The Commission is publishing this notice to solicit comments on the proposed rule from interested persons.

specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend IM-5050-10 to Rule 5050 (Series of Options Contracts Open for Trading) to replace the reference to “GOOG” with “GOOGL”. This is a competitive filing that is based on a proposal recently submitted by the Chicago Board Options Exchange, Incorporated (“CBOE”).<sup>3</sup>

The Exchange is proposing to make a change to IM-5010-10 to enable the continued trading of mini options on Google’s class A shares. The Exchange is proposing to make this change because, on April 2, 2014, Google will issue a new class of shares (class C) to its shareholders in lieu of a cash dividend payment. Additionally, this new class C of shares will be given the current Google ticker, “GOOG”. As a result, a new ticker, “GOOGL”, will be issued to the class A shares. The Exchange is proposing to change the Google ticker referenced in Exchange Rule IM-5010-10 from “GOOG” to “GOOGL”.

This change to IM-5010-10 shall become effective on April 3, 2014 which is the day after Google officially changes their ticker. The purpose of this change is to ensure that IM-5010-10 properly reflects the intention and practice of the Exchange to trade mini options on only an exhaustive list of underlying securities outlined in IM-5010-10. This change is meant to continue the inclusion of class A shares of Google in the current list of underlying securities that mini options can be traded on, while making it clear that class C shares of Google are not

part of that list as that class of options has not been approved for mini option trading. As a result, the proposed change will also help avoid confusion.

## 2. Statutory Basis

The Exchange believes that the proposal is consistent with the requirements of Section 6(b) of the Securities Exchange Act of 1934 (the “Act”),<sup>4</sup> in general, and Section 6(b)(5) of the Act,<sup>5</sup> in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>6</sup> requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the proposed rule change to change the Google class A ticker to its new designation is consistent with the Act because the proposed change is merely updating the corresponding ticker to allow for continued mini option trading on Google’s class A shares. The proposed change will allow for continued benefit to investors by providing them with additional investment alternatives.

### B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. In this regard

and as indicated above, the Exchange notes that the rule change is being proposed as a competitive response to a filing submitted by the CBOE.<sup>7</sup> The proposed change does not impose any burden on intramarket competition because it applies to all Participants. There is no burden on intermarket competition as the proposed change is merely attempting to update the new ticker for Google class A for mini options. As a result, there will be no substantive changes to the Exchange's operations or its rules.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>8</sup> and Rule 19b-4(f)(6)(iii) thereunder.<sup>9</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>10</sup> normally does not become operative for 30 days after the date of filing. However, pursuant to Rule 19b-4(f)(6)(iii)<sup>11</sup> the

<sup>8</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>9</sup> 17 CFR 240.19b-4(f)(6)(iii). As required under Rule 19b-4(f)(6)(iii), the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

<sup>11</sup> 17 CFR 240.19b-4(f)(6)(iii).

Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest.

The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow the Exchange to continue to list mini options on the Google Class A shares following the issuance of a new class of Google shares (class C) on April 2, 2014. For this reason, the Commission designates the proposed rule change to be operative upon filing.<sup>12</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
