99.1	Press Release issued by MIM Corporation on October 28, 2003

Item 9. Regulation FD Disclosure.

This press release dated October 28, 2003, which announces earnings for our third quarter includes "non-GAAP financial measures" as defined by SEC rules.

The Tables of Reconciliation presented in our third quarter press release demonstrate the differences between the non-GAAP financial measures and the most directly comparable GAAP measures. As required by Regulation G, the Company has provided a quantitative comparison between the GAAP and disclosed non-GAAP financial measures. The non-GAAP measures presented provide important insight into the ongoing operations and a meaningful comparison of revenue, gross profit, selling, general and administrative expenses, operating income, net income and earnings per share.

We believe that meaningful analysis of our financial performance requires an understanding of the factors underlying that performance and our judgments about the likelihood that particular factors will repeat. For this reason, we believe that investors may find it useful to see the financial results without the effects of TennCare, related restructuring and tax rate changes.

In accordance with the procedural guidance in SEC Release No. 33-8216, the information in this Form 8-K and the Exhibit attached hereto is being furnished under "Item 9. Regulation FD Disclosure" rather than under "Item 12. Disclosure of Results of Operations and Financial Condition."
