# Safe-Harbor Statement

---

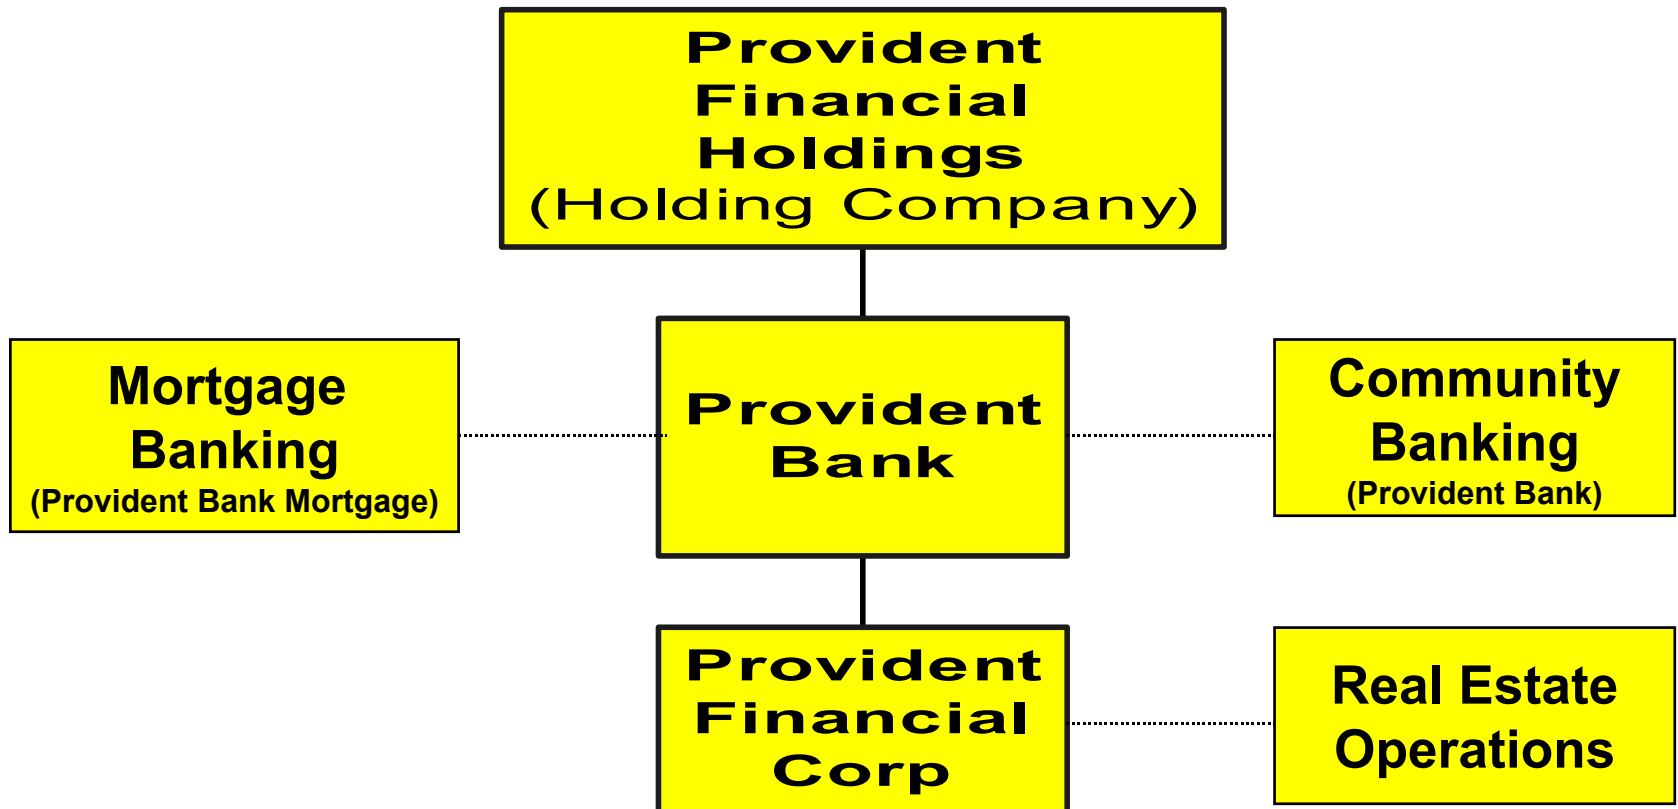

This presentation may constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements relate to, among others, expectations of the business environment in which the Company operates, projections of future performance, perceived opportunities in the market, potential future credit experience, and statements regarding the Company's mission and vision. These forward-looking statements are based upon current management expectations, and may, therefore, involve risks and uncertainties. The Company's actual results, performance, or achievements may differ materially from those suggested, expressed, or implied by forward-looking statements due to a wide range of factors including, but not limited to, the general business environment, interest rates, the California real estate market, competitive conditions between banks and non-bank financial services providers, regulatory changes, and other risks detailed in the Company's reports filed with the Securities and Exchange Commission, including the Annual Report on Form 10-K for the fiscal year ended June 30, 2004. Forward-looking statements are effective only as of the date that they are made and the Company assumes no obligation to update this information.

## Attractive Inland Empire Market

- “This fast population growth has continued since the 2000 Census, with Riverside ranking as the 3rd fastest growing county of the 3,100 counties in the nation and San Bernardino as the 6th fastest growing county.”  
*Source: Inland Empire 2004 Indicators Report.*
- “The Inland Empire is a leader in job creation for the Southern California region. It has added new jobs every year for the last twenty years. Even during the 1990s when Southern California lost over 500,000 jobs, the Inland Empire gained jobs. Since 1990, the Inland Empire easily outdistances its other peer counties in California, gaining over 372,000 jobs even as Los Angeles County lost 151,000 jobs.”  
*Source: Inland Empire 2004 Indicators Report.*
- “With housing affordability in Southern California’s higher income coastal counties down to 11% in San Diego, 13% in Orange and 17% in Los Angeles counties, buyers are migrating to the Inland Empire causing soaring demand for housing from entry level to high-end.”
