**Mr. William Coppa
U. S. Securities International Corp.
New York, NY 10271**

We have audited the accompanying balance sheet of U. S. Securities International Corp as of September 30, 2018, and the related statements of operations, changes in members' equity, cash flows for the year then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of U. S. Securities International Corp. as of September 30, 2018, and the results of its operations, and its cash flows for the year then ended, in conformity with the Public Company Accounting Oversight Board (United States).

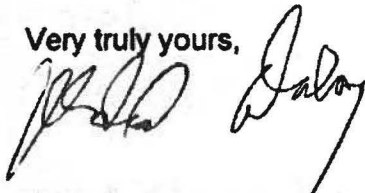

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provided a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in the supplementary schedules on pages 11 and 12 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the information contained in the supplementary schedules on pages 11 and 12, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

We have served as the Company's auditor since 2012.

Very truly yours,

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE 1--Business and Summary of Significant Accounting Policies

U.S. Securities International Corp. (the "Company") was purchased from Fidelity Management and Research Co. in 1974 by the operating personnel who have owned and operated the Company since that date. The Company is a registered broker-dealer with the Securities and Exchange Commission (SEC) and the Financial Industry Regulatory Authority (FINRA) and is a member of the Chicago Board Options Exchange (CBOE). The Company clears transactions on a fully disclosed basis and does not carry customer accounts. The Company is exempt from Securities and Exchange Commission Rule 15c3-3 under paragraph k(2)(ii).

The following is a summary of significant accounting policies followed by the Company:

Accounting Method

Assets, liabilities, income and expenses are recorded on the accrual basis of accounting.

Revenue Recognition

The Company records all securities transactions, including commission revenue and related expenses, on a settlement-date basis. There is no material difference between settlement date and trade date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The Company's policy is to gross commissions deposited by adding a percentage of revenue. There are minimum fees not included resulting in increased commission income of approximately 26,000.

Cash and Cash Equivalents

Cash equivalents include short-term highly liquid investments, such as short-term deposits. Cash and cash equivalents consist primarily of cash and money market funds held primarily at two major financial institutions.

Other Comprehensive Income (loss)

The Company presents other comprehensive income in accordance with ASC Section 220, Comprehensive Income. This section requires that an enterprise (a) classify items of other comprehensive income by their nature in a financial statement and (b) display the accumulated balance of other comprehensive income separately from retained earnings in the equity section of a statement of position. The Company reports its unrealized gains and losses on investments in securities, as other comprehensive income (loss) in its financial statements. The Company does not record deferred taxes on unrealized gains, which is a departure from GAAP. However, this departure does not affect net capital and is therefore considered immaterial.

U.S. SECURITIES INTERNATIONAL CORP.

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE 1--(cont.)

Assets and liabilities measured at fair value

The Company uses the following hierarchy to prioritize the inputs used in measuring fair value in accordance with SFAS No. 157, Fair Value Measurements.

Level 1 - Quoted market prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 - Inputs other than quoted market prices included within Level 1 that are either directly or indirectly observable;

Level 3 - Unobservable inputs in which little or no market activity exists, therefore requiring an entity to develop its own assumptions about the assumptions that market participants would use in pricing.

Financial instruments including cash and cash equivalents, marketable securities, accounts payable and accrued expenses are carried in the financial statements at amounts that approximate fair value at September 30, 2018. Investments were valued using Level 1 inputs.

NOTE 2-- Receivable from and Deposit with Clearing Broker

The Company's clearing operations are provided by a nationally recognized clearing broker. At September 30, 2018 the amount receivable from clearing broker reflected in the Statement of Financial Condition is due from this clearing broker in connection with such services.

The same clearing broker acts as custodian for money market mutual fund shares.

NOTE 3- Investment in Marketable Securities

Investments are classified as available-for-sale according to the provisions of ASC Section, 320, Investments - Debt & Equity Securities. Accordingly, the investments in marketable securities are carried at fair value with unrealized gains and losses reported separately in other comprehensive income. Realized gains and losses are calculated using the original cost of those investments.

In June 2010, the Company received 80,000 shares of CBOE holding Corp. in place of its previously held membership exchange seat when the CBOE completed its initial public offering. The Company originally valued the CBOE membership exchange seat at \$1 when it was received in 1974 from Fidelity Management and Research Company. The Company basis in the CBOE shares is similarly \$1.

U.S. SECURITIES INTERNATIONAL CORP.**NOTES TO FINANCIAL STATEMENTS****SEPTEMBER 30, 2018****NOTE 3- Investment in Marketable Securities (cont):**

The carrying amounts of investments in marketable securities as shown in the balance sheet and their approximate market values at September 30, 2018 were as follows:

Investments in marketable securities, at cost	\$ 196,768
Net unrealized gain	<u>2,400,750</u>
Investments in marketable securities, at market	\$ <u>2,597,518</u>

NOTE 4 -- Net Capital Requirements

The Company is subject to the Securities and Exchange Commission ("SEC") Net Capital Rule, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.

As of September 30, 2018 the Company had net capital of \$1,929,646 which was \$1,923,618 in excess of the minimum net capital. The Company's ratio of aggregate indebtedness to net capital was 0.047 to 1.

The Company clears all transactions with and for customers on a fully disclosed basis with a clearing broker. Accordingly, the Company is exempt from the requirements of SEC Rule 15c3-3. Under its clearing agreement, the Company could ultimately be held liable for the non-performance of its customers.

NOTE 5 -- Commitments and Contingent Liabilities**Lease**

By agreement the original lease dated September 30, 2003 was amended extending the term of the original lease for 3 years commencing on December 1, 2016 and expiring on November 30, 2019. The lease requires monthly payments of \$7,125 per month throughout the lease. The lease is subject to escalations based on taxes and other costs. At September 30, 2018, future minimum payments are as follows:

2019	\$ 85,500
2020	<u>14,250</u>
	\$ <u>99,750</u>

Rent expense for the year ended September 30, 2018 under this lease, amounted to \$82,345. The difference between the actual rent expense incurred by the Company and the minimum annual rental payments as reported in the prior year's financial statements is due to real estate and porter wage escalation charges.

U.S. SECURITIES INTERNATIONAL CORP.

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE 6 -- Related party transactions,

At September 30, 2018 the Company advanced funds \$351,529 to its employees. These advances do not bear interest.

NOTE 7-- Income Taxes

There is no provision for income tax for the year ended September 30, 2018. The Company has a net operating loss carryover that is greater than its income

The company no longer records deferred taxes. The company's policy is to distribute the gain on the sale of CBOE stock as executive pay and therefore never incurs taxable income on the gain. Additionally deferred taxes has no effect on the Net Capital Computation as deferred taxes is added back to tentative net capital.

The Company files its tax returns on a June 30 fiscal year. For the year ending June 30, 2018, the Company incurred no corporate income taxes.

The company did pay minimum taxes to state and local governments, which are based on minimum and alternative tax rates

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE 10 -- Off Balance Risk

Pursuant to a clearing agreement, the Company introduces all its securities transactions to its clearing broker on a fully disclosed basis. All of the customers' money balance and long and short security positions are carried on the books of the clearing broker. In accordance with the clearance agreement, the Company has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying transactions introduced by the Company and must maintain, at all times, net capital of not less than \$5,000. In accordance with industry practice and regulatory requirements, the Company and the clearing broker monitor collateral on the customers' accounts.

In the normal course of business, the Company's customer activities involve the execution, settlement and financing of various customer securities transactions. These activities may expose the Company to off balance-sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

NOTE 11 -- Concentration of Credit Risk

The Company maintains its cash in financial institutions, which at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not subject to any significant credit risk on cash.

NOTE 12 — Subsequent Events

Management has evaluated all subsequent events through November 28, 2018 the date that these financial statements were available to be issued.

Dear Mr. Coppa:

We have reviewed management's statements, included in the accompanying Financial Report in which U.S. Securities International Corp. identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the company claimed an exemption from 17 C.F.R. § 240.15c3-3: U.S. Securities International Corp. identified 15c-3-3(k)(2)(ii) and U.S. Securities International Corp. stated that it met the identified exemption provisions throughout the most recent fiscal year without exception. U.S. Securities International Corp. management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about U.S. Securities International Corp. compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k) (2)(ii), of Rule 15c3-3 under the Securities Exchange Act of 1934.

US Securities International Corp.
New York, New York

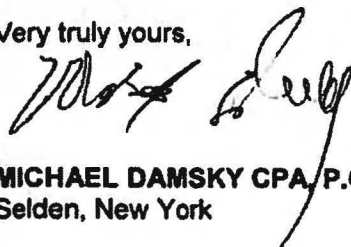

Gentlemen:

We have audited the financial statements of US Securities International Corp as required by the Financial Industry Regulatory Authority and the Securities and Exchange Commission as of September 30, 2018 and have issued a report thereon dated November 28, 2018. In accordance with rule 17a-5(e) (4) of the Securities and Exchange Commission, we have performed the following procedures with respect to the accompanying schedule (Form SIPC-7) of Securities Investor Protection Corporation assessments and payments of US Securities International Corp for the year ended September 30, 2018. Our procedures were performed to solely to assist you in complying with rule 17a-5(e)(4), and our report is not to be used for any other purpose. The procedures we performed were as follows:

1. Compared listed assessment payments with respective cash disbursement records entries;
2. Compared amounts reported on the audited form X-17A-5 for the period October 1, 2017 to September 30, 2018, with the amounts reported in the General Assessment Reconciliation (Form SIPC-7);
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting adjustments; and
5. Compared the amount of any overpayment applied with the Form SIPC-7 on which it was computed.

Because the above procedures do not constitute an audit made in accordance with generally accepted auditing standards, we do not express an opinion on the schedule referred to above. In connection with the procedures referred to above, we noted that the Company deducted dividend income from gross revenue, and we believe that is not consistent with the applicable instructions. In addition there were differences in principal trading transactions in securities. Also the company's policy is to add a percentage of net revenue to record gross commissions. There are minimum fees that are not reflected, however they are offset in the computation of SIPC Net Operating revenue. The net General Assessment is \$4.76 understated. In all other respects the amounts shown on Form SIPC-7 were determined in accordance with applicable instructions and forms. This report relates only to the schedule referred to above and does not extend to any financial statements of US Securities International Corp taken as a whole.

Very truly yours,

MICHAEL DAMSKY CPA, P.C.
