Introduction

Harrell Hospitality Group, Inc. (“we”, “us” or “our company”) owns Hotel Management Group, Inc. (“HMG”), an operating subsidiary engaged in hotel management. On July __, 2006, our Board of Directors authorized management to pursue the sale of HMG and any remaining hospitality assets. On August __, 2006 certain of our shareholders, including the Buyers, owning approximately 50.8% of our outstanding voting stock, approved the sale of HMG to the Buyers by written consent in accordance with the requirements of the Delaware General Corporation Law.

As a result of the agreement, the Buyers will acquire all of the assets and assume all of the liabilities of HMG and its operating subsidiaries. We expect to close this transaction on the first business day following the twentieth (20th) day after we mail this Information Statement.

BUSINESS OF HARRELL HOSPITALITY GROUP, INC.

Harrell Hospitality Group, Inc. is primarily engaged in hotel management and investment in hotels. Our company provides some hotel consulting services directly, but most of the business is conducted through HMG or its subsidiaries. A high percentage of our revenues are derived from HMG through its management contracts to manage two hotels in California.

EVENTS LEADING UP TO THE SALE OF HMG

Background of the Asset Sale

For several years we have been trying to expand our hotel management business, primarily through acquisition of part ownership in hotel properties. Our small size and lack of financial resources have made such acquisitions difficult, and despite attempts to join with equity partners and financing partners in the acquisition and development of hotels, we have been unsuccessful in establishing additional long term management contracts or ownership of hotels. We have continued, through HMG, to manage two hotels in California, the Biltmore Hotel and Suites in Santa Clara, California and the Santa Ynez Valley Marriott. The high costs of remaining a public company, both in terms of our cash expenses and drain on our manpower, combined with our inability to acquire additional management contracts and the limited revenues of these two existing contracts have raised doubt whether we will be able to remain a going concern. We have also been unable to, and there is no assurance that we will be able to, either (1) achieve a level of revenues adequate to generate sufficient cash flow from operations; or (2) borrow through bank financing to support our working capital requirements. In view of this, our Board determined that it would be in our stockholders' best interests to seek investment into our company through a private placement with an investor.

In the fall of 2005, we began negotiations with Consensus Business Group, Ltd. ("Consensus") a multi-faceted property and technology company based in London, England. Consensus was interested in exploring opportunities in the shared ownership sector (timeshare, condominiums, private residence clubs) of the hospitality industry. During the fall of 2005 and spring and early summer of 2006, we negotiated with Consensus, but in early June 2006 the negotiations ended as Consensus decided not to pursue the sector.

Our Board then sought another investor who would invest in our company and support it in its existing hospitality business. However, our Board, in discussions with potential investors, only found those that were interested in taking the company in a different direction, away from the hospitality business. One such investor group, Global Trek Property Holdings, LP and Square Rock, Ltd., made it clear that that, in order for our company to be attractive to them, we must divest ourselves of our hospitality assets,

eliminate the outstanding stock options and pay off or provide for all of our liabilities. Our Board received similar comments from other potential investors in informal discussions.

Discussions progressed with the Global Trek and Square Rock group, and our Board was informed of their business plans. Our board felt that they might make a suitable candidate to create value for the shareholders of our company, as a result of some of the unique business opportunities that they intended to pursue. Accordingly, in late June 2006, the company entered into a non-binding Letter of Intent with Global Trek and Square Rock for them to inject capital into the company to fund new operations in exchange for a large majority of stock of our Company. The Letter of Intent conditions closing on, among other things (i) elimination of our outstanding stock options, (ii) divestiture of the Red Leopard Holdings plc (“RLH”) stock that we own, (iii) divestiture of the hospitality assets, (iv) payment of existing liabilities, and (v) reduction of the number of outstanding shares through a reverse stock split. Although there is no binding agreement with these investors at this time, negotiations are underway towards a definitive agreement.

In the meantime, our Board believes that fulfilling the conditions to closing would be beneficial in positioning our Company to become an acquisition target, even if the Global Trek and Square Rock transaction does not come to fruition.

Divestiture of Hospitality Assets

Our Board noted that the value of our hospitality assets is essentially the management contracts of the two hotels in California. One difficulty in transferring the management contracts to a third-party buyer is that both of these management contracts are tied to Paul Barham personally, with the hotel owners having the right to cancel the management contracts if Paul Barham is no longer employed by the management company. This provision has been in place since January 1992, before our company even owned HMG.

Our Board felt some guidance as to the potential value of HMG would be helpful, but a fairness opinion was not a cost effective alternative given our Company’s limited resources. We obtained an appraisal (not a fairness opinion) of HMG from Katzen Marshall, a Dallas based valuation company experienced in business valuations. The appraiser did seek opinions of the value of HMG’s contracts from other hospitality companies, including one of the largest in the country. The appraiser determined the value of HMG to be about \$215,000.

Cancellation of Options

Our Board has also been negotiating to cancel the existing option agreements affecting more than 14.8 million options to purchase our Class A Common stock held variously by 17 holders.. We have offered the holders of these options to purchase 1 share for every 10 options cancelled, upon payment of the par value (\$.002 per share) of the stock issued. We have received affirmative responses from the option holders and expect, in the near future to issue an additional 1,486,100 Class A Common shares in the company, and cancel the outstanding options. Cancellation of the options and issuance of additional stock does not require shareholder approval under Delaware law.

Reduce Number of Outstanding Shares

Reduction of the number of outstanding common shares of our company can be accomplished through a reverse stock split. At the present time, our Board is considering a reverse stock split in which each 10 shares of common stock would automatically become 1 share, with the effect that the total number of shares is reduced tenfold, but the relative ownership percentages remain unchanged. Under Delaware law, the Board can accomplish the reverse split without the necessity of first obtaining shareholder consent. A reduced number of outstanding shares may help our company be more attractive as a target to potential investors or acquiring companies.

Divestiture of Our Holdings in Red Leopard Holdings, plc

We presently hold approximately 31 million shares in RLH. We are entitled, upon achieving certain performance criteria, to receive an additional approximately 25 million shares, as well as some loan stock if the share value of RLH stock falls below a certain level. At the time of this filing, we have petitioned the RLH board to issue the 25 million additional shares, and any loan stock, and the RLH board has agreed to do so.

Because the RLH stock constitutes such a large percentage of the value of the total assets of our company, under the Investment Company Act of 1940 (the “Investment Act”) rules, we must either (i) grow our operations so that the RLH value is less than 40% of our total assets, (ii) divest ourselves of the RLH stock, or (iii) register as an investment company. Since our company has been unable to increase its operating assets, and the costs and restrictions of becoming a registered investment company are prohibitive, the Board is undertaking to divest itself of the RLH stock. Our board is concerned that an attempt to sell all of the stock might cause the RLH price to fall severely, lowering the value to us. Therefore, the Board may sell a small portion of the RLH stock to generate some working capital, but our Board is planning to dividend the RLH stock to you after it has received all of the shares from RLH. Our Board believes that this maximizes shareholder value of this asset, and no potential acquiring company has expressed an interest in obtaining the RLH stock.

THE SALE OF HMG

Description of the Sale

We have entered into the Stock Purchase Agreement, which provides for the sale of HMG and any other hospitality assets of our company to the Buyers. In exchange for these assets, the Buyers have agreed to a total consideration of \$629,402, which is payable by delivery of a note, cancellation of debts we currently owe Buyers, and assumption by Buyers of certain of our existing employee liabilities. No cash is payable by Buyers to us at the closing of the sale.

Material Terms of the Stock Purchase Agreement

The material terms of the Stock Purchase Agreement for the sale of HMG to Buyer are summarized below. A copy of the stock purchase agreement is attached to this Information Statement as Exhibit A.

The Assets

The assets to be sold consist of all of the stock we own in HMG, which is 1,000 shares and constitutes 100% of the issued and outstanding shares of HMG. HMG has two wholly owned subsidiaries: Harrell Hospitality Group - California, Inc. and Harrell Hospitality Group Texas, Inc. By transfer of the HMG stock to the Buyers, ownership of the subsidiaries will also automatically be transferred. In addition to the HMG stock, any other assets we own incident to the hospitality business will be conveyed to the Buyers. In this regard, the Buyers may desire to continue to use the “Harrell” name in management matters, and for this reason, we have agreed to change our corporate name within 90 days after the closing of the sale to the Buyers.

Purchase Price

The total purchase price is \$629,402, payable by (1) delivery of a \$250,000 promissory note (the “Note”) from the Buyers, plus (2) cancellation of payables we owe Buyers of \$340,864, plus (3) assumption by Buyers of certain of our existing liabilities to employees totaling \$38,538. No cash is payable by Buyers at closing, although Buyers will have quarterly cash payments to us under the terms of the note.

The Terms of the Note

The Note will bear interest at the rate of 10% annually and will mature September 30, 2016. The Note will be paid in quarterly payments of principal and interest in the amount of \$9,959.06, and may be prepaid at any time without penalty. Payment of the Note shall be secured by the stock of HMG, shares of RLH owned by the Buyers or other collateral acceptable to us. The Buyers will be individually and jointly liable for payment of the Note.

Liabilities Assumed and Debts Cancelled

The debts that will be cancelled are comprised of approximately \$164,875 our company owes Paul Barham for unpaid salary and automobile allowance, \$70,574 our company owes Clive Russell for unpaid directors fees and for the principal and accrued interest owing on a loan made by Mr. Russell to us, \$11,290 our company owes Geoffrey Dart for unpaid directors fees, and \$94,125 our company owes Apsley Estates, Ltd. for unpaid consulting fees. The liabilities to be assumed by the Buyers consist of amounts we owe certain employees for accrued vacation currently totaling \$38,538. All of the debts to be cancelled and liabilities to be assumed have been accrued on the books of our company and reflected in our financial statements prior to this transaction.

Representations and Warranties

The Stock Purchase Agreement does not contain many customary representations and warranties made by each of the parties to the agreement. The only representations and warranties relate to, among other things, our ownership of HMG, the enforceability of the agreement, our organization and the organization of Buyer, our authority and the authority of Buyer to enter into the agreement. The agreement provides that the assets are being conveyed “as is” without warranty, subject to all of the liabilities of HMG, without recourse to our company.

Closing

We expect to close on the first business day following the twentieth (20th) day after we mail this Information Statement.

Reasons for the Asset Sale

Our Board considered the risks and challenges facing our company in the future as compared to the opportunities available to our company in the future and concluded that the asset sale was the best alternative for maximizing value to our shareholders. Some of the other factors our Board considered in making that determination include:

- the short-term and long-term interests of our company and our shareholders;
- the purchase price and elimination of liabilities that our company would otherwise have to pay;
- other favorable terms of the sale, including limited representations and warranties by us concerning our assets and the minimal conditions to the Buyers’ obligation to close the sale;
- the expeditious manner in which the transaction could be completed by selling to Buyers;
- the liquidity concerns currently faced by our company;

- the benefit of positioning our Company to complete a possible transaction with persons who may be interested in acquiring a publicly traded company without operating subsidiaries or other assets;

Countervailing Considerations

Our board of directors identified and considered a number of potentially negative factors in its deliberations concerning the asset sale, including, but not limited to:

- HMG represents substantially all of our consolidated operating revenues;
- sale of the assets removes our company from its principal business and leaves no operating assets in our company;
- by selling to the Buyers, the company is not able to conduct independent negotiations regarding the terms of the sale, since the Buyers control our Board;
- the sale of HMG would require this filing, with all of the attendant costs;
- there was no assurance that the sale of HMG would result in our ability to complete a successful acquisition or merger of our company by another operating company.

No Opinion of Fairness of the Asset Sale

We have not approached or engaged any financial advisor to render a fairness opinion, from a financial point of view, with respect to the proposed asset sale. The decision not to obtain a fairness opinion was made in light of our lack of working capital. We did, however, obtain an appraisal of value of HMG from the business appraisal firm of Katzen Marshall of Dallas, Texas. This appraisal indicates the value of HMG to be approximately \$215,000. A copy of the appraisal is on file with us and is available for review by an interested shareholder.

In assessing the fairness of the transaction terms, we considered, among other factors:

- The amount and terms of the promissory note to be received from the Buyers in comparison to the amount of the appraisal;
- The inherent risks of cancellation by the hotel owner in assigning the management contract to a company that did not employ Paul Barham;
- The additional consideration of the cancellation of debts we owe to the Buyers; and
- The additional consideration of the assumption of certain existing employee liabilities of our company.

Effects of the Sale of HMG

As a result of the sale, we will have no significant operations of any kind. All of the hospitality assets are being sold, which is essentially all of our current business. Once the asset sale is completed and we have divested the RLH stock, we will be a "public shell" company.

The sale of HMG should help our liquidity to a degree. The Buyers will assume all risk of operating HMG, and will be responsible for all costs and salaries relating to hospitality business. Our company would not have the benefit of revenue generated by HMG, but since we would no longer be

responsible for these expenses, our expenses would drop correspondingly. We expect to have minimal ongoing operational expenses after the asset sale, since all of our payroll would be assumed by the Buyers. We will receive quarterly note payments of approximately \$10,000, with no expense relating to operation of the hospitality business.

The Purchase Agreement requires that our company change its name within 90 days after closing the sale to the Buyers. The Buyers may want to continue to use the Harrell name in their hospitality business, and the Buyers do not want there to be confusion in the marketplace over whether our company is still operating in the hospitality business. Any name change will require amendment of our articles of incorporation, and will be considered at a later date.

While there may be a gain to us by virtue of receipt of the promissory note from the Buyers, we do not believe the tax consequences will be material to us, as we are expecting to be able to use tax loss carry-forwards to offset any gain.

The sale of HMG will have no effect on your legal rights as a shareholder of Harrell Hospitality Group, Inc. No distribution will be made to you as a result of the sale, and no dissolution or liquidation is planned at this time. You are not required to take any action.

Consequences of Owning Shares of a “Public Shell” Company

Once we complete the sale of assets and the divestiture of the RLH stock, we become a “public shell” company, and we thereafter must comply, in all of our business and operations, including subsequent sales of our stock and mergers, in accordance with the Shell Company Release No. 33-8587 and all other applicable regulations and guidance. You should be aware, however, that depending upon the type of transaction we ultimately pursue, we may not have to seek shareholder approval of such transaction. As a result you may not be able to vote any new proposed transaction that our Board approves.

Under SEC Rule 12b-2 under the Securities Act of 1933, as amended (the “Securities Act”), we will qualify, after sale of HMG and divestiture of the RLH stock, as a “shell company,” because we will not have any assets (other than cash) or any operations. Many states have enacted statutes, rules and regulations limiting the sale of securities of “blank check” companies in their respective jurisdictions. We will comply with the periodic reporting requirements of the Exchange Act for so long as we are subject to those requirements.

Recent amendments to Form 8-K by the Securities and Exchange Commission regarding shell companies and transactions with shell companies require the filing of all information about an acquired company that would have been required to have been filed had any such company filed a Form 10 or 10-SB Registration Statement with the Securities and Exchange Commission, along with required audited, interim and proforma financial statements, within four business days of the closing of any such transaction. These new regulations also deny the use of Form S-8 for the registration of securities of a shell company, and limit the use of this Form to a reorganized shell company until the expiration of 60 days from when any such entity is no longer considered to be a shell company. The additional time and costs that may be incurred by the potential target company to prepare the necessary audited financial statements and other information may significantly delay or essentially preclude consummation of an otherwise desirable acquisition.

Buyers and Buyers’ Business

The Buyers are all persons who are currently officers and director of our company or former directors of our company. The Buyers are comprised of Paul Barham, our chief executive officer and a director of our company, Clive Russell, a director of our company, Geoffrey Dart, a former director of our company, and Apsley Estates, Ltd., an affiliated company of Geoffrey Dart. Together, the Buyers and their affiliates own approximately 47.6 % of the outstanding common stock of our company. The Buyers are associating for the purpose of owning and operating HMG. Prior to entering into the Stock Purchase

Agreement, the Buyers had not associated as a group owning and operating a business other than our company.

Vote Required

The affirmative vote of the holders of a majority of our outstanding voting stock is required to approve the sale of the HMG shares under Delaware law. This vote was obtained by the holders of a majority of our outstanding voting stock through written consent effective August__, 2006. On that date, our company had 12,564,909 shares of voting common stock outstanding, and the holders of 6,389,235 (50.8%) had delivered their written consent to sell HMG and the hospitality assets under the terms of the Stock Purchase Agreement.

Dissenters' Rights of Appraisal

The Delaware General Corporation Law does not provide for appraisal rights in connection with our sale of the shares of HMG or the hospitality assets.

Regulatory Approvals

Because the transaction has been approved by our majority shareholder, the only remaining condition to closing is the distribution of this Information Statement. No other state or federal regulatory approvals are required to effectuate this transaction.
