service with us. Each NEO is eligible for early retirement; each NEO's benefit would be reduced based on age and years of service.

Pension Change

In February 2014, the MDCC approved changes to the Retirement Plan, the Pension Restoration Plan and the SERP such that credited service and compensation will be capped effective December 31, 2018, for salaried employees, including the NEOs. For service after this date, employees affected by the freeze will receive Retirement Savings Account contributions.

Non-Qualified Deferred Compensation in 2016

The following table shows contributions in 2016 by the Company and each of our NEOs to the DCSP, which is our non-qualified deferred compensation plan, and each NEO's DCSP account balance as of December 31, 2016. The

account balance includes amounts deferred by the NEO in December 2016, which were actually credited to his or her account in January 2017.

⁽¹⁾ These amounts are included in the "Salary" column of the Summary Compensation Table for 2016 for each NEO.

⁽²⁾ These amounts are included in the "All Other Compensation" column of the Summary Compensation Table for 2016 for each NEO.

⁽³⁾ These amounts are not included in the Summary Compensation Table because they are not "preferential or above-market earnings."

⁽⁴⁾ Of the amounts shown in this column, the following amounts were included in the "Salary" column of the Summary Compensation Table for prior years as follows: Mr. Sutton: \$271,203 was included for the periods 2011 and 2013-2015; Ms. Roberts: \$623,145 was included for the period 2008-2015; Mr. Nicholls: \$335,573 was included for the period 2010-2015; and Ms. Ryan: \$52,800 was included for 2012.

Narrative to Non-Qualified Deferred Compensation Table

The DCSP allows participants to save for retirement by deferring up to 85% of eligible cash compensation, which includes base salary and MIP awards. Participants may contribute to the DCSP after deferring either the maximum pre-tax amount or total pre-tax and after-tax amount to the 401(k) plan or after reaching the IRS compensation limit for that year. The Company credits matching contributions equal to 70% of the participant's contributions up to 4% of compensation, plus 50% of contributions up to an additional 4% of compensation.

For 2016, NEO contribution amounts were as follows: Mr. Sutton contributed 8% of base salary, Ms. Roberts contributed 8% of all eligible cash compensation, Mr. Nicholls contributed 10% of his MIP award, Mr. Joseph contributed 0% of all eligible cash compensation and Ms. Ryan contributed 8% of all eligible cash compensation. As a result of the varying contribution amounts, the actual amounts deferred and the Company's resulting matching contribution will vary for each NEO.

Participant contributions are credited with earnings (or losses) based on the participant's choice of investment fund equivalents. Investment fund equivalents match the investment returns of the funds available in the 401(k) plan.

Investment elections may be changed daily subject to securities laws restrictions. Differences in earnings reported in the "Non-Qualified Deferred Compensation" table above, are based on the individual participant's investment elections.

Participants are fully vested in their contributions at all times. Amounts contributed by the Company become vested upon completing three years of service, reaching age 65, death, disability, termination of employment as a result of the permanent closing of the participant's facility, or eligibility for severance under the Salaried Employee Severance Plan.

Participant accounts are divided into contribution accounts for amounts deferred prior to January 1, 2005, and contribution accounts for amounts deferred after January 1, 2005. Distributions of amounts contributed on or after January 1, 2005, may only be made in the event of termination of employment, death or disability. Participants must elect their distribution form of payment in an initial deferral election, which may only be changed under a subsequent distribution election that meets the requirements under IRC Section 409A. In the event no election has been made, the participant will receive a lump-sum form of payment. In-service withdrawals are limited to unforeseeable emergencies.

Post-Employment Termination Benefits

Potential Payments Upon Death or Disability

The Company provides to our NEOs the following benefits in the event of death or disability, which are also available to all of our U.S. salaried employees. Upon reaching age 65, the disabled individual is covered under our retirement programs, if eligible, as described above. We provide the following disability benefits:

- o Long-term disability income benefit equal to 60 percent of base salary plus the employee's average MIP during the last three calendar years;
- o Continuation of medical and life insurance coverage; and
- o If eligible for the Retirement Plan, continuation of pension benefit accruals.

The Company provides the same benefits to the beneficiary of an SLT member (including a NEO) upon death as are available to our U.S. salaried employees, with two additional benefits:

- o Executive supplemental life insurance, which is described earlier in this section 7 of this proxy statement (this benefit was closed to new participants effective January 1, 2008, and thus nine SLT members (including two NEOs) do not have this benefit); and
- o If the SLT member is eligible for the SERP and has completed five years of vesting service at the time of death, an amount equal to 50% of the SLT member's SERP benefit is payable to a surviving spouse.

In the event of disability or death, PSP awards are prorated based upon the number of months the participant worked during the performance period, and are paid at the end of the three-year performance period based on actual Company performance. Service-based restricted stock awards also become vested upon death or disability.

Potential Payments Upon Retirement

The following table presents the potential payments to our NEOs, assuming that they retired at the end of 2016.

⁽¹⁾ Amounts shown in this column are the annual annuity benefits payable from the tax-qualified Retirement Plan and from the Pension Restoration Plan as of December 31, 2016.

⁽²⁾ Lump sum payment calculations are based on the lower of the December 2016 municipal bond rate of 2.45 percent, or the locked-in rate elected by the NEO, if applicable. Additional information regarding the calculation of benefits may be found following the "Pension Benefits" table.

⁽³⁾ Amounts shown in this column reflect the dollar value, based on the closing price of our common stock on December 31, 2016, of the prorated portions of the 2015-2017 PSP and 2016-2018 PSP, including reinvested dividends, that would be paid at the end of the performance period. In addition, the NEO would receive the 2014-2016 PSP award, which has a performance period ending on December 31, 2016, which is not shown here because it would have already vested.

Potential Payments Upon Involuntary Termination Without Cause

The following table represents all amounts that would be payable to our NEOs in the event of involuntary termination without cause, including earned pension amounts not payable as a result of the termination.

⁽¹⁾ The amounts shown in this column reflect estimated amounts under the Salaried Employee Severance Plan formula of two weeks' salary for each year or partial year of service. Amounts shown also include the following benefits to which the NEO would be entitled: (i) unused current year vacation pay; (ii) 2017 earned vacation pay; and (iii) MIP award for 2016. We do not gross-up standard severance benefits.

⁽²⁾ Amounts shown in this column are the lump sum benefit payable under the SERP. The methodology used to calculate the lump sum benefit can be found in footnote 2 to the "Potential Payments Upon Retirement" table above.

⁽³⁾ Amounts shown in this column reflect the sum of the amounts in the previous two columns payable to the NEO upon termination.

⁽⁴⁾ Amounts shown in this column reflect the dollar value, based on the closing price of our common stock on December 31, 2016, of the prorated portions of the 2015-2017 PSP and 2016-2018 PSP, including reinvested dividends, that would be paid at the end of the performance period. In addition, the NEO would receive the 2014-2016 PSP award, which has a performance period ending on December 31, 2016, which is not shown here because it would have already vested.

⁽⁵⁾ Amounts shown in this column reflect the cost of (i) six months of continued dental and Employee Assistance Program coverage and (ii) executive outplacement services. For employees eligible for early retirement, the amounts also include a \$3,000 Health Reimbursement Account contribution made by the company on behalf of the employee and if applicable, an additional \$3,000 for the spouse of the employee. For employees not eligible for early retirement, the amounts reflect the cost of six months of COBRA premiums for medical coverage.

⁽⁶⁾ Amounts shown in this column are the annual annuity benefits payable from the Retirement Plan and the Pension Restoration Plan as of December 31, 2016.

Potential Payments Upon Involuntary Termination With Cause

An executive officer who is terminated with cause would not be eligible for the severance benefits included in the previous table, other than vacation pay. Further, the executive officer would lose outstanding equity awards under the PSP or other restricted stock grants, and not be eligible for payment of an MIP award.

⁽²⁾ The amounts shown in this column represent the lump sum benefit payable under the SERP.

⁽³⁾ Amounts shown in this column represent the sum of columns (1) and (2) payable to the NEO upon termination.

⁽⁴⁾ Amounts shown in this column are the annual annuity benefits payable from the tax-qualified Retirement Plan and from the Pension Restoration Plan as of December 31, 2016.

Potential Payments Upon Qualifying Termination After Change in Control

The following table represents amounts that would be payable to our NEOs upon termination of employment without cause (including by the NEO for good reason) within two years following a change in control of the Company on December 31, 2016.

⁽¹⁾ Amounts shown in this column reflect a change in control severance payment of three times the sum of (i) base salary and (ii) target MIP for 2016, which would be paid in the event of termination of employment without cause, including voluntary termination for limited situations that meet the definition of "good reason," as described below. For Mr. Joseph, this amount has been reduced to reflect application of the "best net" approach described following this table.

⁽²⁾ The amount shown represents the Pension Restoration Plan benefit formula earned after SERP participation with an additional three years of age and service.

⁽³⁾ Amounts shown in this column reflect the cost of continued medical and dental benefits for three years following termination of employment.

⁽⁴⁾ Amounts shown in this column reflect the dollar value, based on the closing price of our common stock on December 31, 2016, of the vesting of (i) outstanding 2015-2017 PSP awards, including reinvested dividends, based on actual Company performance through December 31, 2016, (ii) outstanding 2016-2018 PSP awards including reinvested dividends, based on target performance, and (iii) outstanding service-based restricted stock awards, if any. In addition, the NEO would receive the 2014-2016 PSP award, which has a performance period ending on December 31, 2016, but is not included in the amount shown because it would have already vested.

⁽⁵⁾ Amounts shown in this column represent the total of the cash amounts payable as well as the value of accelerated vesting of equity.

⁽⁶⁾ Amounts shown in this column are the annual benefits payable from the Retirement Plan and the Pension Restoration Plan as of December 31, 2016.

Narrative to Potential Payments Upon Qualifying Termination After Change in Control Table

The Company has entered into change-in-control agreements with certain executives that provide severance and other benefits in the event of a change in control of the Company. Our Board believes that maintaining change-in-control agreements is a sound business practice that protects shareowner value prior to, during and after a change in control, and allows us to recruit and retain top executive talent. Our program is available only to the SLT, except for those vice presidents grandfathered in the program as of February 2008.

We believe this program aligns executive and shareowner interests by enabling leaders of the Company to focus on the interests of shareowners and other constituents when considering a potential change in control, without undue concern for their own financial and employment security.

As part of its ongoing oversight of this program, the Board modified it in 2010 to eliminate the excise tax gross-up provision, replacing it with a "best net" calculation. Under this "best net" approach, the Company will, prior to making any payments, perform a calculation comparing:

- o the net benefit after payment of excise tax by the executive that would be applied, and
- o the net benefit if the payment had been limited to the extent necessary to avoid the imposition of an excise tax.

This comparison will determine the higher "net" benefit payable under the agreement. Benefits are not payable unless an irrevocable release of any employment-related claims is signed. This change reflects a best practice in the marketplace. ***In no event will the Company pay for excise taxes.***

In 2013, the MDCC and the Board approved and required our officers to sign amended change-in-control agreements. The new agreements provide for double-trigger acceleration of equity-award vesting upon a change in control when the acquiring company provides replacement awards as substitution for outstanding equity awards. Previously, the agreements provided for single-trigger equity-award vesting upon a change in control in all circumstances. The double trigger requires both a change in control and a qualifying termination of employment (*i.e.*, involuntary termination without cause or departure for "good reason") for the vesting of equity awards to accelerate. This treatment is widely recognized as a good governance practice, as it

prevents officers from receiving an automatic windfall in the event of a change in control. It also serves as an incentive for the officers to continue with the Company through and after a change in control in order to receive the benefit of their unvested equity awards.

As shown in greater detail in the above table, our change-in-control agreements provide the following benefits to NEOs only if there has been both a change in control of the Company and a qualifying termination of employment, *i.e.*, they are terminated without cause by the new employer or the employee departs for "good reason" within two years of the change in control ("double-trigger" benefits):

- o Cash severance payment equal to three times the sum of base salary plus target MIP;
- o Prorated MIP for the year of termination of employment (based on target achievement if the employee is terminated in the same year as the change in control, or based on actual achievement if the employee is terminated in the year following the change in control and the MIP payment has not yet been made);
- o SERP participants whose benefit is calculated under Formula A (see description above the "Pension Benefits" table in this Section 7) will receive a benefit equal to the higher of (i) 50 percent of compensation, or (ii) the SERP Benefit that would be paid absent a change in control but with three additional years of service and age. SERP participants whose benefit is calculated under Formula B (see description above the "Pension Benefits" table in Section 7) will receive their benefit calculated under the Pension Restoration Plan that would be paid absent a change in control, but with three additional years of service and age;
- o Medical and dental insurance for three years; and
- o Where replacement awards are provided in substitution for outstanding equity awards upon the change in control, all such replacement awards vest and become unrestricted.

Beginning in 2012, for change-in-control agreements with future non-CEO SLT members, the cash severance payment multiple has been reduced to two times (from three times) the sum of base salary plus target MIP, and the additional years of pension credit and the benefit continuation period have been reduced to two years (from three years).

A "change in control" is defined in our agreements as any of the following events:

- o Acquisition of 30 percent or more of the Company's stock;
- o Change in the majority of the Board of Directors within two consecutive years, unless two-thirds of the directors in office at the beginning of the period approved the nomination or election of the new directors;
- o Merger or similar business combination;
- o Sale of substantially all of the Company's assets; or
- o Approval by our shareowners of a complete liquidation or dissolution of the Company.

The lump sum cash severance benefit shown above is payable only in the event of termination of employment without cause within two years following a change in control. This includes voluntary resignation only in limited situations that meet the definition of "good reason," listed below. Under no circumstance will an executive receive a cash severance benefit under the agreement if he or she leaves voluntarily other than for "good reason," which is defined as:

- o The assignment to the executive of duties inconsistent with his or her position or a substantial decrease in responsibilities;
- o Reduced annual base salary;
- o Elimination of a material compensation plan (including the MIP, PSP or SERP) or a change in the executive's participation on substantially the same basis;
- o Elimination of substantially similar pension or welfare plans (except for across-the-board reductions of such benefits for executives), or a material reduction of any fringe benefit, or failure to provide the same number of vacation days;
- o Failure by the Company to secure an agreement by the successor to assume the change in control agreement;
- o Any other termination without sufficient notice; or
- o Relocation more than 50 miles from place of work.

Currently, the following benefits are payable upon a change in control and do not require termination of employment:

- o Where replacement awards (as defined in the change-in-control agreements) are not provided in substitution for outstanding equity awards upon the change in control, all equity awards vest and become unrestricted, as follows:
 1. All PSP shares vest and the full value of all PSP awards is paid for all performance periods (including those not yet completed) based on (a) target performance if the change in control occurs during the first year of the performance period, and (b) actual performance measured through the date of the change in control if it occurs on or after the first year of the performance period;
 2. Service-based restricted stock awards vest and become unrestricted; and
- o SERP participants whose benefit is calculated under Formula A will vest in their benefit and the minimum benefit will increase from 25 percent of compensation to 50 percent of compensation.

We have offered these limited single-trigger benefits for the purpose of:

- o Maintaining our competitiveness in attracting and retaining executive talent;
- o Ensuring that our executives receive the benefit of their efforts prior to a change in control and are not penalized with a loss of equity compensation; and
- o Further aligning the interests of our executives with our shareowners, since the risk of losing equity compensation could create a conflict of interest for our executives if the Company were pursuing a change-in-control transaction.

In light of the difficulty in determining relative performance achievement in our PSP following a change in control of the Company, we provide for payment of PSP awards as described above. Further, in light of the seniority of our covered executives, and their proximity to retirement age, we believe that increasing their pension protection provides appropriate retirement security in their employment following a change in control.
