Item 9A. Controls and Procedures, page 53

2. We note your disclosure that your disclosure controls and procedures were effective “to ensure that information required to be disclosed in our reports to be filed under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission’s rules and forms.” Exchange Act Rule 13a-15(e) also requires that you conclude whether your disclosure controls and procedures are designed to ensure that the “information required to be disclosed in the reports that you file or submit under the Exchange Act is accumulated and communicated to your management, including your chief executive officer and chief financial officer, to allow timely decisions regarding required disclosure.” Please confirm that your disclosure controls and procedures, as defined in Rule 13a-15(e) under the Exchange Act, are effective. Confirm you will modify your disclosure, as may be necessary, in future filings.

Note 1. Summary of Significant Accounting Policies, page 67

Revenue Recognition, page 70

3. You disclose that your multiple-element arrangements may include the option for future purchases of software products. Please tell us more about these options and explain how you are accounting for them. Also, tell us whether these options represent specified or unspecified rights to future products. Considering these options are part of your multiple-element arrangements, tell us how you determine VSOE of fair value for such options. As part of your response, refer to the authoritative guidance you relied upon when determining your accounting.
4. We note that your arrangements may include system design, customer-specific integration and implementation services. We further note your disclosures on page 16 where you indicate that the implementation of your software products can be a lengthy process and particularly your Transaction Systems and Services Industries solutions are more complicated than other applications. Please explain to us how you have concluded that the services should be accounted for separately. Refer to paragraphs 7 and 63 to 71 of SOP 97-2 for further guidance.

Note 7. Goodwill and Other Intangibles, Net, page 79

5. We note your reference to an independent third party appraisal that was used to value the Company’s intangible assets. Please note that when you refer to an independent valuation specialist you need to disclose the name of expert and include the expert’s consent with the filing. Refer to Section 436(b) of Regulation C. Alternatively, you may remove this reference. Please tell us how you plan to comply with this requirement.

Note 20. Segment Information, page 95

6. We note that you organize your solutions into two classes of functionality: Transaction Systems and Supply and Demand Optimization solution. We also note your disclosure beginning on page 6 which indicates that there are various product lines within the two classes. In view of these disclosures, please tell us what consideration you have given to quantifying revenue for these product classes or product lines in accordance with paragraph 37 of SFAS 131.

7. We note the identification of the certifying individual at the beginning of the certification required by Exchange Act Rule 13a-14(a) also includes the title of the certifying individual. In future filings, the identification of the certifying individual at the beginning of the certification should be revised so as not to include the individual's title.

Form 8-K Filed April 23, 2007

8. We note your disclosure of non-GAAP measures, including "adjusted operating income" and "adjusted EBITDA". Please note that Item 10(e) of Regulation S-K prohibits adjusting a non-GAAP financial performance measure to eliminate or smooth items identified as non-recurring, infrequent or unusual, when the nature of the charge or gain is such that it is reasonably likely to recur within two years or there was a similar charge or gain within the prior two years. Your non-GAAP measures exclude items such as stock-based compensation, restructuring charges and sale of office facility which are recurring in nature. Tell us how you considered the requirements of Question 8 of the Frequently Asked Questions Regarding the Use of Non-GAAP Financial Measures (FAQ) to include a substantive discussion of why it is useful for investors to evaluate your performance by disregarding these expenses considering that they appear to be recurring and integral to your performance. Please note that you must meet the burden of demonstrating the usefulness of any measure that excludes recurring items. In addition, tell us how you considered the requirements of FAQ 8 to provide sufficient disclosures regarding any limitations and how management compensates for those limitations. Please explain to us how your current disclosures adequately addressed Question 8 of the FAQ.

Please respond to these comments within 10 business days or tell us when you will provide us with a response. Please submit all correspondence and supplemental materials on EDGAR as required by Rule 101 of Regulation S-T.
