Dear Mr. Weston Andress:

We have reviewed your response letter dated May 22, 2008 and have the following additional comments. Where indicated, we think you should revise your documents in response to these comments. If you disagree, we will consider your explanation as to why our comments are inapplicable or a revision is unnecessary. Provide to us the information requested if indicated and please be as detailed as necessary in your explanation.

FORM 10-K FOR THE YEAR ENDED DECEMBER 31, 2007

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

Operating Results Summary, page 53

1. We note that your response to comment two does not address the fact that Item 303(a) of Regulation S-K requires that the discussion and analysis be based on the reported amounts in your audited financial statements. As such your presentation and discussion of a non-GAAP income statement would not meet this requirement. Your current presentation gives greater prominence to the adjusted income statement than your GAAP results. Further, it is not clear the usefulness of a measure that is not used by your chief operating decision maker to allocate resources or assess your performance. Please confirm that you will revise your future filings accordingly.
