President's Letter

December 31, 2004

DEAR SHAREHOLDER:

Enclosed is our report on your Fund's operations for the six months ended December 31, 2004.

The last six months of 2004 saw an upswing in financial markets, as we shook off some of the concerns surrounding the U.S. presidential election and as the economy exhibited continued strength. Stocks saw solid returns for the six-month period, as the S&P 500 rose 7.19 percent and the Dow Jones Industrial Average returned 4.47 percent. Bonds also fared well, with the Lehman Brothers U.S. Credit Index returning 5.52 percent over the last six months.

The period overall had some conflicting influences. Rising energy prices, a declining dollar, the war in Iraq and early uncertainty regarding the election all weighed on the markets. On the other hand, Gross Domestic Product (GDP) rose 4.0 percent in the third calendar quarter of 2004, and current indications are that the fourth quarter saw a rise of between 3.0 and 3.5 percent. Corporate profits continued to rise, expanding in the neighborhood of 15 percent for the period.

The strengthening economy led to ongoing fears of accelerating inflation. The Federal Reserve moved to reduce the likelihood of this occurring by initiating a total of five small rate increases between June and mid-December. During the period, short-term rates rose from the historically low level of 1

percent up to 2.25 percent by year-end. The Fed has stated that it intends to continue considering "measured" rate increases over the next 12 months.

As we look toward 2005, we continue to feel that signs point to a favorable environment for stocks and the economy. We believe that the economy could see a real growth rate of around 3 percent for the year, with a nominal growth rate (after inflation) of 6 percent or more. History suggests that corporate profits tend to grow in line with growth in the economy, and stocks generally mirror the growth in profits. With that in mind, we look for a solid year for the equity markets. Generally, we believe that stocks remain somewhat undervalued.

Regardless of the time period or the short-term market influences, uncertainty remains a part of the investment environment. That is why we believe that adhering to the fundamental principles of investing is the best way to proceed. By investing regularly and diversifying your portfolio among different asset classes and investment styles, we believe that you are more likely to maximize the potential for meeting your financial goals.

Your financial advisor can help you with a more precise strategy for your individual situation, and work with you to develop and maintain a customized investment plan. We believe that focusing on your plan, despite the

ongoing swings in the market, can be your key to a sound financial future.

Thank you for your partnership and your continued commitment to your investment program.

Respectfully,

A handwritten signature in black ink, reading "Henry J. Herrmann". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Henry J. Herrmann, CFA
President

The opinions expressed in this letter are those of the President of the Fund and are current only through the end of the period of the report as stated on the cover. The President's views are subject to change at any time based on market and other conditions, and no forecasts can be guaranteed.

Illustration of Fund Expenses

INTERNATIONAL GROWTH FUND

As a shareholder of the Fund, you incur two types of costs: (1) transaction costs, including sales charges (loads) on purchase payments, redemption fees and exchange fees; and (2) ongoing costs, including management fees, distribution and service fees, and other Fund expenses. The following table is intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds. The example is based on an investment of \$1,000 invested at the beginning of the period and held for the six-month period ended December 31, 2004.

Actual Expenses

The first line for each share class in the following table provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, a \$7,500 account value divided by \$1,000 = 7.5), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period. There may be additional fees charged to holders of certain accounts that are not included in the expenses shown in the table. These fees apply to Individual Retirement Accounts (IRAs), IRA Rollovers, Roth IRAs, Conversion Roth IRAs, Simplified Employee Pension (SEP), Simple IRAs, Tax-Sheltered Accounts (TSAs), Keogh Plans, Owner Only 401(k) (Exclusive K) Plans and Final Pay Plans. As of the close of the six months covered by the table, a customer is charged an annual fee of \$15 within each plan type. This fee is waived for IRA Rollovers and Conversion Roth IRAs if the customer owns another type of IRA. Coverdell Education Savings Account plans are charged an annual fee of \$10 per customer. You should consider the additional fees that were charged to your Fund account over the six-month period when you estimate the total ongoing expenses paid over the period and the impact of these fees on your ending account value as such additional expenses are not reflected in the information provided in the expense table. Additional fees have the effect of reducing investment returns.

Hypothetical Example for Comparison Purposes

The second line for each share class of the following table provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds. Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as sales charges (loads), redemption fees or exchange fees. Therefore, the second line of each share class in the table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

Fund Expenses

	Beginning Account Value 6-30-04	Ending Account Value 12-31-04	Annualized Expense Ratio Based on the Six-Month Period	Expenses Paid During Period*
For the Six Months Ended December 31, 2004				
Based on Actual Fund Return⁽¹⁾				
Class A	\$1,000	\$1,110	1.61%	\$ 8.57
Class B	1,000	1,104	2.90	15.36
Class C	1,000	1,105	2.57	13.62
Class Y	1,000	1,113	1.09	5.78
Based on 5% Return⁽²⁾				
Class A	\$1,000	\$1,017	1.61%	\$ 8.19
Class B	1,000	1,011	2.90	14.68
Class C	1,000	1,012	2.57	13.02
Class Y	1,000	1,020	1.09	5.52

*Fund Expenses for each share class are equal to the Fund's annualized expense ratio for each share class (provided in the table), multiplied by the average account value over the period, multiplied by 184 days in the six-month period ended December 31, 2004, and divided by 365.

(1) This section uses the Fund's actual total return and actual Fund expenses. It is a guide to the actual expenses paid by the Fund in the period. The "Ending Account Value" shown is computed using the Fund's actual return and the "Expenses Paid During Period" column shows the dollar amount that would have been paid by an investor who started with \$1,000 in the Fund. A shareholder may use the information here, together with the dollar amount invested, to estimate the expenses that were paid over the period. For every thousand dollars a shareholder has invested, the expenses are listed in the fourth column.

(2) This section uses a hypothetical 5% return and actual Fund expenses. It helps to compare the Fund's ongoing costs with other mutual funds. A shareholder can compare the Fund's ongoing costs by comparing this hypothetical example with the hypothetical examples that appear in shareholder reports of other funds.

The above illustration is based on ongoing costs only and does not include any transactional costs, such as sales loads, redemption fees or exchange fees.

Notes to Financial Statements

December 31, 2004

NOTE 1 – Significant Accounting Policies

Waddell & Reed Advisors International Growth Fund, Inc. (the “Fund”) is registered under the Investment Company Act of 1940 as a diversified, open-end management investment company. Its investment objective is long-term appreciation. Realization of income is a secondary goal. The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The policies are in conformity with accounting principles generally accepted in the United States of America.

- A. Security valuation** – Each stock and convertible bond is valued at the latest sale price thereof on each business day of the fiscal period as reported by the principal securities exchange on which the issue is traded or, if no sale is reported for a stock, the average of the latest bid and asked prices. Bonds, other than convertible bonds, are valued using a pricing system provided by a pricing service or dealer in bonds. Convertible bonds are valued using this pricing system only on days when there is no sale reported. Stocks which are traded over-the-counter are priced using the Nasdaq Stock Market, which provides information on bid and asked prices quoted by major dealers in such stocks. Restricted securities and securities for which quotations are not readily available or are deemed not to be reliable because of significant events or circumstances identified between the closing of their principal markets and the closing of the New York Stock Exchange are valued at fair value as determined in good faith under procedures established by and under the general supervision of the Fund's Board of Directors. Short-term debt securities are valued at amortized cost, which approximates market value.
- B. Security transactions and related investment income** – Security transactions are accounted for on the trade date (date the order to buy or sell is executed). Securities gains and losses are calculated on the identified cost basis. Dividend income is recorded on the ex-dividend date except that certain dividends from foreign securities are recorded as soon as the Fund is informed of the ex-dividend date. Interest income is recorded on the accrual basis. See Note 3 – Investment Securities Transactions.
- C. Foreign currency translations**– All assets and liabilities denominated in foreign currencies are translated into U.S. dollars daily. Purchases and sales of investment securities and accruals of income and expenses are translated at the rate of exchange prevailing on the date of the transaction. For assets and liabilities other than investments in securities, net realized and unrealized gains and losses from foreign currency translations arise from changes in currency exchange rates. The Fund combines fluctuations from currency exchange rates and fluctuations in market value when computing net realized and unrealized gain or loss from investments.
- D. Forward foreign currency exchange contracts** – A forward foreign currency exchange contract (Forward Contract) is an obligation to purchase or sell a specific currency at a future date at a fixed price. Forward Contracts are “marked-to-market” daily at the applicable translation rates and the resulting unrealized gains or losses are reflected in the Fund's financial statements. Gains or losses are realized by the Fund at the time the forward contract is extinguished. Contracts may be extinguished either by entry into a closing transaction or by delivery of the currency. Risks may arise from the possibility that the other party will not complete the obligations of the contract and from unanticipated movements in the value of the foreign currency relative to the U.S. dollar. The Fund uses forward contracts to attempt to reduce the overall risk of its investments.

E. Federal income taxes – It is the Fund’s policy to distribute all of its taxable income and capital gains to its shareholders and otherwise qualify as a regulated investment company under Subchapter M of the Internal Revenue Code. In addition, the Fund intends to pay distributions as required to avoid imposition of excise tax. Accordingly, provision has not been made for Federal income taxes. See Note 4 – Federal Income Tax Matters.

F. Dividends and distributions – Dividends and distributions to shareholders are recorded by the Fund on the business day following record date. Net investment income dividends and capital gains distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. These differences are due to differing treatments for items such as deferral of wash sales and post-October losses, foreign currency transactions, net operating losses and expiring capital loss carryovers.

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

NOTE 2 – Investment Management and Payments to Affiliated Persons

Waddell & Reed Investment Management Company (“WRIMCO”), a wholly owned subsidiary of Waddell & Reed, Inc. (“W&R”), serves as the Fund’s investment manager. The Fund pays a fee for investment management services. The fee is computed and paid daily based on the net asset value at the close of business. The fee is payable by the Fund at the annual rates of: 0.85% of net assets up to \$1 billion, 0.83% of net assets over \$1 billion and up to \$2 billion, 0.80% of net assets over \$2 billion and up to \$3 billion, and 0.76% of net assets over \$3 billion.

The Fund has an Accounting Services Agreement with Waddell & Reed Services Company (“WRSCO”), a wholly owned subsidiary of W&R. Under the agreement, WRSCO acts as the agent in providing accounting services and assistance to the Fund and pricing daily the value of shares of the Fund. For these services, the Fund pays WRSCO a monthly fee of one twelfth of the annual fee shown in the following table.

Accounting Services Fee	
Average Net Asset Level (in millions)	Annual Fee Rate for Each Level
From \$ 0 to \$ 10	\$ 0
From \$ 10 to \$ 25	\$ 11,500
From \$ 25 to \$ 50	\$ 23,100
From \$ 50 to \$ 100	\$ 35,500
From \$ 100 to \$ 200	\$ 48,400
From \$ 200 to \$ 350	\$ 63,200
From \$ 350 to \$ 550	\$ 82,500
From \$ 550 to \$ 750	\$ 96,300
From \$ 750 to \$1,000	\$121,600
\$1,000 and Over	\$148,500

In addition, for each class of shares in excess of one, the Fund pays WRSCO a monthly per-class fee equal to 2.5% of the monthly accounting services base fee.

The Fund also pays monthly a fee at the annual rate of 0.01% or one basis point for the first \$1 billion of net assets with no fee charged for net assets in excess of \$1 billion.

For Class A, Class B and Class C shares, the Fund pays WRSCO a monthly per account charge for shareholder servicing of \$1.5292 for each shareholder account which was in existence at any time during the prior month. With respect to Class Y shares, the Fund pays WRSCO a monthly fee at an annual rate of 0.15% of the average daily net assets of the class for the preceding month. The Fund also reimburses W&R and WRSCO for certain out-of-pocket costs for all classes.

As principal underwriter for the Fund's shares, W&R received gross sales commissions for Class A shares (which are not an expense of the Fund) of \$338,466. A contingent deferred sales charge ("CDSC") may be assessed against a shareholder's redemption amount of Class A, Class B and Class C shares and is paid to W&R. During the period ended December 31, 2004, W&R received \$2, \$22,392 and \$402 in CDSC for Class A, Class B and Class C shares, respectively. With respect to Class A, Class B and Class C shares, W&R paid sales commissions of \$204,594 and all expenses in connection with the sale of Fund shares, except for registration fees and related expenses.

Under a Distribution and Service Plan for Class A shares adopted by the Fund pursuant to Rule 12b-1 under the Investment Company Act of 1940, the Fund may pay a distribution and/or service fee to W&R in an amount not to exceed 0.25% of the Fund's Class A average annual net assets. The fee is to be paid to reimburse W&R for amounts it expends in connection with the distribution of the Class A shares and/or provision of personal services to Fund shareholders and/or maintenance of shareholder accounts.

Under the Distribution and Service Plan adopted by the Fund for Class B and Class C shares, respectively, the Fund may pay W&R a service fee of up to 0.25%, on an annual basis, of the average daily net assets of the class to compensate W&R for providing services to shareholders of that class and/or maintaining shareholder accounts for that class and a distribution fee of up to 0.75%, on an annual basis, of the average daily net assets of the class to compensate W&R for distributing the shares of that class. The Class B Plan and the Class C Plan each permit W&R to receive compensation, through the distribution and service fee, respectively, for its distribution activities for that class, which are similar to the distribution activities described with respect to the Class A Plan, and for its activities in providing personal services to shareholders of that class and/or maintaining shareholder accounts of that class, which are similar to the corresponding activities for which it is entitled to reimbursement under the Class A Plan.

The Fund paid Directors' regular compensation of \$20,185, which are included in other expenses.

Effective November 2003, the Fund paid Frederick Vogel III special compensation for his service as lead independent director. For the six months ended December 31, 2004, that amount was \$378.

W&R is a subsidiary of Waddell & Reed Financial, Inc., a public holding company, and a direct subsidiary of Waddell & Reed Financial Services, Inc., a holding company.

NOTE 3 – Investment Securities Transactions

Purchases of investment securities, other than U.S. Government obligations and short-term securities, aggregated \$239,238,238, while proceeds from maturities and sales aggregated \$299,930,582. Purchases of short-term securities aggregated \$1,446,836,717, while proceeds from maturities and sales of short-term securities aggregated \$1,478,011,149. No U.S. Government obligations were purchased or sold during the period ended December 31, 2004.

For Federal income tax purposes, cost of investments owned at December 31, 2004 was \$596,306,160, resulting in net unrealized appreciation of \$156,787,280, of which \$160,521,632 related to appreciated securities and \$3,734,352 related to depreciated securities.

NOTE 4 – Federal Income Tax Matters

For Federal income tax purposes, the Fund's distributed and undistributed earnings and profit for the fiscal year ended June 30, 2004 and the related capital loss carryover and post-October activity were as follows:

Net ordinary income	\$ 3,948,666
Distributed ordinary income	10,358,305
Undistributed ordinary income*	3,940,472
Realized long-term capital gains	—
Distributed long-term capital gains	—
Undistributed long-term capital gains	—
Capital loss carryover	20,677,660
Post-October losses deferred	460,688

*This entire amount was distributed prior to December 31, 2004.

Internal Revenue Code regulations permit the Fund to defer into its next fiscal year net capital losses or net long-term capital losses and net foreign currency losses incurred between each November 1 and the end of its fiscal year ("post-October losses").

Capital loss carryovers are available to offset future realized capital gain net income for Federal income tax purposes. The following shows the totals by year in which the capital loss carryovers will expire if not utilized.

June 30, 2009	\$ 90,150,991
June 30, 2010	198,208,780
June 30, 2011	167,974,958
June 30, 2012	20,677,660
Total carryover	<u>\$477,012,389</u>

NOTE 5 – Multiclass Operations

The Fund currently offers four classes of shares, Class A, Class B, Class C and Class Y, each of which have equal rights as to assets and voting privileges. Class Y shares are not subject to a sales charge on purchases, are not subject to a Rule 12b-1 Distribution and Service Plan and are subject to a separate shareholder servicing fee structure. A comprehensive discussion of the terms under which shares of each class are offered is contained in the Prospectus and the Statement of Additional Information for the Fund.

Income, non-class specific expenses, and realized and unrealized gains and losses are allocated daily to each class of shares based on the value of their relative net assets as of the beginning of each day adjusted for the prior day's capital share activity.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders,
Waddell & Reed Advisors International Growth Fund, Inc.:

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of Waddell & Reed Advisors International Growth Fund, Inc. (the “Fund”) as of December 31, 2004, and the related statement of operations for the six-month period then ended, the statements of changes in net assets for the six-month period then ended and the fiscal year ended June 30, 2004, and the financial highlights for the periods presented. These financial statements and financial highlights are the responsibility of the Fund’s management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund’s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2004, by correspondence with the custodian. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Waddell & Reed Advisors International Growth Fund, Inc. as of December 31, 2004, the results of its operations for the six-month period then ended, the changes in its net assets for the six-month period then ended and the fiscal year ended June 30, 2004, and the financial highlights for the periods presented, in conformity with accounting principles generally accepted in the United States of America.
