Item 7: Management's Discussion and Analysis of Financial Condition and Results of Operations

Net Sales, page 25

1. We note from statements in your Current Report on Form 8-K filed on April 18, 2018 that you have exceeded 100 million paid Prime members globally and that you shipped more than five billion items in 2017 with Prime worldwide. In future periodic reports, please disclose the percentage of net sales attributable to sales to Prime members versus sales to non-Prime members.

2. We note that AWS Sales increased 43% in 2017 as a result of increased customer usage, partially offset by pricing changes. We further note statements from your Current Report on Form 8-K filed on April 18, 2018 that active users increased by more than 250% “spurred by the broad adoption of Amazon SageMaker.” To the extent increases in net sales are attributable to the adoption of new services, such as Amazon SageMaker, please disclose as much in future periodic reports. Please refer to Item 303 of Regulation S-K.
