

Dear Mr. Katz:

My name is Joshua Trengue, I am a small investor who is in support of the following amendment.

I personally choose to copy this request from pink sheets because it's much better written than

I am capable of.

I (Joshua Trengue) respectfully petition the Securities and Exchange

Commission (the "Commission") to mandate an amendment to Rule 3360 of the Rules

of Fair Practice of the National Association of Securities Dealers, Inc. (the "NASD") that

would require NASD members to maintain a record of total "short" positions in all

customer and proprietary firm accounts in ***all publicly traded equity securities*** and

report this information to the NASD for public dissemination of the aggregate positions

by security¹. Under the current rule, NASD members are only required to maintain such

records and make reports regarding securities included in The NASDAQ Stock Market

or listed on a national securities exchange. The rule excludes OTC equity securities,

thereby denying investors and the markets for these instruments the protections of

transparency and regulatory oversight provided by Rule 3360. The Commission's

action is urgently needed to prevent fraudulent and manipulative acts and practices,

promote just and equitable principles of trade, and protect investors and the public

interest.

Thank you,

Joshua Trengue
