RE: SEC File No. 4-500. Request for Rulemaking Regarding Member Records of "Short" Positions and Reporting and Public Dissemination of Aggregate Positions by S

To Whom it may concern :

I am writing to add to the overwhelming protests by investors like myself, for action to be taken to protect small cap companies and investors alike from those who are selling Naked shorts positions on the OTCBB and Pink sheets markets.

They are destroying investor confidence and many small companies, The US economy was founded upon the success of small companies and if this situation is allowed to continue , it will adversely affect the economy in the short and long term. I am appealing to you to establish the necessary regulations similar to the Nasdaq and NYSE to deal with this problem.

Thank You
