Section 1.03 Certain Constructions. For purposes of this Agreement, references to the most or next most subordinate Class of Certificates or Regular Interest outstanding at any time shall mean the most or next most subordinate Class of Certificates or Class [PEZ] Regular Interest then outstanding as among the Class [] and Class [] Certificates and the Class [PEZ] Regular Interests. In each case, (a) if the response by the Directing Certificateholder hereunder is inconsistent with the Servicing Standard, the

Master Servicer or the Special Servicer shall take such action as is consistent with the Servicing Standard, and (b) if the Master Servicer or Special Servicer determines that immediate action is necessary to protect the interests of the Certificateholder and, in the case of any Serviced Whole Loan, the related Serviced Companion Loan Noteholders, (as a collective whole as if such Certificateholders and Serviced Companion Loan Noteholders, as applicable, constituted a single lender (and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan)) and has made a reasonable effort to contact the Directing Certificateholder, it may take such action without waiting for a response from the Directing Certificateholder.

Section 1.04 Certain Matters Relating to the Non-Serviced Mortgage Loans. Each Other Servicer, Other Special Servicer, Other Depositor, Other Operating Advisor, Other Asset Representations Reviewer and Other Trustee, and any of their respective directors, officers, employees or agents (collectively, the “Other Indemnified Parties”), shall be indemnified by the Trust and held harmless against the Trust’s *pro rata* share (subject to the related Intercreditor Agreement) of any and all claims, losses, damages, penalties, fines, forfeitures, reasonable legal fees and related costs, judgments and any other costs, liabilities, fees and expenses incurred in connection with any actual or threatened legal action or claim relating to the related Non-Serviced Mortgage Loan under the related Other Pooling and Servicing Agreement, this Agreement or the related Intercreditor Agreement (but excluding any such losses allocable to the related Companion Loans); provided that such indemnification will not extend to any losses, liabilities, costs or expenses: (i) specifically required to be borne by such party, without right of reimbursement, pursuant to the terms of the related Other Pooling and Servicing Agreement; (ii) incurred in connection with any legal action or claim against such party resulting from any breach of a representation or warranty made by such person under the related Other Pooling and Servicing Agreement or (iii) incurred in connection with any legal action or claim against such party resulting from any willful misfeasance, bad faith or negligence in the performance of such Person’s obligations and duties under the related Other Pooling and Servicing Agreement or the related Intercreditor Agreement or resulting from negligent disregard of such obligations and duties.

In connection with the securitization of any Serviced Companion Loan while it is a Serviced Companion Loan, upon the request of (and at the expense of) the related Companion Loan Noteholders, each of the Master Servicer, the Special Servicer, the Certificate Administrator and the Trustee, as applicable, shall use reasonable efforts to cooperate with such Companion Loan Noteholders in attempting to cause the related Borrower to provide information relating to the related Serviced Whole Loan and the related notes, and that such holders reasonably determine to be necessary or appropriate, for inclusion in any disclosure document(s) relating to such Other Securitization.

ARTICLE II

CONVEYANCE OF MORTGAGE LOANS; ORIGINAL ISSUANCE OF CERTIFICATES

Section 2.01 Conveyance of Mortgage Loans; Assignment of Mortgage Loan Purchase Agreements. (a) The Depositor, concurrently with the execution and delivery hereof

on the Closing Date, does hereby establish a trust designated as “[NAME OF ISSUING ENTITY],” appoint the Trustee as trustee of the Trust Fund and sell, transfer, assign, set over and otherwise convey to the Trustee without recourse (except to the extent herein provided) all the right, title and interest of the Depositor in and to the Mortgage Loans, including all rights to payment in respect thereof, except as set forth below, and any security interest thereunder (whether in real or personal property and whether tangible or intangible) in favor of the Depositor, and a security interest in all Reserve Accounts, Lock-Box Accounts, Cash Collateral Accounts and all other assets to the extent included or to be included in the Trust Fund for the benefit of the Certificateholders. Such transfer and assignment includes all interest and principal due on or with respect to the Mortgage Loans after the Cut-off Date and, in the case of a Mortgage Loan included in a Whole Loan, is subject to the related Intercreditor Agreement. Transfer and assignment of a Non-Serviced Mortgage Loan and the right to service a Non-Serviced Mortgage Loan is further subject to the terms and conditions of the Other Pooling and Servicing Agreement and the related Intercreditor Agreement. In addition, on the Closing Date, the Depositor shall remit to the Master Servicer for deposit into the Collection Account an amount equal to the Interest Deposit Amount in immediately available funds. The Depositor, concurrently with the execution and delivery hereof, does also hereby transfer, assign, set over and otherwise convey to the Trustee without recourse (except to the extent provided herein), for the benefit of the Certificateholders and the Serviced Companion Loan Noteholders, all the right, title and interest of the Depositor in, to and under the Mortgage Loan Purchase Agreements as provided therein (excluding Sections 6(e)-(g) of each Mortgage Loan Purchase Agreement, the representations, warranties and covenants in favor of the Depositor set forth in clause (viii) of Section 4(b) of each Mortgage Loan Purchase Agreement and the Depositor’s rights and remedies with respect to a breach thereof, and excluding the Depositor’s rights and remedies under the Indemnification Agreements) to the extent related to any Mortgage Loan. The Depositor shall cause the Reserve Accounts, Cash Collateral Accounts and Lock-Box Accounts relating to the Mortgage Loans to be transferred to and held in the name of the Master Servicer on behalf of the Trustee as successor to the Mortgage Loan Sellers.

With respect to any Mortgage Loan that is subject to an Intercreditor Agreement, the parties hereto intend that the provisions of this Section 2.01(a) serve as an assignment and assumption agreement between the Depositor, as the assignor, and the Trustee on behalf of the Trust, as the assignee. Accordingly, the Depositor hereby (and in accordance with and subject to all other applicable provisions of this Agreement) assigns, grants, sells, transfers, delivers, sets over, and conveys to the Trustee all right, title and interest of the Depositor in, to and arising out of the related Intercreditor Agreement and the Trustee on behalf of the Trust hereby accepts (subject to applicable provisions of this Agreement) the foregoing assignment and assumes all of the rights and obligations of the Depositor with respect to related Intercreditor Agreement from and after the Closing Date. In addition, the Trustee acknowledges that any such Mortgage Loan that is a Serviced Mortgage Loan shall be serviced pursuant to the terms of this Agreement.

In connection with such transfer and assignment, the Depositor does hereby deliver to, and deposit with, the Custodian, with copies to the Master Servicer and the Special Servicer, the following documents or instruments with respect to each Mortgage Loan and each Serviced Companion Loan (which, except for the Mortgage Note referred to in clause (i) below, relate to the Serviced Whole Loan) so assigned (provided, the original of documents specified in items (xix) and (xx) shall be delivered to the Master Servicer):

With respect to Serviced Whole Loans, except for the Mortgage Note referred to in clause (i)(B) of the preceding paragraph, only a single original set of the Loan Documents specified above is required to be delivered. With respect to a Non-Serviced Mortgage Loan, the preceding document delivery requirements will be met by the delivery by the applicable Mortgage Loan Seller to the Custodian of copies of the documents specified above (other than the Mortgage Note and intervening endorsements evidencing a Non-Serviced Mortgage Loan, with respect to which the originals shall be required), including a copy of the Mortgage securing the applicable Non-Serviced Mortgage Loan and copies of the companion notes and any assignments or other transfer documents referred to in clause (i)(B) of the preceding paragraph as being in favor of the Trustee shall instead be in favor of the applicable Other Trustee.

In the event that any such document or instrument in respect of any Mortgage Loan is lost or returned unrecorded or unfiled, as the case may be, because of a defect therein, the related Mortgage Loan Seller shall promptly prepare or cause the preparation of a substitute thereof or cure or cause the curing of such defect, as the case may be, and shall thereafter deliver the substitute or corrected document to or at the direction of the Custodian or such other third party vendor as retained by the Mortgage Loan Seller for recording or filing, as appropriate, at such Mortgage Loan Seller’s expense (as set forth in the related Mortgage Loan Purchase Agreement). In the event that any Mortgage Loan Seller receives the original recorded or filed copy, each Mortgage Loan Seller will, promptly upon receipt of the original recorded or filed copy (and in no event later than five Business Days following such receipt) deliver such original to the Custodian, with evidence of filing or recording thereon. Notwithstanding anything to the contrary contained in this Section 2.01, in those instances where the public recording office retains the original Mortgage, Assignment of Mortgage, Assignment of Leases, Rents and Profits or Reassignment of Assignment of Leases, Rents and Profits, if applicable, after any has been recorded, the obligations of the related Mortgage Loan Seller under the applicable Mortgage Loan Purchase Agreement shall be deemed to have been satisfied upon delivery to the Custodian of a copy of the recorded original of such Mortgage, Assignment of Mortgage, Assignment of Leases, Rents and Profits or Reassignment of Assignment of Leases, Rents and Profits, if applicable.

If a Mortgage Loan Seller cannot deliver, or cause to be delivered, as to any Mortgage Loan, the original or a copy of the related lender’s title insurance policy referred to in Section 2.01(a)(vii) solely because such policy has not yet been issued, the delivery requirements of this Section 2.01 will be deemed to be satisfied as to such missing item, and such missing item will be deemed to have been included in the related Mortgage File by delivery to the Custodian of a binder marked as binding and countersigned by the title insurer or its authorized agent

(which may be a *pro forma* or specimen title insurance policy which has been accepted or approved as binding in writing by the related title insurance company) or an acknowledged closing instruction or escrow letter, and the Mortgage Loan Seller will be required to deliver to the Custodian, promptly following the receipt thereof, the original related lender's title insurance policy (or a copy thereof). Copies of recorded or filed Assignments of Mortgage, Reassignments of Assignment of Leases, Rents and Profits and UCC assignments of financing statements shall be held by the Custodian.

Subject to the third preceding paragraph, all original documents relating to the Mortgage Loans which are not delivered to the Custodian are and shall be held by the Depositor or the Master Servicer (or a sub-servicer on its behalf), as the case may be, in trust for the benefit of the Certificateholders and, insofar as they also relate to the Serviced Companion Loans, on behalf of and for the benefit of the related Serviced Companion Loan Noteholders. In the event that any such original document, or in the case of a Serviced Companion Loan, the original Mortgage Note, is required pursuant to the terms of this Section to be a part of a Mortgage File in order to effectuate the purposes of this Agreement, such document shall be delivered promptly to the Custodian.

(b) In connection with the Depositor's assignment pursuant to subsection (a) above, the Depositor shall direct, and hereby represents and warrants that it has directed, each of the Mortgage Loan Sellers pursuant to the applicable Mortgage Loan Purchase Agreement to deliver to and deposit with or cause to be delivered to and deposited with, (i) the Custodian, on or before the Closing Date, for each Mortgage Loan so assigned the Mortgage Note (or a copy of the Mortgage Note evidencing each related Serviced Companion Loan), the original or a copy of the related Mortgage, the original or a copy of the title policy for each Mortgage Loan (subject to the second-to-last paragraph under Section 2.01(a)), a copy of the related ground lease (or, with respect to a leasehold interest with respect to a space lease or air rights, a copy of the related space lease or air rights lease), if applicable, for each Mortgage Loan and an original (or copy, if the original is held by the Master Servicer pursuant to Section 2.01(c)) of any letters of credit held by the lender as beneficiary or assigned as security for the Mortgage Loan, and, except as otherwise provided in the following paragraph, within 30 days following the Closing Date, the remaining applicable documents referred to in Section 2.01(a) for each such Mortgage Loan or Serviced Companion Loan, in each case, with copies to the Master Servicer and (ii) the Master Servicer, on or before the Closing Date, all documents and records that are part of each applicable Servicing File. If the applicable Mortgage Loan Seller cannot deliver, or cause to be delivered, as to any Mortgage Loan, the original Mortgage Note, such Mortgage Loan Seller shall deliver a copy or duplicate original of such Mortgage Note, together with an affidavit certifying that the original thereof has been lost or destroyed and an indemnification in favor of the Certificate Administrator, the Trustee and the Custodian.

If the applicable Mortgage Loan Seller or the Depositor cannot deliver, or cause to be delivered, as to any Mortgage Loan, the original or a copy of any of the documents and/or instruments referred to in Section 2.01(a)(ii), Section 2.01(a)(v), Section 2.01(a)(iv), Section 2.01(a)(viii), Section 2.01(a)(xiv) and Section 2.01(a)(xvi) and the UCC financing statements and UCC assignments of financing statements referred to in Section 2.01(a)(xiii), with evidence of recording or filing thereon, solely because of a delay caused by the public recording or filing office where such document or instrument has been delivered for recordation

or filing, or because such original recorded or filed document has been lost or returned from the recording or filing office and subsequently lost, as the case may be, the delivery requirements of Section 2.01 shall be deemed to have been satisfied as to such missing item, and such missing item shall be deemed to have been included in the related Mortgage File, provided that a copy of such document or instrument (without evidence of recording or filing thereon, but certified (which certificate may relate to multiple documents and/or instruments) by the applicable public recording or filing office, the applicable title insurance company or the related Mortgage Loan Seller to be a true and complete copy of the original thereof submitted for recording or filing, as the case may be) has been delivered to the Custodian within [60] days after the Closing Date, and either the original of such missing document or instrument, or a copy thereof, with evidence of recording or filing, as the case may be, thereon, is delivered to the Custodian within 180 days after the Closing Date (or within such longer period after the Closing Date so long as the related Mortgage Loan Seller has provided the Custodian with evidence of such recording or filing, as the case may be, or has certified to the Custodian as to the occurrence of such recording or filing, as the case may be, and is, as certified to the Custodian no less often than quarterly, in good faith attempting to obtain from the appropriate county recorder's or filing office such original or copy, provided such extensions do not exceed 24 months in the aggregate).

(c) Notwithstanding anything herein to the contrary, with respect to the documents referred to in Section 2.01(a)(xix) and Section 2.01(a)(xx) of this Agreement, the Master Servicer shall hold (or the applicable Other Servicer with respect to any Non-Serviced Mortgage Loan will hold) the original of each such document in trust on behalf of the Trust (or the applicable Other Trust with respect to any Non-Serviced Mortgage Loan) in order to draw on such letter of credit on behalf of the Trust (or the applicable Other Trust with respect to any Non-Serviced Mortgage Loan) and the applicable Mortgage Loan Seller shall be deemed to have satisfied the delivery requirements of the related Mortgage Loan Purchase Agreement and this Section 2.01 of this Agreement by delivering the original of each such document to the Master Servicer (or the applicable Other Servicer with respect to any Non-Serviced Mortgage Loan) who shall forward a copy of the applicable document to the Custodian (or the custodian in the applicable Other Securitization with respect to any Non-Serviced Mortgage Loan). The applicable Mortgage Loan Seller shall pay any costs of assignment or amendment of such letter of credit (which amendment shall change the beneficiary of the letter of credit to the Trust (or the applicable Other Trust with respect to any Non-Serviced Mortgage Loan) in care of the Master Servicer (or the applicable Other Servicer with respect to any Non-Serviced Mortgage Loan)) required in order for the Master Servicer (or the applicable Other Servicer with respect to any Non-Serviced Mortgage Loan) to draw on such letter of credit on behalf of the Trust (or the applicable Other Trust with respect to any Non-Serviced Mortgage Loan). In the event that the documents specified in Section 2.01(a)(xx) of this Agreement are missing with respect to any Mortgage Loan (other than a Non-Serviced Mortgage Loans) because the related assignment or amendment documents have not been completed, the applicable Mortgage Loan Seller shall take all necessary steps to enable the Master Servicer to draw on the related letter of credit on behalf of the Trust including, if necessary, drawing on the letter of credit in its own name pursuant to written instructions from the Master Servicer and immediately remitting such funds (or causing such funds to be remitted) to the Master Servicer.

(d) With respect to the Mortgage Loans (other than a Non-Serviced Mortgage Loan) secured by the Mortgaged Properties identified as Loan Nos. [_____] on the Mortgage

Loan Schedule, which are each subject to a franchise agreement with a related comfort letter in favor of the respective Mortgage Loan Seller that requires the lender to take some action such as provide notice to the related franchisor or request that the related franchisor deliver a new comfort letter issued in the name of the Trust, the related Mortgage Loan Seller or its designee will be required to provide any such required notice or make any such required request to the related franchisor, with a copy of such notice or request to the Master Servicer, or take any such required action within 45 days of the Closing Date (or any shorter period if required by the applicable comfort letter), notify the related franchisor that such Mortgage Loan has been transferred to the Trust and request a replacement comfort letter (or any such new document or acknowledgement as may be contemplated under the existing comfort letter), and the Master Servicer shall use reasonable efforts in accordance with the Servicing Standard to acquire such replacement comfort letter, if necessary (or to acquire any such new document or acknowledgement as may be contemplated under the existing comfort letter).

(e) Within [] days of the Closing Date, Special Servicer, shall review the documents and information delivered or caused to be delivered by each Mortgage Loan Seller constituting the Diligence Files and, promptly following such review (but in no event later than [] days after the Closing Date), the Special Servicer shall certify in writing to each of the Depositor, the Master Servicer, the Trustee, the Directing Certificateholder, the Asset Representations Reviewer, the Operating Advisor and the applicable Mortgage Loan Seller (as to each such Mortgage Loan listed in the Mortgage Loan Schedule) that, except as specifically identified in any exception report annexed to such writing (the “Special Servicer Exception Report”), the foregoing documents and information delivered or caused to be delivered by the related Mortgage Loan Seller have been reviewed by the Special Servicer and appear on its face to be the Diligence File related to such Mortgage Loan.

Section 2.02 Acceptance by Custodian and the Trustee. By its execution and delivery of this Agreement, the Trustee acknowledges the assignment to it of the Mortgage Loans in good faith without notice of adverse claims and declares that the Custodian holds and will hold such documents and all others delivered to it constituting the Mortgage File (to the extent the documents constituting the Mortgage File are actually delivered to the Custodian) for any Mortgage Loan assigned to the Trustee hereunder in trust, upon the conditions herein set forth, for the use and benefit of all present and future Certificateholders and Serviced Companion Loan Noteholders.

The Custodian hereby certifies to each of the Directing Certificateholder, the Depositor, the Certificate Administrator, the Trustee, the Master Servicer, the Special Servicer and each Mortgage Loan Seller that except as identified in the Custodian’s closing date certification, which shall be delivered no later than two Business Days after the Closing Date substantially in the form attached as Exhibit N-1 to this Agreement, (i) each Mortgage Note (or copy thereof, with respect to any Serviced Companion Loan) is in its possession and has been reviewed by the Custodian and (A) appears regular on its face (handwritten additions, changes or corrections shall not constitute irregularities if initialed by the Borrower), (B) appears to have been executed (where appropriate) and (C) purports to relate to such Mortgage Loan and (ii) each of the documents specified in Section 2.01(a)(ii), Section 2.01(a)(vii), Section 2.01(a)(xi) and Section 2.01(a)(xix) of this Agreement have been received, have been executed, appear to be what they purport to be, purport to be recorded or filed (as applicable) and

have not been torn in any materially adverse manner or mutilated or otherwise defaced, and that such documents relate to the Mortgage Loans identified in the Mortgage Loan Schedule. If the Custodian does not send a closing date certification on the Closing Date, it shall send an email confirmation to the Trustee that it has received all of the Mortgage Notes (or copies or lost note affidavits as permitted), subject to any exceptions noted therein, on the Closing Date.

On or about the 60th day following the Closing Date (and, if any exceptions are noted, again on or about the 90th day following the Closing Date and monthly thereafter until the earliest of (i) the second anniversary of the Closing Date, (ii) the day on which all material exceptions have been removed and (iii) the day on which the applicable Mortgage Loan Seller has repurchased or substituted for the last affected Mortgage Loan), the Custodian shall review each Mortgage File and shall certify to each of the Controlling Class Representative, the Depositor, the Certificate Administrator, the Trustee, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer and each Mortgage Loan Seller in the form attached as Exhibit N-2 to this Agreement that all documents (other than documents referred to in clauses (xix) and (xx) of Section 2.01(a) of this Agreement, which shall be delivered to the Master Servicer and the documents referred to in clauses (iv)(B), (v) and (viii)(B) of Section 2.01(a) of this Agreement and the assignments of financing statements referred to in clause (xiii) of Section 2.01(a) of this Agreement, which shall be delivered for filing or recording by the related Mortgage Loan Seller as provided herein) referred to in Section 2.01(a) above (in the case of the documents referred to in Section 2.01(a)(iii), Section 2.01(a)(v), Section 2.01(a)(viii), Section 2.01(a)(ix), Section 2.01(a)(x), Section 2.01(a)(xii) through Section 2.01(a)(xvi) and Section 2.01(a)(xviii) through Section 2.01(a)(xx) of this Agreement, as identified to it in writing by the related Mortgage Loan Seller) and any original recorded documents included in the delivery of a Mortgage File have been received, have been executed, appear to be what they purport to be, purport to be recorded or filed (as applicable) and have not been torn in any materially adverse manner or mutilated or otherwise defaced, and that such documents relate to the Mortgage Loans identified in the Mortgage Loan Schedule. In so doing, the Custodian may rely on the purported due execution and genuineness of any such document and on the purported genuineness of any signature thereon. Notwithstanding the foregoing, with respect to any Non-Serviced Mortgage Loan, the Custodian shall only be required to certify to each of the Controlling Class Representative, the Depositor, the Certificate Administrator, the Trustee, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer and each Mortgage Loan Seller that the document set forth in Section 2.01(a)(i)(A) has been received.

If at the conclusion of such review any document or documents constituting a part of a Mortgage File have not been executed or received, have not been recorded or filed (if required), are unrelated to the Mortgage Loans identified in the Mortgage Loan Schedule, appear not to be what they purport to be or have been torn in any materially adverse manner or mutilated or otherwise defaced, the Custodian shall promptly so notify (in the form attached as Exhibit M to this Agreement) the Trustee, the Directing Certificateholder (but only if no Consultation Termination Event has occurred), the Depositor, the Certificate Administrator, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer and the related Mortgage Loan Seller by providing a written report, setting forth for each affected Mortgage Loan, with particularity, the nature of the defective or missing document. The Depositor shall or shall cause the related Mortgage Loan Seller to deliver to the Custodian an

executed, recorded or undamaged document, as applicable, or, if the failure to deliver such document in such form constitutes a Material Defect, the Depositor shall cause the related Mortgage Loan Seller to cure, repurchase or substitute for the related Mortgage Loan in the manner provided in Section 2.03(e) of this Agreement. None of the Master Servicer, the Special Servicer, the Certificate Administrator, the Custodian or the Trustee shall be responsible for any loss, cost, damage or expense to the Trust Fund resulting from any failure to receive any document constituting a portion of a Mortgage File noted on such a report or for any failure by the Depositor to use its best efforts to deliver any such document.

Contemporaneously with its execution of this Agreement, the Depositor shall cause each Mortgage Loan Seller to deliver a power of attorney substantially in the form of Exhibit C to the applicable Mortgage Loan Purchase Agreement to the Master Servicer and Special Servicer, that permits such parties to take such other action as is necessary to effect the delivery, assignment and/or recordation of any documents and/or instruments relating to any Mortgage Loan which have not been delivered, assigned or recorded at the time required for enforcement by the Trust Fund. Pursuant to the related Mortgage Loan Purchase Agreement, each of the Mortgage Loan Sellers will be required to effect (at the expense of the applicable Mortgage Loan Seller) the assignment and recordation of its respective Loan Documents until the assignment and recordation of all such Loan Documents has been completed.

In reviewing any Mortgage File pursuant to the third preceding paragraph or Section 2.01 of this Agreement, the Master Servicer shall have no responsibility to cause the Custodian or Trustee to, and the Custodian or Trustee will have no responsibility to, examine any opinions or determine whether any document is legal, valid, binding, sufficient, duly authorized or enforceable, whether the text of any assignment or endorsement is in proper or recordable form (except, if applicable, to determine if the Trustee is the assignee or endorsee), whether any document has been recorded in accordance with the requirements of any applicable jurisdiction, whether a blanket assignment is permitted in any applicable jurisdiction, or whether any Person executing any document or rendering any opinion is authorized to do so or whether any signature thereon is genuine.

The Custodian shall hold that portion of the Trust Fund delivered to the Custodian consisting of "instruments" (as such term is defined in Section 9-102 of the Uniform Commercial Code as in effect in [_____] on the date hereof) in [_____] and, except as otherwise specifically provided in this Agreement, shall not remove such instruments from [_____] as applicable, unless it receives an Opinion of Counsel (obtained and delivered at the expense of the Person requesting the removal of such instruments from [_____]) that if the transfer of the Mortgage Loans to the Trustee is deemed not to be a sale, after such removal, the Trustee will possess a first priority perfected security interest in such instruments.

Section 2.03 Representations, Warranties and Covenants of the Depositor; Repurchase and Substitution of Mortgage Loans. (a) The Depositor hereby represents and warrants that:

- (i) The Depositor is a corporation duly organized, validly existing and in good standing under the laws of the State of Delaware;

(ii) The Depositor has taken all necessary action to authorize the execution, delivery and performance of this Agreement by it, and has the power and authority to execute, deliver and perform this Agreement and all the transactions contemplated hereby, including, but not limited to, the power and authority to sell, assign and transfer the Mortgage Loans in accordance with this Agreement;

(viii) The Trustee, if not the owner of the related Mortgage Loan, will have a valid and perfected security interest of first priority in each of the Mortgage Loans and any proceeds thereof.

(b) The Depositor hereby represents and warrants with respect to each Mortgage Loan that:

(i) Immediately prior to the transfer and assignment to the Trustee by the Depositor, the Mortgage Note and the Mortgage were not subject to an assignment or

pledge, and the Depositor had good title to, and was the sole owner of, the Mortgage Loan and had full right to transfer and sell the Mortgage Loan to the Trustee free and clear of any encumbrance, equity, lien, pledge, charge, claim or security interest; provided, that, in the case of a Non-Serviced Mortgage Loan, the related Mortgage has been (or will be) assigned to the Other Trustee under the Other Pooling and Servicing Agreement for the benefit of the holders of securities issued in connection with the related Other Securitization, as applicable;

(ii) The Depositor is transferring such Mortgage Loan free and clear of any and all liens, pledges, charges or security interests of any nature encumbering such Mortgage Loan;

(iii) The related Assignment of Mortgage constitutes the legal, valid and binding assignment of such Mortgage from the Depositor to the Trustee, and any related Reassignment of Assignment of Leases, Rents and Profits constitutes the legal, valid and binding assignment from the Depositor to the Trustee; and

(iv) No claims have been made by the Depositor under the lender's title insurance policy, and the Depositor has not done anything which would impair the coverage of such lender's title insurance policy.

(c) It is understood and agreed that the representations and warranties set forth in this Section 2.03 shall survive delivery of the respective Mortgage Files to the Custodian until the termination of this Agreement, and shall inure to the benefit of the Certificateholders, any Serviced Companion Loan Noteholders, Certificate Administrator, the Trustee, the Custodian, the Master Servicer and the Special Servicer.

(d) If the Master Servicer or the Special Servicer (i) receives a Repurchase Communication of a request or demand for repurchase or replacement of a Mortgage Loan because of a Breach or a Defect (each as defined below) (any such request or demand, a "Repurchase Request", and the Master Servicer or the Special Servicer, as applicable, to the extent it receives a Repurchase Request, the "Repurchase Request Recipient" with respect to such Repurchase Request); (ii) receives a Repurchase Communication of a withdrawal of a Repurchase Request by the Person making such Repurchase Request (a "Repurchase Request Withdrawal"), (iii) receives a Repurchase Communication that any Mortgage Loan that was subject to a Repurchase Request has been repurchased or replaced (a "Repurchase"), or (iv) receives a Repurchase Communication of the rejection of a Repurchase Request (a "Repurchase Request Rejection"), then such Person shall deliver written notice of such Repurchase Request, Repurchase Request Withdrawal, Repurchase or Repurchase Request Rejection (each such notice, a "Rule 15Ga-1 Notice") to the Depositor and the related Mortgage Loan Seller, in each case within ten Business Days from such party's receipt of a Repurchase Communication of such Repurchase Request, Repurchase Request Withdrawal, Repurchase or Repurchase Request Rejection, as applicable; provided however, if the Master Servicer receives notice of a Repurchase Request Withdrawal or Repurchase Request Rejection from the Special Servicer, the Master Servicer shall have no obligation to deliver such notice to any other party.

Each Rule 15Ga-1 Notice shall include (i) the identity of the related Mortgage Loan, (ii) the date the Repurchase Communication of the Repurchase Request, Repurchase

Request Withdrawal, Repurchase or Repurchase Request Rejection, as applicable, was received and (iii) in the case of a Repurchase Request, (A) the identity of the Person making such Repurchase Request, (B) if known, the basis for the Repurchase Request (as asserted in the Repurchase Request) and (C) a statement from the Repurchase Request Recipient as to whether it currently plans to pursue such Repurchase Request.

No Person that is required to provide a Rule 15Ga-1 Notice pursuant to this Section 2.03(d) (a “Rule 15Ga-1 Notice Provider”) shall be required to provide any information in a Rule 15Ga-1 Notice protected by the attorney-client privilege or attorney work product doctrines. Each Mortgage Loan Purchase Agreement will provide that (i) any Rule 15Ga-1 Notice provided pursuant to this Section 2.03(d) is so provided only to assist the related Mortgage Loan Seller, the Depositor and its Affiliates to comply with Rule 15Ga-1 under the Exchange Act, Items 1104 and 1121 of Regulation AB and any other requirement of law or regulation and (ii) (A) no action taken by, or inaction of, a Rule 15Ga-1 Notice Provider and (B) no information provided pursuant to this Section 2.03(d) by a Rule 15Ga-1 Notice Provider, shall be deemed to constitute a waiver or defense to the exercise of any legal right the Rule 15Ga-1 Notice Provider may have with respect to the related Mortgage Loan Purchase Agreement, including with respect to any Repurchase Request that is the subject of a Rule 15Ga-1 Notice.

In the event that the Depositor, the Trustee, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer or the Custodian receives a Repurchase Communication of a Repurchase Request or a Repurchase Request Withdrawal, then such party shall promptly forward such Repurchase Communication of such Repurchase Request or Repurchase Request Withdrawal to the Master Servicer, if relating to a Performing Loan, or to the Special Servicer, if relating to a Specially Serviced Loan or REO Property, and include the following statement in the related correspondence: “This is a “Repurchase Request [Withdrawal]” under Section 2.03(d) of the Pooling and Servicing Agreement relating to the [NAME OF ISSUING ENTITY] Commercial Mortgage Pass-Through Certificates requiring action by you as the recipient of such Repurchase Request or Repurchase Request Withdrawal thereunder”. Upon receipt of such Repurchase Communication of such Repurchase Request or Repurchase Request Withdrawal by the Master Servicer or the Special Servicer, as applicable, such party shall be deemed to be the Repurchase Request Recipient of such Repurchase Communication of such Repurchase Request or Repurchase Request Withdrawal, and such party shall comply with the procedures set forth in this Section 2.03(d) with respect to such Repurchase Request or Repurchase Request Withdrawal. In no event shall the Custodian, by virtue of this provision, be required to provide any notice other than as set forth in Section 2.02 of this Agreement in connection with its review of the Mortgage File.

(e) A “Defect” shall exist with respect to a Mortgage Loan if any document constituting a part of the related Mortgage File has not been delivered within the time periods provided for in the related Mortgage Loan Purchase Agreement, has not been properly executed, is missing, does not appear to be regular on its face or contains information that does not conform in any material respect with the corresponding information set forth in the Mortgage Loan Schedule. A “Breach” shall mean a breach of any representation or warranty of any Mortgage Loan Seller made pursuant to the related Mortgage Loan Purchase Agreement with

respect to any Mortgage Loan. If any party hereto discovers or receives notice of a Defect or a Breach, and if such Defect is a Material Defect or such Breach is a Material Breach, as applicable, then such party, on behalf of the Trust Fund, shall give prompt written notice thereof to the related Mortgage Loan Seller, the other parties hereto, the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement), the related Serviced Companion Loan Noteholder (if any) and, for so long as no Consultation Termination Event has occurred, the Directing Certificateholder. If any such Defect or Breach materially and adversely affects the value of any Mortgage Loan, the value of the related Mortgaged Property or the interests of the Trustee in any Mortgage Loan, Trust Subordinate Companion Loan or Mortgaged Property, or causes the related Mortgage Loan or Trust Subordinate Companion Loan to be other than a "qualified mortgage" (within the meaning of Section 860G(a)(3) of the Code, without regard to the rule of Treasury Regulation Section 1.860G-2(f)(2) which causes a defective mortgage loan to be treated as a "qualified mortgage"), then such Defect shall constitute a "Material Defect" or such Breach shall constitute a "Material Breach," as the case may be; provided, that if any of the documents specified in Section 2.01(a)(i), Section 2.01(a)(ii), Section 2.01(a)(vii), Section 2.01(a)(xi) and Section 2.01(a)(xix) of this Agreement are not delivered as required in the related Mortgage Loan Purchase Agreement, it shall be deemed a Material Defect. The Custodian, the Certificate Administrator and the Trustee shall not be required to make any such determination. Promptly upon receiving written notice of any such Material Defect or Material Breach with respect to a Mortgage Loan, accompanied by a written demand to take the actions contemplated by this sentence from the Depositor, the Master Servicer, the Special Servicer, the Trustee, the Certificate Administrator or the Custodian, on behalf of the Trust Fund, the applicable Mortgage Loan Seller shall, not later than 90 days from the applicable Mortgage Loan Seller's receipt of such notice of such Material Defect or Material Breach, as the case may be (or, in the case of a Material Defect or Material Breach relating to a Mortgage Loan not being a "qualified mortgage" as described in the second preceding sentence, not later than 90 days after the Mortgage Loan Seller or any party hereto discovering such Material Defect or Material Breach, provided that the related Mortgage Loan Seller has received notice in accordance with the terms of the related Mortgage Loan Purchase Agreement) (any such 90-day period, the "Initial Resolution Period"), (i) cure the same in all material respects, (ii) repurchase the affected Mortgage Loan or Trust Subordinate Companion Loan at the applicable Purchase Price in conformity with the applicable Mortgage Loan Purchase Agreement or (iii) substitute a Qualified Substitute Mortgage Loan (other than with respect to the Whole Loans, as applicable, for which no substitution will be permitted) for such affected Mortgage Loan (provided that, in no event shall such substitution occur later than the second anniversary of the Closing Date) and pay to the Master Servicer for deposit into the Collection Account (or, with respect to any Serviced Whole Loan, the applicable Serviced Whole Loan Collection Account) any Substitution Shortfall Amount in connection therewith; provided that if (i) such Material Defect or Material Breach is capable of being cured but not within the Initial Resolution Period or, with respect to the immediately preceding proviso, the time period set forth therein, (ii) such Material Defect or Material Breach is not related to any Mortgage Loan's not being a "qualified mortgage" within the meaning of the REMIC Provisions, (iii) the Mortgage Loan Seller has commenced and is diligently proceeding with the cure of such Material Defect or Material Breach within the Initial Resolution Period and (iv) the Mortgage Loan Seller has delivered to the Master Servicer, the Special Servicer, the Certificate Administrator (who will promptly deliver a copy of such officer's certificate to the 17g-5 Information Provider), the Trustee, the Operating Advisor and,

prior to the occurrence of a Consultation Termination Event, the Directing Certificateholder, an officer's certificate that describes the reason the cure was not effected within the initial 90-day period, then the Mortgage Loan Seller shall have an additional period equal to the applicable Resolution Extension Period to complete such cure or, failing such cure, to repurchase the Mortgage Loan or substitute a Qualified Substitute Mortgage Loan. Notwithstanding the foregoing, if a Mortgage Loan is not secured by a Mortgaged Property that is, in whole or in part, a hotel, restaurant (operated by a Borrower), healthcare facility, nursing home, assisted living facility, self-storage facility, theatre or fitness center (operated by a Borrower), then the failure to deliver to the Custodian copies of the UCC financing statements with respect to such Mortgage Loan shall not be a Material Defect. With respect to the Non-Serviced Mortgage Loans, the related Mortgage Loan Seller agrees that any Defect as such term is defined in the related Other Pooling and Servicing Agreement (other than a Defect related to the promissory note for the related Companion Loan) will constitute a Defect under this Agreement.

Notwithstanding the foregoing, if there is a Material Breach or Material Defect with respect to one or more Mortgaged Properties with respect to a Mortgage Loan, the applicable Mortgage Loan Seller will not be obligated to repurchase the Mortgage Loan if (i) the affected Mortgaged Property may be released pursuant to the terms of any partial release provisions in the related Loan Documents (and such Mortgaged Property is, in fact, released), (ii) the remaining Mortgaged Property(ies) satisfy the requirements, if any, set forth in the Loan Documents and the Mortgage Loan Seller provides an Opinion of Counsel to the effect that such release would not cause an Adverse REMIC Event to occur and (iii) each applicable Rating Agency has provided a Rating Agency Confirmation.

If a Mortgage Loan Seller, in connection with a Material Defect or a Material Breach (or an allegation of a Material Defect or a Material Breach) pertaining to a Mortgage Loan, makes a cash payment pursuant to an agreement or a settlement between the applicable Mortgage Loan Seller and the Special Servicer on behalf of the Trust (and with the consent of the Directing Certificateholder if no Control Termination Event has occurred and is continuing) (each such payment, a "Loss of Value Payment") with respect to such Mortgage Loan, the amount of such Loss of Value Payment shall be deposited into the Loss of Value Reserve Fund to be applied in accordance with Section 3.06(e) of this Agreement. If such Loss of Value Payment is made, the Loss of Value Payment shall serve as the sole remedy available to the Certificateholders and the Trustee on their behalf regarding any such Material Breach or Material Defect in lieu of any obligation of the Mortgage Loan Seller to otherwise cure such Material Breach or Material Defect or repurchase or substitute for the affected Mortgage Loan based on such Material Breach or Material Defect under any circumstances. This paragraph is intended to apply only to a mutual agreement or settlement between the applicable Mortgage Loan Seller and the Trust, provided, that (i) prior to any such agreement or settlement nothing in this paragraph shall preclude the Mortgage Loan Seller or the Trustee from exercising any of its rights related to a Material Defect or a Material Breach in the manner and timing set forth in the related Mortgage Loan Purchase Agreement or this Section 2.03 (excluding this paragraph) (including any right to cure, repurchase or substitute for such Mortgage Loan), (ii) such Loss of Value Payment shall not be greater than the Purchase Price of the affected Mortgage Loan; and (iii) a Material Defect or a Material Breach as a result of a Mortgage Loan not constituting a "qualified mortgage" within the meaning of Section 860G(a)(3) of the Code may not be cured by a Loss of Value Payment.

If any Breach pertains to a representation or warranty that the related Mortgage Loan documents or any particular Mortgage Loan document requires the related Borrower to bear the costs and expenses associated with any particular action or matter under such Mortgage Loan document(s), then the related Mortgage Loan Seller may cure such Breach within the applicable cure period (as the same may be extended) by reimbursing the Trust Fund (by wire transfer of immediately available funds) the reasonable amount of any such costs and expenses incurred by the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee or the Trust Fund that are incurred as a result of such Breach and have not been reimbursed by the related Borrower; provided, however, that in the event any such costs and expenses exceed \$10,000, the related Mortgage Loan Seller shall have the option to either repurchase or substitute for the related Mortgage Loan or Trust Subordinate Companion Loan as provided above or pay such costs and expenses. Except as provided in the proviso to the immediately preceding sentence, the related Mortgage Loan Seller shall remit the amount of such costs and expenses and upon its making such remittance, the related Mortgage Loan Seller shall be deemed to have cured such Breach in all respects. To the extent any fees or expenses that are the subject of a cure by the related Mortgage Loan Seller are subsequently obtained from the related Borrower, the portion of the cure payment made by the related Mortgage Loan Seller equal to such fees or expenses obtained from the related Borrower shall promptly be returned to the related Mortgage Loan Seller.

(f) In connection with any repurchase of or substitution for a Mortgage Loan contemplated by this Section 2.03, (A) the Custodian, the Master Servicer (with respect to any Performing Loan) and the Special Servicer (with respect to any Specially Serviced Loan) shall each tender to the applicable Mortgage Loan Seller all portions of the Mortgage File (in the case of the Custodian) and the Servicing File (in the case of the Master Servicer and the Special Servicer, as applicable) and other documents pertaining to such Mortgage Loan possessed by it, upon delivery (i) to each of the Master Servicer or the Special Servicer, as applicable, of a trust receipt and (ii) to the Custodian by the Master Servicer or the Special Servicer, as applicable, of a Request for Release and an acknowledgement by the Master Servicer or Special Servicer, as applicable, of its receipt of the Purchase Price or the Substitution Shortfall Amount from the applicable Mortgage Loan Seller, (B) each document that constitutes a part of the Mortgage File that was endorsed or assigned to the Trustee shall be endorsed or assigned without recourse in the form of endorsement or assignment provided to the Custodian by the applicable Mortgage Loan Seller, as the case may be, to the applicable Mortgage Loan Seller as shall be necessary to vest in the applicable Mortgage Loan Seller the legal and beneficial ownership of such Mortgage Loan to the extent such ownership was transferred to the Trustee (provided, that the Master Servicer or Special Servicer, as applicable, shall use reasonable efforts to cooperate in furnishing necessary information to the extent in its possession to the Mortgage Loan Seller in connection with such Mortgage Loan Seller's preparation of such endorsement or assignment) and (C) the Trustee, the Certificate Administrator, the Master Servicer and the Special Servicer shall release, or cause a release of, any escrow payments and reserve funds held by the Trustee, the Certificate Administrator, the Master Servicer and the Special Servicer, as applicable, or on the Trustee's, the Certificate Administrator's, the Master Servicer's and the Special Servicer's, as applicable, behalf, in respect of such Mortgage Loan to the applicable Mortgage Loan Seller.

(g) The Master Servicer (with respect to Performing Loans) and the Special Servicer (with respect to Specially Serviced Loans) shall, for the benefit of the Certificateholders

and the Trustee, use reasonable efforts to enforce the obligations of the applicable Mortgage Loan Seller under Section 6 of the applicable Mortgage Loan Purchase Agreement. Such enforcement, including, without limitation, the legal prosecution of claims, shall be carried out in accordance with the Servicing Standard. The Trustee, the Certificate Administrator, the Master Servicer and the Special Servicer, as the case may be, shall be reimbursed for the reasonable costs of such enforcement: first, pursuant to Section 3.06 of this Agreement (with respect to the related Mortgage Loan), out of the related Purchase Price or Substitution Shortfall Amount, as applicable, to the extent that such expenses are a specific component thereof; and second, if at the conclusion of such enforcement action it is determined that the amounts described in clause first are insufficient, then pursuant to Section 3.06 of this Agreement, out of general collections on the Mortgage Loans on deposit in the Collection Account in each case with interest thereon at the Reimbursement Rate from the time such expense was incurred to, but excluding, the date such expense was reimbursed. To the extent the applicable Mortgage Loan Seller prevails in such proceeding, such Mortgage Loan Seller shall be entitled to reimbursement from the Trust for all necessary and reasonable costs and expenses incurred in connection with such proceeding, including reasonable attorneys' fees.

So long as document exceptions are outstanding, on each anniversary of the Closing Date, the Custodian shall prepare and forward to the Depositor, the Trustee, the Certificate Administrator, the Master Servicer, the Special Servicer, the Controlling Class Representative (as identified to the Custodian by the Certificate Administrator) and the applicable Mortgage Loan Seller, a document exception report setting forth the then current status of any Defects related to the Mortgage Files pertaining to the Mortgage Loans sold by such Mortgage Loan Seller.

As to any Qualified Substitute Mortgage Loan, the Master Servicer (with respect to Performing Loans) or the Special Servicer (with respect to Specially Serviced Loans and REO Properties) shall direct the related Mortgage Loan Seller to deliver to the Custodian for such Qualified Substitute Mortgage Loan (with a copy to the Master Servicer), the related Mortgage File with the related Mortgage Note endorsed as required by Section 2.01(a)(i) hereof. Periodic Payments due with respect to Qualified Substitute Mortgage Loans in or prior to the month of substitution shall not be part of the Trust Fund and, if received by the Master Servicer, shall be remitted by the Master Servicer to the related Mortgage Loan Seller on the next succeeding Distribution Date. For the month of repurchase or substitution, distributions to Certificateholders will include the Periodic Payment(s) due on the related Removed Mortgage Loan, if and to the extent received by the Master Servicer or the Special Servicer on behalf of the Trust on or prior to the related date of repurchase or substitution, as applicable, and such Mortgage Loan Seller shall be entitled to retain all amounts received thereafter in respect of such Removed Mortgage Loan.

In any month in which a Mortgage Loan Seller substitutes one or more Qualified Substitute Mortgage Loans for one or more Removed Mortgage Loans, the Master Servicer will determine the applicable Substitution Shortfall Amount and promptly notify the Certificate Administrator thereof. Promptly upon receipt of such notice, the Certificate Administrator shall direct such Mortgage Loan Seller to deposit into the Collection Account and/or the applicable Serviced Whole Loan Collection Account, as applicable, cash equal to such amount concurrently with the delivery of the Mortgage Files for such Qualified Substitute Mortgage Loans, without

any reimbursement thereof. The Certificate Administrator shall also direct such Mortgage Loan Seller to give written notice to the Depositor, the Trustee and the Master Servicer of such deposit. The Certificate Administrator shall cause its Distribution Date Statement to reflect the removal of each Removed Mortgage Loan and, if applicable, the substitution of the Qualified Substitute Mortgage Loan. Upon any such substitution, the Qualified Substitute Mortgage Loans shall be subject to the terms of this Agreement in all respects.

It is understood and agreed that Section 6 of the Mortgage Loan Purchase Agreements provides the sole remedy available to the Certificateholders and the Trustee on behalf of the Certificateholders respecting any Breach (including a Breach with respect to a Mortgage Loan failing to constitute a Qualified Mortgage) or any Defect.

(h) In the event that any litigation is commenced which alleges facts which, in the judgment of the Depositor, could constitute a breach of any of the Depositor's representations and warranties relating to the Mortgage Loans, the Depositor hereby reserves the right to conduct the defense of such litigation at its expense and shall not be required to obtain any consent from the Master Servicer, the Special Servicer or the Directing Certificateholder, unless such defense results in any liability of the Master Servicer, the Special Servicer or the Directing Certificateholder, as applicable.

(i) If for any reason a Mortgage Loan Seller fails to fulfill its obligations under the related Mortgage Loan Purchase Agreement with respect to any Mortgage Loan, the Master Servicer (with respect to Performing Loans) and the Special Servicer (with respect to Specially Serviced Loans) shall use reasonable efforts in enforcing any obligation of such Mortgage Loan Seller to cure, repurchase or substitute for such Mortgage Loan under the terms of the related Mortgage Loan Purchase Agreement all at the expense of such Mortgage Loan Seller.

(j) (i) In the event a Requesting Certificateholder delivers a Repurchase Request to the Special Servicer, the Special Servicer shall promptly forward that Repurchase Request to the related Mortgage Loan Seller and each other party to this Agreement. Subject to Section 2.03(k), the Special Servicer shall be the Enforcing Party with respect to the Repurchase Request. In the event the Repurchase Request is not Resolved within 180 days after the Mortgage Loan Seller receives the Repurchase Request (a "Resolution Failure"), then the provisions described in Section 2.03(k)(i) below shall apply. Receipt of the Repurchase Request shall be deemed to occur two Business Days after the Special Servicer sends the Repurchase Request.

(ii) In the event that a party to this Agreement identifies a Defect or Breach with respect to a Mortgage Loan, that party shall deliver prompt written notice of such Defect or Breach to each other party to this Agreement identifying the applicable Mortgage Loan and setting forth the basis for such allegation. The Special Servicer shall promptly forward the Repurchase Request to the related Mortgage Loan Seller and each other party to this Agreement. The Special Servicer shall act as the Enforcing Party and enforce the rights of the Trust against the related Mortgage Loan Seller with respect to the Repurchase Request. However, if at any time prior to the date that is 30 days after the expiration of the 180-day period following delivery of the Repurchase Request to the related Mortgage Loan Seller (the end of such 30 days, the "Dispute Resolution Cut-off"),

Date”), any Requesting Certificateholder delivers to the Special Servicer a written Repurchase Request with respect to that Mortgage Loan, the provisions described in subsection (k)(i) below shall apply.

After the Dispute Resolution Cut-off Date, if no Certificateholder or Certificate Owner has become a Requesting Certificateholder, no Certificateholder or Certificate Owner shall have the right to elect to refer the Repurchase Request to mediation or arbitration and the Special Servicer, as the Enforcing Party, shall be the sole party entitled to enforce the Trust’s rights against the related Mortgage Loan Seller, subject to the consent or consultation rights of the Directing Certificateholder pursuant to **Error! Reference source not found.**

(k) (i) After a Resolution Failure occurs with respect to a Mortgage Loan and there is a Requesting Certificateholder with respect to that Mortgage Loan, the Special Servicer shall send a notice (a “Proposed Course of Action Notice”) to the Requesting Certificateholder indicating the Special Servicer’s intended course of action with respect to [the Repurchase Request][that Mortgage Loan], and the Requesting Certificateholder may then deliver to the Special Servicer in writing a notice (an “Action Notice Response”) within 10 Business Days from the date of the Proposed Course of Action Notice indicating either that (A) the Requesting Certificateholder agrees with the Special Servicer’s proposed course of action or (B) the Requesting Certificateholder disagrees with the proposed course of action and intends to elect to refer the matter to either arbitration or mediation (an “Exchange Election Notice”). In the event the Requesting Certificateholder fails to deliver an Action Notice Response within 10 Business Days from the date of the Proposed Course of Action Notice, the Requesting Certificateholder will be deemed to have agreed with the Special Servicer’s proposed course of action.

(ii) Promptly following receipt of an Exchange Election Notice, the Special Servicer shall consult with the Requesting Certificateholder regarding the Requesting Certificateholder’s intention to elect either resolution method (the “Dispute Resolution Consultation”) so that the Requesting Certificateholder may consider the views of the Special Servicer as to the claims underlying the Repurchase Request, such discussions to occur and be completed no later than 10 Business Days following receipt of an Exchange Election Notice. No later than 10 Business Days after the Dispute Resolution Consultation, the Requesting Certificateholder may provide an Exchange Election Notice to the Special Servicer.

(iii) If the Requesting Certificateholder (i) delivers an Action Notice Response to the Special Servicer in which the Requesting Certificateholder agrees with the course of action recommended by the Special Servicer in the Proposed Course of Action Notice (or fails to respond within the 10 Business Day period) or (ii) following the Dispute Resolution Consultation fails to timely elect to exercise its right to refer the matter to mediation or arbitration, then the Special Servicer shall continue to act as the Enforcing Party and remain obligated under this Agreement to enforce the rights of the Trust with respect to the Repurchase Request and the Requesting Certificateholder shall have no further right to elect to refer the matter to mediation or arbitration.

(iv) If the Requesting Certificateholder timely delivers an Exchange Election Notice to the Special Servicer, then the Requesting Certificateholder shall become the Enforcing Party and must promptly submit the matter to arbitration or mediation.

However, if the Requesting Certificateholder does not commence arbitration or mediation pursuant to the terms of this Agreement within 30 days after delivery of the Exchange Election Notice to the Special Servicer, then (i) the rights of the Requesting Certificateholder to act as the Enforcing Party shall terminate and the Requesting Certificateholder shall have no further right to elect to refer the matter to mediation or arbitration, (ii) if the Proposed Course of Action Notice indicated that the Special Servicer shall take no further action with respect to the Repurchase Request, then the related Defect or Breach shall be deemed waived for all purposes under this Agreement and the related Mortgage Loan Purchase Agreement, and (iii) if the Proposed Course of Action Notice indicated a course of action other than the course of action under clause (ii), then the Special Servicer shall again become the Enforcing Party and, as such, shall be the sole party entitled to enforce the Trust's rights against the related Mortgage Loan Seller.

(v) In the event the Requesting Certificateholder becomes the Enforcing Party, the Special Servicer shall remain a party to any proceedings against the related Mortgage Loan Seller and the Trust shall remain the beneficiary of any amounts paid by the related Mortgage Loan Seller. All amounts recovered by the Enforcing Party, whether the Enforcing Party is the Special Servicer or the Requesting Certificateholder, shall be deposited in the Collection Account.

(l) If the Enforcing Party selects mediation, the following provisions shall apply:

(i) The mediation shall be administered by a nationally recognized mediation services provider selected by the Special Servicer pursuant to such mediator's published mediation procedures (the "Mediation Rules").

(ii) The mediator shall be impartial, knowledgeable about and experienced with the laws of the State of New York and an attorney specializing in commercial litigation with at least [15] years of experience and who will be appointed from a list of neutrals maintained by [MEDIATOR]. Upon being supplied a list of at least ten potential mediators by [MEDIATOR] each party will have the right to exercise two preemptory challenges within [14] days and to rank the remaining potential mediators in order of preference. [MEDIATOR] shall select the mediator from the remaining attorneys on the list respecting the preference choices of the parties to the extent possible.

(iii) The parties shall use commercially reasonable efforts to conduct an organizational conference to begin the mediation within [10] Business Days of the selection of the mediator and to conclude the mediation within [60] days thereafter.

(iv) The fees and expenses of the mediation will be allocated in accordance with the Mediation Rules or as mutually agreed by the parties as part of the mediation.

(ii) The arbitrator shall be impartial, knowledgeable about and experienced with the laws of the State of New York and an attorney specializing in commercial litigation with at least [15] years of experience and who will be appointed from a list of neutrals maintained by [ARBITRATOR]. Upon being supplied a list of at least ten potential arbitrators by [ARBITRATOR] each party will have the right to exercise two peremptory challenges within [14] days and to rank the remaining potential arbitrators in order of preference. [ARBITRATOR] will select the arbitrator from the remaining attorneys on the list respecting the preference choices of the parties to the extent possible.]

(iii) Prior to accepting an appointment, the arbitrator must promptly disclose any circumstances likely to create a reasonable inference of bias or conflict of interest or likely to preclude completion of the hearings within the prescribed time schedule.

(iv) After consulting with the parties at an organizational conference held not later than 10 Business Days after its appointment, the arbitrator shall devise procedures and deadlines for the arbitration, to the extent not already agreed to by the parties, with the goal of expediting the proceeding and completing the arbitration within [120] days. The arbitrator shall have the authority to schedule, hear, and determine any and all motions, including dispositive and discovery motions, in accordance with the Federal Rules of Civil Procedure for non-jury matters (the "Rules") (including summary judgment and other prehearing and post hearing motions), and will do so by reasoned decision on the motion of any party to the arbitration.

(v) [Notwithstanding whatever other discovery may be available under the Rules, unless otherwise agreed by the parties, each party to the arbitration will be presumptively limited to the following discovery in the arbitration: [(A) the parties shall reasonably and in good faith voluntarily produce to all other parties all documents upon which they intend to rely and all documents they reasonably and in good faith believe to be relevant to the claims or defenses asserted by any of the parties, (B) party witness depositions (excluding Rule 30b-6 witnesses), and (C) expert witness depositions,] provided, that the arbitrator shall have the ability to grant the parties, or either of them, additional discovery to the extent that the arbitrator determines good cause is shown that such additional discovery is reasonable and necessary.]

(vi) The arbitrator shall make its final determination no later than [30] days after the conclusion of the hearings and submission of any post-hearing submissions. The arbitrator shall resolve the dispute in accordance with the terms of this Agreement, and may not modify or change this Agreement in any way. The arbitrator will not have the power to award punitive damages or consequential damages in any arbitration conducted by them. Interest on any monetary award shall bear interest from the date of the

Exchange Election Notice at the annual rate of [_____]. In its final determination, the arbitrator shall determine and award the costs of the arbitration (including the fees of the arbitrator, cost of any record or transcript of the arbitration, and administrative fees) and shall award reasonable attorneys' fees to the parties as determined by the arbitrator in its reasonable discretion. The determination of the arbitrator shall be by a reasoned decision in writing and counterpart copies will be promptly delivered to the parties. The determination shall be final and non-appealable and may be enforced in any court of competent jurisdiction.

(vii) In the event a Requesting Certificateholder is the Enforcing Party, the agreement with the arbitrator shall contain a provision requiring that all expenses of the arbitration, including, without limitation, the related expenses of the Trust and the Special Servicer acting on its behalf, must be borne by the Requesting Certificateholder in the event that the arbitrator determines the applicable Mortgage Loan Seller has no liability for the Repurchase Request.

(viii) By selecting arbitration, the selecting party is giving up the right to sue in court, including the right to a trial by jury.

(ix) No person may bring a putative or certificated class action to arbitration.

(n) The following provisions will apply to both mediation and third-party arbitration:

(i) Any mediation or arbitration will be held in New York, New York unless another location is agreed by all parties;

(ii) If the dispute involves a matter that cannot effectively be remedied by the payment of damages, or if there be any dispute relating to arbitration or the arbitrators that cannot be resolved promptly by the arbitrators or [NATIONALLY RECOGNIZED ARBITRATION SERVICES PROVIDER], then any party in such instance may during the pendency of the arbitration proceedings seek temporary equitable remedies, pending the final decision of the arbitration panel, solely by application in the Southern District if such court shall have subject matter jurisdiction, or if the Southern District has no jurisdiction, then it the Supreme Court of the State of New York for the County of New York. ARTICLE III

ADMINISTRATION AND SERVICING OF THE TRUST FUND

Section 3.01 The Master Servicer To Act as Master Servicer; Special Servicer To Act as Special Servicer; Administration of the Mortgage Loans and the Serviced Companion Loans. (a) The Master Servicer (generally with respect to Mortgage Loans (other than a Non-Serviced Mortgage Loan) and Serviced Companion Loans that are not Specially Serviced Loans) and the Special Servicer (generally with respect to Specially Serviced Loans and Serviced REO Loans), each as an independent contractor servicer, shall service and administer the Mortgage Loans (other than a Non-Serviced Mortgage Loan) and the Serviced Companion Loans on behalf of the Trust Fund and the Trustee (as Trustee for the Certificateholders) and, in the case of any Serviced Whole Loan, the related Serviced Companion Loan Noteholders, (as a collective whole as if such Certificateholders and Serviced Companion Loan Noteholders, as applicable, constituted a single lender (and with respect to any Serviced Whole Loan with a related Serviced Subordinate Companion Loan, taking into account the subordinate nature of such Serviced Subordinate Companion Loan)), in each case, in accordance with the Servicing Standard.

The Master Servicer’s or Special Servicer’s liability for actions and omissions in its capacity as Master Servicer or Special Servicer, as the case may be, hereunder is limited as provided herein (including, without limitation, pursuant to Section 6.03 hereof). To the extent consistent with the foregoing and subject to any express limitations set forth in this Agreement, the Master Servicer and Special Servicer shall seek to maximize the timely and complete recovery of principal and interest on the Mortgage Notes; provided, that nothing herein contained shall be construed as an express or implied guarantee by the Master Servicer or Special Servicer of the collectability of the Mortgage Loans or the Serviced Companion Loans. Subject only to

the Servicing Standard, the Master Servicer and Special Servicer shall have full power and authority, acting alone or through sub-servicers (subject to paragraph (c) of this Section 3.01, to the related sub-servicing agreement with each sub-servicer and to Section 3.02 of this Agreement), to do or cause to be done any and all things in connection with such servicing and administration that it may deem consistent with the Servicing Standard and, in its reasonable judgment, in the best interests of the Certificateholders, including, without limitation, with respect to each Mortgage Loan (other than any Non-Serviced Mortgage Loan, and in the case of the Serviced Whole Loans, in the best interests of the Certificateholders and the Serviced Companion Loan Noteholders, as a collective whole as if such Certificateholders and (with respect to a Serviced Whole Loan) Serviced Companion Loan Noteholders constituted a single lender (and with respect to any Serviced Whole Loan with a related Serviced Subordinate Companion Loan, taking into account the subordinate nature of such Serviced Subordinate Companion Loan)) to prepare, execute and deliver, on behalf of the Certificateholders and Serviced Companion Loan Noteholders and the Trustee or any of them: (i) any and all financing statements, continuation statements and other documents or instruments necessary to maintain the lien on each Mortgaged Property and related collateral; (ii) any modifications, waivers, consents or amendments to or with respect to any documents contained in the related Mortgage File; and (iii) any and all instruments of satisfaction or cancellation, or of partial or full release or discharge, and all other comparable instruments, with respect to such Mortgage Loans and the Mortgaged Properties. Notwithstanding the foregoing, neither the Master Servicer nor the Special Servicer shall modify, amend, waive or otherwise consent to any change of the terms of any Mortgage Loan except under the circumstances described in Section 3.03, Section 3.09, Section 3.10, Section 3.24, Section 3.25, Section 3.26 and Section 3.27 hereof. The Master Servicer (with respect to Mortgage Loans (other than a Non-Serviced Mortgage Loan) and Serviced Companion Loans that are not Specially Serviced Loans) and the Special Servicer (with respect to Specially Serviced Loans and Serviced REO Loans) shall provide to the Borrowers related to such Mortgage Loans that it is servicing any reports required to be provided to them pursuant to the related Loan Documents. Subject to Section 3.11 of this Agreement, the Trustee shall, upon the receipt of a written request of a Servicing Officer, execute and deliver to the Master Servicer and Special Servicer, as applicable, any powers of attorney (substantially in the form attached hereto as Exhibit DD, or such other form as mutually agreed to by the Trustee and the Master Servicer or the Special Servicer, as applicable) and other documents (including but not limited to other powers of attorney) prepared by the Master Servicer and Special Servicer, as applicable, and necessary or appropriate (as certified in such written request) to enable the Master Servicer and Special Servicer, as applicable, to carry out their servicing and administrative duties hereunder. The Trustee shall not be held liable for any misuse of any such power of attorney or such other documents by the Master Servicer and Special Servicer, as applicable. Notwithstanding anything contained herein to the contrary, none of the Master Servicer or the Special Servicer shall, without the Trustee's written consent: (i) initiate any action, suit or proceeding solely under the Trustee's name without indicating the Master Servicer's or the Special Servicer's, as the case may be, representative capacity (unless prohibited by any requirement of the applicable jurisdiction in which any such action, suit or proceeding is brought and if so prohibited, in the manner required by such jurisdiction (provided that the Master Servicer or the Special Servicer, as applicable, shall then provide five (5) Business Days' written notice to the Trustee of the initiation of such action, suit or proceeding (or such shorter time period as is reasonably required in the judgment of the Master Servicer or the Special Servicer, as applicable, made in accordance with the Servicing Standard) prior to

filing such action, suit or proceeding), and shall not be required to obtain the Trustee's consent or indicate the Master Servicer's or the Special Servicer's, as applicable, representative capacity); or (ii) take any action with the intent to cause, and that actually causes, the Trustee to be registered to do business in any state.

(b) Unless otherwise provided in the related Mortgage Note or related Intercreditor Agreement, the Master Servicer shall apply any partial Principal Prepayment received on a Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Companion Loan, as applicable, on a date other than a Due Date to the Stated Principal Balance of such Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Companion Loan, as applicable, as of the Due Date immediately following the date of receipt of such partial Principal Prepayment. Unless otherwise provided in the related Mortgage Note or related Intercreditor Agreement, the Master Servicer shall apply any amounts received on U.S. Treasury obligations in respect of a Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Companion Loan, as applicable, being defeased pursuant to its terms to the Stated Principal Balance of and interest on such Mortgage Loan or Serviced Companion Loan, as applicable, as of the Due Date immediately following the receipt of such amounts.

(c) The Master Servicer and the Special Servicer, may enter into Sub-Servicing Agreements with third parties with respect to any of its respective obligations hereunder, provided that (i) any such agreement requires the Sub-Servicer to comply in all material respects with all of the applicable terms and conditions of this Agreement and shall be consistent with the provisions of this Agreement, the terms of the respective Loan Documents and, in the case of a Serviced Companion Loan, the related Intercreditor Agreement, (ii) if such Sub-Servicer is a Servicing Function Participant or an Additional Servicer, any such agreement provides that (x) the failure of such Sub-Servicer to comply with any of the requirements under Article X of this Agreement applicable to such Sub-Servicer, including the failure to deliver any reports or certificates at the time such report or certification is required under Article X and (y) the failure of such Sub-Servicer to comply with any requirements to deliver any items required by Items 1122 and 1123 of Regulation AB under any other pooling and servicing agreement relating to any other series of certificates offered by the Depositor shall constitute an event of default by such Sub-Servicer upon the occurrence of which the Master Servicer shall (and the Depositor may) immediately terminate the related Sub-Servicer under the related Sub-Servicing Agreement, which termination shall be deemed for cause, (iii) no Sub-Servicer retained by the Master Servicer or the Special Servicer, as applicable, shall grant any modification, waiver or amendment to any Mortgage Loan or Serviced Companion Loan, as applicable, or foreclose any Mortgage without the approval of the Master Servicer or the Special Servicer, as applicable, which approval shall be given or withheld in accordance with the procedures set forth in Section 3.09, Section 3.10, Section 3.24, Section 3.25, Section 3.26, Section 3.27, (as applicable), (iv) such agreement shall be consistent with the Servicing Standard and (v) with respect to any Sub-Servicing Agreement entered into after the Closing Date, if such Sub-Servicer is a Servicing Function Participant or an Additional Servicer, such Sub-Servicer, at the time the related Sub-Servicing Agreement is entered into, is not a Prohibited Party. Any such Sub-Servicing Agreement may permit the Sub-Servicer to delegate its duties to agents or Subcontractors so long as the related agreements or arrangements with such agents or Subcontractors are consistent with the provisions of this Section 3.01(c) (including, for the avoidance of doubt, that no such agent or Subcontractor is a Prohibited Party, if such agent or

Subcontractor would be a Servicing Function Participant, at the time the related sub-servicing agreement is entered into). Any monies received by a Sub-Servicer pursuant to a Sub-Servicing agreement (other than sub-servicing fees) shall be deemed to be received by the Master Servicer on the date received by such Sub-Servicer.

Any Sub-Servicing Agreement entered into by the Master Servicer or the Special Servicer, as applicable, shall provide that it may be assumed or terminated by the Trustee (in its sole discretion, but must be assumed with respect to any Mortgage Loan Seller Sub-Servicer so long as such Mortgage Loan Seller Sub-Servicer is not in default under the applicable Sub-Servicing Agreement) if the Trustee has assumed the duties of the Master Servicer or the Special Servicer, respectively, or any successor Master Servicer or Special Servicer, as applicable, without cost or obligation to the assuming party or the Trust Fund, upon the assumption by such party of the obligations, except to the extent they arose prior to the date of assumption, of the Master Servicer or the Special Servicer, as applicable, pursuant to Section 7.02 (it being understood that any such obligations shall be the obligations of the terminated Master Servicer or Special Servicer, as applicable, only).

Any Sub-Servicing Agreement, and any other transactions or services relating to the Mortgage Loans or the Serviced Companion Loans involving a Sub-Servicer, shall be deemed to be between the Master Servicer or the Special Servicer, as applicable, and such Sub-Servicer alone, and the Trustee, the Certificate Administrator, the Trust Fund, the Operating Advisor, the Asset Representations Reviewer, the Certificateholders and, if applicable, Serviced Companion Loan Noteholders shall not be deemed parties thereto and shall have no claims, rights (except as specified below), obligations, duties or liabilities with respect to the Sub-Servicer, except as set forth in Section 3.01(c)(ii) and Section 3.01(d).

Any Sub-Servicing Agreement as to which a Mortgage Loan Seller required the Master Servicer to enter into shall provide that the Master Servicer (and any successor Master Servicer) or Trustee may only terminate the related Mortgage Loan Seller Sub-Servicer for cause pursuant to such Sub-Servicing Agreement and as otherwise specified in such Sub-Servicing Agreement.

Notwithstanding the provisions of any Sub-Servicing Agreement and this Section 3.01, in no event shall the Trust Fund, the Trustee, the Certificate Administrator, the Depositor or any Serviced Companion Loan Noteholder bear any termination fee required to be paid to any Sub-Servicer as a result of the termination of any Sub-Servicing Agreement.

Notwithstanding any other provision of this Agreement, the Special Servicer shall not enter into any Sub-Servicing Agreement which provides for the performance by third parties of any or all of its obligations herein, without the consent of the Directing Certificateholder for so long as no Control Termination Event has occurred and is continuing, except to the extent necessary for the Special Servicer to comply with applicable regulatory requirements.

(d) If the Trustee or any successor Master Servicer assumes the obligations of the Master Servicer, or if the Trustee or any successor Special Servicer assumes the obligations of the Special Servicer, in each case in accordance with Section 7.02, the Trustee, the successor Master Servicer or such successor Special Servicer, as applicable, to the extent necessary to permit the Trustee, the successor Master Servicer or such successor Special Servicer, as

applicable, to carry out the provisions of Section 7.02, shall, without act or deed on the part of the Trustee, the successor Master Servicer or such successor Special Servicer, as applicable, succeed to all of the rights and obligations of the Master Servicer or the Special Servicer, as applicable, under any Sub-Servicing Agreement entered into by the Master Servicer or the Special Servicer, as applicable, pursuant to Section 3.01(c). In such event, such successor shall be deemed to have assumed all of the Master Servicer's or the Special Servicer's interest, as applicable, therein (but not any liabilities or obligations in respect of acts or omissions of the Master Servicer or the Special Servicer, as applicable, prior to such deemed assumption) and to have replaced the Master Servicer or the Special Servicer, as applicable, as a party to such Sub-Servicing Agreement to the same extent as if such Sub-Servicing Agreement had been assigned to such successor, except that the Master Servicer or the Special Servicer, as applicable, shall not thereby be relieved of any liability or obligations under such Sub-Servicing Agreement that accrued prior to the succession of such successor.

If the Trustee or any successor Master Servicer or Special Servicer, as applicable, assumes the servicing obligations of the Master Servicer or the Special Servicer, as applicable, then upon request of such successor, the Master Servicer or Special Servicer, as applicable, shall at its own expense (except (i) in the event that the Special Servicer is terminated pursuant to Section 3.22(b), at the expense of the Certificateholders effecting such termination, as applicable; or (ii) in the event that the Master Servicer or the Special Servicer is terminated pursuant to Section 6.04(c), at the expense of the Trust) deliver to such successor all documents and records relating to any Sub-Servicing Agreement and the Mortgage Loans and/or the Serviced Companion Loans, as applicable, then being serviced hereunder or thereunder and an accounting of amounts collected and held by it, if any, and shall otherwise use commercially reasonable efforts to effect the orderly and efficient transfer of any Sub-Servicing Agreement to such successor. The Master Servicer shall not be required to assume the obligations of the Special Servicer and nothing in this paragraph shall imply otherwise.

(e) The parties hereto acknowledge that each Whole Loan is subject to the terms and conditions of the related Intercreditor Agreement and, with respect to a Non-Serviced Mortgage Loan, further subject to the servicing under and all other terms and conditions of the Other Pooling and Servicing Agreement. The parties hereto further recognize the respective rights and obligations of each Companion Loan Noteholder under the related Intercreditor Agreement, including, without limitation with respect to (A) the allocation of collections (and all other amounts received in connection with the related Whole Loan) on or in respect of the related Mortgage Loan and (B) the allocation of Default Interest on or in respect of the related Mortgage Loan.

Notwithstanding anything herein to the contrary, the parties hereto acknowledge and agree that the Master Servicer's and the Special Servicer's obligations and responsibilities hereunder and the Master Servicer's and the Special Servicer's authority with respect to the Serviced Whole Loans are limited by and subject to the terms of the related Intercreditor Agreement and, with respect to any Non-Serviced Mortgage Loan, the rights of the Other Servicer and the Other Special Servicer under the Other Pooling and Servicing Agreement. The Master Servicer shall, consistent with the applicable Servicing Standard, enforce the rights of the Trustee (as holder of a Non-Serviced Mortgage Loan) under the related Intercreditor Agreement and the Other Pooling and Servicing Agreement. The parties hereto acknowledge that each Non-

Serviced Whole Loan and any related REO Property are being serviced and administered under the related Other Pooling and Servicing Agreement and the Other Servicer will make any Servicing Advances required thereunder in respect of such Non-Serviced Whole Loan and remit collections on the Non-Serviced Mortgage Loan to or on behalf of the Trust. None of the Master Servicer, the Special Servicer, the Certificate Administrator or the Trustee shall have any obligation or authority to supervise the related Other Servicer, the related Other Special Servicer or the related Other Trustee or to make Servicing Advances with respect to any such Non-Serviced Whole Loan. Although each Non-Serviced Whole Loan is being serviced under the related Other Pooling and Servicing Agreement, the Controlling Class Representative may have certain information and consultation rights relating to the servicing of the Non-Serviced Whole Loan pursuant to the terms of the related Intercreditor Agreement and the related Other Pooling and Servicing Agreement. Any obligation of the Master Servicer or Special Servicer, as applicable, to provide information and collections and make debt service advances to the Trustee, the Certificate Administrator and the Certificateholders with respect to any Non-Serviced Whole Loan shall be dependent on its receipt of the corresponding information and collections from the related Other Servicer or the related Other Special Servicer. Nothing herein shall be deemed to override the provisions of an Intercreditor Agreement with respect to the rights of the related noteholders thereunder and with respect to the servicing and administrative duties and obligations with respect to such Non-Serviced Whole Loans. In the event of any inconsistency or discrepancy between the provisions, terms or conditions of an Intercreditor Agreement related to a Non-Serviced Whole Loan and the provisions, terms or conditions of this Agreement, the related Intercreditor Agreement shall govern.

If any Mortgage Loan included in any Serviced Whole Loan is no longer part of the Trust Fund and the servicing and administration of such Serviced Whole Loan is to be governed by a separate servicing agreement and not by this Agreement, the Master Servicer and, if such Serviced Whole Loan is then being specially serviced hereunder, the Special Servicer, shall continue to act in such capacities under such separate servicing agreement, which agreement shall be reasonably acceptable to the Master Servicer and/or the Special Servicer, as the case may be, and shall contain servicing and administration, limitation of liability, indemnification and servicing compensation provisions substantially similar to the corresponding provisions of this Agreement, except that such Serviced Whole Loan and the related Mortgaged Property shall be serviced as if they were the sole assets serviced and administered thereunder and the sole source of funds thereunder and except that there shall be no further obligation of any Person to make P&I Advances. All amounts due the Master Servicer, the Trustee and the Special Servicer (including Advances and interest thereon) pursuant to this Agreement and the applicable Intercreditor Agreement shall be paid to the Master Servicer, the Trustee and the Special Servicer by the successor Master Servicer or Special Servicer, as applicable, or as an Additional Trust Fund Expense on the first Master Servicer Remittance Date following termination. In addition, until such time as a separate servicing agreement with respect to such Serviced Whole Loan and any related Serviced REO Property has been entered into and, notwithstanding that neither such Mortgage Loan nor any related Serviced REO Property is part of the Trust Fund, the Custodian shall continue to hold the Mortgage File and the Master Servicer and, if applicable, the Special Servicer shall (subject to the preceding sentence) continue to service such Serviced Whole Loan or any related Serviced REO Property, as the case may be, under this Agreement as if it were a separate servicing agreement. Nothing herein shall be deemed to override the provisions of an Intercreditor Agreement with respect to the rights of the

related noteholders thereunder and with respect to the servicing and administrative duties and obligations with respect to such Serviced Whole Loans. In the event of any inconsistency or discrepancy between the provisions, terms or conditions of an Intercreditor Agreement related to a Serviced Whole Loan and the provisions, terms or conditions of this Agreement, except as provided in Section 3.23(f), the related Intercreditor Agreement shall govern, and as to any matter on which such Intercreditor Agreement is silent or makes reference to this Agreement, this Agreement shall govern.

Section 3.02 Liability of the Master Servicer and the Special Servicer When Sub-Servicing. Notwithstanding any Sub-Servicing Agreement, any of the provisions of this Agreement relating to agreements or arrangements between the Master Servicer or Special Servicer, as applicable, and any Person acting as sub-servicer (or its agents or Subcontractors) or any reference to actions taken through any Person acting as sub-servicer or otherwise, the Master Servicer or the Special Servicer, as applicable, shall remain obligated and primarily liable to the Trustee (on behalf of the Certificateholders), the Certificateholders the Certificateholders and, with respect to the Serviced Whole Loans, the Serviced Companion Loan Noteholders, for the servicing and administering of the Mortgage Loans and Serviced Companion Loans in accordance with the provisions of this Agreement without diminution of such obligation or liability by virtue of such sub-servicing agreements or arrangements or by virtue of indemnification from the Depositor or any other Person acting as sub-servicer (or its agents or Subcontractors) to the same extent and under the same terms and conditions as if the Master Servicer or the Special Servicer, as applicable, alone were servicing and administering the Mortgage Loans and Serviced Companion Loans. Each of the Master Servicer and the Special Servicer shall be entitled to enter into an agreement with any sub-servicer providing for indemnification of the Master Servicer or the Special Servicer, as applicable, by such sub-servicer, and nothing contained in this Agreement shall be deemed to limit or modify such indemnification, but no such agreement for indemnification shall be deemed to limit or modify this Agreement.

Section 3.03 Collection of Mortgage Loan and Serviced Companion Loan Payments. The Master Servicer (with respect to all the Mortgage Loans (other than a Non-Serviced Mortgage Loan) and the Serviced Companion Loans (other than Specially Serviced Loans) that the Master Servicer is servicing) and the Special Servicer (with respect to Specially Serviced Loans) shall use reasonable efforts to collect all payments called for under the terms and provisions of the Mortgage Loans (other than the Non-Serviced Mortgage Loans) and the Serviced Companion Loans each is obligated to service hereunder, and shall follow the Servicing Standard with respect to such collection procedures; provided, that nothing herein contained shall be construed as an express or implied guarantee by the Master Servicer or the Special Servicer of the collectability of the Mortgage Loans or the Serviced Companion Loans; provided, further, that with respect to such Mortgage Loans (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loans, as applicable, that have Anticipated Repayment Dates, so long as the related Borrower is in compliance with each provision of the related Loan Documents, the Master Servicer and Special Servicer (including the Special Servicer in its capacity as a Certificateholder, if applicable) shall not take any enforcement action with respect to the failure of the related Borrower to make any payment of Excess Interest, other than requests for collection, until the final maturity date of such Mortgage Loan or the outstanding principal balance of such Mortgage Loan has been paid in full, however, consistent with the applicable

Servicing Standard, the Master Servicer, or the Special Servicer each may in its discretion waive the Excess Interest (even at the final maturity date) in connection with any Mortgage Loan it is obligated to service hereunder if taking such action is in the best interest of the Certificateholders as a collective whole. With respect to each Performing Loan (other than a Non-Serviced Mortgage Loan), the Master Servicer shall use its reasonable efforts, consistent with the Servicing Standard, to collect income statements and rent rolls from Borrowers as required by the Loan Documents and the terms hereof. The Master Servicer shall provide at least 90 days' notice (with a copy to the Special Servicer) to the Borrowers of Balloon Payments coming due on Performing Loans (other than a Non-Serviced Mortgage Loan). Consistent with the foregoing, the Master Servicer (with respect to each Performing Loan) or the Special Servicer (with respect to Specially Serviced Loans) may in their discretion waive any late payment charge or Default Interest in connection with any delinquent Periodic Payment or Balloon Payment with respect to any Mortgage Loan or Serviced Companion Loan that it is servicing. In addition, the Special Servicer shall be entitled to take such actions with respect to the collection of payments on the Mortgage Loans and the Serviced Companion Loans as are permitted or required under this Agreement.

Section 3.04 Collection of Taxes, Assessments and Similar Items; Escrow Accounts. (a) The Master Servicer, in the case of all Mortgage Loans (other than a Non-Serviced Mortgage Loan) that it is servicing, shall maintain accurate records with respect to each related Mortgaged Property reflecting the status of taxes, assessments and other similar items that are or may become a lien thereon and the status of insurance premiums payable with respect thereto. With respect to each Specially Serviced Loan, the Special Servicer shall use its reasonable efforts, consistent with the Servicing Standard, to collect income statements and rent rolls from Borrowers as required by the Loan Documents. The Special Servicer, in the case of Serviced REO Loans, and the Master Servicer, in the case of all Mortgage Loans (other than a Non-Serviced Mortgage Loan) that it is servicing, shall use reasonable efforts consistent with the Servicing Standard to, from time to time, (i) obtain all bills for the payment of such items (including renewal premiums), and (ii) effect, or, if the Special Servicer, to use reasonable efforts to cause the Master Servicer to effect, payment of all such bills with respect to such Mortgaged Properties prior to the applicable penalty or termination date, in each case employing for such purpose Escrow Payments as allowed under the terms of the related Loan Documents for the related Mortgage Loan or Serviced Companion Loan. If a Borrower under a Mortgage Loan (other than a Non-Serviced Mortgage Loan) fails to make any such payment on a timely basis or collections from the Borrower are insufficient to pay any such item before the applicable penalty or termination date, the Master Servicer shall advance the amount of any shortfall as a Servicing Advance unless the Master Servicer determines in accordance with the Servicing Standard that such Advance would be a Nonrecoverable Advance (provided that with respect to advancing insurance premiums or delinquent tax assessments the Master Servicer shall comply with the provisions of the second to last paragraph in Section 3.21(d) of this Agreement). The Master Servicer shall be entitled to reimbursement of Servicing Advances, with interest thereon at the Reimbursement Rate, that it makes pursuant to this Section 3.04 of this Agreement from amounts received on or in respect of the related Mortgage Loan or Serviced Whole Loan respecting which such Advance was made or if such Advance has become a Nonrecoverable Advance, to the extent permitted by Section 3.06 of this Agreement. No costs incurred by the Master Servicer in effecting the payment of taxes and assessments on the Mortgaged Properties shall, for the purpose of calculating distributions to Certificateholders or Serviced Companion Loan

Noteholders, be added to the amount owing under the related Mortgage Loans or Serviced Companion Loans, notwithstanding that the terms of such Mortgage Loans or Serviced Companion Loans so permit.

The parties acknowledge that with respect to Non-Serviced Mortgage Loans, the Other Servicer is obligated to make (or any other service provider provided for in the related Other Pooling and Servicing Agreement may make) Servicing Advances with respect to such Non-Serviced Mortgage Loans pursuant to the related Other Pooling and Servicing Agreement. The Other Servicer (or other service provider) shall be entitled to reimbursement for nonrecoverable Servicing Advances (as such term or similar term may be defined in the related Other Pooling and Servicing Agreement) with, in each case, any accrued and unpaid interest thereon provided for under the related Other Pooling and Servicing Agreement in the manner set forth in such Other Pooling and Servicing Agreement, the related Intercreditor Agreement and Section 3.06(a)(v) of this Agreement.

(b) The Master Servicer shall segregate and hold all funds collected and received pursuant to any Mortgage Loan (other than any Non-Serviced Mortgage Loans) or any Serviced Companion Loan that it is servicing constituting Escrow Payments separate and apart from any of its own funds and general assets and shall establish and maintain one or more segregated custodial accounts (each, an “Escrow Account”) into which all Escrow Payments shall be deposited within two (2) Business Days after receipt of properly identified funds and maintained in accordance with the requirements of the related Mortgage Loan or Serviced Whole Loan, as applicable, and in accordance with the Servicing Standard. The Master Servicer shall also deposit into each Escrow Account any amounts representing losses on Permitted Investments to the extent required pursuant to Section 3.07(b) of this Agreement and any Insurance Proceeds or Liquidation Proceeds which are required to be applied to the restoration or repair of any Mortgaged Property pursuant to the related Mortgage Loan or Serviced Whole Loan. Escrow Accounts shall be Eligible Accounts (except to the extent the related Loan Documents require it to be held in an account that is not an Eligible Account); provided, if the ratings of the financial institution holding such account are downgraded to a ratings level below that of an Eligible Account (except to the extent the related Loan Documents require it to be held in an account that is not an Eligible Account), the Master Servicer shall have 30 days (or such longer time as confirmed by a Rating Agency Confirmation, obtained at the expense of the Master Servicer relating to the Certificates and any related Serviced Companion Loan Securities) to transfer such account to an Eligible Account. Escrow Accounts shall be entitled, “[NAME OF MASTER SERVICER], as Master Servicer, on behalf of [NAME OF TRUSTEE], as Trustee, for the benefit of the Holders of Deutsche Mortgage & Asset Receiving Corporation, [NAME OF ISSUING ENTITY] Commercial Mortgage Pass-Through Certificates and Various Borrowers and, if applicable, Serviced Companion Loan Noteholders”. Withdrawals from an Escrow Account may be made by the Master Servicer only:

(i) to effect timely payments of items constituting Escrow Payments for the related Mortgage;

(ii) to transfer funds to the Collection Account and/or the applicable Serviced Whole Loan Collection Account (or any sub-account thereof) to reimburse the Master Servicer or the Trustee for any Servicing Advance (with interest thereon at the Reimbursement Rate) relating to Escrow Payments, but only from amounts received with

respect to the related Mortgage Loan and/or Serviced Whole Loan, as applicable, which represent late collections of Escrow Payments thereunder;

(iii) for application to the restoration or repair of the related Mortgaged Property in accordance with the related Mortgage Loan and/or Serviced Whole Loan, as applicable, and the Servicing Standard;

(iv) to clear and terminate such Escrow Account upon the termination of this Agreement or pay-off of the related Mortgage Loan and/or Serviced Whole Loan, as applicable;

(v) to pay from time to time to the related Borrower any interest or investment income earned on funds deposited in the Escrow Account if such income is required to be paid to the related Borrower under law or by the terms of the Loan Documents for such Mortgage Loan or Serviced Whole Loan, or otherwise to the Master Servicer; or

(vi) to remove any funds deposited in an Escrow Account that were not required to be deposited therein or to refund amounts to Borrowers determined to be overages.

(c) The Master Servicer shall, as to each Mortgage Loan (other than any Non-Serviced Mortgage Loan) and each Serviced Companion Loan that it is servicing, (i) maintain accurate records with respect to the related Mortgaged Property reflecting the status of real estate taxes, assessments and other similar items that are or may become a lien thereon and the status of insurance premiums and any ground rents payable in respect thereof and (ii) use reasonable efforts to obtain, from time to time, all bills for (or otherwise confirm) the payment of such items (including renewal premiums) and, for such Mortgage Loans and Serviced Companion Loans that require the related Borrower to escrow for such items, shall effect payment thereof prior to the applicable penalty or termination date. For purposes of effecting any such payment for which it is responsible, the Master Servicer shall apply Escrow Payments as allowed under the terms of the related Loan Documents for such Mortgage Loan and Serviced Companion Loan (or, if such Mortgage Loan or Serviced Companion Loan does not require the related Borrower to escrow for the payment of real estate taxes, assessments, insurance premiums, ground rents (if applicable) and similar items, the Master Servicer shall use reasonable efforts consistent with the Servicing Standard to cause the related Borrower to comply with the requirement of the related Loan Documents that the Borrower make payments in respect of such items at the time they first become due and, in any event, prior to the institution of foreclosure or similar proceedings with respect to the related Mortgaged Property for nonpayment of such items). Subject to Section 3.21 of this Agreement, the Master Servicer shall timely make a Servicing Advance with respect to the Mortgage Loans (other than Non-Serviced Mortgage Loans) and Serviced Whole Loans that it is servicing, if any, to cover any such item which is not so paid, including any penalties or other charges arising from the Borrower's failure to timely pay such items.

Section 3.05 Collection Accounts; Gain-on-Sale Reserve Account; Distribution Accounts; Interest Reserve Account and Serviced Whole Loan Collection Accounts. (a) The Master Servicer shall establish and maintain a Collection Account, for the benefit of the Certificateholders and the Trustee as the Holder of the Loan Specific REMIC Regular Interests, the Lower-Tier Regular Interests and the Class [PEZ] Regular Interests with respect to the

Intercreditor Agreement, of a Mortgage Loan included in a Serviced Whole Loan shall be deposited directly into the Collection Account and applied solely to pay expenses relating to that Mortgage Loan and to Available Funds (and with respect to the Trust Subordinate Companion Loan, Loan Specific Available Funds);

In the case of Gain-on-Sale Proceeds, the Master Servicer shall make appropriate ledger entries received with respect thereto, which the Master Servicer shall hold for (i) the Trustee for the benefit of the Loan Specific REMIC Regular Interests (provided that any Gain-on-Sale Proceeds with respect to the AB Whole Loan shall be deemed to be distributed by the Loan Specific REMIC in respect of the [LOAN SPECIFIC CLASS]-R Interest to the Holder of the Class R Certificates and then recontributed in respect of the Class LTR Interest and held by Master Servicer as an asset of the Lower-Tier REMIC for the benefit of the Trustee as Holder of the Lower-Tier Regular Interests and Certificateholders), the Lower-Tier Regular Interests and the Regular Interests, (ii) for the benefit of the Certificateholders (other than the [ARD CLASS] Certificates) and the Trustee as the Holder of the Lower-Tier Regular Interests and the Class [PEZ] Regular Interests and (iii) for the benefit of any Serviced Companion Loan Noteholder entitled thereto. Any Gain-on-Sale Proceeds shall be identified separately from any other amounts held in the Collection Account (with amounts attributable to each Class or Classes and any Serviced Companion Loan also identified separately).

The foregoing requirements for deposits in the Collection Account shall be exclusive, it being understood and agreed that, without limiting the generality of the foregoing,

payments in the nature of late payment charges (subject to Section 3.12 and the related Intercreditor Agreement), Assumption Fees, Modification Fees and consent fees, loan service transaction fees, extension fees, demand fees, beneficiary statement charges and similar fees need not be deposited in the Collection Account by the Master Servicer or the Special Servicer, as applicable, and, to the extent permitted by applicable law, the Master Servicer or the Special Servicer, as applicable in accordance with Section 3.12 hereof, shall be entitled to retain any such charges and fees received with respect to the Mortgage Loans that it is servicing as additional compensation.

If the Master Servicer deposits in the Collection Account any amount not required to be deposited therein, it may at any time withdraw such amount from the Collection Account, any provision herein to the contrary notwithstanding.

Upon receipt of any of the amounts described in clauses (i), (ii), (v) and (vi) of this Agreement above with respect to any Specially Serviced Loan which is not a Serviced REO Loan, the Special Servicer shall remit such amounts within one Business Day after receipt thereof (except, if such amounts are not properly identified, the Special Servicer shall promptly identify such amounts and shall remit such amounts within one Business Day after such identification) to the Master Servicer for deposit into the Collection Account in accordance with the second paragraph of this Section 3.05 of this Agreement, unless the Special Servicer determines, consistent with the Servicing Standard, that a particular item should not be deposited because of a restrictive endorsement or other appropriate reason. Any such amounts received by the Special Servicer with respect to a Serviced REO Property (other than any Serviced REO Property related to the Serviced Whole Loans) shall be deposited by the Special Servicer into the REO Account and remitted to the Master Servicer for deposit into the Collection Account pursuant to Section 3.15(b) of this Agreement. With respect to any such amounts paid by check to the order of the Special Servicer, the applicable Special Servicer shall endorse without recourse or warranty such check to the order of the Master Servicer and shall promptly deliver any such check to the Master Servicer by overnight courier.

(b) The Certificate Administrator shall establish and maintain the Loan Specific REMIC Distribution Account and the Lower-Tier Distribution Account in its own name for the benefit of the Trustee, for the benefit of the Certificateholders and the Trustee as the Holder of the Loan Specific REMIC Regular Interest, the Lower-Tier Regular Interests and the Class [] Regular Interests. The Loan Specific REMIC Distribution Account and the Lower-Tier Distribution Account shall be established and maintained as an Eligible Account or as a sub-account of an Eligible Account. Promptly on each Distribution Date, the Certificate Administrator shall withdraw from the Loan Specific REMIC Distribution Account and deposit in the Lower-Tier Distribution Account on or before such date the Loan Specific Available Funds.

(c) With respect to each Distribution Date, the Master Servicer shall deliver to the Certificate Administrator on or before the Master Servicer Remittance Date the funds then on deposit in the Collection Account after giving effect to withdrawals of funds pursuant to Section 3.06(a) of this Agreement and deposits from the Serviced Whole Loan Collection Account pursuant to Section 3.06 of this Agreement. Upon receipt from the Master Servicer of such amounts held in the Collection Account, the Certificate Administrator shall deposit in (A)

the Loan Specific REMIC Distribution Account (i) the amount of Available Funds allocable to the AB Mortgage Loan and the Loan Specific Available Funds to be distributed pursuant to Section 4.01 of this Agreement on such Distribution Date and (ii) the amount of Gain-on-Sale Proceeds allocable to the AB Whole Loan to be deposited in the Loan Specific REMIC Distribution Account, then deemed distributed in respect of the [LOAN SPECIFIC CLASS]-R Interest in the Loan Specific REMIC (which Certificate Administrator shall then redeposit in respect of the Class LTR Interest in the Gain-on-Sale Reserve Account in the Lower-Tier REMIC) pursuant to Section 3.06, (B) the Lower-Tier Distribution Account (i) the amount of Available Funds (other than with respect to the AB Mortgage Loan) to be distributed pursuant to Section 4.01 of this Agreement on such Distribution Date and (ii) the amount of Gain-on-Sale Proceeds allocable to any Mortgage Loan (other than the AB Whole Loan) to be deposited into the Lower-Tier Distribution Account (which the Certificate Administrator shall then deposit in the Gain-on-Sale Reserve Account) pursuant to Section 3.06 of this Agreement, (C) the Interest Reserve Account as part of the Lower-Tier REMIC, the amount of any Withheld Amounts to be deposited pursuant to Section 3.05(e) of this Agreement and (D) in the Excess Interest Distribution Account, the Excess Interest to be distributed to the [ARD CLASS] Certificates.

(d) If any Loss of Value Payments are received in connection with a Material Defect or Material Breach, as the case may be, pursuant to or as contemplated by Section 2.03(e) of this Agreement, the Special Servicer shall establish and maintain one or more non-interest bearing accounts (collectively, the “Loss of Value Reserve Fund”) to be held for the benefit of the Certificateholders, for purposes of holding such Loss of Value Payments. Each account that constitutes the Loss of Value Reserve Fund shall be an Eligible Account or a sub-account of an Eligible Account. The Special Servicer shall, upon receipt, deposit in the Loss of Value Reserve Fund all Loss of Value Payments received by it. The Special Servicer shall account for the Loss of Value Reserve Fund as an outside reserve fund within the meaning of Treasury Regulations Section 1.860G-2(h) and not an asset of any Trust REMIC or the Grantor Trust. Furthermore, for all federal tax purposes, the Certificate Administrator and the Special Servicer shall (i) treat amounts paid out of the Loss of Value Reserve Fund through the Collection Account to the Certificateholders as contributed to and distributed by the Trust REMICs and (ii) treat any amounts paid out of the Loss of Value Reserve Fund through the Collection Account to a Mortgage Loan Seller as distributions by the Trust Fund to such Mortgage Loan Seller as beneficial owner of the Loss of Value Reserve Fund. The applicable Mortgage Loan Seller will be the beneficial owner of the Loss of Value Reserve Fund for all federal income tax purposes, and shall be taxable on all income earned thereon.

(e) The Certificate Administrator shall establish and maintain the Interest Reserve Account in its own name for the benefit of the Trustee, for the benefit of the Certificateholders (other than the Holders of the [LOAN SPECIFIC CLASS] and [ARD CLASS] Certificates) and the Trustee as the Holder of the Lower-Tier Regular Interests and the Class [PEZ] Regular Interests. The Interest Reserve Account shall be established and maintained as an Eligible Account or as a sub-account of an Eligible Account.

On each Master Servicer Remittance Date occurring in (i) January of each calendar year that is not a leap year and (ii) February of each calendar year, unless in either case such Master Servicer Remittance Date is the final Master Servicer Remittance Date, the Certificate Administrator shall calculate the Withheld Amounts. On each such Master Servicer

Remittance Date, the Certificate Administrator shall, with respect to each Mortgage Loan (other than, with respect to the AB Whole Loan, the Trust Subordinate Companion Loan) that does not accrue interest on the basis of a 360-day year of twelve 30-day months, withdraw or be deemed to withdraw from the Lower-Tier Distribution Account and deposit or be deemed to deposit in the Interest Reserve Account an amount equal to the aggregate of the Withheld Amounts calculated in accordance with the previous sentence. If the Certificate Administrator shall deposit in the Interest Reserve Account any amount not required to be deposited therein, it may at any time withdraw such amount from the Interest Reserve Account any provision herein to the contrary notwithstanding. On or prior to the Master Servicer Remittance Date in March of each calendar year (or in February if the final Distribution Date will occur in such month), the Certificate Administrator shall transfer to the Lower-Tier Distribution Account the aggregate of all Withheld Amounts on deposit in the Interest Reserve Account.

(f) The Certificate Administrator shall establish and maintain the Upper-Tier Distribution Account in its own name for the benefit of the Trustee, for the benefit of the Certificateholders and for the benefit of the Trustee as holder of the Class [PEZ] Regular Interests. The Upper-Tier Distribution Account shall be established and maintained as an Eligible Account or a sub-account of an Eligible Account. Promptly on each Distribution Date, the Certificate Administrator shall withdraw or be deemed to withdraw from the Lower-Tier Distribution Account and deposit or be deemed to deposit in the Upper-Tier Distribution Account on or before such date the Lower-Tier Distribution Amount and the amount of any Prepayment Premiums and Yield Maintenance Charges for such Distribution Date to be distributed in respect of the Lower-Tier Regular Interests pursuant to Section 4.01(a) and Section 4.01(d) of this Agreement on such date and shall also withdraw from the Lower-Tier Distribution Account and deposit in the Upper-Tier Distribution Account on or before such date the Loan Specific Available Funds for such Distribution Date to be distributed in respect of the Class L[___] Interest pursuant to Section 4.01A(a) and Section 4.01A(c) hereof on such date.

(g) With respect to each Serviced Whole Loan or any related Serviced REO Property, the Master Servicer shall maintain, or cause to be maintained, a Serviced Whole Loan Collection Account in which the Master Servicer shall deposit or cause to be deposited within two Business Days following receipt of properly identified funds the following payments and collections received or made by or on behalf of it on such Serviced Whole Loan or Serviced REO Property subsequent to the Cut-off Date:

(i) all payments on account of principal on such Serviced Whole Loan, including the principal component of Unscheduled Payments;

(ii) all payments on account of interest on such Serviced Whole Loan (net of the related Servicing Fees), including Prepayment Premiums, Default Interest, Yield Maintenance Charges and the interest component of all Unscheduled Payments;

(iii) any amounts required to be deposited pursuant to Section 3.07(b), in connection with net losses realized on Permitted Investments with respect to funds held in such Serviced Whole Loan Collection Account;

(iv) all Net REO Proceeds withdrawn from the related REO Account in respect of such Serviced Whole Loan pursuant to Section 3.15(b);

(v) any amounts received from Borrowers which represent recoveries of Property Protection Expenses and are allocable to such Serviced Whole Loan, to the extent not permitted to be retained by the Master Servicer as provided herein;

(vi) all Insurance Proceeds, Condemnation Proceeds and Liquidation Proceeds received in respect of such Serviced Whole Loan or any related Serviced REO Property (other than Gain-on-Sale Proceeds and Liquidation Proceeds that are received in connection with a purchase of all the Mortgage Loans and any REO Properties in the Trust Fund and that are to be deposited in the Lower-Tier Distribution Account pursuant to Section 9.01), together with any amounts representing recoveries of Nonrecoverable Advances, including any recovery of Unliquidated Advances, in respect of such Serviced Whole Loan; provided, that any Liquidation Proceeds related to a sale pursuant to Section 3.16 hereof or pursuant to the related Intercreditor Agreement of a Mortgage Loan included in a Serviced Whole Loan shall be deposited directly into the Collection Account and applied solely to pay expenses relating to that Mortgage Loan and to Available Funds (and with respect to the Trust Subordinate Companion Loan, Loan Specific Available Funds) and any Liquidation Proceeds related to a sale of a related Serviced Companion Loan included in a Serviced Whole Loan shall be deposited into the Serviced Whole Loan Collection Account and applied solely to pay expenses relating to that Serviced Companion Loan and to pay amounts due to the related Serviced Companion Loan Noteholder;

(vii) Penalty Charges on such Serviced Whole Loan to the extent required to offset interest on Advances and debt service advances made by a Serviced Companion Loan Service Provider and Additional Trust Fund Expenses pursuant to Section 3.12(d);

(viii) any amounts required to be deposited by the Master Servicer or the Special Servicer pursuant to Section 3.08(b) in connection with losses resulting from a deductible clause in a blanket or master force placed policy in respect of such Serviced Whole Loan;

(ix) any other amounts required by the provisions of this Agreement (including with respect to the Companion Loans or any mezzanine indebtedness that may exist on a future date, all amounts received pursuant to the cure and purchase rights or reimbursement obligations set forth in the related Intercreditor Agreement or mezzanine intercreditor agreement, as applicable) to be deposited into the applicable Serviced Whole Loan Collection Account by the Master Servicer or the Special Servicer;

(x) any cure payments remitted by any Serviced Companion Loan Noteholder pursuant to the related Intercreditor Agreement; and

(xi) any Compensating Interest Payments in respect of such Serviced Whole Loan pursuant to Section 3.17(c).

The foregoing requirements for deposits into the applicable Serviced Whole Loan Collection Account shall be exclusive, it being understood and agreed that, without limiting the generality of the foregoing, payments in the nature of late payment charges (subject to Section 3.12 hereof), Assumption Fees, Modification Fees, consent fees, loan service transaction fees, extension fees, demand fees, beneficiary statement

charges and similar fees need not be deposited into the applicable Serviced Whole Loan Collection Account by the Master Servicer or the Special Servicer, as applicable, and, to the extent permitted by applicable law, the Master Servicer or the Special Servicer, as applicable in accordance with Section 3.12 hereof, shall be entitled to retain any such charges and fees received with respect to the Serviced Whole Loans as additional compensation. If the Master Servicer deposits in the applicable Serviced Whole Loan Collection Account any amount not required to be deposited therein, it may at any time withdraw such amount from such Serviced Whole Loan Collection Account, any provision herein to the contrary notwithstanding.

Each Serviced Whole Loan Collection Account shall be maintained as a segregated account, separate and apart from any trust fund created for mortgage backed securities of other series and the other accounts of the Master Servicer; provided, that such Serviced Whole Loan Collection Account may be a sub-account of the Master Servicer's Collection Account but shall, for purposes of this Agreement, be treated as a separate account. Each Serviced Whole Loan Collection Account shall be established and maintained as an Eligible Account or as a sub-account of an Eligible Account.

Upon receipt of any of the foregoing amounts described in clauses (i), (ii), (v) and (vi) above with respect to each Serviced Whole Loan for so long as it is a Specially Serviced Loan but is not a Serviced REO Loan, the Special Servicer shall remit within one Business Day such amounts to the Master Servicer for deposit into the applicable Serviced Whole Loan Collection Account in accordance with the first paragraph of this Section 3.05(g), unless the Special Servicer determines, consistent with the applicable Servicing Standard, that a particular item should not be deposited because of a restrictive endorsement or other appropriate reason. Any such amounts received by the Special Servicer with respect to a Serviced REO Property related to any Serviced Whole Loan shall initially be deposited by the Special Servicer into the related Serviced Whole Loan REO Account and remitted to the Master Servicer for deposit into the applicable Serviced Whole Loan Collection Account pursuant to Section 3.15(b). With respect to any such amounts paid by check to the order of the Special Servicer, the Special Servicer (A) with respect to any Specially Serviced Loan shall endorse without recourse or warranty such check to the order of the Master Servicer and shall promptly deliver any such check to the Master Servicer by overnight courier and (B) with respect to any REO Loan shall deposit such check into the applicable Whole Loan REO Account.

(h) Notwithstanding anything to the contrary contained herein, with respect to each Due Date and (1) any related Serviced Subordinate Companion Loan, within two (2) Business Days of receipt from the Borrower (or such later time as set forth in the applicable Intercreditor Agreement) and (2) any Serviced Pari Passu Companion Loans, within one (1) Business Day after each Determination Date or, from and after a Serviced Pari Passu Companion Loan is deposited into a securitization, on the second Business Day before the "servicer remittance date," as such term or a similar term is defined in the related Other Pooling and Servicing Agreement relating to such securitization (as long as such date is at least one Business Day after receipt), the Master Servicer shall remit, from amounts on deposit in the applicable Serviced Whole Loan Collection Account in accordance with Section 3.06(b)(i)(A), to the applicable Serviced Companion Loan Noteholder by wire transfer in immediately available

funds to the account of such Serviced Companion Loan Noteholder or an agent therefor appearing on the Serviced Companion Loan Noteholder Register on the related date such amounts as are required to be remitted (or, if no such account so appears or information relating thereto is not provided at least five (5) Business Days prior to the date such amounts are required to be remitted, by check sent by first class mail to the address of such Serviced Companion Loan Noteholder or its agent appearing on the Serviced Companion Loan Noteholder Register) the portion of the applicable Serviced Whole Loan Remittance Amount allocable to such Serviced Companion Loan Noteholder.

(xxii) to clear and terminate the Collection Account at the termination of this Agreement pursuant to Section 9.01 of this Agreement.

The Master Servicer shall pay to the Special Servicer from the Collection Account amounts permitted to be paid to it therefrom promptly upon receipt of a certificate of a Servicing Officer of the Special Servicer describing the item and amount to which the Special Servicer is entitled. The Master Servicer may rely conclusively on any such certificate and shall have no duty to re-calculate the amounts stated therein. The Special Servicer shall keep and maintain separate accounting for each Specially Serviced Loan and Serviced REO Loan and any related Serviced Companion Loan, on a loan-by-loan and property-by-property basis, for the purpose of justifying any request for withdrawal from the Collection Account.

The Master Servicer shall keep and maintain separate accounting records, on a Mortgage Loan by Mortgage Loan basis, reflecting amounts allocable to each Mortgage Loan, and on a property-by-property basis when appropriate, for the purpose of justifying any withdrawal, debit or credit from the Collection Account or the Trust Ledger. Upon written

request, the Master Servicer shall provide to the Certificate Administrator such records and any other information in the possession of the Master Servicer to enable the Certificate Administrator to determine the amounts attributable to (i) the Loan Specific REMIC (with respect to the AB Whole Loan), (ii) the Lower-Tier REMIC with respect to the Mortgage Loans (other than the AB Whole Loan, the Excess Interest [and the Mortgage Loan Seller Strip]) and the Loan Specific REMIC Regular Interests, (iii) the Excess Interest; [and] (iv) the Companion Loans [and (v) the Mortgage Loan Seller Strip].

The Master Servicer shall pay to the Trustee, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the Special Servicer, the Other Trustee, the Other Servicer or the Other Special Servicer, from the Collection Account amounts permitted to be paid to such person therefrom, promptly upon receipt of a certificate of a Responsible Officer of the Trustee, a responsible officer of the Other Trustee, a Responsible Officer of the Certificate Administrator, a certificate of an officer of the Operating Advisor, a certificate of an officer of the Asset Representations Reviewer, a certificate of a Servicing Officer or a certificate of the Other Servicer or Other Special Servicer, as applicable, describing the item and amount to which such Person is entitled (unless such payment to the Trustee, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the Special Servicer, the Other Trustee, the Other Servicer or Other Special Servicer, as the case may be, is specifically required pursuant to this Agreement and the timing and the amount of payment is specified in, or calculable pursuant to, this Agreement, in which case a certificate is not required). The Master Servicer may rely conclusively on any such certificate and shall have no duty to recalculate the amounts stated therein.

The Trustee, the Certificate Administrator, the Custodian, the Special Servicer, the Master Servicer, CREFC[®], the Operating Advisor, the Asset Representations Reviewer and the Non-Serviced Mortgage Loan Service Providers (to the extent specified in Section 12.12) shall in all cases have a right prior to the Certificateholders to any funds on deposit in the Collection Account from time to time for the reimbursement or payment of the Servicing Compensation (including investment income), Certificate Administrator/Trustee Fees, Special Servicing Compensation (including investment income), the CREFC[®] Intellectual Property Royalty License Fee, Operating Advisor Fees, Operating Advisor Consulting Fees (but only to the extent such Operating Advisor Consulting Fees are actually received from the Borrowers), the Asset Representations Reviewer Fee, Advances, Advance Interest Amounts (for each of such Persons other than CREFC[®]), their respective indemnification payments (if any) pursuant to Section 6.03, Section 8.05 or Section 12.02 of this Agreement (for each of such Persons other than CREFC[®]), their respective expenses hereunder to the extent such fees and expenses are to be reimbursed or paid from amounts on deposit in the Collection Account pursuant to this Agreement. For the avoidance of doubt, any fees or expenses (including legal fees) for which a party is to be indemnified pursuant to Section 6.03 herein may be submitted directly to the Trust Fund and paid from amounts on deposit in the Collection Account on behalf of such party pursuant to this Agreement. In addition, the Certificate Administrator, the Trustee, the Special Servicer, the Master Servicer, the Operating Advisor and the Asset Representations Reviewer shall in all cases have a right prior to the Certificateholders to any funds on deposit in the Collection Account from time to time for the reimbursement and payment of any federal, state or local taxes imposed on any Trust REMIC.

Upon the determination that a previously made Advance is a Nonrecoverable Advance, to the extent that the reimbursement thereof would exceed the full amount of the principal portion of general collections on the Mortgage Loans (or with respect to Servicing Advances, the Serviced Whole Loans) deposited in the Collection Account and available for distribution on the next Distribution Date, the Master Servicer or the Trustee, each at its own option and in its sole discretion, as applicable, instead of obtaining reimbursement for the remaining amount of such Nonrecoverable Advance pursuant to Section 3.06(a) or Section 3.06(b) of this Agreement immediately, may elect to refrain from obtaining such reimbursement for such portion of the Nonrecoverable Advance during the Collection Period ending on the then-current Determination Date for successive one-month periods for a total period not to exceed 12 months (with the consent of the Directing Certificateholder, for so long as no Control Termination Event has occurred and is continuing, for any deferral in excess of 6 months). If the Master Servicer or the Trustee makes such an election at its sole option and in its sole discretion to defer reimbursement with respect to all or a portion of a Nonrecoverable Advance (together with interest thereon), then such Nonrecoverable Advance (together with interest thereon) or portion thereof shall continue to be fully reimbursable in the subsequent Collection Period (subject, again, to the same sole discretion to elect to defer; it is acknowledged that, in such a subsequent period, such Nonrecoverable Advance shall again be payable first from principal collections as described above prior to payment from other collections). In connection with a potential election by the Master Servicer or the Trustee to refrain from the reimbursement of a particular Nonrecoverable Advance or portion thereof during the one-month Collection Period ending on the related Determination Date for any Distribution Date, the Master Servicer or the Trustee shall further be authorized (in its sole discretion) to wait for principal collections on the Mortgage Loans and Serviced Companion Loans to be received before making its determination of whether to refrain from the reimbursement of a particular Nonrecoverable Advance (or portion thereof) until the end of such Collection Period; provided, the Master Servicer or the Trustee shall give notice of its election to the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement), at least 15 days prior to any reimbursement to it of Nonrecoverable Advances from amounts in the Collection Account allocable to interest on the Mortgage Loans unless (1) the Master Servicer or the Trustee determines in its sole discretion that waiting 15 days after such a notice could jeopardize its ability to recover Nonrecoverable Advances, (2) changed circumstances or new or different information becomes known to the Master Servicer or the Trustee that could affect or cause a determination of whether any Advance is a Nonrecoverable Advance, whether to defer reimbursement of a Nonrecoverable Advance or the determination in clause (1) above, or (3) the Master Servicer or the Trustee has not timely received from the Certificate Administrator information requested by the Master Servicer or the Trustee to consider in determining whether to defer reimbursement of a Nonrecoverable Advance; provided that, if clause (1), (2) or (3) apply, the Master Servicer or the Trustee shall give notice of an anticipated reimbursement to it of Nonrecoverable Advances from amounts in the Collection Account allocable to interest on the Mortgage Loans as soon as reasonably practicable in such circumstances to the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement). Neither the Master Servicer nor the Trustee shall have any liability for any loss, liability or expense resulting from any notice provided to each Rating Agency contemplated by the immediately preceding sentence.

The foregoing shall not, however, be construed to limit any liability that may otherwise be imposed on such Person for any failure by such Person to comply with the conditions to making such an election under this Section 3.06(a) or to comply with the terms of this Section 3.06(a) and the other provisions of this Agreement that apply once such an election, if any, has been made. If the Master Servicer or the Trustee, as applicable, determines, in its sole discretion, that it should recover the Nonrecoverable Advances without deferral as described above, then the Master Servicer or the Trustee, as applicable, shall be entitled to immediate reimbursement of Nonrecoverable Advances with interest thereon at the Reimbursement Rate from all amounts in the Collection Accounts for such Distribution Date. Any such election by any such party to refrain from reimbursing itself or obtaining reimbursement for any Nonrecoverable Advance or portion thereof with respect to any one or more Collection Periods shall not limit the accrual of interest at the Reimbursement Rate on such Nonrecoverable Advance for the period prior to the actual reimbursement of such Nonrecoverable Advance. The Master Servicer's or the Trustee's, as applicable, election to defer reimbursement of such Nonrecoverable Advances as set forth above is an accommodation to the Certificateholders and, as applicable, the Serviced Companion Loan Noteholders and shall not be construed as an obligation on the part of the Master Servicer or the Trustee, as applicable, or a right of the Certificateholders or the Serviced Companion Loan Noteholders. Nothing herein shall be deemed to create in the Certificateholders or the Serviced Companion Loan Noteholders a right to prior payment of distributions over the Master Servicer's or the Trustee's, as applicable, right to reimbursement for Advances (deferred or otherwise). In all events, the decision to defer reimbursement or to seek immediate reimbursement of Nonrecoverable Advances shall be deemed to be in accordance with the Servicing Standard and neither the Master Servicer, the Trustee nor the other parties to this Agreement shall have any liability to one another or to any of the Certificateholders or any of the Serviced Companion Loan Noteholders for any such election that such party makes as contemplated by this Section 3.06(a) or for any losses, damages or other adverse economic or other effects that may arise from such an election.

None of the Master Servicer, the Special Servicer or the Trustee shall be permitted to reverse any other Person's determination that an Advance constitutes, or would constitute a Nonrecoverable Advance.

If the Master Servicer, the Trustee or any Non-Serviced Mortgage Loan Service Provider, as applicable, is reimbursed out of general collections for any unreimbursed Advances that are determined to be Nonrecoverable Advances (together with any Advance Interest Amount), then (for purposes of calculating distributions on the Certificates) such reimbursement and payment of interest shall be deemed to have been made: first, out of the Principal Distribution Amount, which, but for its application to reimburse a Nonrecoverable Advance and/or to pay the Advance Interest Amount, would be included in Available Funds for any subsequent Distribution Date and, second, out of other amounts which, but for their application to reimburse a Nonrecoverable Advance and/or to pay the Advance Interest Amount, would be included in Available Funds for any subsequent Distribution Date.

If and to the extent that any payment is deemed to be applied as contemplated in the paragraph above to reimburse a Nonrecoverable Advance or to pay the Advance Interest Amount, then the Principal Distribution Amount for such Distribution Date shall be reduced, to not less than zero, by the amount of such reimbursement. If and to the extent (i) any Advance is

determined to be a Nonrecoverable Advance, (ii) such Advance and/or the Advance Interest Amount is reimbursed out of the Principal Distribution Amount as contemplated above and (iii) the particular item for which such Advance was originally made is subsequently collected out of payments or other collections in respect of the related Mortgage Loan, then the Principal Distribution Amount for the Distribution Date that corresponds to the Collection Period in which such item was recovered shall be increased by an amount equal to the lesser of (A) the amount of such item and (B) any previous reduction in the Principal Distribution Amount for a prior Distribution Date as contemplated in the paragraph above resulting from the reimbursement of the subject Advance and/or the payment of the Advance Interest Amount.

(b) The Master Servicer shall maintain a separate Trust Ledger with respect to the Serviced Whole Loans that it is servicing on which it shall make ledger entries as to amounts deposited (or credited) or withdrawn (or debited) with respect thereto. On each Master Servicer Remittance Date (or such other date as may be specified below or on which funds are available for such purpose as specified below), with respect to each Serviced Whole Loan, the Master Servicer shall make withdrawals from amounts allocated thereto in the related Serviced Whole Loan Collection Account (and may debit the Trust Ledger) for any of the following purposes (the order set forth below not constituting an order of priority for such withdrawals):

(i) to make remittances each month in an aggregate amount of immediately available funds equal to the allocable portion of the applicable Serviced Whole Loan Remittance Amount (A) to the related Serviced Companion Loan Noteholders within the time frame specified in, and otherwise in accordance with Section 3.05(h) and (B) within two (2) Business Days of receipt from the Borrower (or such later time as set forth in the applicable Intercreditor Agreement), to the Collection Account for the benefit of the Trust in accordance with Section 3.05(a)(ix) of this Agreement, in each case in accordance with the related Intercreditor Agreement provided that Liquidation Proceeds relating to the repurchase of any Serviced Companion Loan by the related seller thereof shall be remitted solely to the holder of such Serviced Companion Loan, as the case may be, and Liquidation Proceeds relating to the repurchase of a Mortgage Loan related to a Serviced Whole Loan by the related Mortgage Loan Seller shall be remitted solely to the Collection Account;

(ii) to pay (A) to itself unpaid Servicing Fees (or, with respect to any Excess Servicing Fee Rights, to pay any Excess Servicing Fees to the holder of such Excess Servicing Fee Rights pursuant to Section 3.12(a) of this Agreement) and to the Special Servicer unpaid Special Servicing Fees, Liquidation Fees and Workout Fees in respect of such Serviced Whole Loan or related Serviced REO Loan, as applicable, the Master Servicer's or the Special Servicer's, as applicable, rights to payment of Servicing Fees, Special Servicing Fees, Liquidation Fees and Workout Fees, as applicable, pursuant to this clause (ii)(A) with respect to such Serviced Whole Loan or related Serviced REO Loan, as applicable, being limited to amounts received on or in respect of such Serviced Whole Loan (whether in the form of payments, Liquidation Proceeds, Insurance Proceeds or Condemnation Proceeds), or such Serviced REO Loan (whether in the form of REO Proceeds, Liquidation Proceeds, Insurance Proceeds or Condemnation Proceeds), that are allocable as recovery of interest thereon and (B) to the Special Servicer, each month to the extent not covered by clause (ii)(A) above, any unpaid Special Servicing Fees, Liquidation

Fees and Workout Fees in respect of such Serviced Whole Loan or related Serviced REO Loan, as applicable, remaining unpaid out of general collections in the Collection Account as provided in Section 3.06(a)(ii) of this Agreement;

(iii) to reimburse the Trustee or itself, in that order, for unreimbursed P&I Advances with respect to the applicable Mortgage Loan and to reimburse the related Serviced Companion Loan Service Provider for unreimbursed principal and/or interest advances with respect to the applicable Serviced Companion Loan, the Master Servicer's, the Trustee's and the applicable Serviced Companion Loan Service Provider's right to reimbursement pursuant to this clause (iii) being limited to amounts received in the applicable Serviced Whole Loan Collection Account which represent Late Collections received in respect of such Mortgage Loan or Serviced Companion Loan, as applicable (as allocable thereto pursuant to the related Loan Documents and the related Intercreditor Agreement), during the applicable period; provided, that to the extent such amounts are insufficient to repay such P&I Advances on any Mortgage Loan as to which there is a related Serviced Subordinate Companion Loan (or with respect to the AB Whole Loan, the Trust Subordinate Companion Loan), such P&I Advances may be reimbursed, from collections on the related Serviced Whole Loan allocable to such Subordinate Companion Loan (or with respect to the AB Whole Loan, the Trust Subordinate Companion Loan); provided, further, that if such P&I Advance on the applicable Mortgage Loan becomes a Nonrecoverable Advance or a Workout-Delayed Reimbursement Amount, then such P&I Advance shall thereafter be reimbursed in accordance with clause (v) below;

(iv) to reimburse the Trustee or itself, in that order, as applicable (with respect to such Serviced Whole Loan or Serviced REO Property), for unreimbursed Servicing Advances with respect to such Serviced Whole Loan or related Serviced REO Property, the Master Servicer's or the Trustee's respective rights to receive payment pursuant to this clause (iv) being limited to, as applicable, related payments by the applicable Borrower with respect to such Servicing Advance, Liquidation Proceeds, Insurance Proceeds and Condemnation Proceeds and REO Proceeds with respect to such Serviced Whole Loan; provided, that if such Servicing Advance becomes a Nonrecoverable Advance or a Workout-Delayed Reimbursement Amount, then such Servicing Advance shall thereafter be reimbursed in accordance with clause (v) below;

(v) (A) to reimburse the Trustee or itself, in that order, (with respect to such Serviced Whole Loan or related REO Property), as applicable (x) with respect to Nonrecoverable Advances, *first*, out of Liquidation Proceeds, Insurance Proceeds, Condemnation Proceeds and REO Proceeds received on the related Serviced Whole Loan and related REO Properties, and *second*, out of general collections in the Collection Account as provided in Section 3.06(a) and (y) with respect to the Workout-Delayed Reimbursement Amounts, *first*, out of the principal portion of the general collections on the Serviced Whole Loan and related REO Properties, net of such amounts being reimbursed pursuant to the subclause *first* in the preceding clause (x) above and *second* out of general collections in the Collection Account as provided in Section 3.06(a); provided that in the case of both clause (x) and clause (y) of this clause (v), prior to making any reimbursement from general collections, such reimbursements shall be made first, from collections on, and proceeds of the applicable Subordinate Companion Loan (or

with respect to the AB Whole Loan, the Trust Subordinate Companion Loan), if any, and then from collections on, and proceeds of the related Mortgage Loan, or in the case of a Serviced Pari Passu Whole Loan with a Serviced Pari Passu Companion Loan, on a *pro rata* basis as between the Mortgage Loan and any related Serviced Pari Passu Companion Loans (based on the Mortgage Loan's Stated Principal Balance or related Serviced Pari Passu Companion Loan's principal balance) and then from general collections of the Trust (provided that, in the case of a Servicing Advance that is a Nonrecoverable Advance, the Master Servicer shall, after receiving payment from amounts on deposit in the Collection Account, if any, (i) promptly notify the related Companion Loan Noteholder and (ii) use commercially reasonable efforts to exercise on behalf of the Trust any rights under the related Intercreditor Agreement to obtain reimbursement for a *pro rata* portion of such amount allocable to the related Serviced Companion Loans from the related Companion Loan Noteholders) or (B) to pay itself or the Special Servicer out of general collections on such Serviced Whole Loan and related REO Properties, any related earned Servicing Fee, Special Servicing Fee, Liquidation Fee or Workout Fee, as applicable, that remained unpaid in accordance with clause (ii) above following a Final Recovery Determination made with respect to such Serviced Whole Loan or related REO Property and the deposit into the applicable Serviced Whole Loan Collection Account of all amounts received in connection therewith; provided that, notwithstanding the foregoing, such party's rights to reimbursement pursuant to this clause (v) with respect to any such Nonrecoverable Advance or Workout-Delayed Reimbursement Amount that is a P&I Advance, being limited (except to the extent set forth in Section 3.06(a)) to amounts on deposit in the applicable Serviced Whole Loan Collection Account that were received in respect of the particular Mortgage Loan (as allocable thereto pursuant to the related Loan Documents and the related Intercreditor Agreement) in the related Serviced Whole Loan as to which such Nonrecoverable Advance or such Workout-Delayed Reimbursement Amount were incurred (provided, that to the extent such amounts are insufficient to repay such Advances on any Mortgage Loan as to which there is a related Subordinate Companion Loan, such P&I Advances may be reimbursed from collections on the related Serviced Whole Loan allocable to such Subordinate Companion Loan);

(vi) at such time as it reimburses the Trustee or itself, in that order, as applicable, for (A) any unreimbursed P&I Advance with respect to the applicable Mortgage Loan (including any such Advance that constitutes a Workout-Delayed Reimbursement Amount) or any unreimbursed principal and/or interest advance with respect to the related Serviced Companion Loan pursuant to clause (iii) above, to pay itself, the Trustee or such Serviced Companion Loan Service Provider, as applicable, any Advance Interest Amounts accrued and payable thereon, (B) any unreimbursed Servicing Advances (including any such Advance that constitutes a Workout-Delayed Reimbursement Amount) pursuant to clause (iv) above, to pay itself, the Special Servicer or the Trustee, as the case may be, any Advance Interest Amounts accrued and payable thereon or (C) any Nonrecoverable Advances pursuant to clause (v) above, to pay itself, the Special Servicer, the Trustee or any Serviced Companion Loan Service Provider, as the case may be, any Advance Interest Amounts accrued and payable thereon, with such amounts payable in the case of clauses (A), (B) and (C) above, *first*, from Penalty Charges pursuant to Section 3.12(d), then, from collections on, and proceeds of the applicable Subordinate Companion Loan (or with respect to the AB Whole Loan, the Trust

Subordinate Companion Loan), if any, and then, from collections on, and proceeds of on a pro rata basis as between the Mortgage Loan and any related other Serviced Pari Passu Companion Loans (based on the Mortgage Loan's Stated Principal Balance or related Serviced Pari Passu Companion Loan's principal balance), provided that, notwithstanding the foregoing, such party's rights to reimbursement pursuant to this clause (vi) with respect to any such interest on P&I Advances (including any such P&I Advance that is a Nonrecoverable Advance or a Workout-Delayed Reimbursement Amount) being limited to amounts on deposit in the applicable Serviced Whole Loan Collection Account that were received in respect of the particular Mortgage Loan (as allocable thereto pursuant to the related Loan Documents and the related Intercreditor Agreement) in the related Serviced Whole Loan as to which such advance relates (provided, that any Mortgage Loan as to which there is a related Subordinate Companion Loan, such interest on P&I Advances may be reimbursed from collections on the related Serviced Whole Loan allocable to such Subordinate Companion Loan);

(vii) to reimburse itself, the Special Servicer, the Custodian, the Certificate Administrator or the Trustee, as the case may be, as applicable, for any unreimbursed expenses reasonably incurred by such Person in respect of any Breach or Defect with respect to the Mortgage Loan giving rise to a repurchase obligation of the applicable Mortgage Loan Seller under Section 6 of the applicable Mortgage Loan Purchase Agreement or, with respect to a Serviced Companion Loan, under the related mortgage loan purchase agreement, including, without limitation, any expenses arising out of the enforcement of the repurchase obligation, each such Person's right to reimbursement pursuant to this clause (vii) with respect to such Serviced Whole Loan being limited to that portion of the Purchase Price paid for the related Mortgage Loan that represents such expense in accordance with clause (e) of the definition of Purchase Price (or, with respect to a Serviced Companion Loan, a comparable expense);

Penalty Charges on the related Mortgage Loan and Serviced Companion Loan (except to the extent prohibited by the related Intercreditor Agreement), during the period it is a Specially Serviced Loan (but only to the extent collected from the related Borrower and to the extent that all amounts then due and payable with respect to the related Specially Serviced Loan have been paid and are not needed to pay interest on Advances, interest on debt service advances made by the related Serviced Companion Loan Service Provider and/or Additional Trust Fund Expenses in accordance with Section 3.12 and the related Intercreditor Agreement);

(xvi) to deposit in the Interest Reserve Account the amounts with respect to the Mortgage Loan included in such Serviced Whole Loan required to be deposited in the Interest Reserve Account pursuant to Section 3.05(e);

(xvii) to pay to the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee or the Depositor, as the case may be, to the extent that such amounts relate to the Mortgage Loan included in such Serviced Whole Loan, any amount

specifically required to be paid to such Person at the expense of the Trust Fund under any provision of this Agreement to which reference is not made in any other clause of this Section 3.06(b), it being acknowledged that this clause (xvii) shall not be construed to modify any limitation or requirement otherwise set forth in this Agreement or in the related Intercreditor Agreement as to the time at which any Person is entitled to payment or reimbursement of any amount or as to the funds from which any such payment or reimbursement is permitted to be made;

(xviii) to pay the related Mortgage Loan Seller with respect to the Mortgage Loan included in such Serviced Whole Loan, if any, previously purchased or substituted (*i.e.*, replaced) by such Person pursuant to or as contemplated by this Agreement, all amounts received on such Mortgage Loan subsequent to the date of purchase or substitution, and, in the case of a substitution, with respect to the related Qualified Substitute Mortgage Loan(s), all Periodic Payments due thereon during or prior to the month of substitution, in accordance with the third paragraph of Section 2.03(g);

(xix) pursuant to the CREFC[®] License Agreement, to pay the CREFC[®] Intellectual Property Royalty License Fee to CREFC[®] on a monthly basis; and

(xx) to clear and terminate such Serviced Whole Loan Collection Account at the termination of this Agreement pursuant to Section 9.01.

In the case of the amounts payable as set forth above in this Section 3.06(b) with respect to any Serviced Whole Loan, if such amount is not specifically payable, pursuant to the terms of this Agreement or the related Intercreditor Agreement, out of collections or proceeds allocable to any particular note that is a part of such Serviced Whole Loan, such amount shall be paid from collections on, and proceeds of the related Serviced Subordinate Companion Loan, if any, and then, from collections on, and proceeds of, on a *pro rata* basis as between, the related Mortgage Loan and any related Serviced Pari Passu Companion Loans (based on the related Mortgage Loan's principal balance or the related Serviced Pari Passu Companion Loan's principal balance), and then, to the extent provided for in this Agreement, from general collections.

The Master Servicer shall keep and maintain separate accounting records, on a loan by loan and property by property basis when appropriate, for the purpose of justifying any withdrawal from any Serviced Whole Loan Collection Account. All withdrawals with respect to any Serviced Whole Loan shall be made *first*, from the applicable Serviced Whole Loan Collection Account and *then*, from the Master Servicer's Collection Account to the extent permitted by Section 3.06(a). Upon request, the Master Servicer shall provide to the Certificate Administrator such records and any other information in the possession of the Master Servicer to enable the Certificate Administrator to determine the amounts attributable to the Lower-Tier REMIC and the Companion Loans.

The Master Servicer shall pay to the Special Servicer from the Serviced Whole Loan Collection Accounts amounts permitted to be paid to it therefrom promptly upon receipt of a certificate of a Servicing Officer of such Special Servicer describing the item and amount to which the Special Servicer is entitled. The Master Servicer may rely conclusively on any such certificate and shall have no duty to recalculate the amounts stated therein. The Special Servicer

shall keep and maintain separate accounting for each Specially Serviced Loan included in the Serviced Whole Loan and related REO Loan, on a loan by loan and property by property basis, for the purpose of justifying any request for withdrawal from any Serviced Whole Loan Collection Account.

Any permitted withdrawals under this Section 3.06(b) with respect to reimbursement for advances or other amounts payable to an Other Trustee shall, if applicable, also be deemed to be a permitted withdrawal for similar amounts owed to the fiscal agent of the Other Trustee, if any.

Notwithstanding anything to the contrary contained herein, with respect to each Serviced Companion Loan, the Master Servicer shall withdraw from the related Serviced Whole Loan Collection Account and remit to the related Serviced Companion Loan Noteholders, within (x) with respect to any Serviced Subordinate Companion Loan, two Business Days of receipt thereof and (y) with respect to any Serviced Pari Passu Companion Loan, one (1) Business Day after the Determination Date, any amounts that represent Late Collections or Principal Prepayments on such Serviced Companion Loan or any successor REO Loan with respect thereto, that are received by the Master Servicer subsequent to 3:00 p.m. (New York City time) on the related Due Date therefor (exclusive of any portion of such amount payable or reimbursable to any third party in accordance with the related Intercreditor Agreement or this Agreement), unless such amount would otherwise be included in the monthly remittance to the holder of such Serviced Companion Loan for such month.

If the Master Servicer fails, as of 5:00 p.m. (New York City time) on any Master Servicer Remittance Date or any other date a remittance is required to be made, to remit to the Certificate Administrator (in respect of the related Mortgage Loan) or the Serviced Companion Loan Noteholders (in respect of any related Serviced Companion Loan) any amounts required to be so remitted hereunder by such date (including any P&I Advance pursuant to Section 4.07 and any Gain-on-Sale Proceeds allocable to the Serviced Companion Loans pursuant to Section 4.01(e)), the Master Servicer shall pay to the Certificate Administrator (in respect of the Mortgage Loan) or the Serviced Companion Loan Noteholders (in respect of the Serviced Companion Loan), for the account of the Certificate Administrator (in respect of the Mortgage Loan) or the Serviced Companion Loan Noteholders (in respect of the Serviced Companion Loans), interest, calculated at the Prime Rate, on such amount(s) not timely remitted, from the time such payment was required to be made (without regard to any grace period) until (but not including) the date such late payment is received by the Certificate Administrator or the Serviced Companion Loan Noteholders, as applicable.

(c) On each Master Servicer Remittance Date, all net income and gain realized from investment of funds to which the Master Servicer or the Special Servicer is entitled pursuant to Section 3.07(b) of this Agreement shall be subject to withdrawal by the Master Servicer or the Special Servicer, as applicable.

(d) With respect to the Serviced Whole Loans, if amounts required to pay the expenses allocable to any related Serviced Companion Loan exceed amounts on deposit in the Serviced Whole Loan Collection Account and the Master Servicer, the Special Servicer, the Certificate Administrator or the Trustee, as applicable, shall have sought reimbursement from the Trust Fund with respect to such expenses allocable to such Serviced Companion Loan, the

Master Servicer or Special Servicer, as applicable, shall seek (on behalf of the Trust Fund, subject to the related Intercreditor Agreement) payment or reimbursement from the holder of the related Serviced Subordinate Companion Loan, if any, and then for the pro rata portion of such expenses allocable to the Serviced Pari Passu Companion Loan from the related Serviced Companion Loan Noteholder or, if such Serviced Companion Loan has been deposited into a securitization, out of general collections in the collection account established pursuant to the related Other Pooling and Servicing Agreement.

(e) If any Loss of Value Payments are deposited into the Loss of Value Reserve Fund with respect to any Mortgage Loan or any related Serviced REO Property, then the Special Servicer shall, promptly upon written direction from the Master Servicer (provided that, (1) with respect to clause (iv) below, the Special Servicer shall have provided notice to the Master Servicer of the occurrence of such liquidation event and (2) with respect to clause (v) below, the Certificate Administrator shall have provided the Master Servicer and the Special Servicer with five Business Days' prior notice of such final Distribution Date), transfer such Loss of Value Payments (up to the remaining portion thereof) from the Loss of Value Reserve Fund to the Master Servicer for deposit into the Collection Account for the following purposes:

(i) to reimburse the Master Servicer or the Trustee, in accordance with Section 3.06(a) of this Agreement, for any Nonrecoverable Advance made by such party with respect to such Mortgage Loan or any related Serviced REO Property (together with the Advance Interest Amount);

(ii) to pay, in accordance with Section 3.06(a) of this Agreement, or to reimburse the Trust for the prior payment of, any expense relating to such Mortgage Loan or any related Serviced REO Property that constitutes or, if not paid out of such Loss of Value Payments, would constitute an Additional Trust Fund Expense;

(iii) to offset any portion of Realized Losses or Loan Specific Realized Losses, as the case may be, that are attributable to such Mortgage Loan or related REO Property (as calculated without regard to the application of such Loss of Value Payments), incurred with respect to such Mortgage Loan or any related successor REO Loan;

(iv) following the occurrence of a liquidation event with respect to such Mortgage Loan or any related Serviced REO Property and any related transfers from the Loss of Value Reserve Fund with respect to the items contemplated by the immediately preceding clauses (i)-(iii) as to such Mortgage Loan, to cover the items contemplated by the immediately preceding clauses (i)-(iii) in respect of any other Mortgage Loan or Serviced REO Loan; and

(v) On the final Distribution Date after all distributions have been made as set forth in clause (i) through (iv) above, to each Mortgage Loan Seller, its *pro rata* share, based on the amount that it contributed, net of any amount contributed by such Mortgage Loan Seller that was used pursuant to clauses (i)-(iii) to offset any portion of Realized Losses or Loan Specific Realized Losses, as the case may be, that are attributable to such Mortgage Loan or related REO Property, Additional Trust Fund Expenses or any Nonrecoverable Advances incurred with respect to the Mortgage Loan related to such contribution.

Any Loss of Value Payments transferred to the Collection Account pursuant to clauses (i)-(iii) of the prior paragraph shall be treated as Liquidation Proceeds received by the Trust in respect of the related Mortgage Loan or any successor REO Loan with respect thereto for which such Loss of Value Payments were received; and any Loss of Value Payments transferred to the Collection Account pursuant to clause (iv) of the prior paragraph shall be treated as Liquidation Proceeds received by the Trust in respect of the Mortgage Loan or REO Loan for which such Loss of Value Payments are being transferred to the Collection Account to cover an item contemplated by clauses (i)-(iv) of the prior paragraph.

(f) The Certificate Administrator may, from time to time, make withdrawals from the Loan Specific REMIC Distribution Account for any of the following purposes (the order set forth below shall not indicate any order of priority):

(i) to make deposits of the Loan Specific Available Funds with respect to the AB Whole Loan, distributable pursuant to Section 4.01A(a) in the Lower-Tier Distribution Account, and to make distributions on the Class R Certificates in respect of the [LOAN SPECIFIC CLASS]-R Interest pursuant to Section 4.01A(a);

(ii) to pay itself an amount equal to all net income and gain realized from investment of funds in the Loan Specific REMIC Distribution Account pursuant to Section 3.07(b);

(iii) to pay to itself, the Trustee and the Custodian or any of their directors, officers, employees and agents, as the case may be, any amounts payable or reimbursable to any such Person pursuant to Section 8.05(a), Section 8.05(b), Section 8.05(c) and Section 8.05(d);

(iv) to recoup any amounts deposited in the Loan Specific REMIC Distribution Account in error; and

(v) to clear and terminate the Loan Specific REMIC Distribution Account at the termination of this Agreement pursuant to Section 9.01.

(g) The Certificate Administrator may, from time to time, make withdrawals from the Lower-Tier Distribution Account for any of the following purposes (the order set forth below shall not indicate any order of priority), in each case to the extent not previously paid from the Collection Account:

(i) to make deposits of the Pooled Lower-Tier Distribution Amount and the Loan Specific Available Funds and the amount of any Prepayment Premium and Yield Maintenance Charges distributable pursuant to Section 4.01(a) and Section 4.01A of this Agreement in the Upper-Tier Distribution Account, and to make distributions on the Class [R] Certificates in respect of the Class [R] Interest pursuant to Section 4.01(a) of this Agreement;

(ii) to pay itself, the Trustee and the Custodian respective portions of any accrued but unpaid Certificate Administrator/Trustee Fees (including with respect to the AB Whole Loan);

(iii) to pay itself an amount equal to all net income and gain realized from investment of funds in the Lower-Tier Distribution Account pursuant to Section 3.07(b) of this Agreement;

(iv) to pay to itself, the Trustee, the Custodian or any of their directors, officers, employees, representatives and agents, as the case may be, any amounts payable or reimbursable to any such Person pursuant to Section 8.05(b), Section 8.05(c) and Section 8.05(d) of this Agreement;

(v) to recoup any amounts deposited in the Lower-Tier Distribution Account in error; and

(vi) to clear and terminate the Lower-Tier Distribution Account at the termination of this Agreement pursuant to Section 9.01 of this Agreement.

(h) The Certificate Administrator may make withdrawals from the Upper-Tier Distribution Account for any of the following purposes:

(i) to make distributions to Certificateholders (other than Holders of the [ARD CLASS] and any Exchangeable Certificates) on each Distribution Date pursuant to Section 4.01 or Section 9.01 of this Agreement, as applicable;

(ii) to make distributions to the Class [PEZ] Distribution Account in respect of Class [PEZ] Regular Interests, as provided in Section 4.01(a) of this Agreement;

(iii) to recoup any amounts deposited in the Upper-Tier Distribution Account in error; and

(iv) to clear and terminate the Upper-Tier Distribution Account at the termination of this Agreement pursuant to Section 9.01 of this Agreement.

Section 3.07 Investment of Funds in the Collection Accounts, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, the Interest Reserve Account, the Gain-on-Sale Reserve Account, the REO Account, the Lock-Box Accounts, the Cash Collateral Accounts and the Reserve Accounts. (a) The Master Servicer (with respect to the Collection Account, and any Serviced Whole Loan Collection Account and any Borrower Accounts (as defined below and subject to the second succeeding sentence)), the Special Servicer (with respect to any REO Account and any Loss of Value Reserve Fund) and the Certificate Administrator (with respect to the Distribution Accounts, the Interest Reserve Account and the Gain-on-Sale Reserve Account) may direct any depository institution maintaining the Collection Account, any Serviced Whole Loan Collection Account, the Gain-on-Sale Reserve Account, any Borrower Accounts, any REO Account, any Loss of Value Reserve Fund, the Interest Reserve Account and the Distribution Accounts (each such account, for purposes of this Section 3.07, an “Investment Account”), to invest the funds in such Investment Account in one or more Permitted Investments that bear interest or are sold at a discount, and that mature, unless payable on demand, no later than the Business Day preceding the date on which such funds are required to be withdrawn from such Investment Account pursuant to this Agreement. Any investment of funds on deposit in an Investment Account by the Master Servicer, the Special Servicer or the Certificate Administrator

shall be documented in writing and shall provide evidence that such investment is a Permitted Investment which matures at or prior to the time required hereby or is payable on demand. In the case of any Escrow Account, Lock-Box Account, Cash Collateral Account or Reserve Account (the "Borrower Accounts"), the Master Servicer shall act upon the written request of the related Borrower or Manager to the extent that the Master Servicer is required to do so under the terms of the respective Loan Documents, provided that in the absence of appropriate written instructions from the related Borrower or Manager meeting the requirements of this Section 3.07, the Master Servicer shall have no obligation to, but will be entitled to, direct the investment of funds in such accounts in Permitted Investments. All such Permitted Investments shall be held to maturity, unless payable on demand. Any investment of funds in an Investment Account shall be made in the name of the Trustee (in its capacity as such) or in the name of a nominee of the Trustee. The Certificate Administrator shall have sole control (except with respect to investment direction which shall be in the control of the Master Servicer or the Special Servicer, with respect to any REO Accounts, as an independent contractor to the Trust Fund) over each such investment and any certificate or other instrument evidencing any such investment shall be delivered directly to the Certificate Administrator or its agent (which shall initially be the Master Servicer), together with any document of transfer, if any, necessary to transfer title to such investment to the Trustee or its nominee. Neither the Certificate Administrator nor the Trustee shall have any responsibility or liability with respect to the investment directions of the Master Servicer, the Special Servicer, any Borrower or Manager or any losses resulting therefrom, whether from Permitted Investments or otherwise. The Master Servicer shall have no responsibility or liability with respect to the investment directions of the Special Servicer, the Certificate Administrator, the Trustee, any Borrower or Manager or any losses resulting therefrom, whether from Permitted Investments or otherwise. The Special Servicer shall have no responsibility or liability with respect to the investment directions of the Master Servicer, the Certificate Administrator, the Trustee, any Borrower or Manager or any losses resulting therefrom, whether from Permitted Investments or otherwise. In the event amounts on deposit in an Investment Account are at any time invested in a Permitted Investment payable on demand, the Master Servicer (or the Special Servicer or the Certificate Administrator, as applicable) shall:

(x) consistent with any notice required to be given thereunder, demand that payment thereon be made on the last day such Permitted Investment may otherwise mature hereunder in an amount equal to the lesser of (1) all amounts then payable thereunder and (2) the amount required to be withdrawn on such date; and

(y) demand payment of all amounts due thereunder promptly upon determination by the Master Servicer (or the Special Servicer or the Certificate Administrator, as applicable) that such Permitted Investment would not constitute a Permitted Investment in respect of funds thereafter on deposit in the related Investment Account.

(b) All income and gain realized from investment of funds deposited in any Investment Account shall be for the benefit of the Master Servicer (except with respect to the investment of funds deposited in (i) any Borrower Account, which shall be for the benefit of the related Borrower to the extent required under the related Loan Documents for the Mortgage Loan or applicable law, (ii) any REO Account and the Loss of Value Reserve Fund, which shall be for the benefit of the Special Servicer or (iii) the Gain-on-Sale Reserve Account, the Interest

Reserve Account and the Distribution Accounts, which shall be for the benefit of the Certificate Administrator) and, if held in the Collection Account, any Serviced Whole Loan Collection Account, REO Account or Distribution Account shall be subject to withdrawal by the Master Servicer, the Special Servicer or the Certificate Administrator, as applicable, in accordance with Section 3.06 or Section 3.15(b) of this Agreement, as applicable. The Master Servicer, or with respect to any REO Account or Loss of Value Reserve Fund, the Special Servicer, or with respect to the Gain-on-Sale Reserve Account, the Distribution Accounts, the Certificate Administrator, shall deposit from its own funds into the Collection Account, applicable Serviced Whole Loan Collection Account, any REO Account or Loss of Value Reserve Fund, the Gain-on-Sale Reserve Account, the Interest Reserve Account or the Distribution Accounts, as applicable, the amount of any loss incurred in respect of any such Permitted Investment immediately upon realization of such loss; provided, that the Master Servicer, the Special Servicer or the Certificate Administrator, as applicable, may reduce the amount of such payment to the extent it forgoes any investment income in such Investment Account otherwise payable to it. The Master Servicer shall also deposit from its own funds in any Borrower Account immediately upon realization of such loss the amount of any loss incurred in respect of Permitted Investments, except to the extent that amounts are invested at the direction of or for the benefit of the Borrower under the terms of the related Loan Documents for the Mortgage Loan, Serviced Whole Loan or applicable law; provided that neither the Master Servicer nor the Special Servicer shall be required to deposit any loss on an investment of funds in an Investment Account if such loss is incurred solely as a result of the insolvency of the federal or state chartered depository institution or trust company that holds such Investment Account, so long as such depository institution or trust company has satisfied the qualifications set forth in the definition of Eligible Account both (x) at the time the investment was made and (y) 30 days prior to such insolvency.

(c) Except as otherwise expressly provided in this Agreement, if any default occurs in the making of a payment due under any Permitted Investment, or if a default occurs in any other performance required under any Permitted Investment, in either case as a result of an action or inaction of the Master Servicer, the Special Servicer or the Certificate Administrator, as applicable, the Trustee may, and upon the request of Holders of Certificates entitled to a majority of the Voting Rights allocated to any Class shall, take such action as may be appropriate to enforce such payment or performance, including the institution and prosecution of appropriate proceedings. If the Trustee takes any such action, (i) the Master Servicer, if such Permitted Investment was for the benefit of the Master Servicer, (ii) the Special Servicer, if such Permitted Investment was for the benefit of the Special Servicer or (iii) the Certificate Administrator, if such Permitted Investment was for the benefit of the Certificate Administrator, shall pay or reimburse the Trustee for all reasonable out-of-pocket expenses, disbursements and advances incurred or made by the Trustee in connection therewith.

Section 3.08 Maintenance of Insurance Policies and Errors and Omissions and Fidelity Coverage. (a) In the case of each Mortgage Loan or Serviced Whole Loan, as applicable (but excluding any REO Loan and any Non-Serviced Mortgage Loan), the Master Servicer shall use commercially reasonable efforts consistent with the Servicing Standard to cause the related Borrower, with respect to the Mortgage Loans (other than a Non-Serviced Mortgage Loan) and Serviced Whole Loans that it is servicing, to maintain the following insurance coverage (including identifying the extent to which such Borrower is maintaining insurance coverage and, if such Borrower does not so maintain, the Master Servicer will itself

cause to be maintained with Qualified Insurers) for the related Mortgaged Property: (x) except where the Loan Documents permit a Borrower to rely on self-insurance provided by a tenant, a fire and casualty extended coverage insurance policy, which does not provide for reduction due to depreciation, in an amount that is at least equal to the lesser of (i) the full replacement cost of improvements securing such Mortgage Loan or Serviced Whole Loan, as applicable, and (ii) the Stated Principal Balance of such Mortgage Loan or Serviced Whole Loan, as applicable, but, in any event, in an amount sufficient to avoid the application of any co-insurance clause and (y) all other insurance coverage (including, but not limited to, coverage for acts of terrorism) that is required, subject to applicable law, under the related Loan Documents; provided, that:

(i) the Master Servicer shall not be required to maintain any earthquake or environmental insurance policy on any Mortgaged Property unless the Trustee has an insurable interest and (x) such insurance policy was in effect at the time of the origination of the related Mortgage Loan or Serviced Whole Loan, as applicable, or (y) such insurance policy was required by the related Loan Documents and is available at commercially reasonable rates, provided that the Master Servicer shall require the related Borrower to maintain such insurance in the amount, in the case of clause (x), maintained at origination, and in the case of clause (y), required by such Mortgage Loan or Serviced Whole Loan, in each case, to the extent such amounts are available at commercially reasonable rates and to the extent the Trustee has an insurable interest;

(ii) if and to the extent that any Loan Document grants the lender thereunder any discretion (by way of consent, approval or otherwise) as to the insurance provider from whom the related Borrower is to obtain the requisite insurance coverage, the Master Servicer shall (to the extent consistent with the Servicing Standard) require the related Borrower to obtain the requisite insurance coverage from Qualified Insurers;

(iii) the Master Servicer shall have no obligation beyond using its reasonable efforts consistent with the Servicing Standard to cause any Borrower to maintain the insurance required to be maintained under the Loan Documents; provided, that this clause shall not limit the Master Servicer's obligation to obtain and maintain a force-placed insurance policy, as provided herein;

(iv) except as provided below (including under clause (vi) below), in no event shall the Master Servicer be required to cause the Borrower to maintain, or itself obtain, insurance coverage to the extent that the failure of such Borrower to maintain insurance coverage is an Acceptable Insurance Default (as determined by the Special Servicer);

(v) to the extent that the Master Servicer itself is required to maintain insurance that the Borrower does not maintain, the Master Servicer will not be required to maintain insurance other than what is available to the Master Servicer on a force-placed basis at commercially reasonable rates, and only to the extent the Trust as lender has an insurable interest thereon; and

(vi) any explicit terrorism insurance requirements contained in the related Loan Documents shall be enforced by the Master Servicer in accordance with the Servicing Standard, unless the Special Servicer (and, if no Control Termination Event has occurred and is continuing, the Directing Certificateholder) have consented to a waiver (including a

waiver to permit the Master Servicer to accept insurance that does not comply with specific requirements contained in the Loan Documents) in writing of that provision in accordance with the Servicing Standard; provided that the Special Servicer shall promptly notify the Master Servicer in writing of such waiver.

The Master Servicer shall notify the Special Servicer, the Certificate Administrator, the Trustee and the Directing Certificateholder if the Master Servicer determines in accordance with the Servicing Standard that a Borrower under a Mortgage Loan (other than a Non-Serviced Mortgage Loan) has failed to maintain insurance required under the Loan Documents and such failure materially and adversely affects the interests of the Certificateholders or if a Borrower under a Mortgage Loan (other than a Non-Serviced Mortgage Loan) has notified the Master Servicer in writing that the Borrower does not intend to maintain such insurance and that the Master Servicer has determined in accordance with the Servicing Standard that such failure materially and adversely affects the interests of the Certificateholders.

Subject to Section 3.15(b) of this Agreement, with respect to each Serviced REO Property, the Special Servicer shall use reasonable efforts and only if the Trustee has an insurable interest, consistent with the Servicing Standard, to maintain (subject to the right of the Special Servicer to direct the Master Servicer to make a Servicing Advance for the costs associated with coverage that the Special Servicer determines to maintain, in which case the Master Servicer shall make such Servicing Advance) with Qualified Insurers to the extent reasonably available at commercially reasonable rates and to the extent the Trustee has an insurable interest, (a) a fire and casualty extended coverage insurance policy, which does not provide for reduction due to depreciation, in an amount that is at least equal to the lesser of the full replacement value of the Mortgaged Property or the Stated Principal Balance of the Mortgage Loan, Serviced REO Loan or the Serviced Whole Loan, as applicable (or such greater amount of coverage required by the related Loan Documents (unless such amount is not available or, if no Control Termination Event has occurred and is continuing, the Directing Certificateholder has consented to a lower amount)), but, in any event, in an amount sufficient to avoid the application of any co-insurance clause, (b) a comprehensive general liability insurance policy with coverage comparable to that which would be required under prudent lending requirements and in an amount not less than \$1.0 million per occurrence, and (c) to the extent consistent with the Servicing Standard, a business interruption or rental loss insurance covering revenues or rents for a period of at least 12 months; provided, that the Special Servicer shall not be required in any event to maintain or obtain insurance coverage described in this paragraph beyond what is reasonably available at a commercially reasonable rate and consistent with the Servicing Standard.

All such insurance policies maintained as described above shall contain (if they insure against loss to property) a “standard” mortgagee clause, with loss payable to the Master Servicer (on behalf of the Trustee on behalf of Certificateholders and, with respect to a Serviced Whole Loan, the related Serviced Companion Loan Noteholders), or shall name the Trustee as the insured, with loss payable to the Special Servicer on behalf of the Trustee (on behalf of Certificateholders and, with respect to a Serviced Whole Loan, the related Serviced Companion Loan Noteholders) (in the case of insurance maintained in respect of an REO Property). Any amounts collected by the Master Servicer or Special Servicer, as applicable, under any such policies (other than amounts to be applied to the restoration or repair of the related Mortgage)

Property or Serviced REO Property or amounts to be released to the related Borrower, in each case in accordance with the Servicing Standard) shall be deposited in the Collection Account (or, in the case of the Serviced Whole Loans, in the applicable Serviced Whole Loan Collection Account), subject to withdrawal pursuant to Section 3.06 of this Agreement, in the case of amounts received in respect of a Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan, or in the applicable REO Account of the Special Servicer, subject to withdrawal pursuant to Section 3.15 of this Agreement, in the case of amounts received in respect of a Serviced REO Property. Any cost incurred by the Master Servicer or the Special Servicer in maintaining any such insurance shall not, for purposes hereof, including calculating monthly distributions to Certificateholders or Serviced Companion Loan Noteholders, be added to the Stated Principal Balance of the related Mortgage Loan or Serviced Whole Loan, notwithstanding that the terms of such Mortgage Loan or Serviced Whole Loan so permit; provided, that this sentence shall not limit the rights of the Master Servicer or Special Servicer on behalf of the Trust Fund to enforce any obligations of the related Borrower under such Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan. Any costs incurred by the Master Servicer in maintaining any such insurance policies in respect of the Mortgage Loans or Specially Serviced Loans (other than REO Properties) (i) if the Borrower defaults on its obligation to do so, shall be advanced by the Master Servicer as a Servicing Advance and will be charged to the related Borrower and (ii) shall not, for purposes of calculating monthly distributions to Certificateholders, be added to the Stated Principal Balance of the related Mortgage Loan, notwithstanding that the terms of such Mortgage Loan so permit. Any cost incurred by the Special Servicer in maintaining any such insurance policies with respect to Serviced REO Properties shall be an expense of the Trust Fund (and in the case of any Serviced Whole Loan, such expense shall be allocated in accordance with the allocation provisions of the related Intercreditor Agreement) payable out of the related REO Account (or Serviced Whole Loan REO Account, as applicable) or, if the amount on deposit therein is insufficient therefor, advanced by the Master Servicer as a Servicing Advance (or paid from the Collection Account if the Master Servicer determines such Advance would be a Nonrecoverable Advance, subject to Section 3.21(d) of this Agreement).

(b) If either:

(x) the Master Servicer or Special Servicer obtains and maintains, or causes to be obtained and maintained, a blanket policy or master force-placed policy insuring against hazard losses on all of the Mortgage Loans (other than Non-Serviced Mortgage Loans), Serviced Whole Loans or Serviced REO Properties, as applicable, then, to the extent such policy

(i) is obtained from a Qualified Insurer, and

(ii) provides protection equivalent to the individual policies otherwise required, or

(y) the Master Servicer or the Special Servicer (or, in each case, its corporate parent), as applicable, has long-term unsecured debt obligations that are rated not lower than “[_____]” by [____], “[_____]” by [____] (or, if not rated by [____], an equivalent (or higher) rating by any two other NRSROs (which may include [____],[____] and/or [____])) and its equivalent by [____] (if then rated by [____]), and the Master Servicer or Special

Servicer self-insures for its obligation to maintain the individual policies otherwise required,

then the Master Servicer or the Special Servicer shall conclusively be deemed to have satisfied its obligation to cause hazard insurance to be maintained on the related Mortgaged Properties or Serviced REO Properties, as applicable.

Such a blanket or master force-placed policy may contain a deductible clause (not in excess of a customary amount), in which case the Master Servicer or Special Servicer, as the case may be, that maintains such policy shall, if there shall not have been maintained on any Mortgaged Property securing a Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced REO Property thereunder a hazard insurance policy complying with the requirements of Section 3.08(a) of this Agreement, and there shall have been one or more losses that would have been covered by such an individual policy, promptly deposit into the Collection Account (or, in the case of a Serviced Whole Loan, in the related Serviced Whole Loan Collection Account), from its own funds, the amount not otherwise payable under the blanket or master force-placed policy in connection with such loss or losses because of such deductible clause to the extent that any such deductible exceeds the deductible limitation that pertained to the related Mortgage Loan or the related Serviced Whole Loan, as applicable (or, in the absence of any such deductible limitation, the deductible limitation for an individual policy which is consistent with the Servicing Standard). The Master Servicer and Special Servicer shall prepare and present, on behalf of itself, the Trustee, Certificateholders and, if applicable the Serviced Companion Loan Noteholders, claims under any such blanket or master force-placed policy maintained by it in a timely fashion in accordance with the terms of such policy. If the Master Servicer or Special Servicer, as applicable, causes any Mortgaged Property securing a Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced REO Property to be covered by such “force-placed” insurance policy, the incremental costs of such insurance applicable to such Mortgaged Property or Serviced REO Property (*i.e.*, other than any minimum or standby premium payable for such policy whether or not any Mortgaged Property or Serviced REO Property is covered thereby) shall be paid as a Servicing Advance.

(c) With respect to each Mortgage Loan (other than any Non-Serviced Mortgage Loan) or Serviced Whole Loan, as applicable, that is subject to an Environmental Insurance Policy, if the Master Servicer has actual knowledge of any event giving rise to a claim under an Environmental Insurance Policy, the Master Servicer shall notify the Special Servicer to such effect and the Master Servicer shall take reasonable actions as are in accordance with the Servicing Standard and the terms and conditions of such Environmental Insurance Policy to make a claim thereunder and achieve the payment of all amounts to which the Trust is entitled thereunder. With respect to each Specially Serviced Loan and Serviced REO Property that is subject to an Environmental Insurance Policy, if the Special Servicer has actual knowledge of any event giving rise to a claim under an Environmental Insurance Policy, such Special Servicer shall take reasonable actions as are in accordance with the Servicing Standard and the terms and conditions of such Environmental Insurance Policy to make a claim thereunder and achieve the payment of all amounts to which the Trust, on behalf of the Certificateholders and, if applicable, the Serviced Companion Loan Noteholders (giving due regard to the junior nature of the related Subordinate Companion Loan, if any), is entitled thereunder. Any legal fees or other out-of-pocket costs incurred in accordance with the Servicing Standard in connection with any claim

under an Environmental Insurance Policy described above (whether by the Master Servicer or Special Servicer) shall be paid by, and reimbursable to, the Master Servicer as a Servicing Advance.

(d) The Master Servicer, the Special Servicer, shall at all times during the term of this Agreement (or, in the case of the Special Servicer, at all times during the term of this Agreement during which Specially Serviced Loans and/or Serviced REO Properties as to which it is the Special Servicer are included in the Trust Fund) keep in force with a Qualified Insurer, a fidelity bond in such form and amount as are consistent with the Servicing Standard. The Master Servicer, Special Servicer, as applicable, shall be deemed to have complied with the foregoing provision if an Affiliate thereof has such fidelity bond coverage and, by the terms of such fidelity bond, the coverage afforded thereunder extends to the Master Servicer, Special Servicer, as the case may be. Such fidelity bond shall provide that it may not be canceled without ten days' prior written notice to the Trustee. So long as the long-term unsecured debt obligations of the Master Servicer (or its corporate parent if such insurance is guaranteed by its parent), the Special Servicer (or its corporate parent), as applicable, are rated not lower than "[____]" by [____], "[____]" by [____], "[____]" by [____] (or, if not rated by [____], an equivalent (or higher) rating by any two other NRSROs (which may include [____],[____] and/or [____])) and its equivalent by [____] (if then rated by [____]), the Master Servicer, the Special Servicer, [the Operating Advisor or the Asset Representations Reviewer], as applicable, may self-insure with respect to the fidelity bond coverage required as described above, in which case it shall not be required to maintain an insurance policy with respect to such coverage.

The Master Servicer and Special Servicer, as applicable, shall at all times during the term of this Agreement (or, in the case of the Special Servicer, at all times during the term of this Agreement during which Specially Serviced Loans and/or Serviced REO Properties exist as part of the Trust Fund) also keep in force with a Qualified Insurer a policy or policies of insurance covering loss occasioned by the errors and omissions of its officers and employees in connection with their servicing obligations hereunder, which policy or policies shall be in such form and amount as are consistent with the Servicing Standard. The Master Servicer or the Special Servicer, as applicable, shall be deemed to have complied with the foregoing provisions if an Affiliate thereof has such insurance and, by the terms of such policy or policies, the coverage afforded thereunder extends to the Master Servicer or Special Servicer, as the case may be. Any such errors and omissions policy shall provide that it may not be canceled without ten days' prior written notice to the Trustee. So long as the long-term unsecured debt obligations of the Master Servicer (or its corporate parent if such insurance is guaranteed by its parent) or the Special Servicer (or its corporate parent), as applicable, are rated not lower than "[____]" by [____], "[____]" by [____] (or, if not rated by [____], an equivalent (or higher) rating by any two other NRSROs) (which may include [____],[____] and/or [____]) and its equivalent by [____] (if then rated by [____]), the Master Servicer or the Special Servicer, as applicable, may self-insure with respect to the errors and omissions coverage required as described above, in which case it shall not be required to maintain an insurance policy with respect to such coverage.

Section 3.09 Enforcement of Due-on-Sale Clauses; Assumption Agreements; Defeasance Provisions. (a) If any Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan contains a provision in the nature of a "due-on-sale" clause (including, without limitation, sales or transfers of Mortgaged Properties (in full or part) or the sale, transfer,

pledge or hypothecation of direct or indirect interests in the Borrower or its owners), which by its terms:

(i) provides that such Mortgage Loan or Serviced Whole Loan will (or may at the mortgagee's option) become due and payable upon the sale or other transfer of an interest in the related Mortgaged Property (including, without limitation, the sale, transfer, pledge or hypothecation of direct or indirect interests in the Borrower or its owners),

(ii) provides that such Mortgage Loan or Serviced Whole Loan may not be assumed without the consent of the related mortgagee in connection with any such sale or other transfer, or

(iii) provides that such Mortgage Loan or Serviced Whole Loan may be assumed or transferred without the consent of the mortgagee, provided certain conditions set forth in the Loan Documents are satisfied,

then, for so long as such Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan (or related Mortgage Loan) is included in the Trust Fund, subject to the rights of the Directing Certificateholder, neither the Master Servicer (with respect to Performing Loans other than a Non-Serviced Mortgage Loan) nor the Special Servicer (with respect to Specially Serviced Loans), as applicable, on behalf of the Trust Fund, shall be required to enforce any such due-on-sale clauses and in connection therewith neither shall be required to (x) accelerate payments thereon or (y) withhold its consent to such an assumption if (1) such provision is not exercisable under applicable law or if the Master Servicer (with respect to Performing Loans (other than a Non-Serviced Mortgage Loan) and with the consent of the Special Servicer) or the Special Servicer (with respect to Specially Serviced Loans), as applicable, determines, subject to the rights of the Directing Certificateholder, that the enforcement of such provision is reasonably likely to result in meritorious legal action by the Borrower or (2) the Master Servicer (with the consent of the Special Servicer) or the Special Servicer, as applicable, determines, in accordance with the Servicing Standard and subject to the rights of the Directing Certificateholder, that granting such consent would be likely to result in a greater recovery, on a present value basis (discounting at the related Calculation Rate), than would enforcement of such clause. If the Master Servicer (with respect to Performing Loans (other than a Non-Serviced Mortgage Loan)) or the Special Servicer (with respect to Specially Serviced Loans), as applicable, determines that (A) granting such consent would be likely to result in a greater recovery, (B) such provision is not legally enforceable, or (C) that the conditions described in clause (a)(iii) above relating to the assumption or transfer of a related Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan have been satisfied, the Master Servicer (with respect to Performing Loans) or the Special Servicer (with respect to Specially Serviced Loans) is authorized to take or enter into an assumption agreement from or with the Person to whom the related Mortgaged Property has been or is about to be conveyed, and to release the original Borrower from liability upon such Mortgage Loan and substitute the new Borrower as obligor thereon, provided that (a) the credit status of the prospective new Borrower is in compliance with the Master Servicer's or the Special Servicer's servicing standards and criteria and the terms of the related Mortgage and (b) the Master Servicer (with respect to Performing Loans (other than a Non-Serviced Mortgage Loan)) or the Special Servicer (with respect to Specially Serviced Loans), as applicable, has followed the Rating Agency Confirmation process pursuant to Section 3.30 relating to the Certificates and Serviced Companion Loan Securities, if any, with respect to

[____], [____] or [____] in the case of any such Mortgage Loan that represents one of the ten largest Mortgage Loans or groups of cross-collateralized Mortgage Loans based on Stated Principal Balance or is a Mortgage Loan as to which the related Serviced Companion Loan represents one of the ten largest mortgage loans in the related Other Securitization (provided, that the Master Servicer or Special Servicer, as applicable, shall be entitled to reasonably rely upon the written notification provided by the master servicer or special servicer of the applicable Other Securitization as to whether such Serviced Companion Loan is one of the 10 largest mortgage loans in such Other Securitization). In connection with each such assumption or substitution entered into by the Special Servicer, the Special Servicer shall give prior notice thereof to the Master Servicer. The Master Servicer (with respect to Performing Loans) or the Special Servicer (with respect to Specially Serviced Loans) shall notify the Trustee, the Certificate Administrator, the Directing Certificateholder and the Master Servicer or the Special Servicer, as applicable, that any such assumption or substitution agreement has been completed by forwarding to the Custodian (with a copy to the Master Servicer, the Certificate Administrator, the Trustee and the Directing Certificateholder, as applicable) the original copy of such agreement, which copies shall be added to the related Mortgage File and shall, for all purposes, be considered a part of such Mortgage File to the same extent as all other documents and instruments constituting a part thereof. To the extent not precluded by the Loan Documents, neither the Master Servicer (with respect to Performing Loans) nor the Special Servicer (with respect to Specially Serviced Loans) shall approve an assumption or substitution without requiring the related Borrower to pay any fees owed to the Rating Agencies associated with the approval of such assumption or substitution. However, if the related Borrower is required but fails to pay such fees, such fees shall be an expense of the Trust Fund (and in the case of any Serviced Whole Loan, such expense shall be allocated in accordance with the allocation provisions of the related Intercreditor Agreement), with such expenses allocated (i) *first*, to the Trust Subordinate Companion Loan (up to the full principal balance thereof), and (ii) *then*, to the related AB Mortgage Loan (up to the full principal balance thereof); provided that in the case of a Serviced Whole Loan the Master Servicer (if such Serviced Whole Loan is a Performing Loan) or the Special Servicer (if such Serviced Whole Loan is a Specially Serviced Loan) shall be required, after receiving payment from amounts on deposit in the Collection Account, if any, to (i) promptly notify the holder of the related Companion Loan and (ii) use commercially reasonable efforts to exercise on behalf of the Trust Fund the rights of the Trust Fund under the related Intercreditor Agreement to obtain reimbursement for a *pro rata* portion of such amount allocable to the related Serviced Companion Loan from the holders of such Serviced Companion Loan.

(b) If any Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan contains a provision in the nature of a “due-on-encumbrance” clause, which by its terms:

(i) provides that such Mortgage Loan or Serviced Whole Loan shall (or may at the mortgagee’s option) become due and payable upon the creation of any lien or other encumbrance on the related Mortgaged Property or any direct or indirect ownership interest in the borrower (including, unless specifically permitted, any mezzanine financing of the Borrower or the Mortgaged Property or any sale or transfer of preferred equity in the Borrower or its owners),

(ii) requires the consent of the related mortgagee to the creation of any such lien or other encumbrance on the related Mortgaged Property (including, without limitation, any mezzanine financing of the Borrower or the Mortgaged Property or any sale or transfer of preferred equity in the Borrower or its owners), or

(iii) provides that such Mortgaged Property may be further encumbered without the consent of the mortgagee (including, without limitation, any mezzanine financing of the Borrower or the Mortgaged Property or any sale or transfer of preferred equity in the Borrower or its owners), provided certain conditions set forth in the Loan Documents are satisfied,

then, neither the Master Servicer (with respect to Performing Loans other than a Non-Serviced Mortgage Loan) nor the Special Servicer (with respect to Specially Serviced Loans), on behalf of the Trust Fund, shall be required to enforce such due-on-encumbrance clauses and in connection therewith, will not be required to (i) accelerate the payments on the related Mortgage Loan or Serviced Whole Loan or (ii) withhold its consent to such lien or encumbrance, if the Master Servicer (with the consent of the Special Servicer) or the Special Servicer, as applicable, subject to the rights of the Directing Certificateholder, (x) determines, in accordance with the Servicing Standard that such enforcement would not be in the best interests of the Trust Fund or the holder of the related Serviced Companion Loan, if applicable (giving due regard to the junior nature of the related Subordinate Companion Loan, if any), or that in the case of a Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan described in clause (b)(iii) above that the conditions to further encumbrance have been satisfied and (y) as to any Mortgage Loan or Serviced Whole Loan, follows the Rating Agency Confirmation procedure pursuant to Section 3.30 with respect to [___], [___] or [___] in the case of any such Mortgage Loan that represents one of the ten largest Mortgage Loans or groups of cross-collateralized Mortgage Loans based on Stated Principal Balance or is a Mortgage Loan as to which the related Serviced Companion Loan represents one of the ten largest mortgage loans in the related Other Securitization (provided, that the Master Servicer or Special Servicer, as applicable, shall be entitled to reasonably rely upon the written notification provided by the master servicer or special servicer of the applicable Other Securitization as to whether such Serviced Companion Loan is one of the 10 largest mortgage loans in such Other Securitization). To the extent not precluded by the Loan Documents, neither the Master Servicer (with respect to Performing Loans) nor the Special Servicer (with respect to Specially Serviced Loans) shall approve an assumption or substitution without requiring the related Borrower to pay any fees owed to the Rating Agencies associated with the approval of such lien or encumbrance. However, if the related Borrower is required but fails to pay such fees, such fees shall be an expense of the Trust Fund (in the case of an AB Whole Loan, with such expenses allocated (i) *first*, to the Trust Subordinate Companion Loan (up to the full principal balance thereof), and (ii) *then*, to the related AB Mortgage Loan (up to the full principal balance thereof); provided that in the case of a Serviced Whole Loan the Master Servicer (if such Serviced Whole Loan is a Performing Loan) or the Special Servicer (if such Serviced Whole Loan is a Specially Serviced Loan) shall be required, after receiving payment from amounts on deposit in the Collection Account, if any, to (i) promptly notify the holder of the related Companion Loan and (ii) use commercially reasonable efforts to exercise on behalf of the Trust Fund the rights of the Trust Fund under the related Intercreditor Agreement to obtain reimbursement for a pro rata portion of such amount

allocable to the related Serviced Companion Loans from the holders of such Serviced Companion Loans.

(c) The Special Servicer may not waive its rights or grant its consent under any “due-on-sale” or “due-on-encumbrance” clause relating to any Specially Serviced Loan without, if no Control Termination Event has occurred and is continuing, the consent of the Directing Certificateholder. The Directing Certificateholder shall have 10 Business Days (or longer period provided by the related Intercreditor Agreement) after receipt of notice along with the Special Servicer’s recommendation and analysis with respect to such waiver and any additional information the Directing Certificateholder may reasonably request from the Special Servicer of a proposed waiver or consent under any “due-on-sale” or “due-on-encumbrance” clause in which to grant or withhold its consent (provided that if the Special Servicer fails to receive a response to such notice from the Directing Certificateholder in writing within such period, then the Directing Certificateholder shall be deemed to have consented to such proposed waiver or consent).

(d) The Master Servicer and the Special Servicer, as applicable, shall provide copies of any waivers it effects pursuant to Section 3.09(a) or (b) of this Agreement to the other party, the 17g-5 Information Provider (who shall promptly post such waivers to the 17g-5 Information Provider’s Website pursuant to Section 3.14(d) of this Agreement) and the related Other 17g-5 Information Provider (if any) with respect to each Mortgage Loan or Serviced Whole Loan.

(e) Nothing in this Section 3.09 shall constitute a waiver of the Trustee’s right, as the mortgagee of record, to receive notice of any assumption of a Mortgage Loan, any sale or other transfer of the related Mortgaged Property or the creation of any lien or other encumbrance with respect to such Mortgaged Property.

(f) In connection with the taking of, or the failure to take, any action pursuant to this Section 3.09, the Special Servicer shall not agree to modify, waive or amend, and no assumption or substitution agreement entered into pursuant to Section 3.09(a) of this Agreement shall contain any terms that are different from, any term of any Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan or the related Mortgage Note, other than pursuant to Section 3.26 hereof, as applicable.

(g) With respect to any Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan which permits release of Mortgaged Properties through defeasance:

(i) If such Mortgage Loan or Serviced Whole Loan requires that the lender purchase the required government securities, then the Master Servicer shall purchase, or shall cause the purchase of, such obligations on behalf of the Trust, at the related Borrower’s expense, in accordance with the terms of such Mortgage Loan; provided that the Master Servicer shall not accept the amounts paid by the related Borrower to effect defeasance until acceptable government securities have been identified.

(ii) To the extent not inconsistent with such Mortgage Loan or Serviced Whole Loan, the Master Servicer shall require the related Borrower to provide an Opinion of

Counsel (which shall be an expense of the related Borrower) to the effect that the Trustee has a first priority perfected security interest in the defeasance collateral (including the government securities) and the assignment of the defeasance collateral is valid and enforceable; such opinion, together with any other certificates or documents to be required in connection with such defeasance shall be in form and substance acceptable to each Rating Agency.

(iii) To the extent not inconsistent with such Mortgage Loan or Serviced Whole Loan, the Master Servicer shall require a certificate at the related Borrower's expense from an Independent certified public accountant certifying to the effect that the government securities will provide cash flows sufficient to meet all payments of interest and principal (including payments at maturity) on such Mortgage Loan or Serviced Whole Loan in compliance with the requirements of the terms of the related Loan Documents.

(iv) Prior to permitting the release of any Mortgaged Property through defeasance, the Master Servicer shall obtain, at the related Borrower's expense, a Rating Agency Confirmation; provided, the Master Servicer shall not be required to obtain such Rating Agency Confirmation from any Rating Agency if such Mortgage Loan at the time of such defeasance is not (x) a Mortgage Loan that (together with any Mortgage Loans cross-collateralized with such Mortgage Loan) is one of the ten largest Mortgage Loans by Stated Principal Balance, (y) a Mortgage Loan with a Stated Principal Balance equal to or greater than \$20,000,000 or (z) a Mortgage Loan that represents 5% or more of the Stated Principal Balance of all Mortgage Loans.

(v) Prior to permitting release of any Mortgaged Property through defeasance, the Master Servicer shall require an Opinion of Counsel to the effect that such release will not cause any Trust REMIC to fail to qualify as a REMIC at any time that any Certificates are outstanding or cause a tax to be imposed on the Trust Fund under the REMIC Provisions; provided that to the extent not inconsistent with the Mortgage Loan or Serviced Whole Loan, the related Borrower shall pay the cost related to the Opinion of Counsel (and shall otherwise be a Servicing Advance).

(vi) No defeasance shall occur on or prior to the second anniversary of the Startup Day of the Trust REMICs, or in the case of any Companion Loan, the later of the second anniversary of the Startup Day of the Trust REMICs and the second anniversary of the startup day of any REMIC holding such Companion Loan.

(vii) The Trustee shall at the expense of the related Borrower (to the extent not inconsistent with the related Loan Documents) hold the U.S. government securities as pledgee for the benefit of the Certificateholders and, if applicable, the Serviced Companion Loan Noteholders, and the Certificate Administrator shall apply payments of principal and interest received on the government obligations to the Collection Account in respect of the defeased Mortgage Loan according to the payment schedule existing immediately prior to the defeasance.

(viii) The Master Servicer shall, in accordance with the Servicing Standard, enforce provisions in the Mortgage Loans that it is servicing requiring Borrowers to pay all reasonable expenses associated with a defeasance.

(ix) To the extent not inconsistent with such Mortgage Loan, or to the extent the related Loan Documents provide the lender with discretion, the Master Servicer shall require a single purpose entity, formed solely for the purpose of owning and pledging the government securities related to one or more of the Mortgage Loans, to act as a successor borrower.

(x) The Master Servicer may accept as defeasance collateral of any “government security,” within the meaning of Treasury Regulation’s Section 1.860G-(2)(a)(8)(ii), notwithstanding any more restrictive requirements in the Loan Documents; *provided*, that the Master Servicer has received an Opinion of Counsel that acceptance of such defeasance collateral will not cause an Adverse REMIC Event.

(xi) Neither the Master Servicer nor the Special Servicer shall charge a fee for defeasance in excess of that permitted under the Loan Documents in the event that the Loan Documents provide for such a fee limitation.

(h) With respect to all Specially Serviced Loans and Performing Loans, the Special Servicer shall, prior to waiving its rights or granting its consent to any proposed action of the Master Servicer under this Section 3.09, and prior to itself taking such an action, obtain the written consent of the Directing Certificateholder, which consent shall be deemed given 10 Business Days (or such longer period if necessary for a Serviced Whole Loan pursuant to the terms of the related Intercreditor Agreement) after receipt (unless earlier objected to) by the Directing Certificateholder of the Master Servicer’s and/or Special Servicer’s, as applicable, written analysis and recommendation with respect to such action together with such other information reasonably required by the Directing Certificateholder. When the Special Servicer’s consent is requested under this Section 3.09, such consent shall be deemed given 15 Business Days (or such longer time period pursuant to the terms of the related Intercreditor Agreement but not less than five (5) Business Days after the time period set forth therein for Directing Certificateholder approval) after receipt (unless earlier objected to) by the Special Servicer from the Master Servicer of the Master Servicer’s written analysis and recommendation with respect to such proposed action together with such other information reasonably required by the Special Servicer.

Section 3.10 Appraisals; Realization upon Defaulted Mortgage Loans.

(a) Other than with respect to a Non-Serviced Mortgage Loan, contemporaneously with the earliest of (i) the effective date of any (A) modification of the Maturity Date or extended Maturity Date, a Mortgage Rate, principal balance or amortization terms of any Mortgage Loan or Serviced Whole Loan or any other term of a Mortgage Loan or Serviced Whole Loan, (B) extension of the Maturity Date or extended Maturity Date of a Mortgage Loan or Serviced Whole Loan as described below in Section 3.26 of this Agreement, or (C) consent to the release of any Mortgaged Property from the lien of the related Mortgage other than pursuant to the terms of the related Mortgage Loan or Serviced Whole Loan, (ii) the occurrence of an Appraisal Reduction Event, (iii) a default in the payment of a Balloon Payment for which an extension is not granted, or (iv) the date on which the Special Servicer, consistent with the Servicing Standard, requests an Updated Valuation, the Special Servicer shall use commercially reasonable efforts to obtain an Updated Valuation (or a letter update for an existing appraisal which is less than two years old) within 60 days of such request, the cost of which shall constitute a Servicing Advance; provided, that the Special Servicer shall not be required to obtain an Updated

Valuation pursuant to clauses (i) through (iv) above with respect to any Mortgaged Property for which there exists an Appraisal, Updated Appraisal or Small Loan Appraisal Estimate which is less than nine months old unless the Special Servicer has actual knowledge of a material adverse change in circumstances that, consistent with the Servicing Standard, would call into question the validity of such Appraisal, Updated Appraisal or Small Loan Appraisal Estimate. For so long as such Mortgage Loan or Serviced Whole Loan is a Specially Serviced Loan, the Special Servicer shall obtain letter updates to each Updated Valuation (i) within 30 days of the end of each nine-month period following the related Appraisal Reduction Event and (ii) upon its determination that the value of the related Mortgaged Property has materially changed, and the Master Servicer shall recalculate the Appraisal Reduction Amount prior to the Special Servicer granting extensions beyond one year or any subsequent extension after granting a one year extension with respect to the same Mortgage Loan or Serviced Whole Loan. Subject to any required consent from the Directing Certificateholder, nothing herein is intended to limit the Special Servicer's ability to pursue multiple strategies contemporaneously if the Special Servicer deems such actions appropriate under the Servicing Standard. The Special Servicer shall update, in accordance with the timing described above, each Small Loan Appraisal Estimate or Updated Appraisal for so long as an Appraisal Reduction Event exists with respect to the related Mortgage Loan or Serviced Whole Loan and the Master Servicer shall recalculate the Appraisal Reduction Amount based on such updated Small Loan Appraisal Estimate or Updated Appraisal. The Special Servicer shall send all such letter updates and Updated Valuations to the Master Servicer, the 17g-5 Information Provider (who shall promptly post such materials to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement), the related Serviced Companion Loan Noteholder (if any) and, for so long as no Consultation Termination Event has occurred, the Directing Certificateholder.

The Special Servicer shall monitor each Specially Serviced Loan, evaluate whether the causes of the default can be corrected over a reasonable period without significant impairment of the value of the related Mortgaged Property, initiate corrective action in cooperation with the Borrower if, in the Special Servicer's judgment, cure is likely, and take such other actions (including without limitation, negotiating and accepting a discounted payoff of a Mortgage Loan or Serviced Whole Loan) as are consistent with the Servicing Standard. If, in the Special Servicer's judgment, such corrective action has been unsuccessful, no satisfactory arrangement can be made for collection of delinquent payments, and the Specially Serviced Loan has not been released from the Trust Fund pursuant to any provision hereof, and except as otherwise specifically provided in Section 3.09(a) and 3.09(b) of this Agreement, the Special Servicer may, to the extent consistent with the Asset Status Report (and with the consent of the Directing Certificateholder if no Control Termination Event has occurred and is continuing) and with the Servicing Standard, accelerate such Specially Serviced Loan and commence a foreclosure or other acquisition with respect to the related Mortgaged Property or Properties, provided that the Special Servicer determines that such acceleration and foreclosure are more likely to produce a greater recovery to Certificateholders and, if applicable, Serviced Companion Loan Noteholders (as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan Noteholders, constituted a single lender) (and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan) on a present value basis (discounting at the related Calculation Rate) than would a waiver of such default or an extension or modification in accordance with the provisions of Section 3.26 hereof. In connection with causing the Trust to

foreclose on collateral that consists of multiple properties held for sale to customers by the related Borrower (such as unsold condominium units in a single project), the Special Servicer directing such foreclosure shall consider the effect of the bidding price for the properties on the tax basis of such properties if such properties are likely to be treated in the hands of the Trust as properties held for sale to customers. The Master Servicer shall pay the costs and expenses in any such proceedings as a Servicing Advance unless the Master Servicer or the Special Servicer, as applicable, determines, in its good faith judgment, that such Servicing Advance would constitute a Nonrecoverable Advance; provided, if such Servicing Advance would constitute a Nonrecoverable Advance but the Special Servicer determines that such payment would be in best interests of the Certificateholders and, if applicable, Serviced Companion Loan Noteholders (as a collective whole as if such Certificateholders and (with respect to a Serviced Whole Loan) Serviced Companion Loan Noteholders constituted a single lender (and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan and with respect to the AB Whole Loan, taking into account the subordinate nature of the Trust Subordinate Companion Loan) (with the Master Servicer permitted to conclusively rely upon any such determination by the Special Servicer), the Special Servicer shall direct the Master Servicer to make such payment from the Collection Account (or, if applicable, the applicable Serviced Whole Loan Collection Account), which payment shall be an Additional Trust Fund Expense. The Trustee shall be entitled to conclusively rely upon any determination of the Master Servicer or Special Servicer that a Servicing Advance, if made, would constitute a Nonrecoverable Advance. If the Master Servicer does not make such Servicing Advance in violation of the second preceding sentence, the Trustee shall make such Servicing Advance, unless the Trustee determines that such Servicing Advance would be a Nonrecoverable Advance. The Master Servicer and the Trustee, as applicable, shall be entitled to reimbursement of Servicing Advances (with interest at the Reimbursement Rate) made pursuant to this paragraph to the extent permitted by Section 3.06 of this Agreement.

(b) If the Special Servicer elects to proceed with a non-judicial foreclosure in accordance with the laws of the state where the Mortgaged Property is located, the Special Servicer shall not be required to pursue a deficiency judgment against the related Borrower or any other liable party if (i) the laws of the state do not permit such a deficiency judgment after a non-judicial foreclosure or (ii) if the Special Servicer determines, in its best judgment, that the likely recovery if a deficiency judgment is obtained will not be sufficient to warrant the cost, time, expense and/or exposure of pursuing the deficiency judgment and such determination is evidenced by an Officer's Certificate delivered to the Trustee and the Certificate Administrator.

(c) In the event that title to any Mortgaged Property is acquired in foreclosure or by deed in lieu of foreclosure, the deed or certificate of sale shall be issued to the Trustee (on behalf of the Trust Fund), or to its nominee (which shall not include the Special Servicer) or a separate Trustee or co-Trustee on behalf of the Trustee as Holder of the Lower-Tier Regular Interests, the Loan Specific REMIC Regular Interests and the Class [PEZ] Regular Interests and the Certificateholders and, if applicable, the Serviced Companion Loan Noteholders. Notwithstanding any such acquisition of title and cancellation of the related Mortgage Loan or Serviced Whole Loan, as applicable, such Mortgage Loan or Serviced Whole Loan, as applicable, shall (except for purposes of Section 9.01 of this Agreement) be considered to be a Serviced REO Loan until such time as the related Serviced REO Property shall be sold by the

Trust Fund and shall be reduced only by collections net of expenses. Consistent with the foregoing, for purposes of all calculations hereunder, so long as such Mortgage Loan or Serviced Whole Loan, as applicable, shall be considered to be an outstanding Mortgage Loan or Serviced Whole Loan, as applicable:

(i) it shall be assumed that, notwithstanding that the indebtedness evidenced by the related Mortgage Note shall have been discharged, such Mortgage Note and, for purposes of determining the Stated Principal Balance thereof, the related amortization schedule in effect at the time of any such acquisition of title shall remain in effect; and

(ii) subject to Section 1.02(g) of this Agreement, Net REO Proceeds received in any month shall be applied to amounts that would have been payable under the related Mortgage Note(s) in accordance with the terms of such Mortgage Note(s) and any applicable Intercreditor Agreement. In the absence of such terms, Net REO Proceeds shall, subject to Section 1.02(g) of this Agreement, be deemed to have been received first, in payment of the accrued interest that remained unpaid on the date that the related Serviced REO Property was acquired by the Trust Fund; second, in respect of the delinquent principal installments that remained unpaid on such date; and thereafter, Net REO Proceeds received in any month shall be applied to the payment of installments of principal and accrued interest on such Mortgage Loan or Serviced Companion Loan, as applicable, deemed to be due and payable in accordance with the terms of such Mortgage Note(s) and such amortization schedule until such principal has been paid in full and then to other amounts due under such Mortgage Loan or Serviced Companion Loan, as applicable. If such Net REO Proceeds exceed the Periodic Payment then payable, the excess shall be treated as a Principal Prepayment received in respect of such Mortgage Loan or Serviced Companion Loan, as applicable.

(d) Notwithstanding any provision herein to the contrary, the Special Servicer shall not acquire for the benefit of the Trust Fund any personal property pursuant to this Section 3.10 unless either:

(i) such personal property is incident to real property (within the meaning of Section 856(e)(1) of the Code) so acquired by the Special Servicer for the benefit of the Trust Fund; or

(ii) the Special Servicer shall have requested and received an Opinion of Counsel (which opinion shall be an expense of the Loan Specific REMIC or the Lower-Tier REMIC, as applicable) to the effect that the holding of such personal property by the Loan Specific REMIC or Lower-Tier REMIC, as applicable, will not cause the imposition of a tax on any Trust REMIC under the REMIC Provisions or cause any Trust REMIC to fail to qualify as a REMIC at any time that any Certificate is outstanding (and such Opinion of Counsel may be premised on the designation hereby of any such personal property as being deemed part of an “outside reserve fund” (within the meaning of Treasury Regulations Section 1.860G-2(h)) with the owner of such personal property for federal income tax purposes to be designated at such time).

(e) Notwithstanding any provision to the contrary in this Agreement, the Special Servicer shall not, on behalf of the Trust Fund, obtain title to any direct or indirect

partnership interest or other equity interest in any Borrower pledged pursuant to any pledge agreement unless the Special Servicer shall have requested and received an Opinion of Counsel (which opinion shall be an expense of the Trust Fund (and in the case of any Serviced Whole Loan, such expense shall be allocated in accordance with the allocation provisions of the related Intercreditor Agreement)) to the effect that the holding of such partnership interest or other equity interest by the Trust Fund will not cause the imposition of a tax on any Trust REMIC under the REMIC Provisions or cause any Trust REMIC to fail to qualify as a REMIC at any time that any Certificate is outstanding.

(f) Notwithstanding any provision to the contrary contained in this Agreement, the Special Servicer shall not cause the Trustee, on behalf of the Trust Fund, to obtain title to a Mortgaged Property as a result of or in lieu of foreclosure or otherwise, to obtain title to any direct or indirect partnership interest in any Borrower pledged pursuant to a pledge agreement and thereby be the beneficial owner of a Mortgaged Property, have a receiver of rents appointed with respect to, and shall not otherwise cause the Trustee to acquire possession of, or take any other action with respect to, any Mortgaged Property if, as a result of any such action, the Trustee, for the Trust Fund, the Certificateholders or Serviced Companion Loan Noteholders, if applicable, would be considered to hold title to, to be a “mortgagee-in-possession” of, or to be an “owner” or “operator” of such Mortgaged Property within the meaning of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended from time to time, or any comparable law, unless the Special Servicer has previously determined in accordance with the Servicing Standard, based on an updated environmental assessment report prepared by an Independent Person who regularly conducts environmental audits (which report shall be an expense of the Trust), that:

(i) such Mortgaged Property is in compliance with applicable environmental laws or, if not, after consultation with an environmental consultant, that it would be in the best economic interest of the Certificateholders (and with respect to the Serviced Whole Loans, the Serviced Companion Loan Noteholders), as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan Noteholders constituted a single lender (and with respect to any Serviced Whole Loan with a related Serviced Subordinate Companion Loan, taking into account the subordinate nature of such Serviced Subordinate Companion Loan), to take such actions as are necessary to bring such Mortgaged Property in compliance therewith, and

(ii) there are no circumstances present at such Mortgaged Property relating to the use, management or disposal of any Hazardous Materials for which investigation, testing, monitoring, containment, clean-up or remediation could be required under any currently effective federal, state or local law or regulation, or that, if any such Hazardous Materials are present for which such action could be required, after consultation with an environmental consultant, it would be in the best economic interest of the Certificateholders (and with respect to any Serviced Whole Loan, the Serviced Companion Loan holders), as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan holders constituted a single lender (and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan), to take such actions with respect to the affected Mortgaged Property.

In the event that the environmental assessment first obtained by the Special Servicer with respect to a Mortgaged Property indicates that such Mortgaged Property may not be in compliance with applicable environmental laws or that Hazardous Materials may be present but does not definitively establish such fact, the Special Servicer shall cause such further environmental tests to be conducted by an Independent Person who regularly conducts such tests as the Special Servicer shall deem prudent to protect the interests of Certificateholders and, if applicable, the Serviced Companion Loan Noteholders. Any such tests shall be deemed part of the environmental assessment obtained by the Special Servicer for purposes of this Section 3.10.

(g) The environmental assessment contemplated by Section 3.10(f) of this Agreement shall be prepared within three months (or as soon thereafter as practicable) of the determination that such assessment is required by any Independent Person who regularly conducts environmental audits for purchasers of commercial property where the Mortgaged Property is located, as determined by the Special Servicer in a manner consistent with the Servicing Standard. Upon the written direction of the Special Servicer and delivery by the Special Servicer to the Master Servicer of pertinent back-up information the Master Servicer shall advance the cost of preparation of such environmental assessments as a Servicing Advance unless the Master Servicer determines, in its good faith judgment, that such Servicing Advance would be a Nonrecoverable Advance. The Master Servicer shall be entitled to reimbursement of Servicing Advances (with interest at the Reimbursement Rate) made pursuant to the preceding sentence to the extent permitted by Section 3.06. The Special Servicer shall provide written reports and a copy of any environmental assessments in electronic format to the Directing Certificateholder (if no Consultation Termination Event has occurred), the Master Servicer, the related Serviced Companion Loan Noteholder (if any) and the 17g-5 Information Provider (who shall promptly post such materials to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement), monthly regarding any actions taken by the Special Servicer with respect to any Mortgaged Property securing a Defaulted Mortgage Loan or defaulted Serviced Companion Loan as to which the environmental testing contemplated by Section 3.10(f) of this Agreement has revealed that either of the conditions set forth in clauses (i) and (ii) of the first sentence thereof has not been satisfied, in each case until the earlier to occur of (i) satisfaction of both such conditions, (ii) repurchase of the related Mortgage Loan by the Mortgage Loan Seller or (iii) release of the lien of the related Mortgage on such Mortgaged Property.

(h) If the Special Servicer determines pursuant to Section 3.10(f)(i) of this Agreement that a Mortgaged Property is not in compliance with applicable environmental laws but that it is in the best economic interest of the Trust Fund (and with respect to the Serviced Whole Loans, the Serviced Companion Loan Noteholders), as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan Noteholders constituted a single lender, to take such actions as are necessary to bring such Mortgaged Property in compliance therewith, or if the Special Servicer determines pursuant to Section 3.10(f)(ii) of this Agreement that the circumstances referred to therein relating to Hazardous Materials are present but that it is in the best economic interest of the Trust Fund (and with respect to the Serviced Whole Loans, the Serviced Companion Loan Noteholders), as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan Noteholders constituted a single lender, to take such action with respect to the containment, clean-up or remediation of Hazardous Materials affecting such Mortgaged Property as is required by law or regulation, the Special Servicer shall

(with the consent of the Directing Certificateholder if no Control Termination Event has occurred and is continuing) take such action as it deems to be in the best economic interest of the Trust Fund (and with respect to the Serviced Whole Loans, the Serviced Companion Loan Noteholders), as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan Noteholders constituted a single lender, but only if the Certificate Administrator has mailed notice to the Holders of the Regular Certificates and the related Serviced Companion Loan Noteholders of such proposed action, which notice shall be prepared by the Special Servicer, and only if the Certificate Administrator does not receive, within 30 days of such notification, instructions from the Holders of Regular Certificates entitled to a majority of the Voting Rights and, with respect to Serviced Whole Loans, the applicable Serviced Companion Loan Noteholders directing the Special Servicer not to take such action. Notwithstanding the foregoing, if the Special Servicer reasonably determines that it is likely that within such 30-day period irreparable environmental harm to such Mortgaged Property would result from the presence of such Hazardous Materials and provides a prior written statement to the Trustee and the Certificate Administrator setting forth the basis for such determination, then the Special Servicer may take or cause to be taken such action to remedy such condition as may be consistent with the Servicing Standard. None of the Trustee, the Certificate Administrator, the Master Servicer or the Special Servicer shall be obligated to take any action or not take any action pursuant to this Section 3.10(h) at the direction of the Certificateholders or with respect to any Serviced Whole Loan, at the direction of the Certificateholders and the related Serviced Companion Loan Noteholders unless the Certificateholders and, with respect to any Serviced Companion Loan, the Serviced Companion Loan Noteholders agree to indemnify the Trustee, the Certificate Administrator, the Master Servicer and the Special Servicer with respect to such action or inaction. The Master Servicer shall advance the cost of any such compliance, containment, clean-up or remediation as a Servicing Advance unless the Master Servicer determines, in its good faith judgment, that such Advance would constitute a Nonrecoverable Advance.

(i) The Special Servicer shall notify the Master Servicer of any Mortgaged Property (other than a Mortgaged Property securing a Non-Serviced Mortgage Loan) which is abandoned or foreclosed that requires reporting to the IRS and shall provide the Master Servicer with all information regarding forgiveness of indebtedness and required to be reported with respect to any Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan which is abandoned or foreclosed and the Master Servicer shall report to the IRS and the related Borrower, in the manner required by applicable law, such information and the Master Servicer shall report, via Form 1099C or Form 1099A, all forgiveness of indebtedness to the extent such information has been provided to the Master Servicer by the Special Servicer. The Master Servicer shall deliver a copy of any such report to the Trustee and the Certificate Administrator.

(j) The costs of any Updated Valuation obtained pursuant to this Section 3.10 shall be paid by the Master Servicer as a Servicing Advance and shall be reimbursable from the Collection Account or, with respect to the Serviced Whole Loans, *first*, from the applicable Serviced Whole Loan Collection Account and *second*, to the extent amounts in the Serviced Whole Loan Collection Accounts are insufficient therefor, from the Collection Account in accordance with Section 3.06(a); provided that the Master Servicer shall, after receiving payment from amounts on deposit in the Collection Account, if any, (i) promptly notify the related

Companion Loan Noteholder and (ii) use commercially reasonable efforts to exercise on behalf of the Trust any rights under the related Intercreditor Agreement to obtain reimbursement for a *pro rata* portion of such amount allocable to the related Serviced Companion Loans from the related Companion Loan Noteholders.

Section 3.11 Custodian to Cooperate; Release of Mortgage Files. Upon the payment in full of any Mortgage Loan or Serviced Whole Loan, or the receipt by the Master Servicer of a notification that payment in full has been escrowed in a manner customary for such purposes, the Master Servicer shall immediately notify the Custodian by a certification (which certification shall include a statement to the effect that all amounts received or to be received in connection with such payment which are required to be deposited in the Collection Account or the applicable Serviced Whole Loan Collection Account, as applicable, pursuant to Section 3.05 of this Agreement have been or will be so deposited) of a Servicing Officer and shall request delivery to it of the related Mortgage File. Any expense incurred in connection with any instrument of satisfaction or deed of reconveyance that is not paid by the related Borrower shall be chargeable to the Trust Fund. The Master Servicer agrees to use reasonable efforts in accordance with the Servicing Standard to enforce any provision in the relevant Loan Documents that require the Borrower to pay such amounts. No expenses incurred in connection with any instrument of satisfaction or deed of reconveyance shall be an expense of the Custodian.

From time to time upon request of the Master Servicer or the Special Servicer and delivery to the Custodian of a Request for Release, the Custodian shall promptly release the Mortgage File (or any portion thereof) designated in such Request for Release to the Master Servicer or the Special Servicer, as applicable. Upon return of the foregoing to the Custodian, or in the event of a liquidation or conversion of the Mortgage Loan or the Serviced Whole Loan into a Serviced REO Property, or in the event of a substitution of a Mortgage Loan pursuant to Section 2.03 of this Agreement, or receipt by the Custodian of a certificate of a Servicing Officer stating that such Mortgaged Property was liquidated and that all amounts received or to be received in connection with such liquidation which are required to be deposited into the Collection Account or the applicable Serviced Whole Loan Collection Account, as applicable, have been so deposited, or that such Mortgage Loan or Serviced Whole Loan has become a Serviced REO Property, or that the Master Servicer has received a Qualified Substitute Mortgage Loan and the applicable Substitution Shortfall Amount, the Custodian shall deliver a copy of the Request for Release to the Master Servicer or the Special Servicer, as applicable. If from time to time, pursuant to the terms of the applicable Intercreditor Agreement or Other Pooling and Servicing Agreement, and as appropriate for enforcing the terms of the related Non-Serviced Mortgage Loan, the Other Servicer or the Other Special Servicer requests delivery to it of the original Mortgage Note by providing the Trustee and the Custodian a Request for Release, then the Custodian shall release or cause the release of such original Mortgage Note to the Other Servicer or the Other Special Servicer or its designee.

Within five (5) Business Days (or, in case of an emergency, within such shorter period as is reasonable under the circumstances) after receipt of a written certification of a Servicing Officer, the Trustee shall execute and deliver to the Master Servicer (with respect to Performing Loans) and the Special Servicer (with respect to Specially Serviced Loans and REO Loans) any court pleadings, requests for a trustee's sale or other documents prepared by the Special Servicer, its agents or attorneys, necessary to the foreclosure or trustee's sale in respect

of a Mortgaged Property or to any legal action brought to obtain judgment against any Borrower on the Mortgage Note or Mortgage or to obtain a deficiency judgment, or to enforce any other remedies or rights provided by the Mortgage Note or Mortgage or otherwise available at law or in equity. Each such certification shall include a request that such pleadings or documents be executed by the Trustee and a statement as to the reason such documents or pleadings are required, that the proposed action is consistent with the Servicing Standard and that the execution and delivery thereof by the Trustee will not invalidate or otherwise affect the lien of the Mortgage, except for the termination of such a lien upon completion of the foreclosure or trustee's sale.

Section 3.12 Servicing Fees, Certificate Administrator/Trustee Fees and Special Servicing Compensation; [Mortgage Loan Seller Strip]. (a) As compensation for its activities hereunder, the Master Servicer shall be entitled to the Servicing Fee with respect to each Mortgage Loan and Serviced Companion Loan. The Master Servicer's rights to the Servicing Fee may not be transferred in whole or in part except in connection with the transfer of all of the Master Servicer's responsibilities and obligations under this Agreement or as provided in the second succeeding paragraph with respect to the Excess Servicing Fee.

In addition, the Master Servicer shall be entitled to receive, as additional Servicing Compensation, to the extent permitted by applicable law and the related Loan Documents and any related Intercreditor Agreement, (i) all investment income earned on amounts on deposit in the Collection Account (and with respect to each Serviced Whole Loan, the related Serviced Whole Loan Collection Account) and certain Reserve Accounts (to the extent consistent with the related Loan Documents), (ii) any Net Default Interest and any other Penalty Charges collected by the Master Servicer or the Special Servicer during a Collection Period accrued on any Performing Loan (and the related Serviced Companion Loan, if applicable), in each case, remaining after application thereof during such Collection Period to pay the Advance Interest Amount relating to such Performing Loan and to pay or reimburse the Trust for any unreimbursed Additional Trust Fund Expenses (including Special Servicing Fees, Workout Fees and Liquidation Fees) relating to such Performing Loan incurred during or prior to such Collection Period, and, in the case of the Serviced Whole Loans, to the extent allocated to the related Mortgage Loan in the related Intercreditor Agreement and as further described in Section 3.12(d), (iii) any amounts collected for checks returned for insufficient funds (with respect to any Performing Loan or Specially Serviced Loan) and (iv) to the extent permitted by applicable law and the related Loan Documents, [100]% of any Modification Fees with respect to (and other similar fees relating to) any Performing Loan or Serviced Companion Loan where the consent of the Special Servicer is not required ([50]% where the processing by, or the consent of the Special Servicer is required), [100]% of any defeasance fees, [100]% of Assumption Fees and consent fees (or similar fees) relating to the transactions referred to in Section 3.09 of this Agreement with respect to Performing Loans or Serviced Companion Loan where the consent of the Special Servicer is not required ([50]% where the processing by, or the consent of the Special Servicer is required), [100]% of loan service transaction fees, beneficiary statement charges, demand fees or similar items (but not including Prepayment Premiums or Yield Maintenance Charges) with respect to Performing Loans or Serviced Companion Loan where the consent of the Special Servicer is not required ([50]% where the processing by, or the consent of the Special Servicer is required) and [100]% of assumption application fees with respect to Performing Loans or Serviced Companion Loans, in each case to the extent received

and not required to be deposited or retained in the Collection Account (or Serviced Whole Loan Collection Account), in each case pursuant to Section 3.05 of this Agreement. The Master Servicer shall also be entitled pursuant to, and to the extent provided in, Section 3.06(a)(viii) or 3.07(b) of this Agreement, as applicable, to withdraw from the Collection Account and to receive from any Borrower Accounts (to the extent not payable to the related Borrower under the Mortgage Loan or applicable law), Net Prepayment Interest Excess, if any, that accrue on the Mortgage Loans that it is servicing and any interest or other income earned on deposits therein. In addition, the Master Servicer shall be entitled to the portion of Net Default Interest and any late payment fees collected by the Other Servicer servicing a Non-Serviced Mortgage Loan that are allocated to such Non-Serviced Mortgage Loan remaining after application thereof to reimburse interest on related P&I Advances and to reimburse the Trust for certain expenses of the Trust, if applicable, as provided in this Agreement. Except as specified in the preceding sentence and except with respect to clause (i) in this paragraph, the Master Servicer will not be entitled to the compensation set forth in clauses (iii) and (iv) in this paragraph with respect to a Non-Serviced Mortgage Loan.

The Master Servicer and any successor holder of the Excess Servicing Fee Rights that relate to the Mortgage Loans (and any successor REO Loans with respect to such Mortgage Loans) shall be entitled, at any time, at its own expense, to transfer, sell, pledge or otherwise assign such Excess Servicing Fee Rights in whole (but not in part), in either case, to any Qualified Institutional Buyer or Institutional Accredited Investor (other than a Plan); provided that no such transfer, sale, pledge or other assignment shall be made unless (i) that transfer, sale, pledge or other assignment is exempt from the registration and/or qualification requirements of the Act and any applicable state securities laws and is otherwise made in accordance with the Act and such state securities laws, (ii) the prospective transferor shall have delivered to the Depositor a certificate substantially in the form attached as Exhibit AA-1 hereto, and (iii) the prospective transferee shall have delivered to the Master Servicer and the Depositor a certificate substantially in the form attached as Exhibit AA-2 hereto. None of the Depositor, the Trustee, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer or the Certificate Registrar is obligated to register or qualify an Excess Servicing Fee Right under the Act or any other securities law or to take any action not otherwise required under this Agreement to permit the transfer, sale, pledge or assignment of an Excess Servicing Fee Right without registration or qualification. The Master Servicer and each holder of an Excess Servicing Fee Right desiring to effect a transfer, sale, pledge or other assignment of such Excess Servicing Fee Right shall, and the Master Servicer hereby agrees, and each such holder of an Excess Servicing Fee Right by its acceptance of such Excess Servicing Fee Right shall be deemed to have agreed, in connection with any transfer of such Excess Servicing Fee Right effected by such Person, to indemnify the Certificateholders, the Trust, the Depositor, the Underwriters, the Certificate Administrator, the Trustee, the Master Servicer, the Certificate Registrar, the Operating Advisor, the Asset Representations Reviewer and the Special Servicer against any liability that may result if such transfer is not exempt from registration and/or qualification under the Act or other applicable federal and state securities laws or is not made in accordance with such federal and state laws or in accordance with the foregoing provisions of this paragraph. By its acceptance of an Excess Servicing Fee Right, the holder thereof shall be deemed to have agreed not to use or disclose such information in any manner that could result in a violation of any provision of the Act or other applicable securities laws or that would require registration of such Excess Servicing Fee Right or any Certificate pursuant to the Act. From time to time following any transfer, sale,

pledge or assignment of an Excess Servicing Fee Right, the Master Servicer with respect to the related Mortgage Loan or successor REO Loan with respect thereto to which the Excess Servicing Fee Right relates, shall pay, out of each amount paid to the Master Servicer as Servicing Fee with respect to such Mortgage Loan or REO Loan, as the case may be, the related Excess Servicing Fees to the holder of such Excess Servicing Fee Right within one Business Day following the payment of such Servicing Fee to the Master Servicer, in each case in accordance with payment instructions provided by such holder in writing to the Master Servicer. The holder of an Excess Servicing Fee Right shall not have any rights under this Agreement except as set forth in the preceding sentences of this paragraph. None of the Certificate Administrator, the Certificate Registrar, the Operating Advisor, the Asset Representations Reviewer, the Depositor, the Special Servicer or the Trustee shall have any obligation whatsoever regarding payment of the Excess Servicing Fee or the assignment or transfer of the Excess Servicing Fee Right.

As compensation for its activities hereunder on each Distribution Date, the Certificate Administrator shall be entitled with respect to each Mortgage Loan to its portion of the Certificate Administrator/Trustee Fee, which shall be payable from amounts on deposit in the Lower-Tier Distribution Account. The Certificate Administrator shall pay the Trustee the Trustee's portion of the Certificate Administrator/Trustee Fee. The Certificate Administrator's rights to the Certificate Administrator/Trustee Fee may not be transferred in whole or in part except in connection with the transfer of all of its responsibilities and obligations under this Agreement.

Except as otherwise provided herein, the Master Servicer shall pay all of its overhead expenses incurred by it in connection with its servicing activities hereunder, including all fees of any sub-servicers retained by it (but excluding Mortgage Loan Seller Sub-Servicers). Except as otherwise provided herein, the Trustee and the Certificate Administrator shall each pay all expenses incurred by it in connection with its activities hereunder.

(b) As compensation for its activities hereunder, the Special Servicer shall be entitled with respect to each Specially Serviced Loan and Serviced REO Loan to the Special Servicing Compensation, which shall be payable from amounts on deposit in the Collection Account or the Serviced Whole Loan Collection Account, as applicable, as set forth in Section 3.06 of this Agreement. The Special Servicer's rights to the Special Servicing Fee may not be transferred in whole or in part except in connection with the transfer of all of the Special Servicer's responsibilities and obligations under this Agreement. In addition, the Special Servicer shall be entitled to receive, as Special Servicing Compensation, to the extent permitted by applicable law and the related Loan Documents, (i) any Net Default Interest and any other Penalty Charges collected by the Master Servicer or the Special Servicer during a Collection Period accrued on any Specially Serviced Loan remaining after application thereof during such Collection Period (and in the case of the Serviced Whole Loans, as set forth in and subject to the terms of the related Intercreditor Agreement and Section 3.12(d) herein) to pay the Advance Interest Amount relating to such Specially Serviced Loan and any unreimbursed Additional Trust Fund Expenses (including Special Servicing Fees, Workout Fees and Liquidation Fees) incurred during or prior to such Collection Period on such related Specially Serviced Loan (but not NSF check fees and the like, which shall be paid to the Master Servicer) as further described below in this subsection (b), (ii) 50% of any Assumption Fees, consent fees (or similar fees) relating to the transactions referred to in Section 3.09 of this Agreement, Modification Fees (and other similar

fees) and loan service transaction fees, beneficiary statement charges, demand fees or similar items with respect to the Performing Loans and the related Companion Loans relating to any Performing Loan, when the approval from the Special Servicer is required and excluding any Prepayment Premiums or Yield Maintenance Charges, (iii) any interest or other income earned on deposits in the REO Accounts and (iv) 100% of any Assumption Fees, assumption application fees, consent fees (or similar fees) relating to the transactions referred to in Section 3.09 of this Agreement, Modification Fees (and other similar fees), loan service transaction fees, beneficiary statement charges, demand fees or similar items relating to any Specially Serviced Loan or Serviced REO Loan.

Except as otherwise provided herein, the Special Servicer shall pay all expenses incurred by it in connection with its servicing activities hereunder, including all fees of any sub-servicers retained by it.

In addition, the Special Servicer shall be entitled to the portion of Net Default Interest and any other Penalty Charges collected by the Other Special Servicer servicing the related Non-Serviced Mortgage Loan and that are allocated to such Non-Serviced Mortgage Loan remaining after application thereof during such Collection Period to pay the Advance Interest Amount relating to such Non-Serviced Mortgage Loan and any unreimbursed Additional Trust Fund Expenses (including Special Servicing Fees, Workout Fees and Liquidation Fees) incurred during or prior to such Collection Period on such related Non-Serviced Mortgage Loan (but not NSF check fees and similar fees, which shall be paid to the Master Servicer) as provided in this Agreement. Except as specified in the preceding sentence, the Special Servicer will not be entitled to the compensation set forth in this Section 3.12(b) with respect to a Non-Serviced Mortgage Loan.

(c) In addition, a Workout Fee will be payable to the Special Servicer with respect to each Mortgage Loan (other than any Non-Serviced Mortgage Loan) or Serviced Whole Loan that ceases to be a Specially Serviced Loan pursuant to the definition thereof. As to each such Mortgage Loan or Serviced Whole Loan, the Workout Fee will be payable out of each collection of interest and principal (including scheduled payments, prepayments, Balloon Payments and payments at maturity) received on such Mortgage Loan or Serviced Whole Loan for so long as it remains a Corrected Mortgage Loan. The Workout Fee with respect to any such Mortgage Loan or Serviced Whole Loan will cease to be payable if such loan again becomes a Specially Serviced Loan or if the related Mortgaged Property becomes a Serviced REO Property; provided that a new Workout Fee will become payable if and when such Mortgage Loan or Serviced Whole Loans again ceases to be a Specially Serviced Loan. If the Special Servicer is terminated (other than for cause) or resigns with respect to any or all of its servicing duties, it shall retain the right to receive any and all Workout Fees payable with respect to the Mortgage Loans that cease to be a Specially Serviced Loan during the period that it had responsibility for servicing such Specially Serviced Loan (or for any Specially Serviced Loan that had not yet become a Corrected Mortgage Loan because as of the time that the Special Servicer is terminated the borrower has not made three consecutive monthly debt service payments and subsequently the Specially Serviced Loan becomes a Corrected Mortgage Loan) at the time of such termination or resignation (and the successor Special Servicer shall not be entitled to any portion of such Workout Fees), in each case until the Workout Fee for any such loan ceases to be payable in accordance with the preceding sentence.

A Liquidation Fee will be payable to the Special Servicer, except as described below, with respect to (i) each Mortgage Loan repurchased by a Mortgage Loan Seller after the Initial Resolution Period (and giving effect to any Resolution Extension Period) in accordance with Section 2.03(e) of this Agreement, (ii) each Specially Serviced Loan as to which the Special Servicer obtains a full, partial or discounted payoff from the related Borrower, (iii) any Specially Serviced Loan or Serviced REO Property as to which the Special Servicer recovered any Liquidation Proceeds and (iv) each Defaulted Mortgage Loan that is a Non-Serviced Mortgage Loan sold by the Special Servicer in accordance with the proviso in Section 3.16(b) of this Agreement as to which the Special Servicer recovered any Liquidation Proceeds; provided, however, for clarification, in the case of clause (iv), should the Non-Serviced Mortgage Loan be sold by the Other Special Servicer, then the Liquidation Fee shall be paid to such Other Special Servicer. As to each such Mortgage Loan repurchased by a Mortgage Loan Seller after the Initial Resolution Period (and giving effect to any Resolution Extension Period) in accordance with Section 2.03(e) of this Agreement or Specially Serviced Loan and Serviced REO Property, the Liquidation Fee will be payable from the related payment or proceeds. Notwithstanding anything to the contrary described above, no Liquidation Fee will be payable based on, or out of, Liquidation Proceeds to the extent set forth in the definition of "Liquidation Fee" herein. With respect to any future mezzanine debt, to the extent not prohibited by the Loan Documents, the Master Servicer or Special Servicer, as applicable, shall require that the related mezzanine intercreditor agreement provide that if a Mortgage Loan is purchased by the related mezzanine lender on a date that is more than 90 days following the date that the related option first becomes exercisable, such mezzanine lender shall be required to pay a Liquidation Fee equal to the amount that the Special Servicer would otherwise be entitled to under this Agreement with respect to a liquidation of such Mortgage Loan (provided, that such Liquidation Fee shall in all circumstances be payable by the related mezzanine lender and shall not, under any circumstances, be payable out of the Trust unless the Master Servicer fails to require the related mezzanine intercreditor agreement to require the mezzanine lender to pay such amounts in breach of its obligation to do so under this paragraph). If Liquidation Proceeds are received with respect to any Specially Serviced Loan as to which the Special Servicer is properly entitled to a Workout Fee, such Workout Fee will be payable based on and out of the portion of such Liquidation Proceeds that constitute principal and/or interest. Notwithstanding anything herein to the contrary, the Special Servicer shall only be entitled to receive a Liquidation Fee or a Workout Fee, but not both, with respect to Liquidation Proceeds received on any Mortgage Loan or any Specially Serviced Loan. If (i) the Special Servicer resigns or has been terminated, and (ii) either prior or subsequent to such resignation or termination, either (A) a Specially Serviced Loan was liquidated or modified pursuant to an action plan submitted by the initial Special Servicer and approved (or deemed approved) by the Directing Certificateholder or the Special Servicer has determined to grant a forbearance, or (B) a Specially Serviced Loan being monitored by the Special Servicer subsequently became a Corrected Mortgage Loan, then in either such event the Special Servicer shall be paid the related Workout Fee or Liquidation Fee, as applicable.

The total amount of Workout Fees and Liquidation Fees that are payable by the Trust with respect to each Mortgage Loan, Serviced Whole Loan or Serviced REO Loan through the period such Mortgage Loan is an asset of the Trust shall be subject to an aggregate cap of \$1,000,000. For the purposes of determining whether any such cap has been reached with respect to a Special Servicer and a Mortgage Loan, Serviced Whole Loan or Serviced REO

Loan, only the Workout Fees and Liquidation Fees paid to such Special Servicer with respect to such Mortgage Loan, Serviced Whole Loan or Serviced REO Loan shall be taken into account, and any Workout Fees or Liquidation Fees for any other Mortgage Loans, Serviced Whole Loans or Serviced REO Loans shall not be taken into account (and any Workout Fees or Liquidation Fees paid to a predecessor or successor special servicer or Other Special Servicer shall also not be taken into account).

The Special Servicer shall be required to pay out of its own funds all expenses incurred by it in connection with its servicing activities hereunder (including, without limitation, any amounts, other than management fees in respect of REO Properties, due and owing to any of its sub-servicers, any amounts due and owing to any of its Affiliates, and the premiums for any blanket insurance policy obtained by it insuring against hazard losses pursuant to Section 3.08 of this Agreement, except to the extent such premiums are reimbursable pursuant to Section 3.08 of this Agreement), if and to the extent such expenses are not expressly payable directly out of the Collection Account or if a Serviced Whole Loan is involved, the applicable Serviced Whole Loan Collection Account or the applicable REO Account or as a Servicing Advance, and the Special Servicer shall not be entitled to reimbursement therefor except as expressly provided in this Agreement.

The Special Servicer and its Affiliates shall be prohibited from receiving or retaining any compensation or any other remuneration (including, without limitation, in the form of commissions, brokerage fees, rebates, or as a result of any other fee-sharing arrangement) from any Person (including, without limitation, the Trust, any Borrower, any Manager, any guarantor or indemnitor in respect of a Mortgage Loan or Serviced Whole Loan and any purchaser of any Mortgage Loan, Serviced Companion Loan or REO Property) in connection with the disposition, workout or foreclosure of any Mortgage Loan or Serviced Whole Loan, the management or disposition of any REO Property, or the performance of any other special servicing duties under this Agreement, other than as expressly provided in this Section 3.12; provided that such prohibition shall not apply to Permitted Special Servicer/Affiliate Fees.

(d) In determining the compensation of the Master Servicer or Special Servicer, as applicable, with respect to Penalty Charges, on any Distribution Date, the aggregate Penalty Charges collected on any Mortgage Loan or, unless prohibited by the related Intercreditor Agreement to be so applied, any Serviced Companion Loan, during the related Collection Period shall be applied (as between Default Interest and late payment charges, in the priority set forth in the definition of “Advance Interest Amount”) to reimburse (i) the Master Servicer or the Trustee for interest on Advances at the Reimbursement Rate with respect to such Mortgage Loan that accrued in the period that such Penalty Charges were collected and advance interest to any related Serviced Companion Loan Service Provider for any debt service advance made by such party with respect to any related Serviced Companion Loan that accrued in the period that such Penalty Charges were collected, (ii) the Trust Fund for all interest on Advances with respect to such Mortgage Loan or Serviced Whole Loan previously paid to the Master Servicer, the Trustee or to any Serviced Companion Loan Service Provider pursuant to Section 3.06(a)(vi) or Section 3.06(b)(vi) of this Agreement, and (iii) the Trust Fund for any Additional Trust Fund Expenses (including Special Servicing Fees, Workout Fees and Liquidation Fees) with respect to such Mortgage Loan or Serviced Whole Loan paid in the Collection Period that such Penalty Charges were collected and not previously paid out of

Penalty Charges, and any Penalty Charges remaining thereafter shall be distributed *pro rata* to the Master Servicer and the Special Servicer based upon the amount of Penalty Charges the Master Servicer or the Special Servicer would otherwise have been entitled to receive during such period with respect to such Mortgage Loan without any such application. Except as set forth in this Agreement, the Special Servicer shall not be entitled to any Special Servicing Fees, Workout Fees or Liquidation Fees with respect to any Non-Serviced Mortgage Loan or any related REO Property. For the avoidance of doubt, the portion of Penalty Charges allocated to a Mortgage Loan that is part of a Non-Serviced Whole Loan (in accordance with the applicable Intercreditor Agreement and, if applicable, the Other Pooling and Servicing Agreement) shall be allocated in accordance with clauses (i), (ii) and (iii) above (except that, Advances in clauses (i) and (ii) shall mean P&I Advances).

(e) The Master Servicer, the Special Servicer, the Certificate Administrator and the Trustee shall be entitled to reimbursement from the Trust Fund (and, prior to recovery from the Trust Fund, in the case of any Serviced Whole Loans, subject to the related Intercreditor Agreement, *first*, from the related Subordinate Companion Loan up to the full principal balance thereof, if any, and *second*, to the extent any such costs and expenses remain unreimbursed, from the related Mortgage Loan and the Collection Account, or in the case of a Serviced Whole Loan with a Serviced Pari Passu Companion Loan, *first*, out of the related Serviced Whole Loan Collection Account from collections on the related Serviced Pari Passu Companion Loan and the related Mortgage Loan (with respect to the AB Whole Loan, *first* from the Trust Subordinate Companion Loan up to the full principal balance thereof) on a *pro rata* basis by principal balance, and *second*, to the extent any such costs and expenses remain unreimbursed, out of the Collection Account) for the costs and expenses incurred by them in the performance of their duties under this Agreement which are “unanticipated expenses incurred by the REMIC” within the meaning of Treasury Regulations Section 1.860G-1(b)(3)(iii). Such expenses shall include, by way of example and not by way of limitation, environmental assessments, Updated Appraisals and appraisals in connection with foreclosure, the fees and expenses of any administrative or judicial proceeding and expenses expressly identified as reimbursable in Section 3.06(a)(xv) of this Agreement. All such costs and expenses shall be treated as costs and expenses of the Lower-Tier REMIC, Loan Specific REMIC and the related Serviced Whole Loan, if applicable.

(f) No provision of this Agreement or of the Certificates shall require the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator or the Trustee to expend or risk their own funds or otherwise incur any financial liability in the performance of any of their duties hereunder or thereunder, or in the exercise of any of their rights or powers, if, in the good faith business judgment of the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator or the Trustee, as the case may be, repayment of such funds would not be ultimately recoverable from late payments, Net Insurance Proceeds, Net Liquidation Proceeds and other collections on or in respect of the Mortgage Loans, or from adequate indemnity from other assets comprising the Trust Fund against such risk or liability.

If the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer or the Trustee receives a request or

inquiry from a Borrower, any Certificateholder or any other Person the response to which would, in the Master Servicer's, the Special Servicer's, the Certificate Administrator's, the Operating Advisor's, the Asset Representation Reviewer's or the Trustee's good faith business judgment require the assistance of Independent legal counsel or other consultant to the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer or the Trustee, the cost of which would not be an expense of the Trust Fund or any Serviced Companion Loan Noteholder hereunder, then the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer or the Trustee, as the case may be, shall not be required to take any action in response to such request or inquiry unless such Borrower, such Certificateholder, or such other Person, as applicable, makes arrangements for the payment of the Master Servicer's, the Special Servicer's, the Certificate Administrator's, the Operating Advisor's, the Asset Representation Reviewer's or the Trustee's expenses associated with such counsel (including, without limitation, posting an advance payment for such expenses) satisfactory to the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer or the Trustee, as the case may be, in its sole discretion. Unless such arrangements have been made, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer or the Trustee, as the case may be, shall have no liability to any Person for the failure to respond to such request or inquiry.

[From collections actually received by the Master Servicer related to the Mortgage Loans that are part of the Mortgage Loan Seller Strip Pool or any successor REO Loans, on each Master Servicer Remittance Date, the Master Servicer shall remit, pursuant to Section 4.06(iv), the accrued but unpaid Mortgage Loan Seller Strips to [MORTGAGE LOAN SELLER] or its successors or assigns or its designee by wire transfer of immediately available funds to an account specified by the intended recipient or by such other method as such recipient and the Master Servicer shall mutually and reasonably agree. The 17g-5 Information Provider shall provide a mechanism to notify each NRSRO each time a document is posted to the 17g-5 Information Provider's Website.

The 17g-5 Information Provider shall make available, only to NRSROs, the Rating Agency Q&A Forum and Document Request Tool. The “Rating Agency Q&A Forum and Document Request Tool” shall be a service available on the 17g-5 Information Provider’s Website, where Rating Agencies and NRSROs may (i) submit Inquiries to the Certificate Administrator relating to the Distribution Date Statement, submit Inquiries to the Master Servicer or the Special Servicer, as applicable, relating to the reports being made available pursuant to this Section 4.02(d), the Mortgage Loans (other than a Non-Serviced Mortgage Loan) or the Mortgaged Properties or submit inquiries to the Operating Advisor relating to the Operating Advisor Annual Reports or actions by the Master Servicer or the Special Servicer as to which the Operating Advisor has consultation rights pursuant to Section 3.31, whether or not referenced in such Operating Advisor Annual Report, (ii) view Inquiries that have been previously submitted and answered, together with the answers thereto and (iii) submit requests for loan-level reports and information. Upon receipt of an Inquiry for the Certificate Administrator, the Operating Advisor, the Master Servicer or the Special Servicer, the 17g-5 Information Provider shall forward the Inquiry to the Certificate Administrator, Operating Advisor, the Master Servicer or the Special Servicer, as applicable, and in the case of an inquiry relating to any Non-Serviced Mortgage Loan, to the applicable party under the related Other Pooling and Servicing Agreement, in each case within a commercially reasonable period following receipt thereof. Following receipt of an Inquiry or request relating to the subject matters described in clauses (i) or (iii) above, the Certificate Administrator, the Operating Advisor, the Master Servicer or the Special Servicer, as applicable, unless it determines not to answer such Inquiry as provided below, shall reply to the Inquiry, which reply of the Certificate Administrator, the Operating Advisor, Master Servicer or Special Servicer shall be by email to the 17g-5 Information Provider. The 17g-5 Information Provider shall post (within a commercially reasonable period following preparation or receipt of such answer, as the case may be) such Inquiry and the related answer (or reports, as applicable) to the 17g-5 Information Provider’s Website. Any report posted by the 17g-5 Information Provider in response to a request may be posted on a page accessible by a link on the 17g-5 Information Provider’s Website. If the Certificate Administrator, the Operating Advisor, the Master Servicer or the Special Servicer determines, in its respective sole discretion, that (i) the question is beyond the scope outlined above, (ii) answering any Inquiry would not be in the best interests of the Trust and/or the Certificateholders or would be in violation of applicable law, the Servicing Standard, this Agreement or the applicable Loan Documents, (iii) answering any Inquiry would or is reasonably expected to result in a waiver of an attorney-client privilege or the disclosure of attorney work product or answering such inquiry is otherwise not advisable or (iv) (A) answering any Inquiry would materially increase the duties of, or result in significant additional cost or expense to, the Certificate Administrator, the Operating Advisor, the Master Servicer or the Special Servicer, as applicable, and (B) the Certificate Administrator, the Operating Advisor, the Master Servicer or the Special Servicer, as applicable, determines in accordance with the Servicing Standard (or in good faith, in the case of the Certificate Administrator or the Operating Advisor) that the performance of such duties or the payment of such costs and expenses is beyond the scope of its duties in its capacity as Certificate Administrator, Operating Advisor, Master Servicer or Special Servicer, as applicable, under this Agreement, it shall not be required to answer such Inquiry and, in the case of the Certificate Administrator, the Operating Advisor, the Master Servicer or the Special Servicer, shall promptly notify the 17g-5 Information Provider, and the 17g-5 Information Provider shall post such Inquiry on the Rating Agency Q&A Forum and Document Request Tool together with a statement that such Inquiry was not

answered. Answers posted on the Rating Agency Q&A Forum and Document Request Tool will be attributable only to the respondent, and shall not be deemed to be answers from any of the Depositor, the Underwriters, the Initial Purchasers, the Master Servicer, the Special Servicer, the Operating Advisor, the Certificate Administrator or the Trustee or any of their respective Affiliates and no such party shall have any responsibility or liability for the content of any such information. The 17g-5 Information Provider shall not be required to post to the 17g-5 Information Provider's Website any Inquiry or answer thereto that the 17g-5 Information Provider determines, in its sole discretion, is administrative or ministerial in nature. The Rating Agency Q&A Forum and Document Request Tool will not reflect questions, answers and other communications between the 17g-5 Information Provider and any Person which are not submitted via the 17g-5 Information Provider's Website.

In connection with providing access to the Certificate Administrator's Website and the 17g-5 Information Provider's Website, the Certificate Administrator and/or the 17g-5 Information Provider may require registration and the acceptance of a disclaimer. The Certificate Administrator and the 17g-5 Information Provider, as the case may be, shall not be liable for the dissemination of information in accordance with the terms of this Agreement, make no representations or warranties as to the accuracy or completeness of such information being made available, and assume no responsibility for such information; provided that it is acknowledged and agreed that the 17g-5 Information Provider shall not be charged with knowledge of any of the contents of such information solely by virtue of its compliance with its obligations to post such information to the 17g-5 Information Provider's Website. The 17g-5 Information Provider shall not be liable for its failure to make any information available to the NRSROs unless such information was delivered to the 17g-5 Information Provider at the email address set forth herein in an electronic format readable and uploadable (that is not locked or corrupted) on the 17g-5 Information Provider's system, with a subject heading of "[NAME OF ISSUING ENTITY]" and sufficient detail to indicate that such information is required to be posted on the 17g-5 Information Provider's Website; provided, if such information is not in electronic format readable and uploadable (that is not locked or corrupted), then the 17g-5 Information Provider shall immediately notify the applicable delivering party thereof, whereupon such party shall promptly deliver the subject information in such format.

The 17g-5 Information Provider shall not be responsible or have any liability for any act, omission or delay attributable to the failure of any other party to this Agreement to timely deliver information to be posted on the 17g-5 Information Provider's Website or for any errors or defects in the information supplied by any such party.

The 17g-5 Information Provider's obligations in respect of Rule 17g-5 or any other law or regulation related thereto shall be limited to the specific obligations contained in this Agreement and the 17g-5 Information Provider makes no representations or warranties as to the compliance of the Depositor with Rule 17g-5 or any other law or regulation related thereto.

With respect to each Non-Serviced Mortgage Loan, each of the Master Servicer, the Special Servicer, the Certificate Administrator and the Trustee shall provide to the 17g-5 Information Provider for posting on the 17g-5 Information Provider's Website, promptly upon receipt from a Non-Serviced Mortgage Loan Service Provider, all reports, statements, documents, notices and other information it receives in respect of such Non-Serviced Mortgage Loan that such party would otherwise have been required to be submitted to the 17g-5

Information Provider under this Agreement for posting had such Non-Serviced Mortgage Loan been a Serviced Mortgage Loan. The 17g-5 Information Provider shall post on the 17g-5 Information Provider's Website all such information it receives in accordance with this Agreement.

(e) Each of the Master Servicer and the Special Servicer may, in accordance with such reasonable rules and procedures as it may adopt, also deliver, produce or otherwise make available through its website or otherwise, any additional information identified in Section 3.14(d) of this Agreement relating to the Mortgage Loans or Whole Loans, the Mortgaged Properties or the related Borrowers, for review by the Depositor, the Underwriters, the Initial Purchasers and any other Persons who deliver an Investor Certification in accordance with this Section 3.14, the related Serviced Companion Loan Noteholder (if any), the Directing Certificateholder and the Rating Agencies (collectively, the "Disclosure Parties") (only to the extent such additional information is simultaneously or previously delivered to the 17g-5 Information Provider in accordance with the provisions of Section 3.14(d) of this Agreement, who shall post such additional information on the 17g-5 Information Provider's Website in accordance with the provisions of Section 3.14(d) of this Agreement), in each case, except to the extent doing so is prohibited by this Agreement, applicable law or by the related Loan Documents. Each of the Master Servicer and the Special Servicer shall be entitled to (i) indicate the source of such information and affix thereto any disclaimer it deems appropriate in its discretion and/or (ii) require that the recipient of such information (A) except for the Depositor, enter into an Investor Certification or other confidentiality agreement acceptable to the Master Servicer or the Special Servicer, as the case may be, and (B) acknowledge that the Master Servicer or the Special Servicer may contemporaneously provide such information to any other Disclosure Party. In addition, to the extent access to such information is provided via the Master Servicer's or the Special Servicer's website, the Master Servicer and the Special Servicer may require registration and the acceptance of a reasonable and customary disclaimer and/or an additional or alternative agreement as to the confidential nature of such information. In connection with providing access to or copies of the information described in this Section 3.14(e) to current or prospective Certificateholders the form of confidentiality agreement used by the Master Servicer or the Special Servicer, as applicable, shall be: (i) in the case of a Certificateholder (or a licensed or registered investment advisor acting on behalf of such Certificateholder), an Investor Certification executed by the requesting Person indicating that such Person is a Holder of Certificates and will keep such information confidential (except that such Certificateholder may provide such information (x) to its auditors, legal counsel and regulators and (y) to any other Person that holds or is contemplating the purchase of any Certificate or interest therein (provided that such other Person confirms in writing such ownership interest or prospective ownership interest and agrees to keep such information confidential)); and (ii) in the case of a prospective purchaser of Certificates or interests therein (or a licensed or registered investment advisor acting on behalf of such prospective purchaser), an Investor Certification indicating that such Person is a prospective purchaser of a Certificate or an interest therein and is requesting the information for use in evaluating a possible investment in Certificates and will otherwise keep such information confidential with no further dissemination (except that such Certificateholder may provide such information to its auditors, legal counsel and regulators). In the case of a licensed or registered investment advisor acting on behalf of a current or prospective Certificateholder, the Investor Certification shall be executed and delivered by both the investment advisor and such current or prospective Certificateholder.

Neither the Master Servicer nor the Special Servicer shall be liable for its dissemination of information in accordance with this Agreement or by others in violation of the terms of this Agreement. Neither the Master Servicer nor the Special Servicer shall be responsible or have any liability for the completeness or accuracy of the information delivered, produced or otherwise made available pursuant to this Section 3.14 unless (i) the Master Servicer or Special Servicer, as applicable, is the original source for such information and (ii) such failure to deliver complete and accurate information is by reason of such party's willful misconduct, bad faith, fraud and/or negligence.

In connection with the delivery by the Master Servicer or the Special Servicer, as applicable, to the 17g-5 Information Provider of any information, report, notice or document for posting to the 17g-5 Information Provider's Website, the 17g-5 Information Provider shall notify the Master Servicer or the Special Servicer, as applicable, of when such information, report, notice or document has been posted to the 17g-5 Information Provider's Website. The Master Servicer or the Special Servicer, as applicable, may, but is not obligated to, send such information report, notice or other document to the applicable Rating Agency or Rating Agencies following the earlier of (a) receipt of such notice from the 17g-5 Information Provider and (b) two Business Days following delivery to the 17g-5 Information Provider.

(f) The Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee shall be permitted (but shall not be required) to orally communicate with the Rating Agencies regarding any Mortgage Loan, Serviced Whole Loan, any Certificateholder, any Serviced Companion Loan Noteholder, any Mortgaged Property or any REO Property; provided that such party summarizes the information provided to the Rating Agencies in such communication and provides the 17g-5 Information Provider and the related Other 17g-5 Information Provider (if any) with such summary in accordance with the procedures set forth in Section 3.14(d) of this Agreement the same day such communication takes place; provided that the summary of such oral communications shall not attribute which Rating Agency the communication was with. The 17g-5 Information Provider shall post such summary on the 17g-5 Information Provider's Website in accordance with the procedures set forth in Section 3.14(d) of this Agreement.

(g) None of the foregoing restrictions in this Section 3.14 or otherwise in this Agreement shall prohibit or restrict oral or written communications, or providing information, between the Master Servicer, the Operating Advisor, the Asset Representations Reviewer or the Special Servicer, on the one hand, and any Rating Agency or NRSRO, on the other hand, with regard to (i) such Rating Agency's or NRSRO's review of the ratings it assigns to the Master Servicer, the Operating Advisor, the Asset Representations Reviewer or the Special Servicer, as applicable, (ii) such Rating Agency's or NRSRO's approval of the Master Servicer, the Operating Advisor, the Asset Representations Reviewer or the Special Servicer, as applicable, as a commercial mortgage master, special or primary servicer or (iii) such Rating Agency's or NRSRO's evaluation of the Master Servicer's, the Operating Advisor, the Asset Representations Reviewer or the Special Servicer's, as applicable, servicing operations in general; provided, that the Master Servicer, the Operating Advisor, the Asset Representations Reviewer or the Special Servicer, as applicable, shall not provide any information relating to the Certificates or the Mortgage Loans to any Rating Agency or NRSRO in connection with such review and evaluation by such Rating Agency or NRSRO unless (x) Borrower, property and other deal

specific identifiers are redacted; or (y) such information has already been provided to the 17g-5 Information Provider and has been uploaded on to the 17g-5 Information Provider's Website.

(h) The costs and expenses of compliance with this Section 3.14 by the Depositor, the Master Servicer, the Special Servicer, the Trustee and any other party hereto shall not be Additional Trust Fund Expenses.

Section 3.15 Title and Management of REO Properties and REO Accounts.

(a) If title to any Mortgaged Property (other than with respect to a Non-Serviced Mortgage Loan) is acquired for the benefit of Certificateholders (and, in the case of the Serviced Whole Loans, the related Serviced Companion Loan Noteholders) in foreclosure, by deed in lieu of foreclosure or upon abandonment or reclamation from bankruptcy, the deed or certificate of sale shall be taken in the name of the Trust where permitted by applicable law or regulation and consistent with customary servicing procedures, and otherwise in the name of the Trustee, or its nominee (which shall not include the Master Servicer), or a separate Trustee or co-Trustee, on behalf of the Trust Fund (and, in the case of the Serviced Whole Loans, the related Serviced Companion Loan Noteholders). The Special Servicer, on behalf of the Trust Fund (and, in the case of the Serviced Whole Loans, the related Serviced Companion Loan Noteholders), shall dispose of any Serviced REO Property prior to the close of the third calendar year following the year in which the Trust Fund acquires ownership of such Serviced REO Property for purposes of Section 860G(a)(8) of the Code, unless (i) the Special Servicer on behalf of the Lower-Tier REMIC or Loan Specific REMIC, as applicable, has applied for an extension of such period pursuant to Sections 856(e)(3) and 860G(a)(8)(A) of the Code, in which case the Special Servicer shall sell such Serviced REO Property within the applicable extension period or if the Special Servicer has applied for extension as provided in this *clause (i)* but such request has not yet been granted or denied, the additional time specified in such request, or (ii) the Special Servicer seeks and subsequently receives an Opinion of Counsel (which opinion shall be an expense of the Trust Fund and, in the case of a Serviced Whole Loan, such expenses shall be allocated in accordance with the allocation provisions set forth in the related Intercreditor Agreement and, in the case of the AB Whole Loan, such expenses shall be allocated first, to the [LOAN SPECIFIC CLASS] Certificates (and the Class L[___] Interest and the [LOAN SPECIFIC CLASS]-NP Regular Interest) and then, *pro rata* (based on Stated Principal Balance) to the extent such expense remains unpaid, to the AB Mortgage Loan (and the [LOAN SPECIFIC CLASS]-P Regular Interest)), addressed to the Special Servicer, the Certificate Administrator and the Trustee, to the effect that the holding by the Trust Fund of such Serviced REO Property for an additional specified period will not cause such Serviced REO Property to fail to qualify as "foreclosure property" within the meaning of Section 860G(a)(8) of the Code (determined without regard to the exception applicable for purposes of Section 860D(a) of the Code) at any time that any Certificate is outstanding, in which event such period shall be extended by such additional specified period subject to any conditions set forth in such Opinion of Counsel. The Special Servicer, on behalf of the Trust Fund (and, in the case of the Serviced Whole Loans, the related Serviced Companion Loan Noteholders), shall dispose of any Serviced REO Property held by the Trust Fund prior to the last day of such period (taking into account extensions) by which such Serviced REO Property is required to be disposed of pursuant to the provisions of the immediately preceding sentence in a manner provided under Section 3.16 hereof. In the case of the Trust Fund's beneficial interest in any REO Property acquired by the Other Trustee pursuant to an Other Pooling and Servicing Agreement, the Special Servicer shall

coordinate with the Other Special Servicer with respect to any REO extension on behalf of the Trust Fund. The Special Servicer shall manage, conserve, protect and operate each Serviced REO Property for the Certificateholders (and, in the case of the Serviced Whole Loans, the related Serviced Companion Loan Noteholders) solely for the purpose of its prompt disposition and sale in a manner which does not cause such Serviced REO Property to fail to qualify as “foreclosure property” within the meaning of Section 860G(a)(8) of the Code (determined without regard to the exception applicable for purposes of Section 860D(a) of the Code) and such that income from the operation or sale of such property does not result in receipt by the Trust Fund of any income from non-permitted assets as described in Section 860F(a)(2)(B) of the Code with respect to such property.

(b) The Special Servicer shall have full power and authority, subject only to the Servicing Standard and the specific requirements and prohibitions of this Agreement, to do any and all things in connection with any Serviced REO Property as are consistent with the manner in which the Special Servicer manages and operates similar property owned or managed by the Special Servicer or any of its Affiliates, all on such terms and for such period as the Special Servicer deems to be in the best interests of Certificateholders and, in the case of the Serviced Whole Loans, the related Serviced Companion Loan Noteholders and, in connection therewith, the Special Servicer shall agree to the payment of management fees that are consistent with general market standards. Consistent with the foregoing, the Special Servicer shall cause or permit to be earned with respect to such Serviced REO Property any “net income from foreclosure property,” within the meaning of Section 860G(c) of the Code, which is subject to tax under the REMIC Provisions, only if it has determined, and has so advised the Trustee and the Certificate Administrator in writing, that the earning of such income on a net after-tax basis could reasonably be expected to result in a greater recovery on behalf of Certificateholders (and, in the case of the Serviced Whole Loans, the related Serviced Companion Loan Noteholders) than an alternative method of operation or rental of such Serviced REO Property that would not be subject to such a tax.

The Special Servicer shall segregate and hold all revenues received by it with respect to any Serviced REO Property separate and apart from its own funds and general assets and shall establish and maintain with respect to any Serviced REO Property a segregated custodial account (each, an “REO Account”), each of which shall be an Eligible Account and shall be entitled “[NAME OF SPECIAL SERVICER], as Special Servicer, on behalf of [NAME OF TRUSTEE], as Trustee, for the benefit of the Holders of [NAME OF ISSUING ENTITY] Commercial Mortgage Pass-Through Certificates and the related Serviced Companion Loan Noteholders REO Account,” to be held for the benefit of the Certificateholders and the related Serviced Companion Loan Noteholders. The Special Servicer shall be entitled to withdraw for its account any interest or investment income earned on funds deposited in an REO Account to the extent provided in Section 3.07(b) of this Agreement. The Special Servicer shall deposit or cause to be deposited REO Proceeds in the REO Account or the applicable Serviced Whole Loan REO Account within one Business Day after receipt of such REO Proceeds, and shall withdraw therefrom funds necessary for the proper operation, management and maintenance of such Serviced REO Property and for other Property Protection Expenses with respect to such Serviced REO Property, including:

- (i) all insurance premiums due and payable in respect of any Serviced REO Property;
- (ii) all real estate taxes and assessments in respect of any Serviced REO Property that may result in the imposition of a lien thereon;
- (iii) all costs and expenses reasonable and necessary to protect, maintain, manage, operate, repair and restore any Serviced REO Property including, if applicable, the payments of any ground rents in respect of such Serviced REO Property; and
- (iv) any taxes imposed on the Loan Specific REMIC or the Lower-Tier REMIC, as applicable, in respect of net income from foreclosure property in accordance with Section 4.05, and with respect to a Serviced Whole Loan (other than the AB Whole Loan), such expenses shall be allocated *pro rata* to the Mortgage Loan and any related Serviced Companion Loans based on each loan’s Stated Principal Balance and only to the extent any such Serviced Companion Loan is included in a REMIC and, with respect to the AB Whole Loan, such expenses shall be allocated (subject to the terms of the related Intercreditor Agreement) first, to the [LOAN SPECIFIC CLASS] Certificates (and the Class L[_____] Interest and the [LOAN SPECIFIC CLASS]-NP Regular Interest) and then, *pro rata* (based on Stated Principal Balance) to the extent such expense remains unpaid, to the AB Mortgage Loan (and the [LOAN SPECIFIC CLASS]-P Regular Interest) and, to the extent any such AB Whole Loan is included in a REMIC, the AB Mortgage Loan.

To the extent that such REO Proceeds are insufficient for the purposes set forth in clauses (i) through (iii) above, the Master Servicer shall make such Advance unless the Master Servicer or the Special Servicer determines, in accordance with the Servicing Standard, that such Servicing Advance would constitute a Nonrecoverable Advance (provided that with respect to advancing insurance premiums or delinquent tax assessments the Master Servicer shall comply with the provisions of the second to last paragraph in Section 3.21(d) of this Agreement) and if the Master Servicer does not make any such Advance, the Trustee, to the extent the Trustee has

actual knowledge of the Master Servicer's failure to make such Advance, shall make such Advance, unless in each case, the Master Servicer, the Special Servicer or the Trustee, as applicable, determines that such Advance would be a Nonrecoverable Advance. The Trustee shall be entitled to rely, conclusively, on any determination by the Special Servicer or the Master Servicer, as applicable, that an Advance, if made, would be a Nonrecoverable Advance. The Trustee, when making an independent determination whether or not a proposed Advance would be a Nonrecoverable Advance, shall use its good faith business judgment. The Master Servicer or the Trustee, as applicable, shall be entitled to reimbursement of such Advances (with interest at the Reimbursement Rate) made pursuant to the preceding sentence, to the extent permitted by Section 3.06 of this Agreement. The Special Servicer shall withdraw from each REO Account or Serviced Whole Loan REO Account, as applicable, and remit to the Master Servicer for deposit into the Collection Account or the applicable Serviced Whole Loan Collection Account, as applicable, on a monthly basis prior to or on the related Due Date the Net REO Proceeds received or collected from each Serviced REO Property, except that in determining the amount of such Net REO Proceeds, the Special Servicer may retain in each REO Account reasonable reserves for repairs, replacements and necessary capital improvements and other related expenses.

Notwithstanding the foregoing, the Special Servicer shall not:

- (i) permit any New Lease to be entered into, renewed or extended, if the New Lease by its terms will give rise to any income that does not constitute Rents from Real Property;
- (ii) permit any amount to be received or accrued under any New Lease, other than amounts that will constitute Rents from Real Property;
- (iii) authorize or permit any construction on any Serviced REO Property, other than the repair or maintenance thereof or the completion of a building or other improvement thereon, and then only if more than ten percent of the construction of such building or other improvement was completed before default on the related Mortgage Loan became imminent, all within the meaning of Section 856(e)(4)(B) of the Code; or
- (iv) Directly Operate or allow any Person to Directly Operate any Serviced REO Property on any date more than 90 days after its date of acquisition by the Trust Fund, unless such Person is an Independent Contractor;

unless, in any such case, the Special Servicer has requested and received an Opinion of Counsel addressed to the Special Servicer, the Certificate Administrator and the Trustee (which opinion shall be an expense of the Trust Fund and, in the case of a Serviced Whole Loan with a Serviced Companion Loan (other than with respect to the AB Whole Loan), such expense shall be allocated in accordance with the allocation provisions of the related Intercreditor Agreement and, with respect to the AB Whole Loan, such expenses shall be allocated (subject to the terms of the related Intercreditor Agreement) first, to the [LOAN SPECIFIC CLASS] Certificates (and the Class L[___] Interest and the [LOAN SPECIFIC CLASS]-NP Regular Interest) and then, *pro rata* (based on Stated Principal Balance) to the extent such expense remains unpaid, to the AB Mortgage Loan (and the [LOAN SPECIFIC CLASS]-P Regular Interest)) to the effect that such action will not cause such Serviced REO Property to fail to qualify as "foreclosure property"

within the meaning of Section 860G(a)(8) of the Code (determined without regard to the exception applicable for purposes of Section 860D(a) of the Code) at any time that it is held by the Trust Fund, in which case the Special Servicer may take such actions as are specified in such Opinion of Counsel.

The Special Servicer shall be required to contract with an Independent Contractor, the fees and expenses of which shall be an expense of the Trust Fund (and, in the case of the Serviced Whole Loans, such expense shall be allocated in accordance with the allocation provisions of the related Intercreditor Agreement) and payable out of REO Proceeds, for the operation and management of any Serviced REO Property, within 90 days of the Trust Fund's acquisition thereof (unless the Special Servicer shall have provided the Trustee and the Certificate Administrator with an Opinion of Counsel that the operation and management of any Serviced REO Property other than through an Independent Contractor shall not cause such Serviced REO Property to fail to qualify as "foreclosure property" within the meaning of Section 860G(a)(8) of the Code) (which opinion shall be an expense of the Trust Fund, and in the case of a Serviced Whole Loan (other than the AB Whole Loan), such expense shall be allocated in accordance with the allocation provisions of the related Intercreditor Agreement) and, with respect to the AB Whole Loan, such expenses shall be allocated (subject to the terms of the related Intercreditor Agreement) first, to the [LOAN SPECIFIC CLASS] Certificates (and the Class L[___] Interest and the [LOAN SPECIFIC CLASS]-NP Regular Interest) and then, *pro rata* (based on Stated Principal Balance) to the extent such expense remains unpaid, to the AB Mortgage Loan (and the [LOAN SPECIFIC CLASS]-P Regular Interest), provided that:

(i) the terms and conditions of any such contract shall be reasonable and customary for the area and type of property and shall not be inconsistent herewith;

(ii) any such contract shall require, or shall be administered to require, that the Independent Contractor pay all costs and expenses incurred in connection with the operation and management of such Serviced REO Property, including those listed above, and remit all related revenues (net of such costs and expenses) to the Special Servicer as soon as practicable, but in no event later than 30 days following the receipt thereof by such Independent Contractor;

(iii) none of the provisions of this Section 3.15(b) relating to any such contract or to actions taken through any such Independent Contractor shall be deemed to relieve the Special Servicer of any of its duties and obligations to the Trust Fund, the Trustee on behalf of the Certificateholders and, in the case of a Serviced Whole Loan, the related Companion Loan Noteholders, with respect to the operation and management of any such Serviced REO Property; and

(iv) the Special Servicer shall be obligated with respect thereto to the same extent as if it alone were performing all duties and obligations in connection with the operation and management of such Serviced REO Property.

The Special Servicer shall be entitled to enter into any agreement with any Independent Contractor performing services for it related to its duties and obligations hereunder for indemnification of the Special Servicer by such Independent Contractor, and nothing in this Agreement shall be deemed to limit or modify such indemnification.

(c) Promptly following any acquisition by the Special Servicer of a Serviced REO Property on behalf of the Trust Fund, the Special Servicer shall notify the Master Servicer thereof, and, upon delivery of such notice, the Special Servicer shall obtain an Updated Valuation thereof, but only if any Updated Valuation with respect thereto is more than 9 months old and the Special Servicer has no actual knowledge of any material adverse change in circumstances that, consistent with the Servicing Standard, would call into question the validity of such Updated Valuation, in order to determine the fair market value of such Serviced REO Property and shall notify the Depositor and the Master Servicer and with respect to a Serviced Whole Loan, the holder of the related Companion Loan, if any, and of the results of such Updated Valuation. Any such Updated Appraisal shall be conducted in accordance with Appraisal Institute standards and the cost thereof shall be an expense of the Trust Fund and allocated to the Classes of Sequential Pay Certificates (other than any Exchangeable Certificates) and any Class [PEZ] Regular Interests (and, correspondingly, the Exchangeable Certificates) in the following order, in each case until the Certificate Balance of such Class of Certificates or such Regular Interest is reduced to zero: *first*, to the Class [] Certificates; *second*, to the Class [] Certificates; *third*, to the Class [] Certificates; *fourth*, to the Class [] Certificates; *fifth*, to the Class [] Certificates; *sixth*, to the Class [] Regular Interest (and, correspondingly, the Class [] Certificates and the Class [PEZ] Component [], *pro rata* based on their respective Tranche Percentage Interest in the Class [] Regular Interest); *seventh*, to the Class [] Regular Interest (and, correspondingly, the Class [] Certificates and the Class [PEZ] Component [], *pro rata* based on their respective Tranche Percentage Interests in the Class [] Regular Interest); *eighth*, to the Class [] Regular Interest (and correspondingly, the Class [] Certificates and the Class [PEZ] Component [], *pro rata* based on their respective Tranche Percentage Interests in the Class [] Regular Interest); and *then* to Class [], Class [], Class [] and Class [] Certificates, *pro rata* based on their respective Certificate Balances. In the case of a Serviced Whole Loan such expenses shall be allocated in accordance with the allocation provisions set forth in the related Intercreditor Agreement. The Special Servicer shall obtain a new Updated Valuation or a letter update every 9 months thereafter until the Serviced REO Property is sold.

In the case of the AB Whole Loan, such expenses shall be allocated (subject to the terms of the related Intercreditor Agreement) first, to the [LOAN SPECIFIC CLASS] Certificates (and the Class L[] Interest and the [LOAN SPECIFIC CLASS]-NP Regular Interest) and then, *pro rata* (based on Stated Principal Balance) to the extent such expense remains unpaid, to the AB Mortgage Loan (and the Class L[] Interest and the [LOAN SPECIFIC CLASS]-P Regular Interest).

(d) In the case of the AB Whole Loan, such expenses shall be allocated first, to the [LOAN SPECIFIC CLASS] Certificates (and corresponding Class L[] Interest and the [LOAN SPECIFIC CLASS]-NP Regular Interest) and then, to the extent such expense remains unpaid, to the AB Mortgage Loan (and the [LOAN SPECIFIC CLASS]-P Regular Interest).

When and as necessary, the Special Servicer shall send to the Certificate Administrator a statement prepared by the Special Servicer setting forth the amount of net income or net loss, as determined for federal income tax purposes, resulting from the operation and management of a trade or business on, the furnishing or rendering of a non-customary service to the tenants of, or the receipt of any other amount not constituting Rents from Real

Property in respect of, any Serviced REO Property in accordance with Sections 3.15(a) and 3.15(b) of this Agreement.

(e) Upon the disposition of any Serviced REO Property in accordance with this Section 3.15, the Special Servicer shall calculate the Gain-on-Sale Proceeds allocable to a Mortgage Loan or the applicable Serviced Whole Loan, if any, realized in connection with such sale.

Section 3.16 Sale of Specially Serviced Loans and REO Properties. (a) The parties hereto may sell or purchase, or permit the sale or purchase of, a Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan only on the terms and subject to the conditions set forth in this Section 3.16 or as otherwise expressly provided in or contemplated by Section 2.03(e) and Section 9.01 of this Agreement or in an applicable Intercreditor Agreement.

(b) If the Special Servicer determines in accordance with the Servicing Standard that it would be in the best interests of the Certificateholders and, in the case of a Serviced Whole Loan, the Certificateholders and the related Serviced Companion Loan Noteholders (as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan Noteholders constituted a single lender (and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan and with respect to the AB Whole Loan, taking into account the subordinate nature of the Trust Subordinate Companion Loan) to attempt to sell a Defaulted Mortgage Loan (other than any Non-Serviced Mortgage Loan) and any related Serviced Companion Loan, the Special Servicer shall use reasonable efforts to solicit offers for each such Defaulted Mortgage Loan on behalf of the Certificateholders and, if applicable, the related Serviced Companion Loan Noteholders in such manner as will be reasonably likely to realize a fair price. In the case of a Non-Serviced Mortgage Loan, to the extent that such Non-Serviced Mortgage Loan is not sold together with the related Non-Serviced Companion Loan by the Other Special Servicer for the related Non-Serviced Whole Loan and, if permitted under the related Intercreditor Agreement, the Special Servicer shall sell (with the consent of the Directing Certificateholder prior to the occurrence and continuance of a Control Termination Event) such Non-Serviced Mortgage Loan if it determines in accordance with the Servicing Standard that such action would be in the best interests of the Certificateholders. The Special Servicer shall accept the first cash offer received from any Person that constitutes a fair price for such Defaulted Mortgage Loan. Subject to Section 3.16(k), if the Special Servicer receives more than one cash offer that constitutes a fair price for such Defaulted Mortgage Loan during the period designated by the Special Servicer for receipt of offers, the Special Servicer shall accept the highest price.

The Special Servicer shall give the Trustee, the Certificate Administrator, the Master Servicer, the Operating Advisor, the Asset Representations Reviewer and the Directing Certificateholder, not less than ten Business Days' prior written notice of its intention to sell any such Defaulted Mortgage Loan, and notwithstanding anything to the contrary herein, neither the Trustee, in its individual capacity, nor any of its Affiliates may make an offer for or purchase any such Defaulted Mortgage Loan pursuant to this Agreement.

(c) Whether any cash offer constitutes a fair price for such Defaulted Mortgage Loan, as the case may be, shall be determined by the Special Servicer, if the highest offeror is a Person other than an Interested Person, and by the Trustee, if the highest offeror is an Interested Person; provided, that no offer from an Interested Person shall constitute a fair price [unless (i) the offer is equal to or greater than the applicable Purchase Price, (ii) the offer is the highest offer received and (iii) at least two other offers are received from independent third parties; provided, however, that no offer from an Interested Person shall constitute a fair price unless (A) it is the highest offer received and (B) at least two other offers are received from independent third parties]. In determining whether any offer received from an Interested Person represents a fair price for any such Defaulted Mortgage Loan, the Trustee shall be supplied with and shall rely on the most recent Appraisal or Updated Appraisal conducted in accordance with this Agreement within the preceding 9-month period or in the absence of any such Appraisal, on a narrative appraisal prepared by an Independent MAI appraiser selected by (i) the Special Servicer if the Special Servicer or an Affiliate of the Special Servicer is not making an offer with respect to such Defaulted Mortgage Loan, (ii) by the Master Servicer if the Special Servicer is making such an offer unless the Master Servicer and Special Servicer are Affiliates or (iii) the Operating Advisor if the Master Servicer and Special Servicer are Affiliates and the Special Servicer is making an offer. The cost of any such Updated Appraisal or narrative appraisal shall be covered by, and shall be reimbursable as, a Servicing Advance. In addition, the Trustee shall be permitted to retain, at the expense of the related Interested Person, an independent third party to determine such fair price and will be permitted to conclusively rely on the opinion of such third party's determination. Any costs and fees of the Trustee in connection with an offer by an Interested Person and the Trustee's duties therewith shall be reimbursable by such Interested Person.

In determining whether any offer from a Person other than an Interested Person constitutes a fair price for any such Defaulted Mortgage Loan, the Special Servicer shall take into account (in addition to the results of any Appraisal, Updated Appraisal or narrative appraisal that it may have obtained pursuant to this Agreement within the prior 9 months), and in determining whether any offer from an Interested Person constitutes a fair price for any such Defaulted Mortgage Loan, any appraiser shall be instructed to take into account, as applicable, among other factors, the period and amount of the Delinquency on such Defaulted Mortgage Loan, the period and amount of the occupancy level and physical condition of the related Mortgaged Property, the state of the local economy in the area where the Mortgaged Property is located, the expected recovery from such Defaulted Mortgage Loan if the Special Servicer were to pursue a workout strategy, and the time and expense associated with a purchaser's foreclosing on the related Mortgaged Property.

In addition, the Special Servicer shall refer to all other relevant information obtained by it or otherwise contained in the Mortgage File; provided that the Special Servicer shall take account of any change in circumstances regarding the related Mortgaged Property known to the Special Servicer that has occurred subsequent to, and that would, in the Special Servicer's reasonable judgment, materially affect the value of the related Mortgaged Property reflected in the most recent related Appraisal. Furthermore, the Special Servicer may consider available objective third party information obtained from generally available sources, as well as information obtained from vendors providing real estate services to the Special Servicer, concerning the market for distressed real estate loans and the real estate market for the subject

property type in the area where the related Mortgaged Property is located. The Special Servicer may, to the extent it is reasonable to do so in accordance with the Servicing Standard, conclusively rely on any opinions or reports of qualified Independent experts in real estate or commercial mortgage loan matters with at least five years' experience in valuing or investing in loans similar to the subject Specially Serviced Loan, selected with reasonable care by the Special Servicer, in making such determination. All reasonable costs and expenses incurred by the Special Servicer pursuant to this Section 3.16(c) shall constitute, and be reimbursable as, Servicing Advances. The other parties to this Agreement shall cooperate with all reasonable requests for information made by the Special Servicer in order to allow the Special Servicer to perform its duties pursuant to this Section 3.16(c).

The Purchase Price (which, in connection with the administration of a Defaulted Mortgage Loan related to a Serviced Whole Loan, shall be construed and calculated as if the loans in such Serviced Whole Loan together constitute a single Mortgage Loan thereunder) for any such Defaulted Mortgage Loan shall in all cases be deemed a fair price.

(d) Subject to subsection (c) above, the Special Servicer shall act on behalf of the Trustee (for the benefit of the Certificateholders and, in the case of a Serviced Whole Loan, the related Serviced Companion Loan Noteholders) in negotiating and taking any other action necessary or appropriate in connection with the sale of any such Defaulted Mortgage Loan, and the applicable collection of all amounts payable in connection therewith. In connection therewith, the Special Servicer may charge for its own account prospective offerors, and may retain, fees that approximate the Special Servicer's actual costs in the preparation and delivery of information pertaining to such sales or exchanging offers without obligation to deposit such amounts into the REO Account the Collection Account or, in the case of any Serviced Whole Loan, the applicable Serviced Whole Loan Collection Account. Any sale of such Defaulted Mortgage Loan shall be final and without recourse to the Trustee or the Trust Fund (except such recourse to the Trust Fund imposed by those representations and warranties typically given in such transactions, any prorations applied thereto and any customary closing matters), and if such sale is consummated in accordance with the terms of this Agreement, none of the Special Servicer, the Master Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer or the Trustee shall have any liability to any Certificateholder or Companion Loan Noteholder with respect to the purchase price therefor accepted by the Special Servicer or the Trustee.

(e) Any sale of such Defaulted Mortgage Loan shall be for cash only.

(f) The parties hereto may sell or purchase, or permit the sale or purchase of, a Serviced REO Property only on the terms and subject to the conditions set forth in this Section 3.16 or as otherwise expressly provided in an applicable Intercreditor Agreement.

(g) The Special Servicer shall use reasonable efforts to solicit offers for each Serviced REO Property on behalf of the Certificateholders and, in the case of a Serviced Whole Loan, the related Serviced Companion Loan Noteholders in such manner as will be reasonably likely to realize a fair price within the time period provided for by Section 3.15(a) of this Agreement. The Special Servicer (with the consent of the Directing Certificateholder) shall accept the first cash offer received from any Person that constitutes a fair price for such Serviced REO Property. Subject to Section 3.16(k), if the Special Servicer receives more than one cash

offer that constitutes a fair price for such Serviced REO Property during the period designated by the Special Servicer for receipt of offers, the Special Servicer shall accept the highest price. If the Special Servicer determines, in its good faith and reasonable judgment, that it will be unable to realize a fair price for any Serviced REO Property within the time constraints imposed by Section 3.15(a) of this Agreement, then the Special Servicer (with the consent of the Directing Certificateholder) shall dispose of such Serviced REO Property upon such terms and conditions as the Special Servicer shall deem necessary and desirable to maximize the recovery thereon under the circumstances and, in connection therewith, shall accept the highest outstanding cash offer, regardless of from whom received.

The Special Servicer shall give the Trustee, the Certificate Administrator, the Master Servicer, the Operating Advisor, the Asset Representations Reviewer and the Directing Certificateholder, not less than ten Business Days' prior written notice of its intention to sell any Serviced REO Property, and notwithstanding anything to the contrary herein, neither the Trustee, in its individual capacity, nor any of its Affiliates may make an offer for or purchase any Serviced REO Property pursuant to this Agreement.

(h) Whether any cash offer constitutes a fair price for any Serviced REO Property, as the case may be, shall be determined by the Special Servicer, if the highest offeror is a Person other than an Interested Person, and by the Trustee, if the highest offeror is an Interested Person; provided, that no offer from an Interested Person shall constitute a fair price unless it is the highest offer received. In determining whether any offer received from an Interested Person represents a fair price for any such Serviced REO Property, the Trustee shall be supplied with and shall rely on the most recent appraisal or Updated Appraisal conducted in accordance with this Agreement within the preceding 9-month period or in the absence of any such appraisal, on a narrative appraisal prepared by an Independent MAI appraiser selected by the Special Servicer if the Special Servicer or an Affiliate of the Special Servicer is not making an offer with respect to a Serviced REO Property (or by the Master Servicer if the Special Servicer is making such an offer). The cost of any such Updated Appraisal or narrative appraisal and any related costs and fees of the Trustee shall be covered by, and shall be reimbursable as, a Servicing Advance. In determining whether any offer from a Person other than an Interested Person constitutes a fair price for any such Serviced REO Property, the Special Servicer shall take into account (in addition to the results of any appraisal, updated appraisal or narrative appraisal that it may have obtained pursuant to this Agreement within the prior 9 months), and in determining whether any offer from an Interested Person constitutes a fair price for any such Serviced REO Property, any appraiser shall be instructed to take into account, as applicable, among other factors, the period and amount of the occupancy level and physical condition of the Mortgaged Property or Serviced REO Property, the state of the local economy and the obligation to dispose of any Serviced REO Property within the time period specified in Section 3.15(a) of this Agreement. The Purchase Price (which, in connection with the administration of a Serviced REO Property related to a Serviced Whole Loan, shall be construed and calculated as if the loans in such Serviced Whole Loan together constitute a single Mortgage Loan thereunder) for any Serviced REO Property shall in all cases be deemed a fair price. In addition, the Trustee shall be permitted to retain, at the expense of the related Interested Person, an independent third party to determine such fair price and will be permitted to conclusively rely on the opinion of such third party's determination. Any costs and fees of the Trustee in connection with an offer by an

Interested Person and the Trustee's duties therewith shall be reimbursable by such Interested Person.

(i) Subject to subsections (g) and (h) above, the Special Servicer shall act on behalf of the Trustee (for the benefit of the Certificateholders and, in the case of a Serviced Whole Loan, the related Serviced Companion Loan Noteholders) in negotiating and taking any other action necessary or appropriate in connection with the sale of any Serviced REO Property, and the applicable collection of all amounts payable in connection therewith. In connection therewith, the Special Servicer may charge for its own account prospective offerors, and may retain, fees that approximate the Special Servicer's actual costs in the preparation and delivery of information pertaining to such sales or exchanging offers without obligation to deposit such amounts into the Collection Account or, in the case of any Serviced Whole Loan, the applicable Serviced Whole Loan Collection Account. Any sale of a Serviced REO Property shall be final and without recourse to the Trustee or the Trust Fund (except such recourse to the Trust Fund imposed by those representations and warranties typically given in such transactions, any prorations applied thereto and any customary closing matters), and if such sale is consummated in accordance with the terms of this Agreement, none of the Special Servicer, the Master Servicer, the Depositor or the Trustee shall have any liability to any Certificateholder or Serviced Companion Loan Noteholder with respect to the purchase price therefor accepted by the Special Servicer or the Trustee.

(j) Any sale of a Serviced REO Property shall be for cash only.

(k) Notwithstanding any of the foregoing paragraphs of this Section 3.16, the Special Servicer shall not be obligated to accept the highest cash offer if the Special Servicer determines, in its reasonable and good faith judgment, that rejection of such offer would be in the best interests of the Certificateholders and, in the case of a Serviced Whole Loan, the related Serviced Companion Loan Noteholders (as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan Noteholders constituted a single lender and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan), and the Special Servicer may accept a lower cash offer (from any Person other than itself or its Affiliate) if it determines, in its reasonable and good faith judgment, that acceptance of such offer would be in the best interests of the Certificateholders (for example, if the prospective buyer making the lower offer is more likely to perform its obligations or the terms offered by the prospective buyer making the lower offer are more favorable) and, in the case of a Serviced Whole Loan, the related Serviced Companion Loan Noteholders (as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan Noteholders constituted a single lender) (and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan).

(l) With respect to each defaulted Serviced Companion Loan, the Special Servicer shall generally have the right to sell such defaulted Serviced Companion Loan together with the related Mortgage Loan pursuant to the terms of the related Intercreditor Agreement as if such Mortgage Loan and Serviced Companion Loans were one whole loan on behalf of the Certificateholders and the related Serviced Companion Loan Noteholders. The Special Servicer shall provide notice and other information required under the related Intercreditor Agreement to

the applicable Other Special Servicer as soon as practicable following its decision to attempt to sell, and prior to commencement or marketing of, any Serviced Companion Loan.

Section 3.17 Additional Obligations of the Master Servicer and the Special Servicer; Inspections. (a) The Master Servicer (at its own expense) (or, with respect to Specially Serviced Loans and Serviced REO Properties, the Special Servicer) shall inspect or cause to be inspected each Mortgaged Property securing a Mortgage Loan (other than a Non-Serviced Mortgage Loan) that it is servicing at such times and in such manner as is consistent with the Servicing Standard, but in any event shall inspect each Mortgaged Property with a Stated Principal Balance (or in the case of a Mortgage Loan secured by more than one Mortgaged Property, having an Allocated Loan Amount) of (A) \$[2,000,000] or more at least once every [12] months (commencing in 20[___]) and (B) less than \$[2,000,000] at least once every [24] months (commencing in 20[___]), (or, in each case, at such decreased frequency as each Rating Agency shall have provided a Rating Agency Confirmation relating to the Certificates and Serviced Companion Loan Securities, if any); provided, that if a physical inspection has been performed by the Special Servicer in the previous twelve (12) months and the Master Servicer has no knowledge of a material change in the Mortgaged Property since such physical inspection, the Master Servicer will not be required to perform or cause to be performed, such physical inspection; provided, further, that if any scheduled payment becomes more than sixty (60) days delinquent on the related Mortgage Loan, the Special Servicer shall inspect or cause to be inspected the related Mortgaged Property as soon as practicable after such Mortgage Loan becomes a Specially Serviced Loan and annually thereafter for so long as such Mortgage Loan remains a Specially Serviced Loan. The reasonable cost of each such inspection performed in accordance with the Servicing Standard by the Special Servicer shall be paid by the Master Servicer as a Servicing Advance; provided, that if such Advance would be a Nonrecoverable Advance, then the cost of such inspections shall be an expense of the Trust payable out of general collections. With respect to a Serviced Whole Loan, the costs described in the preceding sentence above that relate to the applicable Serviced Whole Loan shall be paid out of amounts on deposit in the Serviced Whole Loan Collection Account related to such Serviced Whole Loan (allocated in accordance with the expense allocation provision of the related Intercreditor Agreement). If funds in the applicable Serviced Whole Loan Collection Account relating to a Serviced Whole Loan are insufficient, then any deficiency shall be paid from amounts on deposit in the Collection Account; provided that the Master Servicer shall, after receiving payment from amounts on deposit in the Collection Account, if any, (i) promptly notify the related Companion Loan Noteholder and (ii) use commercially reasonable efforts to exercise on behalf of the Trust any rights under the related Intercreditor Agreement to obtain reimbursement for a *pro rata* portion of such amount allocable to the related Serviced Companion Loans from the related Companion Loan Noteholders. The Master Servicer or the Special Servicer, as applicable, shall prepare a written report of the inspection describing, among other things, the condition of and any damage to the Mortgaged Property securing a Mortgage Loan that it is servicing and specifying the existence of any material vacancies in such Mortgaged Property, any sale, transfer or abandonment of such Mortgaged Property of which it has actual knowledge, any material adverse change in the condition of the Mortgaged Property, or any visible material waste committed on applicable Mortgaged Property. The Master Servicer or Special Servicer, as applicable, shall send such reports to the 17g-5 Information Provider (who shall promptly post such reports to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement), the related Other 17g-5 Information Provider (if any) and, upon request, to the

Underwriters and the Initial Purchasers within 20 days of completion of the inspection report, each inspection report.

(b) With respect to each Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan, as applicable, the Master Servicer (or the Special Servicer, in the case of a Specially Serviced Loan) shall exercise the Trustee's rights, in accordance with the Servicing Standard, with respect to the Manager under the related Loan Documents and Management Agreement, if any.

(c) If, with respect to any Mortgage Loan (other than a Non-Serviced Mortgage Loan, a Specially Serviced Loan or a previously Specially Serviced Loan with respect to which the Special Servicer has waived or amended the prepayment restrictions such that the related Borrower is not required to prepay on a Due Date or pay interest that would have accrued on the amount prepaid through and including the last day of the interest accrual period occurring following the date of such prepayment) or Serviced *Pari Passu* Companion Loan, the Master Servicer accepts a voluntary Principal Prepayment (other than (i) in connection with the payment of insurance proceeds or condemnation proceeds unless the Master Servicer did not apply the proceeds thereof in accordance with the terms of the related Loan Documents and such failure caused the shortfall, (ii) subsequent to a default under the related Loan Documents if the Master Servicer reasonably believes that acceptance of such prepayment is consistent with the Servicing Standard, (iii) at the request of or with the consent of the Special Servicer or, for so long as no Control Termination Event has occurred and is continuing, the Directing Certificateholder, or (iv) pursuant to applicable law or a court order) resulting in a Prepayment Interest Shortfall, then the Master Servicer shall deliver to the Certificate Administrator on each Master Servicer Remittance Date for deposit in the Lower-Tier Distribution Account (or, in the case of a Prepayment Interest Shortfall with respect to a Serviced *Pari Passu* Companion Loan, remit to the holder of the Serviced Companion Loan a *pro rata* portion of the following amount allocated to that Serviced Whole Loan)), without any right of reimbursement therefor, a cash payment (the "Compensating Interest Payment"), in an amount equal to the lesser of (x) the aggregate amount of those above described Prepayment Interest Shortfalls incurred in connection with such voluntary Principal Prepayments received in respect of the Mortgage Loans (other than a Non-Serviced Mortgage Loan or a Specially Serviced Loan) or Serviced Companion Loans (other than a Non-Serviced Mortgage Loan or a Specially Serviced Loan) for the related Distribution Date, and (y) the aggregate of (A) the portion of its Master Servicing Fee (calculated for this purpose at [___]% ([___] basis points *per annum*)) that is being paid in such Collection Period with respect to the Mortgage Loans or Serviced Companion Loans serviced by it (other than a Non-Serviced Mortgage Loan or a Specially Serviced Loan), (B) all Prepayment Interest Excess received during the related Collection Period on the Mortgage Loans or Serviced Companion Loans (other than a Non-Serviced Mortgage Loan or a Specially Serviced Loan) and (C) to the extent earned on principal prepayments, net investment earnings payable to the Master Servicer for such Collection Period received by the Master Servicer during such Collection Period with respect to the Mortgage Loan or any related Serviced *Pari Passu* Companion Loan, as applicable, subject to such prepayment; provided that if any Prepayment Interest Shortfall occurs with respect to any Mortgage Loan as a result of the Master Servicer's failure to enforce the related Loan Documents (other than in connection with (a) a Specially Serviced Loan, (b) a Non-Serviced Mortgage Loan, (c) a previously Specially Serviced Loan with respect to which the Special Servicer has waived or amended the prepayment restriction such that the related

Borrower is not required to prepay on a Due Date or pay interest that would have accrued on the amount prepaid through and including the last day of the interest accrual period occurring following the date of such prepayment or (d) the circumstances covered in clauses (i), (ii), (iii) or (iv) above), the Master Servicer shall be required to pay an amount equal to the entire Prepayment Interest Shortfall with respect to that Mortgage Loan. The Master Servicer's obligation to pay the Compensating Interest Payment, and the rights of the Certificateholders to offset of the aggregate Prepayment Interest Shortfalls against those amounts, shall not be cumulative. [No Compensating Interest Payment shall be required to be made by the Master Servicer in respect of the Mortgage Loan Seller Strip.]

(d) The Master Servicer shall, as to each Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan that is secured by the interest of the related Borrower under a ground lease (or, with respect to a leasehold interest that is a space lease or an air rights lease, such space lease or air rights lease), promptly (and in any event within 60 days) after the Closing Date notify the related ground lessor of the transfer of such Mortgage Loan or Serviced Whole Loan to the Trust pursuant to this Agreement and inform such ground lessor that any notices of default under the related ground lease (or, with respect to a leasehold interest that is a space lease or an air rights lease, the related space lease or air rights lease) should thereafter be forwarded to the Master Servicer.

(e) The Master Servicer shall, to the extent consistent with the Servicing Standard and permitted by the related Loan Documents, not apply any funds with respect to a Mortgage Loan or Serviced Whole Loan (whether arising in the form of a holdback, earnout reserve, cash trap or other similar feature) to the prepayment of the related Mortgage Loan or Serviced Whole Loan prior to an event of default or reasonably foreseeable event of default with respect to such Mortgage Loan or Serviced Whole Loan. Prior to an event of default or reasonably foreseeable event of default any such amounts described in the immediately preceding sentence shall be held by the Master Servicer as additional collateral for the related Mortgage Loan or Serviced Whole Loan.

Section 3.18 Authenticating Agent. The Certificate Administrator may appoint an Authenticating Agent to execute and to authenticate Certificates. The Authenticating Agent must be acceptable to the Depositor and must be a corporation organized and doing business under the laws of the United States of America or any state, having a principal office and place of business in a state and city acceptable to the Depositor, having a combined capital and surplus of at least \$15,000,000, authorized under such laws to do a trust business and subject to supervision or examination by federal or state authorities. The Certificate Administrator shall serve as the initial Authenticating Agent.

Any corporation into which the Authenticating Agent may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Authenticating Agent shall be party, or any corporation succeeding to the corporate agency business of the Authenticating Agent, shall be the Authenticating Agent without the execution or filing of any paper or any further act on the part of the Certificate Administrator or the Authenticating Agent.

The Authenticating Agent may at any time resign by giving at least 30 days' advance written notice of resignation to the Certificate Administrator, the Trustee, the Depositor

and the Master Servicer. The Certificate Administrator may at any time terminate the agency of the Authenticating Agent by giving written notice of termination to the Authenticating Agent, the Depositor and the Master Servicer. Upon receiving a notice of resignation or upon such a termination, or in case at any time the Authenticating Agent shall cease to be eligible in accordance with the provisions of this Section 3.18, the Certificate Administrator may appoint a successor Authenticating Agent, which shall be acceptable to the Depositor, and shall mail notice of such appointment to all Certificateholders. Any successor Authenticating Agent upon acceptance of its appointment hereunder shall become vested with all the rights, powers, duties and responsibilities of its predecessor hereunder, with like effect as if originally named as Authenticating Agent herein. No successor Authenticating Agent shall be appointed unless eligible under the provisions of this Section 3.18.

The Authenticating Agent shall have no responsibility or liability for any action taken by it as such at the direction of the Certificate Administrator. Any compensation paid to the Authenticating Agent shall be an unreimbursable expense of the Certificate Administrator, as applicable.

Section 3.19 Appointment of Custodians. The Certificate Administrator shall be the initial Custodian hereunder. The Certificate Administrator may appoint one or more additional Custodians to hold all or a portion of the Mortgage Files on behalf of the Trustee and otherwise perform the duties set forth in Article II, by entering into a Custodial Agreement with any Custodian who is not the Depositor. The Certificate Administrator agrees to comply with the terms of each Custodial Agreement and to enforce the terms and provisions thereof against the Custodian for the benefit of the Certificateholders. The Certificate Administrator shall not be liable for any act or omission of the Custodian under the Custodial Agreement. Each Custodian shall be a depository institution subject to supervision by federal or state authority, shall have a combined capital and surplus of at least \$10,000,000, shall have a long-term debt rating of at least “[____]” from [____], “[____]” from [____], “[____]” from [____] (or, if not rated by [____], an equivalent (or higher) rating by any two other NRSROs) and, if rated by [____], an equivalent rating from [____]. Each Custodial Agreement may be amended only as provided in Section 12.08 of this Agreement. Any compensation paid to the Custodian shall be an unreimbursable expense of the Certificate Administrator. If the Custodian is an entity other than the Certificate Administrator, the Custodian shall maintain a fidelity bond in the form and amount that are customary for securitizations similar to the securitization evidenced by this Agreement. The Custodian shall be deemed to have complied with this provision if one of its Affiliates has such fidelity bond coverage and, by the terms of such fidelity bond, the coverage afforded thereunder extends to the Custodian. In addition, the Custodian shall keep in force during the term of this Agreement a policy or policies of insurance covering loss occasioned by the errors and omissions of its officers and employees in connection with its obligations hereunder in the form and amount that are customary for securitizations similar to the securitization evidenced by this Agreement. All fidelity bonds and policies of errors and omissions insurance obtained under this Section 3.19 shall be issued by a Qualified Insurer.

Section 3.20 Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and Reserve Accounts. The Master Servicer shall administer each Lock-Box Account, Cash Collateral Account, Escrow Account and Reserve Account in accordance with the related Mortgage or Loan Agreement, Cash Collateral Account Agreement or Lock-Box Agreement, if

any relating to the Mortgage Loans (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loans it is servicing.

Section 3.21 Servicing Advances. (a) The Master Servicer (or, to the extent provided in Section 3.21(c) of this Agreement, the Trustee) to the extent specifically provided for in this Agreement, shall make any Servicing Advances as and to the extent otherwise required pursuant to the terms hereof with respect to the Mortgage Loans (other than Non-Serviced Mortgage Loans) or Serviced Whole Loans that it is servicing. For purposes of distributions to Certificateholders and compensation to the Master Servicer, the Special Servicer or the Trustee, Servicing Advances shall not be considered to increase the Stated Principal Balance of any such Mortgage Loan or Serviced Whole Loan, notwithstanding that the terms of such Mortgage Loan or Serviced Whole Loans so provide.

(b) Notwithstanding anything in this Agreement to the contrary, the Special Servicer shall give the Master Servicer not less than five Business Days' written notice with respect to any Servicing Advance to be made on any Specially Serviced Loan, before the date on which the Master Servicer is required to make such Servicing Advance with respect to such Specially Serviced Loan or Serviced REO Loan; provided, that the Special Servicer shall be required to provide the Master Servicer with only two Business Days' written notice in respect of Servicing Advances required to be made on an urgent or emergency basis (which may include, without limitation, Servicing Advances required to make tax or insurance payments). If the Master Servicer or the Trustee makes a Servicing Advance with respect to any Serviced Whole Loan then it shall provide written notice to the related Other Servicer, Other Special Servicer and Other Trustee of the amount of such Servicing Advance with respect to such Serviced Whole Loan as part of its monthly report following the making of such Servicing Advance.

(c) The Master Servicer shall notify the Trustee and the Certificate Administrator in writing promptly upon, and in any event within one Business Day after, becoming aware that it will be unable to make any Servicing Advance required to be made pursuant to the terms hereof, and in connection therewith, shall set forth in such notice the amount of such Servicing Advance, the Person to whom it is to be paid, and the circumstances and purpose of such Servicing Advance, and shall set forth therein information and instructions for the payment of such Servicing Advance, and, on the date specified in such notice for the payment of such Servicing Advance, or, if the date for payment has passed or if no such date is specified, then within five Business Days following such notice, the Trustee, subject to the provisions of Section 3.21(d) of this Agreement, shall pay the amount of such Servicing Advance in accordance with such information and instructions.

(d) The Special Servicer shall promptly furnish any party required to make Servicing Advances hereunder with any information in its possession regarding the Specially Serviced Loans and REO Properties as such party required to make Servicing Advances may reasonably request for purposes of making recoverability determinations. Notwithstanding anything to the contrary in this Agreement, the Special Servicer shall have no obligation to make an affirmative determination that any Advance is, or would be, a Nonrecoverable Advance, and in the absence of a determination by the Special Servicer that such an Advance is a Nonrecoverable Advance, then all such decisions shall remain with the Master Servicer or Trustee, as applicable.

Notwithstanding anything herein to the contrary, no Servicing Advance shall be required hereunder if the Person otherwise required to make such Servicing Advance determines that such Servicing Advance would, if made, constitute a Nonrecoverable Servicing Advance. In addition, the Master Servicer shall not make any Servicing Advance to the extent that it has received written notice that the Special Servicer has determined (if no Consultation Termination Event has occurred, in consultation with the Directing Certificateholder) that such Servicing Advance would, if made, constitute a Nonrecoverable Servicing Advance. In making such recoverability determination, such Person will be entitled to (i) give due regard to the existence of any Nonrecoverable Advance or Workout-Delayed Reimbursement Amount with respect to other Mortgage Loans, the recovery of which, at the time of such consideration, is being deferred or delayed by the Master Servicer or the Trustee, as applicable, in light of the fact that proceeds on the related Mortgage Loan (or the related Serviced Whole Loan, as applicable) are a source of recovery not only for the Servicing Advance under consideration, but also as a potential source of recovery of such Nonrecoverable Advance or Workout-Delayed Reimbursement Amount which is being or may be deferred or delayed and (ii) consider (among other things) the obligations of the Borrower under the terms of the related Mortgage Loan (or the related Serviced Whole Loan, as applicable) as it may have been modified, (iii) consider (among other things) the related Mortgaged Properties in their "as is" or then current conditions and occupancies, as modified by such party's assumptions (consistent with the Servicing Standard in the case of the Master Servicer or the Special Servicer) regarding the possibility and effects of future adverse changes with respect to such Mortgaged Properties, (iv) estimate and consider (consistent with the Servicing Standard in the case of the Master Servicer or the Special Servicer) (among other things) future expenses and (v) estimate and consider (among other things) the timing of recoveries.

The Master Servicer, the Special Servicer and the Trustee, as applicable, shall consider Unliquidated Advances in respect of prior Servicing Advances for purposes of nonrecoverability determinations as if such Unliquidated Advances were unreimbursed Servicing Advances. If an Appraisal of the related Mortgaged Property shall not have been obtained within the prior 9 month period (and the Master Servicer and the Trustee shall each request any such appraisal from the Special Servicer prior to ordering an Appraisal pursuant to this sentence) or if such an Appraisal shall have been obtained but as a result of unforeseen occurrences, such Appraisal does not, in the good faith determination of the Master Servicer, the Special Servicer or the Trustee, reflect current market conditions, and the Master Servicer or the Trustee, as applicable, and the Special Servicer cannot agree on the appropriate downward adjustment to such Appraisal, the Master Servicer, the Special Servicer or the Trustee, as the case may be, may, subject to its reasonable and good faith determination that such Appraisal will demonstrate the nonrecoverability of the related Advance, obtain an Appraisal for such purpose at the expense of the Trust Fund (and, in the case of any Serviced Whole Loan, such expense shall be allocated in accordance with the allocation provisions of the related Intercreditor Agreement).

Any determination by the Master Servicer, Special Servicer or the Trustee that the Master Servicer or Trustee, as the case may be, has made a Servicing Advance that is a Nonrecoverable Servicing Advance or any determination by the Master Servicer, the Special Servicer or the Trustee that any proposed Servicing Advance, if made, would constitute a Nonrecoverable Servicing Advance shall be evidenced in the case of the Master Servicer or the Special Servicer by a certificate of a Servicing Officer delivered to the other, to the Trustee, the

Directing Certificateholder (but only if no Consultation Termination Event has occurred), the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, any related Companion Loan holder(s) and the Depositor and, in the case of the Trustee, by a certificate of a Responsible Officer of the Trustee, delivered to the Depositor, the Directing Certificateholder (but only if no Consultation Termination Event has occurred), the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, any related Companion Loan holder(s), the Master Servicer and the Special Servicer, which in each case sets forth such nonrecoverability determination and the considerations of the Master Servicer, the Special Servicer or the Trustee, as applicable, forming the basis of such determination (such certificate accompanied by, to the extent available, income and expense statements, rent rolls, occupancy status, property inspections and other information used by the Master Servicer, the Special Servicer or the Trustee, as applicable, to make such determination, together with any existing Appraisal or any Updated Appraisal); provided, that the Special Servicer may, at its option, make a determination in accordance with the Servicing Standard, that any Servicing Advance previously made or proposed to be made is nonrecoverable and shall deliver to the Master Servicer, the Certificate Administrator, the Directing Certificateholder (but only if no Consultation Termination Event has occurred), the Operating Advisor, the Asset Representations Reviewer, the Trustee, the related Serviced Companion Loan Noteholder (if any) and the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement), notice of such determination. Any such determination shall be conclusive and binding on the Master Servicer, the Special Servicer and the Trustee. Notwithstanding the foregoing, the Special Servicer shall have no obligation to make an affirmative determination that any Advance is, or would be, a Nonrecoverable Advance, and in the absence of a determination by the Special Servicer that such an Advance is a Nonrecoverable Advance, then all such decisions shall remain with the Master Servicer.

Any such Person may update or change its recoverability determinations at any time (but not reverse any other Person's determination that a Servicing Advance is a Nonrecoverable Advance) and (consistent with the Servicing Standard in the case of the Master Servicer or the Special Servicer) may obtain, at the expense of the Trust (and, in the case of a Serviced Whole Loan, such expense shall be allocated in accordance with the allocation provisions of the related Intercreditor Agreement), any analysis, Appraisals or market value estimates or other information for such purposes. Absent bad faith, any such determination as to the recoverability of any Servicing Advance shall be conclusive and binding on the Certificateholders and the Serviced Companion Loan Noteholders.

Notwithstanding the above, the Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination by the Master Servicer and the Master Servicer, the Trustee and the Certificate Administrator shall be bound by any determination of the Special Servicer that a Servicing Advance, if made, would be a Nonrecoverable Servicing Advance. The Trustee, in determining whether or not a Servicing Advance previously made is, or a proposed Servicing Advance, if made, would be, a Nonrecoverable Servicing Advance shall use its reasonable judgment.

With respect to the payment of insurance premiums and delinquent tax assessments, if the Master Servicer determines that a Servicing Advance of such amounts would constitute a Nonrecoverable Advance, the Master Servicer shall deliver notice of such

determination to the Trustee, the Certificate Administrator and the Special Servicer. Upon receipt of such notice, the Master Servicer (with respect to any Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan that is not a Specially Serviced Loan) and the Special Servicer (with respect to any Specially Serviced Loan or REO Property) shall determine (with the reasonable assistance of the Master Servicer) whether the payment of such amount (i) is necessary to preserve the related Mortgaged Property and (ii) would be in the best interests of the Certificateholders and, in the case of any Serviced Companion Loans, the related Serviced Companion Loan Noteholders (as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan Noteholders constituted a single lender (and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan)). If the Master Servicer or the Special Servicer determines that the payment of such amount (i) is necessary to preserve the related Mortgaged Property and (ii) would be in the best interests of the Certificateholders and, in the case of any Serviced Companion Loan, the related Serviced Companion Loan Noteholder, the Special Servicer (in the case of a determination by the Special Servicer) shall direct the Master Servicer in writing to make such payment and the Master Servicer shall make such payment, to the extent of available funds, from amounts in the Collection Account or, if a Serviced Whole Loan is involved, from amounts in the applicable Serviced Whole Loan Collection Account.

Notwithstanding anything to the contrary contained in this Section 3.21, the Master Servicer may elect (but shall not be required) to make a payment out of the Collection Account to pay for certain expenses specified in this sentence notwithstanding that the Master Servicer has determined that a Servicing Advance with respect to such expenditure would be a Nonrecoverable Servicing Advance (unless, with respect to Specially Serviced Loans or Serviced REO Loans, the Special Servicer has notified the Master Servicer to not make such expenditure), where making such expenditure would prevent (i) the related Mortgaged Property from being uninsured or being sold at a tax sale or (ii) any event that would cause a loss of the priority of the lien of the related Mortgage, or the loss of any security for the related Mortgage Loan; provided that in each instance, the Master Servicer determines in accordance with the Servicing Standard (as evidenced by a certificate of a Servicing Officer delivered to the Trustee and the Certificate Administrator) that making such expenditure is in the best interests of the Certificateholders and, in the case of a Serviced Whole Loan, the related Serviced Companion Loan Noteholders (as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan Noteholders constituted a single lender (and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan)). The Master Servicer may elect to obtain reimbursement of Nonrecoverable Servicing Advances from the Trust Fund in accordance with Section 3.06 of this Agreement.

(e) The Master Servicer and/or the Trustee, as applicable, shall be entitled to the reimbursement of Servicing Advances made by any of them to the extent permitted pursuant to Section 3.06 of this Agreement, if applicable, of this Agreement, together with any related Advance Interest Amount in respect of such Servicing Advances, and the Master Servicer, the Special Servicer and the Trustee each hereby covenants and agrees to promptly seek and effect the reimbursement of such Servicing Advances from the related Borrowers to the extent permitted by applicable law and the related Loan Documents.

The parties acknowledge that, pursuant to the applicable Other Pooling and Servicing Agreement, the applicable Other Servicer is obligated to make Servicing Advances with respect to the related Non-Serviced Mortgage Loan. The Other Servicer, the Other Special Servicer (to the extent it has made an advance), the Other Trustee or fiscal agent or other Persons making advances under the applicable Other Pooling and Servicing Agreement shall be entitled to reimbursement in accordance with Section 3.06(b) of this Agreement for the *pro rata* portion (based on Stated Principal Balance) of the related Mortgage Loan (after amounts allocated to the related Subordinate Companion Loan, if any) with respect to any Servicing Advance that is nonrecoverable (with, in each case, any *pro rata* portion of accrued and unpaid interest thereon provided for under the Other Pooling and Servicing Agreement) in the manner set forth in the Other Pooling and Servicing Agreement and the related Intercreditor Agreement, as applicable.

With respect to any Serviced Whole Loan, if the Master Servicer, the Special Servicer or Trustee, as applicable, determines that a proposed Servicing Advance with respect to such Serviced Whole Loan, if made, or any outstanding Servicing Advance with respect to any such Mortgage Loan previously made, would be, or is, as applicable, a Nonrecoverable Advance, the Master Servicer or Trustee, as applicable, shall provide the Other Servicer, Other Special Servicer and the Other Trustee under each related Other Pooling and Servicing Agreement with written notice of such determination, together with supporting evidence for such determination within two (2) Business Days after such determination or such longer time period permitted by the applicable Intercreditor Agreement.

Section 3.22 Appointment and Replacement of Special Servicer. (a) [NAME OF SPECIAL SERVICER] is hereby appointed as the initial Special Servicer to service each Specially Serviced Loan.

(b) For so long as no Control Termination Event has occurred and is continuing [and subject to the right of the Operating Advisor to recommend the termination of the Special Servicer and recommend a replacement Special Servicer and the right of the Certificateholders to approve the replacement of the Special Servicer with such replacement Special Servicer pursuant to this Section 3.22(b),] [APPLICABLE TO OFFERINGS ON OR AFTER DECEMBER 24, 2016 THAT SATISFY RISK RETENTION REQUIREMENTS THROUGH THIRD PARTY PURCHASER OF HORIZONTAL RESIDUAL INTEREST], the Directing Certificateholder shall be entitled to terminate the rights (subject to Section 3.05, Section 3.12 and Section 6.03(a) of this Agreement) and obligations of the Special Servicer under this Agreement, with or without cause, and appoint a successor Special Servicer pursuant to Section 7.02 of this Agreement, upon ten (10) Business Days' notice to the Special Servicer, the Master Servicer, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee; provided that, with respect to any Serviced Whole Loan, the related Directing Certificateholder's right to terminate the rights and obligations of the Special Servicer under this Agreement with respect to such Serviced Whole Loan shall be subject to the limitations set forth in the related Intercreditor Agreement.

(c) [APPLICABLE TO OFFERINGS OTHER THAN OFFERINGS CLOSING ON OR AFTER DECEMBER 24, 2016 THAT SATISFY RISK RETENTION REQUIREMENTS THROUGH THIRD PARTY PURCHASER OF HORIZONTAL RESIDUAL INTEREST] [Following the occurrence of a Consultation Termination Event, subject to the immediately succeeding paragraph, if the Operating Advisor determines that the

Special Servicer is not performing its duties as required hereunder or is otherwise not acting in accordance with the Servicing Standard, the Operating Advisor shall deliver to the Trustee and to the Certificate Administrator, with a copy to the Special Servicer, a written recommendation setting forth the reasons supporting its position (along with any information the Operating Advisor considered relevant to its recommendation) and recommending a replacement special servicer; provided, that in no event shall the information or any other content included in such written recommendation contravene any provision of this Agreement. In such event, the Certificate Administrator shall promptly post notice to all Certificateholders of such recommendation on the Certificate Administrator's Website, and by mail (or through the DTC system, as applicable), and shall conduct the solicitation of votes of all Certificates in such regard. Subsequently, upon (i) the written direction of Holders of Sequential Pay Certificates and Class [PEZ] Certificates evidencing at least a majority of the aggregate Voting Rights (taking into account the application of any Realized Losses and Appraisal Reduction Amounts to notionally reduce the respective Certificate Balances) (which vote shall occur not more than 180 days from the date the Certificate Administrator posts such recommendation on the Certificate Administrator's Website; provided that if such written direction is not provided within 180 days of the posting of the initial request for a vote to terminate and replace the Special Servicer, then such written direction shall have no force and effect) and (ii) receipt of a Rating Agency Confirmation from each Rating Agency with respect to the Certificates and, if such successor Special Servicer shall also specially service a Serviced Whole Loan, any class of related Serviced Companion Loan Securities, by the Trustee following satisfaction of the foregoing clause (i), the Trustee shall (x) terminate all of the rights and obligations of the Special Servicer under this Agreement and appoint a successor Special Servicer approved by the Certificateholders; provided such termination is subject to the terminated Special Servicer's rights to indemnification, payment of outstanding fees and other compensation, reimbursement of advances and other rights set forth in this Agreement which survive termination and (y) promptly notify such outgoing Special Servicer of the effective date of such termination. The reasonable out-of-pocket costs and expenses associated with administering such vote shall be an Additional Trust Fund Expense. If the Trustee does not receive at least 50% of the requested votes, then the Trustee shall not remove the Special Servicer. Prior to the appointment of any replacement special servicer, such replacement special servicer shall have agreed to succeed to the obligations of the Special Servicer under this Agreement and to act as the Special Servicer's successor hereunder. No penalty or fee shall be payable to the terminated Special Servicer with respect to any termination pursuant to this Section 3.22(c).]

(d) [APPLICABLE TO OFFERINGS CLOSING ON OR AFTER DECEMBER 24, 2016 THAT SATISFY RISK RETENTION REQUIREMENTS THROUGH THIRD PARTY PURCHASER OF HORIZONTAL RESIDUAL INTEREST] [If the Operating Advisor determines, in its sole discretion exercised in good faith, that (i) the Special Servicer is not performing its duties as required hereunder or is otherwise not acting in accordance with the Servicing Standard, and (ii) the replacement of the Special Servicer would be in the best interest of the Certificateholders as a collective whole, the Operating Advisor shall deliver to the Trustee and the Certificate Administrator, with a copy to the Special Servicer, a written recommendation setting forth the reasons supporting its position (along with any information the Operating Advisor considered relevant to its recommendation) and recommending a replacement special servicer; provided, that in no event shall the information or any other content included in such written recommendation contravene any provision of this Agreement and recommending a

suggested replacement special servicer, which shall satisfy the requirements set forth in Section 3.22(f). In such event, the Certificate Administrator shall promptly post notice to all Certificateholders of such recommendation on the Certificate Administrator's Website, and by mail conduct the solicitation of votes of all Certificates in such regard. Upon (i) the affirmative vote of Holders of Principal Balance Certificates and the Class [PEZ] Certificates evidencing at least a majority of a quorum of Certificateholders (which, for this purpose, is the Holders of Certificates that (A) evidence at least 20% of the Voting Rights (taking into account the application of any Appraisal Reduction Amounts to notionally reduce the respective Certificate Balances) of all Principal Balance Certificates and Class [PEZ] Certificates on an aggregate basis, and (B) consist of at least three Certificateholders or Certificate Owners that are not affiliated with each other) and (ii) receipt of Rating Agency Confirmation from each Rating Agency with respect to the termination of the Special Servicer and the appointment of a successor special servicer recommended by the Operating Advisor by the Certificate Administrator following satisfaction of the foregoing clause (i), the Trustee shall (i) terminate all of the rights and obligations of the Special Servicer under this Agreement and appoint such successor Special Servicer and (ii) promptly notify such outgoing Special Servicer of the effective date of such termination. The reasonable out of pocket costs and expenses (including reasonable legal fees and expenses of outside counsel) associated with obtaining such Rating Agency Confirmations and administering such vote and the Operating Advisor's identification of a replacement Special Servicer shall be an additional expense of the Trust. In the event that the Certificate Administrator does not receive the affirmative vote of at least a majority of the quorum described in clause (i) of the preceding sentence, then the Certificate Administrator shall have no obligation to remove the Special Servicer. Prior to the appointment of any replacement special servicer, such replacement special servicer shall have agreed to succeed to the obligations of the Special Servicer under this Agreement and to act as the Special Servicer's successor hereunder.]

(e) If a Control Termination Event has occurred and is continuing and upon (a) the written direction of holders of Sequential Pay Certificates and Class [PEZ] Certificates evidencing not less than 25% of the Voting Rights (taking into account the application of any Appraisal Reduction Amounts to notionally reduce the Certificate Balances of the Certificates pursuant to Section 4.08 of this Agreement) of the Sequential Pay Certificates and Class [PEZ] Certificates requesting a vote to replace the Special Servicer with a new special servicer designated in such written direction, (b) payment by such holders to the Certificate Administrator of the reasonable fees and expenses (including any legal fees and any Rating Agency fees and expenses) to be incurred by the Certificate Administrator in connection with administering such vote and (c) delivery by such holders to the Certificate Administrator and the Trustee of a Rating Agency Confirmation from each Rating Agency with respect to the Certificates and, if such successor Special Servicer shall also specially service a Serviced Whole Loan, any class of related Serviced Companion Loan Securities, the Certificate Administrator shall promptly provide written notice to all Certificateholders of such request by posting such notice on the Certificate Administrator's Website, and by mail (or through the DTC system, as applicable), and conduct the solicitation of votes of all Certificates in such regard. Subsequently, if a Control Termination Event has occurred and is continuing, upon the written direction of (i) holders of Sequential Pay Certificates and Class [PEZ] Certificates evidencing at least 75% of a Certificateholder Quorum of Certificates or (ii) holders of Non-Reduced Certificates evidencing more than 50% of the Voting Rights of each Class of Non-Reduced Certificates (provided, that

for purposes of such Voting Rights, the Class [] Certificates and the Class [PEZ] Component [] shall be considered as if they together constitute a single “Class” of Sequential Pay Certificates, the Class [] Certificates and the Class [PEZ] Component [] shall be considered as if they together constitute a single “Class” of Sequential Pay Certificates, the Class [] Certificates and the Class [PEZ] Component [] shall be considered as if they together constitute a single “Class” of Sequential Pay Certificates and the Holders of the Class [PEZ] Certificates shall have the Voting Rights so allocated to the Class [PEZ] Components and no other Voting Rights), the Trustee shall (x) terminate all of the rights and obligations of the Special Servicer under this Agreement and appoint the successor Special Servicer designated by such Certificateholders, provided such termination is subject to the terminated Special Servicer's rights to indemnification, payment of outstanding fees and other compensation, reimbursement of advances and other rights set forth in this Agreement which survive termination and (y) promptly notify such outgoing Special Servicer of the effective date of such termination; provided that if such written direction is not provided within 180 days of the notice from the Certificate Administrator of the request for a vote to terminate and replace the Special Servicer, then such written direction shall have no force and effect. The reasonable fees and out-of-pocket costs associated with administering such vote shall be an Additional Trust Fund Expense. The Certificate Administrator shall include on each Distribution Date Statement a statement that each Certificateholder and Certificate Owner may access notices on the Certificate Administrator's Website and each Certificateholder and Certificate Owner may register to receive email notifications when such notices are posted on the Certificate Administrator's Website; provided that the Certificate Administrator shall be entitled to reimbursement from the requesting Certificateholders for the reasonable expenses of posting such notices.

(f) The Trustee shall, promptly after receiving any removal notice pursuant to Section 3.22(b) of this Agreement or direction to terminate pursuant to Section 3.22(c) or Section 3.22(e) of this Agreement, so notify the Certificate Administrator, the related Serviced Companion Loan Noteholder (if any) and the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement). The termination of the Special Servicer and appointment of a successor Special Servicer pursuant to this Section 3.22 shall not be effective until (i) the Trustee receives from each Rating Agency a Rating Agency Confirmation or, if such successor Special Servicer shall also specially service a Serviced Whole Loan, a Serviced Companion Loan Rating Agency Confirmation, (ii) the successor special servicer has assumed all of its responsibilities, duties and liabilities hereunder pursuant to a writing reasonably satisfactory to the Trustee, (iii) receipt by the Trustee of an Opinion of Counsel to the effect that (x) the designation of such replacement to serve as Special Servicer is in compliance with this Agreement, (y) such replacement will be bound by the terms of this Agreement and (z) this Agreement will be enforceable against such replacement in accordance with its terms, (iv) the replacement Special Servicer certifies that such replacement special servicer satisfies all related qualifications set forth in the Intercreditor Agreement relating to such Serviced Companion Loan and (v) receipt by the Certificate Administrator (with a confirmation of such receipt delivered to the Trustee) of notice and information required to be delivered by the successor Special Servicer under Section 10.03 of this Agreement. Any successor Special Servicer shall make the representations and warranties provided for in Section 2.04(b) of this Agreement *mutatis mutandis*. In no event may a successor Special Servicer be a current or former Operating Advisor or any Affiliate of such current or former Operating Advisor or a current or former Asset Representations Reviewer. Further, such

successor shall be a Person that (i) satisfies all of the eligibility requirements applicable to the special servicer contained in this Agreement, (ii) is not obligated or allowed to pay the Operating Advisor any fees or otherwise compensate the Operating Advisor (x) in respect of its obligations under this Agreement or (y) for the appointment of the successor Special Servicer or the recommendation by the Operating Advisor for the replacement Special Servicer to become the Special Servicer, (iii) is not entitled to receive any compensation from the Operating Advisor other than compensation that is not material and is unrelated to the Operating Advisor's recommendation that such party be appointed as the replacement special servicer, (iv) is not entitled to receive any fee from the Operating Advisor for its appointment as successor Special Servicer, in each case, unless expressly approved by 100% of the Certificateholders, [(v) is not a special servicer that has been cited by [NAME OF RATING AGENCY] as having servicing concerns as the sole or a material factor in any qualification, downgrade or withdrawal of the ratings (or placement on "watch status" in contemplation of a rating downgrade or withdrawal) of securities in a transaction serviced by the applicable servicer prior to the time of determination, (vi) currently has a special servicer rating of at least [SPECIFIC MINIMUM RATING] from [NAME OF RATING AGENCY] and (vii) is not a special servicer that has been cited by [NAME OF RATING AGENCY] as having servicing concerns as the sole or a material factor in any qualification, downgrade or withdrawal of the ratings (or placement on "watch status" in contemplation of a rating downgrade or withdrawal) of securities in a transaction serviced by the applicable servicer prior to the time of determination]. In addition, any replacement Special Servicer that will service any Serviced Whole Loan shall meet any requirements specified in the related Intercreditor Agreement or, if applicable, the related Other Pooling and Servicing Agreement.

The existing Special Servicer shall be deemed to have been removed simultaneously with such designated Person's becoming the Special Servicer hereunder; provided, that the Special Servicer removed pursuant to this Section shall be entitled to receive, and shall have received, all amounts accrued or owing to it under this Agreement on or prior to the effective date of such resignation and it shall continue to be entitled to any rights that accrued prior to the date of such resignation (including the right to receive all fees, expenses and other amounts accrued or owing to it under this Agreement, plus the right to receive any Workout Fee specified in Section 3.12(c) of this Agreement if the Special Servicer is terminated and any indemnification rights that the Special Servicer is entitled to pursuant to Section 6.03(a) of this Agreement) notwithstanding any such removal. Such removed Special Servicer shall cooperate with the Trustee and the replacement Special Servicer in effecting the termination of the resigning Special Servicer's responsibilities and rights hereunder, including without limitation the transfer within two Business Days to the successor Special Servicer for administration by it of all cash amounts that are thereafter received with respect to the Mortgage Loans and, if applicable, Whole Loans.

(g) The appointment of any such successor Special Servicer shall not relieve the Master Servicer or the Trustee of their respective obligations to make Advances as set forth herein; provided, that neither the Trustee nor the Master Servicer shall be liable for any actions or any inaction of such successor Special Servicer. Any termination fee payable to the terminated Special Servicer (and it is acknowledged that there is no such fee payable in the event of a termination for breach of this Agreement) shall be paid by the Certificateholders or the Directing Certificateholder, as applicable, so terminating the Special Servicer and shall not in

any event be an expense of the Trust Fund or any Serviced Companion Loan Noteholder (unless such Serviced Companion Loan Noteholder is the Directing Certificateholder).

(h) If a replacement special servicer is appointed with respect to a Serviced Whole Loan or any related Serviced REO Property in accordance with this Section 3.22 such that there are multiple parties acting as Special Servicer hereunder, then, unless the context clearly requires otherwise: (i) when used in the context of imposing duties and obligations on the Special Servicer hereunder or the performance of such duties and obligations, the term “Special Servicer” shall mean the applicable Serviced Whole Loan Special Servicer, insofar as such duties and obligations relate to the subject Serviced Whole Loan or any related Serviced REO Property, and shall mean the General Special Servicer (as defined below in clause (h)), in all other cases (provided, that in Section 3.14 and Article VII of this Agreement, the term “Special Servicer” shall mean each of the Serviced Whole Loan Special Servicers and the General Special Servicer); (ii) when used in the context of identifying the recipient of any information, funds, documents, instruments and/or other items, the term “Special Servicer” shall mean the applicable Serviced Whole Loan Special Servicer, insofar as such information, funds, documents, instruments and/or other items relate to the subject Serviced Whole Loan or any related Serviced REO Property, and shall mean the General Special Servicer, in all other cases; (iii) when used in the context of granting the Special Servicer the right to purchase Defaulted Mortgage Loans pursuant to Section 3.16 of this Agreement, the term “Special Servicer” shall mean the General Special Servicer only; (iv) when used in the context of granting the Special Servicer the right to purchase all of the Mortgage Loans and all other property held by the Trust Fund pursuant to Section 9.01 of this Agreement, the term “Special Servicer” shall mean the General Special Servicer only; (v) when used in the context of the Special Servicer being replaced pursuant to this Section 3.22 by the applicable Directing Certificateholder, the term “Special Servicer” shall mean the General Special Servicer or the Serviced Whole Loan Special Servicer, if applicable; (vi) when used in the context of granting the Special Servicer any protections, limitations on liability, immunities and/or indemnities hereunder, the term “Special Servicer” shall mean each of the Serviced Whole Loan Special Servicers and the General Special Servicer; and (vii) when used in the context of requiring indemnification from, imposing liability on, or exercising any remedies against, the Special Servicer for any breach of a representation, warranty or covenant hereunder or for any negligence, bad faith or willful misconduct in the performance of duties and obligations hereunder or any negligent disregard of such duties and obligations or otherwise holding the Special Servicer responsible for any of the foregoing, the term “Special Servicer” shall mean the applicable Serviced Whole Loan Special Servicer or the General Special Servicer, as applicable.

(i) References in this Section 3.22 to “General Special Servicer” mean the Person performing the duties and obligations of special servicer with respect to the Mortgage Pool (exclusive of any Whole Loan or related REO Property as to which a different Serviced Whole Loan Special Servicer has been appointed with respect thereto).

(j) No penalty or fee shall be payable to the terminated Special Servicer with respect to any termination pursuant to this Section 3.22. All costs and expenses of any such termination made without cause shall be paid by the Controlling Class Certificateholders.

Section 3.23 Transfer of Servicing Between the Master Servicer and the Special Servicer; Record Keeping; Asset Status Report. (a) Upon the occurrence of any event specified

in the definition of Specially Serviced Loan with respect to any Mortgage Loan (other than any Non-Serviced Mortgage Loan) or Serviced Whole Loan of which the Master Servicer may have notice, the Master Servicer shall promptly give notice thereof to the Special Servicer, the Certificate Administrator, the Trustee, the Operating Advisor, the Asset Representations Reviewer, the related Mortgage Loan Seller, if no Consultation Termination Event has occurred, the Directing Certificateholder and, if applicable, the related Serviced Companion Loan Noteholders and shall use efforts in accordance with the Servicing Standard to provide the Special Servicer with all information, documents (but excluding the original documents constituting the Mortgage File) and records (including records stored electronically) relating to such Mortgage Loan or Serviced Whole Loan, as applicable, and reasonably requested by the Special Servicer to enable it to assume its duties hereunder with respect thereto without acting through a sub-servicer. The Master Servicer shall use efforts in accordance with the Servicing Standard to comply with the preceding sentence within five Business Days of the date it has notice of the occurrence of any event specified in the definition of Specially Serviced Loan and in any event shall continue to act as Master Servicer and administrator of such Mortgage Loan or Serviced Whole Loan, until the Special Servicer has commenced the servicing of such Mortgage Loan or Serviced Whole Loan, which shall occur upon the receipt by the Special Servicer of the information, documents and records referred to in the preceding sentence. With respect to each Mortgage Loan or Serviced Whole Loan that becomes a Specially Serviced Loan, the Master Servicer shall instruct the related Borrower to continue to remit all payments in respect of such Mortgage Loan or Serviced Whole Loan to the Master Servicer. The Master Servicer shall forward any notices it would otherwise send to the Borrower of a Specially Serviced Loan to the Special Servicer, who shall send such notice to the related Borrower.

Upon determining that a Specially Serviced Loan has become a Corrected Mortgage Loan, the Special Servicer shall immediately give notice thereof to the Master Servicer, and upon giving such notice, such Mortgage Loan or Serviced Whole Loan shall cease to be a Specially Serviced Loan in accordance with the first proviso of the definition of Specially Serviced Loan, the Special Servicer's obligation to service such Mortgage Loan or Serviced Whole Loan shall terminate and the obligations of the Master Servicer to service and administer such Mortgage Loan or Serviced Whole Loan as a Mortgage Loan or Serviced Whole Loan that is not a Specially Serviced Loan shall resume.

(b) In servicing any Specially Serviced Loan, the Special Servicer shall provide to the Custodian originals of documents included within the definition of "Mortgage File" for inclusion in the related Mortgage File (to the extent such documents are in the possession of the Special Servicer) and copies of any additional related Mortgage Loan information, including correspondence with the related Borrower, and the Special Servicer shall promptly provide copies of all of the foregoing to the Master Servicer as well as copies of any analysis or internal review prepared by or for the benefit of the Special Servicer.

(c) Not later than two Business Days preceding each date on which the Master Servicer is required to furnish a report under Section 3.13(a) of this Agreement to the Certificate Administrator, the Special Servicer shall deliver to the Certificate Administrator, with a copy to the Trustee, the Operating Advisor, the Asset Representations Reviewer and the Master Servicer, a written statement describing, on a loan by loan basis, (i) the amount of all payments on account of interest received on each Specially Serviced Loan, the amount of all payments on account of

principal, including Principal Prepayments, on each Specially Serviced Loan, the amount of Net Insurance Proceeds and Net Liquidation Proceeds received with respect to each Specially Serviced Loan, and with respect to REO Properties, the amount of net income or net loss, as determined from management of a trade or business on, the furnishing or rendering of a non-customary service to the tenants of, or the receipt of any rental income that does not constitute Rents from Real Property with respect to the Serviced REO Property relating to each applicable Specially Serviced Loan, in each case in accordance with Section 3.15 of this Agreement (it being understood and agreed that to the extent this information is provided in accordance with Section 3.13(g) of this Agreement, this Section 3.23(c) shall be deemed to be satisfied) and (ii) such additional information relating to the Specially Serviced Loans as the Master Servicer, the Certificate Administrator or the Trustee reasonably request, to enable it to perform its duties under this Agreement. Such statement and information shall be furnished to the Master Servicer in writing and/or in such electronic media as is acceptable to the Master Servicer.

(d) Notwithstanding the provisions of the preceding Section 3.23(c), the Master Servicer shall maintain ongoing payment records with respect to each of the Specially Serviced Loans relating to a Mortgage Loan that it is servicing and shall provide the Special Servicer and the Operating Advisor with any information reasonably required by the Special Servicer or the Operating Advisor to perform its duties under this Agreement. The Special Servicer shall provide the Master Servicer with any information reasonably required by the Master Servicer to perform its duties under this Agreement.

(e) No later than [60] days after a Mortgage Loan or Serviced Whole Loan becomes a Specially Serviced Loan, the Special Servicer shall deliver to the Master Servicer, the Directing Certificateholder (only if no Consultation Termination Event has occurred), each related Serviced Companion Loan Noteholder, the Operating Advisor [(but only if a Control Termination Event has occurred and is continuing)][EXCLUDE FOR TRANSACTIONS THAT CLOSE ON OR AFTER DECEMBER 24, 2016 THAT SATISFY RISK RETENTION REQUIREMENTS THROUGH THIRD PARTY PURCHASER OF HORIZONTAL RESIDUAL INTEREST], the 17g-5 Information Provider (who shall promptly post such report to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement) and each related Serviced Companion Loan Noteholder, a report (the "Asset Status Report") with respect to such Mortgage Loan or Serviced Whole Loan and the related Mortgaged Property; provided, the Special Servicer shall not be required to deliver an Asset Status Report to the Directing Certificateholder if the Special Servicer and the Directing Certificateholder are the same entity. Such Asset Status Report shall set forth the following information to the extent reasonably determinable:

(i) summary of the status of such Specially Serviced Loan and any negotiations with the related Borrower;

(ii) a discussion of the legal and environmental considerations reasonably known to the Special Servicer, consistent with the Servicing Standard, that are applicable to the exercise of remedies as aforesaid and to the enforcement of any related guaranties or other collateral for the related Mortgage Loan or Serviced Whole Loan and whether outside legal counsel has been retained;

(iii) the most current rent roll and income or operating statement available for the related Mortgaged Property;

(iv) (A) the Special Servicer's recommendations on how such Specially Serviced Loan might be returned to performing status (including the modification of a monetary term, and any workout, restructure or debt forgiveness) and returned to the Master Servicer for regular servicing or foreclosed or otherwise realized upon (including any proposed sale of a Defaulted Mortgage Loan or Serviced REO Property), (B) a description of any such proposed or taken actions, and (C) the alternative courses of action that were or are being considered by the Special Servicer in connection with the proposed or taken actions;

(v) the status of any foreclosure actions or other proceedings undertaken with respect to the Specially Serviced Mortgage Loan, any proposed workouts and the status of any negotiations with respect to such workouts, and an assessment of the likelihood of additional defaults under the related Mortgage Loan or Serviced Whole Loan;

(vi) a description of any amendment, modification or waiver of a material term of any ground lease (or, with respect to a leasehold interest that is a space lease or an air rights lease, any such space lease or air rights lease) or franchise agreement;

(vii) the decision that the Special Servicer made, or intends or proposes to make, including a narrative analysis setting forth the Special Servicer's rationale for its proposed decision, including its rejection of the alternatives;

(viii) an analysis of whether or not taking such proposed action is reasonably likely to produce a greater recovery on a present value basis than not taking such action, setting forth (x) the basis on which the Special Servicer made such determination and (y) the net present value calculation (including the applicable Calculation Rate used) and all related assumptions;

(ix) the appraised value of the related Mortgaged Property (and a copy of the last obtained Appraisal of such Mortgaged Property) together with a description of any adjustments to the valuation of such Mortgaged Property made by the Special Servicer together with an explanation of those adjustments; and

(x) such other information as the Special Servicer deems relevant in light of the Servicing Standard.

For so long as no Control Termination Event has occurred and is continuing, if within 10 Business Days of receiving an Asset Status Report, the Directing Certificateholder does not disapprove such Asset Status Report in writing, the Directing Certificateholder will be deemed to have approved such Asset Status Report and the Special Servicer shall implement the recommended action as outlined in such Asset Status Report; provided, that such Special Servicer may not take any action that is contrary to applicable law, this Agreement, the Servicing Standard (taking into consideration the best interests of all the Certificateholders and, with respect to any Serviced Whole Loan, the related Serviced Companion Loan Noteholders (as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan

Noteholders constituted a single lender) (and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan)), the terms of the applicable Loan Documents or any related Intercreditor Agreement. For so long as no Control Termination Event has occurred and is continuing, if the Directing Certificateholder disapproves such Asset Status Report within such 10 Business Day period, the Special Servicer will revise such Asset Status Report and deliver to the Directing Certificateholder, the Master Servicer, the 17g-5 Information Provider (who shall promptly post such report to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement) and each related Serviced Companion Loan Noteholder, a new Asset Status Report as soon as practicable, but in no event later than 30 days after such disapproval. The Special Servicer shall revise such Asset Status Report as described above in this Section 3.23(e) until the Directing Certificateholder fails to disapprove such revised Asset Status Report in writing within 10 Business Days of receiving such revised Asset Status Report or until the Special Servicer makes a determination consistent with the Servicing Standard, that such objection is not in the best interests of all the Certificateholders and, with respect to any Serviced Whole Loan, the related Serviced Companion Loan Noteholders (as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan Noteholders constituted a single lender and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan)). In any event, for so long as no Control Termination Event has occurred and is continuing, if the Directing Certificateholder does not approve an Asset Status Report within 60 Business Days from the first submission of an Asset Status Report, the Special Servicer may act upon the most recently submitted form of Asset Status Report if consistent with the Servicing Standard. The Special Servicer may, from time to time, modify any Asset Status Report it has previously delivered and implement such report, provided such report shall have been prepared, reviewed and not rejected pursuant to the terms of this Section, and in particular, shall modify and resubmit such Asset Status Report to the Directing Certificateholder (with a copy to the Trustee and the Certificate Administrator) if (i) the estimated sales proceeds, foreclosure proceeds, workout or restructure terms or anticipated debt forgiveness varies materially from the amount on which the original report was based or (ii) the related Borrower becomes the subject of bankruptcy proceedings. Notwithstanding the foregoing, the Special Servicer (i) may, following the occurrence of an extraordinary event with respect to the related Mortgaged Property, take any action set forth in such Asset Status Report before the expiration of a 10 Business Day period if the Special Servicer has reasonably determined that failure to take such action would materially and adversely affect the interests of the Certificateholders and, with respect to any Serviced Whole Loan, the related Serviced Companion Loan Noteholders (as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan Noteholders constituted a single lender (and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan)), and it has made a reasonable effort to contact the Directing Certificateholder and, if any Serviced Whole Loan is involved, the related Serviced Companion Loan Noteholders and (ii) in any case, shall determine whether such affirmative disapproval is not in the best interests of all the Certificateholders and, with respect to any Serviced Whole Loan, the related Serviced Companion Loan Noteholders (as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan Noteholders constituted a single lender (and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan))

pursuant to the Servicing Standard, and, upon making such determination, shall implement the recommended action outlined in the Asset Status Report. The Asset Status Report is not intended to replace or satisfy any specific consent or approval right which the Directing Certificateholder may have.

The Special Servicer shall have the authority to meet with the Borrower for any Specially Serviced Loan and take such actions consistent with the Servicing Standard and the related Asset Status Report. The Special Servicer shall not take any action inconsistent with the related Asset Status Report, unless such action would be required in order to act in accordance with the Servicing Standard, this Agreement, applicable law or the related Loan Documents.

[During the period when a Control Termination Event has occurred and is continuing, the Special Servicer shall consult on a non-binding basis with the Operating Advisor in connection with each Asset Status Report prior to finalizing and executing such Asset Status Report and the Operating Advisor shall propose, by written notice, alternative courses of action within [10] days of receipt of each Asset Status Report to the extent the Operating Advisor determines such alternatives to be in the best interest of the Certificateholders (including any Certificateholders that were previously included in the Control Eligible Certificates), as a collective whole as if such Certificateholders constituted a single lender. This determination shall be made pursuant to the Operating Advisor Standard. The Special Servicer shall consider any such proposals from the Operating Advisor and determine whether any changes to its proposed Asset Status Report should be made, such determination being made in accordance with the Servicing Standard and the other terms of this Agreement. In addition, with respect to a Serviced Whole Loan, such Asset Status Reports are subject to any non-binding consultation rights, if any, that the holders of the related Pari Passu Companion Loans have pursuant to the related Intercreditor Agreement.

During the period when a Control Termination Event has occurred and is continuing and for so long as no Consultation Termination Event has occurred, the Special Servicer shall consult on a non-binding basis with the Directing Certificateholder in connection with each Asset Status Report prior to finalizing and executing such Asset Status Report and the Directing Certificateholder shall have the right to propose, by written notice, alternative courses of action within 10 days of receipt of each Asset Status Report. The Special Servicer shall consider any such proposals from the Directing Certificateholder and determine whether any changes to its proposed Asset Status Report should be made, such determination being made in accordance with the Servicing Standard and the other terms of this Agreement.] [APPLICABLE TO OFFERINGS PRIOR TO DECEMBER 24, 2016]

[After the occurrence and during the continuance of a Control Termination Event, the Directing Certificateholder shall have no right to consent to any Asset Status Report under this Section 3.23. After the occurrence and during the continuance of a Control Termination Event but prior to the occurrence of a Consultation Termination Event, the Directing Certificateholder, and after the occurrence and during the continuance of an Operating Advisor Consultation Event, the Operating Advisor, will be entitled to consult with the Special Servicer and propose alternative courses of action and provide other feedback in respect of any Asset Status Report. After the occurrence of a Consultation Termination Event, the Directing Certificateholder (other than in its capacity as a Certificateholder) shall have no right to receive any Asset Status Report or otherwise consult with the Special Servicer with respect to Asset

Status Reports and the Special Servicer will only be obligated to consult with the Operating Advisor with respect to any Asset Status Report as described above. The Special Servicer may choose to revise the Asset Status Report as it deems reasonably necessary in accordance with the Servicing Standard to take into account any input and/or recommendations of the Operating Advisor or the Directing Certificateholder after the occurrence and during the continuance of an Operating Advisor Consultation Event or after the occurrence and during the continuance of a Control Termination Event but prior to the occurrence of a Consultation Termination Event, but is under no obligation to follow any particular recommendation of the Operating Advisor or the Directing Certificateholder.] [APPLICABLE TO OFFERINGS CLOSING ON OR AFTER DECEMBER 24, 2016 THAT SATISFY RISK RETENTION REQUIREMENTS THROUGH THIRD PARTY PURCHASER OF HORIZONTAL RESIDUAL INTEREST]

If neither the Operating Advisor nor the Directing Certificateholder proposes alternative courses of action within 10 days after receipt of such Asset Status Report, the Special Servicer shall implement the Asset Status Report as proposed by the Special Servicer.

[Notwithstanding anything to the contrary herein, if a Consultation Termination Event has occurred, the Directing Certificateholder shall have no right to receive any Asset Status Report or otherwise consult with the Special Servicer with respect to any matter set forth therein. If a Control Termination Event has occurred and is continuing, the Directing Certificateholder shall have no right to consent to any Asset Status Report under this Section 3.23.] [EXCLUDE FOR TRANSACTIONS THAT CLOSE ON OR AFTER DECEMBER 24, 2016 THAT SATISFY RISK RETENTION REQUIREMENTS THROUGH THIRD PARTY PURCHASER OF HORIZONTAL RESIDUAL INTEREST]

No direction, advice, consent, approval or disapproval of the Directing Certificateholder or Operating Advisor shall (a) require, permit or cause the Special Servicer to violate the terms of a Specially Serviced Loan, any related Intercreditor Agreement, applicable law or any provision of this Agreement, including, but not limited to, Section 3.09, Section 3.16, Section 3.18 and Section 3.25 and the Special Servicer's obligation to act in accordance with the Servicing Standard and to maintain the REMIC status of the Loan Specific REMIC, the Lower-Tier REMIC and the Upper-Tier REMIC and the grantor trust status of the Grantor Trust, or (b) result in the imposition of a "prohibited transaction" or "contribution" tax under the REMIC Provisions, or (c) expose the Master Servicer, the Special Servicer, the Depositor, the Trust Fund, the Certificate Administrator, the Paying Agent, the Operating Advisor, the Trustee or their respective officers, directors, employees or agents to any claim, suit or liability or (d) materially expand the scope of the Special Servicer's, Certificate Administrator's, Trustee's or the Master Servicer's responsibilities under this Agreement. The Special Servicer shall not be required to follow any direction of the Directing Certificateholder described in this paragraph.

(f) [Unless a Control Termination Event has occurred and is continuing,] [EXCLUDE FOR TRANSACTIONS THAT CLOSE ON OR AFTER DECEMBER 24, 2016 THAT SATISFY RISK RETENTION REQUIREMENTS THROUGH THIRD PARTY PURCHASER OF HORIZONTAL RESIDUAL INTEREST] the Special Servicer shall deliver to the Operating Advisor only each Final Asset Status Report.

Section 3.24 Special Instructions for the Master Servicer and/or Special Servicer. (a) Prior to taking any action with respect to a Mortgage Loan or a Serviced Whole

Loan secured by Mortgaged Properties located in a “one-action” state, the Master Servicer or Special Servicer, as applicable, shall consult with legal counsel, the fees and expenses of which shall be an expense of the Trust Fund (and, in the case of any Serviced Whole Loan, such expense shall be allocated in accordance with the allocation provisions of the related Intercreditor Agreement).

(b) The Master Servicer shall send written notice to each Borrower (other than with respect to a Non-Serviced Mortgage Loan) and the related Manager and clearing bank relating to a Mortgage Loan (other than with respect to a Non-Serviced Mortgage Loan) that it is servicing that, if applicable, it and/or the Trustee has been appointed as the “Designee” of the “Lender” under any related Lock-Box Agreement.

(c) Without limiting the obligations of the Master Servicer hereunder with respect to the enforcement of a Borrower’s obligations under the related Loan Documents, the Master Servicer agrees that it shall, in accordance with the Servicing Standard, enforce the provisions of the Loan Documents relating to the Mortgage Loans (other than with respect to a Non-Serviced Mortgage Loan) that it is servicing with respect to the collection of Prepayment Premiums and Yield Maintenance Charges.

(d) If a Rating Agency shall charge a fee in connection with providing a Rating Agency Confirmation, the Master Servicer shall require the related Borrower (other than with respect to a Non-Serviced Mortgage Loan) to pay such fee to the extent not inconsistent with the applicable Loan Documents. If such fee remains unpaid, such fee shall be an expense of the Trust Fund (allocated as an Additional Trust Fund Expense in the same manner as Realized Losses as set forth in Section 4.01(f) of this Agreement) and, (1) in the case of the AB Whole Loan, such expenses shall be allocated (subject to the terms of the related Intercreditor Agreement) first, to the [LOAN SPECIFIC CLASS] Certificates (and the Class L[___] Interest and the [LOAN SPECIFIC CLASS]-NP Regular Interest) and then, to the extent such expense remains unpaid, to the AB Mortgage Loan (and the [LOAN SPECIFIC CLASS]-P Regular Interest), (2) in the case of a Serviced Pari Passu Whole Loan with a Serviced Pari Passu Companion Loan (but not a Subordinate Companion Loan), allocated in accordance with the allocation provisions of the related Intercreditor Agreement and (3) in the case of any Mortgage Loan other than the AB Mortgage Loan, the Trust Fund, in each case, the costs of which may be advanced as a Servicing Advance.

(e) The Master Servicer shall, in accordance with the Servicing Standard, use commercially reasonable efforts to exercise on behalf of the Trust any right of the Trust to recover any amounts owed by the Serviced Companion Loan Noteholders to the Trust Fund pursuant to the related Intercreditor Agreement (but in the case of any Serviced Subordinate Companion Loan, subject to Section 1.02). The cost of such enforcement on behalf of the Trust shall be paid and reimbursable as a Servicing Advance.

(f) With respect to a Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan with a Stated Principal Balance equal to or greater than the lesser of 5% of the Stated Principal Balance of all Mortgage Loans (not including the Trust Subordinate Companion Loan) held by the Trust Fund and \$35,000,000, or with respect to any Mortgage Loan that is one of the ten largest Mortgage Loans based on Stated Principal Balance, to the extent not inconsistent with the related Mortgage Loan or Serviced Whole Loan, the

Master Servicer shall not consent to a change of franchise affiliation with respect to a Mortgaged Property (other than a Mortgaged Property securing a Non-Serviced Mortgage Loan) serviced hereunder or the property manager with respect to a Mortgaged Property (other than a Mortgaged Property securing a Non-Serviced Mortgage Loan) serviced hereunder unless the Master Servicer obtains a Rating Agency Confirmation relating to the Certificates and Serviced Companion Loan Securities, if any.

Section 3.25 Certain Rights and Obligations of the Master Servicer and/or the Special Servicer. (a) In addition to its rights and obligations with respect to Specially Serviced Loans, the Special Servicer has the right, whether or not the applicable Mortgage Loan (other than a Non-Serviced Mortgage Loan) is a Specially Serviced Loan, to approve (i) certain modifications to the extent described under Section 3.26 of this Agreement and (ii) certain waivers of due-on-sale or due-on-encumbrance clauses as described above under Section 3.09 of this Agreement. With respect to Performing Loans (other than Non-Serviced Mortgage Loans), the Master Servicer shall notify the Special Servicer of any request for approval (a “Request for Approval”) received relating to the Special Servicer’s above-referenced approval rights and forward to the Special Servicer its written recommendation and analysis and any other information or documents reasonably requested by the Special Servicer (to the extent such information or documents are in the Master Servicer’s possession). Subject to Section 3.09(h) of this Agreement, the Special Servicer shall have 15 Business Days (from the date that the Special Servicer receives the information it requested from the Master Servicer) to analyze and make a recommendation with respect to a Request for Approval with respect to a Performing Loan and, prior to the end of such 15 Business Day period, for so long as no Control Termination Event has occurred and is continuing, is required to notify the Directing Certificateholder and each Serviced Companion Loan Noteholder of such Request for Approval and its recommendation with respect thereto. Following such notice, the Directing Certificateholder shall have 10 Business Days from the date it receives the Special Servicer recommendation and any other information it may reasonably request (or, with respect to any Serviced Whole Loan, such longer time period as may be provided in the related Intercreditor Agreement) to approve any recommendation of the Special Servicer relating to any Request for Approval. In any event, if the Directing Certificateholder does not respond to a Request for Approval by 5 p.m. on the 10th Business Day after such request, the Special Servicer or the Master Servicer, as applicable, may deem its recommendation approved by the Directing Certificateholder and if the Special Servicer does not respond to a Request for Approval within the required 15 Business Days (or such longer time period pursuant to the terms of the related Intercreditor Agreement but not less than five (5) Business Days after the time period set forth therein for Directing Certificateholder approval), the Master Servicer may deem its recommendation approved by the Special Servicer. With respect to a Specially Serviced Loan, the Special Servicer must notify the Directing Certificateholder of any Request for Approval received relating to the Directing Certificateholder’s above-referenced approval rights and its recommendation with respect thereto. The Directing Certificateholder shall have 10 Business Days (after receipt of all information reasonably requested) to approve any recommendation of the Special Servicer relating to any such Request for Approval. In any event, if the Directing Certificateholder does not respond to any such Request for Approval by 5 p.m. on the 10th Business Day after such request, the Special Servicer may deem its recommendation approved by the Directing Certificateholder. Notwithstanding the foregoing, (i) with respect to any Whole Loan, the procedure and timing for approval by the Directing Certificateholder (to the extent it is the

related Companion Loan Noteholder) of the related Request for Approval shall be governed by the terms of the related Intercreditor Agreement and (ii) if the Special Servicer determines that immediate action is necessary to protect the interests of the Certificateholders and, with respect to any Serviced Whole Loan, the Certificateholders and the related Serviced Companion Loan Noteholders (as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan Noteholders constituted a single lender) (and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan)) and the Special Servicer has made a reasonable effort to contact the Directing Certificateholder, it need not wait for a response from the Directing Certificateholder.

(b) Notwithstanding any other provision of this Agreement, neither the Master Servicer nor the Special Servicer shall be required to take or refrain from taking any action pursuant to instructions from the Directing Certificateholder, or due to any failure to approve an action by the Directing Certificateholder, or due to any objection by the Directing Certificateholder that would (i) cause any one of them to violate applicable law, the terms of any Loan Documents, any Intercreditor Agreement, including the Servicing Standard, or the REMIC Provisions, (ii) expose the Master Servicer, the Special Servicer, the Depositor, the Paying Agent, a Mortgage Loan Seller, the Trust Fund, the Operating Advisor, the Asset Representations Reviewer, the Trustee, the Certificate Administrator (in any of its capacities), or the Custodian or their respective Affiliates, officers, directors, employees or agents to any claim, suit or liability, (iii) materially expand the scope of the Master Servicer's or the Special Servicer's responsibilities, or (iv) cause the Master Servicer or the Special Servicer to act, or fail to act, in a manner that is not in the best interests of the Certificateholders.

(c) Notwithstanding any other provision of this Agreement, neither the Master Servicer nor the Special Servicer shall be required to take or refrain from taking any action pursuant to a direction or objection from a Non-Controlling Note Holder that would (i) require or cause either the Master Servicer or the Special Servicer to violate applicable law, the terms of any Loan Documents, any Intercreditor Agreement, this Agreement, including the Servicing Standard, or the REMIC Provisions, (ii) expose the Master Servicer, the Special Servicer, the Depositor, the Paying Agent, a Mortgage Loan Seller, the Trust Fund, the Operating Advisor, the Asset Representations Reviewer, the Trustee, the Certificate Administrator (in any of its capacities), or the Custodian or their respective Affiliates, officers, directors, employees or agents to any claim, suit or liability, (iii) materially expand the scope of the Master Servicer's or the Special Servicer's responsibilities, or (iv) cause the Master Servicer or the Special Servicer to act, or fail to act, in a manner that is not in the best interests of the Certificateholders.

(d) The Master Servicer and the Special Servicer, as applicable, shall discuss with the Directing Certificateholder, on a monthly basis, the performance of any Mortgage Loan or Serviced Whole Loan that is a Specially Serviced Loan, which is delinquent, has been placed on a "Watch List" or has been identified by the Master Servicer or the Special Servicer as exhibiting deteriorating performance.

Section 3.26 Modification, Waiver, Amendment and Consents. (a) Subject to Sections 3.25, 3.26(f) and 3.27, and, if applicable, each Intercreditor Agreement, (i) with respect to any Mortgage Loan that is not a Specially Serviced Loan, the Master Servicer (subject to the Special Servicer's consent, except as provided in clause (n)) or (ii) with respect to any Specially

Serviced Loan, the Special Servicer, in each case subject to the rights of the Directing Certificateholder and, in the case of the Special Servicer, consultation with the Operating Advisor (if no Control Termination Event has occurred and is continuing and to the extent the Operating Advisor has consultation rights pursuant to Section 3.23(e), Section 3.31 and Section 6.07 of this Agreement), may modify, waive or amend any term of any Mortgage Loan (other than any Non-Serviced Mortgage Loan) or Serviced Whole Loan if such modification, waiver or amendment (A) is consistent with the Servicing Standard and (B) would not constitute a “significant modification” of such Mortgage Loan or Serviced Whole Loan pursuant to Treasury Regulations Section 1.860G-2(b) and would not otherwise (1) cause any Trust REMIC to fail to qualify as a REMIC or (2) result in the imposition of a tax upon any Trust REMIC or the Trust Fund (including but not limited to the tax on “prohibited transactions” as defined in Section 860F(a)(2) of the Code and the tax on contributions to a REMIC set forth in Section 860G(d) of the Code, but not including the tax on “net income from foreclosure property” under Section 860G(c) of the Code). In connection with (i) the release of a Mortgaged Property or any portion of a Mortgaged Property from the lien of the related Mortgage or (ii) the taking of a Mortgaged Property or any portion of a Mortgaged Property by exercise of the power of eminent domain or condemnation, if the Loan Documents require the Master Servicer or the Special Servicer, as applicable, to calculate (or to approve the calculation of the related Borrower of) the loan-to-value ratio of the remaining Mortgaged Property or Mortgaged Properties or the fair market value of the real property constituting the remaining Mortgaged Property or Mortgaged Properties, for purposes of REMIC qualification of the related Mortgage Loan or Serviced Whole Loan, then such calculation shall exclude the value of any personal property and going concern value, if any. If, following any such release or taking, the loan-to-value ratio as so calculated is greater than 125%, the Master Servicer or Special Servicer, as applicable, shall require payment of principal by a “qualified amount” as determined under Revenue Procedure 2010-30 or successor provisions, unless the related Borrower provides an Opinion of Counsel that if such amount is not paid the related Mortgage Loan will not fail to be a Qualified Mortgage.

(b) Neither the Master Servicer nor the Special Servicer may extend the Maturity Date of any Mortgage Loan, Serviced Whole Loan or Specially Serviced Loan beyond the date that is the date occurring later than the earlier of (1) five years prior to the Rated Final Distribution Date and (2) in the case of a Mortgage Loan, Serviced Whole Loan or Specially Serviced Loan secured solely or primarily by the related Borrower’s interest in a ground lease (or, with respect to a leasehold interest where the Borrower is the lessee and that is a space lease or an air rights lease, such space lease or air rights lease), the date that is 20 years prior to the expiration date of such ground lease (or, with respect to a leasehold interest where the Borrower is the lessee and that is a space lease or an air rights lease, such space lease or air rights lease) (or 10 years prior to the expiration date of such lease if the Master Servicer or the Special Servicer, as applicable gives due consideration to the remaining term of such ground lease (or, with respect to a leasehold interest where the Borrower is the lessee and that is a space lease or an air rights lease, such space lease or air rights lease) and such extension is in the best interest of the Certificateholders and, with respect to a Serviced Whole Loan, the related Serviced Companion Loan Noteholder (as a collective whole as if such Certificateholders and (with respect to a Serviced Whole Loan) Serviced Companion Loan Noteholder constituted a single lender (and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan)) and, if no Control

Termination Event has occurred and is continuing, with the consent of the Directing Certificateholder).

(c) Neither the Master Servicer nor the Special Servicer shall permit any Borrower to add or substitute any collateral for an outstanding Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan, which collateral constitutes real property, unless the Master Servicer or the Special Servicer, as applicable, shall have obtained a Rating Agency Confirmation relating to the Certificates and Serviced Companion Loan Securities, if any.

(d) Any payment of interest, which is deferred pursuant to any modification, waiver or amendment permitted hereunder, shall not, for purposes hereof, including, without limitation, calculating monthly distributions to Certificateholders or, if applicable, Serviced Companion Loan Noteholders, be added to the unpaid principal balance of the related Mortgage Loan or Serviced Whole Loan, notwithstanding that the terms of such Mortgage Loan or Serviced Whole Loan or such modification, waiver or amendment so permit.

(e) Except for waivers of Penalty Charges and waivers of notice periods, all material modifications, waivers and amendments of the Mortgage Loans (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loans in accordance with this Section 3.26 or Section 3.27 of this Agreement (with respect to Serviced Whole Loans) shall be in writing.

(f) The Master Servicer or the Special Servicer, as applicable, shall notify the Trustee, the Certificate Administrator, the Directing Certificateholder (other than if a Consultation Termination Event has occurred), the Operating Advisor [(only if a Control Termination Event has occurred and is continuing)], [EXCLUDE FOR TRANSACTIONS THAT CLOSE ON OR AFTER DECEMBER 24, 2016 THAT SATISFY RISK RETENTION REQUIREMENTS THROUGH THIRD PARTY PURCHASER OF HORIZONTAL RESIDUAL INTEREST], the Depositor, the related Serviced Companion Loan Noteholder (if any) and the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement), in writing, of any modification, waiver, material consent or amendment of any term of any Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan and the date thereof, and shall deliver to the Custodian for deposit in the related Mortgage File, an original counterpart of the agreement relating to such modification, waiver, material consent or amendment, promptly (and in any event within 10 Business Days) following the execution thereof.

(g) The Master Servicer or the Special Servicer may (subject to the Servicing Standard), as a condition to granting any request by a Borrower for consent, modification, waiver or indulgence or any other matter or thing, the granting of which is within its discretion pursuant to the terms of the instruments evidencing or securing the related Mortgage Loan or Serviced Whole Loan and is permitted by the terms of this Agreement and applicable law, require that such Borrower pay to it (i) as additional servicing compensation, a reasonable and customary fee for the additional services performed in connection with such request (provided that the charging of such fee would not constitute a "significant modification" of the related Mortgage Loan or Serviced Whole Loan within the meaning of Treasury Regulations Section 1.860G-2(b)), and (ii) any related costs and expenses incurred by it. In no event shall the Master Servicer or the

Special Servicer be entitled to payment for such fees or expenses unless such payment is collected from the related Borrower.

(h) Notwithstanding the foregoing, the Master Servicer shall not permit the substitution of any Mortgaged Property pursuant to the defeasance provisions of any Mortgage Loan or Serviced Whole Loan (or any portion thereof), if any, unless such defeasance complies with Treasury Regulations Section 1.860G-2(a)(8) and satisfies the conditions set forth in Section 3.09(g) of this Agreement.

(i) Notwithstanding anything herein or in the related Loan Documents to the contrary, the Master Servicer may permit the substitution of direct, non-callable “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act of 1940, or any other securities that comply with Treasury Regulations Section 1.860G-2(a)(8)(ii) (including U.S. government agency securities if such securities are eligible defeasance collateral under then current guidelines of the Rating Agencies) for any Mortgaged Property pursuant to the defeasance provisions of any Mortgage Loan (other than a Non-Serviced Mortgage Loan) or Serviced Whole Loan (or any portion thereof) in lieu of the defeasance collateral specified in the related Loan Documents; provided that, the Master Servicer reasonably determines that allowing their use would not cause a default or event of default under the related Loan Documents to become reasonably foreseeable and the Master Servicer receives an Opinion of Counsel (at the expense of the Borrower to the extent permitted under the Loan Documents) to the effect that such use would not be and would not constitute a “significant modification” of such Mortgage Loan or Serviced Whole Loan pursuant to Treasury Regulations Section 1.860G-2(b) and would not otherwise endanger the status of the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or result in the imposition of a tax upon the Loan Specific REMIC, the Lower-Tier REMIC, the Upper-Tier REMIC or the Trust Fund (including but not limited to the tax on “prohibited transactions” as defined in Section 860F(a)(2) of the Code and the tax on contributions to a REMIC set forth in Section 860G(d) of the Code, but not including the tax on “net income from foreclosure property”) and provided, that the requirements set forth in Section 3.09(g) of this Agreement are satisfied.

(j) If required under the related Loan Documents or if otherwise consistent with the Servicing Standard, the Master Servicer shall establish and maintain one or more accounts, which may be sub-accounts of the Collection Account (the “Defeasance Accounts”), into which all payments received by the Master Servicer from any defeasance collateral substituted for any Mortgaged Property shall be deposited and retained, and shall administer such Defeasance Accounts in accordance with the Loan Documents. Each Defeasance Account shall at all times be an Eligible Account. Notwithstanding the foregoing, in no event shall the Master Servicer permit such amounts to be maintained in the Defeasance Account for a period in excess of 12 months, unless such amounts are reinvested by the Master Servicer in “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act of 1940, or any other securities that comply with Treasury Regulations Section 1.860G-2(a)(8)(ii). To the extent not required or permitted to be placed in a separate account, the Master Servicer shall deposit all payments received by it from defeasance collateral substituted for any Mortgaged Property into the Collection Account or, if a Serviced Whole Loan is involved, the Serviced Whole Loan Collection Account and treat any such payments as payments made on the Mortgage Loan or Serviced Whole Loan, as applicable, in advance of its Due Date in accordance

with clause (a) of the definition of Principal Distribution Amount, and not as a prepayment of the related Mortgage Loan or Serviced Whole Loan. Notwithstanding anything herein to the contrary, in no event shall the Master Servicer permit such amounts to be maintained in the Collection Account or, if a Serviced Whole Loan is involved, the Serviced Whole Loan Collection Account for a period in excess of 365 days.

(k) Any right to take any action, grant or withhold any consent or otherwise exercise any right, election or remedy afforded the Directing Certificateholder under this Agreement may, unless otherwise expressly provided herein to the contrary, be affirmatively waived by the Directing Certificateholder by written notice given to the Trustee, the Certificate Administrator, the Master Servicer or the Special Servicer, as applicable. Upon delivery of any such notice of waiver given by the Directing Certificateholder, any time period (exclusive or otherwise) afforded the Directing Certificateholder to exercise any such right, make any such election or grant or withhold any such consent shall thereupon be deemed to have expired with the same force and effect as if the specific time period set forth in this Agreement applicable thereto had itself expired. If the Master Servicer or Special Servicer determines that a refusal to consent by the Directing Certificateholder or any advice from the Directing Certificateholder would cause the Master Servicer or Special Servicer, as applicable, to violate applicable law, the terms of the applicable Loan Documents, any related Intercreditor Agreements, the REMIC Provisions or the terms of this Agreement, including without limitation, the Servicing Standard, the Master Servicer or Special Servicer shall disregard such refusal to consent or advice and notify the Directing Certificateholder, the Trustee, the Certificate Administrator, the related Serviced Companion Loan Noteholder (if any) and the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement) of its determination, including a reasonably detailed explanation of the basis therefor.

(l) Any modification, waiver or amendment of or consents or approvals relating to a Mortgage Loan or Serviced Whole Loan that is a Specially Serviced Loan or Serviced REO Loan (i) shall be performed by the Special Servicer and not the Master Servicer, (ii) to the extent provided in this Agreement and/or the applicable Intercreditor Agreement, shall be subject to the consent of the related Directing Certificateholder, and (iii) shall be structured so as to be consistent with the allocation and payment priorities in the related Loan Documents and Intercreditor Agreement, if any, such that neither the Trust as holder of the Mortgage Loan nor a holder of any related Serviced Companion Loan gains a priority over the other such holder that is not reflected in the related Loan Documents and Intercreditor Agreement.

(m) Any modification, waiver or amendment of or consents or approvals relating to a Performing Loan (other than a Non-Serviced Mortgage Loan) shall be subject to the consent of the Special Servicer (other than as set forth in Section 3.26(n)), and the Special Servicer shall obtain the consent of the related Directing Certificateholder to the extent provided in this Agreement and/or the applicable Intercreditor Agreement. When the Special Servicer's consent is required (with respect to any non-Specially Serviced Loan (other than a Non-Serviced Mortgage Loan)), the Master Servicer shall promptly provide the Special Servicer with written notice of any request for modification, waiver, amendment, consent or approval accompanied by the Master Servicer's written recommendation and analysis and any and all information in the Master Servicer's possession or control that the Special Servicer may reasonably request to grant

or withhold such consent. When the Special Servicer's consent is required hereunder, such consent shall be deemed given 15 Business Days, or such longer time period pursuant to the terms of the related Intercreditor Agreement but not less than five (5) Business Days after the time period set forth therein for Directing Certificateholder approval, (or in connection with an Acceptable Insurance Default, 90 days) after receipt (unless earlier objected to) by the Special Servicer from the Master Servicer of the Master Servicer's written analysis and recommendation with respect to such proposed action together with such other information reasonably required by the Special Servicer. With respect to all Specially Serviced Loans and Performing Loans (other than a Non-Serviced Mortgage Loans), the Special Servicer shall, prior to consenting to such a proposed action of the Master Servicer, and prior to itself taking such an action, obtain the written consent of the related Directing Certificateholder, which consent shall be deemed given 10 Business Days after receipt (or in connection with an Acceptable Insurance Default, 30 days) (unless earlier objected to) by such Directing Certificateholder of the Master Servicer's and/or Special Servicer's, as applicable, written analysis and recommendation with respect to such action together with such other information reasonably required by such Directing Certificateholder.

(n) For any Mortgage Loan or Serviced Whole Loan (other than a Specially Serviced Loan or a Non-Serviced Mortgage Loan), subject to the rights of the Special Servicer set forth in this Section 3.26, and further subject to the rights of the Directing Certificateholder set forth herein, and, with respect to any Serviced Whole Loan, further subject to the rights of the related Companion Loan Noteholders under the related Intercreditor Agreement, the Master Servicer, without the consent of the Special Servicer, the Directing Certificateholder or the Operating Advisor, as applicable, shall be responsible to determine whether to consent to or approve any request by a Borrower with respect to:

(i) approving routine leasing activity with respect to any lease for less than the lesser of (A) 30,000 square feet and (B) 30% of the net rentable area of the related Mortgaged Property;

(ii) approving any waiver affecting the timing of receipt of financial statements from any Borrower; provided that such financial statements are delivered no less than quarterly and within 60 days after the end of the calendar quarter;

(iii) approving annual budgets for the related Mortgaged Property; provided that no such budget (A) provides for the payment of operating expenses in an amount equal to more than 110% of the amounts budgeted therefor for the prior year or (B) provides for the payment of any material expenses to any affiliate of the Borrower (other than the payment of a management fee to any property manager if such management fee is no more than the management fee in effect on the Cut-off Date);

(iv) subject to other restrictions herein regarding Principal Prepayments, waiving any provision of a Mortgage Loan or Serviced Whole Loan requiring a specified number of days' notice prior to a Principal Prepayment;

(v) approving non-material modifications, consents or waivers (other than modifications, consents or waivers specifically prohibited under this Section 3.26) in

connection with a defeasance subject to the requirements set forth in Section 3.09(g) of this Agreement;

(vi) approving consents with respect to non-material rights-of-way and non-material easements and consent to subordination of the related Mortgage Loan or Serviced Whole Loan to such non-material rights-of-way or easements; provided, that the Master Servicer shall have determined in accordance with the Servicing Standard that such right-of-way or easement shall not materially interfere with the then-current use of the related Mortgaged Property or the security intended to be provided by the related Mortgage and will not have a material adverse effect on the value of such Mortgaged Property;

(vii) granting waivers of minor covenant defaults (other than financial covenants);

(viii) as permitted under the Loan Documents, payment from any escrow or reserve, or approving disbursements of any earnout or holdback amounts in accordance with the related Loan Documents, except (1) releases of any escrows, reserves or letters of credit held as performance escrows or reserves (unless required pursuant to the specific terms of the related Mortgage Loan or Serviced Whole Loan and for which there is no material lender discretion) or (2) releases of earnouts or holdback amounts with respect to those Mortgage Loans identified on Exhibit Y hereto;

(ix) approving a change of the property manager at the request of the related Borrower so long as (a) the successor property manager is not affiliated with the borrower and is a nationally or regionally recognized manager of similar properties, and (b) the subject Mortgage Loan or Serviced Whole Loan does not have an outstanding principal balance in excess of the lesser of \$5,000,000 or 2% of the then aggregate principal balance of the Mortgage Loans;

(x) any non-material modifications, waivers or amendments not provided for in clauses (i) through (ix) above, which are necessary to cure any ambiguities or to correct scrivener's errors in the terms of the related Mortgage Loan or Serviced Whole Loan.

provided, in the case of any Serviced Whole Loan, the Master Servicer shall provide written notice of such action to the related Companion Loan Noteholders. For the avoidance of doubt, and without limiting the generality of the foregoing, any request for the disbursement of earnouts or holdback amounts with respect to (i) any Specially Serviced Loan shall be processed by the Special Servicer and (ii) any Mortgage Loan listed on Exhibit Y received by the Master Servicer shall be processed by the Master Servicer and submitted to the Special Servicer for approval. For purposes of this Agreement, "disbursement of earnouts or holdback amounts" shall mean the disbursement or funding to a borrower of previously unfunded, escrowed or otherwise reserved portions of the loan proceeds of the applicable Mortgage Loan until certain conditions precedent thereto relating to the satisfaction of performance-related criteria (*i.e.*, project reserve thresholds, lease-up requirements, sales requirements, etc.), as set forth in the applicable loan documents, have been satisfied.

Section 3.27 Certain Intercreditor Matters Relating to the Serviced Whole Loans. (a) With respect to Serviced Whole Loans, except for those duties to be performed by,

and notices to be furnished by, the Trustee under this Agreement, the Master Servicer or the Special Servicer, as applicable, shall perform such duties and furnish such notices, reports and information on behalf of the Trust Fund as may be the obligation of the Trust, or the obligation of the master servicer or the special servicer, as applicable, following securitization, under the related Intercreditor Agreement.

(b) The Master Servicer shall maintain a register (the “Serviced Companion Loan Noteholder Register”) on which the Master Servicer shall record the names and addresses of the Serviced Companion Loan Noteholders and wire transfer instructions for such Serviced Companion Loan Noteholders from time to time, to the extent such information is provided in writing to the Master Servicer by a Serviced Companion Loan Noteholder. Each Serviced Companion Loan Noteholder has agreed to inform the Master Servicer of its name, address, taxpayer identification number and wiring instructions (to the extent the foregoing information is not already contained in the related Intercreditor Agreement) and of any transfer thereof (together with any instruments of transfer). The name and address of each initial Serviced Companion Loan Noteholder as of the Closing Date is set forth on Schedule VII hereto. The Master Servicer shall be entitled to conclusively rely upon the information delivered by any Serviced Companion Loan Noteholder until it receives notice of transfer or of any change in information.

In no event shall the Master Servicer be obligated to pay any party the amounts payable to a Serviced Companion Loan Noteholder hereunder other than the Person listed as the applicable Serviced Companion Loan Noteholder on the Serviced Companion Loan Noteholder Register. In the event that a Serviced Companion Loan Noteholder transfers the related Serviced Companion Loan without notice to the Master Servicer, the Master Servicer shall have no liability whatsoever for any misdirected payment on such Serviced Companion Loan and shall have no obligation to recover and redirect such payment.

The Master Servicer shall promptly provide the names and addresses of any Serviced Companion Loan Noteholder to any party hereto, any related Companion Loan Noteholder or any successor thereto upon written request, and any such party or successor may, without further investigation, conclusively rely upon such information. The Master Servicer shall have no liability to any Person for the provision of any such names and addresses.

(c) The Directing Certificateholder shall not owe any fiduciary duty to the Trustee, any Master Servicer, any Special Servicer, any Certificateholder (including the Controlling Class Representative, if applicable) or any noteholder of a Serviced Whole Loan. The Directing Certificateholder will not have any liability to the Certificateholders (including the Controlling Class Representative, if applicable) or any other noteholder of a Serviced Whole Loan, as applicable, for any action taken, or for refraining from the taking of any action or the giving of any consent, pursuant to this Agreement, or for errors in judgment.

(d) With respect to any Serviced Whole Loan, the Directing Certificateholder shall be entitled to exercise the consent rights, cure rights and purchase rights, as applicable, to the extent set forth in the applicable Intercreditor Agreement, in accordance with the terms of the related Intercreditor Agreement and this Agreement.

(e) The Special Servicer (if any Serviced Companion Loan is a Specially Serviced Loan or has become a Serviced REO Loan) or the Master Servicer (otherwise), as applicable, shall take all actions relating to the servicing and/or administration of, and (subject to Section 3.13 and Section 3.17 of this Agreement and the following paragraph) the preparation and delivery of reports and other information with respect to, the Serviced Whole Loan related to any Serviced Companion Loan or any related Serviced REO Property required to be performed by the holder of the related Mortgage Loan or contemplated to be performed by a servicer, in any case pursuant to and as required by each related Intercreditor Agreement and/or any related mezzanine intercreditor agreement existing on the Closing Date and any related Intercreditor Agreement or mezzanine intercreditor agreement not existing on the Closing Date that is provided to the Master Servicer or Special Servicer, as applicable. In addition notwithstanding anything herein to the contrary, the following considerations shall apply with respect to the servicing of a Serviced Companion Loan:

- (i) none of the Master Servicer, the Special Servicer or the Trustee shall make any P&I Advance with respect to the Serviced Companion Loan; and
- (ii) the Master Servicer and the Special Servicer shall each consult with and obtain the consent of the related Serviced Companion Loan Noteholder(s) to the extent required by the related Intercreditor Agreement.

The Master Servicer or Special Servicer, as applicable, shall timely provide to each related Serviced Companion Loan Noteholder any reports or notices required to be delivered to such Serviced Companion Loan Noteholder pursuant to the related Intercreditor Agreement, and the Special Servicer shall reasonably cooperate with the Master Servicer and the Master Servicer shall reasonably cooperate with the Special Servicer in preparing/delivering any such report or notice with respect to special servicing matters.

If any Serviced Companion Loan or any portion thereof or any particular payments thereon are included in a REMIC or a “grantor trust” (within the meaning of the Grantor Trust Provisions), then neither the Master Servicer nor the Special Servicer shall knowingly take any action that would result in the equivalent of an Adverse REMIC Event with respect to such REMIC or adversely affect the tax status of such grantor trust as a grantor trust.

The parties hereto acknowledge that a Serviced Companion Loan Noteholder shall not (1) owe any fiduciary duty to the Trustee, the Certificate Administrator, the Master Servicer, the Special Servicer or any Certificateholder or (2) have any liability to the Trustee or the Certificateholders for any action taken, or for refraining from the taking of any action pursuant to the related Intercreditor Agreement or the giving of any consent or for errors in judgment. Each Certificateholder, by its acceptance of a Certificate, shall be deemed to have confirmed its understanding that a Serviced Companion Loan Noteholder (i) may take or refrain from taking actions that favor its interests or the interests of its affiliates over the Certificateholders, (ii) may have special relationships and interests that conflict with the interests of the Certificateholders and shall be deemed to have agreed to take no action against a Serviced Companion Loan Noteholder or any of its officers, directors, employees, principals or agents as a result of such special relationships or conflicts, and (iii) shall not be liable by reason of its having acted or refrained from acting solely in its interest or in the interest of its affiliates.

The parties hereto recognize and acknowledge the respective rights of each Serviced Companion Loan Noteholder under the related Intercreditor Agreement. Each of the rights of a Serviced Companion Loan Noteholder under or contemplated by this Section 3.27(e) may be exercisable by a designee thereof on its behalf; provided that the Master Servicer, the Special Servicer, the Certificate Administrator and the Trustee are provided with written notice by the related Serviced Companion Loan Noteholder of such designation (upon which such party may conclusively rely) and the contact details of the designee.

Notwithstanding anything herein or in the Intercreditor Agreement to the contrary, no direction or objection by the Serviced Companion Loan Noteholder may require or cause the Master Servicer or the Special Servicer, as applicable, to violate any provision of any Mortgage Loan, applicable law, this Agreement, any Intercreditor Agreement or the REMIC Provisions, including without limitation the Master Servicer's or Special Servicer's obligation to act in accordance with the Servicing Standard, or expose the Master Servicer, the Special Servicer, the Depositor, a Mortgage Loan Seller, the Operating Advisor, the Asset Representations Reviewer, the Paying Agent, the Trust Fund, the Certificate Administrator (in any of its capacities) or the Trustee to liability, or materially expand the scope of the Master Servicer's or Special Servicer's responsibilities hereunder.

Any reference to servicing any of the Mortgage Loans in accordance with any of the related Loan Documents (including the related Mortgage Note and Mortgage) shall also mean, in the case of a Serviced Whole Loan, in accordance with the related Intercreditor Agreement.

To the extent not otherwise expressly included herein, any provisions required to be included herein pursuant to any Intercreditor Agreement for a Serviced Whole Loan or a Non-Serviced Whole Loan are deemed incorporated herein by reference, and the parties hereto shall comply with those provisions as if set forth herein in full.

For purposes of exercising any rights that the Directing Certificateholder of the Mortgage Note for any Mortgage Loan in a Serviced Whole Loan may have under the related Intercreditor Agreement, the Directing Certificateholder shall be the designee of the Trust, as such noteholder. The Certificate Administrator shall provide notice of the identity of the Controlling Class Representative (to the extent the Certificate Administrator has received notice of a change in the identity of the Controlling Class Representative), upon request, to the other parties to the related Intercreditor Agreement, to the extent the identity and contact information of such parties to such Intercreditor Agreement are actually known to the Certificate Administrator.

(f) With respect to a Non-Serviced Mortgage Loan, the Master Servicer shall deliver information comparable to the above described information in Section 3.13(c) and Section 3.13(d) hereof to the same Persons as described above in Section 3.13(c) and Section 3.13(d) and according to the same time frames as described above in Section 3.13(c) and Section 3.13(d), to the extent such Master Servicer has timely received such information from the Other Servicer under the Other Pooling and Servicing Agreement.

Promptly following the Closing Date, the Certificate Administrator shall send written notice substantially in the form of Exhibit EE hereto, accompanied by a copy of an

executed version of this Agreement, with respect to each Non-Serviced Mortgage Loan and with respect to the [NON-SERVICED LOAN] Pari Passu Note A-1, after the Certificate Administrator receives notice of the [NON-SERVICED LOAN] Pari Passu Note A-1 Securitization Date to each applicable Other Servicer, Other Special Servicer and Other Trustee stating that, as of the Closing Date, the Trustee is the holder of the applicable Non-Serviced Mortgage Loan and directing each such recipient to remit to the Master Servicer no later than one (1) Business Day after each Determination Date all amounts payable to, and to forward, deliver or otherwise make available, as the case may be, to the Master Servicer no later than one (1) Business Day after each Determination Date all reports, statements, documents, communications and other information that are to be forwarded, delivered or otherwise made available to, the holder of the applicable Non-Serviced Mortgage Loan under the related Intercreditor Agreement and Other Pooling and Servicing Agreement. Such notice shall also provide contact information for the Certificate Administrator, the Trustee, the Master Servicer, the Special Servicer, the Directing Certificateholder, the 17g-5 Information Provider and the Rating Agencies.

With respect to a Non-Serviced Mortgage Loan, if the applicable Other Servicer, Other Special Servicer or Other Trustee shall be replaced in accordance with the terms of the related Other Pooling and Servicing Agreement, promptly upon notice thereof, the applicable party to this Agreement that receives such notice shall, upon request, acknowledge such successor as the successor to the Other Servicer, Other Special Servicer or Other Trustee, as the case may be.

With respect to each Serviced Whole Loan, the Master Servicer or the Special Servicer, as applicable, shall provide each Companion Loan Noteholder and, if applicable, related Non-Directing Certificateholder (or its designee or representative), within the same time frame and to the same extent it is required to provide such information and materials to the Certificateholders or the Directing Certificateholder, as applicable, hereunder with (1) copies of each financial statement received by the Master Servicer pursuant to the terms of the related Loan Documents, (2) copies of any notice of default sent to the Borrower and (3) subject to the terms of the Loan Documents, copies of any other documents or information relating to the Serviced Whole Loan (including, without limitation, property inspection reports, loan servicing statements, Borrower requests and asset status reports) that the Master Servicer delivers to the related Directing Certificateholder and copies of any other notice, information or report that it is required to provide to the Directing Certificateholder pursuant to this Agreement with respect to any Major Decision or with respect to any “major decisions” or “major actions” as set forth in the related Intercreditor Agreement or the implementation of any recommended actions outlined in an Asset Status Report relating to such Serviced Whole Loan. Any copies to be furnished by the Master Servicer or the Special Servicer may be furnished by hard copy or electronic means.

Section 3.28 Directing Certificateholder Contact with the Master Servicer and the Special Servicer. Each of the Master Servicer and the Special Servicer shall, not more frequently than once per month, without charge, make a knowledgeable Servicing Officer via telephone available during normal business hours to verbally answer questions from the Directing Certificateholder (for so long as no Consultation Termination Event has occurred) and the Operating Advisor (for so long as a Control Termination Event has occurred and is continuing) regarding the performance and servicing of the Mortgage Loans and/or REO

Properties for which the Master Servicer or the Special Servicer, as the case may be, is responsible.

Section 3.29 Controlling Class Certificateholders and the Controlling Class Representative; Certain Rights and Powers of the Directing Certificateholder. (a) Each Certificateholder and Certificate Owner of a Control Eligible Certificate is hereby deemed to have agreed by virtue of its purchase of such Certificate (or beneficial ownership interest in such Certificate) to provide its name and address to the Certificate Registrar and to notify the Certificate Registrar of the transfer of any Control Eligible Certificate (or the beneficial ownership of any Control Eligible Certificate), the selection of a Controlling Class Representative or the resignation or removal thereof. Any such Certificateholder (or Certificate Owner) or its designee at any time appointed Controlling Class Representative is hereby deemed to have agreed by virtue of its purchase of a Control Eligible Certificate (or the beneficial ownership interest in a Control Eligible Certificate) to notify the Certificate Registrar when such Certificateholder (or Certificate Owner) or designee is appointed Controlling Class Representative and when it is removed or resigns. Upon receipt of such notice, the Certificate Registrar shall notify the Special Servicer, the Master Servicer, the Certificate Administrator, the Depositor, the Operating Advisor, the Asset Representations Reviewer, the Trustee, each Serviced Companion Loan Noteholder of the identity of the Controlling Class Representative, any resignation or removal thereof and/or any new Holder or Certificate Owner of a Control Eligible Certificate.

In addition, upon the request of the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee or the Operating Advisor, the Asset Representations Reviewer, the Certificate Registrar shall promptly (but no later than five (5) Business Days after such request) provide to the requesting party the identity of the then-current Controlling Class and a list of the Holders of Certificates of the Controlling Class. However, if any Controlling Class Certificateholder is listed as being the Depository, then the Certificate Administrator shall promptly (but in no event more than five (5) Business Days following such request) request from the Depository, the list of Certificate Owners of the Controlling Class, and the Certificate Administrator shall provide such list to the requesting party promptly upon receipt; provided that, if any Controlling Class Certificateholder is listed as the Depository and the Certificate Administrator has actual knowledge of the identity of the related Certificate Owner, then the Certificate Administrator shall include such Certificate Owner in the list provided to any requesting party pursuant to first sentence of this paragraph. The Master Servicer, the Special Servicer, the Trustee, the Operating Advisor and the Asset Representations Reviewer shall be entitled to conclusively rely on any such information so provided. Any expenses incurred in connection with obtaining such information shall be at the expense of the requesting party, except that if (i) such expenses arise in connection with an event as to which the Directing Certificateholder (or Controlling Class Representative) has review, consent or consultation rights with respect to an action taken by, or report prepared by, the requesting party pursuant to this Agreement or the related Other Pooling and Servicing Agreement and (ii) the requesting party has not been notified of the identity of the Directing Certificateholder (or Controlling Class Representative) or reasonably believes that the identity of the Directing Certificateholder (or Controlling Class Representative) has changed, then such expenses shall be at the expense of the Trust.

To the extent the Master Servicer has actual knowledge of any change in the identity of a Holder (or Certificate Owners) of the Controlling Class, then the Master Servicer shall promptly notify the Trustee, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Special Servicer thereof, who may rely conclusively on such notice from the Master Servicer.

(b) Once a Controlling Class Representative has been selected, each of the Master Servicer, the Special Servicer, the Depositor, the Trustee, the Certificate Administrator, the Certificate Registrar, the Operating Advisor, the Asset Representations Reviewer, the Paying Agent and each other Certificateholder (or Certificate Owner, if applicable) shall be entitled to rely on such selection unless a majority of the Controlling Class Certificateholders, by Certificate Balance, or such Controlling Class Representative shall have notified the Master Servicer, the Special Servicer, the Trustee, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the Paying Agent and each other Controlling Class Certificateholder, in writing, of the resignation of such Controlling Class Representative or the selection of a new Controlling Class Representative. Upon the resignation of a Controlling Class Representative, the Certificate Administrator shall request the Controlling Class Certificateholders to select a new Controlling Class Representative.

(c) Until it receives notice to the contrary, each of the Master Servicer, the Special Servicer, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, shall be entitled to rely on the most recent notification with respect to the identity of the Controlling Class Certificateholder and the Controlling Class Representative.

(d) The Master Servicer, Special Servicer, Trustee, Operating Advisor and Asset Representations Reviewer, shall be entitled to request that the Certificate Administrator provide, and the Certificate Administrator shall promptly (but no later than five (5) Business Days after such request) provide (i) for so long as no Consultation Termination Event has occurred, the identity of the Controlling Class Representative, including names and addresses and, to the extent reasonably available, a list of Controlling Class Certificateholders and (ii) confirmation as to whether a Control Termination Event or Consultation Termination Event has occurred in the 12 months preceding any such request or any other period specified in such request. In addition to the foregoing, within two (2) Business Days of receiving notice of the selection of a new Controlling Class Representative or the existence of a new Controlling Class Certificateholder, the Certificate Administrator shall notify the Trustee, the Operating Advisor, the Asset Representations Reviewer, the Master Servicer and the Special Servicer. Any expenses incurred in connection with obtaining such information shall be at the expense of the requesting party, except that if (i) such expenses arise in connection with an event as to which the Directing Certificateholder (or Controlling Class Representative) has review, consent or consultation rights with respect to an action taken by, or report prepared by, the requesting party pursuant to this Agreement or the related Other Pooling and Servicing Agreement and (ii) the requesting party has not been notified of the identity of the Directing Certificateholder (or Controlling Class Representative) or reasonably believes that the identity of the Directing Certificateholder (or Controlling Class Representative) has changed, then such expenses shall be at the expense of the Trust.

At any time more than 50% of the Percentage Interest of the Controlling Class Certificateholders direct the Certificate Administrator in writing to hold an election for a Controlling Class Representative, the Certificate Administrator shall hold such election as soon as practicable at the expense of such requesting Certificateholders.

(e) If to the extent the Certificate Administrator determines that a Class of Book-Entry Certificates is the Controlling Class, the Certificate Administrator shall notify the related Certificateholders of such Class (through the Depository) of such event.

(f) Each Certificateholder acknowledges and agrees, by its acceptance of its Certificates, that: (i) the Directing Certificateholder may have special relationships and interests that conflict with those of Holders of one or more Classes of Certificates or Companion Loan Noteholders; (ii) the Directing Certificateholder may act solely in the interests of the Holders of the Controlling Class (or, in the case of the AB Whole Loan, to the extent the Directing Certificateholder is the Loan Specific Directing Certificateholder, in the interests of the Holders of the [LOAN SPECIFIC CLASS] Certificates) (or, in the case of a Whole Loan, in the interests of one or more Companion Loan Noteholders); (iii) the Directing Certificateholder does not have any liability or duties to the Holders of any Class of Certificates other than the Controlling Class; (iv) the Directing Certificateholder may take actions that favor the interests of the Directing Certificateholder or one or more Classes of the Certificates including the Holders of the Controlling Class (or, in the case of a Whole Loan, one or more Companion Loan Noteholders) over the interests of the Holders of one or more Classes of Certificates and other Companion Loan Noteholders; and (v) the Directing Certificateholder shall have no liability whatsoever to any Certificateholder, the Trust, any Companion Loan Noteholder any party hereto or any other Person (including any Borrower under a Mortgage Loan) for having so acted as set forth in clauses (i) through (iv) of this paragraph, and no Certificateholder or Companion Loan Noteholder may take any action whatsoever against the Directing Certificateholder or any director, officer, employee, agent or principal thereof for having so acted.

(g) The Certificate Registrar shall determine which Class of Certificates is the then-current Controlling Class within two (2) Business Days of a request from the Master Servicer, Special Servicer, Trustee, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator or any Certificateholder and provide such information to the requesting party.

(h) At any time when the most senior Class of Control Eligible Certificates are the Controlling Class, the Holder of more than 50% of the Controlling Class (by Certificate Balance) may waive its right to act as, or appoint a representative to act as, the Controlling Class Representative and to exercise any of the rights of the Controlling Class Representative or cause the exercise of any of the rights of the Controlling Class Representative by irrevocable written notice delivered to the Depositor, Certificate Administrator, Certificate Registrar, Trustee, Master Servicer, Special Servicer, Operating Advisor and Asset Representations Reviewer. Any such waiver shall remain effective with respect to such Holder and the most senior Class of Control Eligible Certificates until such time as that Certificateholder has (i) sold a majority of the most senior Class of Control Eligible Certificates (by Certificate Balance) to an unaffiliated third party and (ii) certified to the Depositor, Certificate Administrator, Certificate Registrar, Trustee, Master Servicer, Special Servicer, Operating Advisor and Asset Representations Reviewer, that (a) the transferor retains no direct or indirect voting rights with respect to the most senior Class

of Control Eligible Certificates that it does not own, (b) there is no voting agreement between the transferee and the transferor and (c) the transferor retains no direct or indirect controlling interest in the most senior Class of Control Eligible Certificates. During such waiver period a Consultation Termination Event shall be deemed to exist and the rights of the Controlling Class to appoint a Controlling Class Representative and the rights of the Controlling Class Representative shall not be operative (notwithstanding whether a Control Termination Event or a Consultation Termination Event is or would otherwise then be in effect). Following any transfer of more than 50% of the most senior Class of Control Eligible Certificates, the successor Holder of more than 50% of the most senior Class of Control Eligible Certificates, if the most senior Class of Control Eligible Certificates are the Controlling Class (by Certificate Balance) shall again have the right to act as, or appoint a representative to act as, the Controlling Class Representative without regard to any prior waiver by the predecessor Certificateholder. The successor Certificateholder shall also have the right to irrevocably waive its right to act as or appoint a Controlling Class Representative or to exercise any of the rights of the Controlling Class Representative or cause the exercise of any of the rights of the Controlling Class Representative. No successor Certificateholder described above shall have any consent rights with respect to any Mortgage Loan that became a Specially Serviced Loan prior to its acquisition of a majority of the most senior Class of Control Eligible Certificates that had not also become a corrected loan prior to such acquisition until such Mortgage Loan becomes a Corrected Mortgage Loan.

Section 3.30 Rating Agency Confirmation. (a) Notwithstanding the terms of any related Loan Documents or other provisions of this Agreement, if any action under any Loan Documents or this Agreement requires a Rating Agency Confirmation as a condition precedent to such action, if the party (the “Requesting Party”) attempting to obtain such Rating Agency Confirmation from each Rating Agency has made a request to any Rating Agency for such Rating Agency Confirmation and, within 10 Business Days of the Rating Agency Confirmation request being posted to the 17g-5 Information Provider’s Website, such Rating Agency has not replied to such request or has responded in a manner that indicates that such Rating Agency is neither reviewing such request nor waiving the requirement for Rating Agency Confirmation, then (i) such Requesting Party shall (without providing notice to the 17g-5 Information Provider) confirm that the applicable Rating Agency has received the Rating Agency Confirmation request, and, if it has not, promptly request the related Rating Agency Confirmation again and (ii) if there is no response to either such Rating Agency Confirmation request within 5 Business Days of such second request or such Rating Agency has responded in a manner that indicates it is neither reviewing such request nor waiving the requirement for Rating Agency Confirmation, (x) with respect to any such condition in any Loan Document requiring such Rating Agency Confirmation or any other matter under this Agreement relating to the servicing of the Mortgage Loans (other than as set forth in clause (y) below), the Requesting Party (or, if the Requesting Party is the related Borrower, then the Master Servicer (with respect to non-Specially Serviced Loans) or the Special Servicer (with respect to Specially Serviced Loans and Serviced REO Loans), as applicable) shall determine, in accordance with its duties under this Agreement and in accordance with the Servicing Standard, whether or not such action would be in the best interests of the Certificateholders and, in the case of a Serviced Whole Loan, Certificateholders and any holder of the related Serviced Companion Loan (as a collective whole as if such Certificateholders and Serviced Companion Loan holders constituted a single lender (and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into

account the subordinate nature of such Subordinate Companion Loan)), and if the Requesting Party (or, if the Requesting Party is the related Borrower, then the Master Servicer or the Special Servicer, as applicable) determines that such action would be in the best interest of such parties, then the requirement for a Rating Agency Confirmation shall be deemed not to apply, and (y) with respect to a replacement of the Master Servicer or Special Servicer, such condition shall be deemed to be satisfied if (i) the incoming master servicer or special servicer, as applicable, confirms in writing that [] has not cited servicing concerns of the applicable replacement as the sole or material factor in any qualification, downgrade or withdrawal of the ratings (or placement on “watch status” in contemplation of a ratings downgrade or withdrawal) of securities in a CMBS transaction serviced by the applicable servicer prior to the time of determination, if [] is the non-responding Rating Agency, (ii) with respect to the Master Servicer, the successor Master Servicer has a commercial master servicer rating of at least “[]” from [] or, with respect to the Special Servicer, the successor Special Servicer has a commercial special servicer rating of at least “[]” from [], as the case may be; or (iii) the incoming master servicer or special servicer, as applicable, confirms in writing that Moody’s and/or [] has not cited servicing concerns of the applicable replacement as the sole or material factor in any qualification, downgrade or withdrawal of the ratings (or placement on “watch status” in contemplation of a ratings downgrade or withdrawal) of securities in any other CMBS transaction serviced by the applicable servicer prior to the time of determination, if [] and/or [] is the non-responding Rating Agency.

Any Rating Agency Confirmation request made by the Master Servicer, Special Servicer, Certificate Administrator or Trustee, as applicable, pursuant to this Agreement, shall be made in writing, which writing shall contain a cover page indicating the nature of the Rating Agency Confirmation request, and shall contain all back-up material necessary for the Rating Agency to process such request. Such written Rating Agency Confirmation request shall be provided in electronic format to the 17g-5 Information Provider, and the 17g-5 Information Provider shall post such request on the 17g-5 Information Provider’s Website in accordance with Section 3.14(d) of this Agreement.

Promptly following the Master Servicer’s or Special Servicer’s determination to take any action discussed in this Section 3.30(a) following any requirement to obtain a Rating Agency Confirmation being considered satisfied, the Master Servicer or Special Servicer, as the case may be, shall provide electronic written notice to the 17g-5 Information Provider of the action taken for the particular item at such time, and the 17g-5 Information Provider shall post such notice on the 17g-5 Information Provider’s Website in accordance with Section 3.14(d) of this Agreement.

(b) Notwithstanding anything to the contrary in this Section 3.30, for purposes of the provisions of any Loan Document relating to defeasance (including without limitation the type of collateral acceptable for use as defeasance collateral), release or substitution of any collateral, any Rating Agency Confirmation requirement in the Loan Documents with respect to which the Master Servicer or Special Servicer would have been required to make the determination described in Section 3.30(a) shall be deemed not to apply regardless of any such determination by the Requesting Party (or, if the Requesting Party is the related Borrower, the Master Servicer (with respect to non-Specially Serviced Loans) or the Special Servicer (with respect to Specially Serviced Loans and Serviced REO Loans), as applicable); provided, that the

Requesting Party (or the Master Servicer or the Special Servicer, as applicable) shall in any event review the other conditions required under the related Loan Documents with respect to such defeasance, release or substitution and confirm to its satisfaction in accordance with the Servicing Standard that such conditions (other than the requirement for a Rating Agency Confirmation) have been satisfied.

(c) For all other matters or actions not specifically discussed in Section 3.30(a) above, the applicable Requesting Party shall deliver a Rating Agency Confirmation from each Rating Agency.

(d) Notwithstanding the terms of the related Loan Documents, the other provisions of this Agreement or the applicable Intercreditor Agreement, with respect to any Serviced Companion Loan as to which there exists Serviced Companion Loan Securities, if any action relating to the servicing and administration of the related Whole Loan or any related REO Property (the “Relevant Action”) requires delivery of a Rating Agency Confirmation as a condition precedent to such action pursuant to this Agreement, then, except as set forth below in this paragraph, such action shall also require delivery of a Serviced Companion Loan Rating Agency Confirmation as a condition precedent to such action from each related Serviced Companion Loan Rating Agency. Each Serviced Companion Loan Rating Agency Confirmation shall be sought by the Master Servicer or Special Servicer, as applicable, depending on whichever such party is seeking the corresponding Rating Agency Confirmation(s) in connection with the Relevant Action. The requirement to obtain a Serviced Companion Loan Rating Agency Confirmation with respect to any Serviced Companion Loan Securities will be subject to, will be permitted to be waived by the Master Servicer and the Special Servicer on, and will be deemed not to apply on, the same terms and conditions applicable to obtaining Rating Agency Confirmations, as set forth in this Agreement; provided that the Master Servicer or Special Servicer, as applicable, depending on which is seeking the subject Serviced Companion Loan Rating Agency Confirmation, shall forward to one or more of its counterparts (i.e., the Other Servicer or Other Special Servicer, as applicable), the Other 17g-5 Information Provider, or such other party or parties as are agreed to by the Master Servicer or the Special Servicer, as applicable, and the applicable parties for the related Other Securitization, at the expense of the Other Securitization to the extent not borne by the related Borrower, and in such format as the sender and recipient may reasonably agree, (i) the request for such Serviced Companion Loan Rating Agency Confirmation, (ii) all materials forwarded to the 17g-5 Information Provider under this Agreement in connection with seeking the Rating Agency Confirmation(s) for the applicable Relevant Action at approximately the same time that such materials are forwarded to the 17g-5 Information Provider, and (iii) any other materials that the applicable Serviced Companion Loan Rating Agency may reasonably request in connection with such Serviced Companion Loan Rating Agency Confirmation promptly following receipt of such request from the Other Certificate Administrator.

The Certificate Administrator shall, promptly following receipt of written request from the Master Servicer or the Special Servicer, as applicable, provide to the Master Servicer or the Special Servicer, as applicable, the contact information for the Other Servicer, the Other Special Servicer, the Other Certificate Administrator, the Other Trustee and the Other 17g-5 Information Provider for the Other Securitization, solely to the extent in its possession.

Prepayment Premiums and Yield Maintenance Charges received with respect to the Mortgage Loans (other than any such amounts in respect of the Trust Subordinate Companion Loan) shall be distributed to the Class [], Class [], Class [], Class [], Class [] and Class [] Certificates and the Class [], Class [] and Class [] Regular Interests in an amount equal to, in the case of each such Class, the product of (a) a fraction, not greater than one, the numerator of which is the amount distributed as principal to such Class on such Distribution Date, and whose denominator is the total amount distributed as principal to the Class [], Class [], Class [], Class [], Class [] and Class [] Certificates and the Class [], Class [] and Class [] Regular Interests on such Distribution Date, (b) the Base Interest Fraction for the related Principal Prepayment and such Class of Certificates or Regular Interest and (c) the aggregate amount of the Prepayment Premiums (other than any such amounts in respect of the Trust Subordinate Companion Loan) or the Yield Maintenance Charges (other than any such amounts in respect of the Trust Subordinate Companion Loan), as applicable, collected on such Principal Prepayment during the related Collection Period.

On each Distribution Date, any Yield Maintenance Charges or Prepayment Premiums distributed in respect of the Class [] Regular Interest shall be further allocated between and distributed on the Class [] Certificates and the Class [PEZ] Component [] (and correspondingly on the Class [PEZ] Certificates), *pro rata* in proportion to the Class [] Percentage Interest and Class []-Exchange Percentage Interest, respectively. Any Yield Maintenance Charges or Prepayment Premiums collected during the related Collection Period (other than any such amounts in respect of the Trust Subordinate Companion Loan) remaining after such distributions described in the preceding paragraphs (the “IO Group YM Distribution Amount”) shall be allocated and distributed in the following manner:

(i) to the Class [] Certificates, in an amount equal to the product of (a) a fraction, the numerator of which is the aggregate amount of principal distributed on the Class [], Class [], Class [], Class [], Class [] Certificates and the Class [] Regular Interest on such Distribution Date and the denominator of which is the total Principal Distribution Amount for such Distribution Date, multiplied by (b) the IO Group YM Distribution Amount;

(ii) to the Class [] Certificates, in an amount equal to the product of (a) a fraction, the numerator of which is the aggregate amount of principal distributed on the Class [] Regular Interest and the Class [] Regular Interest on such Distribution Date and the denominator of which is the total Principal Distribution Amount for such Distribution Date, multiplied by (b), the IO Group YM Distribution Amount;

(iii) to the Class [] Certificates, in an amount equal to the product of (a) a fraction, the numerator of which is the amount of principal distributed on the Class [] Certificates on such Distribution Date and the denominator of which is the total Principal Distribution Amount for such Distribution Date, multiplied by (b), the IO Group YM Distribution Amount;

(iv) to the Class [] Certificates, in an amount equal to the product of (a) a fraction, the numerator of which is the amount of principal distributed on the Class [] Certificates on such Distribution Date and the denominator of which is the total Principal Distribution Amount for such Distribution Date, multiplied by (b), the IO Group YM Distribution Amount;

(v) to the Class [] Certificates, in an amount equal to the product of (a) a fraction, the numerator of which is the amount of principal distributed on the Class [] Certificates on such Distribution Date and the denominator of which is the total Principal Distribution Amount for such Distribution Date, multiplied by (b), the IO Group YM Distribution Amount;

(vi) to the Class [] Certificates, in an amount equal to the product of (a) a fraction, the numerator of which is the amount of principal distributed on the Class [] Certificates on such Distribution Date and the denominator of which is the total Principal Distribution Amount for such Distribution Date, multiplied by (b), the IO Group YM Distribution Amount; and

(vii) on the Class [] Certificates, the IO Group YM Distribution Amount remaining after such distribution to the holders of the Class [], Class [], Class [], Class [], Class [] and Class [] Certificates described in clauses (i) through (vi) above.

(e) On each Distribution Date, the Certificate Administrator shall withdraw amounts from the Gain-on-Sale Reserve Account (or sub-account thereof) and shall distribute such amounts in the following manner:

(i) (A) from amounts in the Gain-on-Sale Reserve Account allocable to a Mortgage Loan (other than a Mortgage Loan related to a Serviced Whole Loan), to reimburse the Holders of the Regular Certificates (other than the [INTEREST ONLY CLASSES] Certificates) and the Class [PEZ] Regular Interests (in the same order as that set forth in Section 4.01(b) of this Agreement and any amount so distributed on any Class [PEZ] Regular Interest shall be made correspondingly to the Class [], Class [] or Class [] Certificates and the component of the Class [PEZ] Certificates that correspond to such Class [PEZ] Regular Interest, *pro rata*, according to their respective Tranche Percentage Interest in such Class [PEZ] Regular Interest), up to an amount equal to all Realized Losses and Additional Trust Fund Expenses, if any, previously allocated to them and unreimbursed after application of Available Funds for such Distribution Date; (B) from amounts in the Gain-on-Sale Reserve Account allocable to the Serviced Whole Loans, *first*, in accordance with the terms of the related Intercreditor Agreement, and *then*, to the extent allocated to the related Mortgage Loan (in the case of the AB Whole Loan, solely from amounts allocable to the AB Mortgage Loan), pursuant to the terms of such Intercreditor Agreement, to reimburse the Holders of the Regular Certificates (other than [INTEREST ONLY CLASSES] Certificates) and the Class [PEZ] Regular Interests (in the same order as that set forth in Section 4.01(b) of this Agreement and any amount so distributed on any Class [PEZ] Regular Interest shall be made correspondingly to the Class [], Class [] or Class [] Certificates and the component of the Class [PEZ] Certificates that correspond to such Class [PEZ] Regular Interest, *pro rata*, according to their respective Tranche Percentage Interest in such Class [PEZ] Regular Interest), up to an amount equal to all Realized Losses and Additional Trust Fund Expenses, if any, previously allocated to them and unreimbursed after application of Available Funds for such Distribution Date; and (C) from amounts in the Gain-on-Sale Reserve Account allocable to the Trust Subordinate Companion Loan, to reimburse Holders of the [LOAN SPECIFIC CLASS] Certificates up to an amount equal to all Loan Specific Realized Losses and Additional Trust Fund Expenses, if any, previously allocated to them and unreimbursed after application of all amounts payable thereto for such Distribution Date and

(ii) any amounts remaining in the Gain-on-Sale Reserve Account after such distributions on any Distribution Date that (A) are allocable to the Mortgage Loans, shall

be held and maintained in such account and applied to offset future Realized Losses and Additional Trust Fund Expenses from time to time; and (B) are allocable to the Serviced Companion Loans, shall be remitted within one Business Day after each such Distribution Date by the Certificate Administrator to the Master Servicer (which shall remit to the Serviced Companion Loan Noteholders in accordance with Section 3.05(h)). On any Distribution Date, amounts held in the Gain-on-Sale Reserve Account (other than amounts allocable to any related Serviced Companion Loan pursuant to the terms of any related Intercreditor Agreement) that exceed amounts reasonably required (as determined by the Certificate Administrator) to offset future Realized Losses and Additional Trust Fund Expenses shall be distributed to the Holders of the Class [R] Certificates (in respect of the Class [LTR] Interest) and upon termination of the Trust Fund, any amounts remaining in the Gain-on-Sale Reserve Account (other than amounts allocable to any related Serviced Companion Loan pursuant to the terms of any related Intercreditor Agreement) shall be distributed by the Certificate Administrator to the Class [R] Certificates (in respect of the Class [LTR] Interest). Amounts paid with respect to the Mortgage Loans from the Gain-on-Sale Reserve Account pursuant to the preceding clauses (i) and (ii) shall first be deemed to have been distributed to the Lower-Tier Regular Interests in reimbursement of Realized Losses and Additional Trust Fund Expenses previously allocated thereto in the same manner as provided in Section 4.01(a) of this Agreement. Amounts paid from the Gain-on-Sale Reserve Account will not reduce the Certificate Balances of any Class of Regular Certificates or of any Class [PEZ] Regular Interest receiving such distributions.

(f) On each Distribution Date, immediately following the distributions to be made on such date pursuant to Section 4.01(b), the Certificate Administrator shall calculate the amount, if any, of Realized Losses. Any allocation of Realized Losses to any Class of Regular Certificates (other than the [INTEREST ONLY CLASSES] Certificates) and the Class [PEZ] Regular Interests shall be made by reducing the Certificate Balance thereof by the amount so allocated. Any Realized Losses so allocated to any Class of Regular Certificates (other than the [INTEREST ONLY CLASSES] Certificates) and the Class [PEZ] Regular Interests shall be allocated among the respective Certificates of such Class in proportion to the Percentage Interests evidenced thereby. The allocation of Realized Losses shall constitute an allocation of losses and other shortfalls experienced by the Trust Fund. Reimbursement of previously allocated Realized Losses will not constitute distributions of principal for any purpose and will not result in an additional reduction in the Certificate Balance of the Class of Certificates or Regular Interest in respect of which any such reimbursement is made. To the extent any Nonrecoverable Advances (plus interest thereon) that were reimbursed from principal collections on the Mortgage Loans and previously resulted in a reduction of the Principal Distribution Amount are subsequently recovered on the related Mortgage Loan, the amount of such recovery will be added to the Certificate Balance of the Classes of Regular Certificates or Regular Interests (other than the [INTEREST ONLY CLASSES] Certificates) that previously were allocated Realized Losses, first, to the [SENIOR CLASSES] Certificates, *pro rata*, then to the Class [] Regular Interest (and, correspondingly, the Class [] Certificates and the Class [PEZ] Component [], *pro rata* based on their respective Tranche Percentage Interests therein), then, to the Class [] Regular Interest (and, correspondingly, the Class [] Certificates and the Class [PEZ] Component [], *pro rata* based on their respective Tranche Percentage Interests therein), then, to the Class [] Regular Interest (and, correspondingly, the Class [] Certificates and the Class [PEZ] Component [], *pro rata* based on their respective Tranche

Percentage Interests therein), and then, to the remainder of the Regular Certificates (other than the [INTEREST ONLY CLASSES] Certificates) in sequential order, in each case up to the amount of the unreimbursed Realized Losses allocated to such Class of Certificates or such Class [PEZ] Regular Interest. If the Certificate Balance of any Class of Certificates or any Regular Interest is so increased, the amount of unreimbursed Realized Losses of such Class of Certificates or such Regular Interest shall be decreased by such amount.

The Certificate Balances of each Class of Regular Certificates (other than the [INTEREST ONLY CLASSES] Certificates) and Class [PEZ] Regular Interest will be reduced without distribution on any Distribution Date as a write-off to the extent of any Realized Losses allocated to such Class of Certificates or such Class [PEZ] Regular Interest with respect to such date. Any such write-offs will be applied to the Classes of Regular Certificates (other than the [INTEREST ONLY CLASSES] Certificates) and the Class [PEZ] Regular Interests in the following order, in each case until the Certificate Balance of such Class or Regular Interest is reduced to zero: first, to the Class [] Certificates; second, to the Class [] Certificates; third, to the Class [] Certificates; fourth, to the Class [] Certificates; fifth, to the Class [] Certificates; sixth, to the Class [] Regular Interest (and, correspondingly, the Class [] Certificates and the Class [PEZ] Component [], *pro rata* based on their respective Tranche Percentage Interests therein); seventh, to the Class [] Regular Interest (and, correspondingly, the Class [] Certificates and the Class [PEZ] Component [], *pro rata* based on their respective Tranche Percentage Interests therein); eighth, to the Class [] Regular Interest (and, correspondingly, the Class [] Certificates and the Class [PEZ] Component [], *pro rata* based on their respective Tranche Percentage Interests therein); and finally, to the [SENIOR CLASSES] Certificates, *pro rata*, based on their respective Certificate Balances. Any amounts recovered in respect of amounts previously written off as Realized Losses shall be distributed on the Classes of Regular Certificates (other than the [INTEREST ONLY CLASSES] Certificates) and the Class [PEZ] Regular Interests as a recovery of Realized Losses previously allocated to such Classes of Regular Certificates or Regular Interests in reverse order of allocation of Realized Losses thereto in accordance with Section 4.01(b) of this Agreement (and any amounts so distributed on any Class [] Regular Interest shall be distributed on such Class of Class [], Class [] or Class [] Certificates corresponding to that Class [PEZ] Regular Interest and the corresponding component of the Class [PEZ] Certificates, *pro rata* based on their respective Tranche Percentage Interests in such Class [PEZ] Regular Interest). Additional Trust Fund Expenses and shortfalls in Available Funds due to extraordinary expenses of the Trust Fund (including indemnification expenses), a reduction in the Mortgage Rate on a Mortgage Loan by a bankruptcy court pursuant to a plan of reorganization or pursuant to any of its equitable powers, or otherwise, shall be treated as and allocated in the same manner as Realized Losses.

With respect to any Distribution Date, any Realized Losses allocated pursuant to Section 3.06 of this Agreement with respect to such Distribution Date shall reduce the Lower-Tier Principal Balances of the Pooled Lower-Tier Regular Interests as a write-off and shall be allocated among the Pooled Lower-Tier Regular Interests in the same priority as the Class of Corresponding Certificates.

(g) All amounts distributable to a Class of Certificates pursuant to this Section 4.01 on each Distribution Date shall be allocated *pro rata* among the outstanding Certificates in each such Class based on their respective Percentage Interests. Such distributions

shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, (i) by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or (ii) otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

(h) Except as otherwise provided in Section 9.01 with respect to an Anticipated Termination Date, the Certificate Administrator shall, as soon as reasonably practicable within the month preceding the month in which the final distribution with respect to any Class of Certificates is expected to be made, mail to each Holder of such Class of Certificates on such date a notice to the effect that:

Any funds not distributed to any Holder or Holders of such Classes of Certificates on such Distribution Date because of the failure of such Holder or Holders to tender their Certificates shall, on such date, be set aside and held for the benefit of the appropriate non-tendering Holder or Holders. If any Certificates as to which notice has been given pursuant to this Section 4.01(h) shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Holders to surrender their Certificates for cancellation to receive the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Holders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Holders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall distribute to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator hereunder and the transfer of such amounts to a successor Certificate Administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Class [R]

Compensating Interest Payments shall be deposited by the Master Servicer into the Collection Account on or prior to the Master Servicer Remittance Date.

(j) On the final Master Servicer Remittance Date, the Master Servicer shall withdraw from the Collection Account and deliver to the Certificate Administrator who shall distribute to the Mortgage Loan Sellers, any Loss of Value Payments relating to the Mortgage Loans that it is servicing and that were transferred from the Loss of Value Reserve Fund to the Collection Account on the immediately preceding Master Servicer Remittance Date in accordance with Section 3.06(e)(v) of this Agreement.

provided, however, that the Class R Certificates shall remain outstanding until there is no other Class of Certificates, Loan Specific REMIC Regular Interests or Lower-Tier Regular Interests outstanding.

Any funds not distributed to any Holder or Holders of the [LOAN SPECIFIC CLASS] Certificates on such Distribution Date because of the failure of such Holder or Holders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Holder or Holders. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Holders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Holders shall be paid out of such funds. If within two years after the second notice any such [LOAN SPECIFIC CLASS] Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator hereunder and the transfer of such amounts to a successor Certificate Administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Class R Certificateholders. No interest shall accrue or be payable to any Holder on any amount held in trust hereunder or by the Certificate Administrator as a result of such Holder's failure to surrender its Certificate(s) for final payment thereof in accordance with this Section 4.01A(g). Any such amounts transferred to the Certificate Administrator may be invested in Permitted Investments and all income and gain realized from investment of such funds shall accrue for its benefit.

The Certificate Administrator makes no representations or warranties as to the accuracy or completeness of such information and assumes no responsibility therefor. In addition, the Certificate Administrator may disclaim responsibility for any information distributed by the Certificate Administrator for which it is not the original source. The Certificate Administrator shall not be responsible for the accuracy or completeness of any information supplied to it by the Master Servicer or Special Servicer that is included in any reports, statements, materials or information prepared or provided by the Master Servicer or Special Servicer, as applicable, and the Certificate Administrator shall be entitled to conclusively rely upon the Master Servicer's reports and the Special Servicer's reports without any duty or obligation to recompute, verify or re-evaluate any of the amounts or other information stated

therein. In connection with providing access to the Certificate Administrator's Internet website, the Certificate Administrator may require registration and the acceptance of a disclaimer. The Certificate Administrator shall not be liable for the dissemination of information in accordance herewith.

The provisions in this Section shall not limit the Master Servicer's ability to make accessible certain information regarding the Mortgage Loans at a website maintained by the Master Servicer.

(c) The Certificate Administrator shall make available, only to Privileged Persons, the Investor Q&A Forum. The "Investor Q&A Forum" shall be a service available on the Certificate Administrator's Website, where (i) Certificateholders and Certificate Owners who are Privileged Persons may (A) submit questions to the Certificate Administrator relating to the Distribution Date Statement, (B) submit questions to the Master Servicer or the Special Servicer, as applicable, relating to the reports being made available pursuant to this Section 4.02(c), the Mortgage Loans or the Mortgaged Properties (other than a Non-Serviced Mortgage Loan or related Mortgaged Properties) and (C) submit questions to the Operating Advisor relating to the Operating Advisor Annual Reports or actions by the Master Servicer or the Special Servicer as to which the Operating Advisor has consultation rights, whether or not referenced in any Operating Advisor Annual Reports (collectively, "Inquiries"), and (ii) Privileged Persons may view Inquiries that have been previously submitted and answered, together with the answers thereto. Upon receipt of an Inquiry for the Master Servicer, the Special Servicer or the Operating Advisor, the Certificate Administrator shall forward the Inquiry to the Master Servicer, the Special Servicer or the Operating Advisor, as applicable, (and in the case of an inquiry relating to a Non-Serviced Mortgage Loan, to the applicable party under the Other Pooling and Servicing Agreement) in each case within a commercially reasonable period following receipt thereof. Following receipt of an Inquiry, the Certificate Administrator, the Master Servicer, the Special Servicer (other than with respect to the Non-Serviced Mortgage Loans or related Mortgaged Properties) or the Operating Advisor, as applicable, unless it determines not to answer such Inquiry as provided below, shall reply to the Inquiry, which reply of the Master Servicer, Special Servicer or the Operating Advisor shall be sent by email to the Certificate Administrator. The Certificate Administrator shall post (within a commercially reasonable period following preparation or receipt of such answer, as the case may be) such Inquiry and the related answer to the Investor Q&A Forum. If the Certificate Administrator, the Master Servicer, the Special Servicer or the Operating Advisor determines, in its respective sole discretion, that (i) any Inquiry is beyond the scope outlined above, (ii) answering any Inquiry would not be in the best interests of the Trust and/or the Certificateholders, (iii) answering any Inquiry would be in violation of applicable law, this Agreement or the applicable Loan Documents, (iv) answering any Inquiry would materially increase the duties of, or result in significant additional cost or expense to, the Certificate Administrator, the Master Servicer, the Special Servicer or the Operating Advisor, as applicable, (v) answering such inquiry would require the disclosure of Privileged Information (subject to the Privileged Information Exception) or (vi) answering any Inquiry is otherwise not advisable for any reason, it shall not be required to answer such Inquiry and, in the case of the Master Servicer, the Special Servicer or the Operating Advisor, shall promptly notify the Certificate Administrator, and the Certificate Administrator shall not post such Inquiry on the Investor Q&A Forum. In addition, no party shall post or otherwise disclose information known to such party to be Privileged Information as part of its response to any

Inquiry. The Certificate Administrator shall notify the Person who submitted such Inquiry if the Inquiry will not be answered. The Certificate Administrator shall not be required to post to the Investor Q&A Forum any Inquiry or answer thereto that the Certificate Administrator determines, in its sole discretion, is administrative or ministerial in nature. The Investor Q&A Forum will not reflect questions, answers and other communications between the Certificate Administrator or other Person which are not submitted via the Investor Q&A Forum. In addition, no party is permitted to post or otherwise disclose direct communication with the Directing Certificateholder as part of its response to any questions. In the case of an Inquiry relating to a Non-Serviced Mortgage Loan, the Certificate Administrator shall make reasonable efforts to obtain an answer from the related non-serviced master servicer or the related non-serviced special servicer, as applicable; provided that the Certificate Administrator shall not be responsible for the content of such answer or any delay or failure to obtain such answer.

(d) The Certificate Administrator shall make available to any Certificateholder and Certificate Owner, the Investor Registry. The "Investor Registry" shall be a voluntary service available on the Certificate Administrator's Website, where Certificateholders and Certificate Owners can register and thereafter obtain contact information with respect to any other Certificateholder or Certificate Owner that has so registered. Any person registering to use the Investor Registry will be required to certify that (a) it is a Certificateholder or a Certificate Owner and (b) it grants authorization to the Certificate Administrator to make its name and contact information available on the Investor Registry for at least 45 days from the date of such certification to other registered Certificateholders and registered Certificate Owners. Such Person shall then be asked to enter certain mandatory fields such as the individual's name, the company name and email address, as well as certain optional fields such as address, phone, and Class(es) of Certificates owned. If any Certificateholder or Certificate Owner notifies the Certificate Administrator that it wishes to be removed from the Investor Registry (which notice may not be within 45 days of its registration), the Certificate Administrator shall promptly remove it from the Investor Registry. The Certificate Administrator will not be responsible for verifying or validating any information submitted on the Investor Registry, or for monitoring or otherwise maintaining the accuracy of any information thereon. The Certificate Administrator may require acceptance of a waiver and disclaimer for access to the Investor Registry.

(e) The Master Servicer may at its sole cost and expense, but is not required to, make any of the reports or files it delivers pursuant to this Agreement available on the Master Servicer's website only with the use of a password, in which case the Master Servicer shall provide such password to (i) the other parties to this Agreement, who by their acceptance of such password shall be deemed to have agreed not to disclose such password to any other Person and (ii) each Certificateholder and prospective Certificateholder who requests such password, provided that any such Certificateholder or prospective Certificateholder, as the case may be, has delivered an Investor Certification to the Trustee, the Certificate Administrator and the Master Servicer. In connection with providing access to the Master Servicer's website, the Master Servicer may require registration and the acceptance of a disclaimer and otherwise (subject to the preceding sentence) adopt reasonable rules and procedures, which may include, to the extent the Master Servicer deems necessary or appropriate, conditioning access on execution of an agreement governing the availability, use and disclosure of such information, and which may provide indemnification to the Master Servicer for any liability or damage that may arise

therefrom. The Master Servicer shall not be liable for dissemination of this information in accordance with this Agreement, provided that such information otherwise meets the requirements set forth herein with respect to the form and substance of such information or reports. The Master Servicer shall be entitled to attach to any report provided pursuant to this subsection, any reasonable disclaimer with respect to information provided, or any assumptions required to be made by such report. Notwithstanding anything herein to the contrary, the Master Servicer may, at its sole cost and expense, make available by electronic media, bulletin board service or Internet website any reports or other information the Master Servicer is required or permitted to provide to any Borrower with respect to such Borrower's Mortgage Loan or Serviced Whole Loan to the extent such action does not conflict with the terms of this Agreement, the terms of the related Loan Documents or applicable law. If the Master Servicer is required to deliver any statement, report or other information under any provision of this Agreement, then, the Master Servicer may satisfy such obligation by (x) physically delivering a paper copy of such statement, report or information, (y) delivering such statement, report or information in a commonly used electronic format, or (z) making such statement, report or information available on its website, unless this Agreement expressly specifies a particular method of delivery; provided that all reports required to be delivered to the Certificate Administrator shall be delivered in accordance with clause (x) or (y) or, upon request, clause (z).

(f) Subject to Section 3.13, the Special Servicer shall from time to time (and, in any event, as may be reasonably required by the Master Servicer) provide the Master Servicer with such information in its possession regarding the Specially Serviced Loans and REO Properties as may be reasonably necessary for the Master Servicer to prepare each report and any supplemental information to be provided by the Master Servicer to the Certificate Administrator. Neither the Certificate Administrator nor the Depositor shall have any obligation to recompute, verify or recalculate the information provided thereto by the Master Servicer. Unless the Certificate Administrator has actual knowledge that any report or file received from the Master Servicer contains erroneous information, the Certificate Administrator is authorized to rely thereon in calculating and making distributions to Certificateholders and allocating Realized Losses and Loan Specific Realized Losses, as applicable, to the Certificates in accordance with Section 4.01 of this Agreement and preparing the statements to Certificateholders required by Section 4.02(a) of this Agreement.

(g) As soon as reasonably practicable, upon the written request of and at the expense of any Certificateholder, the Certificate Administrator shall provide the requesting Certificateholder with such information that is in the Certificate Administrator's possession or can reasonably be obtained by the Certificate Administrator as is requested by such Certificateholder, for purposes of satisfying applicable reporting requirements under Rule 144A under the Securities Act. Neither the Certificate Registrar nor the Certificate Administrator shall have any responsibility for the sufficiency under Rule 144A or any other securities laws of any available information so furnished to any person including any prospective purchaser of a Certificate or any interest therein, nor for the content or accuracy of any information so furnished which was prepared or delivered to them by another.

(h) The Certificate Administrator shall make available at its offices, during normal business hours, upon not less than two Business Days prior notice, for review by any Privileged Person and any Serviced Companion Loan Noteholder that is a Privileged Person

(solely with respect to items (ii) and (iii), to the extent such information relates to the related Serviced Companion Loan), originals or copies of documents relating to the Mortgage Loans and any related REO Properties to the extent in its possession, including, without limitation, the following items (except to the extent prohibited by applicable law or under any of the related Loan Documents):

(i) any and all notices and reports delivered to the Certificate Administrator with respect to any Mortgaged Property as to which the environmental testing contemplated by Section 3.10(f) of this Agreement revealed that neither of the conditions set forth in clauses (i) and (ii) thereof was satisfied;

(ii) the most recent annual (or more frequent, if available) operating statements, rent rolls (to the extent such rent rolls have been made available by the related Borrower) and/or lease summaries and retail sales information, if any, received from the Master Servicer or the Special Servicer in respect to each Mortgaged Property;

(iii) the Mortgage File, including any and all modifications, waivers and amendments of the terms of a Mortgage Loan or Serviced Whole Loan entered into by the Master Servicer and/or the Special Servicer and delivered to the Certificate Administrator; and

(iv) any other information that may be necessary to satisfy the requirements of subsection (d)(4)(i) of Rule 144A under the Securities Act.

The Certificate Administrator may require a Privileged Person to execute a confidentiality agreement prior to granting access to such information, which may be in the form of a “click-through” confirmation. Copies of any and all of the foregoing items will be available from the Certificate Administrator upon request. The Certificate Administrator will be permitted to require payment by the requesting party (other than a Rating Agency) of a sum sufficient to cover the reasonable costs and expenses of making such information available and providing any copies thereof. The Certificate Administrator’s obligation under this Section 4.02(h) to make available any document is subject to the Certificate Administrator’s receipt of such document.

The Certificate Administrator shall not be liable for providing or disseminating information in accordance with the terms of this Agreement.

(i) The Depositor hereby authorizes the Certificate Administrator to make available to any Financial Market Publisher or such other vendor chosen by the Depositor that submits to the Certificate Administrator a certification substantially in the form of Exhibit L-2 to this Agreement, all the Distribution Date Statements, CREFC[®] reports and supplemental notices delivered or made available pursuant to this Section 4.02 to Privileged Persons.

Section 4.03 Compliance with Withholding Requirements. Notwithstanding any other provision of this Agreement, the Paying Agent shall comply with all federal withholding requirements with respect to payments to Certificateholders and other payees of interest, original issue discount or other amounts that the Paying Agent reasonably believes are applicable under the Code. The consent of Certificateholders or payees shall not be required for any such withholding. If the Paying Agent or its agent withholds any amount from interest,

original issue discount payments or other amounts or advances thereof to any Certificateholder or payee pursuant to federal withholding requirements, the Paying Agent shall indicate the amount withheld to such Certificateholder or payee. Any amount so withheld shall be treated as having been distributed to such Certificateholder for all purposes of this Agreement.

Section 4.04 REMIC Compliance. (a) The parties intend that the Loan Specific REMIC, the Lower-Tier REMIC and the Upper-Tier REMIC shall constitute, and that the affairs of the Loan Specific REMIC, the Lower-Tier REMIC and the Upper-Tier REMIC shall be conducted so as to qualify it as, a “real estate mortgage investment conduit” as defined in, and in accordance with, the REMIC Provisions at all times any Certificates are outstanding, and the provisions hereof shall be interpreted consistently with this intention. In furtherance of such intention, the Certificate Administrator shall, to the extent permitted by applicable law, act as agent, and is hereby appointed to act as agent, of each such REMIC and shall on behalf of each such REMIC:

(i) make or cause to be made an election, on behalf of each of the Loan Specific REMIC, the Lower-Tier REMIC and the Upper-Tier REMIC, to be treated as a REMIC on Form 1066 for its first taxable year, in accordance with the REMIC Provisions;

(ii) prepare and timely file, or cause to be prepared and timely filed, and cause the Trustee to sign (and the Trustee shall sign), all required Tax Returns for the Loan Specific REMIC, the Lower-Tier REMIC and the Upper-Tier REMIC, using a calendar year as the taxable year for each of such REMIC as required by the REMIC Provisions and other applicable federal, state or local income tax laws;

(iii) prepare and forward, or cause to be prepared and forwarded, to the Certificateholders and the IRS and applicable state and local tax authorities all information reports as and when required to be provided to them in accordance with the REMIC Provisions;

(iv) if the filing or distribution of any documents of an administrative nature not addressed in clauses (i) through (iii) of this Section 4.04(a) is then required by the REMIC Provisions in order to maintain the status of the Loan Specific REMIC, the Lower-Tier REMIC and the Upper-Tier REMIC as a REMIC or is otherwise required by the Code, prepare and file or distribute, or cause to be prepared and signed and filed or distributed, such documents with or to such Persons when and as required by the REMIC Provisions or the Code or comparable provisions of state and local law;

(v) within 30 days of the Closing Date, obtain a taxpayer identification number for each of the Loan Specific REMIC, the Lower-Tier REMIC and the Upper-Tier REMIC on IRS Form SS-4 and (in the case of the Upper-Tier REMIC only), furnish or cause to be furnished to the IRS, on Form 8811 or as otherwise may be required by the Code, the name, title and address of the person that the Certificateholders may contact for tax information relating thereto (and the Certificate Administrator shall act as the representative of the Upper-Tier REMIC for this purpose), together with such additional information as may be required by such Form, and shall update such information at the time or times and in the manner required by the Code (and the Depositor agrees within 10

Business Days of the Closing Date to provide any information reasonably requested by the Master Servicer, the Special Servicer or the Certificate Administrator and necessary to make such filing); and

(vi) maintain such records relating to the Loan Specific REMIC, the Lower-Tier REMIC and the Upper-Tier REMIC as may be necessary to prepare the foregoing returns, schedules, statements or information, such records, for federal income tax purposes, to be maintained on a calendar year and on an accrual basis.

The Holder of the largest Percentage Interest in the Class [R] Certificates shall be the tax matters person of each Trust REMIC pursuant to Treasury Regulations Section 1.860F-4(d). If more than one Holder shall hold an equal Percentage Interest in the Class [R] Certificates larger than that held by any other Holder, the first such Holder to have acquired such Class [R] Certificates shall be such tax matters person. The Certificate Administrator shall act as attorney-in-fact and agent for the tax matters person of the Loan Specific REMIC, the Lower-Tier REMIC and the Upper-Tier REMIC, and each Holder of a Percentage Interest in the Class [R] Certificates, by acceptance hereof, is deemed to have consented to the Certificate Administrator's appointment in such capacity and agrees to execute any documents required to give effect thereto, and any fees and expenses incurred by the Certificate Administrator in connection with any audit or administrative or judicial proceeding shall be paid by the Trust Fund.

The Certificate Administrator shall not intentionally take any action or intentionally omit to take any action if, in taking or omitting to take such action, the Certificate Administrator has actual knowledge that such action or omission (as the case may be) would cause the termination of the REMIC status of the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC or the imposition of tax on the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC (other than a tax on income expressly permitted to be received by the terms of this Agreement). Notwithstanding any provision of this paragraph to the contrary, the Certificate Administrator shall not be required to take any action that the Certificate Administrator in good faith believes to be inconsistent with any other provision of this Agreement, nor shall the Certificate Administrator be deemed in violation of this paragraph if it takes any action expressly required or authorized by any other provision of this Agreement, and the Certificate Administrator shall have no responsibility or liability with respect to any act or omission of the Depositor, the Trustee, the Master Servicer or the Special Servicer which does not enable the Certificate Administrator to comply with any of clauses (i) through (vi) of the first paragraph of this Section 4.04(a) or which results in any action contemplated by clauses (i) or (ii) of the next succeeding sentence. In this regard the Certificate Administrator shall (i) exercise reasonable care not to allow the occurrence of any "prohibited transactions" within the meaning of Section 860F(a) of the Code, unless the party seeking such action shall have delivered to the Certificate Administrator an Opinion of Counsel (at such party's expense) that such occurrence would not (A) result in a taxable gain, (B) otherwise subject the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to tax (other than a tax at the highest marginal corporate tax rate on net income from foreclosure property), or (c) cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC; and (ii) exercise reasonable care not to allow the Trust Fund to receive any contributions, or any income from the performance of services or from assets not permitted under the REMIC

Provisions to be held by a REMIC (provided, that the receipt of any income expressly permitted or contemplated by the terms of this Agreement shall not be deemed to violate this clause). None of the Master Servicer, the Special Servicer, the Trustee or the Depositor shall be (i) permitted to take any action that the Certificate Administrator would not be permitted to take pursuant to the preceding two sentences or (ii) responsible or liable (except in connection with taking any act or omission referred to in the two preceding sentences or the following sentence) for any failure by the Certificate Administrator to comply with the provisions of this Section 4.04. The Depositor, the Trustee, the Master Servicer and the Special Servicer shall cooperate in a timely manner with the Certificate Administrator in supplying any information within the Depositor's, the Trustee's, the Master Servicer's or the Special Servicer's control (other than any confidential information) that is reasonably necessary to enable the Certificate Administrator to perform its duties under this Section 4.04.

(b) The following assumptions are to be used for purposes of determining the anticipated payments of principal and interest for calculating the original yield to maturity and original issue discount with respect to the Regular Certificates: (i) each Mortgage Loan will pay principal and interest in accordance with its terms and scheduled payments will be timely received on their Due Dates, provided that the Mortgage Loans will prepay in accordance with the Prepayment Assumption; (ii) none of the Sole Certificateholder, the Master Servicer, the Special Servicer and the Certificateholder owning a majority of the Percentage Interests in the Controlling Class will exercise the right described in Section 9.01 of this Agreement to cause early termination of the Trust Fund; and (iii) no Mortgage Loan is repurchased by a Mortgage Loan Seller pursuant to the terms of the related Mortgage Loan Purchase Agreement.

Section 4.05 Imposition of Tax on the Trust Fund. If any tax, including interest, penalties or assessments, additional amounts or additions to tax, is imposed on the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC, such tax shall be charged against amounts otherwise distributable to the Holders of the Certificates; provided that any taxes imposed on any net income from foreclosure property pursuant to Section 860G(d) of the Code or any similar tax imposed by a state or local jurisdiction shall instead be treated as an expense of the related Serviced REO Property in determining Net REO Proceeds with respect to the Serviced REO Property (and until such taxes are paid, the Special Servicer from time to time shall withdraw from amounts in the REO Account (and, in the case of any Serviced Whole Loan, from amounts in the Serviced Whole Loan REO Account) allocable to the Mortgage Loans and transfer to the Certificate Administrator amounts reasonably determined by the Certificate Administrator to be necessary to pay such taxes, which the Certificate Administrator shall maintain in a separate, non-interest-bearing account, and the Certificate Administrator shall send to the Special Servicer for deposit in the REO Account (or, if applicable, the Serviced Whole Loan REO Account) the excess determined by the Certificate Administrator from time to time of the amount in such account over the amount necessary to pay such taxes) and shall be paid therefrom; provided that any such tax imposed on net income from foreclosure property that exceeds the amount in any such reserve shall be retained from Available Funds as provided in Section 3.06(a)(xii) or, in the case of any Serviced Whole Loan, in Section 3.06(b)(xiii), and the next sentence. Except as provided in the preceding sentence, the Certificate Administrator is hereby authorized to and shall retain or cause to be retained from Available Funds sufficient funds to pay or provide for the payment of, and to actually pay, such tax as is legally owed by the applicable REMIC (but such authorization shall not prevent the Trustee from contesting, at the

expense of the Trust Fund or in the case of a Serviced Whole Loan with a Serviced Pari Passu Companion Loan, on a *pro rata* basis as between the related Mortgage Loan and any related Serviced Pari Passu Companion Loan (based on their respective outstanding principal balances)) any such tax in appropriate proceedings, and withholding payment of such tax, if permitted by law, pending the outcome of such proceedings). The Certificate Administrator is hereby authorized to and shall segregate or cause to be segregated, into a separate non-interest bearing account, (i) the net income allocable to the Mortgage Loans from any “prohibited transaction” under Section 860F(a) of the Code or (ii) the amount of any contribution to the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC after the Startup Day that is subject to tax under Section 860G(d) of the Code and use such income or amount, to the extent necessary, to pay such tax (and return the balance thereof, if any, to the Collection Account, the Loan Specific REMIC, the Lower-Tier Distribution Account or the Upper-Tier Distribution Account, as the case may be). To the extent that any such tax is paid to the IRS, the Certificate Administrator shall retain an equal amount from future amounts otherwise distributable to the Holders of the Class [R] Certificates, as the case may be, and shall distribute such retained amounts to the Holders of Regular Certificates, or the Trustee as Holder of the Loan Specific REMIC, the Lower-Tier Regular Interests and the Regular Interests, until they are fully reimbursed and then to the Holders of the Class [R] Certificates, as applicable. Neither the Master Servicer, the Special Servicer, the Certificate Administrator, nor the Trustee shall be responsible for any taxes imposed on the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC except to the extent such tax is attributable to a breach of a representation or warranty or the negligence or willful misconduct of the Master Servicer, the Special Servicer, the Certificate Administrator or the Trustee or an act or omission of the Master Servicer, the Special Servicer, the Certificate Administrator or the Trustee in contravention of this Agreement, provided, further, that such breach, act or omission could result in liability under Section 6.03 of this Agreement, in the case of the Master Servicer, Section 4.04 of this Agreement, in the case of the Trustee or Section 4.04 of this Agreement, in the case of the Certificate Administrator in accordance with the standard of liability set forth in those sections. Notwithstanding anything in this Agreement to the contrary, in each such case, the Master Servicer or the Special Servicer shall not be responsible for the Trustee’s or the Certificate Administrator’s breaches, acts or omissions, the Trustee shall not be responsible for the breaches, acts or omissions of the Certificate Administrator, the Master Servicer or the Special Servicer and the Certificate Administrator shall not be responsible for the breaches, acts or omissions of the Trustee, the Master Servicer or the Special Servicer.

Section 4.06 Remittances. On the Master Servicer Remittance Date immediately preceding each Distribution Date, the Master Servicer with respect to the Mortgage Loans that it is servicing shall:

(i) remit to the Certificate Administrator for deposit in the Lower-Tier Distribution Account or the Loan Specific REMIC Distribution Account, as applicable, an amount equal to Prepayment Premiums and Yield Maintenance Charges, and, for deposit in accordance with Section 3.05(i) of this Agreement, Gain-on-Sale Proceeds, in each case received by the Master Servicer in its Collection Period preceding such Distribution Date;

(ii) remit to the Certificate Administrator for deposit in the Lower-Tier Distribution Account or Loan Specific REMIC Distribution Account, as applicable an

amount equal to the aggregate of the Available Funds (other than with respect to the AB Mortgage Loan) and the Loan Specific Available Funds for such Distribution Date;

(iii) [remit to [MORTGAGE LOAN SELLER], or any successor, assignee or designee of all or a portion [MORTGAGE LOAN SELLER]'s right to receive the Mortgage Loan Seller Strip, the Mortgage Loan Seller Strip collected by the Master Servicer with respect to the related Collection Period];

(iv) remit to the Certificate Administrator for deposit in the Excess Interest Distribution Account an amount equal to the Excess Interest for the benefit of the [ARD CLASS] Certificateholders received by the Master Servicer in the Collection Period preceding such Distribution Date; and

(v) remit to CREFC[®] the CREFC[®] Intellectual Property Royalty License Fee.

Section 4.07 P&I Advances. (a) On or before 3:00 p.m. (New York City time) on each Master Servicer Remittance Date, the Master Servicer shall in the case of all Mortgage Loans and the Trust Subordinate Companion Loan either (i) remit to the Certificate Administrator for deposit into the Loan Specific REMIC Distribution Account or the Lower-Tier Distribution Account, as applicable, from its own funds an amount equal to the aggregate amount of P&I Advances, if any, to be made in respect of the related Distribution Date, (ii) apply amounts held in the Collection Account or the applicable Serviced Whole Loan Collection Account for future distribution to Certificateholders in subsequent months in discharge of any such obligation to make P&I Advances; provided, that such amounts in the applicable Serviced Whole Loan Collection Account shall only be applied up to the related Mortgage Loan's *pro rata* share of the amounts held therein on such date, or (iii) make P&I Advances in the form of any combination of (i) and (ii) aggregating the total amount of P&I Advances to be made by the Master Servicer, except that the portion of such P&I Advance equal to the CREFC[®] Intellectual Property Royalty License Fee for each such Mortgage Loan shall not be remitted to the Certificate Administrator but shall instead be remitted to CREFC[®]. Any amounts held in the Collection Account or any Serviced Whole Loan Collection Account, as applicable, for future distribution and so used to make P&I Advances shall be appropriately reflected in the Master Servicer's records and replaced by the Master Servicer by deposit in the Collection Account or the applicable Serviced Whole Loan Collection Account, as applicable, on or before the next succeeding P&I Advance Determination Date (to the extent not previously replaced through either (x) the deposit of Late Collections of the delinquent principal and/or interest in respect of which such P&I Advances were made or (y) the deposit of Periodic Payments collected prior to the expiration of any applicable grace period that ends after the P&I Advance Determination Date in respect of which such P&I Advances were made). The Master Servicer shall notify the Trustee and the Certificate Administrator of (i) the aggregate amount of P&I Advances for a Distribution Date and (ii) the amount of any Nonrecoverable P&I Advances for such Distribution Date, on or before the P&I Advance Determination Date. If the Master Servicer fails to make a required P&I Advance by 3:00 p.m. (New York City time) on any Master Servicer Remittance Date, then the Trustee shall make such P&I Advance pursuant to Section 7.06 of this Agreement by 12:00 noon (New York City time) on the related Distribution Date, in each case unless the Master Servicer shall have cured such failure (and shall have provided written notice of such cure to the Trustee) by 11:00 a.m. (New York City time) on such Distribution Date or the Trustee determines that such P&I Advance, if made, would be a Nonrecoverable Advance.

Neither the Master Servicer nor the Trustee shall be required to make principal or interest advances with respect to any delinquent payment amounts due on any Companion Loan. If the Master Servicer or the Trustee makes a P&I Advance with respect to any Mortgage Loan that is part of a Whole Loan with a related Serviced Companion Loan or Non-Serviced Companion Loan, then it shall provide written notice to the related Other Servicer, Other Special Servicer and Other Trustee of the amount of such P&I Advance with respect to such Mortgage Loan within two (2) Business Days of making such P&I Advance.

(b) Subject to Section 4.07(c) and 4.07(d) below, the aggregate amount of P&I Advances to be made by the Master Servicer with respect to any Distribution Date shall equal the aggregate of: (i) all Periodic Payments with respect to the Mortgage Loans (in the case of the AB Whole Loan, including the Trust Subordinate Companion Loan) (in each case, net of related Servicing Fees, in the case of any Non-Serviced Mortgage Loan, net of the servicing fee rate pursuant to the applicable Other Pooling and Servicing Agreement [and, in the case of the Mortgage Loans that are part of the Mortgage Loan Seller Strip Pool, net of the Mortgage Loan Seller Strips]) other than Balloon Payments, that were due during the related Collection Period and delinquent (or unpaid, pending the expiration of any applicable grace period with respect to any Mortgage Loan having a grace period extending past the P&I Advance Determination Date) as of the close of business on the P&I Advance Determination Date (or not advanced by the Master Servicer or any sub-servicer on behalf of the Master Servicer) with respect to the Mortgage Loans that it is servicing and (ii) with respect to each Mortgage Loan that the Master Servicer is servicing and as to which the related Balloon Payment was due during or prior to the related Collection Period and was delinquent (including any applicable grace period) as of the end of the related Collection Period (including any REO Loan as to which the Balloon Payment would have been past due), an amount equal to the Assumed Scheduled Payment therefor (in the case of the AB Whole Loan, including the Trust Subordinate Companion Loan, and in each case, net of related Servicing Fees, in the case of any Non-Serviced Mortgage Loan, net of the servicing fee rate pursuant to the applicable Other Pooling and Servicing Agreement [and, in the case of the Mortgage Loans (in the case of the AB Whole Loan, including the Trust Subordinate Companion Loan) that are part of the Mortgage Loan Seller Strip Pool, net of the Mortgage Loan Seller Strips])). Subject to subsection (c) below, the obligation of the Master Servicer to make such P&I Advances, with respect to the Mortgage Loans (in the case of the AB Whole Loan, including the Trust Subordinate Companion Loan) that it is servicing, is mandatory, and with respect to any applicable Mortgage Loan (in the case of the AB Whole Loan, including the Trust Subordinate Companion Loan) or REO Loan, shall continue until the Distribution Date on which Liquidation Proceeds or REO Proceeds, if any, are to be distributed. The Periodic Payment or Assumed Scheduled Payment shall be reduced, for purposes of P&I Advances, by any modifications pursuant to Section 3.26 of this Agreement or otherwise and by any reductions by a bankruptcy court pursuant to a plan of reorganization or pursuant to any of its equitable powers. Neither the Master Servicer nor the Trustee shall make any P&I Advances in respect of the Trust Subordinate Companion Loan.

(c) Notwithstanding anything herein to the contrary, no P&I Advance shall be required hereunder if the Master Servicer, the Special Servicer or the Trustee, as applicable, determines that such P&I Advance would, if made, constitute a Nonrecoverable P&I Advance. In addition, the Master Servicer shall not make any P&I Advance to the extent that it has received written notice that the Special Servicer has determined (if no Consultation Termination

Event has occurred, in consultation with the Directing Certificateholder) that such P&I Advance would, if made, constitute a Nonrecoverable P&I Advance. In making such recoverability determination, the Master Servicer, the Special Servicer and the Trustee, as applicable, will be entitled to (i) give due regard to the existence of any Nonrecoverable Advance or Workout-Delayed Reimbursement Amount with respect to other Mortgage Loans, the recovery of which, at the time of such consideration, is being deferred or delayed by the Master Servicer or the Trustee, as applicable, in light of the fact that proceeds on the related Mortgage Loan are a source of recovery not only for the P&I Advance under consideration, but also as a potential source of recovery of such Nonrecoverable Advance or Workout-Delayed Reimbursement Amount which is being or may be deferred or delayed, (ii) consider (among other things) the obligations of the Borrower under the terms of the related Mortgage Loan (or the Whole Loan, as applicable) as it may have been modified, (iii) consider (among other things) the related Mortgaged Properties in their “as is” or then current conditions and occupancies, as modified by such party’s assumptions (consistent with the Servicing Standard in the case of the Master Servicer and the Special Servicer) regarding the possibility and effects of future adverse change with respect to such Mortgaged Properties, (iv) estimate and consider (consistent with the Servicing Standard in the case of the Master Servicer and the Special Servicer) (among other things) future expenses and (v) estimate and consider (among other things) the timing of recoveries.

The Master Servicer, the Special Servicer and the Trustee, as applicable, shall consider Unliquidated Advances in respect of prior P&I Advances for purposes of nonrecoverability determinations as if such Unliquidated Advances were unreimbursed P&I Advances. None of the Master Servicer or Trustee shall make any P&I Advances with respect to delinquent amounts due on any Companion Loan. If an Appraisal of the related Mortgaged Property shall not have been obtained within the prior 9-month period (and the Master Servicer and the Trustee shall each request any such appraisal from the Special Servicer prior to ordering an Appraisal pursuant to this sentence) or if such an Appraisal shall have been obtained but as a result of unforeseen occurrences, such Appraisal does not, in the good faith determination of the Master Servicer, the Special Servicer or the Trustee, reflect current market conditions, and the Master Servicer or the Trustee, as applicable, and the Special Servicer cannot agree on the appropriate downward adjustment to such Appraisal, the Master Servicer, the Special Servicer or the Trustee, as the case may be, may, subject to its reasonable and good faith determination that such Appraisal will demonstrate the nonrecoverability of the related Advance, obtain an Appraisal for such purpose at the expense of the Trust Fund (subject, in the case of any Serviced Whole Loan, to the allocation provisions of the related Intercreditor Agreement).

Any such determination by the Master Servicer, Special Servicer or the Trustee that the Master Servicer or Trustee, as applicable, has made a Nonrecoverable P&I Advance or that any proposed P&I Advance, if made, would constitute a Nonrecoverable P&I Advance shall be evidenced by a certificate of a Servicing Officer delivered to the Trustee, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the Special Servicer, any related Serviced Pari Passu Companion Loan holder(s), the Controlling Class Representative (but only if no Consultation Termination Event has occurred) and the Depositor and, in the case of the Trustee, by a certificate of a Responsible Officer of the Trustee, delivered to the Depositor, the Controlling Class Representative (but only if no Consultation Termination Event has occurred), the Operating Advisor, the Asset Representations Reviewer, the Certificate

Administrator, the Master Servicer and the Special Servicer, which in each case sets forth such nonrecoverability determination and the considerations of the Master Servicer, Special Servicer or the Trustee, as applicable, forming the basis of such determination (such certificate accompanied by, to the extent available, income and expense statements, rent rolls, occupancy status, property inspections and other information used by the Master Servicer, Special Servicer or the Trustee, as applicable, to make such determination, together with any existing Appraisal or any Updated Appraisal); provided, that the Special Servicer may, at its option, make a determination in accordance with the Servicing Standard, that any P&I Advance previously made or proposed to be made is nonrecoverable and shall deliver to the Master Servicer, the Controlling Class Representative (but only if no Consultation Termination Event has occurred), the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee and the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement), notice of such determination, together with a certificate of a Servicing Officer and the supporting information described above. Any such determination shall be conclusive and binding on the Master Servicer, the Special Servicer and the Trustee.

Any such Person may update or change its recoverability determinations at any time (but not reverse any other Person's determination that a P&I Advance is a Nonrecoverable Advance) and (consistent with the Servicing Standard in the case of the Master Servicer or the Special Servicer) may obtain, at the expense of the Trust Fund (subject, in the case of any Serviced Whole Loan, to the allocation provisions of the related Intercreditor Agreement), any analysis, Appraisals or market value estimates or other information for such purposes. Absent bad faith, any such determination as to the recoverability of any P&I Advance shall be conclusive and binding on the Certificateholders.

Notwithstanding the above, (i) the Trustee shall be entitled to rely conclusively on and be bound by any determination by the Master Servicer or the Special Servicer, as applicable, that a P&I Advance, if made, would be a Nonrecoverable P&I Advance and (ii) the Master Servicer will be entitled to rely conclusively on and be bound by any determination of the Special Servicer that a P&I Advance, if made, would be a Nonrecoverable P&I Advance (but this statement shall not be construed to entitle the Special Servicer to reverse any other authorized Person's determination, or to prohibit any such other authorized Person from making a determination that an advance constitutes, or would constitute a Nonrecoverable Advance). The Trustee, in determining whether or not a P&I Advance previously made is, or a proposed P&I Advance, if made, would be, a Nonrecoverable P&I Advance shall use its good faith business judgment. The Special Servicer shall promptly furnish the Master Servicer and the Trustee with any information in its possession regarding the Specially Serviced Loans and REO Properties as each such party may reasonably request for purposes of making recoverability determinations.

(d) In connection with the recovery of any P&I Advance out of the Collection Account pursuant to Section 3.06(a) of this Agreement or any Serviced Whole Loan Collection Account pursuant to Section 3.06(b) of this Agreement, the Master Servicer shall be entitled to pay itself or the Trustee, as the case may be (in reverse of such order with respect to any Mortgage Loan or REO Property) out of any amounts then on deposit in the Collection Account or the applicable Serviced Whole Loan Collection Account (subject to the provisions of

Section 3.06) (to the extent amounts therein relate to the Mortgage Loans, taking into account the related Intercreditor Agreement), interest at the Reimbursement Rate in effect from time to time, accrued on the amount of such P&I Advance from the date made to but not including the date of reimbursement with respect to the Mortgage Loan that the Master Servicer is servicing. The Master Servicer shall reimburse itself or the Trustee, as the case may be, for any outstanding P&I Advance as soon as practicably possible after funds available for such purpose are deposited in the Collection Account or the applicable Serviced Whole Loan Collection Account with respect to the Mortgage Loan that the Master Servicer is servicing.

Notwithstanding anything to the contrary contained in Section 4.06 of this Agreement, (i) neither the Master Servicer nor the Trustee shall make an advance for Excess Interest, Yield Maintenance Charges or Penalty Charges and (ii) if the Master Servicer receives notice of an Appraisal Reduction Event and the related Appraisal Reduction Amount, the interest portion of any P&I Advance with respect to a Mortgage Loan (other than a Non-Serviced Mortgage Loan) as to which there has been an Appraisal Reduction Amount will be an amount equal to the product of (x) the amount required to be advanced without giving effect to the Appraisal Reduction Amount and (y) a fraction, the numerator of which is the Stated Principal Balance of such Mortgage Loan as of the immediately preceding Determination Date less any Appraisal Reduction Amount applicable to such Mortgage Loan and the denominator of which is the Stated Principal Balance of such Mortgage Loan as of such Determination Date. All P&I Advances for any Mortgage Loans that have been modified shall be calculated on the basis of their terms as modified. With respect to any Non-Serviced Mortgage Loan, if the Master Servicer or the Trustee, as applicable, does not receive notice of an Appraisal Reduction Event and the related Appraisal Reduction Amount from the related Other Servicer, then the Master Servicer or the Trustee, as applicable, shall have no obligation to proportionately reduce the interest portion of any P&I Advance required to be made by the Master Servicer or the Trustee, as applicable. With respect to any Non-Serviced Companion Loan that has already been securitized prior to the Closing Date, the Master Servicer, on behalf of the Trust, shall notify each Other Servicer and each Other Trustee of a Non-Serviced Mortgage Loan that (a) such Non-Serviced Mortgage Loan has been included in this Trust and (b) upon (i) the existence of an Appraisal Reduction Event and/or (ii) the related calculation of any Appraisal Reduction Amount (or receipt of notice of any such calculation), such Other Servicer shall provide the Master Servicer and the Trustee with prompt notice of the existence of any such Appraisal Reduction Event and/or any such Appraisal Reduction Amount once calculated. With respect to any Serviced Companion Loan, the Master Servicer shall notify the related Other Servicer and Other Trustee of the existence of an Appraisal Reduction Event and any related Appraisal Reduction Amount. The Master Servicer shall be deemed to have delivered notice of any such Appraisal Reduction Event and any related Appraisal Reduction Amount if the Master Servicer includes such event and/or amount in its monthly servicer statements provided to the other servicer.

The portion of any Insurance Proceeds and Net Liquidation Proceeds in respect of a Mortgage Loan or any REO Loan allocable to principal shall equal the total amount of such proceeds minus (i) any portion thereof payable to the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator or the Trustee pursuant to this Agreement and (ii) a portion thereof equal to the interest component of the Periodic Payment(s), as accrued at the related Net Mortgage Rate (or with respect to the Trust Subordinate Companion Loan, the Trust Subordinate Companion Loan Net Rate) from the

date as to which interest was last paid by the Borrower up to but not including the Due Date in the Collection Period in which such proceeds are received; provided, if the interest portion(s) of one or more P&I Advances with respect of such Mortgage Loan or REO Loan, as applicable, were reduced as a result of an Appraisal Reduction Event, the amount of the Net Liquidation Proceeds to be applied to interest shall be reduced by the aggregate amount of such reductions and the portion of such Net Liquidation Proceeds to be applied to principal shall be increased by such amount, and if the amount of the Net Liquidation Proceeds to be applied to principal has been applied to pay the principal of such Mortgage Loan or REO Loan in full, any remaining Net Liquidation Proceeds shall then be applied to pay any remaining accrued and unpaid interest of such Mortgage Loan or REO Loan.

(e) With respect to any Non-Serviced Mortgage Loan, the Master Servicer will be permitted to make its determination that it has made a P&I Advance on such Mortgage Loan that is a Nonrecoverable P&I Advance or that any proposed P&I Advance, if made, would constitute a Nonrecoverable P&I Advance with respect to such Mortgage Loan in accordance with Section 4.07(a) independently of any determination made by the Other Servicer (or any master servicer with respect to a commercial mortgage securitization holding another Non-Serviced Companion Loan related to such Non-Serviced Mortgage Loan, if any) under the Other Pooling and Servicing Agreement (or any pooling and servicing agreement with respect to a commercial mortgage securitization holding another Non-Serviced Companion Loan related to such Non-Serviced Mortgage Loan, if any). If the Master Servicer or Trustee, as applicable, determines that a proposed P&I Advance with respect to any Non-Serviced Mortgage Loan, if made, or any outstanding P&I Advance with respect to any Non-Serviced Mortgage Loan previously made, would be, or is, as applicable, a Nonrecoverable Advance, the Master Servicer or Trustee, as applicable, shall provide the Other Servicer (and any master servicer with respect to a commercial mortgage securitization holding another Non-Serviced Companion Loan related to such Non-Serviced Mortgage Loan, if any), the Other Special Servicer and Other Trustee with written notice of such determination, promptly and in any event within two (2) Business Days after such determination or such longer time period permitted by the applicable Intercreditor Agreement. If the Master Servicer receives written notice from an Other Servicer (or any master servicer with respect to a commercial mortgage securitization holding another Non-Serviced Companion Loan related to such Non-Serviced Mortgage Loan, if any) that it has determined, with respect to the related Non-Serviced Companion Loan, that any proposed advance of principal and/or interest with respect to the related Non-Serviced Companion Loan would be, or any outstanding advance of principal and interest is, a nonrecoverable advance of principal and/or interest, such determination shall not be binding on the Certificateholders, the Master Servicer or the Trustee; provided that, with respect to each Non-Serviced Whole Loan, each of the Master Servicer and the Trustee shall be entitled to conclusively rely on any such nonrecoverability determination.

If the Master Servicer receives notice from a Rating Agency that it is no longer approved as a master servicer for commercial mortgage securitizations, it shall promptly notify the Trustee, any Other Trustee, any Other Servicer and any other trustee or master servicer with respect to each commercial mortgage securitization that holds a Non-Serviced Companion Loan related to a Non-Serviced Mortgage Loan, if any.

(f) With respect to any Serviced Whole Loan that has a Serviced Companion Loan, the Master Servicer will be permitted to make its determination that it has made a P&I Advance on the related Mortgage Loan that is a Nonrecoverable P&I Advance or that any proposed P&I Advance, if made, would constitute a Nonrecoverable P&I Advance with respect to such Mortgage Loan in accordance with Section 4.07(a) independently of any determination made in respect of the related Serviced Companion Loan, by the master servicer under the related Other Pooling and Servicing Agreement. If the Master Servicer or Trustee, as applicable, determines that a proposed P&I Advance with respect to such Serviced Whole Loan, if made, or any outstanding P&I Advance with respect to any such Mortgage Loan previously made, would be, or is, as applicable, a Nonrecoverable Advance or if the Master Servicer or Trustee, as applicable, subsequently determines that a proposed Servicing Advance would be a Nonrecoverable Advance or an outstanding Servicing Advance is or would be a Nonrecoverable Advance, the Master Servicer or Trustee, as applicable, shall provide the Other Servicer, Other Special Servicer and the Other Trustee under each related Other Pooling and Servicing Agreement with written notice of such determination, promptly and in any event within two (2) Business Days after such determination or such longer time period permitted by the applicable Intercreditor Agreement. If the Master Servicer receives written notice from any master servicer under any such Other Pooling and Servicing Agreement that such master servicer has determined, with respect to the related Serviced Companion Loan, that any proposed advance of principal and/or interest with respect to such Serviced Companion Loan would be, or any outstanding advance of principal and interest is, a nonrecoverable advance of principal and/or interest, such determination shall not be binding on the Certificateholders, the Master Servicer or the Trustee; provided that, with respect to each Non-Serviced Whole Loan, each of the Master Servicer and the Trustee shall be entitled to conclusively rely on any such nonrecoverability determination.

(g) If the applicable Master Servicer receives notice from a Rating Agency that it is no longer approved as a master servicer for commercial mortgage securitizations, it shall promptly notify the Trustee, any Other Trustee, any Other Servicer and any other trustee or master servicer with respect to each commercial mortgage securitization that holds a Serviced Pari Passu Companion Loan related to any Serviced Whole Loan, if any.

(h) The Master Servicer or the Trustee, as applicable, shall be entitled to the reimbursement of P&I Advances it makes to the extent permitted pursuant to Section 3.06 of this Agreement together with any related Advance Interest Amount in respect of such P&I Advances to the extent permitted pursuant to Section 3.06 of this Agreement and the Master Servicer and the Special Servicer each hereby covenants and agrees to promptly seek and effect the reimbursement of such Advances from the related Borrowers to the extent permitted by applicable law and the related Mortgage Loan and this Agreement.

Section 4.08 Appraisal Reductions. (a) For purposes of (x) determining the Controlling Class (and whether a Control Termination Event has occurred and is continuing) and (y) determining the Voting Rights of the related Classes for purposes of removal of the Special Servicer, Appraisal Reduction Amounts allocated to the Mortgage Loans (or, in the case of the AB Whole Loan, that are allocable to the AB Mortgage Loan pursuant to the definition of “Appraisal Reduction Amount”) will be allocated to each Class of Sequential Pay Certificates (other than the Class [___], Class [___] and Class [___] Certificates) and the Class [PEZ] Regular

Interests in reverse sequential order to notionally reduce the related Certificate Balances until the Certificate Balance of each such Class of Certificates or Class [PEZ] Regular Interest is reduced to zero (*i.e.*, first, to the Class [] Certificates, second, to the Class [] Certificates, third, to the Class [] Certificates, fourth, to the Class [] Certificates, fifth, to the Class [] Certificates, sixth, to the Class [] Regular Interest (and correspondingly, the Class [] Certificates and the Class [] Component C, *pro rata* based on their respective percentage interests therein), seventh, to the Class [] Regular Interest (and correspondingly, the Class [] Certificates and the Class [] Component B, *pro rata* based on their respective percentage interests therein), eighth, to the Class [] Regular Interest (and correspondingly, the Class [] Certificates and the Class [] Component [], *pro rata* based on their respective percentage interests therein) and ninth, to the [SENIOR CLASS] Certificates, *pro rata*, based on their Certificate Balances).

For purposes of (x) determining the Loan Specific Directing Certificateholder (and whether a Loan Specific Control Appraisal Event has occurred and is continuing) and (y) determining the Voting Rights of the [LOAN SPECIFIC CLASS] Certificates for purposes of removal of the Special Servicer (with respect to the AB Whole Loan), Appraisal Reduction Amounts (that are allocable to the Trust Subordinate Companion Loan pursuant to the definition of “Appraisal Reduction Amount”) will be allocated to the [LOAN SPECIFIC CLASS] Certificates to notionally reduce the related Certificate Balance until the Certificate Balance of such Class is reduced to zero.

The Master Servicer shall notify the Certificate Administrator of the amount of any Appraisal Reduction Amount allocated to each Mortgage Loan or Serviced Whole Loan. Based on information in its possession, the Certificate Administrator shall determine from time to time which Class of Certificates is the Controlling Class. Promptly upon its determination of a change in the Controlling Class, the Certificate Administrator shall notify the Master Servicer, the Special Servicer and the Operating Advisor of such event, including the identity and contact information of the new Controlling Class Certificateholder (the cost of obtaining such information from the Depository being an expense of the Trust).

(b) The Holders of the majority (by Certificate Balance) of any Class of Control Eligible Certificates or, with respect to the AB Whole Loan, the Directing Certificateholder, whose aggregate Certificate Balance, as notionally reduced by Appraisal Reduction Amounts allocated thereto, is less than 25% of the initial Certificate Principal Balance of such Class (such Class, an “Appraised-Out Class”) as a result of an allocation of an Appraisal Reduction Amount in respect of such Class shall have the right, at their sole expense, to require the Special Servicer to order a second Appraisal of any Mortgage Loan for which an Appraisal Reduction Event has occurred (such Holders, the “Requesting Holders”), and use its reasonable efforts to obtain an Appraisal prepared on an “as-is” basis by an MAI appraiser reasonably acceptable to the Special Servicer within 30 days from receipt of the Requesting Holders’ written request. Any Appraised-Out Class for which the Requesting Holders are challenging the Appraisal Reduction Amount determination shall not exercise any rights of the Controlling Class until such time, if any, as such Class is reinstated as the Controlling Class and the rights of the Controlling Class will be exercised by the most senior Control Eligible Certificates, if any, during such period.

In addition, the Requesting Holders of any Appraised-Out Class shall have the right, at their sole expense, to require the Special Servicer to order an additional appraisal of any

Mortgage Loan for which an Appraisal Reduction Event has occurred if an event has occurred at or with regard to the related Mortgaged Property or Mortgaged Properties that would have a material effect on its appraised value, and the Special Servicer shall use reasonable efforts to obtain an Appraisal prepared on an “as-is” basis by an MAI appraiser reasonably acceptable to the Special Servicer within 60 days from receipt of the Requesting Holders’ written request; provided that the Special Servicer shall not be required to obtain such appraisal if it determines in accordance with the Servicing Standard that no events at or with regard to the related Mortgaged Property or Mortgaged Properties have occurred that would have a material effect on the appraised value of the related Mortgaged Property or Mortgaged Properties. The right of the holders of an Appraised-Out Class to require the Special Servicer to order an additional appraisal as described in this paragraph shall be limited to no more frequently than once in any 9-month period with respect to any Mortgage Loan.

Upon receipt of any such second Appraisal, the Special Servicer shall determine, in accordance with the Servicing Standard, whether, based on its assessment of such second Appraisal, any recalculation of the Appraisal Reduction Amount is warranted and, if so warranted shall direct the Master Servicer to, and the Master Servicer shall, recalculate such Appraisal Reduction Amount based upon such second Appraisal. If required by any such recalculation, the Appraised-Out Class shall be reinstated as the Controlling Class.

Appraisals that are permitted to be obtained by the Special Servicer at the request of holders of an Appraised-Out Class shall be in addition to any appraisals that the Special Servicer may otherwise be required to obtain in accordance with the Servicing Standard or this Agreement without regard to any appraisal requests made by any holder of an Appraised-Out Class.

(c) An appraisal for any Mortgage Loan that has not been brought current for at least three consecutive Periodic Payments (or paid in full, liquidated, repurchased or otherwise disposed of) will be updated (i) every 9 months and (ii) upon the Special Servicer’s determination that the value of the related Mortgaged Property has materially changed, in each case, for so long as an Appraisal Reduction Event exists.

(d) Notwithstanding the foregoing, within 60 days after an Appraisal Reduction Event (or in the case of an Appraisal Reduction Event occurring by reason of clause (ii) of the definition thereof, within 30 days of such Appraisal Reduction Event) (i) with respect to Mortgage Loans (other than Non-Serviced Mortgage Loans) or applicable Serviced Whole Loans having a Stated Principal Balance of \$2,000,000 or higher, the Special Servicer shall order and use commercially reasonable efforts to obtain an Updated Appraisal or (ii) with respect to Mortgage Loans (other than Non-Serviced Mortgage Loans) or applicable Serviced Whole Loans having a Stated Principal Balance of less than \$2,000,000, the Special Servicer, at its option, shall (A) provide a Small Loan Appraisal Estimate within the same time period as an Appraisal would otherwise be required and such Small Loan Appraisal Estimate shall be used in lieu of an Updated Appraisal to calculate the Appraisal Reduction Amount for such Mortgage Loans or applicable Serviced Whole Loans; or (B) order and use commercially reasonable efforts to obtain an Updated Appraisal.

(e) The Master Servicer shall deliver by electronic mail to the Special Servicer any information in its possession that is reasonably required to determine, calculate,

redetermine or recalculate any Appraisal Reduction Amount, using reasonable efforts to deliver such information, within four (4) Business Days following the Special Servicer's reasonable request therefor (which request shall be made promptly, but in no event later than ten (10) Business Days, after the Special Servicer's receipt of the applicable Appraisal or preparation of the applicable internal valuation); provided, the Special Servicer's failure to timely make such request shall not relieve the Master Servicer of its obligation to use reasonable efforts to provide such information to the Special Servicer within four (4) Business Days following the Special Servicer's reasonable request.

On the first Distribution Date occurring at least 10 Business Days after the delivery of an Updated Appraisal or completion of a Small Loan Appraisal Estimate, as applicable, the Master Servicer shall adjust the Appraisal Reduction Amount to take into account such Updated Appraisal or Small Loan Appraisal Estimate, as applicable, obtained from the Special Servicer. Each Appraisal Reduction Amount shall also be adjusted to take into account any subsequent Small Loan Appraisal Estimate or Updated Appraisal, as applicable, and any letter updates, as of the date of each such subsequent Small Loan Appraisal Estimate, Updated Appraisal or letter update, as applicable.

Section 4.09 Grantor Trust Reporting. (a) The Certificate Administrator shall maintain adequate books and records to account for the separate entitlements of the Grantor Trust.

(b) The parties intend that the Grantor Trust shall be treated as a "grantor trust" under the Code, and the provisions thereof shall be interpreted consistently with this intention. In furtherance of such intention, none of the Depositor, the Master Servicer, the Special Servicer, the Trustee or the Certificate Administrator shall vary the assets of the Grantor Trust so as to take advantage of market fluctuations or so as to improve the rate of return of the Exchangeable Certificates or the [ARD CLASS] Certificates, and shall otherwise comply with Treasury Regulations Section 301.7701-4(c). The Certificate Administrator shall prepare or cause to be prepared and timely produced to the Trustee to sign (and the Trustee shall timely sign) and file or cause to be filed with the IRS, on behalf of the Grantor Trust, an application for a taxpayer identification number for the Grantor Trust on IRS Form SS-4 or obtain such number by other permissible means. The Certificate Administrator shall file or cause to be filed with the IRS Form 1041 (or, if the Grantor Trust is a WHFIT, information will be provided on Form 1099) or such other form as may be applicable and shall furnish or cause to be furnished to the Holders of (i) the [ARD CLASS] Certificates their allocable share of income and expense with respect to the [ARD CLASS] Specific Grantor Trust Assets and proceeds thereof, as such amounts are received or accrue, as applicable and (ii) the Classes of Exchangeable Certificates their allocable share of income and expense with respect to the Class [] Specific Grantor Trust Assets, the Class [] Specific Grantor Trust Assets, the Class [] Specific Grantor Trust Assets and the Class [PEZ] Specific Grantor Trust Assets and proceeds thereof, respectively, as such amounts are received or accrue, as applicable.

(c) (i) The Grantor Trust will be treated as a WHFIT that is a WHMT. The Certificate Administrator shall report as required under the WHFIT Regulations to the extent such information as is reasonably necessary to enable the Certificate Administrator to do so is provided to the Certificate Administrator on a timely basis. With respect to each Class of Exchangeable Certificates and the [ARD CLASS] Certificates, the Certificate Administrator is

hereby directed to assume that DTC is the only “Middleman” as defined by the WHFIT Regulations unless it has actual knowledge to the contrary or the Depositor provides the Certificate Administrator with the identities or other “Middleman” who are Certificateholders. The Certificate Administrator shall not be liable for any tax reporting penalties that may arise under the WHFIT Regulations, and shall be entitled to indemnification in accordance with the terms of this Agreement in the event that the IRS makes a determination that such notice is incorrect.

(ii) The Certificate Administrator, in its discretion, shall report required WHFIT information using either the cash or accrual method, except to the extent the WHFIT Regulations specifically require a different method. The Certificate Administrator shall be under no obligation to determine whether any Certificateholder uses the cash or accrual method. The Certificate Administrator shall make available (via the Certificate Administrator’s Website) WHFIT information to Certificateholders annually. In addition, the Certificate Administrator shall not be responsible or liable for providing subsequently amended, revised or updated information to any Certificateholder, unless requested by the Certificateholder.

(iii) The Certificate Administrator shall not be liable for failure to meet the reporting requirements of the WHFIT Regulations nor for any penalties thereunder if such failure is due to: (i) the lack of reasonably necessary information being provided to the Certificate Administrator or (ii) incomplete, inaccurate or untimely information being provided to the Certificate Administrator. Each owner of a class of securities representing, in whole or in part, beneficial ownership of an interest in a WHFIT, by acceptance of its interest in such class of securities, will be deemed to have agreed to provide the Certificate Administrator with information regarding any sale of such securities, including the price, amount of proceeds and date of sale. Absent receipt of information regarding any sale of Certificates, including the price, amount of proceeds and date of sale from the beneficial owner thereof or the Depositor, the Certificate Administrator shall assume there is no secondary market trading of WHFIT interests.

(iv) To the extent required by the WHFIT Regulations, the Certificate Administrator shall use reasonable efforts to publish on the Certificate Administrator’s Website the CUSIPs for the Certificates that represent ownership of a WHFIT. The CUSIPs so published will represent the Rule 144A CUSIPs. The Certificate Administrator shall make reasonable good faith efforts to keep the website accurate and updated to the extent CUSIPs have been received. Absent the receipt of a CUSIP, the Certificate Administrator will use a reasonable identifier number in lieu of a CUSIP. The Certificate Administrator shall not be liable for investor reporting delays that result from the receipt of inaccurate or untimely CUSIP information.

ARTICLE V

THE CERTIFICATES

Section 5.01 The Certificates. (a) The Certificates consist of the Class [] Certificates, the Class [] Certificates, the Class [] Certificates, the Class [] Certificates,

The Class [], Class [], Class [], Class [], Class [], Class [], Class [], Class [], Class [], Class [], Class [], Class [], Class [], Class [], Class [], Class [], Class [], Class [R] and Class [] Certificates will be substantially in the forms for such Class of Certificates as set forth next to such Classes in the Table of Exhibits to this Agreement. The Certificates of each Class (other than the [ARD CLASS] and Class [R] Certificates) will be issuable in registered form only, in minimum denominations of authorized Certificate Balance or Notional Amount, as applicable, as described in the succeeding table, and multiples of \$1 in excess thereof (or such lesser amount if the Certificate Balance or Notional Amount, as applicable, is not a multiple of \$1). With respect to any Certificate or any beneficial interest in a Certificate, the “Denomination” thereof shall be (i) the amount (A) set forth on the face thereof or (B) in the case of any Global Certificate, set forth on a schedule attached thereto or, in the case of any beneficial interest in a Global Certificate, the amount set forth on the books and records of the related Depository Participant or indirect participating brokerage firm, as applicable, (ii) expressed in terms of Certificate Balance or Notional Amount, as applicable, and (iii) be in an authorized denomination, as set forth below.

Class	Minimum Denomination	Aggregate Denomination of all Certificates of Class
-------	----------------------	---

-338-

Class [PEZ] Certificates is equal to the aggregate of the initial Certificate Balance of the Class [___], Class [___] and Class [___] Certificates and represents the maximum Certificate Balance of the Class [___] Certificates that could be issued in an exchange. The Certificate Balances of the Class [___], Class [___] and Class [___] Certificates to be issued on the Closing Date will be reduced, in required proportions, by an amount equal to the Certificate Balance of the Class [PEZ] Certificates issued on the Closing Date.

(2) The Class [PEZ] Certificates do not have a minimum Denomination. However, in connection with an exchange of Class [___], Class [___] and Class [___] Certificates for Class [PEZ] Certificates and vice versa, each of the Class [___], Class [___] and Class [___] Certificates exchanged (whether surrendered or received) in such exchange shall be in denominations no smaller than the minimum Denominations set forth in this table.

Each Certificate will share ratably in all rights of the related Class.

The [ARD CLASS] and Class [R] Certificates will each be issuable in one or more Individual Certificates in minimum denominations of 5% Percentage Interests and integral multiples of a 1% Percentage Interest in excess thereof and together aggregating the entire 100% Percentage Interest in each such Class.

The Global Certificates shall be issued as one or more certificates registered in the name of a nominee designated by the Depository, and Certificate Owners shall hold interests in the Global Certificates through the book-entry facilities of the Depository in the minimum Denominations and aggregate Denominations and Classes as set forth above.

The Global Certificates shall in all respects be entitled to the same benefits under this Agreement as Individual Certificates authenticated and delivered hereunder.

(b) Except insofar as pertains to any Individual Certificate, the Trust Fund, the Certificate Administrator, the Paying Agent and the Trustee may for all purposes (including the making of payments due on the Global Certificates and the giving of notice to Holders thereof) deal with the Depository as the authorized representative of the Certificate Owners with respect to the Global Certificates for the purposes of exercising the rights of Certificateholders hereunder; provided, that, for purposes of transmitting communications pursuant to Section 5.05(a) of this Agreement, to the extent that the Depositor has provided the Certificate Administrator with the names of Certificate Owners (even if such Certificateholders hold their Certificates through the Depository) the Certificate Administrator shall provide such information to such Certificate Owners directly. The rights of Certificate Owners with respect to Global Certificates shall be limited to those established by law and agreements between such Certificateholders and the Depository and Depository Participants. Except as set forth in Section 5.01(e) below, Certificate Owners of Global Certificates shall not be entitled to physical certificates for the Global Certificates as to which they are the Certificate Owners. Requests and directions from, and votes of, the Depository as Holder of the Global Certificates shall not be deemed inconsistent if they are made with respect to different Certificate Owners. Subject to the restrictions on transfer set forth in this Section 5.01 of this Agreement and Applicable Procedures, the holder of a beneficial interest in a Private Global Certificate may request that the Certificate Administrator cause the Depository (or any Agent Member) to notify the Certificate Registrar and the Certificate Custodian in writing of a request for transfer or exchange of such beneficial interest for an Individual Certificate or Certificates. Upon receipt of such a request and payment by the related Certificate Owner of any attendant expenses, the Certificate Administrator shall cause the issuance and delivery of such Individual Certificates. The

Certificate Registrar may establish a reasonable record date in connection with solicitations of consents from or voting by Certificateholders and give notice to the Depository of such record date. Without the written consent of the Certificate Registrar, no Global Certificate may be transferred by the Depository except to a successor Depository that agrees to hold the Global Certificates for the account of the Certificate Owners.

(c) Any of the Certificates may be issued with appropriate insertions, omissions, substitutions and variations, and may have imprinted or otherwise reproduced thereon such legend or legends, not inconsistent with the provisions of this Agreement, as may be required to comply with any law or with rules or regulations pursuant thereto, or with the rules of any securities market in which the Certificates are admitted to trading, or to conform to general usage.

(d) The Global Certificates (i) shall be delivered by the Certificate Registrar to the Depository or, pursuant to the Depository's instructions on behalf of the Depository to, and deposited with, the Certificate Custodian, and in either case shall be registered in the name of Cede & Co. and (ii) shall bear a legend substantially to the following effect:

“Unless this certificate is presented by an authorized representative of The Depository Trust Company, a New York corporation (“DTC”), to the Certificate Registrar for registration of transfer, exchange or payment, and any certificate issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the registered owner hereof, Cede & Co., has an interest herein.”

The Global Certificates may be deposited with such other Depository as the Certificate Registrar may from time to time designate, and shall bear such legend as may be appropriate.

(e) If (i) the Depository advises the Certificate Administrator in writing that the Depository is no longer willing or able properly to discharge its responsibilities as Depository, and the Certificate Administrator and the Depositor are unable to locate a qualified successor within 90 days of such notice or (ii) the Trustee has instituted or has been directed to institute any judicial proceeding to enforce the rights of the Holders of such Class and the Trustee has been advised by counsel that in connection with such proceeding it is necessary or appropriate for the Certificate Registrar to obtain possession of the Certificates of such Class, the Certificate Administrator shall notify the affected Certificate Owner or Owners through the Depository of the occurrence of such event and the availability of Individual Certificates to such Certificate Owners requesting them. Upon surrender to the Certificate Administrator of Global Certificates by the Depository, accompanied by registration instructions from the Depository for registration of transfer, the Certificate Administrator shall issue the Individual Certificates. Neither the Trustee, the Certificate Administrator, the Certificate Registrar, the Master Servicer, the Special Servicer nor the Depositor shall be liable for any actions taken by the Depository or

its nominee, including, without limitation, any delay in delivery of such instructions. Upon the issuance of Individual Certificates, the Trustee, the Certificate Administrator, the Certificate Registrar and the Master Servicer shall recognize the Holders of Individual Certificates as Certificateholders hereunder.

(f) If the Trustee, its agents, the Certificate Administrator, its agents or the Master Servicer or Special Servicer have instituted or have been directed to institute any judicial proceeding in a court to enforce the rights of the Certificateholders under the Certificates, and the Trustee, the Certificate Administrator, the Master Servicer or the Special Servicer have been advised by counsel that in connection with such proceeding it is necessary or appropriate for the Trustee, the Certificate Administrator, the Master Servicer or the Special Servicer to obtain possession of the Certificates, the Trustee, the Certificate Administrator, the Master Servicer or the Special Servicer may in their sole discretion determine that the Certificates represented by the Global Certificates shall no longer be represented by such Global Certificates. In such event, the Certificate Administrator or the Authenticating Agent will execute and authenticate and the Certificate Registrar will deliver, in exchange for such Global Certificates, Individual Certificates (and if the Certificate Administrator or the Certificate Custodian has in its possession Individual Certificates previously executed, the Authenticating Agent will authenticate and the Certificate Registrar will deliver such Certificates) in a Denomination equal to the aggregate Denomination of such Global Certificates.

(g) If the Trust Fund ceases to be subject to Section 13 or 15(d) of the Exchange Act, the Certificate Administrator shall make available to each Holder and Certificate Owner of a Class of Certificates, upon request of such a Holder, information, to the extent such information is in its possession, substantially equivalent in scope to the information currently filed by the Certificate Administrator with the Commission pursuant to the Exchange Act, plus additional information required to be provided for securities qualifying for resales under Rule 144A under the Act.

For so long as the [ARD CLASS] or Class [R] Certificates remain outstanding, none of the Depositor, the Trustee or the Certificate Registrar shall take any action which would cause the Trust Fund to fail to be subject to Section 15(d) of the Exchange Act.

(h) Each Certificate may be printed or in typewritten or similar form, and each Certificate shall, upon original issue, be executed and authenticated by the Certificate Administrator or the Authenticating Agent and delivered to, or at the order of, the Depositor. All Certificates shall be executed by manual or facsimile signature on behalf of the Certificate Administrator or Authenticating Agent by an authorized officer or signatory. Certificates bearing the signature of an individual who was at any time the proper officer or signatory of the Certificate Administrator or Authenticating Agent shall bind the Certificate Administrator or Authenticating Agent, notwithstanding that such individual has ceased to hold such office or position prior to the delivery of such Certificates or did not hold such office or position at the date of such Certificates. No Certificate shall be entitled to any benefit under this Agreement, or be valid for any purpose, unless there appears on such Certificate a certificate of authentication in the form set forth in Exhibits A-1 through A-[24] executed by the Authenticating Agent by manual signature, and such certificate of authentication upon any Certificate shall be conclusive evidence, and the only evidence, that such Certificate has been duly authenticated and delivered hereunder. All Certificates shall be dated the date of their authentication.

(i) If, in connection with any Distribution Date, the Certificate Administrator shall have reported the amount of an anticipated distribution to the Depository based on the expected receipt of any monthly payment based on information set forth in any report of the Master Servicer or the Special Servicer, or any other monthly payment, Balloon Payment or prepayment expected to be or which is paid on the last two Business Days preceding such Distribution Date, and the related Borrower fails to make such payments at such time, the Certificate Administrator shall use commercially reasonable efforts to cause the Depository to make the revised distribution on a timely basis on such Distribution Date. The Trustee, the Certificate Administrator (in any of its capacities), the Operating Advisor, the Asset Representations Reviewer, the Master Servicer and the Special Servicer shall not be liable or held responsible for any resulting delay (or claims by the Depository resulting therefrom) in the making of such distribution to Certificateholders. Any out-of-pocket costs incurred by the Certificate Administrator as a consequence of a Borrower failing to make such payments shall be reimbursable to the Certificate Administrator as an expense of the Trust Fund.

Section 5.02 Registration, Transfer and Exchange of Certificates. (a) The Certificate Administrator shall keep or cause to be kept at its offices books (the “Certificate Register”) for the registration, transfer and exchange of Certificates (the Certificate Administrator, in such capacity, being the “Certificate Registrar”). The Depositor, the Trustee, the Master Servicer and the Special Servicer shall have the right to inspect the Certificate Register or to obtain a copy thereof at all reasonable times, and to rely conclusively upon a certificate of the Certificate Registrar as to the information set forth in the Certificate Register. The names and addresses of all Certificateholders and the names and addresses of the transferees of any Certificates shall be registered in the Certificate Register; provided, in no event shall the Certificate Registrar be required to maintain in the Certificate Register the names of the individual Participants holding beneficial interests in the Trust Fund through the Depository. The Person in whose name any Certificate is so registered shall be deemed and treated as the sole owner and Holder thereof for all purposes of this Agreement and the Depositor, Certificate Registrar, the Master Servicer, Special Servicer, the Trustee, the Certificate Administrator, any Paying Agent and any agent of any of them shall not be affected by any notice or knowledge to the contrary. An Individual Certificate is transferable or exchangeable only upon the surrender of such Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements of Section 5.01(h) and Sections 5.02(c), (d), (e), (f), (g), (h) and (i) of this Agreement. Upon request of the Certificate Administrator, the Certificate Registrar shall provide the Certificate Administrator with the names, addresses and Percentage Interests of the Holders.

(b) Upon surrender for registration of transfer of any Individual Certificate, subject to the requirements of Sections 5.02(c), (d), (e), (f), (g), (h) and (i) of this Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in Denominations of a like aggregate Denomination as the Individual Certificate being surrendered. Such Certificates shall be delivered by the Certificate Registrar in accordance with Section 5.02(e) of this Agreement. Each Certificate surrendered for registration of transfer shall be canceled and subsequently destroyed by the Certificate Registrar. Each new Certificate issued pursuant to this Section 5.02 shall be registered in the name of any Person as the transferring

Holder may request, subject to the provisions of Sections 5.01(h) and 5.02(c), (d), (e), (f), (g), (h) and (i) of this Agreement.

(c) In addition to the provisions of Sections 5.01(h) and 5.02(d), (e), (f), (g), (h) and (i) of this Agreement and the rules of the Depository, the exchange, transfer and registration of transfer of Private Certificates that are Individual Certificates or beneficial interests in the Private Global Certificates shall be subject to the following restrictions:

(i) Transfers between Holders of Individual Certificates. With respect to the transfer and registration of transfer of an Individual Certificate representing an interest in a Class of Private Certificates to a transferee that takes delivery in the form of an Individual Certificate (other than transfers of the [ARD CLASS] or Class [R] Certificates, which may be made only in accordance with Section 5.02(i) of this Agreement):

(A) Other than the initial transfer from the Initial Purchasers to an initial investor, the Certificate Registrar shall register the transfer of such Individual Certificate if the requested transfer is being made by a transferee who has provided the Certificate Registrar with an Investment Representation Letter substantially in the form of Exhibit D-1 to this Agreement (an “Investment Representation Letter”), to the effect that the transfer is being made to a Qualified Institutional Buyer in accordance with Rule 144A;

(B) The Certificate Registrar shall register the transfer of such Individual Certificate pursuant to Regulation S after the expiration of the Restricted Period if (1) the transferor has provided the Certificate Registrar with a Regulation S Transfer Certificate substantially in the form of Exhibit G to this Agreement (a “Regulation S Transfer Certificate”), and (2) the transferee furnishes to the Certificate Registrar an Investment Representation Letter; or

(C) The Certificate Registrar shall register the transfer of such Individual Certificate if prior to the transfer such transferee furnishes to the Certificate Registrar (1) an Investment Representation Letter to the effect that the transfer is being made to an Institutional Accredited Investor or to an Affiliated Person in accordance with an applicable exemption under the Act, and (2) in the case of a transfer to an Affiliated Person, an opinion of counsel acceptable to the Certificate Registrar that such transfer is in compliance with the Act;

and, in each case, the Certificate Registrar shall register the transfer of such Individual Certificate only if prior to the transfer the transferee furnishes to the Certificate Registrar a written undertaking by the transferor to reimburse the Trust Fund for any costs incurred by it in connection with the proposed transfer. In addition, the Certificate Registrar may, as a condition of the registration of any such transfer, require the transferor to furnish such other certificates, legal opinions or other information (at the transferor’s expense) as the Certificate Registrar may reasonably require to confirm that the proposed transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Act and other applicable laws.

(ii) Transfers within the Private Global Certificates. Notwithstanding any provision to the contrary herein, so long as a Private Global Certificate remains outstanding and is held by or on behalf of the Depository, transfers within such Global Certificate shall only be made in accordance with this Section 5.02(c)(ii).

(A) Rule 144A Global Certificate to Regulation S Global Certificate During the Restricted Period. If, during the Restricted Period, a Certificate Owner of an interest in a Rule 144A Global Certificate wishes at any time to transfer its beneficial interest in such Rule 144A Global Certificate to a Person who wishes to take delivery thereof in the form of a beneficial interest in the related Regulation S Global Certificate, such Certificate Owner may, in addition to complying with all applicable rules and procedures of the Depository and Clearstream or Euroclear applicable to transfers by their respective participants (the “Applicable Procedures”), transfer or cause the transfer of such beneficial interest for an equivalent beneficial interest in such Regulation S Global Certificate only upon compliance with the provisions of this Section 5.02(c)(ii)(A). Upon receipt by the Certificate Registrar at the Corporate Trust Office of (1) written instructions given in accordance with the Applicable Procedures from an Agent Member directing the Certificate Registrar to credit or cause to be credited to another specified Agent Member’s account a beneficial interest in the Regulation S Global Certificate in an amount equal to the Denomination of the beneficial interest in the Rule 144A Global Certificate to be transferred, (2) a written order given in accordance with the Applicable Procedures containing information regarding the account of the Agent Member and the Euroclear or Clearstream account, as the case may be, to be credited with, and the account of the Agent Member to be debited for, such beneficial interest, and (3) a certificate in the form of Exhibit H to this Agreement given by the Certificate Owner of such interest, the Certificate Registrar shall instruct the Depository or the Certificate Custodian, as applicable, to reduce the Denomination of the Rule 144A Global Certificate by the Denomination of the beneficial interest in the Rule 144A Global Certificate to be so transferred and, concurrently with such reduction, to increase the Denomination of the Regulation S Global Certificate by the Denomination of the beneficial interest in the Rule 144A Global Certificate to be so transferred, and to credit or cause to be credited to the account of the Person specified in such instructions (who shall be an Agent Member acting for or on behalf of Euroclear or Clearstream, or both, as the case may be) a beneficial interest in the Regulation S Global Certificate having a Denomination equal to the amount by which the Denomination of the Rule 144A Global Certificate was reduced upon such transfer.

(B) Rule 144A Global Certificate to Regulation S Global Certificate After the Restricted Period. If, after the Restricted Period, a Certificate Owner of an interest in a Rule 144A Global Certificate wishes at any time to transfer its beneficial interest in such Rule 144A Global Certificate to a Person who wishes to take delivery thereof in the form of a beneficial interest in the related Regulation S Global Certificate, such holder may, in addition to complying with all Applicable Procedures, transfer or cause the transfer of such beneficial interest for

an equivalent beneficial interest in such Regulation S Global Certificate only upon compliance with the provisions of this Section 5.02(c)(ii)(B). Upon receipt by the Certificate Registrar at the Corporate Trust Office of (1) written instructions given in accordance with the Applicable Procedures from an Agent Member directing the Certificate Registrar to credit or cause to be credited to another specified Agent Member's account a beneficial interest in the Regulation S Global Certificate in an amount equal to the Denomination of the beneficial interest in the Rule 144A Global Certificate to be transferred, (2) a written order given in accordance with the Applicable Procedures containing information regarding the account of the Agent Member and, in the case of a transfer pursuant to and in accordance with Regulation S, the Euroclear or Clearstream account, as the case may be, to be credited with, and the account of the Agent Member to be debited for, such beneficial interest, and (3) a certificate in the form of Exhibit I to this Agreement given by the Certificate Owner of such interest, the Certificate Registrar shall instruct the Depository or the Certificate Custodian, as applicable, to reduce the Denomination of the Rule 144A Global Certificate by the aggregate Denomination of the beneficial interest in the Rule 144A Global Certificate to be so transferred and, concurrently with such reduction, to increase the Denomination of the Regulation S Global Certificate by the aggregate Denomination of the beneficial interest in the Rule 144A Global Certificate to be so transferred, and to credit or cause to be credited to the account of the Person specified in such instructions a beneficial interest in the Regulation S Global Certificate having a Denomination equal to the amount by which the Denomination of the Rule 144A Global Certificate was reduced upon such transfer.

(C) Regulation S Global Certificate to Rule 144A Global Certificate. If the Certificate Owner of an interest in a Regulation S Global Certificate wishes at any time to transfer its beneficial interest in such Regulation S Global Certificate to a Person who wishes to take delivery thereof in the form of a beneficial interest in the related Rule 144A Global Certificate, such Certificate Owner may, in addition to complying with all Applicable Procedures, transfer or cause the transfer of such beneficial interest for an equivalent beneficial interest in such Rule 144A Global Certificate only upon compliance with the provisions of this Section 5.02(c)(ii)(C). Upon receipt by the Certificate Registrar at the Corporate Trust Office of (1) written instructions given in accordance with the Applicable Procedures from an Agent Member directing the Certificate Registrar to credit or cause to be credited to another specified Agent Member's account a beneficial interest in the Rule 144A Global Certificate in an amount equal to the Denomination of the beneficial interest in the Regulation S Global Certificate to be transferred, (2) a written order given in accordance with the Applicable Procedures containing information regarding the account of the Agent Member to be credited with, and the account of the Agent Member or, if such account is held for Euroclear or Clearstream, the Euroclear or Clearstream account, as the case may be, to be debited for, such beneficial interest, and (3) with respect to a transfer of a beneficial interest in a Regulation S Global Certificate for a beneficial interest in the related Rule 144A Global Certificate (i) during the

Restricted Period, a certificate in the form of Exhibit J to this Agreement given by the holder of such beneficial interest or (ii) after the Restricted Period, an Investment Representation Letter from the transferee to the effect that such transferee is a Qualified Institutional Buyer, the Certificate Registrar shall instruct the Depository or the Certificate Custodian, as applicable, to reduce the Denomination of the Regulation S Global Certificate by the aggregate Denomination of the beneficial interest in the Regulation S Global Certificate to be transferred, and, concurrently with such reduction, to increase the Denomination of the Rule 144A Global Certificate by the aggregate Denomination of the beneficial interest in the Regulation S Global Certificate to be so transferred, and to credit or cause to be credited to the account of the Person specified in such instructions a beneficial interest in such Rule 144A Global Certificate having a Denomination equal to the amount by which the Denomination of the Regulation S Global Certificate was reduced upon such transfer.

(iii) Transfers from the Private Global Certificates to Individual Certificates. Any and all transfers from a Private Global Certificate to a transferee wishing to take delivery in the form of an Individual Certificate will require the transferee to take delivery subject to the restrictions on the transfer of such Individual Certificate described in a legend set forth on the face of such Certificate substantially in the form of Exhibit F to this Agreement (the “Securities Legend”), and such transferee agrees that it will transfer such Individual Certificate only as provided therein and herein. No such transfer shall be made and the Certificate Registrar shall not register any such transfer unless such transfer is made in accordance with this Section 5.02(c)(iii).

(A) Transfers of a beneficial interest in a Private Global Certificate to an Institutional Accredited Investor will require delivery in the form of an Individual Certificate and the Certificate Registrar shall register such transfer only upon compliance with the provisions of Section 5.02(c)(i)(C) of this Agreement.

(B) Transfers of a beneficial interest in a Private Global Certificate to a Qualified Institutional Buyer or a Regulation S Investor wishing to take delivery in the form of an Individual Certificate will be registered by the Certificate Registrar only upon compliance with the provisions of Section 5.02(c)(i)(A) or (B) of this Agreement, respectively.

(C) Notwithstanding the foregoing, no transfer of a beneficial interest in a Regulation S Global Certificate to an Individual Certificate pursuant to Subparagraph (B) above shall be made prior to the expiration of the Restricted Period.

Upon acceptance for exchange or transfer of a beneficial interest in a Private Global Certificate for an Individual Certificate, as provided herein, the Certificate Registrar shall endorse on the schedule affixed to the related Private Global Certificate (or on a continuation of such schedule affixed to such Private Global Certificate and made a part thereof) an appropriate notation evidencing the date of such exchange or transfer and a decrease in the Denomination of such Private Global Certificate equal to the

Denomination of such Individual Certificate issued in exchange therefor or upon transfer thereof. Unless determined otherwise by the Certificate Registrar and the Depositor in accordance with applicable law, an Individual Certificate issued upon transfer of or exchange for a beneficial interest in the Private Global Certificate shall bear the Securities Legend.

(iv) Transfers of Individual Certificates to the Private Global Certificates. If a Holder of an Individual Certificate wishes at any time to transfer such Certificate to a Person who wishes to take delivery thereof in the form of a beneficial interest in the related Regulation S Global Certificate or the related Rule 144A Global Certificate, such transfer may be effected only in accordance with the Applicable Procedures and this Section 5.02(c)(iv). Upon receipt by the Certificate Registrar at the Corporate Trust Office of (1) the Individual Certificate to be transferred with an assignment and transfer pursuant to Section 5.05(a) of this Agreement, (2) written instructions given in accordance with the Applicable Procedures from an Agent Member directing the Certificate Registrar to credit or cause to be credited to a specified Agent Member's account a beneficial interest in such Regulation S Global Certificate or such Rule 144A Global Certificate, as the case may be, in an amount equal to the Denomination of the Individual Certificate to be so transferred, (3) a written order given in accordance with the Applicable Procedures containing information regarding the account of the Agent Member and, in the case of any transfer pursuant to Regulation S, the Euroclear or Clearstream account, as the case may be, to be credited with such beneficial interest, and (4) (x) an Investment Representation Letter from the transferee and, if delivery is to be taken in the form of a beneficial interest in the Regulation S Global Certificate, a Regulation S Transfer Certificate from the transferor or (y) an Investment Representation Letter from the transferee to the effect that such transferee is a Qualified Institutional Buyer if delivery is to be taken in the form of a beneficial interest in the Rule 144A Global Certificate, the Certificate Registrar shall cancel such Individual Certificate, execute and deliver a new Individual Certificate for the Denomination of the Individual Certificate not so transferred, registered in the name of the Holder or the Holder's transferee (as instructed by the Holder), and the Certificate Registrar shall instruct the Depository or the Certificate Custodian, as applicable, to increase the Denomination of the Regulation S Global Certificate or the Rule 144A Global Certificate, as the case may be, by the Denomination of the Individual Certificate to be so transferred, and to credit or cause to be credited to the account of the Person specified in such instructions who, in the case of any increase in the Regulation S Global Certificate during the Restricted Period, shall be an Agent Member acting for or on behalf of Euroclear or Clearstream, or both, as the case may be, a corresponding Denomination of the Rule 144A Global Certificate or the Regulation S Global Certificate, as the case may be.

It is the intent of the foregoing that under no circumstances may an Institutional Accredited Investor that is not a Qualified Institutional Buyer take delivery in the form of a beneficial interest in a Private Global Certificate, other than the initial transfer from the Initial Purchasers to an initial investor.

(v) All Transfers. An exchange of a beneficial interest in a Global Certificate for an Individual Certificate or Certificates, an exchange of an Individual Certificate or

Certificates for a beneficial interest in a Global Certificate and an exchange of an Individual Certificate or Certificates for another Individual Certificate or Certificates (in each case, whether or not such exchange is made in anticipation of subsequent transfer, and, in the case of the Global Certificates, so long as the Global Certificates remain outstanding and are held by or on behalf of the Depository), may be made only in accordance with this Section 5.02 and in accordance with the rules of the Depository and Applicable Procedures.

(d) If Certificates are issued upon the transfer, exchange or replacement of Certificates not bearing the Securities Legend, the Certificates so issued shall not bear the Securities Legend. If Certificates are issued upon the transfer, exchange or replacement of Certificates bearing the Securities Legend, or if a request is made to remove the Securities Legend on a Certificate, the Certificates so issued shall bear the Securities Legend, or the Securities Legend shall not be removed, as the case may be, unless there is delivered to the Certificate Registrar such satisfactory evidence, which may include an opinion of counsel (at the expense of the party requesting the removal of such legend) familiar with United States securities laws, as may be reasonably required by the Certificate Registrar, that neither the Securities Legend nor the restrictions on transfers set forth therein are required to ensure that transfers of any Certificate comply with the provisions of Rule 144A or Rule 144 under the Act or that such Certificate is not a “restricted security” within the meaning of Rule 144 under the Act. Upon provision of such satisfactory evidence, the Certificate Registrar shall execute and deliver a Certificate that does not bear the Securities Legend.

(e) Subject to the restrictions on transfer and exchange set forth in Section 5.01(i) and in this Section 5.02, the Holder of any Individual Certificate may transfer or exchange the same in whole or in part (with a denomination equal to any authorized denomination) by surrendering such Certificate at the office of the Certificate Administrator or at the office of any transfer agent appointed as provided under this Agreement, together with an instrument of assignment or transfer (executed by the Holder or its duly authorized attorney), in the case of transfer, and a written request for exchange, in the case of exchange. Following a proper request for transfer or exchange, the Certificate Registrar shall, within five Business Days of such request if made at such office of the Certificate Administrator or within ten Business Days if made at the office of a transfer agent (other than the Certificate Registrar), execute and deliver at the office of the Certificate Administrator or at the office of such transfer agent, as the case may be, to the transferee (in the case of transfer) or Holder (in the case of exchange) or send by first-class mail (at the risk of the transferee in the case of transfer or Holder in the case of exchange) to such address as the transferee or Holder, as applicable, may request, an Individual Certificate or Certificates, as the case may require, for a like aggregate Denomination and in such Denomination or Denominations as may be requested. The presentation for transfer or exchange of any Individual Certificate shall not be valid unless made at the office of the Certificate Administrator or at the office of a transfer agent by the registered Holder in person, or by a duly authorized attorney-in-fact. The Certificate Registrar may decline to accept any request for an exchange or registration of transfer of any Certificate during the period of 15 days preceding any Distribution Date.

(f) An Individual Certificate (other than an Individual Certificate issued in exchange for a beneficial interest in a Global Certificate pursuant to Section 5.01 of this

Agreement) or a beneficial interest in a Private Global Certificate may only be transferred to Eligible Investors, as described herein. In the event that a Responsible Officer of the Certificate Registrar has actual knowledge that such an Individual Certificate or beneficial interest in a Private Global Certificate is being held by or for the benefit of a Person who is not an Eligible Investor, or that such holding is unlawful under the laws of a relevant jurisdiction, then the Certificate Registrar shall have the right to void such transfer, if permitted under applicable law, or to require the investor to sell such Individual Certificate or beneficial interest in a Private Global Certificate to an Eligible Investor within fourteen days after notice of such determination and each Certificateholder by its acceptance of a Certificate authorizes the Certificate Registrar to take such action.

(g) Subject to the provisions of this Section 5.02 regarding transfer and exchange, transfers of the Global Certificates shall be limited to transfers of such Global Certificates in whole, but not in part, to nominees of the Depository or to a successor of the Depository or such successor's nominee.

(h) No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in this Section 5.02 other than for transfers to Institutional Accredited Investors, as provided herein. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided herein) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

(i) Subject to Section 5.02(e) of this Agreement, transfers of the [ARD CLASS] or Class [R] Certificates may be made only in accordance with this Section 5.02(i). The Certificate Registrar shall register the transfer of a Class [R] Certificate only if (x) the transferor has advised the Certificate Registrar in writing that such Certificate is being transferred to a Qualified Institutional Buyer and (y) prior to such transfer the transferee furnishes to the Certificate Registrar an Investment Representation Letter. The Certificate Registrar shall register the transfer of a [ARD CLASS] Certificate only if (x) the transferor has advised the Certificate Registrar in writing that such Certificate is being transferred to a Qualified Institutional Buyer or an Affiliated Person or an Institutional Accredited Investor and (y) prior to such transfer the transferee furnishes to the Certificate Registrar an Investment Representation Letter. In addition, the Certificate Registrar may as a condition of the registration of any such transfer require the transferor to furnish such other certifications, legal opinions or other information (at the transferor's expense) as it may reasonably require to confirm that the proposed transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Act and other applicable laws.

(j) No transfer, sale, pledge or other disposition of any Class of Private Certificates or interest therein shall be made unless that transfer, sale, pledge or other disposition is exempt from the registration and/or qualification requirements of the Act and any applicable state securities laws, or is otherwise made in accordance with the Act and such state securities laws. Neither the Depositor, the Master Servicer, the Certificate Administrator, the Trustee nor

the Certificate Registrar are obligated to register or qualify the Private Certificates under the Act or any other securities law or to take any action not otherwise required under this Agreement to permit the transfer of such Private Certificates without registration or qualification. Any Certificateholder desiring to effect such a transfer shall, and does hereby agree to, indemnify the Depositor, the Master Servicer, the Certificate Administrator, the Trustee and the Certificate Registrar, against any loss, liability or expense that may result if the transfer is not so exempt or is not made in accordance with such federal and state laws.

(k) No transfer of any Class [___], Class [___], Class [___], Class [___], Class [___], [LOAN SPECIFIC CLASS], [ARD CLASS] or Class [R] Certificate (each, a “Restricted Certificate”) shall be made to (i) an employee benefit plan subject to the fiduciary responsibility provisions of ERISA, or Section 4975 of the Code, or a governmental plan, as defined in Section 3(32) of ERISA, or other plan subject to any federal, state or local law (“Similar Law”) which is to a material extent similar to the foregoing provisions of ERISA or the Code (each, a “Plan”) or (ii) a collective investment fund whose underlying assets include Plan assets by reason of a Plan’s investment in the collective investment fund (pursuant to U.S. Department of Labor Regulation Section 2510.3-101, as modified by Section 3(42) of ERISA, other than (with respect to transfer of Restricted Certificates other than the [ARD CLASS] Certificates or the Residual Certificates), an insurance company using the assets of its general account under circumstances whereby such purchase and the subsequent holding of such Certificate by such insurance company would be exempt from the “prohibited transaction” provisions of Sections 406 and 407 of ERISA and Code Section 4975 under Sections I and III of PTCE 95-60, or a substantially similar exemption under Similar Law. Each prospective transferee of a Restricted Certificate shall either (A) deliver to the Depositor, the Certificate Registrar and the Certificate Administrator, a transfer or representation letter, substantially in the form of Exhibit D-2 to this Agreement, stating that the prospective transferee is not a Person referred to in (i) or (ii) above or (B) if the transferee is such an entity specified in (i) or (ii) above (except in the case of a [ARD CLASS] Certificate or a Residual Certificate, which may not be transferred unless the transferee represents it is not such an entity), such entity, at its own expense, shall provide any opinion of counsel, officers’ certificates or agreements as may be required by, and in form and substance satisfactory to, the Depositor, the Certificate Administrator and the Certificate Registrar, to the effect that the purchase and holding of the Certificates by or on behalf of a Plan will not constitute or result in a non-exempt prohibited transaction within the meaning of Sections 406 and 407 of ERISA and Section 4975 of the Code, and will not subject the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Depositor, the Certificate Administrator, the Trustee or the Certificate Registrar to any obligation or liability. None of the Certificate Administrator or the Certificate Registrar shall register a [ARD CLASS] or Class [R] Certificate in any Person’s name unless such Person has provided the letter referred to in clause (A) of the preceding sentence. The transferee of a beneficial interest in a Global Certificate that is a Restricted Certificate shall be deemed to represent that it is not a Plan or a Person acting on behalf of any Plan or using the assets of any Plan to acquire such interest other than (with respect to transfers of beneficial interests in Global Certificates which are Restricted Certificates other than the [ARD CLASS] Certificates or the Residual Certificates) an insurance company using the assets of its general account under circumstances whereby such transfer to such insurance company would be exempt from the “prohibited transaction” provisions of Sections 406 and 407 of ERISA and Section 4975 of the Code under Sections I and III of PTCE 95-60, or a substantially similar exemption under Similar Law. Any transfer of a Restricted

Certificate that would violate or result in a non-exempt prohibited transaction under ERISA or Section 4975 of the Code or Similar Law shall be deemed absolutely null and void *ab initio*.

(l) Each Person who has or acquires any Ownership Interest shall be deemed by the acceptance or acquisition of such Ownership Interest to have agreed to be bound by the following provisions and the rights of each Person acquiring any Ownership Interest are expressly subject to the following provisions:

(i) Each Person acquiring or holding any Ownership Interest shall be a Permitted Transferee and shall not acquire or hold such Ownership Interest as agent (including a broker, nominee or other middleman) on behalf of any Person that is not a Permitted Transferee. Any such Person shall promptly notify the Certificate Registrar of any change or impending change in its status (or the status of the beneficial owner of such Ownership Interest) as a Permitted Transferee. Any acquisition described in the first sentence of this Section 5.02(l) by a Person who is not a Permitted Transferee or by a Person who is acting as an agent of a Person who is not a Permitted Transferee shall be void and of no effect, and the immediately preceding owner who was a Permitted Transferee shall be restored to registered and beneficial ownership of the Ownership Interest as fully as possible.

(ii) No Ownership Interest may be Transferred, and no such Transfer shall be registered in the Certificate Register, without the express written consent of the Certificate Registrar, and the Certificate Registrar shall not recognize the Transfer, and such proposed Transfer shall not be effective, without such consent with respect thereto. In connection with any proposed Transfer of any Ownership Interest, the Certificate Registrar shall, as a condition to such consent, (x) require delivery to it in form and substance satisfactory to it, and the proposed transferee shall deliver to the Certificate Registrar and to the proposed transferor an affidavit in substantially the form attached as Exhibit C-1 (a “Transferee Affidavit”) of the proposed transferee (A) that such proposed transferee is a Permitted Transferee and (B) stating that (i) the proposed transferee historically has paid its debts as they have come due and intends to do so in the future, (ii) the proposed transferee understands that, as the holder of an Ownership Interest, it may incur liabilities in excess of cash flows generated by the residual interest, (iii) the proposed transferee intends to pay taxes associated with holding the Ownership Interest as they become due, (iv) the proposed transferee will not transfer the Ownership Interest to any Person that does not provide a Transferee Affidavit or as to which the proposed transferee has actual knowledge that such Person is not a Permitted Transferee or is acting as an agent (including a broker, nominee or other middleman) for a Person that is not a Permitted Transferee, (v) the proposed transferee will not cause income from the Class [R] Certificate to be attributable to a foreign permanent establishment or fixed base, within the meaning of an applicable income tax treaty, of the proposed transferee or any other U.S. Person and (vi) the proposed transferee expressly agrees to be bound by and to abide by the provisions of this Section 5.02(l) and (y) other than in connection with the initial issuance of the Class [R] Certificates, require a statement from the proposed transferor substantially in the form attached as Exhibit C-2 (the “Transferor Letter”), that the proposed transferor has no actual knowledge that the proposed transferee is not a

Permitted Transferee and has no actual knowledge or reason to know that the proposed transferee's statements in the Transferee Affidavit are false.

(iii) Notwithstanding the delivery of a Transferee Affidavit by a proposed transferee under clause (ii) above, if a Responsible Officer of the Certificate Registrar has actual knowledge that the proposed transferee is not a Permitted Transferee, no Transfer to such proposed transferee shall be effected and such proposed Transfer shall not be registered on the Certificate Register; provided, that the Certificate Registrar shall not be required to conduct any independent investigation to determine whether a proposed transferee is a Permitted Transferee.

Neither the Certificate Administrator nor the Certificate Registrar shall have any obligation or duty to monitor, determine or inquire as to compliance with any restriction or transfer imposed under Article V of this Agreement or under applicable law with respect to any transfer of any Certificate (including, without limitation, the Securities Legend), or any interest therein, other than to require delivery of the certification(s) and/or opinions of counsel described in Article V applicable with respect to changes in registration of record ownership of Certificates in the Certificate Register. The Certificate Administrator and the Certificate Registrar shall have no liability for transfers, including transfers made through the book-entry facilities of the Depository or between or among Depository Participants or Certificate Owners made in violation of applicable restrictions.

Upon written notice to the Certificate Registrar, or upon the Certificate Registrar having actual knowledge, that there has occurred a Transfer to any Person that is a Disqualified Organization or an agent thereof (including a broker, nominee, or middleman) in contravention of the foregoing restrictions, and in any event not later than 60 days after a request for information from the transferor of such Ownership Interest, or such agent, the Certificate Registrar and the Certificate Administrator agree to furnish to the IRS and the transferor of such Ownership Interest or such agent such information necessary to the application of Section 860E(e) of the Code as may be required by the Code, including, but not limited to, the present value of the total anticipated excess inclusions with respect to such Class [R] Certificate (or portion thereof) for periods after such Transfer. At the election of the Certificate Registrar and the Certificate Administrator, the Certificate Registrar and the Certificate Administrator may charge a reasonable fee for computing and furnishing such information to the transferor or to such agent referred to above; provided that such Persons shall in no event be excused from furnishing such information.

Section 5.03 Mutilated, Destroyed, Lost or Stolen Certificates. If (i) any mutilated Certificate is surrendered to the Certificate Registrar, or the Certificate Registrar receives evidence to its satisfaction of the destruction, loss or theft of any Certificate, and (ii) there is delivered to the Certificate Registrar such security or indemnity as may be required by it to save it and the Certificate Administrator harmless, then, in the absence of actual knowledge by a Responsible Officer of the Certificate Registrar that such Certificate has been acquired by a bona fide purchaser, the Certificate Administrator or the Authenticating Agent shall execute and authenticate and the Certificate Registrar shall deliver, in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Certificate, a new Certificate of the same Class and of like tenor and Percentage Interest. Upon the issuance of any new Certificate under this Section 5.03, the Certificate Registrar may require the payment of a sum sufficient to cover

any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Certificate Registrar) connected therewith. Any replacement Certificate issued pursuant to this Section 5.03 shall constitute complete and indefeasible evidence of ownership of the corresponding interest in the Trust Fund, as if originally issued, whether or not the lost, stolen or destroyed Certificate shall be found at any time.

Section 5.04 Appointment of Paying Agent. The Certificate Administrator may appoint a paying agent (a “Paying Agent”) for the purpose of making distributions to Certificateholders pursuant to Section 4.01 of this Agreement. The Certificate Administrator shall cause such Paying Agent, if other than the Certificate Administrator, the Trustee or the Master Servicer, to execute and deliver to the Master Servicer and the Trustee an instrument in which such Paying Agent shall agree with the Master Servicer and the Trustee that such Paying Agent will hold all sums held by it for the payment to Certificateholders in trust for the benefit of the Certificateholders entitled thereto until such sums have been paid to the Certificateholders or disposed of as otherwise provided herein. The initial Paying Agent shall be the Certificate Administrator. Except for the Certificate Administrator, as the initial Paying Agent, the Paying Agent shall at all times be an entity having a long-term unsecured debt rating of at least “[____]” from [____], “[____]” by [____] and “[____]” by [____] (or, if not rated by [____], an equivalent (or higher) rating by any two other NRSROs), or shall be otherwise acceptable to each Rating Agency, as confirmed by a receipt of a Rating Agency Confirmation.

Section 5.05 Access to Certificateholders’ Names and Addresses; Special Notices. (a) If any Certifying Certificateholder (for purposes of this Section 5.05, an “Applicant”) applies in writing to the Certificate Registrar, and such application states that the Applicant desires to communicate with other Certificateholders, the Certificate Registrar shall furnish or cause to be furnished to such Applicant a list of the names and addresses of the Certificateholders as of the most recent Record Date, at the expense of the Applicant.

(b) Every Certificateholder, by receiving and holding its Certificate, agrees with the Certificate Administrator and the Certificate Registrar that the Certificate Administrator and the Certificate Registrar shall not be held accountable in any way by reason of the disclosure of any information as to the names and addresses of the Certificateholders hereunder, regardless of the source from which such information was derived.

(c) Upon the written request of any Certifying Certificateholder that (a) states that such Certificateholder desires the Certificate Administrator to transmit a notice to all Certificateholders stating that such Certificateholder wishes to be contacted by other Certificateholders, setting forth the relevant contact information and briefly stating the reason for the requested contact and (b) provides a copy of the Special Notice which such Certificateholder proposes to transmit, the Certificate Administrator shall deliver such Special Notice to all Certificateholders at their respective addresses appearing on the Certificate Register. The costs and expenses of the Certificate Administrator associated with delivering with any such Special Notice shall be borne by the party requesting such Special Notice. Every Certificateholder, by receiving and holding a Certificate, agrees that neither the Certificate Administrator nor the Certificate Registrar shall be held accountable by reason of the disclosure of any such Special Notice to Certificateholders, regardless of the information set forth in such Special Notice.

Section 5.06 Actions of Certificateholders. (a) Any request, demand, authorization, direction, notice, consent, waiver or other action provided by this Agreement to be given or taken by Certificateholders may be embodied in and evidenced by one or more instruments of substantially similar tenor signed by such Certificateholders in person or by agent duly appointed in writing; and except as herein otherwise expressly provided, such action shall become effective when such instrument or instruments are delivered to the Certificate Administrator and the Trustee and, when required, to the Master Servicer. Proof of execution of any such instrument or of a writing appointing any such agent shall be sufficient for any purpose of this Agreement and conclusive in favor of the Certificate Administrator, the Trustee and the Master Servicer, if made in the manner provided in this Section.

(b) The fact and date of the execution by any Certificateholder of any such instrument or writing may be proved in any reasonable manner which the Certificate Administrator or the Trustee deems sufficient.

(c) Any request, demand, authorization, direction, notice, consent, waiver or other act by a Certificateholder shall bind every Holder of every Certificate issued upon the registration of transfer thereof or in exchange therefor or in lieu thereof, in respect of anything done, or omitted to be done, by the Certificate Administrator or the Trustee or the Master Servicer in reliance thereon, whether or not notation of such action is made upon such Certificate.

(d) The Certificate Administrator, the Trustee or Certificate Registrar may require such additional proof of any matter referred to in this Section 5.06 as it shall deem necessary.

Section 5.07 Rule 144A Information. The Certificate Administrator shall, upon request of any Certifying Certificateholder that is a Holder of a Private Certificate or any beneficial owner of such a Certificate, furnish to such Holder or beneficial owner or a prospective purchaser designated by such Holder or beneficial owner who is a Qualified Institutional Buyer the information required to be delivered under Rule 144A(d)(4) under the Act, to the extent such information has been provided to the Certificate Administrator and has been identified as Rule 144A information (which shall include all information on the Certificate Administrator's Website and all information currently required to be made available to Certificateholders, as well as any other specifically identified information herein), if at the time of such request periodic reports are not being filed with respect to the Trust under Section 13 or Section 15(d) of the Exchange Act.

Section 5.08 Exchanges of Exchangeable Certificates

(a) The Grantor Trust shall be maintained by the Certificate Administrator, on behalf of the Trustee, in part for the benefit of the Holders of the Exchangeable Certificates. The assets of the Grantor Trust held for the benefit of the Holders of the Exchangeable Certificates shall consist of the Class [PEZ] Regular Interests, which have been placed in the Grantor Trust through the efforts of the Underwriters. The Class [PEZ] Regular Interests shall be held by the Certificate Administrator for the benefit of the Trustee. At all times, the Class [___], Class [___] and Class [___] Certificates shall represent beneficial ownership interests in the Class [___] Percentage Interest, the Class [___] Percentage Interest and the Class [___] Percentage Interest,

respectively, in the Class [] Regular Interest, Class [] Regular Interest and Class [] Regular Interest, respectively. At all times, the Class [PEZ] Certificates shall represent beneficial ownership interests in the Class [PEZ] Components.

(b) On the Closing Date, the Grantor Trust shall issue the several Classes of Exchangeable Certificates. Each Class of Exchangeable Certificates shall be initially issued on the Closing Date with the respective aggregate Certificate Balance set forth for such Class in the Preliminary Statement.

(c) Following the Closing Date and subject to the conditions set forth in Section 5.08(d), (i) if a Certificateholder holds Class [] Certificates, Class [] Certificates and Class [] Certificates in an Exchangeable Proportion, then those Exchangeable Certificates may be exchanged on the books of the Depository for Class [PEZ] Certificates that represent the same Tranche Percentage Interest in each Class [PEZ] Regular Interest as the Certificates to be surrendered and (ii) a Certificateholder that holds Class [PEZ] Certificates may exchange its Certificates on the books of the Depository for Class [] Certificates, Class [] Certificates and Class [] Certificates that evidence the same Tranche Percentage Interest in the Class [PEZ] Regular Interests as the Class [PEZ] Certificates being surrendered.

(d) An exchange of Exchangeable Certificates may only occur if the Class [], Class [] and Class [] Certificates being surrendered or received in such exchange have denominations no smaller than the minimum Denominations set forth in Section 5.01. No exchange of Exchangeable Certificates may occur pursuant to this Section 5.08 after the date when the then-current Certificate Balance of the Class [] Regular Interest (and, correspondingly, the Class [] Certificates and, to the extent evidencing an interest in the Class [] Regular Interest, the Class [PEZ] Certificates) has been reduced to zero as a result of the payment in full of all interest and principal thereon. There shall be no limitation on the number of exchanges of Exchangeable Certificates authorized pursuant to this Section 5.08. In addition, the Depositor shall have the right to make or cause exchanges on the Closing Date pursuant to instructions delivered to the Certificate Administrator on the Closing Date.

(e) At the request of the Holder of a Class or Classes of Exchangeable Certificates, and upon the surrender of such Exchangeable Certificates (in the case of an exchange of Class [], Class [] and Class [] Certificates for Class [PEZ] Certificates, in the applicable Exchangeable Proportion), the Certificate Administrator, on behalf of the Trustee, shall deliver (by the means set forth in the penultimate sentence of Section 5.08(i)) the corresponding Exchangeable Certificates to which such Certificateholder is entitled as set forth in Section 5.08(c).

(f) [Reserved].

(g) In connection with any exchange of Exchangeable Certificates, the Certificate Registrar shall reduce the outstanding aggregate Certificate Balance of the Class or Classes of Exchangeable Certificates surrendered by the applicable Holder on the Certificate Register and shall increase the outstanding aggregate Certificate Balance of the related Class or Classes of Exchangeable Certificates received by such Holder in such exchange on the Certificate Register, and the Certificate Registrar or the Certificate Administrator, as applicable, shall approve the instructions at the Depository and make appropriate notations on the Private

Global Certificate for each Class of Exchangeable Certificates to reflect such reductions and increases.

(h) In order to effect an exchange of Exchangeable Certificates, the Certificateholder shall notify the Certificate Administrator in writing or by e-mail at *[EMAIL ADDRESS]* (with a subject line referencing “[NAME OF ISSUING ENTITY]” and setting forth the proposed Exchange Date) no later than three (3) Business Days before the proposed exchange date (the “Exchange Date”). The Exchange Date may be any Business Day other than the first or last Business Day of the month. An exchange notice must (i) be set forth on the applicable Certificateholder’s letterhead, (ii) carry a medallion stamp guarantee and (iii) set forth the following information: the CUSIP Number of each Exchangeable Certificate to be exchanged and each Exchangeable Certificate to be received; the original and outstanding Certificate Balance of the Exchangeable Certificates to be exchanged and the original and outstanding Certificate Balance of the Exchangeable Certificates to be received; the Certificateholder’s Depository participant number; and the proposed Exchange Date. The Certificateholder and the Certificate Registrar shall utilize the “deposit and withdrawal system” at the Depository to effect the exchange of the applicable Exchangeable Certificates. A notice shall become irrevocable on the second (2nd) Business Day before the proposed Exchange Date. Exchangeable Certificates shall be exchangeable on the books of the Depository for the corresponding Exchangeable Certificates on and after the Closing Date, by notice to the Certificate Administrator substantially in the form of Exhibit GG.

(i) The Certificate Administrator shall make the first distribution on an Exchangeable Certificate received by a Certificateholder in any exchange on the Distribution Date in the month following the month of exchange to the Certificateholder of record as of the applicable Record Date for such Certificate and Distribution Date. If an Exchange Date occurs in any month before the Distribution Date in such month, then any distributions to be made on such Distribution Date on any Certificates surrendered in the exchange shall be so made to the Certificateholder of record as of the applicable Record Date for such Certificates and such Distribution Date. Neither the Certificate Administrator nor the Depositor shall have any obligation to ensure the availability of the applicable Certificates in the market to accomplish any exchange.

The first distribution on an Exchangeable Certificate or Class EC certificates shall be made in the month following the month of exchange to the Certificateholder of record as of the applicable Record Date for such certificate. Neither the Certificate Administrator nor the Depositor shall have any obligation to ensure the availability of the applicable certificates to accomplish any exchange.

Any failure to so notify the Asset Representations Reviewer shall not affect any rights any of the foregoing Persons may have to indemnification under this Agreement or otherwise, unless the Asset Representations Reviewer's defense of such claim is materially prejudiced thereby.

(b) None of the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor or the Asset Representations Reviewer shall be under any obligation to appear in, prosecute or defend any legal action that is not incidental to its respective duties under this Agreement or which in its opinion may involve it in any expense or liability not recoverable from the Trust Fund; provided, that each of the Depositor, the Master Servicer, the Special

Servicer or the Operating Advisor may in its discretion undertake any such action that it may deem necessary or desirable in respect to this Agreement and the rights and duties of the parties hereto and the interests of the Certificateholders and holders of Serviced Companion Loan Securities, if applicable, hereunder. Any such determination described in clause (i) above permitting the resignation of the Master Servicer, the Special Servicer or the Operating Advisor, as applicable, shall be evidenced by an Opinion of Counsel (obtained at the resigning Master Servicer's, Special Servicer's or Operating Advisor's expense) to such effect delivered to the Trustee and the Certificate Administrator.

(c) The Trustee shall be permitted to remove the Master Servicer or the Special Servicer upon a Master Servicer Termination Event or Special Servicer Termination Event, as applicable. Without limiting the generality of the succeeding paragraph, no such removal shall be effective unless and until (i) the Master Servicer or the Special Servicer has been paid any unpaid Servicing Compensation or Special Servicing Compensation, as applicable, unreimbursed Advances (including Advance Interest Amounts thereon to which it is entitled) and all other amounts to which the Master Servicer or the Special Servicer is entitled hereunder to the extent such amounts accrue prior to such effective date and (ii) with respect to a resignation by the Master Servicer, the successor Master Servicer has deposited into the Investment Accounts from which amounts were withdrawn to reimburse the terminated Master Servicer, an amount equal to the amounts so withdrawn, to the extent such amounts would not have been permitted to be withdrawn except pursuant to this paragraph, in which case the successor Master Servicer shall, immediately upon deposit, have the same right of reimbursement or payment as the terminated Master Servicer had immediately prior to its termination without regard to the operation of this paragraph.

(d) No resignation or removal of the Master Servicer, the Special Servicer or the Operating Advisor as contemplated by the preceding paragraphs of this Section 6.04 shall become effective until the Trustee or a successor Master Servicer, Special Servicer or Operating Advisor shall have assumed the resigning or terminated Master Servicer's, Special Servicer's or Operating Advisor's responsibilities, duties, liabilities and obligations hereunder. If no successor Master Servicer, Special Servicer or Operating Advisor can be obtained to perform such obligations for the same compensation to which the terminated Master Servicer, Special Servicer or Operating Advisor would have been entitled, additional amounts payable to such successor Master Servicer, Special Servicer or Operating Advisor shall be treated as Realized Losses and/or Loan Specific Realized Losses, as applicable.

(e) The Operating Advisor shall have the right to resign without cost or expense upon the occurrence of the Early Termination Notice Date. The Operating Advisor shall provide all of the parties to this Agreement and the Controlling Class Representative 30 days prior written notice of any such resignation pursuant to this Section 6.04(e). If the Operating Advisor resigns pursuant to this Section 6.04(e), then no replacement Operating Advisor shall be appointed. The resigning Operating Advisor shall be entitled, and subject, to any rights and obligations that accrued under this Agreement prior to the date of any such resignation (including

accrued and unpaid compensation) and any indemnifications rights arising out of events occurring prior to such resignation.

Section 6.05 Rights of the Depositor and the Trustee in Respect of the Master Servicer and the Special Servicer. Solely with respect to their performance of their respective duties under this Agreement, the Master Servicer and the Special Servicer shall afford the Depositor, the Underwriters, the Initial Purchasers, the Certificate Administrator, the Trustee and the Rating Agencies, upon reasonable notice, during normal business hours access to all records maintained by it in respect of its rights and obligations hereunder and access to its officers responsible for such obligations. Upon written request, the Master Servicer and/or the Special Servicer, as applicable, shall furnish to the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator and the Trustee its most recent publicly available financial statements (or, with respect to the Master Servicer, those of its ultimate parent) and such other non-proprietary information as the Master Servicer or the Special Servicer, as the case may be, shall determine in its sole and absolute discretion as it possesses, which is relevant to the performance of its duties hereunder and which it is not prohibited by applicable law or contract from disclosing. The Depositor may, but is not obligated to, enforce the obligations of the Master Servicer or the Special Servicer hereunder which are in default and may, but is not obligated to, perform, or cause a designee to perform, any defaulted obligation of such Person hereunder or exercise any rights of such Person hereunder, provided that the Master Servicer and the Special Servicer shall not be relieved of any of its obligations hereunder by virtue of such performance by the Depositor or its designee. If the Depositor or its designee undertakes any such action, it will be reimbursed by the Trust Fund from the Collection Accounts (or with respect to a Serviced Whole Loan, to the extent such reimbursement is allocable to such Serviced Whole Loan Collection Account), as provided in Section 3.06 and Section 6.03(a) hereof to the extent not recoverable from the Master Servicer or Special Servicer, as applicable. None of the Depositor, the Certificate Administrator, the Trustee, the Master Servicer (solely with respect to any action or failure to act by the Special Servicer) or the Special Servicer (solely with respect to any action or failure to act by the Master Servicer) shall have any responsibility or liability for any action or failure to act by the Master Servicer or the Special Servicer and no such party is obligated to monitor or supervise the performance of the Master Servicer or the Special Servicer under this Agreement or otherwise. Neither the Master Servicer nor the Special Servicer shall be under any obligation to disclose confidential or proprietary information pursuant to this Section.

Section 6.06 The Master Servicer or Special Servicer as Owners of a Certificate. The Master Servicer or an Affiliate of the Master Servicer, or the Special Servicer or an Affiliate of the Special Servicer, may become the Holder (or with respect to a Global Certificate, Certificate Owner) of any Certificate with the same rights it would have if it were not the Master Servicer or the Special Servicer or an Affiliate thereof. If, at any time during which the Master Servicer or the Special Servicer or an Affiliate of the Master Servicer or the Special Servicer is the Holder or Certificate Owner of any Certificate, the Master Servicer or the Special Servicer proposes to take action (including for this purpose, omitting to take action) that (i) is not expressly prohibited by the terms hereof and would not, in the Master Servicer's or the Special Servicer's good faith judgment, violate the Servicing Standard, and (ii) if taken, might nonetheless, in the Master Servicer's or the Special Servicer's good faith judgment, be considered by other Persons to violate the Servicing Standard, the Master Servicer or the Special Servicer may, but will not be required to, seek the approval of the Certificateholders to such

action (or inaction) by delivering to the Certificate Administrator a written notice that (i) states that it is delivered pursuant to this Section 6.06, (ii) identifies the Percentage Interest in each Class of Certificates beneficially owned by the Master Servicer or the Special Servicer or an Affiliate of the Master Servicer or the Special Servicer, and (iii) describes in reasonable detail the action (or inaction) that the Master Servicer or the Special Servicer proposes to take (or refrain from taking). The Certificate Administrator, upon receipt of such notice, shall forward it to the Certificateholders (other than the Master Servicer and its Affiliates or the Special Servicer and its Affiliates, as appropriate) together with such instructions for response as the Certificate Administrator shall reasonably determine. If at any time Certificateholders holding a majority of the Voting Rights of all Certificateholders and, if no Control Termination Event has occurred and is continuing, the applicable Directing Certificateholder (calculated without regard to the Certificates beneficially owned by the Master Servicer or its Affiliates or the Special Servicer or its Affiliates, as applicable) shall have consented in writing to the proposal described in the written notice, and if the Master Servicer or the Special Servicer shall act as proposed in the written notice, such action shall be deemed to comply with the Servicing Standard. The Certificate Administrator shall be entitled to reimbursement from the Master Servicer or the Special Servicer, as applicable, of the reasonable expenses of the Certificate Administrator incurred pursuant to this paragraph. It is not the intent of the foregoing provision that the Master Servicer or the Special Servicer be permitted to invoke the procedure set forth herein with respect to routine servicing matters arising hereunder, except in the case of unusual circumstances.

Section 6.07 The Directing Certificateholder. (a) For so long as no Control Termination Event has occurred and is continuing, the Directing Certificateholder shall be entitled to advise (1) the Special Servicer with respect to all Specially Serviced Loans, (2) the Special Servicer with respect to Performing Loans as to all matters for which the Master Servicer must obtain the consent or deemed consent of the Special Servicer, and (3) the Special Servicer with respect to all Mortgage Loans for which an extension of maturity is being considered by the Special Servicer or by the Master Servicer subject to consent or deemed consent of the Special Servicer, and notwithstanding anything herein to the contrary, except as set forth in, and in any event subject to the second and third paragraphs of this Section 6.07, both (a) the Master Servicer shall not be permitted to take any action constituting a Major Decision unless it has obtained the prior written consent of the Special Servicer and (b) for so long as no Control Termination Event has occurred and is continuing, the Special Servicer shall not be permitted to consent to the Master Servicer's taking any of the following actions nor will the Special Servicer itself be permitted to take any action constituting a Major Decision as to which the Directing Certificateholder has objected in writing within [ten (10)] Business Days (or [30] days with respect to clause (j) of the definition of "Major Decision") after receipt of the written recommendation and analysis (provided that if such written objection has not been received by the Special Servicer within such [ten (10)] Business Day period (or [30] days with respect to clause (j) of the definition of "Major Decision" or such longer period provided for in any related Intercreditor Agreement but not less than five (5) Business Days after the time period set forth therein for Directing Certificateholder approval), then the Directing Certificateholder will be deemed to have approved such action); provided that, if the Special Servicer or Master Servicer (if the Master Servicer is otherwise authorized by this Agreement to take such action), as applicable, determines that immediate action, with respect to the foregoing matters, or any other matter requiring consent of the Directing Certificateholder (if no Control Termination Event has

occurred and is continuing) in this Agreement, is necessary to protect the interests of the Certificateholders and, with respect to any Serviced Whole Loan, the related Serviced Companion Loan Noteholders (as a collective whole as if such Certificateholders and, if applicable, Serviced Companion Loan Noteholders constituted a single lender and with respect to any Serviced Whole Loan with a related Subordinate Companion Loan, taking into account the subordinate nature of such Subordinate Companion Loan) and the Special Servicer has made a reasonable effort to contact the Directing Certificateholder, the Master Servicer or the Special Servicer, as the case may be, may take any such action without waiting for the Directing Certificateholder's response. The Special Servicer is not required to obtain the consent of the Directing Certificateholder for any Major Decision if a Control Termination Event has occurred and is continuing; provided that, if a Control Termination Event has occurred and is continuing, the Special Servicer shall consult with the Operating Advisor in connection with any Major Decision and consider alternative actions recommended by the Operating Advisor; provided, further, that, if a Control Termination Event has occurred and is continuing but no Consultation Termination Event has occurred, the Special Servicer shall consult with the Directing Certificateholder in connection with any Major Decision and any other matters set forth in this Agreement as to which the consent or approval of the Directing Certificateholder would have been required or as to which the Directing Certificateholder would have had the right to advise or direct the Special Servicer or the Master Servicer if no Control Termination Event had occurred and was continuing and consider alternative actions recommended by the Directing Certificateholder; provided, further, that such consultation with the Directing Certificateholder or the Operating Advisor is not binding on the Special Servicer.

In addition, for so long as no Control Termination Event has occurred and is continuing, the Directing Certificateholder may direct the Special Servicer to take, or to refrain from taking, such other actions with respect to a Mortgage Loan as the Directing Certificateholder may deem advisable or as to which provision is otherwise made herein; provided that, notwithstanding anything herein to the contrary, no such direction, and no objection contemplated by the preceding paragraph or this paragraph, may require or cause the Master Servicer or the Special Servicer, as applicable, to violate any provision of any Mortgage Loan, applicable law, this Agreement, any Intercreditor Agreement or the REMIC Provisions, including without limitation the Special Servicer's obligation to act in accordance with the Servicing Standard, or expose the Master Servicer, the Special Servicer, the Paying Agent, the Trust Fund, the Certificate Administrator or the Trustee to liability, or materially expand the scope of the Special Servicer's responsibilities hereunder.

If the Special Servicer or Master Servicer, as applicable, determines that a refusal to consent by the Directing Certificateholder, or any advice from the Directing Certificateholder, would otherwise cause the Special Servicer or Master Servicer, as applicable, to violate the terms of any Mortgage Loan, any Intercreditor Agreement, applicable law, the REMIC Provisions or this Agreement, including without limitation, the Servicing Standard, the Special Servicer or Master Servicer, as applicable, shall disregard such refusal to consent or advice and notify the Directing Certificateholder, the Trustee, the related Serviced Companion Loan Noteholder (if any) and the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement) of its determination, including a reasonably detailed explanation of the basis therefor. The taking of, or refraining from taking, any action by the Master Servicer or Special Servicer in accordance

with the direction of or approval of the Directing Certificateholder that does not violate any law or the Servicing Standard or any other provisions of this Agreement or any Intercreditor Agreements will not result in any liability on the part of the Master Servicer or the Special Servicer.

Notwithstanding anything to the contrary contained in this Agreement, with respect to the AB Whole Loan, for so long as no Consultation Termination Event and no Loan Specific Control Appraisal Event has occurred and is continuing, the Master Servicer and the Special Servicer shall consult with the Controlling Class Representative on a non-binding basis in connection with any Major Decision (or any other matter for which the consent of the Directing Certificateholder would have been required or for which the Directing Certificateholder would have the right to direct the Master Servicer or the Special Servicer).

Notwithstanding anything to the contrary contained in this Agreement, with respect to the Non-Serviced Mortgage Loans, (i) at all times when no Consultation Termination Event has occurred, the Controlling Class Representative shall be entitled to the rights of the “Non-Directing Certificateholder” (or similar term) under the related Intercreditor Agreement and (ii) at no time shall the Operating Advisor be entitled to the rights of the “Non-Directing Certificateholder” (or similar term) under the related Intercreditor Agreement.

The Directing Certificateholder shall have no liability to the Trust Fund, any party to this Agreement, any Certificateholders or any other Person for any action taken, or for refraining from the taking of any action, or for errors in judgment; provided that the Directing Certificateholder shall not be protected against any liability to a Controlling Class Certificateholder (or, in the case of the AB Whole Loan, to the extent the Directing Certificateholder is the Loan Specific Directing Certificateholder, the Holders of the [LOAN SPECIFIC CLASS] Certificates) that would otherwise be imposed by reason of willful misfeasance or bad faith or negligence in the performance of duties or by reason of reckless disregard of obligations or duties.

(b) Notwithstanding anything to the contrary contained herein (i) if a Control Termination Event has occurred and is continuing, the Directing Certificateholder shall have no right to consent to any action taken or not taken by any party to this Agreement; (ii) if a Control Termination Event has occurred and is continuing but no Consultation Termination Event has occurred, the Directing Certificateholder shall remain entitled to receive any notices, reports or information to which it is entitled pursuant to this Agreement, and the Master Servicer, Special Servicer and any other applicable party shall consult with the Directing Certificateholder in connection with any action to be taken or refrained from taking to the extent set forth herein; and (iii) if a Consultation Termination Event has occurred, the Directing Certificateholder shall have no consultation or consent rights hereunder and no right to receive any notices, reports or information (other than notices, Voting Rights given to all Certificateholders and rights to receive reports or information required to be delivered to all Certificateholders) or any other rights as Directing Certificateholder.

(c) The Master Servicer, the Special Servicer, the Trustee or the Operating Advisor, may from time to time request that the Certificate Administrator provide the name of the then-current Directing Certificateholder for any applicable Mortgage Loan or Serviced Whole Loan. Upon such request, the Certificate Administrator shall promptly (but in no event

more than five (5) Business Days following such request) provide the name of the then-current Directing Certificateholder to the Master Servicer, the Special Servicer, the Trustee or the Operating Advisor, but only to the extent the Certificate Administrator has actual knowledge of the identity of the then-current Directing Certificateholder; provided that if the Certificate Administrator does not have actual knowledge of the identity of the then-current Directing Certificateholder, then (i) the Certificate Administrator shall determine which Class is the Controlling Class and (ii) the Certificate Administrator shall promptly (but in no event more than five (5) Business Days following such request) request from the Depository, the list of Certificate Owners of the Controlling Class, and the Certificate Administrator shall provide such list to the Master Servicer, the Special Servicer, the Trustee or the Operating Advisor. Any expenses incurred in connection with obtaining such information shall be at the expense of the requesting party, except that if (i) such expenses arise in connection with an event as to which the Directing Certificateholder (or Controlling Class Representative) has review, consent or consultation rights with respect to an action taken by, or report prepared by, the requesting party pursuant to this Agreement and (ii) the requesting party has not been notified of the identity of the Directing Certificateholder (or Controlling Class Representative) or reasonably believes that the identity of the Directing Certificateholder (or Controlling Class Representative) has changed, then such expenses shall be at the expense of the Trust. The Master Servicer, the Special Servicer, the Trustee and the Operating Advisor, shall be entitled to conclusively rely on any such information so provided.

To the extent the Master Servicer or the Special Servicer has written notice of any change in the identity of a Directing Certificateholder or the list of Holders (or Certificate Owners, if applicable) of the Controlling Class, then the Master Servicer or the Special Servicer, as applicable, shall promptly notify the Trustee, the Certificate Administrator, the Operating Advisor, the Master Servicer and the Special Servicer thereof, who may rely conclusively on such notice from the Master Servicer or the Special Servicer, as applicable.

Section 6.08 Rights of Non-Directing Certificateholders. With respect to each Serviced Whole Loan, the Master Servicer or the Special Servicer, as applicable, shall:

(a) consult with the related Non-Directing Certificateholder (or its designee or representative) on a strictly non-binding basis, to the extent that such Non-Directing Certificateholder (or its designee or representative) requests consultation with respect to any “major decision” or “major action” set forth in the related Intercreditor Agreement or the implementation of any recommended actions outlined in an Asset Status Report relating to the Serviced Whole Loan, and to consider alternative actions recommended by such Non-Directing Certificateholder (or its designee or representative); provided, that after the expiration of a period of ten (10) Business Days from the delivery to the related Non-Directing Certificateholder (or its designee or representative) of written notice of a proposed action, together with copies of the related notice, information or report, the Master Servicer or Special Servicer, as applicable, shall no longer be obligated to consult with the applicable Non-Directing Certificateholder (or its designee or representative) (unless the Master Servicer or Special Servicer, as applicable, proposes a new course of action that is materially different from the action previously proposed, in which case such ten (10) Business Day period shall begin anew from the date of such proposal and delivery of all information relating thereto). Notwithstanding the foregoing non-binding consultation rights of the Non-Directing Certificateholder, the Master Servicer or the Special

Servicer, as applicable, may take any “major decision” or “major action” set forth in the related Intercreditor Agreement or any action set forth in the Asset Status Report before the expiration of the aforementioned ten (10) Business Day period if the Master Servicer or the Special Servicer, as applicable, determines that immediate action with respect thereto is necessary to protect the interests of the Certificateholder and the related Companion Loan Noteholder. Unless specified otherwise in the related Intercreditor Agreement, neither the Master Servicer or the Special Servicer shall be obligated at any time to follow or take any alternative actions recommended by the Non-Directing Certificateholder; and

(b) in addition to the foregoing non-binding consultation rights, if provided for in the related Intercreditor Agreement, the Non-Directing Certificateholder shall have the right to annual conference calls with the Master Servicer or the Special Servicer at the offices of the Master Servicer or the Special Servicer, as applicable, upon reasonable notice and at times reasonably acceptable to the Master Servicer or the Special Servicer, as applicable, in which servicing issues related to the related Whole Loan are discussed.

ARTICLE VII

SERVICER AND OPERATING ADVISOR TERMINATION

Section 7.01 Servicer Termination Events. (a) “Master Servicer Termination Event,” wherever used herein, means any one of the following events:

(i) any failure by the Master Servicer (A) to make any deposit required to the Collection Account or the Serviced Whole Loan Collection Account for any Serviced Whole Loan on the day and by the time such deposit was first required to be made under the terms of this Agreement, which failure is not remedied within two Business Days, (B) to deposit into, or remit to the Certificate Administrator for deposit into, any Distribution Account any amount required to be so deposited or remitted (including, without limitation, any required P&I Advance, unless the Master Servicer determines such P&I Advance is a Nonrecoverable Advance), which failure is not remedied by 11:00 a.m. (New York City time) on the relevant Distribution Date (provided, that to the extent the Master Servicer does not timely make such remittance to the Certificate Administrator, the Master Servicer shall pay the Certificate Administrator for the account of the Certificate Administrator interest on any amount not timely remitted at the Prime Rate from and including the applicable required remittance date to, but not including, the date such remittance is actually made), or (C) to remit to any holder of a Serviced Companion Loan, as and when required by this Agreement or any related Intercreditor Agreement, any amount required to be so remitted (which failure continues for two Business Days);

(ii) any failure on the part of the Master Servicer duly to observe or perform in any material respect any of its other covenants or obligations contained in this Agreement, which failure continues unremedied for a period of 30 days (15 days in the case of the Master Servicer’s failure to make a Servicing Advance or 45 days in the case of failure to pay the premium for any insurance policy required to be force placed by the Master Servicer pursuant to this Agreement or in any event such reasonable shorter period of time as is necessary to avoid the commencement of foreclosure proceedings for any lien

relating to unpaid real estate taxes or assessments or a lapse in any required insurance coverage) after the date on which written notice of such failure, requiring the same to be remedied, shall have been given to the Master Servicer, by (a) any other party hereto, with a copy to each other party to this Agreement, (b) the Holders of Certificates of any Class evidencing Percentage Interests aggregating not less than 25% of such Class or (c) an affected Serviced Companion Loan Noteholder; provided, if such failure is capable of being cured and the Master Servicer is diligently pursuing such cure, such 15-, 30- or 45-day period, as applicable, will be extended an additional 30 days;

(iii) any breach on the part of the Master Servicer of any representation or warranty contained in Section 2.04(a) of this Agreement, which materially and adversely affects the interests of any Class of Certificateholders or Serviced Companion Loan Noteholders and which continues unremedied for a period of 30 days after the date on which notice of such breach, requiring the same to be remedied, shall have been given (a) to the Master Servicer by any party hereto or (b) to the Master Servicer, the Special Servicer, the Depositor and the Trustee (x) by the Holders of Certificates of any Class evidencing Percentage Interests aggregating not less than 25% of such Class or (y) by an affected Serviced Companion Loan Noteholder; provided, if such breach is capable of being cured and the Master Servicer is diligently pursuing such cure, such 30-day period will be extended an additional 30 days;

(iv) a decree or order of a court or agency or supervisory authority having jurisdiction in the premises in an involuntary case under any present or future federal or state bankruptcy, insolvency or similar law for the appointment of a conservator, receiver, liquidator, trustee or similar official in any bankruptcy, insolvency, readjustment of debt, marshaling of assets and liabilities or similar proceedings, or for the winding-up or liquidation of its affairs, shall have been entered against the Master Servicer and such decree or order shall have remained in force undischarged, undismissed or unstayed for a period of 60 days;

(v) the Master Servicer shall consent to the appointment of a conservator, receiver, liquidator, trustee or similar official in any bankruptcy, insolvency, readjustment of debt, marshaling of assets and liabilities or similar proceedings of or relating to the Master Servicer or of or relating to all or substantially all of its property;

(vi) the Master Servicer shall admit in writing its inability to pay its debts generally as they become due, file a petition to take advantage of any applicable bankruptcy, insolvency or reorganization statute, make an assignment for the benefit of its creditors, voluntarily suspend payment of its obligations or take any corporate action in furtherance of the foregoing;

(vii) (a) either [____], [____] or [____] has (A) qualified, downgraded or withdrawn its rating or ratings of one or more Classes of Certificates or the Serviced Companion Loan Securities, or (B) placed one or more Classes of Certificates or the Serviced Companion Loan Securities on “watch status” in contemplation of possible rating downgrade or withdrawal (and such qualification, downgrade or withdrawal or “watch status” placement shall not have been withdrawn by [____], [____] or [____], as applicable, within sixty (60) days of such actual knowledge by the Master

Servicer), and, in case of either of clause (A) or (B), citing servicing concerns with the Master Servicer as the sole or a material factor in such rating action, or (b) the Master Servicer ceases to have a master servicer rating of at least “[_____]” from [_____] and such rating is not reinstated within sixty (60) days; or

(viii) subject to Section 10.16(c), any failure by the Master Servicer to deliver (a) any Exchange Act reporting items required to be delivered by the Master Servicer to the Trustee or the Certificate Administrator under Article X (other than items to be delivered by a Mortgage Loan Seller Sub-Servicer) by the time required under Article X after any applicable grace periods or (b) any Exchange Act reporting items that a primary servicer, sub-servicer or Servicing Function Participant (such entity, the “Sub-Servicing Entity”) retained by the Master Servicer (but excluding any Mortgage Loan Seller Sub-Servicer) is required to deliver (any Sub-Servicing Entity shall be terminated if it defaults in accordance with the provision of this clause (viii));

then, and in each and every such case, so long as a Master Servicer Termination Event shall not have been remedied, the Trustee may, and at the written direction of (x) the Holders of at least 25% of the aggregate Voting Rights of all Certificates or (y) the Depositor with respect to clause (viii) above upon five (5) Business Days’ notice, shall, terminate all of the rights and obligations of the Master Servicer (other than as set forth in Section 7.01(d)). In the case of clause (vii), the Certificate Administrator shall be required to notify Certificateholders and Serviced Companion Loan Noteholders of such Master Servicer Termination Event and request whether such Certificateholders and, if applicable, Serviced Companion Loan Noteholders favor such termination.

If the Master Servicer is also the Special Servicer and the Master Servicer is terminated as provided in this Section 7.01, then the Master Servicer shall also be terminated as Special Servicer.

If the Master Servicer receives notice of termination under this Section 7.01(a) solely due to a Master Servicer Termination Event under Section 7.01(a)(vii) and if the Master Servicer provides the Trustee with the appropriate “request for proposal” materials within five (5) Business Days following such termination notice, then the Master Servicer shall continue to serve as Master Servicer hereunder until a successor Master Servicer is selected in accordance with this Section 7.01(a). Upon receipt of the “request for proposal” materials, the Trustee shall promptly thereafter (using such “request for proposal” materials provided by the Master Servicer) solicit good faith bids for the rights to service the Mortgage Loans and Serviced Companion Loans under this Agreement from at least three (3) Persons qualified to act as Master Servicer hereunder in accordance with Section 6.02 and 7.02 of this Agreement (any such Person so qualified, a “Qualified Bidder”) or, if three (3) Qualified Bidders cannot be located, then from as many persons as the Trustee can determine are Qualified Bidders; provided that, at the Trustee’s request, the Master Servicer shall supply the Trustee with the names of Persons from whom to solicit such bids; and provided, further, that the Trustee shall not be responsible if less than three (3) or no Qualified Bidders submit bids for the right to service the Mortgage Loans and Serviced Companion Loans under this Agreement. The bid proposal shall require any Successful Bidder (as defined below), as a condition of such bid, to enter into this Agreement as successor Master Servicer, and to agree to be bound by the terms hereof, within 45 days after the notice of termination of the Master Servicer. The materials provided to the Trustee shall provide

for soliciting bids: (i) on the basis of such successor Master Servicer retaining all Sub-Servicers to continue the primary servicing of the Mortgage Loans and Serviced Companion Loans pursuant to the terms of the respective Sub-Servicing Agreements and entering into a Sub-Servicing Agreement with the terminated Master Servicer to service each of the Mortgage Loans and Serviced Companion Loans for which it was the Master Servicer and not subject to a Sub-Servicing Agreement at a sub-servicing fee rate per annum equal to, for each Mortgage Loan and Serviced Companion Loan serviced, the excess of the related Servicing Fee Rate minus the related Excess Servicing Fee Rate (each, a “Servicing Retained Bid”); and (ii) on the basis of terminating each Sub-Servicing Agreement and Sub-Servicer that it is permitted to terminate in accordance with Section 3.01(c) of this Agreement (each, a “Servicing Released Bid”). The Trustee shall select the Qualified Bidder with the highest cash Servicing Retained Bid (or, if none, the highest cash Servicing Released Bid from any Person qualified to act as a Master Servicer) (the “Successful Bidder”) to act as successor Master Servicer hereunder; provided, that if the Trustee does not receive a Rating Agency Confirmation in accordance with the procedures set forth in Section 3.30 of this Agreement with respect to such Successful Bidder, then the Trustee shall repeat the bid process described above (but subject to the above described 45 day time period) until such Rating Agency Confirmation is obtained. The Trustee shall direct the Successful Bidder to enter into this Agreement as successor Master Servicer pursuant to the terms hereof no later than 45 days after notice of the termination of the Master Servicer; provided, that the initial Master Servicer may request and obtain, with the prior written consent of the Directing Certificateholder, an additional 20 days for such sale and assumption to be completed so long as the initial Master Servicer delivers to the Trustee an Officer's Certificate stating that the sale and assumption of the right to service the Mortgage Loans and Serviced Companion Loans cannot be completed in the initial 45-day period and specifying the reasons therefor.

Upon the assignment and acceptance of master servicing rights hereunder (subject to the terms of Section 3.12 of this Agreement) to and by the Successful Bidder, the Trustee shall remit or cause to be remitted (i) if the successful bid was a Servicing Retained Bid, to the Master Servicer to be terminated pursuant to this Section 7.01(a), the amount of such cash bid received from the Successful Bidder (net of “out of pocket” expenses incurred in connection with obtaining such bid and transferring servicing) and (ii) if the successful bid was a Servicing Released Bid, to the Master Servicer and each terminated Sub-Servicer its respective Bid Allocation.

The Master Servicer to be terminated pursuant to this Section 7.01(a) shall be responsible for all out of pocket expenses incurred in connection with the attempt to sell its rights to service the Mortgage Loans and Serviced Companion Loans, which expenses are not reimbursed to the party that incurred such expenses pursuant to the preceding paragraph.

If the Successful Bidder has not entered into this Agreement as successor Master Servicer within the above described time period or no Successful Bidder was identified within the above described time period, the Master Servicer to be terminated pursuant to Section 7.01(a) of this Agreement shall reimburse the Trustee for all reasonable “out of pocket” expenses incurred by the Trustee in connection with such bid process and the Trustee shall have no further obligations under this Section 7.01(a). The Trustee thereafter may act or may select a successor to act as Master Servicer hereunder in accordance with Section 7.02 of this Agreement.

Notwithstanding anything to the contrary in this Article VII, if the Master Servicer shall timely deliver the notice and request for proposal materials referred to in the fourth preceding paragraph, no resignation or termination of the Master Servicer shall be effective in connection with a Master Servicer Termination Event under Section 7.01(a)(vii) of this Agreement, and the Master Servicer shall continue to perform as such and to collect the servicing fee until the conclusion of the process described in this Section 7.01(a).

(b) “Special Servicer Termination Event,” wherever used herein, means any one of the following events:

(i) any failure by the Special Servicer to deposit into the REO Account at or within the time specified by this Agreement and such failure continues unremedied for two Business Days, or any failure by the Special Servicer to remit to Master Servicer for deposit into, the Collection Account (or, in the case of a Serviced Whole Loan, the related Serviced Whole Loan Collection Account) any amount required to be so remitted by the Special Servicer pursuant to, and at the time specified by, the terms of this Agreement; provided, that the failure of the Special Servicer to remit such amount to the Master Servicer shall not be a Special Servicer Termination Event if such failure is remedied within two Business Days and if the Special Servicer has compensated the Master Servicer for any loss of income on such amount suffered by the Master Servicer due to and caused by the late remittance of the Special Servicer and reimburse the Trust for any resulting Advance Interest Amount due to the Master Servicer;

(iv) a decree or order of a court or agency or supervisory authority having jurisdiction in the premises in an involuntary case under any present or future federal or state bankruptcy, insolvency or similar law for the appointment of a conservator, receiver, liquidator, trustee or similar official in any bankruptcy, insolvency, readjustment of debt, marshaling of assets and liabilities or similar proceedings, or for the winding-up or liquidation of its affairs, shall have been entered against the Special Servicer and such decree or order shall have remained in force undischarged, undismissed or unstayed for a period of 60 days;

(v) the Special Servicer shall consent to the appointment of a conservator, receiver, liquidator, trustee or similar official in any bankruptcy, insolvency, readjustment of debt, marshaling of assets and liabilities or similar proceedings of or relating to the Special Servicer or of or relating to all or substantially all of its property;

(viii) subject to Section 10.16(c), any failure by the Special Servicer to deliver (a) any Exchange Act reporting items required to be delivered by the Special Servicer to the Trustee or the Certificate Administrator under Article X by the time required under Article X after any applicable grace periods or (b) any Exchange Act reporting items that a primary servicer, sub-servicer or Servicing Function Participant (such entity, the “Sub-Servicing Entity”) retained by the Special Servicer (but excluding any Mortgage Loan Seller Sub-Servicer) is required to deliver (any Sub-Servicing Entity shall be terminated if it defaults in accordance with the provision of this clause (viii).

then, and in each and every such case, so long as a Special Servicer Termination Event shall not have been remedied, the Trustee may, and at the written direction of (x) the Holders of at least 25% of the aggregate Voting Rights of all Certificates, (y) for so long as no Control Termination Event has occurred and is continuing, the Directing Certificateholder or (z) the Depositor with

respect to clause (viii) above upon five (5) Business Days' notice, shall, terminate all of the rights and obligations of the Special Servicer (other than the rights to indemnification provided in Section 6.03(a) of this Agreement and compensation provided in Section 3.12(c) of this Agreement). In the case of clause (vii) above, the Trustee shall, upon actual knowledge by a Responsible Officer of such Special Servicer Termination Event, be required to notify the Special Servicer and the Certificate Administrator, and the Certificate Administrator, upon receipt of such notice or upon actual knowledge by a Responsible Officer of such Special Servicer Termination Event, shall notify the Certificateholders and Serviced Companion Loan Noteholders of such Special Servicer Termination Event and request whether such Certificateholders and, if applicable, the Serviced Companion Loan Noteholders favor such termination.

(c) Notwithstanding Section 7.01(a), (i) if any Master Servicer Termination Event occurs that affects a Serviced Companion Loan and the Master Servicer is not otherwise terminated or (ii) if an NRSRO engaged to rate a Serviced Companion Loan Security qualifies, downgrades or withdraws its rating of such Serviced Companion Loan Security, citing servicing concerns with the Master Servicer as the sole or a material factor in such rating action and that rating action is not withdrawn within 60 days, then the Trustee, at the direction of the Companion Loan Noteholder, shall direct the Master Servicer to appoint a sub-servicer (or if a sub-servicer is then sub-servicing such Serviced Whole Loan, to appoint a new sub-servicer to service such Serviced Whole Loan, but only if such existing sub-servicer is in default after any applicable cure periods under the related sub-servicing agreement, and the Master Servicer shall be permitted to terminate the sub-servicing agreement due to such default) with respect all of the rights and obligations of the Master Servicer under this Agreement related to such Serviced Whole Loan. The Master Servicer shall appoint a replacement sub-servicer with respect to such Serviced Whole Loan; provided, that such sub-servicer meets the eligibility requirements of a successor master servicer under Section 7.02 (including receipt of a Rating Agency Confirmation relating to the Certificates and Serviced Companion Loan Securities, if any) and the eligibility requirements of each Other Pooling and Servicing Agreement.

(d) Notwithstanding Section 7.01(b), (i) if any Special Servicer Termination Event occurs that affects a Serviced Companion Loan and the Special Servicer is not otherwise terminated or (ii) if an NRSRO engaged to rate a Serviced Companion Loan Security qualifies, downgrades or withdraws its rating of such Serviced Companion Loan Security, citing servicing concerns with the Special Servicer as the sole or a material factor in such rating action and that rating action is not withdrawn within 60 days, then the Trustee, at the direction of the Companion Loan Noteholder, shall terminate the Special Servicer with respect to the related Serviced Whole Loan only, but no other Mortgage Loan.

(e) If the Master Servicer or the Special Servicer is terminated pursuant to this Section 7.01, the Trustee (the "Terminating Party") shall, by notice in writing to the Master Servicer or the Special Servicer, as the case may be (the "Terminated Party"), terminate all of its rights and obligations under this Agreement and in and to the Mortgage Loans and the proceeds thereof, other than any rights the Terminated Party has to Excess Servicing Fees, any rights it has hereunder as a Certificateholder and any rights or obligations that accrued prior to the date of such termination (including the right to receive all amounts accrued or owing to it under this Agreement, plus interest at the Reimbursement Rate on such amounts until received to the extent

such amounts bear interest as provided in this Agreement, with respect to periods prior to the date of such termination and the right to the benefits of Section 6.03 of this Agreement notwithstanding any such termination), and with respect to the Special Servicer, the right to receive any Workout Fee subsequent to its termination as Special Servicer, pursuant to Section 3.12(c) of this Agreement. No successor Special Servicer shall be entitled to such Workout Fee received by the terminated Special Servicer. On or after the receipt by the Terminated Party of such written notice, all of its authority and power under this Agreement, whether with respect to the Certificates (except that the Terminated Party shall retain its rights as a Certificateholder if and to the extent that it is a Certificateholder), the Mortgage Loans, the Serviced Companion Loans or otherwise, shall pass to and be vested in the Terminating Party pursuant to and under this Section and, without limitation, the Terminating Party is hereby authorized and empowered to execute and deliver, on behalf of and at the expense of the Terminated Party, as attorney-in-fact or otherwise, any and all documents and other instruments, and to do or accomplish all other acts or things necessary or appropriate to effect the purposes of such notice of termination, whether to complete the transfer and endorsement or assignment of the Mortgage Loans and related documents, or otherwise. The Master Servicer and the Special Servicer each agree in the event it is terminated pursuant to this Section 7.01 to promptly (and in any event no later than ten Business Days subsequent to such notice) provide, at its own expense, the Terminating Party with all documents and records requested by the Terminating Party to enable the Terminating Party to assume its functions hereunder, and to cooperate with the Terminating Party and the successor to its responsibilities hereunder in effecting the termination of its responsibilities and rights hereunder, including, without limitation, the transfer to the successor Master Servicer or Special Servicer or the Terminating Party, as applicable, for administration by it of all cash amounts which shall at the time be or should have been credited by the Master Servicer or the Special Servicer to the Collection Account, the applicable Serviced Whole Loan Collection Account, any REO Account, the Loss of Value Reserve Fund, any Gain-on-Sale Reserve Account, Lock-Box Account or Cash Collateral Account or which shall thereafter be received with respect to the Mortgage Loans, and shall promptly provide the Terminating Party or such successor Master Servicer or successor Special Servicer (which may include the Trustee) all documents and records reasonably requested by it, such documents and records to be provided in such form as the Terminating Party or such successor Master Servicer or Special Servicer shall reasonably request (including electronic form), to enable it to assume the Master Servicer's or Special Servicer's function hereunder. All reasonable costs and expenses of the Terminating Party (including the cost of obtaining a Rating Agency Confirmation and any applicable indemnity) or the successor Master Servicer or successor Special Servicer incurred in connection with transferring the Mortgage Files to the successor Master Servicer or Special Servicer and amending this Agreement to reflect such succession as successor Master Servicer or successor Special Servicer pursuant to this Section 7.01 shall be paid by the predecessor Master Servicer or the Special Servicer, as applicable, upon presentation of reasonable documentation of such costs and expenses. If the predecessor Master Servicer or Special Servicer (as the case may be) has not reimbursed the Terminating Party or the successor Master Servicer or Special Servicer for such expenses within 90 days after the presentation of reasonable documentation, such expense shall be reimbursed by the Trust Fund; provided that the Terminated Party shall not thereby be relieved of its liability for such expenses. If and to the extent that the Terminated Party has not reimbursed such costs and expenses, the Terminating Party shall have an affirmative obligation to take all reasonable actions to collect such expenses on behalf of the Trust Fund.

In no event shall the Trustee or the Certificate Administrator be deemed to have knowledge of, or be aware of, any Master Servicer Termination Event or Special Servicer Termination Event until a Responsible Officer of the Trustee or the Certificate Administrator, as the case may be, has received written notice thereof or has actual knowledge thereof.

Section 7.02 Trustee to Act; Appointment of Successor. Upon the receipt of a notice of termination by the Master Servicer or the Special Servicer pursuant to Section 7.01 of this Agreement, the Terminating Party (subject to Section 7.01(a) and Section 7.01(c)) shall be its successor, until a successor is appointed by the Directing Certificateholder as provided in this Section 7.02 or Section 3.22(b), as applicable, in all respects in its capacity as the Master Servicer or the Special Servicer under this Agreement and the transactions set forth or provided for herein and, except as provided herein, shall be subject to all the responsibilities, duties, limitations on liability and liabilities relating thereto and arising thereafter placed on the Master Servicer or Special Servicer by the terms and provisions hereof, provided, that (i) the Terminating Party shall have no responsibilities, duties, liabilities or obligations with respect to any act or omission of the Master Servicer or Special Servicer and (ii) any failure to perform, or delay in performing, such duties or responsibilities caused by the Terminated Party's failure to provide, or delay in providing, records, tapes, disks, information or monies shall not be considered a termination event for such successor hereunder. The Trustee, as successor Master Servicer or successor Special Servicer, shall be indemnified to the full extent provided to the Master Servicer or Special Servicer, as applicable, under this Agreement prior to the Master Servicer's or the Special Servicer's termination. The appointment of a successor Master Servicer or successor Special Servicer shall not affect any liability of the predecessor Master Servicer or Special Servicer which may have arisen prior to its termination as the Master Servicer or the Special Servicer. The Terminating Party shall not be liable for any of the representations and warranties of the Master Servicer or Special Servicer herein or in any related document or agreement, for any acts or omissions of the predecessor Master Servicer or predecessor Special Servicer or for any losses incurred in respect of any Permitted Investment by the Master Servicer pursuant to Section 3.07 hereunder nor shall the Trustee be required to purchase any Mortgage Loan or any Serviced Companion Loan hereunder. As compensation therefor, the Terminating Party as successor Master Servicer or successor Special Servicer shall be entitled to the Servicing Compensation or Special Servicing Compensation, as applicable, and all funds relating to the Mortgage Loans or the Serviced Companion Loans that accrue after the date of the Terminating Party's succession to which such predecessor Master Servicer or Special Servicer would have been entitled if such predecessor Master Servicer or Special Servicer, as applicable, had continued to act hereunder. If any Advances made by the Master Servicer or the Trustee shall at any time be outstanding, or any amounts of interest thereon shall be accrued and unpaid, all amounts available to repay Advances and interest hereunder shall be applied entirely to the Advances made by the Trustee (and the accrued and unpaid interest thereon), until such Advances and interest shall have been repaid in full. Notwithstanding the above, the Trustee may, if it shall be unwilling to so act, or shall if it is unable to so act or if the Holders of Certificates entitled to (i) in the case of the Master Servicer, at least 25% of the aggregate Voting Rights (or, for so long as no Control Termination Event has occurred and is continuing, the Controlling Class Representative), or (ii) in the case of the Special Servicer, at least 25% of the aggregate Voting Rights (or, for so long as no Control Termination Event has occurred and is continuing, the Directing Certificateholder), so request in writing to the Trustee, or, with respect to a Serviced Whole Loan, if an affected Serviced Companion Loan Noteholder so requests in

writing to the Trustee, or if the Trustee is not an “approved” servicer by any of the Rating Agencies for mortgage pools similar to the Trust Fund, promptly appoint, or petition a court of competent jurisdiction to appoint, any established mortgage loan servicing institution that, for so long as no Control Termination Event has occurred and is continuing, has been approved by the Directing Certificateholder (which approval shall not be unreasonably withheld in the case of the appointment of a successor Master Servicer) to act as the successor to the Master Servicer or Special Servicer, as applicable, hereunder in the assumption of all or any part of the responsibilities, duties or liabilities of the Master Servicer or Special Servicer hereunder; provided that the Trustee shall obtain a Rating Agency Confirmation with respect to the Certificates and any Serviced Companion Loan Securities. No appointment of a successor to the Master Servicer or Special Servicer hereunder shall be effective until the assumption by such successor of all the Master Servicer’s or Special Servicer’s responsibilities, duties and liabilities hereunder, which appointment has been approved, if no Control Termination Event has occurred and is continuing, by the Directing Certificateholder, such approval not to be unreasonably withheld. Pending appointment of a successor to the Master Servicer (or the Special Servicer if the Special Servicer is also the Master Servicer) hereunder, unless the Trustee shall be prohibited by law from so acting, the Trustee shall act in such capacity as hereinabove provided. Pending the appointment of a successor to the Special Servicer, the Trustee shall act in such capacity. In connection with such appointment and assumption described herein, the Trustee may make such arrangements for the compensation of such successor out of payments on Mortgage Loans, Serviced Companion Loans or otherwise as it and such successor shall agree; provided, that no such compensation shall be in excess of that permitted to the Terminated Party hereunder, unless no successor to the Terminated Party can be obtained to perform the obligations of such Terminated Party hereunder, in which case additional amounts shall be paid to such successor and such amounts in excess of that permitted the Terminated Party shall be treated as Realized Losses. Any successor Special Servicer shall be subject to the rights of the Directing Certificateholder under Section 3.22(b) of this Agreement. The Depositor, the Trustee, the Master Servicer or Special Servicer and such successor shall take such action, consistent with this Agreement, as shall be necessary to effectuate any such succession.

If the Trustee or an Affiliate acts pursuant to this Section 7.02 as successor to the resigning or terminated Master Servicer, it may reduce the Master Servicer’s Excess Servicing Fee Rate to the extent that its or such Affiliate’s compensation as successor Master Servicer would otherwise be below the market rate servicing compensation. If the Trustee elects to appoint a successor to the resigning or terminated Master Servicer other than itself or an Affiliate pursuant to this Section 7.02, it may reduce the Master Servicer’s Excess Servicing Fee Rate to the extent reasonably necessary (in the sole discretion of the Trustee) for the Trustee to appoint a qualified successor Master Servicer that meets the requirements of this Section 7.02.

Section 7.03 Notification to Certificateholders and Other Persons. (a) Upon its receipt of written notice of any termination pursuant to Section 7.01 above or appointment of a successor to the Master Servicer or the Special Servicer, the Certificate Administrator shall give prompt written notice thereof to Certificateholders at their respective addresses appearing in the Certificate Register, the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider’s Website pursuant to Section 3.14(d) of this Agreement), the Operating Advisor, the Asset Representations Reviewer and to each Serviced Companion Loan Noteholder at its address appearing in the Serviced Companion Loan Noteholder Register.

(b) Within 30 days after the occurrence of any Servicer Termination Event, Operating Advisor Termination Event or Asset Representations Reviewer Termination Event of which a Responsible Officer of the Trustee has actual knowledge, the Trustee shall transmit by mail to the Depositor, the Certificate Administrator (who shall then notify all Holders of Certificates), the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement), and each Serviced Companion Loan Noteholder, notice of such Servicer Termination Event, Operating Advisor Termination Event or Asset Representations Reviewer Termination Event, unless such Servicer Termination Event, Operating Advisor Termination Event or Asset Representations Reviewer Termination Event shall have been cured or waived.

Section 7.04 Other Remedies of Trustee. During the continuance of any Servicer Termination Event, so long as the Servicer Termination Event shall not have been remedied, the Trustee, in addition to the rights specified in Section 7.01 of this Agreement, shall have the right, in its own name as Trustee of an express trust, to take all actions now or hereafter existing at law, in equity or by statute to enforce its rights and remedies and to protect the interests, and enforce the rights and remedies, of the Certificateholders and, in the case of any Serviced Companion Loan, of the related Serviced Companion Loan Noteholders (including the institution and prosecution of all judicial, administrative and other proceedings and the filing of proofs of claim and debt in connection therewith). In such event, the legal fees, expenses and costs of such action and any liability resulting therefrom shall be expenses, costs and liabilities of the Trust Fund (and, in the case of any Serviced Whole Loan, such amounts shall be allocated in accordance with the expense allocation provision of the related Intercreditor Agreement). Except as otherwise expressly provided in this Agreement, no remedy provided for by this Agreement shall be exclusive of any other remedy, and each and every remedy shall be cumulative and in addition to any other remedy, and no delay or omission to exercise any right or remedy shall impair any such right or remedy or shall be deemed to be a waiver of any Servicer Termination Event.

Section 7.05 Waiver of Past Servicer Termination Events and Operating Advisor Termination Events; Termination. The Holders of Certificates evidencing not less than [66-2/3]% of the aggregate Voting Rights of the Certificates may, together with each affected Serviced Companion Loan Noteholder (to the extent they are adversely affected by such Servicer Termination Event or Operating Advisor Termination Event, as applicable), on behalf of all Holders of Certificates waive any termination event within 20 days of receipt of notice from the Certificate Administrator of such Servicer Termination Event or Operating Advisor Termination Event with respect to the Master Servicer, the Special Servicer or the Operating Advisor in the performance of its obligations hereunder and its consequences, except a termination event with respect to making any required deposits (including, with respect to the Master Servicer, P&I Advances) to or payments from the Collection Account, any Serviced Whole Loan Collection Account or the Lower-Tier Distribution Account, or in remitting payments as received, in each case in accordance with this Agreement. Upon any such waiver of a past termination event, such termination event shall cease to exist, and any Servicer Termination Event or Operating Advisor Termination Event arising therefrom shall be deemed to have been remedied for every purpose of this Agreement. No such waiver shall extend to any subsequent or other termination event or impair any right consequent thereon. Notwithstanding the foregoing, a Master Servicer

Termination Event under Section 7.01(a)(viii) or a Special Servicer Termination Event under Section 7.01(b)(viii) of this Agreement may be waived only with the consent of the Depositor.

Section 7.06 Trustee as Maker of Advances. If the Master Servicer fails to fulfill its obligations hereunder to make any Advances and such failure remains uncured, the Trustee shall perform such obligations (x) within five Business Days of the Master Servicer Termination Event resulting from such failure by the Master Servicer with respect to Servicing Advances to the extent a Responsible Officer of the Trustee has actual knowledge of such failure with respect to such Servicing Advances and (y) by 12:00 noon (New York City time) on the related Distribution Date with respect to P&I Advances pursuant to the Trustee's receipt of notice of failure pursuant to Section 4.07(a) of this Agreement unless the Trustee has received notice that such failure has been cured by 11:00 a.m. on such Distribution Date. With respect to any such Advance made by the Trustee, the Trustee shall succeed to all of the Master Servicer's rights with respect to Advances hereunder, including, without limitation, the Master Servicer's rights of reimbursement and interest on each Advance at the Reimbursement Rate, and rights to determine that a proposed Advance is a Nonrecoverable Advance (without regard to any impairment of any such rights of reimbursement caused by the Master Servicer's failure to perform its obligations hereunder); provided, that if Advances made by the Trustee and the Master Servicer shall at any time be outstanding, or any interest on any Advance shall be accrued and unpaid, all amounts available to repay such Advances and the interest thereon hereunder shall be applied entirely to the Advances outstanding to the Trustee, until such Advances shall have been repaid in full, together with all interest accrued thereon, prior to reimbursement of the Master Servicer for such Advances. The Trustee shall be entitled to conclusively rely on any notice given with respect to a Nonrecoverable Advance or any determination of nonrecoverability in connection therewith by the Master Servicer hereunder.

Section 7.07 Termination of the Operating Advisor. (a) An "Operating Advisor Termination Event" means any one of the following events whether any such event shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body:

(i) any failure by the Operating Advisor to observe or perform in any material respect any of its covenants or agreements or the material breach of its representations or warranties under this Agreement, which failure shall continue unremedied for a period of 30 days after the date on which written notice of such failure shall have been given to the Operating Advisor by any party hereto or to the Operating Advisor, the Certificate Administrator and the Trustee by the Holders of Certificates having greater than 25% of the aggregate Voting Rights; provided, that with respect to any such failure which is not curable within such 30-day period, the Operating Advisor shall have an additional cure period of thirty (30) days to effect such cure so long as it has commenced to cure such failure within the initial 30-day period and has provided the Trustee and the Certificate Administrator with an Officer's Certificate certifying that it has diligently pursued, and is continuing to pursue, such cure;

(ii) any failure by the Operating Advisor to perform in accordance with the Operating Advisor Standard which failure shall continue unremedied for a period of 30 days;

(iii) any failure by the Operating Advisor to be an Eligible Operating Advisor, which failure shall continue unremedied for a period of 30 days;

(iv) a decree or order of a court or agency or supervisory authority having jurisdiction in the premises in an involuntary case under any present or future federal or state bankruptcy, insolvency or similar law for the appointment of a conservator or receiver or liquidator in any insolvency, readjustment of debt, marshaling of assets and liabilities or similar proceedings, or for the winding-up or liquidation of its affairs, shall have been entered against the Operating Advisor, and such decree or order shall have remained in force undischarged or unstayed for a period of 60 days;

(v) the Operating Advisor shall consent to the appointment of a conservator or receiver or liquidator or liquidation committee in any insolvency, readjustment of debt, marshaling of assets and liabilities, voluntary liquidation, or similar proceedings of or relating to the Operating Advisor or of or relating to all or substantially all of its property; or

(vi) the Operating Advisor shall admit in writing its inability to pay its debts generally as they become due, file a petition to take advantage of any applicable insolvency or reorganization statute, make an assignment for the benefit of its creditors, or voluntarily suspend payment of its obligations.

Upon receipt by the Certificate Administrator of notice of the occurrence of any Operating Advisor Termination Event, the Certificate Administrator shall promptly provide written notice to all Certificateholders by posting such notice on the Certificate Administrator's Website and by mail, unless the Certificate Administrator has received notice that it has been remedied. If an Operating Advisor Termination Event has occurred then, and in each and every such case, so long as such Operating Advisor Termination Event shall not have been remedied, either (i) the Trustee may or (ii) upon the written direction of holders of Certificates evidencing not less than [25]% of the Voting Rights of each Class of Regular Certificates, the Trustee shall, terminate all of the rights and obligations of the Operating Advisor under this Agreement, other than rights and obligations accrued prior to such termination, including the right to receive all amounts accrued and owing to it under this Agreement, and other than indemnification rights (arising out of events occurring prior to such termination), by notice in writing to the Operating Advisor. Notwithstanding anything herein to the contrary, the Depositor shall have the right, but not the obligation, to notify the Certificate Administrator and the Trustee of any Operating Advisor Termination Event of which the Depositor has actual knowledge.

(b) Upon (i) the written direction of holders of Certificates evidencing not less than 15% of the aggregate Voting Rights requesting a vote to terminate and replace the Operating Advisor with a proposed successor Operating Advisor that is an Eligible Operating Advisor and (ii) payment by such Holders to the Certificate Administrator of the reasonable fees and expenses to be incurred by the Certificate Administrator in connection with administering such vote, the Certificate Administrator shall promptly provide written notice thereof to the Operating Advisor and to all Certificateholders by (i) posting such notice on the Certificate Administrator's Website and (ii) mail at their addresses appearing in the Certificate Register. Upon the written direction of Holders of Certificates evidencing more than 50% of the Voting Rights that exercise their right to vote (provided that Holders of at least 50% of the Voting

Rights exercise their right to vote), the Trustee shall terminate all of the rights and obligations of the Operating Advisor with respect to the Mortgage Loans under this Agreement by notice in writing to the Operating Advisor, other than rights and obligations accrued prior to such termination including the right to receive all amounts accrued and owing to it under this Agreement and other than indemnification rights arising out of events occurring prior to such termination. The provisions set forth in the foregoing sentences of this Section 7.07(b) shall be binding upon and inure to the benefit of solely the Certificateholders and the Trustee as between each other. The Operating Advisor shall not have any cause of action based upon or arising from any breach or alleged breach of such provisions other than may arise, as a result of the failure to comply with the above described voting procedures. As between the Operating Advisor, on the one hand, and the Certificateholders, on the other, the Certificateholders shall be entitled in their sole discretion to vote for the termination or not vote for the termination of the Operating Advisor. The Certificate Administrator shall include on each Distribution Date Statement a statement that each Certificateholder and Certificate Owner may access notices on the Certificate Administrator's Website and each Certificateholder and Certificate Owner may register to receive email notifications when such notices are posted on the Certificate Administrator's Website; provided that the Certificate Administrator shall be entitled to reimbursement from the requesting Certificateholders for the reasonable expenses of posting such notices.

(c) On or after the receipt by the Operating Advisor of such written notice of termination, subject to the foregoing, all of its authority and power under this Agreement shall be terminated and, without limitation, the terminated Operating Advisor shall execute any and all documents and other instruments, and do or accomplish all other acts or things reasonably necessary or appropriate to effect the purposes of such notice of termination. As soon as practicable, but in no event later than 15 Business Days after (1) the Operating Advisor resigns pursuant to Section 6.04(a) of this Agreement or (2) the Certificate Administrator delivers such written notice of termination to the Operating Advisor, the Trustee shall upon the written direction of Holders of Certificates evidencing not less than 25% of the Voting Rights of each Class of Regular Certificates of each Class of Certificates appoint a successor Operating Advisor that is an Eligible Operating Advisor, which successor Operating Advisor may be an Affiliate of the Trustee and shall be the proposed Operating Advisor in the case of a termination pursuant to Section 7.07(b) of this Agreement; provided, that if the Trustee is acting as the successor Master Servicer or successor Special Servicer, neither the Trustee nor any of its Affiliates shall be the successor Operating Advisor. The Trustee shall provide written notice of the appointment of a successor Operating Advisor to the Master Servicer, the Special Servicer and the Certificate Administrator (and the Certificate Administrator shall promptly provide such notice to the Controlling Class Representative, each Serviced Companion Loan Noteholder and each Certificateholder) within one Business Day of such appointment. The Operating Advisor shall not at any time be the Depositor, the Master Servicer, the Special Servicer, a Mortgage Loan Seller, an Other Depositor, an Other Servicer, an Other Special Servicer or an Affiliate of any of them. If any of such entities becomes the Operating Advisor, including by means of an Affiliation arising after the date hereof, the Operating Advisor shall immediately resign or cause an assignment under Section 6.04 of this Agreement and the Trustee shall upon the written direction of Holders of Certificates evidencing not less than 25% of the Voting Rights of each Class of Certificates appoint a successor Operating Advisor subject to and in accordance with this Section 7.07(c), which successor Operating Advisor may be an Affiliate of the Trustee.

(d) Upon any termination of the Operating Advisor and appointment of a successor to the Operating Advisor, the Trustee shall, as soon as possible, give written notice thereof to the Special Servicer, the Master Servicer, the Certificate Administrator, the Depositor, the Certificateholders, any Serviced Companion Loan Noteholder and, if no Consultation Termination Event has occurred, the Controlling Class Representative and the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement). If the Operating Advisor is terminated, all of its rights and obligations under this Agreement shall terminate, other than any rights or obligations that accrued prior to the date of such termination (including the right to receive all amounts accrued and owing to it under this Agreement) and other than indemnification rights (arising out of events occurring prior to such termination).

(e) [If there are no Classes of Certificates outstanding other than the Control Eligible Certificates and Class [R] Certificates, then all of the rights and obligations of the Operating Advisor under this Agreement shall terminate without payment of any termination fee (other than any rights or obligations that accrued prior to the date of such termination (including accrued and unpaid compensation) and other than indemnification rights arising out of events occurring prior to such termination). If the Operating Advisor is terminated pursuant to this Section 7.07(e), then no replacement Operating Advisor shall be appointed. The Trustee shall provide the Operating Advisor with prompt notice upon its termination pursuant to this Section 7.07(e).][EXCLUDE FOR TRANSACTIONS THAT CLOSE ON OR AFTER DECEMBER 24, 2016 THAT SATISFY RISK RETENTION REQUIREMENTS THROUGH THIRD PARTY PURCHASER OF HORIZONTAL RESIDUAL INTEREST]

If any such instrument is found not to conform on its face to the requirements of this Agreement in a material manner, the

Trustee or the Certificate Administrator, as applicable, shall request the provider of such instrument to have the instrument corrected, and if the instrument is not corrected to such Trustee's or such Certificate Administrator's reasonable satisfaction, such Trustee or such Certificate Administrator will provide notice thereof to the Certificateholders.

(c) None of the Trustee, the Certificate Administrator or any of their officers, directors, employees, agents or "control" persons within the meaning of the Act shall have any liability arising out of or in connection with this Agreement, provided that, subject to Section 8.02 of this Agreement, no provision of this Agreement shall be construed to relieve the Trustee, the Certificate Administrator or any such person, from liability for its own negligent action, its own negligent failure to act or its own willful misconduct or its own bad faith; and provided, further, that:

(i) The Trustee's and the Certificate Administrator's duties and obligations shall be determined solely by the express provisions of this Agreement, neither the Trustee nor the Certificate Administrator shall be liable except for the performance of such duties and obligations as are specifically set forth in regard to such party in this Agreement, no implied covenants or obligations shall be read into this Agreement against the Trustee or the Certificate Administrator and, in the absence of bad faith on the part of the Trustee or the Certificate Administrator, as the case may be, the Trustee and the Certificate Administrator may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon any resolutions, certificates, statements, reports, opinions, documents, orders or other instruments furnished to the Trustee or the Certificate Administrator, as the case may be, that conform on their face to the requirements of this Agreement to the extent set forth herein without responsibility for investigating the contents thereof;

(ii) Reserved;

(iii) Neither the Trustee nor the Certificate Administrator shall be personally liable with respect to any action taken, suffered or omitted to be taken by it in good faith in accordance with the direction of Holders of Certificates entitled to greater than 50% of the Percentage Interests (or such other higher or lower percentage as is specified herein) of each affected Class, or of the aggregate Voting Rights of the Certificates, relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee or the Certificate Administrator, as the case may be, or exercising any trust or power conferred upon the Trustee or the Certificate Administrator, as the case may be, under this Agreement;

(iv) Neither the Trustee nor the Certificate Administrator nor any of their directors, officers, employees, agents or control persons shall be responsible for any act or omission of any Custodian, Paying Agent or Certificate Registrar that is not an Affiliate of the Trustee or Certificate Administrator, respectively, and that is selected other than by the Trustee or Certificate Administrator, respectively, performed or omitted in compliance with any custodial or other agreement, or any act or omission of the Master Servicer, the Special Servicer, the Depositor, the Operating Advisor or any other Person, including, without limitation, in connection with actions taken pursuant to this Agreement;

(v) Neither the Trustee nor the Certificate Administrator shall be under any obligation to appear in, prosecute or defend any legal action which is not incidental to its respective duties as Trustee or Certificate Administrator in accordance with this Agreement (and, if it does, all legal expenses and costs of such action shall be expenses and costs of the Trust Fund (and, if it does, all legal expenses and costs of such action shall be expenses and costs of the Trust Fund (and, in the case of any Whole Loan, any such costs and expenses shall be allocated in accordance with the allocation provisions of the related Intercreditor Agreement), and the Trustee or the Certificate Administrator, as applicable, shall be entitled, as provided in Section 3.06 hereof, to be reimbursed therefor from amounts on deposit in the Collection Account (and with respect to any Serviced Whole Loan, the related Serviced Whole Loan Collection Account) or the Distribution Account and identified on the Trust Ledger, unless such legal action arises out of the negligence or bad faith of the Trustee or Certificate Administrator, as applicable, or any breach of a representation or warranty of the Trustee or Certificate Administrator, as applicable, contained herein; and

None of the provisions contained in this Agreement shall require either the Trustee, in its capacity as Trustee or the Certificate Administrator, in its capacity as Certificate Administrator, to expend or risk its own funds, or otherwise incur financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers, if in the opinion of the Trustee or the Certificate Administrator, as the case may be, the repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it, and none of the provisions contained in this Agreement shall in any event require the Trustee or the Certificate Administrator, as the case may be, to perform, or be responsible for the manner of performance of, any of the obligations of the Master Servicer, the Special Servicer or the Operating Advisor under this Agreement, except, in the case of the Trustee, during such time, if any, as the Trustee shall be the successor to, and be vested with the rights, duties, powers and privileges of, the Master Servicer or the Special Servicer in accordance with the terms of this Agreement. (iii) (A) Neither the Trustee nor the Certificate Administrator shall be under any obligation to exercise any of the trusts or powers vested in it by this Agreement or to make any investigation of matters arising hereunder or institute, conduct or defend any litigation hereunder or in relation hereto at the request, order or direction of any of the Certificateholders, pursuant to the provisions of this Agreement, unless such Certificateholders shall have offered to the Trustee or the Certificate Administrator, as the case may be, reasonable security or indemnity reasonably satisfactory to the Trustee or the Certificate Administrator, as the case may be, against the costs, expenses and liabilities which may be incurred therein or thereby, provided that nothing contained herein shall relieve the Trustee or the Certificate Administrator, as the case may be, of the obligations, upon the occurrence of a Servicer Termination Event (which has not been cured or waived) of which a Responsible Officer of the Trustee or the Certificate Administrator, as the case may be, has actual knowledge, to exercise such of the rights and powers vested in it by this Agreement, and to use the same degree of care and skill in their exercise, as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs; and (B) the right of the Trustee and the Certificate Administrator to perform any discretionary act enumerated in this Agreement shall not be construed as a duty, and the Trustee or the Certificate Administrator, as the case may be, shall not be answerable for other than its own negligence or willful misconduct or bad faith in the performance of any such act;

(v) Neither the Trustee nor the Certificate Administrator shall be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, consent, order, appraisal, bond or other paper or document, unless requested in writing to do so by Holders of Certificates entitled to greater than 25% (or such other percentage as is specified herein) of the Percentage Interests of each affected Class; provided, that if the payment within a reasonable time to the Trustee or the Certificate Administrator, as the case may be, of the costs, expenses or liabilities likely to be incurred by it in the making of such investigation is, in the opinion of the Trustee or the Certificate Administrator, as the case may be, not reasonably assured to the Trustee or the Certificate Administrator, as the case may be, by the security afforded to it by the terms of this Agreement, the Trustee or the Certificate Administrator, as the case may be, may require indemnity reasonably satisfactory to it from such requesting Holders against such cost, expense or liability as a condition to taking any such action. The reasonable expense of every such investigation shall be paid by the Master Servicer, the Special Servicer or the Operating Advisor, as applicable, if a Servicer Termination Event or Operating Advisor Termination Event shall have occurred and be continuing relating to the Master Servicer, the Special Servicer or the Operating Advisor, respectively, and otherwise by the Certificateholders requesting the investigation;

(vi) The Trustee and the Certificate Administrator may execute any of the trusts or powers hereunder and the Trustee and the Certificate Administrator may perform any duties hereunder either directly or by or through agents, nominees, custodians or attorneys but shall not be relieved of the obligations hereunder; provided, that the Trustee or the Certificate Administrator, as the case may be, may not perform any duties hereunder through any Person that is a Prohibited Party; and

(b) Following the Startup Day, the Trustee and the Certificate Administrator shall not, except as expressly required by any provision of this Agreement, accept any contribution of assets to the Trust Fund unless the Trustee or the Certificate Administrator shall have received an Opinion of Counsel (the costs of obtaining such opinion to be borne by the Person requesting such contribution) to the effect that the inclusion of such assets in the Trust Fund will not cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or cause the Grantor Trust to fail to qualify as a grantor trust, at any time that any Certificates are outstanding, or subject the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to any tax under the REMIC Provisions or other applicable provisions of federal, state and local law or ordinances or cause the Grantor Trust not to be treated as a grantor trust.

(c) All rights of action under this Agreement or under any of the Certificates, enforceable by the Trustee and the Certificate Administrator, may be enforced by it without the

possession of any of the Certificates, or the production thereof at the trial or other proceeding relating thereto, and any such suit, action or proceeding instituted by the Trustee and the Certificate Administrator shall be brought in its name for the benefit of all the Holders of such Certificates, subject to the provisions of this Agreement.

(d) The Trustee shall not have a duty to conduct any affirmative investigation as to the occurrence of any condition requiring the repurchase of any Mortgage Loan by any Mortgage Loan Seller pursuant to this Agreement or the eligibility of any Mortgage Loan for purposes of this Agreement.

(f) In order to comply with laws, rules, regulations and executive orders in effect from time to time applicable to banking institutions, including those relating to the funding of terrorist activities and money laundering (“Applicable Law”), the Certificate Administrator and the Trustee, as the case may be, are required to obtain, verify and record certain information relating to individuals and entities that maintain a business relationship with the Certificate Administrator or the Trustee. Accordingly, each of the parties hereto agrees to provide to the Certificate Administrator and the Trustee, upon its respective request from time to time, such identifying information and documentation as may be available for such party in order to enable the Certificate Administrator and the Trustee to comply with Applicable Law.

Section 8.03 Trustee and Certificate Administrator Not Liable for Certificates or Mortgage Loans. The Trustee, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the Master Servicer and the Special Servicer make no representations or warranties as to the validity or sufficiency of this Agreement, of the Certificates or any offering document used to offer the Certificates for sale or the validity, enforceability or sufficiency of any Mortgage Loan, or related document. Neither the Trustee nor the Certificate Administrator shall at any time have any responsibility or liability for or with respect to the legality, validity and enforceability of any Mortgage, any Mortgage Loan, or the perfection and priority of any Mortgage or the maintenance of any such perfection and priority, or for or with respect to the sufficiency of the Trust Fund or its ability to generate the payments to be distributed to Certificateholders under this Agreement. Without limiting the foregoing, neither the Trustee nor the Certificate Administrator shall be liable or responsible for: (i) the existence, condition and ownership of any Mortgaged Property; (ii) the existence of any hazard or other insurance thereon (other than if the Trustee shall assume the duties of the Master Servicer or the Special Servicer pursuant to Section 7.02 of this Agreement) or the enforceability thereof; (iii) the existence of any Mortgage Loan or the contents of the related Mortgage File on any computer or other record thereof (other than if the Trustee shall assume the duties of the Master Servicer or the Special

Servicer pursuant to Section 7.02 of this Agreement); (iv) the validity of the assignment of any Mortgage Loan to the Trust Fund or of any intervening assignment; (v) the completeness of any Mortgage File; the performance or enforcement of any Mortgage Loan (other than if the Trustee shall assume the duties of the Master Servicer or the Special Servicer pursuant to Section 7.02 of this Agreement); (vi) the compliance by the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor or the Asset Representations Reviewer with any warranty or representation made under this Agreement or in any related document or the accuracy of any such warranty or representation prior to the Trustee's receipt of written notice or other discovery of any non-compliance therewith or any breach thereof; (vii) any investment of monies by or at the direction of the Master Servicer or any loss resulting therefrom, the acts or omissions of any of the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the Master Servicer or the Special Servicer (other than if the Trustee shall assume the duties of the Certificate Administrator, the Master Servicer or Special Servicer pursuant to Section 7.02 of this Agreement) or any sub-servicer or any Borrower; any action of the Master Servicer or Special Servicer (other than if the Trustee shall assume the duties of the Master Servicer or Special Servicer pursuant to Section 7.02 of this Agreement) or any sub-servicer taken in the name of the Trustee, except to the extent such action is taken at the express written direction of the Trustee; (viii) the failure of the Master Servicer or the Special Servicer or any sub-servicer to act or perform any duties required of them on behalf of the Trust Fund or the Trustee hereunder; or (ix) any action by or omission of the Trustee or the Certificate Administrator taken at the instruction of the Master Servicer or the Special Servicer (other than if the Trustee shall assume the duties of the Master Servicer or the Special Servicer pursuant to Section 7.02 of this Agreement) unless the taking of such action is not permitted by the express terms of this Agreement; provided, that the foregoing shall not relieve the Trustee or the Certificate Administrator of their respective obligations to perform their duties as specifically set forth in this Agreement. The Trustee or the Certificate Administrator shall not be accountable for the use or application by the Depositor, the Certificate Administrator (in the case of the Trustee only), the Trustee (in the case of the Certificate Administrator only), the Master Servicer or the Special Servicer of any of the Certificates or of the proceeds of such Certificates, or for the use or application of any funds paid to the Depositor, the Certificate Administrator (in the case of the Trustee only), the Trustee (in the case of the Certificate Administrator only), the Master Servicer or the Special Servicer in respect of the assignment of the Mortgage Loans or deposited in or withdrawn from the Collection Accounts, the Loan Specific REMIC Distribution Account, any Serviced Whole Loan Collection Account, the Lower-Tier Distribution Account, the Upper-Tier Distribution Account, the Class [___] Distribution Account, the Lock-Box Account, the Cash Collateral Account, the Reserve Accounts, the Interest Reserve Account, any REO Account or any Gain-on-Sale Reserve Account or any other account maintained by or on behalf of the Certificate Administrator, the Master Servicer or the Special Servicer, other than any funds held by the Trustee or the Certificate Administrator. Neither the Trustee nor the Certificate Administrator shall have any responsibility for filing any financing or continuation statement in any public office at any time or to otherwise perfect or maintain the perfection of any security interest or lien granted to it hereunder (unless the Trustee shall have become the successor Master Servicer) or to record this Agreement. In making any calculation hereunder which includes as a component thereof the payment or distribution of interest for a stated period at a stated rate "to the extent permitted by applicable law," the Trustee or the Certificate Administrator, as the case may be, shall assume that such payment is so permitted unless a Responsible Officer of the Trustee or the Certificate Administrator, as the case may be, has

actual knowledge, or receives an Opinion of Counsel (at the expense of the Person asserting the impermissibility) to the effect, that such payment is not permitted by applicable law. The Depositor is not obligated to monitor or supervise the performance of the Trustee or the Certificate Administrator under this Agreement or otherwise.

Section 8.04 Trustee and Certificate Administrator May Own Certificates. The Trustee, the Certificate Administrator and any agent of the Trustee or the Certificate Administrator in its individual capacity or any other capacity may become the owner or pledgee of Certificates, and may deal with the Depositor, the Certificate Administrator, the Trustee, the Master Servicer, the Special Servicer, the Initial Purchasers and the Underwriters in banking transactions, with the same rights it would have if it were not Trustee, Certificate Administrator or such agent, as the case may be.

Section 8.05 Payment of Trustee's and Certificate Administrator's Fees and Expenses; Indemnification. (a) On each Distribution Date, prior to the distribution of amounts to the Certificateholders, the Certificate Administrator shall be entitled to withdraw and pay the Trustee and itself its respective portion of the Certificate Administrator/Trustee Fee, as reasonable compensation from amounts remitted to the Lower-Tier Distribution Account, including with respect to the Loan Specific REMIC Regular Interests (which shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust), for all services rendered in the execution of the trusts hereby created and in the exercise and performance of any of the powers and duties of the Trustee and the Certificate Administrator at the Certificate Administrator/Trustee Fee Rate. The Trustee's fee shall be paid as a portion of the Certificate Administrator/Trustee Fee and shall equal \$[___] per month.

(b) If the Trustee assumes the servicing responsibilities of the Master Servicer or the Special Servicer hereunder pursuant to or otherwise arising from the resignation or removal of the Master Servicer or the Special Servicer, the Trustee shall be entitled to the compensation to which the Master Servicer or the Special Servicer, as the case may be, would have been entitled (other than the rights of the Special Servicer to receive any Workout Fee specified in Section 3.12(c) of this Agreement if the Special Servicer is terminated).

(c) The Trustee, the Custodian and the Certificate Administrator shall be paid or reimbursed by the Trust Fund upon its request for all reasonable expenses, disbursements and advances incurred or made by the Trustee, the Custodian or the Certificate Administrator pursuant to and in accordance with any of the provisions of this Agreement (including the reasonable compensation and the expenses and disbursements of its counsel and of all persons not regularly in its employ), which the Certificate Administrator will be entitled to withdraw from the Distribution Accounts prior to the distribution to Certificateholders to the extent set forth herein and to the extent such payments are "unanticipated expenses incurred by the REMIC" within the meaning of Treasury Regulations Section 1.860G-1(b)(iii) except any such expense, disbursement or advance as may arise from its negligence, willful misconduct or bad faith; provided, that, subject to the last paragraph of Section 8.01 and Section 8.02(a)(iii) of this Agreement, the Trustee, the Custodian or the Certificate Administrator shall not refuse to perform any of their respective duties hereunder solely as a result of the failure to be paid their respective portion of the Certificate Administrator/Trustee Fee, or the Trustee's, Custodian's or Certificate Administrator's previously-incurred expenses, as applicable. The term "unanticipated expenses incurred by the REMIC" shall include any fees, expenses and disbursement of any

separate Trustee or co-Trustee appointed hereunder, only to the extent such fees, expenses and disbursements were not reasonably anticipated as of the Closing Date and are attributable to the Loan Specific REMIC, the Lower-Tier REMIC, the Upper-Tier REMIC and the losses, liabilities, damages, claims or expenses (including reasonable attorneys' fees) incurred or advanced by an Indemnified Party in connection with any litigation arising out of this Agreement attributable to the Loan Specific REMIC, the Lower-Tier REMIC, the Upper-Tier REMIC or the Grantor Trust, including, without limitation, under Section 2.03, Section 3.10, the third paragraph of Section 3.11, Section 4.05 and Section 7.01 of this Agreement.

The Master Servicer and the Special Servicer covenant and agree to pay or reimburse the Trustee for the reasonable expenses, disbursements and advances incurred or made by the Trustee in connection with any transfer of the servicing responsibilities of the Master Servicer or the Special Servicer, respectively, hereunder, pursuant to or otherwise arising from the resignation or removal of the Master Servicer or Special Servicer (except in the case of removal of the Special Servicer without cause), as applicable, in accordance with any of the provisions of this Agreement (and including the reasonable fees and expenses and disbursements of its counsel and all other persons not regularly in its employ), except any such expense, disbursement or advance as may arise from the negligence, willful misconduct or bad faith of the Trustee.

(d) Each of the Certificate Administrator, the Custodian, the Paying Agent, the Trustee, the Depositor, the Master Servicer and the Special Servicer (each, for purposes of this Section 8.05(d), an "Indemnifying Party") shall (severally and not jointly) indemnify the Trustee (both in its capacity as Trustee and individually) and the Certificate Administrator (in its capacity as Certificate Administrator, Custodian, Paying Agent and individually) and each of their Affiliates and each of the partners, shareholders, members, managers, directors, officers, employees, representatives and agents of the Trustee and the Certificate Administrator and each of their Affiliates (each, for purposes of this Section 8.05(d), an "Indemnified Party"), and hold each of them harmless against any and all claims, losses, damages, penalties, fines, forfeitures, reasonable legal fees and related costs, judgments, and any other costs, fees and expenses that the Indemnified Party may sustain in connection with this Agreement (including, without limitation, reasonable fees and disbursements of counsel incurred by the Indemnified Party in any action or proceeding between the Indemnifying Party and the Indemnified Party or between the Indemnified Party and any third party or otherwise) resulting from each such Indemnifying Party's respective willful misconduct, bad faith, fraud or negligence in the performance of each of its respective duties hereunder or by reason of negligent disregard of its respective obligations and duties hereunder (including in the case of the Master Servicer, any agent of the Master Servicer or sub-servicer).

The Trust Fund shall indemnify each Indemnified Party and the Custodian from, and hold it harmless against, any and all losses, liabilities, damages, penalties, fines, forfeitures, judgments, claims or unanticipated expenses (including, without limitation, reasonable fees and disbursements of counsel incurred by the Indemnified Party in any action or proceeding between the Indemnifying Party and the Indemnified Party or between the Indemnified Party and any third party or otherwise) arising in respect of this Agreement, the Mortgage Loans or the Certificates other than (i) resulting from the willful misconduct, bad faith, fraud or negligence of the Indemnified Party or the Custodian, as applicable, in the performance of its obligations and

duties under this Agreement, (ii) by reason of its negligent disregard of those obligations or duties, or as may arise from a breach of any representation or warranty of the Indemnified Party or the Custodian, as applicable, made in this Agreement and (iii) as to which such Indemnified Party or the Custodian, as applicable, is entitled to indemnification pursuant to this Section 8.05(d). The right of reimbursement of the Indemnified Parties under this Section 8.05(d) shall be senior to the rights of all Certificateholders.

(e) Notwithstanding anything herein to the contrary, this Section 8.05 shall survive the termination or maturity of this Agreement or the resignation, removal or termination of the Trustee or the Certificate Administrator, as the case may be, regarding rights accrued prior to such resignation, removal or termination and (with respect to any acts or omissions during its respective tenures) the resignation, removal or termination of the Master Servicer, the Special Servicer, the Paying Agent, the Certificate Administrator, the Certificate Registrar or the Custodian.

(f) This Section 8.05 shall be expressly construed to include, but not be limited to, such indemnities, compensation, expenses, disbursements, advances, losses, liabilities, damages and the like, as may pertain or relate to any environmental law or environmental matter.

(g) Each of the Certificate Administrator, the Custodian, the Paying Agent and the Trustee (in each case with respect to itself only, for purposes of this Section 8.05(g), an “Indemnifying Party”) shall (severally and not jointly) indemnify the Trust Fund, the Depositor, the Master Servicer, the Special Servicer and each other, and each of their respective Affiliates and each of the partners, shareholders, members, managers, directors, officers, employees, representatives and agents of the Master Servicer and the Special Servicer and their respective Affiliates (each, for purposes of this Section 8.05(g), an “Indemnified Party”), and hold each of them harmless against any and all claims, losses, damages, penalties, fines, forfeitures, reasonable legal fees and related costs, judgments, and any other costs, fees and expenses that the Indemnified Party may sustain in connection with this Agreement (including, without limitation reasonable fees and disbursements of counsel incurred by the Indemnified Party in any action or proceeding between the Indemnifying Party and the Indemnified Party or between the Indemnified Party and any third party or otherwise) resulting from the applicable Indemnifying Party’s willful misconduct, bad faith, fraud or negligence in the performance of its duties hereunder or by reason of negligent disregard of its obligations and duties hereunder.

(h) The Certificate Administrator (for purposes of this Section 8.05(h), the “Indemnifying Party”) shall, solely in its capacity as the 17g-5 Information Provider, indemnify each Mortgage Loan Seller and Deutsche Bank Securities Inc. (each, for purposes of this Section 8.05(h), an “Indemnified Party”), and hold each of them harmless against any and all claims, losses, damages, penalties, fines, forfeitures, reasonable legal fees and related costs, judgments, and any other costs, fees and expenses that the Indemnified Party may sustain in connection with this Agreement (including, without limitation reasonable fees and disbursements of counsel incurred by the Indemnified Party in any action or proceeding between the Indemnifying Party and the Indemnified Party or between the Indemnified Party and any third party or otherwise) related to (i) the applicable Indemnifying Party’s willful misconduct, bad faith, fraud or negligence in the performance of its duties hereunder or by reason of negligent disregard of its obligations and duties hereunder or (ii) a determination by any Rating Agency

that it cannot reasonably rely on representations made by the Depositor or any Affiliate thereof pursuant to Exchange Act Rule 17g-5(a)(3), to the extent caused by any such willful misconduct, bad faith, fraud or negligence in the performance of its duties hereunder or by reason of negligent disregard referred to in clause (i) above by the Indemnifying Party.

If at any time the Trustee or the Certificate Administrator shall cease to be eligible in accordance with the provisions of this Section, the Trustee or the Certificate Administrator, as the case may be, shall resign immediately in the manner and with the effect specified in Section 8.07 of this Agreement.

Section 8.07 Resignation and Removal of Trustee and Certificate Administrator.

The Trustee and the Certificate Administrator may at any time resign and be discharged from the trusts hereby created by giving written notice thereof to the Trustee, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the Mortgage Loan Sellers, the Master Servicer, the Special Servicer, the Directing Certificateholder and the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement). Upon notice of resignation from the Trustee, the Depositor shall promptly appoint a successor trustee, the appointment of which is subject to the requirements contained in Section 8.06 of this Agreement and shall be, if no Control Termination Event has occurred and is continuing, reasonably acceptable to the Directing Certificateholder. Upon notice of resignation from the Certificate Administrator, the Trustee shall promptly appoint a successor certificate administrator, the appointment of which is subject to the requirements contained in Section 8.06 of this Agreement. If no successor trustee or certificate administrator shall have been so appointed and have accepted appointment within 30 days after the giving of such notice of resignation, the resigning Trustee or Certificate Administrator, as the case may be, may petition any court of competent jurisdiction for the appointment of a successor. The Trustee or the Certificate Administrator, as applicable, shall bear all reasonable out of pocket costs and expenses of each other party hereto and each Rating Agency in connection with its resignation.

If at any time the Trustee or the Certificate Administrator shall cease to be eligible in accordance with the provisions of Section 8.06 of this Agreement and shall fail to resign after written request therefor by the Depositor or the Master Servicer, or if at any time the Trustee or the Certificate Administrator shall become incapable of acting, or shall be adjudged bankrupt or insolvent, or a receiver of the Trustee or the Certificate Administrator, as the case may be (or of its property), shall be appointed, or any public officer shall take charge or control of the Trustee or the Certificate Administrator, as the case may be (or of its property or affairs), for the purpose of rehabilitation, conservation or liquidation, or if the Trustee or Certificate Administrator (if different than the Trustee) shall fail (other than by reason of the failure of either the Master

Servicer or the Special Servicer to timely perform its obligations hereunder or as a result of other circumstances beyond the Trustee's or Certificate Administrator's, as applicable, reasonable control), to timely publish any report to be delivered, published or otherwise made available by the Certificate Administrator pursuant to Section 4.02 and such failure shall continue unremedied for a period of five (5) days, or if the Certificate Administrator fails to make distributions required pursuant to Section 4.01 or Section 9.01, then the Depositor or the Master Servicer may remove the Trustee or the Certificate Administrator, as the case may be, and the Depositor or the Master Servicer shall promptly appoint a successor by written instrument, which shall be delivered to the Trustee or the Certificate Administrator, as the case may be, so removed and to the successor.

The Holders of Certificates entitled to at least 50% of the Voting Rights may at any time remove the Trustee or the Certificate Administrator and appoint a successor by written instrument or instruments, in eight originals, signed by such Holders or their attorneys-in-fact duly authorized, one complete set of which instruments shall be delivered to each of the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Trustee, the Certificate Administrator and the successor trustee or certificate administrator, as applicable.

In addition, if the Trustee or the Certificate Administrator is terminated without cause, the terminating party shall pay all of the expenses of the Trustee or the Certificate Administrator, as the case may be, necessary to affect the transfer of its responsibilities to the successor.

If the Trustee is terminated or removed pursuant to this Section 8.07, all of its rights and obligations under this Agreement and in and to the Mortgage Loans shall be terminated, other than any rights or obligations that accrued prior to the date of such termination or removal (including the right to receive all fees, expenses, indemnities, and other amounts accrued or owing to it under this Agreement, plus interest at the Reimbursement Rate on all such amounts until received to the extent such amounts bear interest as provided in this Agreement, with respect to periods prior to the date of such termination or removal).

If the Certificate Administrator is terminated or removed pursuant to this Section 8.07, (i) all of its rights and obligations under this Agreement and in and to the Mortgage Loans shall be terminated, other than any rights or obligations that accrued prior to the date of such termination or removal (including the right to receive all fees, indemnities, expenses and other amounts accrued or owing to it under this Agreement with respect to periods prior to the date of such termination or removal) and (ii) such resignation, termination, or removal shall be effective with respect to each of its other capacities hereunder except its capacity as Custodian (but including, without limitation, its capacities as Certificate Registrar, 17g-5 Information Provider, Paying Agent and Authenticating Agent).

Upon the resignation, assignment, or transfer of the Trustee or its business to a successor, or upon the termination of the Trustee, (a) the outgoing Trustee, at its own expense without right to reimbursement therefor, shall (A) endorse the original executed Mortgage Note for each Mortgage Loan (to the extent that the original executed Mortgage Note for each Mortgage Loan was endorsed to the outgoing Trustee), without recourse, representation or warranty, express or implied, to the order of the successor, as trustee for the registered holders of

[NAME OF ISSUING ENTITY] Commercial Mortgage Pass-Through Certificates or in blank, and (B) in the case of the other assignable Loan Documents (to the extent such other Loan Documents were assigned to the outgoing Trustee), assign and record such Loan Documents to such successor, and such successor shall review the documents delivered to it or to the Custodian with respect to each Mortgage Loan, and certify in writing that, as to each Mortgage Loan then subject to this Agreement, such endorsement and assignment has been made; (b) if any original executed Mortgage Note for a Mortgage Loan was not endorsed to the outgoing Trustee, the Custodian shall deliver such Mortgage Note to the successor trustee and the Custodian shall cooperate with any successor trustee to ensure that such Mortgage Note is endorsed (without recourse, representation or warranty, express or implied) to the order of the successor trustee, as trustee for the registered holders of [NAME OF ISSUING ENTITY] Commercial Mortgage Pass-Through Certificates or in blank. If any assignable Loan Document (other than the Mortgage Note) was not assigned to the outgoing Trustee or if the Trustee is removed pursuant to Section 8.07 without cause, with respect to the Loan Documents identified in clause (B) of the preceding sentence, the Custodian shall deliver such Loan Document to the successor trustee and, if appropriate, such Loan Documents shall be recorded at the expense of the Trust (i) prior to the occurrence and continuance of a Control Termination Event, with the consent of the Controlling Class Representative, (ii) after the occurrence and continuance of a Control Termination Event but prior to the occurrence of a Consultation Termination Event, after consultation with the Controlling Class Representative and the Operating Advisor and (iii) after the occurrence of a Consultation Termination Event, after consultation with the Operating Advisor and the reasonable cooperation (as determined by the Depositor) of the Depositor.

Section 8.08 Successor Trustee and Certificate Administrator. (a) Any successor trustee or certificate administrator shall execute, acknowledge and deliver to the Depositor, the Operating Advisor, the Asset Representations Reviewer, the Master Servicer, the Certificate Administrator (or in the case of a successor certificate administrator, to the predecessor Certificate Administrator) and the Trustee, as the case may be, instruments accepting their appointment hereunder, and thereupon the resignation or removal of the predecessor Trustee or Certificate Administrator, as applicable, shall become effective and such successor, without any further act, deed or conveyance, shall become fully vested with all the rights, powers, duties and obligations of its predecessor hereunder, with the like effect as if originally named as Trustee or Certificate Administrator, as applicable, herein; provided that such successor shall satisfy the requirements contained in Section 8.06 of this Agreement. The predecessor Trustee or Certificate Administrator, as applicable, shall deliver to its successor all Mortgage Files and related documents and statements held by it hereunder, and the Depositor and the predecessor Trustee or Certificate Administrator, as applicable, shall execute and deliver such instruments and do such other things as may reasonably be required for more fully and certainly vesting and confirming in the successor all such rights, powers, duties and obligations. No successor trustee or certificate administrator, as the case may be, shall accept appointment as provided in this Section 8.08 unless at the time of such acceptance such successor shall be eligible under the provisions of Section 8.06 of this Agreement.

Upon acceptance of appointment by a successor trustee as provided in this Section 8.08, the Depositor shall mail notice of the succession of such Trustee hereunder to all Holders of Certificates at their addresses as shown in the Certificate Register. If the Depositor

fails to mail such notice within 10 days after acceptance of appointment by the successor trustee, the successor trustee shall cause such notice to be mailed at the expense of the Depositor.

(b) Any successor trustee appointed pursuant to this Agreement shall satisfy the eligibility requirements set forth in Section 8.06 hereof.

(c) Neither the Asset Representations Reviewer nor any of its Affiliates may be appointed as successor trustee or certificate administrator.

Section 8.09 Merger or Consolidation of Trustee or Certificate Administrator. Any corporation into which the Trustee or the Certificate Administrator may be merged or converted or with which it may be consolidated or any corporation resulting from any merger, conversion or consolidation to which the Trustee or the Certificate Administrator shall be a party, or any corporation succeeding to all or substantially all of the corporate trust business of the Trustee or the Certificate Administrator, shall be the successor of the Trustee or the Certificate Administrator, as the case may be, hereunder; provided that such corporation shall be eligible under the provisions of Section 8.06 of this Agreement without the execution or filing of any paper or any further act on the part of any of the parties hereto, anything herein to the contrary notwithstanding. The Trustee or the Certificate Administrator, as applicable, shall notify the other parties hereto of any such event, and the Certificate Administrator shall post notice of such merger or consolidation to the Certificate Administrator's Website in accordance with Section 3.14(d) of this Agreement and provide notice of such event to the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement).

Section 8.10 Appointment of Co-Trustee or Separate Trustee. Notwithstanding any other provisions hereof, at any time, for the purpose of meeting any legal requirements of any jurisdiction in which any part of the Trust Fund or property securing the same may at the time be located, the Depositor and the Trustee acting jointly shall have the power and shall execute and deliver all instruments to appoint one or more Persons approved by the Trustee to act (at the expense of the Trust) as co-Trustee or co-Trustees, jointly with the Trustee, or separate Trustee or separate Trustees, of all or any part of the Trust Fund, and to vest in such Person or Persons, in such capacity, such title to the Trust Fund, or any part thereof, and, subject to the other provisions of this Section 8.10, such powers, duties, obligations, rights and trusts as the Depositor and the Trustee may consider necessary or desirable. If the Depositor shall not have joined in such appointment within 15 days after the receipt by it of a request so to do, or in case a Servicer Termination Event shall have occurred and be continuing, the Trustee alone shall have the power to make such appointment. Except as required by applicable law, the appointment of a co-Trustee or separate Trustee shall not relieve the Trustee of its responsibilities, obligations and liabilities hereunder. No co-Trustee or separate Trustee hereunder shall be required to meet the terms of eligibility as a successor Trustee under Section 8.06 hereunder and no notice to Holders of Certificates of the appointment of co-Trustee(s) or separate Trustee(s) shall be required under Section 8.08 hereof.

In the case of any appointment of a co-Trustee or separate Trustee pursuant to this Section 8.10, all rights, powers, duties and obligations conferred or imposed upon the Trustee shall be conferred or imposed upon and exercised or performed by the Trustee and such separate Trustee or co-Trustee jointly (it being understood that such separate Trustee or co-Trustee is not

authorized to act separately without the Trustee joining in such act), except to the extent that under any law of any jurisdiction in which any particular act or acts are to be performed (whether as Trustee hereunder or as successor to the Master Servicer hereunder), the Trustee shall be incompetent or unqualified to perform such act or acts, in which event such rights, powers, duties and obligations (including the holding of title to the Trust Fund or any portion thereof in any such jurisdiction) shall be exercised and performed by such separate Trustee or co-Trustee solely at the direction of the Trustee.

No Trustee under this Agreement shall be personally liable by reason of any act or omission of any other trustee under this Agreement. The Depositor and the Trustee acting jointly may at any time accept the resignation of or remove any separate Trustee or co-Trustee, or if the separate Trustee or co-Trustee is an employee of the Trustee, the Trustee acting alone may accept the resignation of or remove any separate Trustee or co-Trustee.

Any notice, request or other writing given to the Trustee shall be deemed to have been given to each of the then separate Trustees and co-Trustees, as effectively as if given to each of them. Every instrument appointing any separate Trustee or co-Trustee shall refer to this Agreement and the conditions of this Article VIII. Every such instrument shall be filed with the Trustee. Each separate Trustee and co-Trustee, upon its acceptance of the trusts conferred, shall be vested with the estates or property specified in its instrument of appointment, either jointly with the Trustee or separately, as may be provided therein, subject to all the provisions of this Agreement, specifically including every provision of this Agreement relating to the conduct of, affecting the liability of, or affording protection to, the Trustee. In no event shall any such separate Trustee or co-Trustee be entitled to any provision relating to the conduct of, affecting the liability of or affording protection to such separate Trustee or co-Trustee that imposes a standard of conduct less stringent than that imposed by the Trustee hereunder, affording greater protection than that afforded to the Trustee hereunder or providing a greater limit on liability than that provided to the Trustee hereunder.

Any separate Trustee or co-Trustee may, at any time, constitute the Trustee its agent or attorney-in-fact, with full power and authority, to the extent not prohibited by law, to do any lawful act under or in respect of this Agreement on its behalf and in its name. If any separate Trustee or co-Trustee shall die, become incapable of acting, resign or be removed, all of its estates, properties, rights, remedies and trusts shall vest in and be exercised by the Trustee, to the extent permitted by law, without the appointment of a new or successor Trustee.

ARTICLE IX

TERMINATION

Section 9.01 Termination. (a) The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator and the Trustee created hereby with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as hereinafter set forth) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate

Administrator and the Master Servicer, as the case may be, required hereunder to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of this Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of this Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to this Agreement of the last asset held by the Trust Fund; provided, that in no event shall the trust created hereby continue beyond the expiration of twenty-one years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

For purposes of this Section 9.01, the Sole Certificateholder shall have the first option to terminate the Trust Fund, pursuant to Section 9.01(g), and then the Certificateholder owning a majority of the Percentage Interests in the Controlling Class, the Special Servicer and the Master Servicer, in that order, shall have the option to terminate the Trust Fund pursuant to subsection (c). For purposes of this Section 9.01, the Directing Certificateholder with the consent of the Holders of the Controlling Class, shall act on behalf of the Holders of the Controlling Class in purchasing the assets of the Trust Fund and terminating the Trust.

(b) The Trust Fund, the Loan Specific REMIC, the Lower-Tier REMIC and the Upper-Tier REMIC shall be terminated and the assets of the Trust Fund shall be sold or otherwise disposed of in connection therewith, only pursuant to a “plan of complete liquidation” within the meaning of Section 860F(a)(4)(A) of the Code providing for the actions contemplated by the provisions hereof and pursuant to which the applicable Notice of Termination is given, and requiring that the Trust Fund, the Loan Specific REMIC, the Lower-Tier REMIC and the Upper-Tier REMIC shall terminate on a Distribution Date occurring not more than 90 days following the date of adoption of the plan of complete liquidation. For purposes of this Section 9.01(b), the Notice of Termination given pursuant to Section 9.01(c) of this Agreement shall constitute the adoption of the plan of complete liquidation as of the date such notice is given, which date shall be specified by the Certificate Administrator in the final federal income tax returns of the Loan Specific REMIC, the Upper-Tier REMIC and the Lower-Tier REMIC. Notwithstanding the termination of the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC or the Trust Fund, the Certificate Administrator shall be responsible for filing the final Tax Returns for each such REMIC and for the Grantor Trust for the period ending with such termination, and shall retain books and records with respect to such REMICs and the Grantor Trust for the same period of retention for which it maintains its own tax returns or such other reasonable period. The Trustee shall sign all Tax Returns and other reports required by this Section.

(c) The Certificateholder owning a majority of the Percentage Interest in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days’ prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date, by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate

Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

(i) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);

(ii) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;

(iii) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and

(iv) the aggregate amount of unreimbursed Advances, with interest thereon at the Reimbursement Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

If the Certificateholder owning a majority of the Percentage Interests in the Controlling Class, the Master Servicer or the Special Servicer purchases all of the Mortgage Loans and all property acquired in respect of any Mortgage Loan remaining in the Trust Fund in accordance with this Section 9.01(c), the Certificateholder owning a majority of the Percentage Interests in the Controlling Class, the Master Servicer or the Special Servicer, as applicable, shall deposit in the Loan Specific REMIC Distribution Account or the Lower-Tier Distribution Account, as applicable, not later than the Master Servicer Remittance Date relating to the Anticipated Termination Date on which the final distribution on the Certificates is to occur, an amount in immediately available funds equal to the above-described purchase price (exclusive of any portion thereof payable to any Person other than the Certificateholders pursuant to Section 3.05(a) of this Agreement, which portion shall be deposited in the Collection Account). In addition, the Master Servicer shall transfer to the Certificate Administrator for deposit in the Loan Specific REMIC Distribution Account or the Lower-Tier Distribution Account, as applicable, all amounts required to be transferred thereto on the Master Servicer Remittance Date from the Collection Account, together with any other amounts on deposit in the Collection Account that would otherwise be held for future distribution. Upon confirmation by the Master Servicer in writing that it has transferred all such amounts to the Certificate Administrator, the Custodian shall release or cause to be released to the Certificateholder owning a majority of the Percentage Interests in the Controlling Class, the Master Servicer or the Special Servicer, as applicable, the Mortgage Files for the remaining Mortgage Loans and shall execute all assignments, endorsements and other instruments furnished to it by such purchasing party as shall be necessary to effectuate transfer of the Mortgage Loans and all property acquired in respect of any Mortgage Loan remaining in the Trust Fund, and the Trust Fund shall be liquidated in accordance with this Article IX.

For purposes of this Section 9.01, the Directing Certificateholder with the consent of the Holders of the Controlling Class, shall act on behalf of the Holders of the Controlling Class in purchasing the assets of the Trust Fund and terminating the Trust.

As a condition to the purchase of the assets of the Trust Fund pursuant to this Section 9.01(c), the purchaser shall deliver to the Trustee and the Certificate Administrator an Opinion of Counsel, which shall be at the expense of such purchaser, stating that such termination will be a “qualified liquidation” under Section 860F(a)(4)(A) of the Code. All costs and expenses incurred by any and all parties to this Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and other assets of the Trust Fund pursuant to this Section 9.01(c) shall be borne by the party exercising its purchase rights hereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to this subsection (c).

(d) If the Trust Fund has not been previously terminated pursuant to subsection (c) of this Section 9.01, the Certificate Administrator shall determine as soon as practicable the Distribution Date on which the Certificate Administrator reasonably anticipates, based on information with respect to the Mortgage Loans previously provided to it, that the final distribution will be made to the Holders of outstanding Regular Certificates, notwithstanding that such distribution may be insufficient to distribute in full the Certificate Balance of each Class of Certificates, together with amounts required to be distributed on such Distribution Date pursuant to Section 4.01(b) of this Agreement; provided, that, if no such Classes of Certificates are then outstanding, the final distribution shall be made (i) to the Holders of the Class [R] Interest of any amount remaining in the Collection Accounts, the Loan Specific REMIC Distribution Account or the Lower-Tier Distribution Account, and (ii) to the Holders of the Class [R] Certificates of any amount remaining in the Upper-Tier Distribution Account.

(e) Notice of any termination of the Trust Fund pursuant to this Section 9.01 shall be mailed by the Certificate Administrator to Certificateholders (with a copy to the Trustee, the Master Servicer, the Special Servicer, the Mortgage Loan Sellers, the Operating Advisor, the Asset Representations Reviewer, the related Serviced Companion Loan Noteholder (if any) and the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider’s Website pursuant to Section 3.14(d) of this Agreement)), at their addresses shown in the Certificate Registrar not more than 30 days, and not less than ten days, prior to the Anticipated Termination Date. The notice mailed by the Certificate Administrator to Certificateholders shall:

- (i) specify the Anticipated Termination Date on which the final distribution is anticipated to be made to Holders of Certificates of the Classes specified therein;
- (ii) specify the amount of any such final distribution, if known; and
- (iii) state that the final distribution to Certificateholders will be made only upon presentation and surrender of Certificates at the office of the Paying Agent therein specified.

If the Trust Fund is not terminated on any Anticipated Termination Date for any reason, the Certificate Administrator shall promptly mail notice thereof to each Certificateholder.

(f) Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall be set aside and held in trust for the account of the appropriate non-tendering Certificateholders, whereupon the Trust Fund shall terminate. If any Certificates as to which notice of the Termination Date has been given pursuant to this Section 9.01 shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice any Certificate shall not have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining Certificateholders concerning surrender of their Certificates. The costs and expenses of maintaining such funds and of contacting Certificateholders shall be paid out of the assets which remain held. If within two years after the second notice any Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator hereunder and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with this Section 9.01. Any amounts remaining in the Excess Interest Distribution Account representing Excess Interest shall be distributed to the Holders of the [ARD CLASS] Certificates.

(g) Following the date on which the Class [] Notional Amount, the Class [] Notional Amount, the Class [] Notional Amount, and the aggregate Certificate Balance of the [CLASSES] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the [CLASSES] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [], Class [], Class [] and Class [] Certificates pursuant to the definition of "Sole Certificateholder" and (ii) the [ARD CLASS] and Class [R] Certificates), including the [LOAN SPECIFIC CLASS] Certificates, for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) by giving written notice to all the parties hereto no later than 60 days prior to the anticipated date of exchange; provided that such Sole Certificateholder pays to the Certificate Administrator as additional compensation an amount equal to one day of interest calculated at the Prime Rate on the aggregate Certificate Balance of the Sequential Pay Certificates as of the first day of the current calendar month and such Sole Certificateholder pays to the Master Servicer as additional compensation an amount equal to (i) the product of (a) the Prime Rate, (b) the aggregate Certificate Balance of the then outstanding Certificates (other than the [INTEREST ONLY CLASSES] and Class [R] Certificates) as of the date of the exchange and (c) three, divided by (ii) 360, and such payments shall be treated as made by the Sole Certificateholder directly to the Certificate Administrator and the Master Servicer and not through or by either of the Trust REMICs; provided, further, that if the Holders of the Class [], Class [], Class [] and Class [] Certificates have assigned their Voting Rights to the "Sole Certificateholder", then the Sole Certificateholder may exchange the Class [], Class [], Class [] and Class [] Certificates

for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a), and the Holders of the Class [], Class [], Class [] and Class [] Certificates shall be entitled to exchange those Certificates for consideration in an amount to be agreed by the Sole Certificateholder and the Holders of the Class [], Class [], Class [] and Class [] Certificates (the “Class X Payoff Amount”); provided, that the Class X Payoff Amount shall consist solely of cash or other assets otherwise payable or deliverable by the Trust to the Sole Certificateholder and to no other Person. If the Sole Certificateholder elects to exchange all of the then-outstanding Certificates (other than (i) the Class [], Class [], Class [] and Class [] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [], Class [], Class [] and Class [] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates), including the [LOAN SPECIFIC CLASS] Certificates, for all of the Mortgage Loans and each REO Property remaining in the Trust Fund in accordance with the preceding sentence, such Sole Certificateholder, not later than the Distribution Date on which the final distribution on the Certificates is to occur, shall deposit in the Collection Account an amount in immediately available funds equal to all amounts due and owing to the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee hereunder through the date of the liquidation of the Trust Fund that may be withdrawn from the Collection Account, or an escrow account acceptable to the respective parties hereto, pursuant to Section 3.06(a) of this Agreement or that may be withdrawn from the Distribution Accounts pursuant to Section 3.06(f) and Section 3.06(h) of this Agreement, but only to the extent that such amounts are not already on deposit in the Collection Account. In addition, the Master Servicer shall transfer all amounts required to be transferred to the Certificate Administrator for deposit in the Loan Specific REMIC Distribution Account or the Lower-Tier Distribution Account, as applicable, on such Master Servicer Remittance Date from the Collection Account pursuant to Section 3.05 of this Agreement. Upon confirmation from the Certificate Administrator that such final deposits have been made and following the surrender of all the then-outstanding Certificates (other than (i) the Class [], Class [], Class [] and Class [] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [], Class [], Class [] and Class [] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates), including the [LOAN SPECIFIC CLASS] Certificates, on the final Distribution Date to the Certificate Administrator, the Custodian shall (i) upon receipt of a Request for Release from the Master Servicer, release to the Sole Certificateholder or any designee thereof, the Mortgage Files for the remaining Mortgage Loans and shall execute all assignments, endorsements and other instruments furnished to it by the Sole Certificateholder as shall be necessary to effectuate transfer of the Mortgage Loans and REO Properties remaining in the Trust Fund and (ii) if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [], Class [], Class [] and Class [] Certificates pursuant to the definition of “Sole Certificateholder”, upon receipt of the Class [], Class [], Class [] and Class [] Certificates, release the Class X Payoff Amount to the Holders of the Class [], Class [], Class [] and Class [] Certificates, and the Trust Fund shall be liquidated in accordance with this Article IX; provided, that the release of the Class X Payoff Amount to the Holders of the Class [], Class [], Class [] and Class [] Certificates shall be deemed to be delivery of the Class X Payoff Amount by the Trust to the Sole Certificateholder and by the Sole Certificateholder to the Holders of the Class [], Class [], Class [] and Class [] Certificates. The remaining Mortgage Loans and REO Properties are deemed distributed to the

Sole Certificateholder in liquidation of the Trust Fund pursuant to this Article IX. Solely for federal income tax purposes, the Sole Certificateholder shall be deemed to have purchased the assets of the Loan Specific REMIC and the Lower-Tier REMIC for an amount equal to the remaining Certificate Balance of its Certificates (other than the [ARD CLASS] and Class [R] Certificates), plus accrued, unpaid interest with respect thereto, and the Certificate Administrator shall credit such amounts against amounts distributable in respect of the Loan Specific REMIC Regular Interest and the Lower-Tier Regular Interests and such Certificates.

(h) [Reserved].

(i) The duties of the Operating Advisor under this Agreement will terminate, without cost or expense to the Operating Advisor, upon termination of the Issuing Entity.

ARTICLE X

EXCHANGE ACT REPORTING AND REGULATION AB COMPLIANCE

Section 10.01 Intent of the Parties; Reasonableness. Except with respect to Section 10.08, Section 10.11, Section 10.13, Section 10.14, Section 10.15, Section 10.16 and Section 10.17, the parties hereto acknowledge and agree that the purpose of this Article X is to facilitate compliance by the Depositor (and any Other Depositor of any Other Securitization that includes a Serviced Companion Loan) with the provisions of Regulation AB and related rules and regulations of the Commission. None of the Depositor, the Certificate Administrator or the Trustee shall exercise its rights to request delivery of information or other performance under these provisions other than in reasonable good faith, or for purposes other than compliance with the Securities Act, the Exchange Act, the Sarbanes-Oxley Act and, in each case, the rules and regulations of the Commission thereunder. The parties to this Agreement acknowledge that interpretations of the requirements of Regulation AB may change over time due to interpretive guidance provided by the Commission or its staff, and agree to comply, subject to Section 10.02, with reasonable requests made by the Depositor (or any Other Depositor or Other Trustee of any Other Securitization that includes a Serviced Companion Loan), the Certificate Administrator or the Trustee in reasonable good faith for delivery of information under these provisions on the basis of such evolving interpretations of Regulation AB (to the extent such interpretations require compliance and are not “grandfathered” and do not mandate compliance). In connection with the [NAME OF ISSUING ENTITY] Commercial Mortgage Pass-Through Certificates and any Other Securitization subject to Regulation AB that includes a Serviced Companion Loan, subject to the preceding sentence, each of the parties to this Agreement shall cooperate fully with the Depositor, the Certificate Administrator, the Trustee and any Other Depositor or Other Trustee of any Other Securitization that includes a Serviced Companion Loan, as applicable, to deliver or make available to the Depositor, the Certificate Administrator, the Trustee and any such Other Depositor or Other Trustee, as applicable (including any of their assignees or designees), any and all information in its possession and necessary in the reasonable good faith determination of the Depositor, the Certificate Administrator, the Trustee or such Other Depositor or Other Trustee, as applicable, to permit the Depositor or such Other Depositor, as applicable, to comply with the provisions of Regulation AB, together with such disclosure relating to the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator and the Trustee, as applicable, and any

Servicing Function Participant, or the Servicing of the Mortgage Loans (other than a Non-Serviced Mortgage Loan) (or, if applicable, the related Serviced Companion Loan), reasonably believed by the Depositor, the Certificate Administrator, the Trustee or the related Other Depositor or the related Other Trustee, as applicable, in good faith to be necessary in order to effect such compliance. Each party to this Agreement shall have a reasonable period of time to comply with any written request made under this Section 10.01, but in any event, shall, upon reasonable advance written request, provide information in sufficient time to allow the Depositor, the Certificate Administrator or the Trustee, as applicable, to satisfy any related filing requirements.

For purposes of this Article X, to the extent any party has an obligation to exercise commercially reasonable efforts to cause a third party to perform, such party hereunder shall not be required to bring any legal action against such third party in connection with such obligation.

Section 10.02 Notification Requirements and Deliveries in Connection with securitization of a Serviced Companion Loan. (a) Any other provision of this Article X to the contrary notwithstanding, including, without limitation, any deadlines for delivery set forth in this Article X, in connection with the requirements contained in this Article X that provide for the delivery of information and other items to, and the cooperation with, the Other Depositor and Other Trustee of any Other Securitization that includes a Serviced Companion Loan and is subject to Regulation AB, no party hereunder shall be obligated to provide any such items to or cooperate with such Other Depositor or Other Trustee (i) until the Other Depositor or Other Trustee of such Other Securitization has provided each party hereto with not less than 30 days written notice (which shall only be required to be delivered once) stating that such Other Securitization is subject to Regulation AB and that the Other Securitization is subject to Exchange Act reporting, and (ii) specifying in reasonable detail the information and other items requested to be delivered (insofar as such information or other items are not expressly identified herein); provided, that if Exchange Act reporting is being requested, such Other Depositor or Other Trustee is only required to provide a single written notice to such effect. Any reasonable cost and expense of the Master Servicer, Special Servicer, Operating Advisor, the Asset Representations Reviewer, Trustee and Certificate Administrator in cooperating with such Other Depositor or Other Trustee of such Other Securitization (above and beyond their expressed duties hereunder) shall be the responsibility of such Other Depositor or Other Securitization. The parties hereto shall have the right to request written confirmation from the Other Depositor or Other Trustee of such Other Securitization as to whether Regulation AB or the Exchange Act requires the delivery of the items identified in this Article X to such Other Depositor and Other Trustee of such Other Securitization prior to providing any of the reports or other information required to be delivered under this Article X in connection therewith and if any such party makes such a request, then (i) upon such requesting party's receipt of such written confirmation, such requesting party shall comply with the deadlines for delivery set forth in this Article X with respect to such Other Securitization and (ii) until such requesting party's receipt of such written confirmation, such party shall not be required to deliver such items. The parties hereunder shall also have the right to require that such Other Depositor provide them with the contact details of such Other Depositor, Other Trustee and any other parties to the Other Pooling and Servicing Agreement relating to such Other Securitization.

(b) Each of the Master Servicer, the Special Servicer, the Certificate Administrator and the Trustee shall, upon reasonable prior written request given in accordance with the terms of Section 10.02(a) above, and subject to a right of the Master Servicer, the Special Servicer, the Certificate Administrator or the Trustee, as the case may be, to review and approve such disclosure materials, permit a holder of a related Serviced Companion Loan to use such party's description contained in the Prospectus (updated as appropriate by the Master Servicer, the Special Servicer, the Certificate Administrator or the Trustee, as applicable) for inclusion in the disclosure materials relating to any securitization of a Serviced Companion Loan.

(c) The Master Servicer, the Special Servicer, the Certificate Administrator and the Trustee, upon reasonable prior written request given in accordance with the terms of Section 10.02(a) above, shall each timely provide (to the extent the reasonable out-of-pocket cost thereof is paid or caused to be paid by the requesting party) to the Other Depositor and any underwriters with respect to any Other Securitization that includes a Serviced Companion Loan such opinion(s) of counsel, certifications and/or indemnification agreement(s) with respect to the updated description referred in Section 10.02(b) with respect to such party, substantially identical to those, if any, delivered by the Master Servicer, the Special Servicer, the Certificate Administrator or the Trustee, as the case may be, or their respective counsel, in connection with the information concerning such party in the Prospectus and/or any other disclosure materials relating to this Trust (updated as deemed appropriate by the Master Servicer, the Special Servicer, the Certificate Administrator or the Trustee, or their respective legal counsel, as the case may be). Neither the Master Servicer, the Special Servicer, the Certificate Administrator or the Trustee shall be obligated to deliver any such item with respect to the securitization of a Serviced Companion Loan if it did not deliver a corresponding item with respect to this Trust.

(d) Each of the Master Servicer, the Special Servicer, the Certificate Administrator and the Trustee, upon reasonable prior written request given in accordance with the terms of Section 10.02(a) above, shall provide (to the extent the reasonable out-of-pocket cost thereof is paid or caused to be paid by the applicable party set forth below in this Section 10.02(d)) to the Other Depositor and the Other Trustee under the Other Pooling and Servicing Agreement related to any Other Securitization the following: (i) any information (including, but not limited to, disclosure information) required for such Other Securitization to comply in a timely manner with applicable filing requirements under Items 1.01 and 6.02 of Form 8-K and (ii) such opinion(s) of counsel, certifications and/or indemnification agreement(s) with respect to such information that are substantially similar to those delivered by the Master Servicer, the Special Servicer, the Certificate Administrator or the Trustee, as the case may be, or their respective counsel, in connection with the information concerning such party in the Prospectus and/or any other disclosure materials relating to this Trust.

In the case of a Form 8-K that is filed by or on behalf of an Other Securitization in connection with the closing of this [NAME OF ISSUING ENTITY] securitization transaction, the reasonable out-of-pocket cost of the information, opinion(s) of counsel, certifications and indemnification agreement(s) provided by or on behalf of the Master Servicer, the Special Servicer, the Certificate Administrator or the Trustee, as the case may be, pursuant to this Section 10.02(d) shall be paid or caused to be paid (pursuant to a payment arrangement reasonably acceptable to the delivering party and the receiving party and agreed to as a condition

precedent to delivery of such items) by the applicable mortgage loan seller that transferred the related Serviced Companion Loan to the related Other Depositor for inclusion in such Other Securitization.

In the case of a Form 8-K that is filed by or on behalf of an Other Securitization as a result of the termination, removal, resignation or any other replacement of the Master Servicer, the Special Servicer, the Trustee or the Certificate Administrator under this Agreement, the out-of-pocket cost of the information, opinion(s) of counsel, certifications and indemnification agreement(s) provided by or on behalf of the Master Servicer, the Special Servicer, the Certificate Administrator or the Trustee, as the case may be, pursuant to this Section 10.02(d) shall be paid or caused to be paid by the same party or parties required to pay the costs and expenses relating to such termination, removal, resignation or other replacement pursuant to this Agreement.

information that are substantially similar to those delivered by the Master Servicer or the Special Servicer, as the case may be, or their respective counsel, in connection with the information concerning such party in the Prospectus and/or any other disclosure materials relating to this Trust.

Section 10.04 Information to be Provided by the Trustee. (a) For so long as the Trust is subject to the reporting requirements of the Exchange Act, (in addition to any requirements contained in Section 10.09) in connection with the succession to the Trustee as Trustee or appointment of a co-Trustee under this Agreement by any Person (i) into which the Trustee may be merged or consolidated, (ii) which may be appointed as a co-Trustee or separate Trustee pursuant to Section 8.10, or (iii) that is appointed as a successor Trustee pursuant Section 8.08, the Trustee (with respect to the foregoing clauses (i) and (ii)) or the successor Trustee (with respect to the foregoing clause (iii)) shall, as a condition to such succession and at the reasonable expense of the same party or parties required to pay the costs and expenses relating to such succession pursuant to this Agreement, provide to the Depositor and to the Other Depositor related to any Other Securitization that includes a Serviced Companion Loan, at least 5 calendar days prior to the effective date of such succession or appointment as long as such disclosure prior to such effective date would not be violative of any applicable law or confidentiality agreement, otherwise immediately following such effective date, but in no event later than the time required pursuant to Section 10.09, (x) written notice to the Depositor, and to the Other Depositor related to any Other Securitization that includes a Serviced Companion Loan, of such succession or appointment, (y) in writing and in form and substance reasonably satisfactory to the Depositor, and to the Other Depositor related to any Other Securitization that includes a Serviced Companion Loan, all information reasonably requested by the Depositor, or such Other Depositor, so that it may comply with its reporting obligation under Items 1.01 and 6.02 of Form 8-K with respect to any Class of Certificates or Serviced Companion Loan Securities and (z) such opinion(s) of counsel, certifications and/or indemnification agreement(s) with respect to such information that are substantially similar to those delivered by the Trustee or their respective counsel, in connection with the information concerning such party in the Prospectus and/or any other disclosure materials relating to this Trust.

(b) [It is hereby acknowledged that the Mortgaged Property securing the Mortgage Loan identified on the Mortgage Loan Schedule as [LOAN NAME] is a Significant

Obligor, and, accordingly, Item 6 of Form 10-D and Item 1112(b)(1) of Form 10-K provide for the inclusion of updated net operating income for the Mortgaged Property, as required by Item 1112(b)(1) of Regulation AB, (i) on the related Form 10-D to be filed by the Trust (on a quarterly basis) on or before the related Significant Obligor NOI Quarterly Filing Deadline or (ii) on each Form 10-K filed by the Trust, as applicable. The parties hereto acknowledge that the date on which financial statements are required to be delivered to the Mortgage Loan Seller under the [LOAN NAME] is [] days following the end of each fiscal quarter or [] days following the end of each fiscal year, as applicable, as set forth in Section [] of the related loan agreement).

To the extent that the Master Servicer or the Special Servicer, as applicable, is in receipt of the updated financial statements of the Significant Obligor for any calendar quarter (other than the fourth calendar quarter of any calendar year) or the updated financial statements of the Significant Obligor for any calendar year, as applicable, the Master Servicer or the Special Servicer, as applicable, shall deliver to the Certificate Administrator, on or prior to the day that occurs two Business Days prior to the related Significant Obligor NOI Quarterly Filing Deadline or seven Business Days prior to the related Significant Obligor NOI Yearly Filing Deadline, as applicable, (A) if such financial statement receipt occurs 12 or more Business Days prior to the related Significant Obligor NOI Quarterly Filing Deadline or 17 or more Business Days prior to the related Significant Obligor NOI Yearly Filing Deadline, as applicable, such financial statements of the Significant Obligor, together with a statement of the Master Servicer's or the Special Servicer's, as applicable, calculation of the Significant Obligor's net operating income for the applicable period that will be included in subsequent reports that form a part of the CREFC® Investor Reporting Package and (B) if such financial statement receipt occurs less than 12 Business Days prior to the related Significant Obligor NOI Quarterly Filing Deadline or less than 17 Business Days prior to the related Significant Obligor NOI Yearly Filing Deadline, as applicable, such financial statements of the Significant Obligor, together with the net operating income for the applicable period as reported by the related Borrower in such financial statements.

In the event that the Master Servicer does not receive financial information satisfactory for the Depositor to comply with Item 6 of Form 10-D or Item 1112(b)(1) of Form 10-K, as the case may be, regarding the Significant Obligor with respect to the [LOAN NAME] within ten Business Days after the date such financial information is required to be delivered under the related Loan Documents, the Master Servicer shall notify the Depositor that it has not received them. The Master Servicer shall use efforts consistent with the Servicing Standard (taking into account, in addition, the ongoing reporting obligations of the Depositor under the Exchange Act) to obtain periodic financial statements of the related Borrower under the related Loan Documents.

The Master Servicer shall retain written evidence of each instance in which it attempts to contact the Borrower related to the [LOAN NAME] to obtain the required financial information and is unsuccessful and, within five (5) Business Days prior to the date in which a Form 10-D or Form 10-K, as applicable, is required to be filed by the Trust, shall forward an Officer's Certificate evidencing its attempts to obtain this information to the Certificate Administrator and the Depositor. This Officer's Certificate should be addressed to the Certificate Administrator at its Corporate Trust Office.

If the Certificate Administrator has not received financial information satisfactory to comply with Item 6 of Form 10-D or Item 1112(b)(1) of Form 10-K, as the case may be, it shall include the following statement (to the extent such statement is accurate) with respect to Item 6 on the related Form 10-D or Item 1112(b)(1) on the related Form 10-K: “The information required for this [Item 6] [Item 1112(b)(1)] rests with a person or entity which is not affiliated with the registrant. Oral and written requests have been made on behalf of the registrant, to the extent required under the related pooling and servicing agreement, to obtain the information required for this [Item 6] [Item 1112(b)(1)], and the registrant has been unable to obtain such information to include on this [Form 10-D] [Form 10-K] by the related filing deadline. The information is therefore being omitted herefrom in reliance on Rule 12b-21 under the Securities Exchange Act of 1934, as amended” or such other statement as directed by the Depositor.]

(c) With respect to any Mortgaged Property that secures a Serviced Companion Loan that the Other Depositor has notified the Master Servicer in writing is a “significant obligor” (within the meaning of Item 1101(k) of Regulation AB) with respect to an Other Securitization that includes such Serviced Companion Loan, the Master Servicer shall, after receipt of updated net operating income information, (x) promptly deliver the financial statements of such “significant obligor” to the Other Depositor and Other Trustee of such Other Securitization together with a statement of its calculation of the net operating income for the applicable period and (y) update the columns of the CREFC[®] Loan Periodic Update File for (i) the next applicable Distribution Date if the Master Servicer receives such updated net operating income information at least ten Business Days prior to the Determination Date related to such Distribution Date or (ii) the second succeeding Distribution Date if the Master Servicer does not receive such updated net operating income information prior to the date set forth in clause (i) related to such “significant obligor” as described in the last sentence of the first paragraph of the above clause (b).

If the Master Servicer does not receive financial information satisfactory to comply with Item 6 of Form 10-D or Item 1112(b)(1) of Form 10-K, as the case may be, of such “significant obligor” within ten Business Days after the date such financial information is required to be delivered under the related Loan Documents, the Master Servicer shall notify the Other Depositor with respect to such Other Securitization that includes the related Serviced Companion Loan (or the Master Servicer shall cause a Sub-Servicer to notify such Other Depositor) that it has not received them. The Master Servicer shall use efforts consistent with the Servicing Standard (taking into account, in addition, the ongoing reporting obligations of such Other Depositor under the Exchange Act) to obtain the periodic financial statements of the related Borrower under the related Loan Documents.

The Master Servicer shall (or shall cause a Sub-Servicer to) retain written evidence of each instance in which it (or a Sub-Servicer) attempts to contact the borrower related to such “significant obligor” to obtain the required financial information and is unsuccessful and, within five (5) Business Days prior to the date in which a Form 10-D or Form 10-K, as applicable, is required to be filed by the Other Securitization, shall forward an Officer’s Certificate evidencing its attempts to obtain this information to the certificate administrator and Other Depositor related to such Other Securitization. This Officer’s Certificate should be addressed to the certificate administrator at its corporate trust office, as specified in the related Other Pooling and Servicing Agreement.

Section 10.06 Form 10-D Filings. Within 15 days after each Distribution Date (subject to permitted extensions under the Exchange Act), the Certificate Administrator shall prepare and file on behalf of the Trust any Form 10-D required by the Exchange Act and the rules and regulations of the Commission thereunder, in form and substance as required by the Exchange Act and such rules and regulations. A duly authorized representative of the Depositor shall sign each Form 10-D filed on behalf of the Trust. The Certificate Administrator shall file each Form 10-D with a copy of the related Distribution Date Statement attached thereto; provided that the Certificate Administrator shall redact from such Distribution Date Statement any information relating to the ratings of the Certificates and the identity of the Rating Agencies. Any disclosure in addition to the Distribution Date Statement that is required to be included on Form 10-D (“Additional Form 10-D Disclosure”) shall, pursuant to the paragraph immediately below, be reported by the parties set forth on Schedule IV and directed to the Certificate Administrator and the Depositor for approval by the Depositor. The Certificate Administrator will have no duty or liability for any failure hereunder to determine or prepare any Additional Form 10-D Disclosure (other than such Additional Form 10-D Disclosure which is to be reported by it as set forth on Schedule IV) absent such reporting, direction and approval after the date hereof. The Certificate Administrator shall include in any Form 10-D filed by it, without limitation, to the extent such information is provided to the Certificate Administrator by the Depositor for inclusion therein, (i) the information required by Rule 15Ga-1(a) under the Exchange Act concerning all assets of the Trust that were subject of a demand to repurchase or replace for breach of the representations and warranties and (ii) a reference to the most recent Form ABS-15G filed by the Depositor and each Mortgage Loan Seller, if applicable, and the Commission assigned “Central Index Key” number for each such filer. The Certificate Administrator and the Depositor shall be entitled together to determine the manner of the presentation of such information (including the dates as of which such information is presented) in accordance with applicable laws and regulations.

For so long as the Trust is subject to the reporting requirements of the Exchange Act and for so long as any Other Securitization that includes a Serviced Companion Loan is subject to the reporting requirements of the Exchange Act, within five calendar days after the related Distribution Date, (i) the parties listed on Schedule IV hereto shall be required to provide to the Certificate Administrator and the Depositor (and in the case of any Servicing Function Participant with a copy to the Master Servicer) (and to any Other Trustee or Other Depositor related to any Other Securitization that includes a Serviced Companion Loan), to the extent a Servicing Officer or Responsible Officer, as the case may be, thereof has actual knowledge (other than Item 1117 of Regulation AB as to such party which shall be reported if actually known by any Servicing Officer or Responsible Officer, as the case may be or any lawyer in the in house legal department of such party), in EDGAR Compatible Format, or in such other format as otherwise agreed upon by the Certificate Administrator and the Depositor (or such Other Trustee and Other Depositor) and such party, the form and substance of the Additional Form 10-D Disclosure described on Schedule IV applicable to such party, (ii) the parties listed on Schedule IV hereto shall include with such Additional Form 10-D Disclosure, an Additional Disclosure Notification in the form attached hereto as Exhibit CC and (iii) the Certificate Administrator shall, at any time prior to filing the related Form 10-D, provide prompt notice to the Depositor to the extent that the Certificate Administrator is notified of an event reportable on Form 10-D for which it has not received the necessary Additional Form 10-D Disclosure from the applicable party. No later than the 7th calendar day after the Distribution Date, the Depositor

will approve, as to form and substance, or disapprove, as the case may be, the inclusion of the Additional Form 10-D Disclosure on Form 10-D; provided that if the Certificate Administrator does not receive a response from the Depositor by such time the Depositor will be deemed to have consented to the inclusion of such Additional Form 10-D Disclosure. Other than to the extent provided for in clause (iii) above, the Certificate Administrator has no duty under this Agreement to monitor or enforce the performance by the parties listed on Schedule IV of their duties under this paragraph or proactively solicit or procure from such parties any Additional Form 10-D Disclosure information. The Depositor will be responsible for any reasonable fees assessed and any expenses incurred by the Certificate Administrator in connection with including any Additional Form 10-D Disclosure on Form 10-D pursuant to this paragraph.

After preparing the Form 10-D, the Certificate Administrator shall forward electronically a copy of the Form 10-D to the Depositor for review and approval; provided that the Certificate Administrator shall use its reasonable best efforts to provide such copy to the Depositor by the 8th day after the Distribution Date. No later than the end of business on the 4th Business Day prior to the filing date, the Depositor shall notify the Certificate Administrator in writing (which may be furnished electronically) of any changes to or approval of such Form 10-D, and no later than the 2nd Business Day prior to the filing, a duly authorized representative of the Depositor shall sign the Form 10-D and return an electronic or fax copy of such signed Form 10-D (with an original executed hard copy to follow by overnight mail) to the Certificate Administrator. The Certificate Administrator shall file such Form 10-D, upon signature thereof as provided in Section 10.16, not later than (i) 5:30 p.m. (New York City time) on the 15th calendar day after the related Distribution Date or (ii) if agreed to prior to the time set forth in clause (i) above, such other time as the Depositor and the Certificate Administrator mutually agree is permitted by the Commission for the filing such Form 10-D. If a Form 10-D cannot be filed on time or if a previously filed Form 10-D needs to be amended, the Certificate Administrator shall follow the procedures set forth in Section 10.10(b). After filing with the Commission, the Certificate Administrator shall, pursuant to Section 4.02(b), make available on the Certificate Administrator's website a final executed copy of each Form 10-D prepared and filed by the Certificate Administrator. The parties to this Agreement acknowledge that the performance by the Certificate Administrator of its duties under this Section 10.06 related to the timely preparation and filing of Form 10-D is contingent upon such parties (and any Additional Servicer or Servicing Function Participant) observing all applicable deadlines in the performance of their duties under this Section 10.06. The Certificate Administrator shall have no liability for any loss, expense, damage, claim arising out of or with respect to any failure to properly prepare or file such Form 10-D where such failure results from the Certificate Administrator's inability or failure to receive on a timely basis any information from any other party hereto needed to prepare, arrange for execution or file such Form 10-D, not resulting from its own negligence, bad faith or willful misconduct.

Form 10-D requires the registrant to indicate (by checking "yes" or "no") that it "(1) has filed all reports required to be filed by Section 13 or 15(d) of the Exchange Act during the preceding 12 months (or for such shorter period that the registrant was required to file such reports) and (2) has been subject to such filing requirements for the past 90 days." The Depositor hereby represents to the Certificate Administrator that the Depositor has filed all such required reports during the preceding 12 months and that it has been subject to such filing requirement for the past 90 days. The Depositor shall notify the Certificate Administrator in

writing, no later than the 5th calendar day after the related Distribution Date during any year in which the Trust is required to file a Form 10-D if the answer to the questions should be “no”; provided that if the failure of the Depositor to have filed such required reports arises in connection with the securitization contemplated by this Agreement, the Certificate Administrator shall be deemed to have notice of such failure (only with respect to Exchange Act reports prepared or required to be prepared and filed by the Certificate Administrator) without being notified by the Depositor; provided, further, that in connection with the delivery of any notice contemplated by this sentence, the Depositor may instruct the Certificate Administrator that such notice shall be effective for a period (not to exceed 12 months) from the date of such notice, in which case no further notice from the Depositor shall be required during such specified period. The Certificate Administrator shall be entitled to rely on such representations in preparing, executing and/or filing any Form 10-D.

Section 10.07 Form 10-K Filings. Within 90 days after the end of each fiscal year of the Trust or such earlier date as may be required by the Exchange Act (the “10-K Filing Deadline”) (it being understood that the fiscal year for the Trust ends on December 31st of each year), commencing with fiscal year 20[___], the Certificate Administrator shall prepare and file on behalf of the Trust a Form 10-K, in form and substance as required by the Exchange Act. Each such Form 10-K shall include the following items, in each case to the extent they have been delivered to the Certificate Administrator within the applicable time frames set forth in this Agreement:

(i) an annual compliance statement for each applicable Certifying Servicer, as described under Section 10.11;

(ii) (A) the annual reports on assessment of compliance with servicing criteria for each applicable Reporting Servicer, as described under Section 10.12, and (B) if any Reporting Servicer’s report on assessment of compliance with servicing criteria described under Section 10.12 identifies any material instance of noncompliance, disclosure identifying such instance of noncompliance, or if any Reporting Servicer’s report on assessment of compliance with servicing criteria described under Section 10.12 is not included as an exhibit to such Form 10-K, disclosure that such report is not included and an explanation as to why such report is not included;

(iii) (A) the registered public accounting firm attestation report for each Reporting Servicer, as described under Section 10.13, and (B) if any registered public accounting firm attestation report described under Section 10.13 identifies any material instance of noncompliance, disclosure identifying such instance of noncompliance, or if any such registered public accounting firm attestation report is not included as an exhibit to such Form 10-K, disclosure that such report is not included and an explanation as to why such report is not included; and

(iv) a Sarbanes-Oxley Certification as described in Section 10.08.

Any disclosure or information in addition to (i) through (iv) above that is required to be included on Form 10-K (“Additional Form 10-K Disclosure”) shall, pursuant to the paragraph immediately below, be reported by the parties set forth on Schedule V hereto to the Depositor and the Certificate Administrator (and to any Other Depositor or Other Trustee related

to any Other Securitization that includes a Serviced Companion Loan) and approved by the Depositor (and such Other Depositor), and the Certificate Administrator (or such Other Trustee) will have no duty or liability for any failure hereunder to determine or prepare any Additional Form 10-K Disclosure (other than such Additional Form 10-K Disclosure which is to be reported by it as set forth on Schedule V) absent such reporting and approval.

Not later than the end of each fiscal year for which the Trust (or any Other Securitization that includes a Serviced Companion Loan) is required to file a Form 10-K, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator and the Trustee shall provide the other parties to this Agreement and the Mortgage Loan Sellers (and the parties to any Other Pooling and Servicing Agreement with respect to any Other Securitization that includes such Serviced Companion Loan) with written notice of the name and address of each Servicing Function Participant retained by such party. Until such time as the Certificate Administrator receives notice that the Non-Serviced Mortgage Loan Service Providers no longer have a continuing obligation under the Other Pooling and Servicing Agreement related to an Other Securitization that includes the related Non-Serviced Companion Loan to provide to the Trust an annual report on assessment of compliance as described in this Section and an attestation as described in Section 10.13 for any year that the Trust formed under this Agreement is not subject to the reporting requirements of the Exchange Act, the Certificate Administrator shall notify the Non-Serviced Mortgage Loan Service Providers if such parties fail to deliver to the Certificate Administrator such assessment of compliance and attestation within the time frame required by such Other Pooling and Servicing Agreement.

Section 10.13 Annual Independent Public Accountants' Servicing Report. By March 10th (subject to a grace period through March 15th), of each year, commencing in March 20[___], each Reporting Servicer, each at its own expense, shall cause, and each Reporting Servicer, as applicable, shall use commercially reasonable efforts to cause each Servicing Function Participant (other than (x) a party to this Agreement or (y) a Mortgage Loan Seller Sub-Servicer) with which it has entered into a servicing relationship with respect to the Mortgage Loans (other than a Non-Serviced Mortgage Loan), each at such Servicing Function Participant's own expense, a registered public accounting firm (which may also render other services to the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer and such Servicing Function Participant, as the case may be) and that is a member of the American Institute of Certified Public Accountants to furnish a report to the Trustee, the Certificate Administrator, the Depositor (and to any Other Depositor and Other Trustee for any Other Securitization that includes a Serviced Companion Loan), the Operating Advisor (in the case of the Special Servicer only) and the 17g-5 Information Provider (who shall promptly post such report to the 17g-5 Information Provider's Website pursuant to Section 3.16(d) of this Agreement) to the effect that (i) it has obtained a representation regarding certain matters from the management of such Reporting Servicer, which includes an assessment from such Reporting Servicer of its compliance with the Relevant Servicing Criteria in all material respects, and (ii) on the basis of an examination conducted by such firm in accordance with standards for attestation engagements issued or adopted by the PCAOB, it is expressing an opinion as to whether such Reporting Servicer's compliance with the Relevant Servicing Criteria was fairly stated in all material respects, or it cannot express an overall opinion regarding such Reporting Servicer's assessment of compliance with the Relevant Servicing Criteria. If an overall opinion cannot be expressed, such registered public accounting firm shall state in such report why it was

unable to express such an opinion. Such report must be available for general use and not contain restricted use language. Notwithstanding the foregoing, the Trustee shall not be required to deliver an annual independent public accountants' servicing report with respect to any period during which there was no Relevant Servicing Criteria applicable to it.

Promptly after receipt of such report from each Reporting Servicer, (i) the Depositor (and any Other Depositor related to an Other Securitization that includes a Serviced Companion Loan) shall have the right to review the report and, if applicable, consult with the related Reporting Servicer as to the nature of any material instance of noncompliance by such Reporting Servicer with the Servicing Criteria applicable to such person, as the case may be, in the fulfillment of any of such Reporting Servicer's obligations hereunder or under any applicable sub-servicing agreement or primary servicing agreement, and (ii) the Certificate Administrator shall confirm that each assessment submitted pursuant to Section 10.12 is coupled with an attestation meeting the requirements of this Section and notify the Depositor (and any Other Depositor related to an Other Securitization that includes a Serviced Companion Loan) of any exceptions; provided, that the Certificate Administrator shall not be responsible for confirming whether any particular Reporting Servicer has certified to all of the Relevant Servicing Criteria applicable to it. No Reporting Servicer shall be required to deliver, or to endeavor to cause the delivery of, such reports until April 15 in any given year so long as it has received written confirmation from the Depositor that a Form 10-K is not required to be filed in respect of the Trust (or, in the case of a Serviced Companion Loan, the related Other Securitization that includes such Serviced Companion Loan) for the preceding calendar year. If any Reporting Servicer is terminated or resigns pursuant to the terms of this Agreement, or any applicable Sub-Servicing Agreement or primary servicing agreement, as the case may be, such Reporting Servicer shall provide the report pursuant to this Section 10.13 with respect to the period of time it was subject to this Agreement or the applicable Sub-Servicing Agreement or primary servicing agreement, as the case may be.

Section 10.14 Exchange Act Reporting Indemnification. Each of the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Custodian (if not the Certificate Administrator), the Certificate Administrator and the Trustee shall indemnify and hold harmless each Certification Party, the Depositor (and any Other Depositor related to an Other Securitization that includes a Serviced Companion Loan), their respective directors and officers, and each other person who controls any such entity within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act, against any and all expenses, losses, claims, damages and other liabilities, including without limitation the costs of investigation, legal defense and any amounts paid in settlement of any claim or litigation arising out of (i) the failure to perform its obligations to the Depositor (or any Other Depositor related to an Other Securitization that includes a Serviced Companion Loan) or Certificate Administrator under this Article X by the time required after giving effect to any applicable grace period or cure period, (ii) any untrue statement or alleged untrue statement of a material fact contained in any information (x) regarding such party or any Servicing Function Participant, Additional Servicer or subcontractor engaged by it (other than any Mortgage Loan Seller Sub-Servicer), (y) prepared by any such party described in clause (x) or any registered public accounting firm, attorney or other agent retained by such party to prepare such information and (z) delivered by or on behalf of such party in connection with the performance of such party's obligations described in this Article X, or the omission or alleged omission to

state in any such information a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, that the applicable party shall be entitled to participate in any action arising out of the foregoing and the Depositor shall consult with such party with respect to any litigation or audit strategy, as applicable, in connection with the foregoing and any potential settlement terms related thereto, (iii) the failure of any Servicing Function Participant or Additional Servicer retained by it (other than a Mortgage Loan Seller Sub-Servicer) to perform its obligations to the Depositor (or any Other Depositor related to an Other Securitization that includes a Serviced Companion Loan) or Certificate Administrator (or any Other Trustee related to an Other Securitization that includes a Serviced Companion Loan) under this Article X by the time required after giving effect to any applicable grace period and cure period or (iv) any Deficient Exchange Act Deliverable.

In addition, each of the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Custodian, the Certificate Administrator and the Trustee shall cooperate (and require each Servicing Function Participant and Additional Servicer retained by it to cooperate under the applicable Sub-Servicing Agreement) with the Depositor as necessary for the Depositor to conduct any reasonable due diligence necessary to evaluate and assess any material instances of non-compliance disclosed in any of the deliverables required by the applicable reporting requirements under the Securities Act, the Exchange Act, the Sarbanes-Oxley Act and the rules and regulations promulgated thereunder (“Reporting Requirements”).

In connection with comments provided to the Depositor from the Commission regarding information (x) delivered by the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Custodian, the Certificate Administrator, the Trustee, a Servicing Function Participant or an Additional Servicer, as applicable (“Affected Reporting Party”), (y) regarding such Affected Reporting Party, and (z) prepared by such Affected Reporting Party or any registered public accounting firm, attorney or other agent retained by such party to prepare such information, which information is contained in a report filed by the Depositor under the Reporting Requirements and which comments are received subsequent to the Depositor's filing of such report, the Depositor shall promptly provide to such Affected Reporting Party any such comments which relate to such Affected Reporting Party. Such Affected Reporting Party shall be responsible for timely preparing a written response to the Commission for inclusion in the Depositor's response to the Commission, unless such Affected Reporting Party elects, with the consent of the Depositor (which consent shall not be unreasonably denied, withheld or delayed), to directly communicate with the Commission and negotiate a response and/or resolution with the Commission; provided, however, if an Affected Reporting Party is a Servicing Function Participant or Additional Servicer retained by the Master Servicer, the Master Servicer shall receive copies of all material communications pursuant to this Section 10.14. If such election is made, the applicable Affected Reporting Party shall be responsible for directly negotiating such response and/or resolution with the Commission in a timely manner; provided, that (i) such Affected Reporting Party shall use reasonable efforts to keep the Depositor informed of its progress with the Commission and copy the Depositor on all correspondence with the Commission and provide the Depositor with the opportunity to participate (at the Depositor's expense) in any telephone conferences and meetings with the Commission and (ii) the Depositor shall cooperate with any Affected Reporting Party in order to authorize such Affected Reporting Party and its representatives to respond to and negotiate

directly with the Commission with respect to any comments from the Commission relating to such Affected Reporting Party and to notify the Commission of such authorization. The Depositor and the Affected Reporting Party shall cooperate and coordinate with one another with respect to any requests made to the Commission for extension of time for submitting a response or compliance. All respective reasonable out-of-pocket costs and expenses incurred by the Depositor (including reasonable legal fees and expenses of outside counsel to the Depositor) in connection with the foregoing (other than those costs and expenses required to be at the Depositor's expense as set forth above) and any amendments to any reports filed with the Commission related thereto shall be promptly paid by the applicable Affected Reporting Party upon receipt of an itemized invoice from the Depositor. Each of the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Custodian, the Certificate Administrator and the Trustee shall use commercially reasonable efforts to cause any Servicing Function Participant or Additional Servicer retained by it to comply with the foregoing by inclusion of similar provisions in the related sub-servicing or similar agreement.

The Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator and the Trustee shall use commercially reasonable efforts to cause each Servicing Function Participant (other than (x) any party to this Agreement or (y) a Mortgage Loan Seller Sub-Servicer) with which it has entered into a servicing relationship with respect to the Mortgage Loans (other than a Non-Serviced Mortgage Loan) to indemnify and hold harmless each Certification Party from and against any losses, damages, penalties, fines, forfeitures, legal fees and expenses and related costs, judgments and other costs and expenses incurred by such Certification Party arising out of (i) a breach of its obligations to provide any of the annual compliance statements or annual assessment of servicing criteria or attestation reports pursuant to this Agreement, or the applicable Sub-Servicing Agreement, as applicable or (ii) any Deficient Exchange Act Deliverable.

If the indemnification provided for herein is unavailable or insufficient to hold harmless any Certification Party, then the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, each Additional Servicer or other Servicing Function Participant (the "Performing Party") shall, and the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator and the Trustee shall use commercially reasonable efforts to cause each Servicing Function Participant with which it has entered into a servicing relationship (other than (x) a party to this Agreement or (y) any Mortgage Loan Seller Sub-Servicer) with respect to the Mortgage Loans (other than a Non-Serviced Mortgage Loan) to contribute to the amount paid or payable to the Certification Party as a result of the losses, claims, damages or liabilities of the Certification Party in such proportion as is appropriate to reflect the relative fault of the Certification Party on the one hand and the Performing Party on the other in connection with a breach of the Performing Party's obligations pursuant to this Article X. The Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator and the Trustee shall use commercially reasonable efforts to cause each Servicing Function Participant (other than (x) any party to this Agreement or (y) Mortgage Loan Seller Sub-Servicers) with which it has entered into a servicing relationship with respect to the Mortgage Loans (other than a Non-Serviced Mortgage Loan) to agree to the foregoing indemnification and contribution obligations.

Promptly after receipt by an indemnified party of notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against the indemnifying party hereunder, notify in writing the indemnifying party of the commencement thereof; but the omission to so notify the indemnifying party shall not relieve it from any liability which it may have to any indemnified party under this Agreement except to the extent that such omission to notify materially prejudices the indemnifying party. In case any such action is brought against any indemnified party, after the indemnifying party has been notified of the commencement of such action, such indemnifying party shall be entitled to participate therein (at its own expense) and, to the extent that it may wish, shall be entitled to assume the defense thereof (jointly with any other indemnifying party similarly notified) with counsel reasonably satisfactory to such indemnified party (which approval shall not be unreasonably withheld or delayed), and after notice from the indemnifying party to such indemnified party of its election to so assume the defense thereof, the indemnifying party shall not be liable to such indemnified party for any expenses subsequently incurred in connection with the defense thereof other than reasonable costs of investigation. In any such proceeding, any indemnified party shall have the right to retain its own counsel, but the fees and expenses of such counsel shall be at the expense of such indemnified party unless (i) the indemnifying party and the indemnified party shall have agreed to the retention of such counsel, (ii) the named parties to any such proceeding (including any impleaded parties and, in the case of an investigation by the Commission, any parties that are, or whose reporting materials are, the subject of such investigation) include both the indemnifying party and the indemnified party and representation of both parties by the same counsel would be inappropriate due to actual or potential differing interests between them or (iii) the indemnifying party fails within a reasonable period of time to designate counsel that is reasonably satisfactory to the indemnified party (which approval shall not be unreasonably withheld or delayed). In no event shall the indemnifying parties be liable for fees and expenses of more than one counsel (in addition to any local counsel) in any one jurisdiction separate from their own counsel for all indemnified parties in connection with any one action or separate but similar or related actions in the same jurisdiction arising out of the same general allegations or circumstances. An indemnifying party shall not be liable for any settlement of any proceeding effected without its written consent. However, if settled with such consent, the indemnifying party shall indemnify the indemnified party from and against any loss or liability by reason of such settlement to the extent that the indemnifying party is otherwise required to do so under this Agreement. If an indemnifying party assumes the defense of any proceeding, it shall be entitled to settle such proceeding with the consent of the indemnified party (which consent shall not be unreasonably withheld or delayed) or, if such settlement (i) provides for an unconditional release of the indemnified party in connection with all matters relating to the proceeding that have been asserted against the indemnified party in such proceeding by the other parties to such settlement and (ii) does not require an admission of fault by the indemnified party, without the consent of the indemnified party.

Section 10.15 Amendments. This Article X may be amended by the written consent of all the parties hereto pursuant to Section 12.07 for purposes of complying with Regulation AB without, in each case, any Opinions of Counsel, Officer's Certificates, Rating Agency Confirmations or the consent of any Certificateholder, notwithstanding anything to the contrary contained in this Agreement.

Section 10.16 Exchange Act Report Signatures; Delivery of Notices; Interpretation of Grace Periods. (a) Each Form 8-K report, Form 10-D report and Form 10-K report shall be signed by the Depositor in accordance with procedures to be agreed upon by the Depositor and the Certificate Administrator. The signing party at the Depositor can be contacted at Deutsche Mortgage & Asset Receiving Corporation at 60 Wall Street, New York, New York 10005, Attention: Lainie Kaye, with a copy to Salvatore Palazzolo.

(b) Notwithstanding anything in Section 12.04 to the contrary, any notice required to be delivered to (i) the Depositor under this Article X shall be properly given if sent by facsimile to (212) 797-4487, Attention: Lainie Kaye, with a copy to (212) 839-5599, Attention: Anna H. Glick (or such other number as the Depositor may instruct) and/or by email to *Lainie.kaye@db.com*, with a copy to *anna.glick@cwt.com* (or such other email address as the Depositor may instruct) and (ii) to the Certificate Administrator under this Article X shall be properly given if sent by facsimile to (410) 884-2380, Attention: Core Services, or such other number as the Certificate Administrator may instruct and/or by email to *[EMAIL ADDRESS]* (or such other email address as the Certificate Administrator may instruct).

(c) For the avoidance of doubt:

(i) Neither Master Servicer nor the Special Servicer shall be subject to a Servicer Termination Event, as applicable, pursuant to the last clause of the definition of “Master Servicer Termination Event” or “Special Servicer Termination Event,” as applicable, nor shall any such party be deemed to not be in compliance under this Agreement, during any grace period provided for in this Article X, provided, that if any such party fails to comply with the delivery requirements of this Article X by the expiration of any applicable grace period such failure shall constitute a Servicer Termination Event with respect to such party; and

(ii) Neither Master Servicer nor the Special Servicer shall be subject to a Servicer Termination Event, as applicable, pursuant to the last clause of the definition of “Master Servicer Termination Event” or “Special Servicer Termination Event,” as applicable, nor shall any such party be deemed to not be in compliance under this Agreement, for failing to deliver any item required under this Article X by the time required hereunder with respect to any reporting period for which the Trust is not required to file Exchange Act reports.

(d) If the Certificate Administrator or the Depositor does not receive the Annual Assessment Report and/or the Annual Attestation Report with respect to any Servicing Function Participant, or with respect to any Servicing Function Participant retained or engaged by a party hereto that is actually known by a Responsible Officer of the Certificate Administrator or the Depositor, as the case may be, by March 15th of any year during which an Annual Report on Form 10-K is required to be filed with the Commission with respect to the Trust, then the Certificate Administrator shall, and the Depositor may, forward a Servicer Notice to such Servicing Function Participant or the party hereto that retained or engaged such Sub-Servicing Function Participant, as the case may be, with a copy of such Servicer Notice to the Depositor (if the Certificate Administrator is sending the Servicer Notice) or the Certificate Administrator (if the Depositor is sending the Servicer Notice), as applicable, within two (2) Business Days of such failure. For the purposes of this Article X and Section 7.01 of this Agreement, a “Servicer

Notice” shall constitute either any writing forwarded to such party or, in the case of the Master Servicer and the Special Servicer, notwithstanding the provisions of Section 12.05, e-mail notice or fax notice which, in the case of an email transmission, shall be forwarded to all of the following e-mail addresses for the applicable party: in the case of the Master Servicer and the Special Servicer, to the applicable email address as provided in writing by the Master Servicer or the Special Servicer, as applicable, upon request, or such other e-mail addresses as are provided in writing by the Master Servicer or the Special Servicer, as applicable, to the Certificate Administrator and the Depositor (but any party to this Agreement (or someone acting on their behalf) shall only be required to forward any such notice to be delivered to the Master Servicer to no more than three e-mail addresses in the aggregate in order to fulfill its notification requirements as set forth in the preceding sentence and/or under the provisions of Section 7.01. Notwithstanding anything herein to the contrary, the forwarding of a Servicer Notice shall not relieve any Master Servicer or the Special Servicer of any liability under Section 7.01(a)(viii) or Section 7.01(b)(viii), respectively, for the failure of any Servicing Function Participant or Sub-Servicing Entity to deliver any Exchange Act reporting items pursuant to this Article X.

Section 10.17 Termination of the Certificate Administrator. Notwithstanding anything to the contrary contained in this Agreement, the Depositor may direct the Trustee to, and the Trustee shall upon such direction, terminate the Certificate Administrator upon five Business Days’ notice if the Certificate Administrator fails to comply with any of its obligations under this Article X; provided that (a) such termination shall not be effective until a successor certificate administrator shall have accepted the appointment, (b) the Certificate Administrator may not be terminated if it cannot perform its obligations due to its failure to properly prepare or file on a timely basis any Form 8-K, Form 10-K or Form 10-D or any amendments to such forms or any Form 12b-25 where such failure results from the Certificate Administrator’s inability or failure to receive, within the exact time frames set forth in this Agreement any information, approval, direction or signature from any other party hereto needed to prepare, arrange for execution or file any such Form 8-K, Form 10-K or Form 10-D or any amendments to such forms or any form 12b-25 not resulting from its own negligence, bad faith or willful misconduct, (c) the Certificate Administrator may not be terminated if, following the Certificate Administrator’s failure to comply with any of such obligations under Section 10.06, Section 10.07, Section 10.09, Section 10.11, Section 10.12 or Section 10.13 on or prior to the dates by which such obligations are to be performed pursuant to, and as set forth in, such Sections the Certificate Administrator subsequently complies with such obligations before the Depositor gives written notice to it that it is terminated in accordance with this Section 10.17 and (d) the Certificate Administrator may not be terminated if the Certificate Administrator’s failure to comply does not cause it to fail in its obligations to timely file the related Form 8-K, Form 10-D or Form 10-K, as the case may be, by the related deadline for filing such Form 8-K, Form 10-D or Form 10-K, then the Depositor shall cease to have the right to terminate the Certificate Administrator under this Section 10.17 on the date on which such Form 8-K, Form 10-D or Form 10-K is so filed.

ARTICLE XI

THE ASSET REPRESENTATIONS REVIEWER

Section 11.01 Asset Review.

(a) On or prior to each Distribution Date, based on the CREFC[®] Delinquent Mortgage Loan Status Report, the [Certificate Administrator] shall determine if an Asset Review Trigger has occurred. If an Asset Review Trigger is determined to have occurred, the Certificate Administrator shall promptly provide notice to all Certificateholders and each other party to this Agreement. Any notice required to be delivered to the Certificateholders pursuant to this Section 11.01 shall be delivered by the Certificate Administrator by posting such notice on the Certificate Administrator's Website, by mailing to their addresses appearing in the Certificate Register and by delivering such notice via the Depository. On each Distribution Date after providing such notice to Certificateholders, the Certificate Administrator, based on information provided to it by the Master Servicer or the Special Servicer, shall determine whether (1) any additional Mortgage Loan has become a Delinquent Mortgage Loan, (2) any Mortgage Loan ceases to be a Delinquent Mortgage Loan and (3) whether an Asset Review Trigger has ceased to exist, and deliver such information within one Business Day to the Master Servicer, the Special Servicer, the Operating Advisor and the Asset Representations Reviewer.

At any time following the occurrence of an Asset Review Trigger (regardless of whether such Asset Review Trigger continues to be in effect at such time), not less than 5% of the Voting Rights of the Certificates may request a vote to commence an Asset Review by providing a written direction to the Certificate Administrator (such written direction, the "Asset Review Vote Election"). Upon receipt of the Asset Review Vote Election, the Certificate Administrator shall promptly provide written notice thereof to all Certificateholders and to conduct a solicitation of votes to authorize an Asset Review. Upon the affirmative vote to authorize an Asset Review of Holders of Certificates evidencing at least a majority of the aggregate Voting Rights of the votes cast within 180 days of receipt of the Asset Review Vote Election (an "Affirmative Asset Review Vote"), the Certificate Administrator shall promptly provide written notice thereof to all parties to this Agreement, the Underwriters, the Mortgage Loan Sellers, the Directing Certificateholder and the Certificateholders. In the event an Affirmative Asset Review Vote has not occurred within such 180-day period following the receipt of the Asset Review Vote Election, no Certificateholder may request a vote or cast a vote for an Asset Review and the Asset Representations Reviewer will not be required to review any Delinquent Mortgage Loan unless and until (A) an additional Mortgage Loan has become a Delinquent Mortgage Loan after the expiration of such 180-day period, (B) an Asset Review Trigger has occurred as a result or otherwise is in effect, (C) the Certificate Administrator has received any Asset Review Vote Election after the occurrence of the events described in clauses (A) and (B) in this sentence and (D) an Affirmative Asset Review Vote has occurred within 180 days after the Asset Review Vote Election described in clause (C) in this sentence. After the occurrence of any Asset Review Vote Election or an Affirmative Asset Review Vote, no Certificateholder may make any additional Asset Review Vote Election except as described in the immediately preceding sentence. [Any reasonable out-of-pocket expenses incurred by the Certificate Administrator in connection with administering such vote will be paid as an expense of the Trust from the Collection Account.]

(b) (i) If an Affirmative Asset Review Vote has occurred, the Certificate Administrator shall promptly provide written notice thereof to all parties to this Agreement, the Underwriters, Sponsors, the Directing Certificateholder and all Certificateholders. Upon receipt of such notice of an Affirmative Asset Review Vote (the "Asset Review Notice"), the Special

Servicer shall promptly post to a Secure Data Room the following information (collectively, the “Review Materials”):

(1) a copy of the Diligence File for each Mortgage Loan that is a Delinquent Mortgage Loan (other than any Delinquent Mortgage Loan that has previously been the subject of an Asset Review and delivery of an Asset Review Report) as of the end of the most recent Collection Period to the Asset Representations Reviewer;

(2) servicing comments relating to the applicable Delinquent Mortgage Loans and/or the information and documentation set forth in the proviso to the definition of “Diligence File”; and

(3) any other related information that is required of the Special Servicer to be posted to the Secure Data Room pursuant to clause (ii) hereof.

(ii) The Special Servicer shall promptly post its servicing comments to the Secure Data Room and request that the Master Servicer or the Mortgage Loan Seller, as applicable, promptly deliver the information requested by the Asset Representations Reviewer to the Special Servicer, and the Special Servicer shall promptly post such information received from the Master Servicer or the Mortgage Loan Seller to the Secure Data Room; provided that the Master Servicer shall, and the Mortgage Loan Seller shall be required under the related Mortgage Loan Purchase Agreement to, deliver such additional information only to the extent such information is reasonably available to such party.

(iii) In addition, in the event that the Asset Representations Reviewer determines that the information posted to the Secure Data Room with respect to any Mortgage Loan is missing any documents required to complete any Test in connection with an Asset Review of such Mortgage Loan, the Asset Representations Reviewer shall promptly, but in no event later than [__] Business Days, notify the Special Servicer of such missing documents, and the Special Servicer shall promptly, but in no event later than [__] Business Days, contact the related Mortgage Loan Seller to obtain such documents from the Mortgage Loan Seller.

(iv) The Asset Representations Reviewer may, but is under no obligation to, consider information furnished to it by a Person that is not a party to this Agreement or the applicable Mortgage Loan Seller, and shall do so only if such information can be independently verified or is determined by the Asset Representations Reviewer in its good faith discretion (“Unsolicited Information”) relevant to the Asset Review conducted pursuant to this **Error! Reference source not found.** hereof.

(v) Upon receipt by the Asset Representations Reviewer of the Asset Review Notice and access to the Review Materials with respect to a Delinquent Mortgage Loan, the Asset Representations Reviewer, as an independent contractor, shall commence a review of the compliance of each Delinquent Mortgage Loan with the representations and warranties related to that Delinquent Mortgage Loan (such review, the “Asset Review”). [The Asset Representations Reviewer shall perform an Asset Review with respect to each representation and warranty made by the related Mortgage Loan Seller with respect to such Delinquent Mortgage Loan in accordance with the procedures set forth on Exhibit QQ (each such procedure, a “Test”).]

(vi) The Asset Representations Reviewer will not be permitted to review any information other than (x) the Review Materials posted in the Secure Data Room, or (y) Unsolicited Information.

(vii) The Asset Representations Reviewer may, absent manifest error and subject to the Asset Review Standard, (i) assume, without independent investigation or verification, that the Review Materials are accurate and complete in all material respects and (ii) conclusively rely on such Review Materials.

(viii) In the event that the Asset Representations Reviewer determines that the Review Materials are insufficient to complete a Test and such missing information and documentation is not posted by the Special Servicer within [_____] days upon request by the Special Servicer to the related Mortgage Loan Seller, the Asset Representations Reviewer shall list such missing documents in its preliminary report setting forth the preliminary results of the application of the Tests and the reasons why such missing documents are necessary to complete a Test and whether the absence of such documents will be deemed to be a failure of such Test. The Asset Representations Reviewer shall provide such preliminary report to the Special Servicer, who shall promptly, but in no event later than [___] Business Days, provide such results to the applicable Mortgage Loan Seller. If the preliminary report indicates one of the representations and warranties fails or is deemed to fail any Test, the related Mortgage Loan Seller shall have [___] days (the "Cure/Contest Period") to remedy or otherwise refute the failure. The Special Servicer shall post to the secure data room promptly, but in no event later than [___] Business Days after receipt by the related Mortgage Loan Seller any documents received from the related Mortgage Loan Seller or explanations given to support the Mortgage Loan Seller's claim that the representation and warranty has not failed a Test or any missing documents in the Review Materials are not required to complete a Test.

(ix) The Asset Representations Reviewer shall, within [_____] days after the date of receipt of the related Diligence File or within the [___] days after the expiration of the Cure/Contest Period (whichever is later), complete an Asset Review with respect to each Delinquent Mortgage Loan and deliver (i) a report to each party to this Agreement and the applicable Mortgage Loan Seller for each Delinquent Mortgage Loan setting forth the results of the application of the Tests in connection with such Asset Review (a "Asset Review Report"). Such Asset Review Report shall include (i) a summary of the Asset Representations Reviewer's findings and conclusions as to whether or not it has determined in accordance with the Asset Review Standard there is any evidence of a failure of any Test in the information and documentation reviewed by the Asset Representations Reviewer, and (ii) a statement that the Asset Representations Reviewer's conclusions set forth in the Asset Review Report were not influenced by any third party. In no event may the Asset Representations Reviewer determine whether any Test failure constitutes a Defect or Breach, or whether the Trust should enforce any rights it may have against the applicable Mortgage Loan Seller.

(x) In addition, in the event that the Asset Representations Reviewer does not receive any information or documentation that it requested from the Special Servicer prior to the date by which the Asset Representations Reviewer is required to deliver an Asset Review Report, the Asset Representations Reviewer shall prepare the Asset Review Report solely based on the information received by the Asset Representations Reviewer with respect to the related

Delinquent Mortgage Loan, and the Asset Representations Reviewer shall have no responsibility to independently obtain any such information from any party to this Agreement.

(c) The Asset Representations Reviewer shall keep all Privileged Information confidential and shall not disclose such Privileged Information to any Person (including Certificateholders), other than (1) to the extent expressly required by this Agreement in an Asset Review Report or otherwise, to the other parties to this Agreement with a notice indicating that such information is Privileged Information or (2) pursuant to a Privileged Information Exception. Each party to this Agreement that receives Privileged Information from the Asset Representations Reviewer with a notice stating that such information is Privileged Information shall not disclose such Privileged Information to any Person without the prior written consent of the applicable Special Servicer other than pursuant to a Privileged Information Exception.

(d) The Asset Representations Reviewer may delegate its duties to agents or subcontractors so long as the related agreements or arrangements with such agents or subcontractors are consistent with the provisions of this Section 11.01; provided that no agent or subcontractor may (1) be affiliated with a Sponsor, Master Servicer, Special Servicer, the Depositor, the Certificate Administrator, the Trustee, the Directing Certificateholder or any of their respective Affiliates or (ii) have been paid any fees, compensation or other remuneration by an Underwriter, Master Servicer, Special Servicer, the Depositor, the Certificate Administrator, the Trustee, the Directing Certificateholder or any of their respective Affiliates in connection with due diligence or other services with respect to any Mortgage Loan prior to the Closing Date. Notwithstanding the foregoing sentence, the Asset Representations Reviewer shall remain obligated and primarily liable for any Asset Review required hereunder in accordance with the provisions of this Agreement without diminution of such obligation or liability or related obligation or liability by virtue of such delegation or arrangements or by virtue of indemnification from any Person acting as its agents or subcontractor to the same extent and under the same terms and conditions as if the Asset Representations Reviewer alone were performing its obligations under this Agreement. The Asset Representations Reviewer shall be entitled to enter into an agreement with any agent or subcontractor providing for indemnification of the Asset Representations Reviewer by such agent or subcontractor, and nothing contained in this Agreement shall be deemed to limit or modify such indemnification.

Section 11.02 Payment of Asset Representations Reviewer Fees and Expenses; Limitation of Liability.

(a) As compensation for the performance of its duties hereunder, upon the completion of any Asset Review with respect to a Delinquent Mortgage Loan, the Asset Representations Reviewer shall be paid a fee of \$[_____] (the “Asset Representations Reviewer Fee”) shall cover recurring and otherwise reasonably anticipated expenses of the Asset Representations Reviewer. However, the Asset Representations Reviewer Fee and any related expenses with respect to a Delinquent Mortgage Loan is required to be included in the Purchase Price for any Mortgage Loan that was the subject of a completed Asset Review that is repurchased by a Mortgage Loan Seller, and such portion of the Purchase Price received shall be used to reimburse the Trust for such fees or expenses. If an Affirmative Asset Review Vote is also a Majority Affirmative Asset Review Vote, the Asset Representations Reviewer Fee and any costs and expenses that constitute “unanticipated expenses” will be payable from funds on deposit in the Collection Account pursuant to Section 3.05 hereof. If an Affirmative Asset

Review Vote is not a Majority Affirmative Asset Review Vote, the Asset Representations Reviewer Fee and such costs and expenses shall be payable by the Certificateholders that affirmatively voted to authorize the Asset Review.

(b) The Asset Representations Reviewer shall be liable in accordance herewith only to the extent of the obligations specifically imposed by this Agreement.

Section 11.03 Resignation of the Asset Representations Reviewer. The Asset Representations Reviewer may resign and be discharged from its obligations hereunder by giving written notice thereof to the other parties to this Agreement and each Rating Agency. Upon such notice of resignation, the Depositor shall promptly appoint a successor Asset Representations Reviewer that is an Eligible Asset Representations Reviewer. If no successor Asset Representations Reviewer shall have been so appointed and have accepted appointment within 30 days after the giving of such notice of resignation, the resigning Asset Representations Reviewer may petition any court of competent jurisdiction for the appointment of a successor Asset Representations Reviewer. The Asset Representations Reviewer will bear all reasonable costs and expenses of each other party hereto and each Rating Agency in connection with its resignation.

Section 11.04 Restrictions of the Asset Representations Reviewer. Neither the Asset Representations Reviewer nor any of its Affiliates shall not make any investment in any Class of Certificates; provided, however, that such prohibition shall not apply to (i) riskless principal transactions effected by a broker dealer Affiliate of the Asset Representations Reviewer or (ii) investments by an Affiliate of the Asset Representations Reviewer if the Asset Representations Reviewer and such Affiliate maintain policies and procedures that (A) segregate personnel involved in the activities of the Asset Representations Reviewer under this Agreement from personnel involved in such Affiliate's investment activities and (B) prevent such Affiliate and its personnel from gaining access to information regarding the Trust and the Asset Representations Reviewer and its personnel from gaining access to such Affiliate's information regarding its investment activities.

Section 11.05 Termination of the Asset Representations Reviewer.

(a) An "Asset Representations Reviewer Termination Event" means any one of the following events whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body:

(i) any failure by the Asset Representations Reviewer to observe or perform in any material respect any of its covenants or agreements or the material breach of its representations or warranties under this Agreement, which failure shall continue unremedied for a period of 30 days after the date on which written notice of such failure shall have been given to the Asset Representations Reviewer by the Trustee or to the Asset Representations Reviewer and the Trustee by the Holders of Certificates having greater than [25]% of the aggregate Voting Rights of all then outstanding Certificates;

(ii) any failure by the Asset Representations Reviewer to perform in accordance with the Asset Review Standard which failure shall continue unremedied for a period of 30 days;

(iii) any failure by the Asset Representations Reviewer to be an Eligible Asset Representations Reviewer, which failure shall continue unremedied for a period of 30 days;

(iv) a decree or order of a court or agency or supervisory authority having jurisdiction in the premises in an involuntary case under any present or future federal or state bankruptcy, insolvency or similar law for the appointment of a conservator or receiver or liquidator in any insolvency, readjustment of debt, marshaling of assets and liabilities or similar proceedings, or for the winding-up or liquidation of its affairs, shall have been entered against the Asset Representations Reviewer, and such decree or order shall have remained in force undischarged or unstayed for a period of 60 days;

(v) the Asset Representations Reviewer shall consent to the appointment of a conservator or receiver or liquidator or liquidation committee in any insolvency, readjustment of debt, marshaling of assets and liabilities, voluntary liquidation, or similar proceedings of or relating to the Asset Representations Reviewer or of or relating to all or substantially all of its property; or

(vi) the Asset Representations Reviewer shall admit in writing its inability to pay its debts generally as they become due, file a petition to take advantage of any applicable insolvency or reorganization statute, make an assignment for the benefit of its creditors, or voluntarily suspend payment of its obligations.

Upon receipt by the Certificate Administrator of notice of the occurrence of any Asset Representations Reviewer Termination Event, the Certificate Administrator shall promptly provide written notice to all Certificateholders by posting such notice on the Certificate Administrator's Website and by mail, unless the Certificate Administrator has received notice that it has been remedied. If an Asset Representations Reviewer Termination Event shall occur then, and in each and every such case, so long as such Asset Representations Reviewer Termination Event shall not have been remedied, either the Trustee (i) may or (ii) upon the written direction of holders of Certificates evidencing not less than [25]% of the Voting Rights, the Trustee shall, terminate all of the rights and obligations of the Asset Representations Reviewer under this Agreement, other than rights and obligations accrued prior to such termination (including the right to receive all amounts accrued and owing to it under this Agreement) and other than indemnification rights (arising out of events occurring prior to such termination), by notice in writing to the Asset Representations Reviewer. The Asset Representations Reviewer is required to bear all reasonable costs and expenses of each other party to this Agreement in connection with its termination for cause. Notwithstanding anything herein to the contrary, the Depositor and each Sponsor shall have the right, but not the obligation, to notify the Certificate Administrator and the Trustee of any Asset Representations Reviewer Termination Event of which it becomes aware.

(b) Upon (i) the written direction of holders of Certificates evidencing not less than [25]% of the Voting Rights requesting a vote to terminate and replace the Asset

Representations Reviewer with a proposed successor Asset Representations Reviewer that is an Eligible Asset Representations Reviewer and (ii) payment by such Holders to the Certificate Administrator of the reasonable fees and expenses to be incurred by the Certificate Administrator in connection with administering such vote, the Certificate Administrator shall promptly provide written notice thereof to the Asset Representations Reviewer and to all Certificateholders by (i) posting such notice on its internet website, and (ii) mailing such notice to all Certificateholders at their addresses appearing in the Certificate Register and to the Asset Representations Reviewer. Upon the written direction of holders of Certificates evidencing more than [75]% of a Certificateholder Quorum, the Trustee shall terminate all of the rights and obligations of the Asset Representations Reviewer under this Agreement (other than any rights or obligations that accrued prior to the date of such termination and other than indemnification rights arising out of events occurring prior to such termination) by notice in writing to the Asset Representations Reviewer. As between the Asset Representations Reviewer, on the one hand, and the Certificateholders, on the other, the Certificateholders shall be entitled in their sole discretion to vote for the termination or not vote for the termination of the Asset Representations Reviewer. [In the event that holders of the certificates entitled to at least 75% of the Voting Rights elect to remove the asset representations reviewer without cause and appoint a successor, the successor Asset Representations Reviewer will be responsible for all expenses necessary to effect the transfer of responsibilities from its predecessor.]

(c) On or after the receipt by the Asset Representations Reviewer of written notice of termination, subject to this Section 11.05, all of its authority and power under this Agreement shall be terminated and, without limitation, the terminated Asset Representations Reviewer shall execute any and all documents and other instruments, and do or accomplish all other acts or things reasonably necessary or appropriate to effect the purposes of such notice of termination. As soon as practicable, but in no event later than 15 Business Days after (1) the Asset Representations Reviewer resigns pursuant to Section 11.03 of this Agreement or (2) the Trustee delivers such written notice of termination to the Asset Representations Reviewer, the Trustee shall appoint a successor Asset Representations Reviewer that is an Eligible Asset Representations Reviewer. The Trustee shall provide written notice of the appointment of an Asset Representations Reviewer to the Master Servicer, the Special Servicer, the Operating Advisor, the Certificate Administrator, the Directing Certificateholder and each Certificateholder within one Business Day of such appointment.

The Asset Representations Reviewer shall at all times be an Eligible Asset Representations Reviewer and if the Asset Representations Reviewer ceases to be an Eligible Asset Representations Reviewer, the Asset Representations Reviewer shall immediately resign under Section 11.03 of this Agreement and the Trustee shall appoint a successor Asset Representations Reviewer subject to and in accordance with this Section 11.05. Notwithstanding the foregoing, if the Trustee is unable to find a successor Asset Representations Reviewer within 30 days of the termination of the Asset Representations Reviewer, the Depositor shall be permitted to find a replacement.

(d) Upon any termination of the Asset Representations Reviewer and appointment of a successor to the Asset Representations Reviewer, the Trustee shall, as soon as possible, give written notice thereof to the Special Servicer, the Master Servicer, the Certificate Administrator (who shall, as soon as possible, give written notice thereof to the

Certificateholders), the Operating Advisor, the Sponsors, the Depositor and, prior to the occurrence and continuance of a Consultation Termination Event, the Directing Certificateholder and each Rating Agency. In the event that the Asset Representations Reviewer is terminated, all of its rights and obligations under this Agreement shall terminate, other than any rights or obligations that accrued prior to the date of such termination (including the right to receive all amounts accrued and owing to it under this Agreement) and other than indemnification rights (arising out of events occurring prior to such termination).

ARTICLE XII

MISCELLANEOUS PROVISIONS

Section 12.01 Counterparts. This Agreement may be executed simultaneously in any number of counterparts, each of which counterparts shall be deemed to be an original, and such counterparts shall constitute but one and the same instrument. Delivery of an executed counterpart of a signature page of this Agreement in Portable Document Format (PDF) or by facsimile transmission shall be as effective as delivery of a manually executed original counterpart of this Agreement.

Section 12.02 Limitation on Rights of Certificateholders. The death or incapacity of any Certificateholder shall not operate to terminate this Agreement or the Trust Fund, or entitle such Certificateholder's legal representatives or heirs to claim an accounting or to take any action or proceeding in any court for a partition or winding up of the Trust Fund, or otherwise affect the rights, obligations and liabilities of the parties hereto or any of them.

No Certificateholder shall have any right to vote (except as expressly provided for herein) or in any manner otherwise control the operation and management of the Trust Fund, or the obligations of the parties hereto, and nothing herein set forth, or contained in the terms of the Certificates, shall be construed so as to constitute the Certificateholders from time to time as partners or members of an association; and no Certificateholder shall be under any liability to any third person by reason of any action taken by the parties to this Agreement pursuant to any provision hereof.

No Certificateholder shall have any right to institute any suit, action or proceeding in equity or at law upon or under or with respect to this Agreement, the Certificates or any Mortgage Loan, unless such Certificateholder previously shall have given to the Trustee a written notice of default and of the continuance thereof, as hereinbefore provided, and unless the Certificateholders representing Percentage Interests of at least 25% of each affected Class of Certificates, as applicable, has or have made written request upon the Trustee to institute such action, suit or proceeding in its own name as Trustee hereunder and has or have offered to the Trustee such security or indemnity reasonably satisfactory to it as it may require against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee, for 60 days after its receipt of such notice, request and offer of security or indemnity, shall have failed or refused to institute any such action, suit or proceeding. It is understood and intended, and expressly covenanted by each Certificateholder with every other Certificateholder and the Trustee, that no Certificateholder of any Class shall have any right in any manner whatever by virtue of any provision of this Agreement or the Certificates to affect, disturb or prejudice the rights of the

Holders of any other of such Certificates, or to obtain or seek to obtain priority over or preference to any other such Certificateholder, or to enforce any right under this Agreement or the Certificates, except in the manner herein or therein provided and for the equal, ratable and common benefit of all Holders of Certificates of such Class, as applicable. For the protection and enforcement of the provisions of this Section, each and every Certificateholder and the Trustee shall be entitled to such relief as can be given either at law or in equity.

No Certificateholder shall be a "Party in Interest" as described under 11 U.S.C. Section 1109(b) solely by virtue of its ownership of a Certificate.

Section 12.03 Governing Law. **THIS AGREEMENT AND ANY CLAIM, CONTROVERSY OR DISPUTE ARISING UNDER OR RELATED TO THIS AGREEMENT, THE RELATIONSHIP OF THE PARTIES TO THIS AGREEMENT, AND/OR THE INTERPRETATION AND ENFORCEMENT OF THE RIGHTS AND DUTIES OF THE PARTIES TO THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS AND DECISIONS OF THE STATE OF NEW YORK, WITHOUT REGARD TO THE CHOICE OF LAW RULES THEREOF. THE PARTIES HERETO INTEND THAT THE PROVISIONS OF SECTION 5-1401 OF THE NEW YORK GENERAL OBLIGATIONS LAW SHALL APPLY TO THIS AGREEMENT.**

Section 12.04 Waiver of Jury Trial; Consent to Jurisdiction. **TO THE FULLEST EXTENT PERMITTED UNDER APPLICABLE LAW, EACH PARTY HERETO WAIVES ITS RESPECTIVE RIGHTS TO A TRIAL BY JURY OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF OR RELATED TO THIS AGREEMENT, ANY ASSIGNMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY, IN ANY ACTION, PROCEEDING OR OTHER LITIGATION OF ANY TYPE BROUGHT BY ANY PARTY AGAINST THE OTHER PARTIES, WHETHER WITH RESPECT TO CONTRACT CLAIMS, TORT CLAIMS, OR OTHERWISE. EACH PARTY HERETO AGREES THAT ANY SUCH CLAIM OR CAUSE OF ACTION SHALL BE TRIED BY A COURT TRIAL WITHOUT A JURY. WITHOUT LIMITING THE FOREGOING, THE PARTIES FURTHER AGREE THAT THEIR RESPECTIVE RIGHT TO A TRIAL BY JURY IS WAIVED BY OPERATION OF THIS SECTION AS TO ANY ACTION, COUNTERCLAIM OR OTHER PROCEEDING WHICH SEEKS, IN WHOLE OR IN PART, TO CHALLENGE THE VALIDITY OR ENFORCEABILITY OF THIS AGREEMENT, ANY ASSIGNMENT OR ANY PROVISION HEREOF OR THEREOF. THIS WAIVER SHALL APPLY TO ANY SUBSEQUENT AMENDMENTS, RENEWALS, SUPPLEMENTS OR MODIFICATIONS TO THIS AGREEMENT OR ANY ASSIGNMENT.**

TO THE FULLEST EXTENT PERMITTED UNDER APPLICABLE LAW, EACH PARTY HERETO HEREBY IRREVOCABLY (I) SUBMITS TO THE JURISDICTION OF ANY NEW YORK STATE AND FEDERAL COURTS SITTING IN NEW YORK CITY WITH RESPECT TO MATTERS ARISING OUT OF OR RELATING TO THIS AGREEMENT; (II) AGREES THAT ALL CLAIMS WITH RESPECT TO SUCH MATTERS MAY BE HEARD AND DETERMINED IN SUCH NEW YORK STATE OR FEDERAL COURTS; (III) WAIVES THE DEFENSE OF AN INCONVENIENT FORUM IN ANY ACTION OR PROCEEDING INVOLVING SUCH

CLAIMS IN ANY SUCH COURT; AND (IV) AGREES THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING IN ANY SUCH COURT SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW.

Any such party may conclusively rely on the name and contact information provided by the related Other Depositor, Other Servicer, Other Special Servicer, Other Trustee or Other 17g-5 Information Provider, as applicable, and shall be entitled to assume that the identity and contact information for such Other Depositor, Other Servicer, Other Special Servicer, Other Trustee or Other 17g-5 Information Provider, as applicable has not changed, absent receipt of written notice from such Other Depositor, Other Servicer, Other Special Servicer, Other Trustee or Other 17g-5 Information Provider, or a replacement thereof under the applicable Other Pooling and Servicing Agreement, of a change with respect to the identity and contact information for such Other Depositor, Other Servicer, Other Special Servicer, Other Trustee or Other 17g-5 Information Provider, or a replacement thereof under the applicable Other Pooling and Servicing Agreement, as applicable.

Section 12.06 Severability of Provisions. If any one or more of the covenants, agreements, provisions or terms of this Agreement shall be for any reason whatsoever held invalid, then, to the extent permitted by applicable law, such covenants, agreements, provisions or terms shall be deemed severable from the remaining covenants, agreements, provisions or terms of this Agreement and shall in no way affect the validity or enforceability of the other provisions of this Agreement or of the Certificates or the rights of the Holders thereof.

Section 12.07 Notice to the Depositor and Each Rating Agency. (a) The Certificate Administrator shall use its best efforts to promptly provide notice, promptly furnish (or make available) to the Depositor, the Underwriters, the Initial Purchasers, the Directing Certificateholder (if no Consultation Termination Event has occurred), the Trustee the related Serviced Companion Loan Noteholder (if any) and the 17g-5 Information Provider (who shall promptly post such notice to the 17g-5 Information Provider's Website) with respect to each of the following of which a Responsible Officer of the Certificate Administrator has actual knowledge:

- (i) any material change or amendment to this Agreement, any Mortgage Loan Purchase Agreement or any Intercreditor Agreement;
- (ii) the occurrence of any Servicer Termination Event that has not been cured;
- (iii) the merger, consolidation, resignation or termination of the Certificate Administrator, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer or the Trustee; and
- (iv) the repurchase of Mortgage Loans pursuant to Section 2.03(e) of this Agreement.

(b) The Certificate Administrator shall promptly furnish to the Depositor, the Underwriters, the Initial Purchasers, the Directing Certificateholder and the 17g-5 Information Provider (who shall promptly post such materials to the 17g-5 Information Provider's Website):

- (i) notice of the final payment to any Class of Certificateholders;
- (ii) notice of any change in the location of the Distribution Accounts, the Interest Reserve Account, or the Gain-on-Sale Reserve Account; and

(vii) any material damage to a Mortgaged Property; and

(viii) any amendment, modification, consent or waiver to or of any provision of a Mortgage Loan or Serviced Whole Loan.

(d) Any party required to deliver any notice or information pursuant to the terms of this Agreement to the Rating Agencies shall deliver such written notice of the events or information specified in Section 3.14(d) to the Rating Agencies at the address listed below, promptly following the occurrence thereof. The Master Servicer or Special Servicer, as applicable, and the Certificate Administrator and Trustee also shall furnish such other information regarding the Trust Fund as may be reasonably requested by the Rating Agencies to the extent such party has or can obtain such information without unreasonable effort or expense; provided that such other information is first provided to the 17g-5 Information Provider in accordance with the procedures set forth in Section 3.14(d). Notwithstanding the foregoing, the failure to deliver such notices or copies shall not constitute a Servicer Termination Event, as the case may be, under this Agreement. Any confirmation of the rating by the Rating Agencies required hereunder shall be in writing.

Notices to each Rating Agency shall be addressed as follows:

[RATING AGENCY ADDRESSES]

or in each case to such other address as any Rating Agency shall specify by written notice to the parties hereto.

Section 12.08 Amendment. This Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders:

(i) to cure any ambiguity or to correct any manifest error;

(ii) to cause the provisions herein or therein to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement

Memorandum with respect to the Certificates, the Trust or this Agreement or to correct or supplement any provisions herein or therein which may be defective or inconsistent with any other provisions herein or therein;

(iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment;

(iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder;

(v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person;

(vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN SPECIFIC CLASS] Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting to such revision or addition as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates);

(vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies

and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting to such amendment or supplement as evidenced by an Opinion of Counsel;

(viii) to modify the provisions of Section 3.06 and Section 3.17 (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Termination Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); and

(ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website;

provided that any amendment under this Section 12.08 (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

This Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than a majority of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

(x) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Subordinate Companion Loan which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Companion Loan Noteholders without the consent of such Companion Loan Noteholders;

(xi) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Loan Noteholder or Holder of [LOAN SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Loan Noteholder, as applicable;

(xii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;

(xiii) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or

(xiv) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend this Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification

of the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

If neither the Depositor nor any successor thereto, if any, is in existence, any amendment under this Section 12.08 shall be effective with the consent of the Trustee, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the Master Servicer and the Special Servicer, in writing, and to the extent required by this Section 12.08, the Certificateholders and Serviced Companion Loan Noteholders.

It shall not be necessary for the consent of Certificateholders under this Section 12.08 to approve the particular form of any proposed amendment, but it shall be sufficient if such consent shall approve the substance thereof. The method of obtaining such consents and of evidencing the authorization of the execution thereof by Certificateholders and, if applicable, Serviced Companion Loan Noteholders, shall be subject to such reasonable regulations as the Trustee may prescribe; provided, that such method shall always be by affirmation and in writing.

Notwithstanding any contrary provision of this Agreement, no amendment shall be made to this Agreement or any Custodial Agreement unless the Trustee and the Certificate Administrator have received an Opinion of Counsel, at the expense of the Trust Fund (and, in the case of any Whole Loan, any such expense shall be allocated in accordance with the expense allocation provision of the related Intercreditor Agreement) confirming that such amendment is authorized or permitted by this Agreement and that all conditions precedent with respect thereto have been satisfied, respectively, hereunder and such amendment will not cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC at any time that any Certificates are outstanding, or cause the Grantor Trust to fail to qualify as a grantor trust, or cause a tax to be imposed on the Trust Fund or any such Trust REMIC or any such Grantor Trust.

Prior to the execution of any amendment to this Agreement or any Custodial Agreement, the Trustee, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the Special Servicer and the Master Servicer may request and shall be entitled to rely conclusively upon an Opinion of Counsel and an Officer's Certificate, at the expense of the party requesting such amendment (or, if such amendment is required to maintain the rating issued by any Rating Agency or requested by the Trustee for any purpose described in clauses (i), (ii) or (iii) of the first sentence of this Section 12.08 (which do not modify or otherwise relate solely to the obligations, duties or rights of the Trustee), then at the expense of the Trust Fund (and, in the case of any Whole Loan, any such expense shall be allocated in accordance with the expense allocation provision of the related Intercreditor Agreement)) confirming that the execution of such amendment is authorized or permitted by this Agreement and that all conditions precedent with respect thereto have been satisfied. The Trustee, the Certificate Administrator, the Operating Advisor or the Asset Representations Reviewer may,

but shall not be obligated to, enter into any such amendment which affects the Trustee's, the Certificate Administrator's, the Operating Advisor's or the Asset Representations Reviewer's own rights, duties or immunities under this Agreement.

Notwithstanding any contrary provision contained in this Agreement, no amendment shall be made to this Agreement (i) which adversely affects the rights, including (without limitation) as a third-party beneficiary hereunder, and/or obligations (including, without limitation, in the case of a Mortgage Loan Seller, under the related Mortgage Loan Purchase Agreement) of any Mortgage Loan Seller, Initial Purchaser or Underwriter without the written consent of such Mortgage Loan Seller, Initial Purchaser or Underwriter, as applicable or (ii) which adversely affects (as determined by the applicable Companion Loan Noteholder in good faith) the rights and/or obligations of any Companion Loan Noteholder without the written consent of such Companion Loan Noteholder.

Promptly after the execution of any amendment to this Agreement, the Certificate Administrator shall post a copy of the same to the Certificate Administrator's Website, deliver a copy of the same to the 17g-5 Information Provider who shall post a copy of the same on the 17g-5 Information Provider's Website pursuant to Section 3.14(d) of this Agreement, and thereafter, the Certificate Administrator shall furnish written notification of the substance of such amendment to each Certificateholder, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Trustee, each Mortgage Loan Seller, the Underwriters and the Initial Purchasers.

Section 12.09 Confirmation of Intent. It is the express intent of the parties hereto that the conveyance of the Trust Fund (including the Mortgage Loans) by the Depositor to the Trustee on behalf of Certificateholders as contemplated by this Agreement be treated for all purposes as a sale by the Depositor of the Trust Fund to the Trustee. It is, further, not the intention of the parties that such conveyance be deemed a pledge of the Trust Fund by the Depositor to the Trustee to secure a debt or other obligation of the Depositor. However, if, notwithstanding the intent of the parties, the Trust Fund is held to continue to be property of the Depositor then (a) this Agreement shall also be deemed to be a security agreement under applicable law; (b) the transfer of the Trust Fund provided for herein shall be deemed to be a grant by the Depositor to the Trustee on behalf of Certificateholders of a first priority security interest in, and the Depositor hereby grants to the Trustee a security interest in, all of the Depositor's right, title and interest in and to, whether now owned or existing or hereafter acquired or arising, the property identified in clauses (i) through (xiv) of the definition of "Trust Fund" and all proceeds thereof; (c) the possession by the Trustee (or the Custodian on its behalf) of Mortgage Notes and such other items of property as constitute instruments, money, negotiable documents or chattel paper shall be deemed to be "possession by the secured party" for purposes of perfecting the security interest pursuant to Section 9-313 of the New York Uniform Commercial Code; and (d) notifications to Persons holding such property, and acknowledgments, receipts or confirmations from Persons holding such property, shall be deemed notifications to, or acknowledgments, receipts or confirmations from, financial intermediaries, bailees or agents (as applicable) of the Trustee for the purpose of perfecting such security interest under applicable law. The Depositor shall, and upon the request and direction of the Master Servicer, the Trustee shall, to the extent consistent with this Agreement (and at the expense of the Trust Fund (and, in the case of any Whole Loan, such expense shall be allocated

in accordance with the expense allocation provision of the related Intercreditor Agreement)), take such actions as may be necessary to ensure that such security interest is a perfected security interest of first priority under applicable law and will be maintained as such throughout the term of this Agreement. It is the intent of the parties that such a security interest would be effective whether any of the Certificates are sold, pledged or assigned.

Section 12.10 No Intended Third-Party Beneficiaries. Except as specified in Section 12.12 of this Agreement, no Person other than a party to this Agreement, any Mortgage Loan Seller, any Initial Purchaser, any Underwriter or any Certificateholder shall have any rights with respect to the enforcement of any of the rights or obligations hereunder. Without limiting the foregoing, the parties to this Agreement specifically state that no Borrower, Manager or other party to a Mortgage Loan is an intended third-party beneficiary of this Agreement.

Section 12.11 Entire Agreement. This Agreement (and, with respect to each Whole Loan, together with the related Intercreditor Agreement) contains the entire agreement and understanding between the parties hereto with respect to the subject matter hereof, and supersedes all prior and contemporaneous agreements, understanding, inducements and conditions, express or implied, oral or written, of any nature whatsoever with respect to the subject matter hereof. The express terms hereof control and supersede any course of performance or usage of the trade inconsistent with any of the terms hereof.

Section 12.12 Third Party Beneficiaries. Each of the Trustee, the Certificate Administrator, the Master Servicer and the Special Servicer acknowledge that (i) each Mortgage Loan Seller and Deutsche Bank Securities Inc. are third party beneficiaries with respect to Section 8.05(h) of this Agreement, the obligations of any party to this Agreement to deliver information to the 17g-5 Information Provider hereunder and the obligations of the 17g-5 Information Provider to post information to the 17g-5 Information Provider's Website (or make available to the NRSROs the items referenced in Section 3.13(c) and (d)) and the express obligations of any party hereto to deliver documents, notices, information or funds to a Mortgage Loan Seller, (ii) each Mortgage Loan Seller is a third party beneficiary with respect to Section 2.01, Section 2.02, Section 2.03 and Section 12.08 of this Agreement and its rights as a Privileged Person, (iii) each Initial Purchaser and each Underwriter is a third party beneficiary with respect to its rights to receive any notices, documents, certifications and/or information hereunder and its rights under Section 12.08 of this Agreement, (iv) each holder of a Companion Loan and any related Other Depositor is an intended third party beneficiary in respect of the rights afforded it under this Agreement and may directly (or, in the case of a holder of a Companion Loan, the related Other Servicer may) enforce such rights, (v) each of the Serviced Companion Loan Service Providers under the applicable Other Pooling and Servicing Agreement is an intended third party beneficiary under this Agreement with respect to any provision herein expressly relating to compensation, reimbursement or indemnification of such Serviced Companion Loan Service Provider and the provisions regarding the coordination of Advances and (vi) each of the Non-Serviced Mortgage Loan Service Providers under the applicable Other Pooling and Servicing Agreement is an intended third party beneficiary under this Agreement with respect to any provisions herein relating to (1) the reimbursement of any nonrecoverable advances made with respect to the applicable Non-Serviced Mortgage Loan by such Persons, (2) the indemnification of each applicable Other Servicer, Other Special Servicer and Other Trustee pursuant to Section 1.04 of this Agreement against any claims, losses,

penalties, fines, forfeitures, legal fees and related costs, judgments and any other costs, liabilities, fees and expenses incurred in connection with the related Other Pooling and Servicing Agreement and this Agreement that relate solely to its servicing of the related Whole Loan and any related reimbursement provisions, (3) the provisions set forth in Section 4.07(e) of this Agreement regarding advancing coordination and (4) the provisions set forth in Sections 3.29 and 6.07, as applicable, of this Agreement.

Subject to Section 2.03(j)(ii), Section 2.03(k)(iii) and Section 2.03(k)(iv), any Requesting Certificateholder shall be an express third-party beneficiary to this Agreement for purpose of exercising rights under Section 2.03(j) through Section 2.03(n).

This certifies that [_____] is the registered owner of a beneficial ownership interest in a Trust Fund, including the distributions to be made with respect to the [Class A-1] Certificates. The Trust Fund, described more fully below, consists primarily of a pool of Mortgage Loans secured by first liens on commercial, multifamily and manufactured housing community properties and held in trust by the Trustee and serviced by the Master Servicer. The Trust Fund was created, and the Mortgage Loans are to be serviced, pursuant to the Pooling and Servicing Agreement (as defined below). The Holder of this Certificate, by virtue of the acceptance hereof, assents to the terms, provisions and conditions of the Pooling and Servicing Agreement and is bound thereby.

The Pooling and Servicing Agreement, dated as of [____], 20[__] (the “Pooling and Servicing Agreement”), between the Depositor, [____], as master servicer (in such capacity, the “Master Servicer”), [____], as special servicer (the “Special Servicer”), [____], as trustee (the “Trustee”), [____], as certificate administrator (in such capacity, the “Certificate Administrator”), paying agent and custodian, [____], as operating advisor (the “Operating Advisor”), and [____], as asset representations reviewer (the “Asset Representations Reviewer”) evidences the issuance of the Class [____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by

acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of principal and interest then distributable, if any, allocable to the [Class A-1] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [____] 20[____]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class A-1] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Certificate Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its

agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein): (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts, and Reserve Accounts, (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Gain-on-Sale Reserve Account, the Interest Reserve Account, and the Trust's interest in any REO

Account, including any amounts on deposit therein, assets credited thereto and any reinvestment income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Loan Specific REMIC Regular Interests, the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amount (net of any Servicing Fee, Certificate Administrator/Trustee Fee, the CREFC[®] Intellectual Property Royalty License Fee and the Operating Advisor Fee) and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. Such Certificates shall be delivered by the Certificate Registrar in accordance with Article V of the Pooling and Servicing Agreement.

Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for

any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS] Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating

agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by

(x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under

the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;
- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the

last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and

- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [____] Notional Amount, the Class [____] Notional Amount and the aggregate Certificate Balance of the Class [____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund;

provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

This certifies that [_____] is the registered owner of a beneficial ownership interest in a Trust Fund, including the distributions to be made with respect to the [Class A-2] Certificates. The Trust Fund, described more fully below, consists primarily of a pool of Mortgage Loans secured by first liens on commercial, multifamily and manufactured housing community properties and held in trust by the Trustee and serviced by the Master Servicer. The Trust Fund was created, and the Mortgage Loans are to be serviced, pursuant to the Pooling and Servicing Agreement (as defined below). The Holder of this Certificate, by virtue of the acceptance hereof, assents to the terms, provisions and conditions of the Pooling and Servicing Agreement and is bound thereby.

The Pooling and Servicing Agreement, dated as of [_____] 20[___] (the “Pooling and Servicing Agreement”), between the Depositor, [_____] as master servicer (in such capacity, the “Master Servicer”), [_____] as special servicer (the “Special Servicer”), [_____] as trustee (the “Trustee”), [_____] as certificate administrator (in such capacity, the “Certificate Administrator”), paying agent and custodian, [_____] as operating advisor (the “Operating Advisor”), and [_____] as asset representations reviewer (the “Asset Representations Reviewer”) evidences the issuance of the Class [_____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this

Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of principal and interest then distributable, if any, allocable to the [Class A-2] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [____] 20[____]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class A-2] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Certificate Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein): (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts, and Reserve Accounts, (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Gain-on-Sale Reserve Account, the Interest Reserve Account, and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage

Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Loan Specific REMIC Regular Interests, the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amount (net of any Servicing Fee, Certificate Administrator/Trustee Fee, the CREFC[®] Intellectual Property Royalty License Fee and the Operating Advisor Fee) and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor

of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS] Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings

assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at

any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; *provided*, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;
- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation,

No.: [A-SB]-[]

This certifies that [] is the registered owner of a beneficial ownership interest in a Trust Fund, including the distributions to be made with respect to the [Class A-SB] Certificates. The Trust Fund, described more fully below, consists primarily of a pool of Mortgage Loans secured by first liens on commercial, multifamily and manufactured housing community properties and held in trust by the Trustee and serviced by the Master Servicer. The Trust Fund was created, and the Mortgage Loans are to be serviced, pursuant to the Pooling and Servicing Agreement (as defined below). The Holder of this Certificate, by virtue of the acceptance hereof, assents to the terms, provisions and conditions of the Pooling and Servicing Agreement and is bound thereby.

The Pooling and Servicing Agreement, dated as of [], 20[] (the “Pooling and Servicing Agreement”), between the Depositor, [], as master servicer (in such capacity, the “Master Servicer”), [], as special servicer (the “Special Servicer”), [], as trustee (the “Trustee”), [], as certificate administrator (in such capacity, the “Certificate Administrator”), paying agent and custodian, [], as operating advisor (the “Operating Advisor”), and [], as asset representations reviewer (the “Asset Representations Reviewer”) evidences the issuance of the Class [] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this

Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of principal and interest then distributable, if any, allocable to the [Class A-SB] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [____] 20[____]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class A-SB] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Certificate Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its

agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein): (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts, and Reserve Accounts, (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Gain-on-Sale Reserve Account, the Interest Reserve Account, and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment

income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Loan Specific REMIC Regular Interests, the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amount (net of any Servicing Fee, Certificate Administrator/Trustee Fee, the CREFC[®] Intellectual Property Royalty License Fee and the Operating Advisor Fee) and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. Such Certificates shall be delivered by the Certificate Registrar in accordance with Article V of the Pooling and Servicing Agreement.

Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as

provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS] Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency

Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any

such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; *provided*, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;
- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and

- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

This certifies that [_____] is the registered owner of a beneficial ownership interest in a Trust Fund, including the distributions to be made with respect to the [Class A-3] Certificates. The Trust Fund, described more fully below, consists primarily of a pool of Mortgage Loans secured by first liens on commercial, multifamily and manufactured housing community properties and held in trust by the Trustee and serviced by the Master Servicer. The Trust Fund was created, and the Mortgage Loans are to be serviced, pursuant to the Pooling and Servicing Agreement (as defined below). The Holder of this Certificate, by virtue of the acceptance hereof, assents to the terms, provisions and conditions of the Pooling and Servicing Agreement and is bound thereby.

The Pooling and Servicing Agreement, dated as of [____], 20[__] (the “Pooling and Servicing Agreement”), between the Depositor, [____], as master servicer (in such capacity, the “Master Servicer”), [____], as special servicer (the “Special Servicer”), [____], as trustee (the “Trustee”), [____], as certificate administrator (in such capacity, the “Certificate Administrator”), paying agent and custodian, [____], as operating advisor (the “Operating Advisor”), and [____], as asset representations reviewer (the “Asset Representations Reviewer”) evidences the issuance of the Class [____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this

Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of principal and interest then distributable, if any, allocable to the [Class A-3] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [____] 20[____]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class A-3] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Certificate Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein): (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts, and Reserve Accounts, (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Gain-on-Sale Reserve Account, the Interest Reserve Account, and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage

Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Loan Specific REMIC Regular Interests, the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amount (net of any Servicing Fee, Certificate Administrator/Trustee Fee, the CREFC[®] Intellectual Property Royalty License Fee and the Operating Advisor Fee) and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. Such Certificates shall be delivered by the Certificate Registrar in accordance with Article V of the Pooling and Servicing Agreement.

Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor

of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS] Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings

assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at

any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; *provided*, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;
- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation,

Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC® Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

Unless the Certificate of Authentication on this Certificate has been executed by the Authenticating Agent, by manual signature, this Certificate shall not be entitled to any benefit under the Pooling and Servicing Agreement or be valid for any purpose.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of principal and interest then distributable, if any, allocable to the [Class A-4] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [____] 20[____]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class A-4] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Certificate Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein): (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts, and Reserve Accounts, (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Gain-on-Sale Reserve Account, the Interest Reserve Account, and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage

Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Loan Specific REMIC Regular Interests, the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amount (net of any Servicing Fee, Certificate Administrator/Trustee Fee, the CREFC[®] Intellectual Property Royalty License Fee and the Operating Advisor Fee) and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor

of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS] Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings

assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at

any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; *provided*, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;
- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation,

Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC® Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

This certifies that [_____] is the registered owner of a beneficial ownership interest in a Trust Fund, including the distributions to be made with respect to the [Class A-M] Certificates. The Trust Fund, described more fully below, consists primarily of a pool of Mortgage Loans secured by first liens on commercial, multifamily and manufactured housing community properties and held in trust by the Trustee and serviced by the Master Servicer. The Trust Fund was created, and the Mortgage Loans are to be serviced, pursuant to the Pooling and Servicing Agreement (as defined below). The Holder of this Certificate, by virtue of the acceptance hereof, assents to the terms, provisions and conditions of the Pooling and Servicing Agreement and is bound thereby.

The Pooling and Servicing Agreement, dated as of [____], 20[__] (the “Pooling and Servicing Agreement”), between the Depositor, [____], as master servicer (in such capacity, the “Master Servicer”), [____], as special servicer (the “Special Servicer”), [____], as trustee (the “Trustee”), [____], as certificate administrator (in such capacity, the “Certificate Administrator”), paying agent and custodian, [____], as operating advisor (the “Operating Advisor”), and [____], as asset representations reviewer (the “Asset Representations Reviewer”) evidences the issuance of the Class [____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a beneficial interest in a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this Certificate in accordance with the preceding sentence for purposes of federal

income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of principal and interest then distributable, if any, allocable to the [Class A-M] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [____] 20[____]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class A-M] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Certificate Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. In addition, subject to the conditions set forth in the Pooling and Servicing Agreement, this Certificate, together with the other Exchangeable Certificates, pursuant to the procedures set forth in the Pooling and Servicing Agreement, may be exchanged for other Exchangeable Certificates, pursuant to the procedures set forth in the Pooling and Servicing Agreement.

Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any

transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS] Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating

agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by

(x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under

the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;
- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date

(less any P&I Advances previously made on account of interest);
and

- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants

of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

This certifies that [_____] is the registered owner of a beneficial ownership interest in a Trust Fund, including the distributions to be made with respect to the [Class B] Certificates. The Trust Fund, described more fully below, consists primarily of a pool of Mortgage Loans secured by first liens on commercial, multifamily and manufactured housing community properties and held in trust by the Trustee and serviced by the Master Servicer. The Trust Fund was created, and the Mortgage Loans are to be serviced, pursuant to the Pooling and Servicing Agreement (as defined below). The Holder of this Certificate, by virtue of the acceptance hereof, assents to the terms, provisions and conditions of the Pooling and Servicing Agreement and is bound thereby.

The Pooling and Servicing Agreement, dated as of [____], 20[__] (the “Pooling and Servicing Agreement”), between the Depositor, [____], as master servicer (in such capacity, the “Master Servicer”), [____], as special servicer (the “Special Servicer”), [____], as trustee (the “Trustee”), [____], as certificate administrator (in such capacity, the “Certificate Administrator”), paying agent and custodian, [____], as operating advisor (the “Operating Advisor”), and [____], as asset representations reviewer (the “Asset Representations Reviewer”) evidences the issuance of the Class [____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a beneficial interest in a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the

treatment of, this Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of principal and interest then distributable, if any, allocable to the [Class B] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [____] 20[____]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class B] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Certificate Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its

agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein): (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts, and Reserve Accounts, (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Gain-on-Sale Reserve Account, the Interest Reserve Account, and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment

income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Loan Specific REMIC Regular Interests, the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amount (net of any Servicing Fee, Certificate Administrator/Trustee Fee, the CREFC[®] Intellectual Property Royalty License Fee and the Operating Advisor Fee) and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect

in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered

satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;
- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related

Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and

- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund;

provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

This certifies that [_____] is the registered owner of a beneficial ownership interest in a Trust Fund, including the distributions to be made with respect to the Class PEZ Certificates. The Trust Fund, described more fully below, consists primarily of a pool of Mortgage Loans secured by first liens on commercial, multifamily and manufactured housing community properties and held in trust by the Trustee and serviced by the Master Servicer. The Trust Fund was created, and the Mortgage Loans are to be serviced, pursuant to the Pooling and Servicing Agreement (as defined below). The Holder of this Certificate, by virtue of the acceptance hereof, assents to the terms, provisions and conditions of the Pooling and Servicing Agreement and is bound thereby.

The Pooling and Servicing Agreement, dated as of [_____] 20[___] (the “Pooling and Servicing Agreement”), between the Depositor, [_____] as master servicer (in such capacity, the “Master Servicer”), [_____] as special servicer (the “Special Servicer”), [_____] as trustee (the “Trustee”), [_____] as certificate administrator (in such capacity, the “Certificate Administrator”), paying agent and custodian, [_____] as operating advisor (the “Operating Advisor”), and [_____] as asset representations reviewer (the “Asset Representations Reviewer”) evidences the issuance of the Class [_____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and

in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a beneficial interest in multiple “regular interests” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of principal and interest then distributable, if any, allocable to the Class PEZ Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [____] 20[____]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the Class PEZ Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Certificate Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each

Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein): (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of

As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Such Certificates shall be delivered by the Certificate Registrar in accordance with Article V of the Pooling and Servicing Agreement.

In addition, subject to the conditions set forth in the Pooling and Servicing Agreement, this Certificate, together with the other Exchangeable Certificates set forth in the Pooling and Servicing Agreement, may be exchanged for other Exchangeable Certificates, pursuant to the procedures set forth in the Pooling and Servicing Agreement.

Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this

Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the

Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS] Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as

may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or

- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser

acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;

- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property

held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

This certifies that [_____] is the registered owner of a beneficial ownership interest in a Trust Fund, including the distributions to be made with respect to the [Class C] Certificates. The Trust Fund, described more fully below, consists primarily of a pool of Mortgage Loans secured by first liens on commercial, multifamily and manufactured housing community properties and held in trust by the Trustee and serviced by the Master Servicer. The Trust Fund was created, and the Mortgage Loans are to be serviced, pursuant to the Pooling and Servicing Agreement (as defined below). The Holder of this Certificate, by virtue of the acceptance hereof, assents to the terms, provisions and conditions of the Pooling and Servicing Agreement and is bound thereby.

The Pooling and Servicing Agreement, dated as of [____], 20[__] (the “Pooling and Servicing Agreement”), between the Depositor, [____], as master servicer (in such capacity, the “Master Servicer”), [____], as special servicer (the “Special Servicer”), [____], as trustee (the “Trustee”), [____], as certificate administrator (in such capacity, the “Certificate Administrator”), paying agent and custodian, [____], as operating advisor (the “Operating Advisor”), and [____], as asset representations reviewer (the “Asset Representations Reviewer”) evidences the issuance of the Class [____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a beneficial interest in a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the

treatment of, this Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of principal and interest then distributable, if any, allocable to the [Class C] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [____] 20[____]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class C] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Certificate Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its

agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein): (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts, and Reserve Accounts, (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Gain-on-Sale Reserve Account, the Interest Reserve Account, and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment

As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. Such Certificates shall be delivered by the Certificate Registrar in accordance with Article V of the Pooling and Servicing Agreement.

In addition, subject to the conditions set forth in the Pooling and Servicing Agreement, this Certificate, together with the other Exchangeable Certificates set forth in the Pooling and Servicing Agreement, may be exchanged for other Exchangeable Certificates, pursuant to the procedures set forth in the Pooling and Servicing Agreement.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the

Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS] Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such

amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect

in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered

satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;
- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related

Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and

- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund;

provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

Representations Reviewer”) evidences the issuance of the Class [_____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [_____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of principal and interest then distributable, if any, allocable to the [Class D] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [_____] 20[___]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class D] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Certificate Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of

the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein): (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of

the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts, and Reserve Accounts, (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Gain-on-Sale Reserve Account, the Interest Reserve Account, and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Loan Specific REMIC Regular Interests, the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amount (net of any Servicing Fee, Certificate Administrator/Trustee Fee, the CREFC[®] Intellectual Property Royalty License Fee and the Operating Advisor Fee) and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. Such Certificates shall be delivered by the Certificate Registrar in accordance with Article V of the Pooling and Servicing Agreement.

Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate

Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to

matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS] Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding

clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or

- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser

acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;

- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property

held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

This certifies that [_____] is the registered owner of a beneficial ownership interest in a Trust Fund, including the distributions to be made with respect to the [Class E] Certificates. The Trust Fund, described more fully below, consists primarily of a pool of Mortgage Loans secured by first liens on commercial, multifamily and manufactured housing community properties and held in trust by the Trustee and serviced by the Master Servicer. Representations Reviewer”) evidences the issuance of the Class [_____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [_____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of principal and interest then distributable, if any, allocable to the [Class E] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [_____] 20[___].

During each Interest Accrual Period (as defined below), interest on the [Class E] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Certificate Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such

distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein): (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO

Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating

Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of

its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;

- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust

Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [_____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of principal and interest then distributable, if any, allocable to the [Class F] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [_____] 20[___].

During each Interest Accrual Period (as defined below), interest on the [Class F] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Certificate Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such

distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS]

Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating

Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of

its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;

- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust

Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

Representations Reviewer”) evidences the issuance of the Class [_____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [_____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of principal and interest then distributable, if any, allocable to the [Class G] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [_____] 20[___].

During each Interest Accrual Period (as defined below), interest on the [Class G] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Certificate Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such

distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein): (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO

Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts, and Reserve Accounts, (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Gain-on-Sale Reserve Account, the Interest Reserve Account, and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Loan Specific REMIC Regular Interests, the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amount (net of any Servicing Fee, Certificate Administrator/Trustee Fee, the CREFC[®] Intellectual Property Royalty License Fee and the Operating Advisor Fee) and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS]

Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating

Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of

its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;

- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust

Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

Representations Reviewer”) evidences the issuance of the Class [_____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [_____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of principal and interest then distributable, if any, allocable to the [Class H] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [_____] 20[___].

During each Interest Accrual Period (as defined below), interest on the [Class H] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Certificate Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such

distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein): (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO

Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and Reserve Accounts; (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Excess Liquidation Proceeds Account, the Interest Reserve Account, and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amounts and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. Such Certificates shall be delivered by the Certificate Registrar in accordance with Article V of the Pooling and Servicing Agreement.

Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS]

Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating

Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of

its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;

- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust

Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

Unless the Certificate of Authentication on this Certificate has been executed by the Authenticating Agent, by manual signature, this Certificate shall not be entitled to any benefit under the Pooling and Servicing Agreement or be valid for any purpose.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of interest then distributable, if any, allocable to the [Class X-A] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [____] 20[____]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class X-A] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Notional Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein): (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock Box Accounts, Cash Collateral Accounts, Escrow Accounts and Reserve Accounts; (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Excess Liquidation Proceeds Account, the Interest Reserve Account, and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage

Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amounts and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. Such Certificates shall be delivered by the Certificate Registrar in accordance with Article V of the Pooling and Servicing Agreement.

Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS] Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating

agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the

Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to

maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;
- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of "Sole Certificateholder" and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

Unless the Certificate of Authentication on this Certificate has been executed by the Authenticating Agent, by manual signature, this Certificate shall not be entitled to any benefit under the Pooling and Servicing Agreement or be valid for any purpose.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [_____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of interest then distributable, if any, allocable to the [Class X-B] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [_____] 20[___]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class X-B] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Notional Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of

the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above-accounts for purposes other than distributions to Certificateholders.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS]

Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating

Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of

its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;

- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust

Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

“Operating Advisor”), and [____], as asset representations reviewer (the “Asset Representations Reviewer”) evidences the issuance of the Class [____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of interest then distributable, if any, allocable to the [Class X-C] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [____] 20[____]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class X-C] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Notional Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of

business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein) (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage

Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and Reserve Accounts; (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Excess Liquidation Proceeds Account, the Interest Reserve Account and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amounts and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. Such Certificates shall be delivered by the Certificate Registrar in accordance with Article V of the Pooling and Servicing Agreement.

Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS]

Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating

Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of

its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;

- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust

Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

Unless the Certificate of Authentication on this Certificate has been executed by the Authenticating Agent, by manual signature, this Certificate shall not be entitled to any benefit under the Pooling and Servicing Agreement or be valid for any purpose.

Representations Reviewer”) evidences the issuance of the Class [_____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [_____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of interest then distributable, if any, allocable to the [Class X-D] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [_____] 20[___]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class X-D] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Notional Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of

the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein) (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of

the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and Reserve Accounts; (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Excess Liquidation Proceeds Account, the Interest Reserve Account and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amounts and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. Such Certificates shall be delivered by the Certificate Registrar in accordance with Article V of the Pooling and Servicing Agreement.

Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS]

Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating

Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of

its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;

- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust

Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

Unless the Certificate of Authentication on this Certificate has been executed by the Authenticating Agent, by manual signature, this Certificate shall not be entitled to any benefit under the Pooling and Servicing Agreement or be valid for any purpose.

Representations Reviewer”) evidences the issuance of the Class [_____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [_____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of interest then distributable, if any, allocable to the [Class X-E] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [_____] 20[___]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class X-E] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Notional Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of

the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein) (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of

the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and Reserve Accounts; (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Excess Liquidation Proceeds Account, the Interest Reserve Account and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amounts and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. Such Certificates shall be delivered by the Certificate Registrar in accordance with Article V of the Pooling and Servicing Agreement.

Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS]

Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating

Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of

its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;

- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust

Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

The Trust Fund, described more fully below, consists primarily of a pool of Mortgage Loans secured by first liens on commercial, multifamily and manufactured housing community properties and held in trust by the Trustee and serviced by the Master Servicer. Representations Reviewer”) evidences the issuance of the Class [_____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [_____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of interest then distributable, if any, allocable to the [Class X-F] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [_____] 20[___]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class X-F] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Notional Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of

the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein) (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of

the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and Reserve Accounts; (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Excess Liquidation Proceeds Account, the Interest Reserve Account and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amounts and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. Such Certificates shall be delivered by the Certificate Registrar in accordance with Article V of the Pooling and Servicing Agreement.

Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS]

Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating

Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of

its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;

- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

This certifies that [_____] is the registered owner of a beneficial ownership interest in a Trust Fund, including the distributions to be made with respect to the [Class X-G] Certificates. The Trust Fund, described more fully below, consists primarily of a pool of Mortgage Loans secured by first liens on commercial, multifamily and manufactured housing community properties and held in trust by the Trustee and serviced by the Master Servicer. Representations Reviewer”) evidences the issuance of the Class [_____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [_____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of interest then distributable, if any, allocable to the [Class X-G] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [_____] 20[___]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

During each Interest Accrual Period (as defined below), interest on the [Class X-G] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Notional Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of

the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein) (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of

the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and Reserve Accounts; (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Excess Liquidation Proceeds Account, the Interest Reserve Account and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amounts and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. Such Certificates shall be delivered by the Certificate Registrar in accordance with Article V of the Pooling and Servicing Agreement.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS]

Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating

Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of

its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;

- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust

Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

ANY PURPORTED TRANSFER TO A DISQUALIFIED ORGANIZATION OR OTHER PERSON THAT IS NOT A PERMITTED TRANSFEREE OR OTHERWISE IN VIOLATION OF THESE RESTRICTIONS SHALL BE ABSOLUTELY NULL AND VOID AND SHALL VEST NO RIGHTS IN ANY PURPORTED TRANSFEREE. BECAUSE THIS CERTIFICATE REPRESENTS A “NON ECONOMIC RESIDUAL INTEREST,” AS DEFINED IN TREASURY REGULATIONS SECTION 1.860E-1(c), TRANSFERS OF THIS CERTIFICATE MAY BE DISREGARDED FOR FEDERAL INCOME TAX PURPOSES. IN ORDER TO SATISFY A REGULATORY SAFE HARBOR UNDER WHICH SUCH TRANSFERS WILL NOT BE DISREGARDED, THE TRANSFEROR MAY BE REQUIRED, AMONG OTHER THINGS, TO SATISFY ITSELF AS TO THE FINANCIAL CONDITION OF THE PROPOSED TRANSFEREE AND EITHER TO PAY A SPECIFIED AMOUNT TO THE PROPOSED TRANSFEREE

OR TRANSFER TO AN ELIGIBLE TRANSFEREE AS PROVIDED IN REGULATIONS.

THE HOLDER OF THIS CERTIFICATE, BY ACCEPTANCE HEREOF, IS DEEMED TO HAVE AGREED TO CONSENT TO ACT AS “TAX MATTERS PERSON” OF THE UPPER TIER REMIC AND TO THE APPOINTMENT OF THE CERTIFICATE ADMINISTRATOR AS ATTORNEY IN FACT AND AGENT FOR THE TAX MATTERS PERSON OR AS OTHERWISE PROVIDED IN THE POOLING AND SERVICING AGREEMENT TO PERFORM THE FUNCTIONS OF A “TAX MATTERS PARTNER” FOR PURPOSES OF SUBCHAPTER C OF CHAPTER 63 OF SUBTITLE F OF THE CODE.

THE INITIAL INVESTOR IN THIS CERTIFICATE, AND EACH SUBSEQUENT PURCHASER OF THIS CERTIFICATE, BY PURCHASING THIS CERTIFICATE OR AN INTEREST HEREIN, IS DEEMED TO HAVE AGREED TO COMPLY WITH CERTAIN TRANSFER REQUIREMENTS SET FORTH IN THE POOLING AND SERVICING AGREEMENT. A TRANSFEREE IS ALSO REQUIRED TO DELIVER AN INVESTMENT REPRESENTATION LETTER SUBSTANTIALLY IN THE FORM OF EXHIBIT D-1 TO THE POOLING AND SERVICING AGREEMENT IF SUCH TRANSFEREE IS A QUALIFIED INSTITUTIONAL BUYER OR (OTHER THAN WITH RESPECT TO A RESIDUAL CERTIFICATE) AN INSTITUTIONAL ACCREDITED INVESTOR, AND MAY ALSO BE REQUIRED TO DELIVER AN OPINION OF COUNSEL IF SUCH TRANSFEREE IS NOT A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A.

TRANSFEREES OF THIS CERTIFICATE TAKING DELIVERY IN CERTIFICATED FORM SHALL BE REQUIRED TO DELIVER A LETTER IN THE FORM ATTACHED TO THE POOLING AND SERVICING AGREEMENT TO SUCH EFFECT.

TRANSFERS AND EXCHANGES OF PORTIONS OF THIS CERTIFICATE ARE SUBJECT TO RESTRICTIONS AS PROVIDED IN THE POOLING AND SERVICING AGREEMENT REFERRED TO BELOW.

PASS-THROUGH CERTIFICATES, CLASS [R]

No.: [R]-1

Percentage Interest: []%

CUSIP: []¹

ISIN: []²

This certifies that [] is the registered owner of the Percentage Interest evidenced by this Certificate in the Class R Certificates issued by the Trust Fund. The Class [R] Certificateholder is not entitled to interest or principal distributions. The Class [R] Certificateholder will be entitled to receive the proceeds of the remaining assets of the Upper-Tier REMIC, if any, on the Final Scheduled Distribution Date for the Certificates, after distributions in respect of any accrued but unpaid interest on the Certificates and after distributions in reduction of principal balance have reduced the principal balances of the Certificates to zero. It is not anticipated that there will be any assets remaining in the Upper-Tier REMIC or Trust Fund on the Final Scheduled Distribution Date following the distributions on the Regular Certificates. The Trust Fund, described more fully below, consists primarily of a pool of Mortgage Loans secured by first liens on commercial, multifamily and manufactured housing community properties and held in trust by the Trustee and serviced by the Master Servicer. The Trust Fund was created, and the Mortgage Loans are to be serviced, pursuant to the Pooling and Servicing Agreement (as defined below). The Holder of this Certificate, by virtue of the acceptance hereof, assents to the terms, provisions and conditions of the Pooling and Servicing Agreement and is bound thereby.

The Pooling and Servicing Agreement, dated as of [], 20[] (the “Pooling and Servicing Agreement”), between the Depositor, [], as master servicer (in such capacity, the “Master Servicer”), [], as special servicer (the “Special Servicer”), [], as trustee (the “Trustee”), [], as certificate administrator (in such capacity, the “Certificate Administrator”), paying agent and custodian, [], as operating advisor (the “Operating Advisor”), and [], as asset representations reviewer (the “Asset Representations Reviewer”) evidences the issuance of the Class [] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Class [R] Certificate represents the sole “residual interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(2) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this

² For Rule 144A Certificates

Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income. The Holder of the largest Percentage Interest in the Class [R] Certificates shall be the “tax matters person” for the Upper-Tier REMIC pursuant to Treasury Regulations Section 1.860F-4(d), and the Certificate Administrator is hereby irrevocably designated and shall serve as attorney-in-fact and agent for any such Person that is the “tax matters person”.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a

successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein): (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage Files relating thereto; (ii) all scheduled or unscheduled payments on or collections in respect of the Mortgage Loans due after the Cut-off Date; (iii) the Trust Fund's interest in any REO Property; (iv) all revenues received in respect of any REO Property; (v) any Assignments of Leases, Rents and Profits and any security agreements related to the Mortgage Loans; (vi) any indemnities or guaranties given as additional security for any Mortgage Loans; (vii) a security interest in all assets deposited in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and Reserve Accounts; (viii) the Loss of Value Reserve Fund; (ix) the Collection Account, the Serviced Whole Loan Collection Accounts, the Distribution Accounts, any Excess Liquidation Proceeds Account, the Interest Reserve Account and the Trust's interest in any REO Account, including any amounts on deposit therein, assets credited thereto and any reinvestment income, as applicable; (x) a security interest in any environmental indemnity agreements relating to the Mortgaged Properties; (xi) a security interest in all insurance policies with respect to the Mortgage Loans and the Mortgaged Properties; (xii) the rights and remedies under the Mortgage Loan Purchase Agreements relating to document delivery requirements with respect to the Mortgage Loans and the representations and warranties of the related Mortgage Loan Seller regarding its Mortgage Loans; (xiii) the Lower-Tier Regular Interests and the Class [EC] Regular Interests, (xiv) the Interest Deposit Amounts and (xv) the proceeds of the foregoing (other than any interest earned on deposits in the Lock-Box Accounts, Cash Collateral Accounts, Escrow Accounts and any Reserve Accounts, to the extent such interest belongs to the related Borrower). As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

Upon surrender for registration of transfer of this Certificate, subject to the requirements Article V of the Pooling and Servicing Agreement, the Certificate Administrator shall execute and the Authenticating Agent shall duly authenticate in the name of the designated transferee or transferees, one or more new Certificates in authorized denominations of a like aggregate denomination as the Certificate being surrendered. Prior to due presentation of this Certificate for registration of transfer, the Depositor, the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent and any agent of any of them may treat the Person in whose name this Certificate is registered as the owner hereof for all purposes, and none of the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Trustee, the Certificate Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain

manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. - (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of

- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or
- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by

purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;
- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of "Sole Certificateholder" and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any

determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

This certifies that [_____] is the registered owner of a beneficial ownership interest in a Trust Fund, including the distributions to be made with respect to the [ARD CLASS] Certificates. The Trust Fund, described more fully below, consists primarily of a pool of Mortgage Loans secured by first liens on commercial, multifamily and manufactured housing community properties and held in trust by the Trustee and serviced by the Master Servicer. The Trust Fund was created, and the Mortgage Loans are to be serviced, pursuant to the Pooling and Servicing Agreement (as defined below). The Holder of this Certificate, by virtue of the acceptance hereof, assents to the terms, provisions and conditions of the Pooling and Servicing Agreement and is bound thereby.

The Pooling and Servicing Agreement, dated as of [_____] 20[_____] (the “Pooling and Servicing Agreement”), between the Depositor, [_____] as master servicer (in such capacity, the “Master Servicer”), [_____] as special servicer (the “Special Servicer”), [_____] as trustee (the “Trustee”), [_____] as certificate administrator (in such capacity, the “Certificate Administrator”), paying agent and custodian, [_____] as operating advisor (the “Operating Advisor”), and [_____] as asset representations reviewer (the “Asset Representations Reviewer”) evidences the issuance of the Class [_____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a beneficial interest in a portion of a grantor trust under subpart E, part I of subchapter J of the Internal Revenue Code of 1986, as amended (the “Code”), which portion includes the Excess Interest and any proceeds thereof in the [ARD CLASS] Distribution Account. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and

take no action inconsistent with the treatment of, this Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of interest then distributable, if any, allocable to the [ARD CLASS] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [____] 20[____]. Holders of this Certificate may be entitled to Prepayment Premiums and Yield Maintenance Charges as provided in the Pooling and Servicing Agreement.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such

Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above-accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

The Pooling and Servicing Agreement or any Custodial Agreement may be amended at any time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee without the consent of any of the Certificateholders or any Serviced Companion Loan Noteholders, (i) to cure any ambiguity or to correct any manifest error; (ii) to cause the provisions of the Pooling and Servicing Agreement or any Custodial Agreement to conform or be consistent with or in furtherance of the statements made in the Prospectus or Private Placement Memorandum with respect to the Certificates, the Trust or the Pooling and Servicing Agreement or to correct or supplement any provisions of the Pooling and Servicing Agreement

or any Custodial Agreement which may be defective or inconsistent with any other provisions of the Pooling and Servicing Agreement or any Custodial Agreement; (iii) to change the timing and/or nature of deposits in the Collection Account, the Distribution Accounts or any REO Account; provided that (a) the Master Servicer Remittance Date shall in no event be later than the Business Day prior to the related Distribution Date and (b) such change shall not adversely affect in any material respect the interests of any Certificateholder, as evidenced in writing by an Opinion of Counsel at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each Rating Agency with respect to such amendment; (iv) to modify, eliminate or add to any of its provisions to such extent as shall be necessary to maintain the qualification of any Trust REMIC as a REMIC or the Grantor Trust as a grantor trust under the relevant provisions of the Code at all times that any Certificate is outstanding, or to avoid or minimize the risk of imposition of any tax on the Trust Fund or any Trust REMIC or the Grantor Trust that would be a claim against the Trust Fund or any Trust REMIC or the Grantor Trust; provided that the Trustee and the Certificate Administrator have received an Opinion of Counsel (at the expense of the party requesting such amendment) to the effect that (a) such action is necessary or desirable to maintain such qualification or to avoid or minimize the risk of the imposition of any such tax and (b) such action will not adversely affect in any material respect the interests of any Certificateholder or Companion Loan Noteholder; (v) to modify, eliminate or add to the provisions any provision hereof restricting transfer of the Class R Certificates; provided the Depositor has determined that such change shall not, as evidenced by an Opinion of Counsel, cause the Trust Fund, any Trust REMIC or any of the Certificateholders (other than the Transferor) to be subject to a federal tax caused by a Transfer to a Person that is a Disqualified Organization or a Non-U.S. Tax Person; (vi) to revise or add any other provisions with respect to matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS] Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control

Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. - (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or

(ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;
- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of "Sole

Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

“Certificate Administrator”), paying agent and custodian, [____], as operating advisor (the “Operating Advisor”), and [____], as asset representations reviewer (the “Asset Representations Reviewer”) evidences the issuance of the Class [____] Certificates (the “Certificates”; the Holders of Certificates issued under the Pooling and Servicing Agreement are collectively referred to herein as “Certificateholders”). This Certificate is issued pursuant to, and in accordance with, the terms of the Pooling and Servicing Agreement. To the extent not defined herein, capitalized terms used herein shall have the meanings assigned thereto in the Pooling and Servicing Agreement.

This Certificate represents a “regular interest” in a “real estate mortgage investment conduit”, as those terms are defined, respectively, in Sections 860G(a)(1) and 860D of the Internal Revenue Code of 1986, as amended. Each Holder of this Certificate, by acceptance hereof, agrees to treat, and take no action inconsistent with the treatment of, this Certificate in accordance with the preceding sentence for purposes of federal income taxes, state and local income and franchise taxes and other taxes imposed on or measured by income.

The Certificate Administrator makes no representation or warranty as to any of the statements contained herein or the validity or sufficiency of the Certificates or the Mortgage Loans and has executed this Certificate in its limited capacity as Certificate Administrator under the Pooling and Servicing Agreement. In the event that there is any conflict between any provision of this Certificate and any provision of the Pooling and Servicing Agreement, such provision of this Certificate shall be superseded to the extent of such inconsistency.

Pursuant to the terms of the Pooling and Servicing Agreement, the Certificate Administrator, or the Paying Agent on behalf of the Certificate Administrator, will distribute (other than the final distribution on any Certificate), on the [____] Business Day after each Determination Date (each such date, a “Distribution Date”) an amount equal to such Person’s pro rata share (based on the Percentage Interest represented by this Certificate) of that portion of the aggregate amount of principal and interest then distributable, if any, allocable to the [LOAN SPECIFIC CLASS] Certificates for such Distribution Date, all as more fully described in the Pooling and Servicing Agreement. “Determination Date” is defined in the Pooling and Servicing Agreement as the sixth day of each month, or if such sixth day is not a Business Day, then the next Business Day, commencing in [____] 20[____].

During each Interest Accrual Period (as defined below), interest on the [LOAN SPECIFIC CLASS] Certificates will be calculated based on a 360-day year consisting of twelve 30-day months on the outstanding Certificate Balance hereof.

Interest accrued on this Certificate during an Interest Accrual Period, plus the aggregate unpaid Interest Shortfall with respect to this Certificate, if any, will be payable on the related Distribution Date to the extent provided in the Pooling and Servicing Agreement. The “Interest Accrual Period” means, with respect to any Distribution Date, the calendar month immediately preceding the month in which such Distribution Date occurs. Each Interest Accrual Period is assumed to consist of 30 days.

All distributions (other than the final distribution on any Certificate) will be made by the Paying Agent to the Persons in whose names the Certificates are registered at the close of

business on each Record Date, which will be the close of business on the last Business Day of the calendar month preceding the month in which such Distribution Date occurs. Such distributions shall be made on each Distribution Date other than the Termination Date to each Certificateholder of record on the related Record Date, by wire transfer of immediately available funds to the account of such Holder at a bank or other entity located in the United States and having appropriate facilities therefor if such Holder shall have provided the Paying Agent with wire instructions in writing at least five Business Days prior to the related Record Date, or, otherwise, by check mailed by first-class mail to the address set forth therefor in the Certificate Register. The final distribution on each Certificate shall be made in like manner, but only upon presentment and surrender of such Certificate at the office of the Certificate Administrator or its agent (which may be the Paying Agent or the Certificate Registrar acting as such agent) that is specified in the notice to Holders of such final distribution.

Any funds not distributed on the Termination Date because of the failure of any Certificateholders to tender their Certificates shall, on such date, be set aside and held in trust for the benefit of the appropriate non-tendering Certificateholders. If any Certificates as to which notice of the Termination Date has been given pursuant to the Pooling and Servicing Agreement shall not have been surrendered for cancellation within six months after the time specified in such notice, the Certificate Administrator shall mail a second notice to the remaining non-tendering Certificateholders, at their last addresses shown in the Certificate Register, to surrender their Certificates for cancellation in order to receive, from such funds held, the final distribution with respect thereto. If within one year after the second notice not all of such Certificates shall have been surrendered for cancellation, the Certificate Administrator may, directly or through an agent, take appropriate steps to contact the remaining non-tendering Certificateholders concerning surrender of their Certificates. The costs and expenses of holding such funds in trust and of contacting such Certificateholders shall be paid out of such funds. If within two years after the second notice any such Certificates shall not have been surrendered for cancellation, the Paying Agent shall pay to the Certificate Administrator all amounts distributable to the Holders thereof, and the Certificate Administrator shall thereafter hold such amounts for the benefit of such Holders until the earlier of (i) its termination as Certificate Administrator under the Pooling and Servicing Agreement and the transfer of such amounts to a successor certificate administrator and (ii) the termination of the Trust Fund and distribution of such amounts to the Residual Certificateholders. No interest shall accrue or be payable to any Certificateholder on any amount held as a result of such Certificateholder's failure to surrender its Certificate(s) for final payment thereof in accordance with the Pooling and Servicing Agreement. Such funds held by the Certificate Administrator may be invested under certain circumstances, and all income and gain realized from investment of such funds shall accrue for its benefit.

This Certificate is limited in right of payment to, among other things, certain collections and recoveries in respect of the Mortgage Loans, as more specifically set forth herein and in the Pooling and Servicing Agreement.

As provided in the Pooling and Servicing Agreement, the Trust Fund includes (in each case, to the extent of the Trust Fund's interest therein and specifically excluding any interest of any Serviced Companion Loan Noteholder therein): (i) such Mortgage Loans as from time to time are subject to the Pooling and Servicing Agreement, together with the Mortgage

As provided in the Pooling and Servicing Agreement, withdrawals may be made from certain of the above accounts for purposes other than distributions to Certificateholders.

This Certificate does not purport to summarize the Pooling and Servicing Agreement, and reference is made to the Pooling and Servicing Agreement for the interests, rights, benefits, obligations and duties evidenced hereby, and the limitations thereon, and the rights, duties and immunities of the Certificate Administrator.

As provided in the Pooling and Servicing Agreement and subject to certain limitations set forth therein, this Certificate is transferable or exchangeable only upon surrender of this Certificate to the Certificate Registrar at its offices together with an assignment and transfer (executed by the Holder or his duly authorized attorney), subject to the requirements in Article V of the Pooling and Servicing Agreement. Registrar, any Paying Agent or any agent of any of them shall be affected by notice or knowledge to the contrary.

No fee or service charge shall be imposed by the Certificate Registrar for its services in respect of any registration of transfer or exchange referred to in Section 5.02 of the Pooling and Servicing Agreement other than for transfers to Institutional Accredited Investors as provided in Section 5.02(h) of the Pooling and Servicing Agreement. In connection with any transfer to an Institutional Accredited Investor, the transferor shall reimburse the Trust Fund for any costs (including the cost of the Certificate Registrar's counsel's review of the documents and any legal opinions, submitted by the transferor or transferee to the Certificate Registrar as provided in the Pooling and Servicing Agreement) incurred by the Certificate Registrar in connection with such transfer. The Certificate Registrar may require payment by each transferor of a sum sufficient to cover any tax, expense or other governmental charge payable in connection with any such transfer.

matters or questions arising under this Agreement or any other change; provided that the required action shall not adversely affect in any material respect the interests of any Certificateholder (including, with respect to the AB Whole Loan, the Holders of the [LOAN-SPECIFIC CLASS] Certificates) or any holder of a Serviced Pari Passu Companion Loan not consenting thereto as evidenced in writing by an Opinion of Counsel, at the expense of the party requesting such amendment or as evidenced by a Rating Agency Confirmation from each of the Rating Agencies with respect to such amendment or supplement and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (vii) to amend or supplement any provision hereof to the extent necessary to maintain the then-current ratings assigned to each Class of Certificates by each Rating Agency, as evidenced by a Rating Agency Confirmation from each of the Rating Agencies and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); provided that such amendment or supplement shall not adversely affect in any material respect the interests of any Certificateholder not consenting thereto as evidenced by an Opinion of Counsel; (viii) to modify the provisions of Section 3.06 and Section 3.17 of the Pooling and Servicing Agreement (with respect to reimbursement of Nonrecoverable Advances and Workout-Delayed Reimbursement Amounts) if (a) the Depositor, the Master Servicer, the Trustee and, for so long as a Control Event has not occurred and is not continuing, the Directing Certificateholder, determine that the commercial mortgage backed securities industry standard for such provisions has changed, in order to conform to such industry standard, (b) such modification does not adversely affect the status of any Trust REMIC as a REMIC or the status of the Grantor Trust as a grantor trust under the relevant provisions of the Code, as evidenced by an Opinion of Counsel and (c) each Rating Agency has delivered a Rating Agency Confirmation and, with regard to any class of Serviced Companion Loan Securities, the applicable rating agencies have delivered a confirmation that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates); (ix) to modify the procedures of this Agreement relating to compliance with Rule 17g-5 of the Exchange Act; provided that such amendment shall not adversely affect in any material respects the interests of any Certificateholders, as evidenced by (x) an Opinion of Counsel or (y) if any Certificate is then rated, receipt of Rating Agency Confirmation from each Rating Agency rating such Certificates; and provided, further, that the Certificate Administrator shall give notice of any such amendment to the 17g-5 Information Provider for posting to the 17g-5 Information Provider's Website and the Certificate Administrator shall post such notice to the Certificate Administrator's Website; and (x) in the event of a TIA Applicability Determination, to modify, eliminate or add to the provisions of this Agreement to such extent as shall be necessary to (A) effect the qualification of this Agreement under the TIA or under any similar federal statute hereafter enacted and to add to this Agreement such other provisions as may be expressly required by the TIA, and (B) modify such other provisions as are necessary to conform this Agreement and be consistent with the modifications made pursuant to the preceding

clause (A); provided that any amendment pursuant to this clause (x) shall be at the sole cost and expense of the Depositor. Such amendment (a) shall not materially increase the obligations of the Depositor, the Trustee, the Paying Agent, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer, the 17g-5 Information Provider, the Master Servicer or the Special Servicer without such party's consent; and (b) shall not adversely affect in any material respect the interests of any Certificateholder or Serviced Companion Loan Noteholder not consenting thereto, as evidenced in the case of clauses (iii) through (x) above by (x) an Opinion of Counsel or (y) solely in the case of a Certificateholder of a rated Class, receipt of a Rating Agency Confirmation from each applicable Rating Agency. In no event shall any such amendment cause the Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC to fail to qualify as a REMIC or the Grantor Trust to fail to qualify as a grantor trust.

The Pooling and Servicing Agreement or any Custodial Agreement may also be amended from time to time by the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee with the prior written consent of the Holders of Certificates representing not less than 66-2/3% of the Percentage Interests of each Class of Certificates affected thereby (without regard to Certificates held by the Depositor, any of the Depositor's Affiliates and/or agents) and each Serviced Companion Loan Noteholder affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Pooling and Servicing Agreement or modifying in any manner the rights of the Certificateholders or the Serviced Companion Loan Noteholders; provided, that no such amendment may:

- (i) reduce in any manner the amount of, or delay the timing of, payments received on the Mortgage Loans or Serviced Whole Loans which are required to be distributed on any Certificate, without the consent of the Holders of Certificates representing all of the Percentage Interests of the Class or Classes affected thereby or which are required to be distributed to any Serviced Companion Loan Noteholders;
- (ii) reduce the aforesaid percentage of Certificates of any Class the Holders of which are required to consent to any such amendment or remove the requirement to obtain consent of any Companion Holder or Holder of [LOAN-SPECIFIC CLASS] Certificates, in any such case without the consent of the Holders of all Certificates of such Class then-outstanding or such Companion Holders, as applicable;
- (iii) adversely affect the Voting Rights of any Class of Certificates without the consent of the Holders of all Certificates of such Class then outstanding;
- (iv) change in any manner any defined term used in any Mortgage Loan Purchase Agreement or the obligations of any Mortgage Loan Seller under such Mortgage Loan Purchase Agreement or otherwise or change any rights of any Mortgage Loan Seller as a third party beneficiary hereunder, without the consent of such Mortgage Loan Seller; or

- (v) amend the Servicing Standard without the consent of 100% of the Certificateholders or receipt of Rating Agency Confirmation from each Rating Agency and confirmation of the applicable rating agencies that such action will not result in the downgrade, withdrawal or qualification of its then-current ratings of any securities related to a Companion Loan, if any (provided that such rating agency confirmation may be considered satisfied in the same manner as any Rating Agency Confirmation may be considered satisfied with respect to the Certificates) and, if required under the related Intercreditor Agreement, the consent of the holder of any AB Subordinate Companion Loan for each Serviced AB Whole Loan.

Further, the Depositor, the Master Servicer, the Special Servicer, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee, at any time and from time to time, without the consent of the Certificateholders or, if applicable, the Serviced Companion Loan Noteholders, may amend the Pooling and Servicing Agreement to modify, eliminate or add to any of its provisions (i) to such extent as shall be necessary to maintain the qualification of Loan Specific REMIC, the Lower-Tier REMIC or the Upper-Tier REMIC as a REMIC or the qualification of the Grantor Trust as a grantor trust, or to prevent the imposition of any additional material state or local taxes, at all times that any Certificates are outstanding; provided, that such action, as evidenced by an Opinion of Counsel (obtained at the expense of the Trust Fund), is necessary or helpful to maintain such qualification or to prevent the imposition of any such taxes, and would not adversely affect in any material respect the interest of any Certificateholder or if applicable, any Serviced Companion Loan Noteholder or (ii) to the extent necessary to comply with the Investment Company Act of 1940, as amended, the Exchange Act, Regulation AB, and/or any related regulatory actions and/or interpretations.

The Certificateholder owning a majority of the Percentage Interests in the Controlling Class and, if no such Certificateholder exercises such option, the Special Servicer, and if the Special Servicer does not exercise such option, the Master Servicer may effect an early termination of the Trust Fund, upon not less than 30 days' prior Notice of Termination given to the Trustee, the Special Servicer and the Master Servicer any time specifying the Anticipated Termination Date, which shall be on or after the Early Termination Notice Date (defined as any date as of which the aggregate Stated Principal Balance of the Mortgage Loans is less than 1.0% of the aggregate Stated Principal Balance of the Mortgage Loans as of the Cut-off Date) by purchasing on such date all, but not less than all, of the Mortgage Loans (including the Trust Subordinate Companion Loan) then included in the Trust Fund, and the Trust's interest in all property acquired in respect of any Mortgage Loan, at a purchase price, payable in cash, equal to the sum of, without duplication:

- (A) 100% of the Stated Principal Balance of each Mortgage Loan included in the Trust as of the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of principal);
- (B) the fair market value of all other property included in the Trust Fund as of the last day of the month preceding such Anticipated Termination Date, as determined by an Independent appraiser

acceptable to the Master Servicer as of a date not more than 30 days prior to the last day of the month preceding such Distribution Date;

- (C) all unpaid interest accrued on the unpaid balance of each Mortgage Loan (including any Mortgage Loan as to which title to the related Mortgaged Property has been acquired) at the Mortgage Rate to the last day of the month preceding such Anticipated Termination Date (less any P&I Advances previously made on account of interest); and
- (D) the aggregate amount of unreimbursed Advances, with interest thereon at the Advance Rate, and unpaid Servicing Compensation, Special Servicing Compensation, Operating Advisor Fees, Certificate Administrator/Trustee Fees, the CREFC[®] Intellectual Property Royalty License Fees and Trust Fund expenses.

In addition, the Pooling and Servicing Agreement provides that following the date on which the Class [_____] Notional Amount, the Class [_____] Notional Amount and the aggregate Certificate Balance of the Class [_____] Certificates is reduced to zero, the Sole Certificateholder shall have the right to exchange all of the then-outstanding Certificates (other than (i) the Class [_____] Certificates if the Sole Certificateholder has only taken an assignment of the Voting Rights of the Class [_____] Certificates pursuant to the definition of “Sole Certificateholder” and (ii) the [ARD CLASS] and Class [R] Certificates) for all of the Mortgage Loans and each REO Property remaining in the Trust Fund as contemplated by clause (ii) of Section 9.01(a) of the Pooling and Servicing Agreement by giving written notice to all the parties to the Pooling and Servicing Agreement no later than 60 days prior to the anticipated date of exchange.

All costs and expenses incurred by any and all parties to the Pooling and Servicing Agreement or by the Trust Fund in connection with the purchase of the Mortgage Loans and the other assets of the Trust Fund pursuant to Section 9.01(c) of the Pooling and Servicing Agreement shall be borne by the party exercising its purchase rights thereunder. The Trustee and the Certificate Administrator shall be entitled to rely conclusively on any determination made by an Independent appraiser pursuant to Section 9.01(c) of the Pooling and Servicing Agreement.

The respective obligations and responsibilities of the Master Servicer, the Special Servicer, the Depositor, the Certificate Administrator, the Operating Advisor, the Asset Representations Reviewer and the Trustee created by the Pooling and Servicing Agreement with respect to the Certificates (other than the obligations of the Certificate Administrator to make certain payments and to send certain notices to Certificateholders as set forth in the Pooling and Servicing Agreement) shall terminate upon payment (or provision for payment) to the Certificateholders and the Serviced Companion Loan Noteholders of all amounts held by or on behalf of the Trustee, the Certificate Administrator and the Master Servicer, as the case may be, required under the Pooling and Servicing Agreement to be so paid on the Distribution Date following the earlier to occur of (i) the purchase of the Mortgage Loans and all other property

held by the Trust Fund in accordance with Section 9.01(c) of the Pooling and Servicing Agreement; (ii) the exchange by the Sole Certificateholder of its Certificates for the Mortgage Loans in accordance with Section 9.01(g) of the Pooling and Servicing Agreement; and (iii) the later of (a) the receipt or collection of the last payment due on any Mortgage Loan or Trust Subordinate Companion Loan included in the Trust Fund, or (b) the liquidation and disposition pursuant to the Pooling and Servicing Agreement of the last asset held by the Trust Fund; provided that in no event shall the trust created by the Pooling and Servicing Agreement continue beyond the expiration of 21 years from the death of the last survivor of the descendants of Joseph P. Kennedy, the late Ambassador of the United States to the United Kingdom, living on the date hereof.

Unless the Certificate of Authentication on this Certificate has been executed by the Authenticating Agent, by manual signature, this Certificate shall not be entitled to any benefit under the Pooling and Servicing Agreement or be valid for any purpose.

Ladies and Gentlemen:

This letter is delivered pursuant to Section 5.02 of the Pooling and Servicing Agreement dated as of [____], 20[___] (the "Pooling and Servicing Agreement"), entered into among Deutsche Mortgage & Asset Receiving Corporation, as depositor, [MASTER SERVICER], as master servicer, [SPECIAL SERVICER], as special servicer, [OPERATING ADVISOR], as operating advisor, [TRUSTEE], [ASSET REPRESENTATIONS REVIEWER], as asset representations reviewer, as trustee, and [CERTIFICATE ADMINISTRATOR], as certificate administrator, paying agent and custodian, on behalf of the holders of [NAME OF ISSUING ENTITY] Commercial Mortgage Pass-Through Certificates (the "Certificates") with respect to the transfer by [_____] (the "Seller") to the undersigned (the "Purchaser") of [\$_____ aggregate Certificate Balance][_____% Percentage Interest] of Class [_____] Certificates, in certificated fully registered form (such registered interest, the "Certificate"). Terms used but not defined herein shall have the meanings ascribed thereto in the Pooling and Servicing Agreement.

In connection with such transfer, the undersigned hereby represents and warrants to you as follows:

[For Institutional Accredited Investors only] 1. The Purchaser is an institutional "accredited investor" within the meaning of Rule 501 (a)(1), (2), (3) or (7) of Regulation D promulgated under the Securities Act of 1933, as amended (the "Securities Act"), or an entity in which all of the equity owners are such accredited investors (an "Institutional Accredited Investor"), and has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of the investment in the Certificate, and the Purchaser and any accounts for which the Purchaser is acting are each able to bear the economic risk of the investment. The Purchaser is acquiring the Certificate for its own account or for one or more accounts (each of which is an Institutional Accredited Investor) as to each of which the Purchaser exercises sole investment discretion. The Purchaser hereby undertakes to reimburse the Trust for any costs incurred by it in connection with this transfer.

[For Qualified Institutional Buyers only] 1. The Purchaser is a "qualified institutional buyer" within the meaning of Rule 144A ("Rule 144A") promulgated under the Securities Act of 1933, as amended (the "Securities Act"). The Purchaser is aware that the transfer is being

made in reliance on Rule 144A, and the Purchaser has had the opportunity to obtain the information required to be provided pursuant to paragraph (d)(4)(i) of Rule 144A.

2. The Purchaser's intention is to acquire the Certificate (a) for investment for the Purchaser's own account or (b) for reoffer, resale, pledge or other transfer to (i) "qualified institutional buyers" within the meaning of, and in transactions complying with, Rule 144A promulgated under the Securities Act, (ii) entities qualifying as "accredited investors" within the meaning of Rule 501(a)(1), (2), (3) or (7) of Regulation D promulgated under the Securities Act, or any entity in which all of the equity owners are such accredited investors, or (iii) pursuant to any other exemption from the registration requirements of the Securities Act, subject in the case of this clause (iii) to (a) the receipt by the Certificate Registrar of a letter substantially in the form hereof, (b) the receipt by the Certificate Registrar of an opinion of counsel acceptable to the Certificate Registrar that such reoffer, resale, pledge or transfer is in compliance with the Securities Act, (c) the receipt by the Certificate Registrar of such other evidence acceptable to the Certificate Registrar that such reoffer, resale, pledge or transfer is in compliance with the Securities Act and other applicable laws (including applicable state and foreign securities laws), and (d) a written undertaking to reimburse the Trust for any costs incurred by it in connection with the proposed transfer. It understands that the Certificate (and any subsequent Individual Certificate) has not been registered under the Securities Act, by reason of a specified exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the Purchaser's investment intent (or intent to resell to only certain investors in certain exempted transactions) as expressed herein.
3. The Purchaser acknowledges that the Certificate (and any Certificate issued on transfer or exchange thereof) has not been registered or qualified under the Securities Act or the securities laws of any State or any other jurisdiction, and that the Certificate cannot be reoffered, resold, pledged or otherwise transferred unless it is registered or qualified thereunder or unless an exemption from such registration or qualification is available.
4. The Purchaser has reviewed the applicable Private Placement Memorandum dated [____], 20[___], relating to the Certificates (the "Private Placement Memorandum") and the agreements and other materials referred to therein and has had the opportunity to ask questions and receive answers concerning the terms and conditions of the transactions contemplated by the Private Placement Memorandum.
5. The Purchaser hereby undertakes to be bound by the terms and conditions of the Pooling and Servicing Agreement in its capacity as an owner of an Individual Certificate or Certificates, as the case may be (each, a "Certificateholder"), in all respects as if it were a signatory thereto. This undertaking is made for the benefit of the Trust, the Trustee, the Certificate Administrator, the Certificate Registrar and all Certificateholders present and future.

All capitalized terms used but not otherwise defined herein shall have the respective meanings set forth in the Pooling and Servicing Agreement. The Transferee hereby certifies, represents and warrants to you, as the Depositor and the Master Servicer, that:

1. The Transferee is acquiring the right to receive Excess Servicing Fees with respect to the Mortgage Loans as to which _____ is the applicable Master Servicer (the "Excess Servicing Fee Right") for its own account for investment and not with a view to or for sale or transfer in connection with any distribution thereof, in whole or in part, in any manner which would violate the Securities Act of 1933, as amended (the "Securities Act"), or any applicable state securities laws.

2. The Transferee understands that (a) the Excess Servicing Fee Right has not been and will not be registered under the Securities Act or registered or qualified under any applicable state securities laws, (b) none of the Depositor, the Trustee, Certificate Administrator or the Certificate Registrar is obligated so to register or qualify the Excess Servicing Fee Right, and (c) the Excess Servicing Fee Right may not be resold or transferred unless it is (i) registered pursuant to the Securities Act and registered or qualified pursuant to any applicable state securities laws or (ii) sold or transferred in transactions which are exempt from such registration and qualification and (A) the Depositor has received a certificate from the prospective transferor substantially in the form attached as Exhibit W-1 to the Pooling and Servicing Agreement, and (B) each of the Master Servicer and the Depositor have received a certificate from the prospective transferee substantially in the form attached as Exhibit W-2 to the Pooling and Servicing Agreement.

The Transferee will not act, nor has it authorized or will it authorize any person to act, in any manner set forth in the foregoing sentence with respect to the Excess Servicing Fee Right, any interest in the Excess Servicing Fee Right or any other similar security.

Section 4. Lost Certificates. In the event that any certificate of stock is lost, stolen, destroyed or mutilated, the Board of Directors may authorize the issuance of a new certificate of the same tenor and for the same number of shares in lieu thereof. The Board may in its discretion, before the issuance of such new certificate, require the owner of the lost, stolen, destroyed or mutilated certificate or the legal representative of the owner to make an affidavit or affirmation setting forth such facts as to the loss, destruction or mutilation as it deems necessary and to give the Corporation a bond in such reasonable sum as it directs to indemnify the Corporation.

1. Representations, Warranties and Covenants. The Company represents and warrants to, and agrees with, the Underwriters that:

(a) The Company has filed with the Securities and Exchange Commission (the “Commission”) a registration statement (No. 333-[____]) on Form SF-3 for registration under the Securities Act of 1933, as amended (the “Securities Act”), of mortgage pass-through certificates, including the Offered Certificates. The Company also has prepared and filed with the Commission a preliminary prospectus dated [____] (the “[Initial] Preliminary Prospectus”)[, as supplemented by a supplement thereto dated [____] (the “Supplement”, and together with the Initial Preliminary Prospectus, the “Preliminary Prospectus”), each] specifically relating to the Offered Certificates, in accordance with Rule 424(h) and Rule 430(D) under the Securities Act. [INCLUDE BRACKETED LANGUAGE IN PRECEDING SENTENCE ONLY IF A SUPPLEMENT TO PRELIMINARY WAS FILED PRIOR TO THE DATE OF THE UNDERWRITING AGREEMENT] The Company also has filed with, or proposes to file with, the Commission pursuant to Rule 424(b) under the Securities Act a prospectus specifically relating to the Offered Certificates (the “Prospectus”). The registration statement was effective as of the Time of Sale, is effective as of the date hereof and will be effective as of any Subsequent Time of Sale and as of the Closing Date, and copies of which, as amended to the date hereof, have heretofore been delivered to you. Such registration statement meets the requirements set forth in Rule 415(a)(1) under the Securities Act and complies in all other material respects with such rule. Such registration statement, as amended or supplemented at the date of the Prospectus referred to below, including the exhibits thereto and any information incorporated therein by reference, is hereinafter called the “Registration Statement”. The Company shall not, without your prior consent, file any other amendment to the Registration Statement or make any change in the Preliminary Prospectus or the Prospectus until after the period during which a prospectus is required to be delivered to purchasers of the Offered Certificates under the Securities Act (the “Prospectus Delivery Period”).

The Preliminary Prospectus, the FWPs and any ABS Informational and Computational Material (as defined in Section 9 below) delivered to the investors prior to the Time of Sale are collectively referred to as the “Time of Sale Information.” If, subsequent to the date of this Agreement, the Company or the Underwriters determine that, as to the investors in one or more Classes of the Offered Certificates, the Time of Sale Information as of the Time of Sale included an untrue statement of material fact or omitted to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading and the Underwriters terminate their old purchase contracts and enter into

new purchase contracts with investors in such Classes of the Offered Certificates, then “Time of Sale Information” shall also include such additional information conveyed to investors at the time of entry into the new purchase contract (each, a “Subsequent Time of Sale”), including any information that corrects such material misstatements or omissions (“Corrective Information”), and “Time of Sale” will refer to the time and date on which such new purchase contracts were entered into. The FWP’s are the only Issuer Free Writing Prospectuses (as defined below) prepared by or on behalf of the Company as of the date hereof.

(v) as of the date of the Prospectus and as of the Closing Date, the Prospectus will not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading; and

(vi) the initial Time of Sale Information did not (when evaluated as of the Time of Sale only), and the Time of Sale Information existing at any Subsequent Time of Sale, if any, will not, as of such Subsequent Time of Sale, contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading;

(d) The Company is a corporation, duly organized, validly existing and in good standing under the laws of the State of Delaware with full power and authority (corporate and other) to own its properties and conduct its business, as described in the Prospectus, and to enter into and perform its obligations under this Agreement, the Pooling and Servicing Agreement and the Mortgage Loan Purchase Agreements, and is conducting its business so as to comply in all material respects with all applicable statutes, ordinances, rules and regulations of the jurisdictions in which it is conducting business.

(f) On or prior to the Closing Date (as defined in Section 3 hereof) the Company will have entered into the Pooling and Servicing Agreement and the Mortgage Loan Purchase Agreements; this Agreement has been duly authorized, executed and delivered by the Company, and the Pooling and Servicing Agreement and the Mortgage Loan Purchase Agreements, as of the Closing Date, will have been duly authorized, executed and delivered by the Company, and this Agreement and the Mortgage Loan Purchase Agreements constitute, and the Pooling and Servicing Agreement will constitute, valid and binding agreements of the Company, enforceable against the Company in accordance with their terms, except as such enforceability may be limited by (i) bankruptcy, insolvency, liquidation, moratorium, receivership, reorganization or similar laws affecting the rights of creditors generally, (ii) general principles of equity, whether enforcement is sought in a proceeding in equity or at law, and (iii) public policy considerations underlying the securities laws, to the extent that such public policy considerations limit the enforceability of any provisions of this Agreement that purport to provide indemnification from securities law liabilities.

(g) The Certificates, the Pooling and Servicing Agreement, the Mortgage Loan Purchase Agreements and the other transaction documents conform in all material respects to the respective descriptions thereof contained in each of (A) the Prospectus, (B) the Preliminary Prospectus and (C) any Issuer Information (as may have been revised and corrected if such revised or corrected information was delivered a reasonable time prior to the Time of Sale) delivered to any Underwriter for inclusion in an Underwriter Free Writing Prospectus. The

Offered Certificates have been duly and validly authorized by the Company, and will, when duly and validly executed and authenticated by the Certificate Administrator and delivered to and paid for by the Underwriters in accordance with this Agreement and the Pooling and Servicing Agreement, be validly outstanding and entitled to the benefits of the Pooling and Servicing Agreement.

(h) The Company (including its agents and representatives other than the Underwriters in their capacity as such) has not made, used, prepared, authorized, approved or referred to and will not prepare, make, use, authorize, approve or refer to any “written communication” (as defined in Rule 405 under the Securities Act) that constitutes an offer to sell or a solicitation of an offer to buy the Offered Certificates other than (i) the Prospectus and the Preliminary Prospectus, (ii) any supplement to the Preliminary Prospectus that may be required to be filed with the Commission under Rule 424(h)(2) under the Securities Act, (iii) the Free Writing Prospectus identified as the Structural and Collateral Term Sheet, (iv) any Issuer Information delivered to any Underwriter for inclusion in an Underwriter Free Writing Prospectus, (v) any document not constituting a prospectus pursuant to Section 2(a)(10)(a) of the Securities Act or Rule 134 under the Securities Act, and (v) each other written communication approved in writing in advance by the Underwriters.

(i) As of the Closing Date, the representations and warranties of the Company set forth in Section 2.03 of the Pooling and Servicing Agreement will be true and correct.

(j) Neither the issuance and sale of the Certificates, nor the consummation of any other of the transactions contemplated herein, nor the fulfillment of any of the terms of the Pooling and Servicing Agreement, any Mortgage Loan Purchase Agreement or this Agreement, will result in the breach of any term or provision of the certificate of incorporation or by-laws of the Company or conflict with, result in a material breach, violation or acceleration of or constitute a default under, the terms of any indenture or other agreement or instrument to which the Company or any of its subsidiaries is a party or by which it is bound, or any statute, order, decree, rule or regulation applicable to the Company or any of its subsidiaries of any court, regulatory body, administrative agency or governmental body having jurisdiction over the Company or any of its subsidiaries. Neither the Company nor any of its subsidiaries is a party to, bound by or in breach or violation of any indenture or other agreement or instrument, or subject to or in violation of any statute, order, decree, rule or regulation of any court, regulatory body, administrative agency or governmental body having jurisdiction over it, which materially and adversely affects the ability of the Company to enter into or perform its obligations under this Agreement, any Mortgage Loan Purchase Agreement or the Pooling and Servicing Agreement.

(k) There are no actions or proceedings against, or investigations of, the Company pending, or, to the knowledge of the Company, threatened, before any court, administrative agency or other tribunal (i) asserting the invalidity of this Agreement, the Pooling and Servicing Agreement, any Mortgage Loan Purchase Agreement or the Certificates, (ii) seeking to prevent the issuance of the Offered Certificates or the consummation of any of the transactions contemplated by this Agreement, any Mortgage Loan Purchase Agreement or the Pooling and Servicing Agreement, (iii) which might materially and adversely affect the performance by the Company of its obligations under, or the validity or enforceability of, this Agreement, any Mortgage Loan Purchase Agreement, the Pooling and Servicing Agreement or the Certificates or

(iv) seeking to affect adversely the federal income tax attributes of the Offered Certificates described in the Prospectus.

(l) There has not been and, as of the Closing Date, will not be any material adverse change in the business, operations, financial condition, properties or assets of the Company since the date of its latest audited financial statements which would have a material adverse effect on the ability of the Company to perform its obligations under this Agreement, any Mortgage Loan Purchase Agreement or the Pooling and Servicing Agreement.

(m) There are no contracts, indentures or other documents of a character required by the Securities Act or by the rules and regulations thereunder to be described or referred to in the Registration Statement or the Prospectus or to be filed as exhibits to the Registration Statement that have not been so described or referred to therein or so filed or incorporated by reference as exhibits thereto.

(n) Any taxes, fees and other governmental charges in connection with the execution, delivery and performance of this Agreement, the Mortgage Loan Purchase Agreements and the Pooling and Servicing Agreement (other than income taxes, franchise taxes and recording and filing fees) and the execution, delivery and sale of the Offered Certificates have been or will be paid on or prior to the Closing Date.

(o) Immediately prior to the assignment of the Mortgage Loans to the Trustee, to the extent such title and ownership was transferred to the Company by the applicable Mortgage Loan Seller pursuant to the applicable Mortgage Loan Purchase Agreement, the Company will have good title to, and will be the sole owner of, each Mortgage Loan free and clear of any pledge, mortgage, lien, security interest, adverse claim or other encumbrance of any other person, except for any retained servicing.

The Trust Fund will be relying on an exclusion or exemption from the definition of “investment company” under the Investment Company Act contained in Section 3(c)(5) of the Investment Company Act or Rule 3a-7 under the Investment Company Act, although there may be additional exclusions or exemptions available to the Trust Fund.

(r) Upon delivery to the Underwriters of the Offered Certificates pursuant to this Agreement, each Underwriter will have good title to the Offered Certificates purchased by such Underwriter, in each case free and clear of liens granted by or imposed upon the Company.

(s) The consideration received by the Company upon the sale of the Offered Certificates to the Underwriters will constitute at least reasonably equivalent value and fair consideration for the Offered Certificates.

(u) The transfer of the Mortgage Loans to the Trust and the sale of the Offered Certificates to each of the Underwriters, at the Closing Date, will be treated by the Company for financial accounting and reporting purposes as a sale of assets and not as a pledge of assets to secure debt.

(v) The Company possesses all material licenses, certificates, authorizations and/or permits issued by the appropriate state, federal or foreign regulatory agencies or bodies necessary to conduct the business now operated by it, and the Company has not received any notice of proceedings relating to the revocation or modification of any such license, certificate, authorization or permit which, singly or in the aggregate, if the subject of an unfavorable decision, ruling or finding, would materially and adversely affect the condition, financial or otherwise, or the earnings, business affairs or business prospects of the Company.

(d) Each Underwriter hereby represents and agrees, severally and not jointly, that it (A) has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Offered Certificates (except for Offered Certificates which are a “structured product” as defined in the Securities and Futures Ordinance (Cap. 571) (the “SFO”) of Hong Kong) other than (a) to “professional investors” as defined in the SFO and any rules made under the SFO; or (b) in other circumstances which do not result in the document being a “prospectus” as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) (the “C(WUMP)O”) of Hong Kong or which do not constitute an offer to the public within the meaning of the C(WUMP)O; and (B) has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Offered Private Certificates, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Offered Certificates which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” as defined in the SFO and any rules made under the SFO.

(e) Each Underwriter will not offer or sell any Offered Certificates, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which terms as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for reoffering or resale, directly or indirectly, in Japan to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise, in compliance with, the “Financial Instruments and Exchange Law” of Japan and any other applicable laws, regulations and ministerial guidelines in Japan.

(f) Each Underwriter hereby represents and agrees, severally and not jointly, that it has complied with all applicable laws and regulations in connection with its performance of this Agreement and the offer, sale or delivery of the Offered Certificates or distribution of the Prospectus in each jurisdiction where such offers, sales, deliveries or distributions occur, including, but not limited to, compliance with securities laws in such jurisdiction and pension investment laws, to the extent that such laws and regulations are applicable to such Underwriter in connection with its performance under this Agreement and the offer, sale or delivery of the Offered Certificates or the distribution of the Prospectus.

(g) None of the Underwriters, other than DBSI (in its capacity as “arranger” who has made representations to the engaged rating agencies with respect to compliance with Rule 17g-5 under the Exchange Act), shall have any communications, written or oral, with any rating agency (whether or not engaged to rate the Offered Certificates) regarding the Offered Certificates or the transactions contemplated hereby, without the prior written consent or involvement of DBSI.

(h) Each Underwriter (severally, but not jointly) represents and covenants that it has not, and will not, enter into any contract for the sale of any Offered Certificates (i) less than three business days after the filing of the [Initial] Preliminary Prospectus, [(ii) less than 48 hours after the date of the filing of any supplement to the Preliminary Prospectus [, including the Supplement,] with the Commission in accordance with Rule 424(h)(2) under the Securities Act], and (iii) less than five business days after the furnishing by the Company to the Commission, pursuant to Section 6(q) of this Agreement, of the Form ABS-15G for the Accountant's Report

(as defined herein). [INCLUDE BRACKETED LANGUAGE IN PRECEDING SENTENCE ONLY IF A SUPPLEMENT TO PRELIMINARY PROSPECTUS WAS FILED PRIOR TO THE DATE OF THE UNDERWRITING AGREEMENT]

(i) Each Underwriter represents that, except for the Accountant's Due Diligence Report, it has not obtained any Due Diligence Report in connection with the offering of the Offered Certificates.

5. Agreements. The Company agrees with the Underwriters that:

(a) The Company will promptly advise the Underwriters (i) when any amendment to the Registration Statement has become effective during the Prospectus Delivery Period, (ii) of any request by the Commission for any amendment to the Registration Statement, the Preliminary Prospectus or the Prospectus or for any additional information, (iii) of the issuance by the Commission of any stop order suspending the effectiveness of the Registration Statement affecting the Offered Certificates or the institution or threatening of any proceeding for that purpose and (iv) of the receipt by the Company of any notification with respect to the suspension of the qualification of the Offered Certificates for sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose. The Company will not file any amendment to the Registration Statement or supplement to the Preliminary Prospectus or the Prospectus unless the Company has furnished to each Underwriter a copy for its review prior to filing and will not file any such proposed amendment or supplement to which any Underwriter reasonably objects until after the end of the Prospectus Delivery Period. Subject to the foregoing sentence, the Company will cause the Preliminary Prospectus and the Prospectus to be filed with the Commission in accordance with Rule 424 of the Securities Act. The Company will use its best efforts to prevent the issuance of any such stop order and, if issued, to obtain as soon as possible the withdrawal thereof.

(b) If, at any time during the Prospectus Delivery Period any event occurs as a result of which the Preliminary Prospectus or the Prospectus as then amended or supplemented would include any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein in the light of the circumstances under which they were made not misleading, or if it shall be necessary to amend or supplement the Registration Statement, the Preliminary Prospectus or the Prospectus to comply with the Securities Act or the rules under the Securities Act, the Company promptly will prepare and file with the Commission, subject to paragraph (a) of this Section 5, an amendment or supplement that will correct such statement or omission or an amendment that will effect such compliance and, if such amendment or supplement is required to be contained in a post-effective amendment to the Registration Statement, will use its best efforts to cause such amendment of the Registration Statement to be made effective as soon as possible.

(c) The Company will furnish to the Underwriters and counsel for the Underwriters, without charge, signed copies of the Registration Statement (including exhibits thereto) and each amendment and supplement thereto that shall become effective on or prior to the Closing Date and, during the Prospectus Delivery Period, as many copies of the Preliminary Prospectus and the Prospectus and any amendments and supplements thereto as the Underwriters may reasonably request. Prior to the end of the Prospectus Delivery Period, the Company will furnish

to the Underwriters and each counsel for the Underwriters, without charge as many copies of the Prospectus, the Preliminary Prospectus and each Issuer Free Writing Prospectus as the Underwriters may reasonably request.

(d) The Company will furnish such information, execute such instruments and take such action, if any, as may be required to qualify the Offered Certificates for sale under the laws of such jurisdictions as the Underwriters may designate and will maintain such qualification in effect so long as required for the distribution of the Certificates; provided, that the Company shall not be required to qualify to do business in any jurisdiction where it is not now so qualified or to take any action that would subject it to general or unlimited service of process in any jurisdiction where it is not now so subject.

(e) Whether or not the transactions contemplated by this Agreement are consummated, the Company shall pay all costs and expenses in connection with the transactions herein contemplated, including, but not limited to, the fees and disbursements of its counsel and the reasonable fees and disbursements of each counsel to the Underwriters; the costs and expenses of printing (or otherwise reproducing) and delivering the Pooling and Servicing Agreement and the Mortgage Loan Purchase Agreements; the fees, costs and expenses of the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Trustee and the Certificate Administrator (to the extent not otherwise payable under the Pooling and Servicing Agreement, and except to the extent that another party is obligated to pay such amounts thereunder); the fees and disbursements of accountants for the Company; the costs and expenses in connection with the qualification, or exemption from qualification, of the Offered Certificates under state securities or “blue sky” laws (including filing fees and reasonable fees and disbursements of counsel in connection therewith), the preparation of any blue sky survey, any determination of the eligibility of the Offered Certificates for investment by institutional investors and the preparation of any legal investment survey; all fees and expenses incurred in connection with the registration and delivery of the Offered Certificates under the Securities Act and all other fees or expenses in connection with the preparation and filing of the Registration Statement, any Free Writing Prospectus, any other Time of Sale Information, the Prospectus and amendments and supplements to any of the foregoing, including all printing costs associated therewith, and the mailing and delivery of copies thereof to the Underwriters and dealers, in the quantities specified in Section 5(c) above; all costs and expenses related to the transfer and delivery of the Offered Certificates to the Underwriters, including any transfer or other taxes payable thereon; the cost of printing the Offered Certificates; the upfront costs and charges of any trustee, transfer agent, registrar or depository; the fees and expenses of the rating agencies incurred in connection with the issuance and sale of the Offered Certificates; the out-of-pocket expenses of each Underwriter incurred in connection with the purchase and sale of the Offered Certificates; and all other costs and expenses incident to the performance of the obligations of the Company hereunder for which provision is not otherwise made in this Section 5(e).

(f) The Company acknowledges and agrees that each Underwriter in providing investment banking services to the Company in connection with the offering, including in acting pursuant to the terms of this Agreement, has acted and is acting as an independent contractor and not as a fiduciary and the Company does not intend such Underwriter to act in any capacity other than independent contractor, including as a fiduciary or in any other position of higher trust.

(g) The Company will, pursuant to reasonable procedures developed in good faith, retain copies of each Issuer Free Writing Prospectus or any materials used in a Road Show (as defined in Rule 433 of the Securities Act) that are required to be retained by the Company pursuant to the Securities Act, to the extent not filed with the Commission in accordance with Rule 433 under the Securities Act.

(h) The Company has not obtained any third party due diligence report contemplated by Rule 15Ga-2 under the Exchange Act (“Due Diligence Report”) other than the report (the “Accountant’s Due Diligence Report”), in form and substance reasonably satisfactory to the Representative, obtained from the accounting firm engaged for the offering contemplated hereby (the “Accountants”), a copy of which has been furnished to the Representative, at the request of the Company, and addressed to the Underwriters. The Company has furnished (or caused to be furnished) a Form ABS-15G (the “Form ABS 15G for the Accountant’s Report”) to the Commission via EDGAR in compliance with Rule 15Ga-2 under the Exchange Act with respect to the findings and conclusions contained in the Accountant’s Due Diligence Report.

6. Conditions to the Obligations of the Underwriters. The respective rights and obligations of the Underwriters as provided in this Agreement shall be subject to the accuracy of the representations and warranties on the part of the Company contained herein as of the date hereof and the Closing Date, to the accuracy of the statements of the Company made in any certificates pursuant to the provisions hereof, to the performance by the Company of its obligations hereunder and to the following additional conditions with respect to the Offered Certificates:

Sale Information, when read in conjunction with other Time of Sale Information), in the light of the circumstances under which they were made, not misleading.

(c) The Company shall have furnished or caused to be furnished to the Underwriters a good standing certificate regarding the Company from the Secretary of State of the State of Delaware, dated not earlier than 30 days prior to the Closing Date.

(d) The Company shall have furnished or caused to be furnished to the Underwriters an officer's certificate, dated the Closing Date and signed by the secretary or an assistant secretary of the Company, to the effect that each individual who, as an officer or representative of the Company, signed this Agreement, the Mortgage Loan Purchase Agreements, the Pooling and Servicing Agreement or any other document or certificate delivered on or before the Closing Date in connection with the transactions contemplated herein or in the Mortgage Loan Purchase Agreements or in the Pooling and Servicing Agreement, was at the respective times of such signing and delivery, and is as of the Closing Date, duly elected or appointed, qualified and acting as such officer or representative, and the signatures of such persons appearing on such documents and certificates are their genuine signatures. (e) The Underwriters shall have received from Cadwalader, Wickersham & Taft LLP, special counsel to the Company, its written opinion, dated the Closing Date, that is satisfactory in form and substance to counsel for the Underwriters. Such opinion (i) may express counsel's reliance as to factual matters on certificates of government and agency officials and the representations and warranties made by, and on certificates or other documents furnished by officers of, the parties to this Agreement, the Mortgage Loan Purchase Agreements and the Pooling and Servicing Agreement and (ii) may be qualified as an opinion only on the law of the State of New York, the General Corporation Law of the State of Delaware and the federal law of the United States of America.

(h) The Underwriters shall have received from counsel for each of the Master Servicer, the Special Servicer, the Operating Advisor, the Asset Representations Reviewer, the Trustee and the Certificate Administrator a favorable opinion, dated the Closing Date, with respect to such matters as the Underwriters shall have reasonably requested and in form and substance satisfactory to counsel for the Underwriters, which will include an opinion as to the compliance of the disclosure in the Preliminary Prospectus and the Prospectus with respect to each such party with the requirements of Regulation AB and that such disclosure in the Preliminary Prospectus, as of the Time of Sale, and in the Prospectus, as of its date and as of the Closing Date, does not contain an untrue statement of any material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. Any such opinions shall be addressed to the Underwriters or accompanied by reliance letters to the Underwriters or shall state that the Underwriters may rely upon them.

Any such opinions shall be addressed to the Underwriters or accompanied by reliance letters to the Underwriters or shall state that the Underwriters may rely upon them.

(p) Subsequent to the date hereof, there shall not have occurred any change, or any development involving a prospective change, in or affecting the business or properties of the Company or a Mortgage Loan Seller (including any of the Mortgage Loans) that such Underwriter concludes, in the reasonable judgment of such Underwriter, materially impairs the investment quality of the Certificates so as to make it impractical or inadvisable to proceed with the offering or the delivery of the Offered Certificates as contemplated by the Preliminary Prospectus and the Prospectus.

(q) If any of the conditions specified in this Section 6 shall not have been fulfilled in all material respects when and as provided by this Agreement, or if any of the opinions and certificates mentioned above or elsewhere in this Agreement shall not be in all material respects satisfactory in form and substance to the Underwriters and counsel for the Underwriters, this Agreement and all obligations of the Underwriters hereunder may be canceled on, or at any time prior to, the Closing Date by the Underwriters. Notice of such cancellation shall be given to the Company in writing, by telephone or by either telegraph or telecopier confirmed in writing.

7. Reimbursement of Each Underwriter's Expenses. If the sale of any Offered Certificates provided for herein is not consummated because any condition to the obligations of the Underwriters set forth in Section 6 hereof is not satisfied or because of any refusal, inability or failure on the part of the Company to perform any agreement herein or comply with any provision hereof, other than by reason of a default by any of the Underwriters, or because of a termination of this Agreement pursuant to Section 10 hereof, the Company will reimburse the Underwriters severally upon demand for all out-of-pocket expenses (including reasonable fees and disbursements of counsel) that shall have been incurred by them in connection with the proposed purchase and sale of such Offered Certificates.

8. Indemnification.

(a) The Company shall indemnify and hold harmless each of the Underwriters, their respective officers and directors, and each person, if any, who controls any Underwriter within the meaning of the Securities Act or the Securities Exchange Act of 1934, as amended (the "Exchange Act"), against any and all losses, claims, damages, costs, expenses or liabilities, joint or several, to which any such indemnified party may become subject, under the Securities Act, the Exchange Act or other federal or state statutory law or regulation, at common law or otherwise, insofar as such losses, claims, damages, costs, expenses or liabilities (or actions in respect thereof) arise out of or are based upon:

(i) any untrue statement or alleged untrue statement of a material fact contained in any part of the Registration Statement when such part became effective, or any revision or amendment thereof or supplement thereto, or the omission or alleged

omission to state therein a material fact required to be stated therein or necessary in order to make the statements therein not misleading, or

(ii) any untrue statement or alleged untrue statement of a material fact contained in the Prospectus, the Diskette (as defined below) or any revision or amendment thereof or supplement thereto, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary in order to make the statements therein not misleading, or

(iii) any untrue statement or alleged untrue statement of a material fact contained in (x) the Preliminary Prospectus or any FWP (as amended or supplemented), (y) any other Issuer Free Writing Prospectus (as defined in Section 9(e)(i) hereof) and ABS Informational and Computational Material that is not being treated as a Free Writing Prospectus or (z) any “issuer information” (as defined in Rule 433(h) under the Securities Act) (the “Issuer Information”) or any information concerning the Mortgage Loans provided to the Underwriters by the Company (solely to the extent such information is not Mortgage Loan Seller Information) contained in (1) any Underwriter Free Writing Prospectus (as defined in Section 9(b) hereof) prepared by or on behalf of such Underwriter, or (2) any Free Writing Prospectus that is required to be filed pursuant to Section 9(e)(iii), Section 9(e)(iv) or Section 9(h) hereof (the items described in clauses (x), (y) and (z) collectively, the “Issuer Disclosure Materials”), or the omission or alleged omission to state in the Issuer Disclosure Materials a material fact necessary in order to make the statements therein (with respect to any Time of Sale Information (other than the Preliminary Prospectus), when read in conjunction with the other initial Time of Sale Information or the other revised Time of Sale Information in connection with a Subsequent Time of Sale), in the light of the circumstances under which they were made, not misleading, which untrue statement or omission referred to above in this *clause (iii)* was not corrected by information subsequently supplied by the Company to the Underwriters a reasonable period of time prior to the Time of Sale (or, in the case of any Corrective Information correcting information in the Preliminary Prospectus, at least 48 hours prior to the date of the Time of Sale) to the applicable investor of the Offered Certificates (including without limitation a contract of sale).

The Company shall reimburse any such indemnified party for any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending against such loss, claim, damage, liability, or action. Notwithstanding the foregoing, the Company shall not be liable in any such case if and to the extent that any such loss, claim, damage, cost, expense or liability arises out of or is based upon an untrue statement or alleged untrue statement or omission or alleged omission with respect to:

(A) the Underwriter Supplied Information (as defined below);

(B) information regarding any Mortgage Loan Seller, the Mortgage Loans sold by such Mortgage Loan Seller to the Company or the related Mortgaged Properties to the extent such information is covered by the indemnity from the related Mortgage Loan Seller in the indemnification agreement entered into between such Mortgage Loan Seller, the Company and the Underwriters (the information in this clause (B) referred to herein,

collectively with respect to all the Mortgage Loan Sellers, as the “Mortgage Loan Seller Information”); or

(C) information regarding any Transaction Party to the extent such information is covered by the indemnity from the related Transaction Party in the indemnification agreement entered into between such party, the Company and the Underwriters (such information, the “Transaction Party Information”).

This indemnity agreement will be in addition to any liability which the Company may otherwise have. “Diskette” shall mean the information set forth on the diskette attached to the Prospectus.

(b) Each Underwriter agrees, severally and not jointly, to indemnify and hold harmless the Company, each of its officers and directors and each person who controls the Company within the meaning of either the Securities Act or the Exchange Act, to the same extent as the foregoing indemnity from the Company to such Underwriter, but only with reference to (A) the Underwriter Supplied Information provided by or relating to such Underwriter, which was not corrected by a subsequent Underwriter Supplied Information supplied to the Company by such Underwriter prior to the Time of Sale to the applicable investor of Offered Certificates (including without limitation a contract of sale), or (B) any untrue statement or alleged untrue statement of any material fact contained in any Underwriter Free Writing Prospectus or any other Free Writing Prospectus described in Sections 9(g) and 9(h) that is prepared, used, authorized or approved by or on behalf of such Underwriter or any omission or alleged omission to state in any such Free Writing Prospectus a material fact necessary in order to make the statements therein (when read in conjunction with the Time of Sale Information), in the light of the circumstances under which they were made, not misleading, which untrue statement or omission was not corrected by a subsequent Underwriter Free Writing Prospectus supplied to the Company by such Underwriter prior to the Time of Sale to the applicable investor of Offered Certificates (including without limitation a contract of sale); provided that no Underwriter shall be obligated to so indemnify and hold the Company harmless to the extent that such losses, claims, damages, costs, expenses or liabilities arise out of or are based upon (A) an untrue statement or alleged untrue statement or omission or alleged omission contained in or made in reliance on and in conformity with any Issuer Information, Mortgage Loan Seller Information or Transaction Party Information or (B) any errors in the mathematical calculations reflected in such Free Writing Prospectus to the extent such errors arise out of or are based upon errors in such Issuer Information, Mortgage Loan Seller Information or Transaction Party Information. This indemnity agreement will be in addition to any liability which any Underwriter may otherwise have. The Company acknowledges that only the statements set forth (i) in the [second to last] paragraph of the cover page of the Preliminary Prospectus, (ii) in the [fourth, fifth, eighth and ninth] paragraphs under the heading “Method of Distribution (Underwriter Conflicts of Interest)” in the Preliminary Prospectus, (iii) in the [third to last] paragraph of the cover page of the Prospectus and (iv) in the [fourth, fifth, eighth and ninth] paragraphs under the heading “Method of Distribution (Underwriter Conflicts of Interest)” in the Prospectus constitute the “Underwriter Supplied Information”. Any Underwriter Free Writing Prospectus, or any other Free Writing Prospectus described in Section 9(g) or 9(h), that is prepared (or, if not prepared by any Underwriter, that is used, authorized or approved) by or on behalf of a particular Underwriter (or group of Underwriters) shall relate exclusively to and be

the several responsibility of such Underwriter (or joint and several responsibility of such Underwriters if more than one Underwriter has prepared (or, if not prepared by any Underwriter, has used, authorized or approved) such Free Writing Prospectus), and no other.

(c) Each Underwriter (the “Indemnifying Underwriter”) agrees, severally and not jointly to indemnify and hold harmless each of the other Underwriters, their respective officers and directors, and each person, if any, who controls such other Underwriters within the meaning of either the Securities Act or the Exchange Act (collectively, the “Non-Indemnifying Underwriters”) against any and all losses, claims, damages, costs, expenses or liabilities, joint or several, to which any Non-Indemnifying Underwriter may become subject under the Securities Act, the Exchange Act or other federal or state statutory law or regulation, common law or otherwise, insofar as such losses, claims, damages, costs, expenses or liabilities (or actions in respect thereof) arise out of or are based upon (i) any untrue statement or alleged untrue statement of a material fact, or the omission or alleged omission to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, in the Underwriter Supplied Information with respect to such Underwriter and (ii) any untrue statement or alleged untrue statement of a material fact contained at the Time of Sale to the applicable investor in the Offered Certificates (including without limitation a contract of sale) in any Underwriter Free Writing Prospectus, or any other Free Writing Prospectus described in Sections 9(g) or 9(h), in each case that was prepared (or, if not prepared by any Underwriter, was used, authorized or approved) by or on behalf of the Indemnifying Underwriter(s) or the omission or alleged omission to state therein at such time a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading, and will reimburse, as incurred, the Non-Indemnifying Underwriters for any legal or other expenses reasonably incurred by them in connection with investigating or defending against any such loss, claim, damage, liability or action; provided, that the Indemnifying Underwriter(s) shall not be liable under this Section 8(c) to any Non-Indemnifying Underwriter in respect thereof to the extent that the Non-Indemnifying Underwriter is entitled to indemnification or contribution for the subject loss, claim, damage, liability cost or expense (i) from another party pursuant to any separate indemnification agreement entered into by a Mortgage Loan Seller or a Transaction Party or (ii) from the Company hereunder. No Underwriter shall be liable to another Underwriter or any officer, director or controlling person with respect to such other Underwriter under this Section 8(c) for any losses, liabilities, claims or damages arising out of an untrue statement or alleged untrue statement or omission or alleged omission in any such document prepared by such other Underwriter. This agreement will be in addition to any liability that any Underwriter may otherwise have.

(d) Promptly after receipt by an indemnified party under this Section 8 of notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against the indemnifying party under this Section 8, notify the indemnifying party in writing of the commencement thereof, but the omission so to notify the indemnifying party shall not relieve the indemnifying party from any liability which it may have to any indemnified party under Section 8(a), (b) or (c), except to the extent that the indemnifying party has been materially prejudiced by such failure, or otherwise than under this Section 8. Upon request of the indemnified party, the indemnifying party shall retain counsel satisfactory to the indemnified party to represent the indemnified party and any others the indemnifying party may designate in

such proceeding and shall pay the fees and disbursements of such counsel related to such proceeding as incurred. In case any such action is brought against any indemnified party, and it notifies the indemnifying party of the commencement thereof, the indemnifying party shall be entitled to participate therein, and to the extent it may elect by written notice delivered to the indemnified party promptly after receiving the aforesaid notice from such indemnified party, to assume the defense thereof, with counsel satisfactory to such indemnified party (which may be counsel representing the indemnifying party); provided that if the defendants in any such action include both the indemnified party and the indemnifying party and the indemnified party shall have reasonably concluded that there may be legal defenses available to it and/or other indemnified parties which are different from or additional to those available to the indemnifying party, the indemnified party or parties shall have the right to select separate counsel (and one local counsel, if it deems necessary) to assert such legal defenses and to otherwise participate in the defense of such action on behalf of such indemnified party or parties. Upon receipt of notice from the indemnifying party to such indemnified party of its election to assume the defense of such action and approval by the indemnified party of counsel, the indemnifying party shall not be liable to such indemnified party under this Section 8 for any legal or other expenses subsequently incurred by such indemnified party in connection with the defense thereof unless (i) the indemnified party shall have employed separate counsel in connection with the assertion of legal defenses in accordance with the proviso to the immediately preceding sentence (it being understood, however, that the indemnifying party shall not be liable for the expenses of more than one separate counsel (in addition to local counsel), approved by the indemnified party, representing the indemnified parties under such Section 8(a), (b) or (c), as the case may be, who are parties to such action), (ii) the indemnifying party shall not have employed counsel satisfactory to the indemnified party to represent the indemnified party within a reasonable time after notice of commencement of the action or (iii) the indemnifying party has authorized the employment of counsel for the indemnified party at the expense of the indemnifying party. The indemnifying party shall not be liable for any settlement of any proceeding effected without its written consent (which consent shall not be unreasonably withheld, conditioned or delayed), but if settled with such written consent or if there shall be a final judgment for the plaintiff, the indemnifying party agrees to indemnify the indemnified party, but only to the extent provided herein, from and against any loss, damage, cost, expense or liability by reason of such settlement or judgment. Notwithstanding the foregoing sentence, if at any time an indemnified party shall have requested that an indemnifying party reimburse the indemnified party for fees and expenses of counsel to which the indemnified party is entitled pursuant to this paragraph, the indemnifying party shall be liable for any settlement of any proceeding effected without its written consent if (1) such settlement is entered into more than thirty (30) days after receipt by the indemnifying party of such request, (2) the indemnifying party shall not have reimbursed the indemnified party in accordance with such request prior to the date of such settlement and (3) such settlement does not include a statement as to, or an admission of, fault, culpability or a failure to act by or on behalf of the indemnifying party. If the indemnifying party assumes the defense of any proceeding, it shall be entitled to settle such proceeding with the written consent of the indemnified party, which consent shall not be unreasonably withheld, conditioned or delayed, or, if such settlement (i) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of any such indemnified party, and (ii) includes an unconditional release of such indemnified party from all liability on claims that are the subject matter of such proceeding, without the consent of the indemnified party.

(e) If the indemnification provided for in subsection (a), (b) or (c) of this Section 8 is applicable in accordance with its terms with respect to one or more indemnifying parties, but is unavailable or insufficient to hold harmless an indemnified party under such subsection (a), (b) or (c) above, then in order to provide for just and equitable contribution, each such indemnifying party shall contribute to the amount paid or payable by such indemnified party as a result of the losses, claims, damages, costs, expenses or liabilities referred to in such subsection (a), (b) or (c) above in such proportion as is appropriate to reflect (i) the relative benefits received by the indemnifying party or parties on the one hand and the indemnified party or parties on the other from the offering of the Offered Certificates or (ii) if the allocation provided by the foregoing clause (i) is not permitted by applicable law, not only such relative benefits but also the relative fault of the indemnifying party or parties on the one hand and the indemnified party or parties on the other in connection with the untrue statements or omissions or alleged untrue statements or omissions that resulted in such losses, claims, damages, costs, expenses or liabilities, as well as any other relevant equitable considerations. The relative benefits received by the Company on the one hand and an Underwriter on the other shall be deemed to be in the same proportion as the total proceeds from the issuance and sale of the Offered Certificates under this Agreement (before deducting expenses) received by the Company bear to the total underwriting discounts, commissions or other fees received by such Underwriter. The relative benefits received by an Underwriter on the one hand and another Underwriter on the other shall be deemed to be in the same proportion as the total underwriting discounts, commissions or other fees received by the first such Underwriter bear to the total underwriting discounts, commissions or other fees received by the other such Underwriter. The relative fault of the parties shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the indemnifying party on the one hand, or the indemnified party on the other, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission or alleged statement or omission, and any other equitable considerations appropriate in the circumstances. The Company and the Underwriters agree that it would not be just and equitable if the amount of such contribution were determined by *pro rata* or per capita allocation or by any other method of allocation that does not take into account the equitable considerations referred to in the first sentence of this subsection (e). The amount paid or payable by an indemnified party as a result of the losses, claims, damages, costs, expenses or liabilities referred to in the first sentence of this subsection (e) shall be deemed to include any legal or other expenses reasonably incurred by such indemnified party in connection with investigating, preparing for or defending against any action or claim which is the subject of this subsection (e) subject to the limitations therein provided under subsection (d).

Notwithstanding anything to the contrary in this subsection (e), no person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. For purposes of this Section 8, each person who controls an Underwriter within the meaning of the Securities Act or the Exchange Act and each officer and director of an Underwriter shall have the same rights to contribution as such Underwriter, and each person who controls the Company within the meaning of the Securities Act or the Exchange Act and each officer and director of the Company shall have the same rights to contribution as the Company, subject in each case to the preceding sentence of this subsection (e). Any party entitled to contribution shall, promptly after receipt of notice of commencement of any action, suit or proceeding against such party in respect

of which a claim for contribution may be made against another party or parties under this subsection (e), notify such party or parties from whom contribution may be sought, but the omission to so notify such party or parties shall not relieve the party or parties from whom contribution may be sought from any other obligation it or they may have hereunder or otherwise than under this subsection (e).

Notwithstanding the provisions of this Section 8(e), no Underwriter shall be required to contribute or deemed to contribute any amount in excess of the amount by which the total underwriting discounts, commissions and other fees received by such Underwriter in connection with the offering of the Offered Certificates exceeds the amount of damages that such Underwriter has otherwise been required to pay by reason of any untrue or alleged untrue statement or omission or alleged omission.

The Underwriters' respective obligations to contribute pursuant to this Section 8 are several in proportion to the respective amount of Offered Certificates they have purchased hereunder, and not joint.

9. Offering Communications; Free Writing Prospectuses

(a) Unless preceded or accompanied by a prospectus satisfying the requirements of Section 10(a) of the Securities Act, no Underwriter shall convey or deliver any written communication (other than the Prospectus) to any person in connection with the initial offering of the Offered Certificates, unless such written communication (i) is made in reliance on Rule 134 under the Securities Act, (ii) is made in reliance on Rule 172 under the Securities Act, (iii) is the Time of Sale Information or the Prospectus, (iv) constitutes a "free writing prospectus," as defined in Rule 405 under the Securities Act (a "Free Writing Prospectus") or (v) such other written communication approved by the Company in advance. Without limitation thereby, without the prior written consent of the Company (which consent may be withheld for any reason), no Underwriter shall prepare, convey or deliver in connection with the initial offering of the Offered Certificates any Free Writing Prospectus or "ABS informational and computational material," as defined in Item 1101(a) of Regulation AB under the Securities Act ("ABS Informational and Computational Material"), in reliance upon Rules 167 and 426 under the Securities Act, other than materials provided to it by the Company, including the Preliminary Prospectus and the Issuer Free Writing Prospectuses (which include any FWP); provided that notwithstanding the foregoing, each Underwriter (other than an Underwriter that is not a Lead Underwriter) may use an Underwriter Free Writing Prospectus that does not include Issuer Information without obtaining the prior written consent of the Company.

(b) Each Underwriter shall deliver to the Company any Free Writing Prospectus that was prepared by or on behalf of such Underwriter or any affiliate thereof (each, an "Underwriter Free Writing Prospectus") that contains any Issuer Information by no later than one (1) business day prior to the date of first use thereof or such later date as may be agreed to by the Company; except that:

(i) any such Free Writing Prospectus or portion thereof prepared by or on behalf of such Underwriter that contains only a description of the final terms of the Offered Certificates shall be delivered by such Underwriter to the Company by no later

than the later of (A) the date such final terms have been established for all classes of the Offered Certificates or (B) the date of first use; and

(ii) any such Free Writing Prospectus that contains only ABS Informational and Computational Materials may be delivered by an Underwriter to the Company not later than the later of (A) one (1) business day prior to the due date for filing of the Prospectus pursuant to Rule 424(b) under the Securities Act or (B) the date of first use of such Free Writing Prospectus.

(c) Each Underwriter represents and warrants to the Company that the Free Writing Prospectuses to be furnished to the Company by such Underwriter pursuant to Section 9(b) hereof will constitute all Free Writing Prospectuses of the type described therein that were furnished to prospective investors by such Underwriter in connection with its offer and sale of the Offered Certificates.

(d) Each Underwriter represents and warrants to the Company that each Free Writing Prospectus (other than an Issuer Free Writing Prospectus) required to be provided by it to the Company pursuant to Section 9(b) hereof did not, as of the date such Free Writing Prospectus was conveyed or delivered to any prospective investor, include any untrue statement of a material fact or omit to state any material fact necessary to make the statements contained therein, in the light of the circumstances under which they were made, not misleading and that each such Free Writing Prospectus complied with Rules 164 and 433 under the Securities Act; provided, no Underwriter makes any representation or warranty to the extent such misstatements or omissions are based upon or arise out of an untrue statement or omission in the Issuer Information supplied by the Company to such Underwriter, the Mortgage Loan Seller Information or the Transaction Party Information, which information was not corrected by information subsequently supplied by the Company, the related Mortgage Loan Seller or the related Transaction Party to such Underwriter a reasonable period prior to the Time of Sale to the applicable investor of the Offered Certificates (including without limitation, by means of a contract of sale).

(e) The Company agrees to file with the Commission the following:

(i) Each FWP and any other Free Writing Prospectus that constitutes an “issuer free writing prospectus,” as defined in Rule 433(h) under the Securities Act (each, an “Issuer Free Writing Prospectus”);

(ii) Any Free Writing Prospectus or portion thereof delivered by an Underwriter to the Company pursuant to Section 9(b) hereof (but not any subsequent Free Writing Prospectus containing only information prepared by or on behalf of an Underwriter on the basis of or derived from Issuer Information previously filed);

(iii) Any Free Writing Prospectus or portion thereof that contains a description of the final terms of the Offered Certificates, after such terms have been established for all classes in the offering; and

(iv) Any Free Writing Prospectus for which the Company or any person acting on its behalf provided, authorized or approved information that is prepared and published

or disseminated by a person unaffiliated with the Company or any other offering participant that is in the business of publishing, radio or television broadcasting or otherwise disseminating communications; and

(v) any ABS Informational and Computational Material that is not being treated as a Free Writing Prospectus.

(f) Any Free Writing Prospectus required to be filed pursuant to Section 9(e) hereof by the Company shall be filed with the Commission not later than the date of first use of the Free Writing Prospectus, except that:

(i) any Free Writing Prospectus or portion thereof required to be filed that contains only a description of the final terms of the Offered Certificates may be filed by the Company within two (2) days of the later of the date such final terms have been established for all classes of Offered Certificates and the date of first use;

(ii) any Free Writing Prospectus or portion thereof required to be filed that contains only ABS Informational and Computational Material may be filed by the Company with the Commission not later than the later of the due date for filing of the Prospectus pursuant to Rule 424(b) under the Securities Act or two (2) business days after the date of first use of such Free Writing Prospectus; and

(iii) any Free Writing Prospectus required to be filed pursuant to Section 9(e)(iv) hereof may, if no payment has been made or consideration has been given by or on behalf of the Company for the Free Writing Prospectus or its dissemination, be filed by the Company with the Commission not later than four (4) business days after the Company becomes aware of the publication, radio or television broadcast or other dissemination of such Free Writing Prospectus.

(g) Each Underwriter (with the reasonable cooperation of the Company) shall file with the Commission any Free Writing Prospectus (other than a Free Writing Prospectus required to be delivered to the Company pursuant to Section 9(b)) that is neither an Issuer Free Writing Prospectus nor contains Issuer Information and that is used or referred to by such Underwriter or distributed by or on behalf of such Underwriter in a manner reasonably designed to lead to its broad, unrestricted dissemination not later than the date of the first use of such Free Writing Prospectus.

(h) Notwithstanding the provisions of Section 9(g) hereof, each Underwriter (with the reasonable cooperation of the Company) shall file with the Commission any Free Writing Prospectus for which such Underwriter or any person acting on its behalf provided, authorized or approved information that is prepared and published or disseminated by a person unaffiliated with the Company or any other offering participant that is in the business of publishing, radio or television broadcasting or otherwise disseminating written communications and for which no payment was made or consideration given by or on behalf of the Company or any other offering participant, not later than four (4) business days after such Underwriter becomes aware of the publication, radio or television broadcast or other dissemination of such Free Writing Prospectus.

(i) Notwithstanding the provisions of Sections 9(e) (other than 9(e)(iii)), 9(g) and 9(h) hereof, neither the Company nor any Underwriter shall be required to file (A) Issuer Information contained in any Free Writing Prospectus of an Underwriter or any offering participant other than the Company, if such information is included or incorporated by reference in the Prospectus or a Free Writing Prospectus previously filed with the Commission that relates to the offering of the Offered Certificates, (B) any Free Writing Prospectus or portion thereof that contains a description of the Offered Certificates or the offering of the Offered Certificates which does not reflect the final terms thereof or (C) any Free Writing Prospectus that does not contain substantive changes from or additions to a Free Writing Prospectus previously filed with the Commission.

(j) The Company and the Underwriters each agree that any Free Writing Prospectuses prepared by each such party shall contain the following legend:

“The depositor filed a registration statement (including a prospectus) with the Securities and Exchange Commission (File No. 333-[____]) for the offering to which this communication relates. Before you invest, you should read the prospectus in the registration statement and other documents the depositor has filed with the Securities and Exchange Commission for more complete information about the depositor, the issuing entity and this offering. You may get these documents for free by visiting EDGAR on the Securities and Exchange Commission website at www.sec.gov. Alternatively, the depositor, Deutsche Bank Securities, Inc., any underwriter or any dealer participating in this offering will arrange to send you the prospectus after filing if you request it by calling toll free 1-800-503-4611 or by emailing prospectus.cpdg@db.com.”

(k) The Company and the Underwriters each agree to retain all Free Writing Prospectuses that they have used and that are not required to be filed pursuant to this Section 9 for a period of three (3) years following the initial bona fide offering of the Offered Certificates.

(l) In the event that the Company becomes aware that, as of the Time of Sale, the Preliminary Prospectus contained any untrue statement of a material fact or omitted to state a material fact necessary to make the statements contained therein, in the light of the circumstances under which they were made, not misleading, the Company shall (i) notify the Underwriters thereof within one business day after discovery, (ii) prepare and deliver to the Underwriters a supplement to the Preliminary Prospectus that corrects the material misstatement or omission in the Preliminary Prospectus and that meets the requirements of Rule 424(h)(2) under the Securities Act (such supplement, a “Corrected Supplement”) and (iii) file such Corrected Supplement with the Commission in accordance with Rule 424(h) under the Securities Act. Upon receipt of such notice from the Company, the Underwriters shall:

(i) Notify each investor in the Offered Certificates in a prompt fashion that any prior contract of sale with such investor has been terminated, and of such investor’s rights as a result of termination of such agreement;

(ii) Upon receipt of a copy of such Corrected Supplement from the Company, deliver, at least 48 hours prior to sending a new confirmation of sale to an investor in the Offered Certificates in accordance with Rule 15c2-8(b) under the Exchange Act, such Corrected Supplement to such investor;

(iii) Provide such investor with an opportunity to enter into a new contract of sale on the terms described in the Time of Sale Information (as updated by such Corrected Supplement); and

(iv) Comply with any other requirements for reformation of the original contract of sale, as described in Section IV.2.c of the Commission's Securities Offering Reform Release No. 33-8591.

(m) In the event that the Company becomes aware, at any time between the Time of Sale or any Subsequent Time of Sale and the Closing Date, that any information in an Issuer Free Writing Prospectus or any Issuer Information contains any untrue statement of a material fact or omits to state a material fact necessary in order to make the statements contained therein (when read in conjunction with the other applicable Time of Sale Information), in the light of the circumstances under which they were made, not misleading (a "Defective Issuer Free Writing Prospectus"), the Company shall notify the Underwriters of such untrue statement or omission within one business day after discovery (except for any Underwriter that informed the Company of such untrue statement or omission) and the Company shall, if requested by the Underwriters, prepare and deliver to the Underwriters a Free Writing Prospectus that corrects the material misstatement or omission in the Defective Issuer Free Writing Prospectus (such corrected Issuer Free Writing Prospectus, a "Corrected Issuer Free Writing Prospectus"). In the event that, at any time between the Time of Sale or any Subsequent Time of Sale and the Closing Date, any Underwriter becomes aware that any Underwriter Free Writing Prospectus delivered thereby to an investor in any Offered Certificates contains any untrue statement of a material fact or omits to state a material fact necessary in order to make the statements contained therein (when read in conjunction with the applicable Time of Sale Information), in the light of the circumstances under which they were made, not misleading (a "Defective Underwriter Free Writing Prospectus" and, together with a Defective Issuer Free Writing Prospectus, a "Defective Free Writing Prospectus"), such Underwriter shall notify the Company of such untrue statement or omission within one business day after discovery (unless the Company was the party that informed such Underwriter of such untrue statement or omission) and the Underwriters shall, if requested by the Company:

(i) if the Defective Free Writing Prospectus was an Underwriter Free Writing Prospectus, prepare a Free Writing Prospectus that corrects the material misstatement in or omission from the Defective Free Writing Prospectus (together with a Corrected Issuer Free Writing Prospectus, a "Corrected Free Writing Prospectus"), provided, that if an Underwriter Free Writing Prospectus and Issuer Free Writing Prospectus are both determined to be a Defective Free Writing Prospectus as a result of the same untrue statement or omission in each such document, then the Company shall prepare a single Corrected Free Writing Prospectus correcting both such Defective Free Writing Prospectuses;

(ii) either (A) deliver the Corrected Free Writing Prospectus to each investor which received the Defective Free Writing Prospectus prior to entering into a contract of sale with such investor, clearly identifying or highlighting the Corrective Information, or (B) deliver the Corrected Free Writing Prospectus to each investor which received the Defective Free Writing Prospectus and has entered into a contract of sale, clearly

identifying or highlighting the Corrective Information, and (x) notify in writing each such investor in a prominent fashion that the prior contract of sale with such investor has been terminated, and of such investor's rights as a result of termination of such agreement and (y) provide such investor with an opportunity to affirmatively agree in writing to purchase the Offered Certificates on the terms described in the Corrected Free Writing Prospectus; and

(iii) comply with any other requirements for reformation of the original contract of sale with such investor, as described in Section IV.A.2.c of the Commission's Securities Offering Reform Release No. 33-8591.

(n) In the event that a Defective Free Writing Prospectus was an Issuer Free Writing Prospectus and the defective information was not Underwriter Supplied Information, Mortgage Loan Seller Information or Transaction Party Information and the Underwriters shall in good faith incur any costs to an investor in connection with the reformation of the contract of sale with the investor, the Company agrees to reimburse the Underwriters for such costs.

(o) Each Underwriter covenants with the Company that, upon reasonable request, it will make available to the Company such personnel as are familiar with the Underwriter's compliance procedures for the purpose of answering questions concerning the Underwriter's practices and procedures for the preparation and dissemination of written materials concerning the Offered Certificates to prospective investors prior to the delivery of the final Prospectus to such investors.

(p) Each Underwriter covenants with the Company that after the Prospectus is available the Underwriter shall not distribute any written information concerning the Offered Certificates to a prospective investor unless such information is preceded or accompanied by the final Prospectus.

10. Termination or Default by an Underwriter.

(a) This Agreement shall be subject to termination in the absolute discretion of the Underwriters, by notice given to the Company prior to delivery of and payment for the Offered Certificates, if prior to such time (i) trading in securities of the Company or DBSI or any affiliate of either on any major securities exchange on which such securities are commonly traded shall have been suspended or materially limited, (ii) any downgrading in the intended rating of any of the Offered Certificates by any rating agency, or any public announcement that any rating agency has under surveillance or review its rating of any of the Offered Certificates (with implication of a possible downgrading), (iii) trading in securities generally on the New York Stock Exchange or over-the-counter market shall have been suspended or materially limited or minimum prices shall have been established on such exchange, (iv) a general moratorium on commercial banking activities in New York shall have been declared by either federal or New York State authorities, or (v) there shall have occurred any material outbreak or escalation of hostilities or other calamity or crisis, the effect of which on the financial markets of the United States is such as to make it, in the reasonable judgment of the Underwriters, after consultation with the Company, impracticable to market the Offered Certificates on the terms specified in this

Agreement. In the event of a termination pursuant to this Section 10, fees and expenses of the Underwriters shall be paid by the Company pursuant to Section 7 of this Agreement.

(b) If any Underwriter defaults in its obligations to purchase the Offered Certificates hereunder and the aggregate principal amount of the Offered Certificates that such defaulting Underwriter or Underwriters agreed but failed to purchase does not exceed 10% of the total principal amount of the Offered Certificates to be purchased hereunder, DBSI may make arrangements satisfactory to the Company for the purchase of such Offered Certificates by other persons, but if no such arrangements are made by the Closing Date, each non-defaulting Underwriter (other than an Underwriter that is not a Lead Underwriter) shall be obligated to purchase the Offered Certificates (for each Class of Offered Certificates, in an amount equal to the product of (x) the principal amount of such Class that was failed to be purchased by such defaulting Underwriter and (y) the percentage of the principal amount of such Class obligated to be purchased by such non-defaulting Underwriter (set forth on Schedule I of this Agreement) of the sum of the total initial principal balance of such Class obligated to be purchased by all non-defaulting Underwriters) that such defaulting Underwriter agreed but failed to purchase hereunder. If any Underwriter so defaults and the aggregate principal amount of the Offered Certificates with respect to which such default occurs exceeds 10% of the total principal amount of the Offered Certificates to be purchased hereunder and arrangements satisfactory to DBSI and the Company for the purchase of such Offered Certificates by other persons are not made within 36 hours after such default, this Agreement will terminate without liability on the part of any non-defaulting Underwriter or the Company, except as provided in Section 10. In the event that, within the respective prescribed periods, DBSI has arranged for the purchase of such Offered Certificates by other persons or the non-defaulting Underwriters (other than an Underwriter that is not a Lead Underwriter) become obligated to purchase such Offered Certificates under this Section 10(b), DBSI and the Company may postpone the Closing Date for a period of not more than seven (7) days, in order to effect whatever changes the Company and DBSI reasonably believe may thereby be made necessary in the Registration Statement or the Prospectus, or in any other documents or arrangements, and the Company agrees to file promptly any amendments to the Registration Statement or the Prospectus that it and DBSI reasonably believe may thereby be made necessary. As used in this Agreement, the term “Underwriter” includes any person substituted for an Underwriter under this Section. Nothing herein will relieve a defaulting Underwriter from liability for its default.

11. Representations and Indemnities to Survive. The respective agreements, representations, warranties, indemnities and other statements of the Company or its officers and the Underwriters set forth in or made pursuant to this Agreement will remain in full force and effect, regardless of any investigation made by or on behalf of the Underwriters or the Company or any of the officers, directors or controlling persons referred to in Section 8 and will survive delivery of and payment for the Offered Certificates. The provisions of Sections 5(e), 5(f), 7 and 8 hereof shall survive the termination or cancellation of this Agreement.

12. Obligations of GACC. GACC hereby covenants and agrees with the Underwriters that GACC shall be liable to the Underwriters and the officers, directors and controlling persons referred to in Section 8(a) of this Agreement to the same extent as the Company for all of the obligations of the Company under Section 8 of this Agreement. GACC further agrees that the Underwriters shall not be bound or obligated to initially request the

Company to perform any of its obligations under Section 8 of this Agreement, but may instead initially request GACC to perform such obligations. Additionally, GACC agrees that the Underwriters shall not be bound or obligated in any way to exhaust recourse against the Company before being entitled to demand the performance by GACC of the Company's obligations under Section 8 of this Agreement. Performance by GACC of any of the Company's obligations under Section 8 of this Agreement shall be deemed to be performance thereof by the Company and performance by the Company of its obligations under Section 8 of this Agreement shall be deemed to be performance thereof by GACC.

13. Notices. All communications hereunder will be in writing and effective only on receipt, and, will be mailed, delivered or either telegraphed or transmitted by telecopier and confirmed to them at the following addresses: (a) if sent to the Underwriters, (i) in the case of DBSI, to Deutsche Bank Securities Inc., 60 Wall Street, New York, New York 10005, Attention: Lainie Kaye, with a copy to Cadwalader, Wickersham & Taft LLP, 200 Liberty Street, New York, New York 10281, Attention: Anna H. Glick, Esq., (ii) in the case of [UNDERWRITERS' ADDRESSES]; (b) if sent to the Company, to Deutsche Mortgage & Asset Receiving Corporation, 60 Wall Street, New York, New York 10005, Attention: Lainie Kaye; or (c) as to any party hereto, to such other address as may hereafter be furnished by such party to the others in writing.

14. Successors. This Agreement will inure to the benefit of and be binding upon the parties hereto and their respective successors and the officers, directors and controlling persons referred to in Section 8 hereof and their successors and assigns, and no other person will have any right or obligation hereunder.

15. GOVERNING LAW. THIS AGREEMENT AND ANY CLAIM, CONTROVERSY OR DISPUTE ARISING UNDER OR RELATED TO THIS AGREEMENT, THE RELATIONSHIP OF THE PARTIES TO THIS AGREEMENT, AND/OR THE INTERPRETATION AND ENFORCEMENT OF THE RIGHTS AND DUTIES OF THE PARTIES TO THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS AND DECISIONS OF THE STATE OF NEW YORK, WITHOUT REGARD TO THE CHOICE OF LAW RULES THEREOF. THE PARTIES HERETO INTEND THAT THE PROVISIONS OF SECTION 5-1401 OF THE NEW YORK GENERAL OBLIGATIONS LAW SHALL APPLY TO THIS AGREEMENT.

16. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall for all purposes be deemed to be an original and all of which shall together constitute but one and the same instrument. Delivery of an executed counterpart of a signature page of this Agreement in Portable Document Format (PDF) or by facsimile transmission shall be as effective as delivery of a manually executed original counterpart of this Agreement.

17. SUBMISSION TO JURISDICTION; WAIVER OF JURY TRIAL. TO THE FULLEST EXTENT PERMITTED UNDER APPLICABLE LAW, EACH PARTY HERETO HEREBY IRREVOCABLY (I) SUBMITS TO THE JURISDICTION OF ANY NEW YORK STATE AND FEDERAL COURTS SITTING IN NEW YORK CITY WITH RESPECT TO MATTERS ARISING OUT OF OR RELATING TO THIS AGREEMENT; (II) AGREES THAT ALL CLAIMS WITH RESPECT TO SUCH MATTERS MAY BE HEARD AND

DETERMINED IN SUCH NEW YORK STATE OR FEDERAL COURTS; (III) WAIVES THE DEFENSE OF AN INCONVENIENT FORUM IN ANY ACTION OR PROCEEDING INVOLVING ANY SUCH CLAIMS IN ANY SUCH COURT; AND (IV) AGREES THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING IN ANY SUCH COURT SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW.

TO THE FULLEST EXTENT PERMITTED UNDER APPLICABLE LAW, EACH PARTY HERETO WAIVES ITS RESPECTIVE RIGHTS TO A TRIAL BY JURY OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY, IN ANY ACTION, PROCEEDING OR OTHER LITIGATION OF ANY TYPE BROUGHT BY ANY PARTY AGAINST THE OTHER PARTIES, WHETHER WITH RESPECT TO CONTRACT CLAIMS, TORT CLAIMS, OR OTHERWISE. EACH PARTY HERETO AGREES THAT ANY SUCH CLAIM OR CAUSE OF ACTION SHALL BE TRIED BY A COURT TRIAL WITHOUT A JURY. WITHOUT LIMITING THE FOREGOING, THE PARTIES FURTHER AGREE THAT THEIR RESPECTIVE RIGHT TO A TRIAL BY JURY IS WAIVED BY OPERATION OF THIS SECTION AS TO ANY ACTION, COUNTERCLAIM OR OTHER PROCEEDING WHICH SEEKS, IN WHOLE OR IN PART, TO CHALLENGE THE VALIDITY OR ENFORCEABILITY OF THIS AGREEMENT OR ANY PROVISION HEREOF. THIS WAIVER SHALL APPLY TO ANY SUBSEQUENT AMENDMENTS, RENEWALS, SUPPLEMENTS OR MODIFICATIONS TO THIS AGREEMENT.
