Filed March 12, 2009
File No. 0-26994**

Dear Ms. DiMarco:

We have limited our review of your filing to disclosure relating to your contacts with countries that have been identified as state sponsors of terrorism, and we have the following comments. Our review with respect to this issue does not preclude further review by the Assistant Director group with respect to other issues. At this juncture, we are asking you to provide us with supplemental information, so that we may better understand your disclosure. Please be as detailed as necessary in your response. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filings. We look forward to working with you in these respects. We welcome any questions you may have about our comments or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

General

1. You disclose on page 3 of the 10-K that you serve clients in the Middle East and Africa. You report in a press release dated March 17, 2009, that your clients in the Middle East include Arab National Bank, SHUAA Capital, and Ahli United Bank. We are aware of press releases and news reports indicating that Arab National Bank conducts business in Sudan, and that an arm of SHUAA Capital operates or operated a fund focused on investments in Syria. We also are aware that Future Bank B.S.C. describes itself on its website as a joint venture between Ahli United Bank, Bank Melli Iran, and Bank Saderat Iran; and that Future Bank, Bank Melli, and Bank Saderat are included on the Specially Designated Nationals List maintained by the Treasury Department.

Iran, Sudan, and Syria are identified by the State Department as state sponsors of terrorism, and are subject to U.S. economic sanctions and export controls. We note that your Form 10-K does not include disclosure regarding contacts with Iran, Sudan, or Syria. Please describe to us the nature and extent of your past, current, and anticipated contacts with the referenced countries, if any, whether through affiliates or other direct or indirect arrangements. In this regard, address whether, to the best of your knowledge, understanding and belief, client entities, including the clients identified above, employ your products in activities in Iran, Sudan or Syria. Your response should describe any software or services you have provided to these countries, directly or indirectly, and any agreements, commercial arrangements, or other contacts you have had with the governments of those countries or entities controlled by those governments.

2. Please discuss the materiality of any contacts with Iran, Sudan, and Syria described in response to the foregoing comment, and whether those contacts constitute a material investment risk for your security holders. You should address materiality in quantitative terms, including the approximate dollar amounts of any associated revenues, assets, and liabilities for the last three fiscal years and any subsequent period. Also, address materiality in terms of qualitative factors that a reasonable investor would deem important in making an investment decision, including the potential impact of corporate activities upon a company's reputation and share value. As you may be aware, various state and municipal governments, universities, and other investors have proposed or adopted divestment or similar initiatives regarding investment in companies that do business with U.S.-designated state sponsors of terrorism. Your materiality analysis should address the potential impact of the investor sentiment evidenced by such actions directed toward companies that have operations associated with Iran, Sudan, and Syria. In this regard, please also address the reputational impact of the use of your products in connection with any client operations in Iran, Sudan and Syria described in response to the foregoing comment.

In connection with responding to our comments, please provide, in writing, a

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in our review of your filings or in response to our comments on your filings.
