Note the Hedge Funds today in the Market. How can you continue to allow this to happen???????? The Up Tick Rule would STOP THIS!!!!!!!!!!!!!! Don't you listen to Ben Bernanke ??? He said the Up Tick Rule was essential...

This Volatility in the Market is your FAULT!!!! You could do something in regards to the UP TICK Rule integration. Why this continues is mind boggling. I suppose you are all in the Office with your Lawyers to do a little insider trading.... As usual...

FYI.... I know and understand you don't Care... However, Take a LOOK AT THE BANK Volatility, Short Selling and Hedge Funds!!!!!!!!!!!!!!!!!!!!!! You people are really Something ELSE!!!!!!!!!!!!!!

I've been in the Military for 38 YEARS and never seen an Agency like yours!!!!!!!!!!!!!! You people just don't CARE!!!!!!!!!!!!!!

**THE SEC IS
WORTHLESS!!**

**Implement the UP TICK RULE!!!!!!!!!!!!!! You sit and do
NOTHING!!!!!!!!!!!!!! You must be all doing insider trading from the
Chairman to and including your Lawyers....**

**You tell me if the Market is being Manipulated, just like last year by the
Hedge Funds and Short Sellers...**

**100 to 140 points up and down in one day is your
FAULT!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! You are obliterating the American
Dream to redeem the short sellers and Hedge Funds in America...
Congratulations in being the WORST Agency in American
History!!!!!!!!!!!!**

DO SOMETHING!!!!!!!!!!!!!!!!!!!!!!

Recommendation:

The SEC needs to take a Bus Ride to Arlington National Cemetery, take a guided tour of the entire cemetery including Section 60 where our deceased service members are being laid to rest from Iraq and Afghanistan. Then ask the families of the American, there in the National Cemetery about what

they think of **“Bear Raids”**, Market Manipulations, **insider trading by SEC Lawyers** along with how this effects their Love ones and families of our fallen Warriors. Your lack of action affects their children’s, College, Housing, and ability for the SGLI insurance issued to each fallen service member to provide for their families both now and in the future utilizing market investments.

I am sure you will obtain the answers you are looking for in detail. Along with a Lesson on the cost your inaction along with how you are jeopardizing our entire American way of life. Our warriors and their families that have gave up their lives so you could email me a document that admits there are **“Bear Raids”** and **insider manipulation** of the Market that prevents Jobs and investments to move America forward. Your direct lack of action is costing everyone in this Country the ability to have the Freedom and stability.

You have single handedly turned the Market into a legitimate **Russian Roulette** and **gambling casino**, that has been **wiped out by your acknowledged “Bear Raids”....** Maybe you will then see why the “UP-Tick Rule” was implemented in the 1930’s.

The SEC should be ashamed!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! **And the SEC Chairman SHOULD BE FIRED!!!!!!!!!!!!!!!!!!!!!!**
