SECURITIES AND EXCHANGE COMMISSION**

Washington, D.C. 20549

FORM 10-K

**ANNUAL REPORT PURSUANT TO SECTION 13 OR 15 (d) OF THE
SECURITIES EXCHANGE ACT OF 1934**

For the fiscal year ended December 31, 2010

SIMON PROPERTY GROUP, L.P.

(Exact name of registrant as specified in its charter)

Delaware
(State or other jurisdiction of
incorporation or organization)

333-11491
(Commission File No.)

34-1755769
(I.R.S. Employer
Identification No.)

**225 West Washington Street
Indianapolis, Indiana 46204**
(Address of principal executive offices) (ZIP Code)

(317) 636-1600
(Registrant's telephone number, including area code)

Securities registered pursuant to Section 12 (b) of the Act: None

Securities registered pursuant to Section 12 (g) of the Act: None

Indicate by check mark if the Registrant is a well-known seasoned issuer (as defined in Rule 405 of the Securities Act). Yes ☒ No ☐

Indicate by check mark if the Registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes ☐ No ☒

Indicate by check mark whether the Registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the Registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☐ No ☐

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of Registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K. ☒

Indicate by check mark whether the Registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller company. See the definitions of "large accelerated filer," "accelerated filer," and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer ☐ Accelerated filer ☐ Non-accelerated filer ☒ Smaller reporting company ☐
(Do not check if a smaller reporting company)

Indicate by checkmark whether the Registrant is a shell company (as defined in rule 12-b of the Act). Yes ☐ No ☒
Registrant had no publicly-traded voting equity as of June 30, 2010.

Registrant has no common stock outstanding.

Documents Incorporated By Reference

None.

Part I

Item 1. Business

Simon Property Group, L.P., is a Delaware limited partnership and the majority-owned subsidiary of Simon Property Group, Inc. In this report, the terms “Operating Partnership”, “we”, “us” and “our” refer to Simon Property Group, L.P. and its subsidiaries and the term “Simon Property” refers specifically to Simon Property Group, Inc.

We own, develop and manage retail real estate properties, which consist primarily of regional malls, Premium Outlets®, The Mills®, and community/lifestyle centers. As of December 31, 2010, we owned or held an interest in 338 income-producing properties in the United States, which consisted of 161 regional malls, 58 Premium Outlets, 66 community/lifestyle centers, 36 properties acquired in the 2007 acquisition of The Mills Corporation and 17 other shopping centers or outlet centers in 41 states and Puerto Rico. Of the 36 properties in The Mills portfolio, 16 of these properties are The Mills, 16 are regional malls, and four are community centers. Internationally, as of December 31, 2010, we had ownership interests in 45 European shopping centers in Italy, eight Premium Outlets in Japan, one Premium Outlet in Mexico, and one Premium Outlet in South Korea. On July 15, 2010, we and our joint venture partner sold our collective interests in Simon Ivanhoe S.à.r.l., or Simon Ivanhoe, which owned seven shopping centers located in France and Poland.

For a description of our operational strategies and developments in our business during 2010, see the “Management’s Discussion and Analysis of Financial Condition and Results of Operations” which appears in Item 7 to this Form 10-K.

Other Policies

The following is a discussion of our investment policies, financing policies, conflict of interest policies and policies with respect to certain other activities. One or more of these policies may be amended or rescinded from time to time by Simon Property without a vote by our limited partners.

Investment Policies

While we emphasize equity real estate investments, we may invest in equity or debt securities of other entities engaged in real estate activities or securities of other issuers consistent with Simon Property’s qualification as a real estate investment trust, or REIT. However, any of these investments would be subject to the percentage ownership limitations and gross income tests necessary for REIT qualification. These REIT limitations mean that we cannot make an investment that would cause Simon Property’s real estate assets to be less than 75% of its total assets. In addition, at least 75% of Simon Property’s gross income must be derived directly or indirectly from investments relating to real property or mortgages on real property, including “rents from real property,” dividends from other REITs and, in certain circumstances, interest from certain types of temporary investments. At least 95% of Simon Property’s income must be derived from such real property investments, and from dividends, interest and gains from the sale or dispositions of stock or securities or from other combinations of the foregoing.

Subject to REIT limitations, we may invest in the securities of other issuers in connection with acquisitions of indirect interests in real estate. Such an investment would normally be in the form of general or limited partnership or membership interests in special purpose partnerships and limited liability companies that own one or more properties. We may, in the future, acquire all or substantially all of the securities or assets of other REITs, management companies or similar entities where such investments would be consistent with our investment policies.

Financing Policies

We must comply with the covenants contained in our financing agreements that limit our ratio of debt to total assets or market value, as defined. For example, our lines of credit and the indentures for our debt securities contain covenants that restrict the total amount of debt to 65%, or 60% in relation to certain debt, of total assets, as defined under the related arrangement, and secured debt to 50% of total assets. In addition, these agreements contain other covenants requiring compliance with financial ratios. Furthermore, the amount of debt that we may incur is limited as a practical matter by our desire to maintain acceptable ratings for Simon Property’s equity securities and our debt securities. We strive to maintain investment grade ratings on our debt securities at all times, but we cannot assure you that we will be able to do so.

We may raise additional capital by issuing units of limited partnership interests, or units, or debt securities, creating joint ventures with existing ownership interests in properties, retaining cash flows or a combination of these methods. If Simon Property's Board of Directors determines to raise additional equity capital at the Operating Partnership level, we may, without limited partner approval, issue additional units or other equity interests in us. We may issue units in any manner and on such terms and for such consideration as we deem appropriate. This may include issuing units in exchange for property. We may issue preferred units that could be senior to our units and may be convertible into units. Existing holders of units have no preemptive right to purchase units in any subsequent offerings. Any such offering could dilute a limited partner's investment in us.

We expect most future borrowings would be made in the form of bank borrowings, publicly and privately placed debt instruments, or purchase money obligations to the sellers of properties. Any such indebtedness may be secured or unsecured. Any such indebtedness may also have full or limited recourse to the borrower or cross-collateralized with other debt, or may be fully or partially guaranteed by us. Although we may borrow to fund the payment of distributions, we currently have no expectation that we will regularly be required to do so.

We have a \$3.9 billion unsecured revolving credit facility, or the Credit Facility. The Credit Facility has an accordion feature allowing the maximum borrowing capacity to expand to \$4.0 billion. We also issue debt securities, and we may issue our debt securities which may be convertible into units, preferred units or be accompanied by warrants to purchase equity interests or be exchangeable for stock of Simon Property. We also may sell or securitize our lease receivables. The proceeds from any borrowings or financings may be used for one or more of the following:

- financing acquisitions;
- developing or redeveloping properties;
- refinancing existing indebtedness;
- working capital or capital improvements; or
- assisting Simon Property to meet the income distribution requirements applicable to REITs.

We may also finance acquisitions through the following:

- issuance of additional units or preferred units;
- issuance of other securities; or
- sale or exchange of ownership interests in properties.

Our ability to issue units to transferors of properties or other partnership interests may defer gain recognition for tax purposes by the transferor. It may also be advantageous for us since there are ownership limits that restrict the number of units that investors may own.

We do not have a policy limiting the number or amount of mortgages that may be placed on any particular property. Mortgage financing instruments, however, usually limit additional indebtedness on such properties. We also have covenants on our unsecured debt that limit our total secured debt.

Typically, we invest in or form special purpose entities to assist us in obtaining permanent financing at attractive terms. Permanent financing may be structured as a mortgage loan on a single property, or on a group of properties, and generally requires us to provide a mortgage interest on the property in favor of an institutional third party, as a joint venture with a third party, or as a securitized financing. For securitized financings, we create special purpose entities to own the properties. These special purpose entities, which are common in the real estate industry, are structured so that they would not be consolidated in a bankruptcy proceeding involving a parent company. We decide upon the structure of the financing based upon the best terms then available to us and whether the proposed financing is consistent with our other business objectives. For accounting purposes, we include the outstanding securitized debt of special purpose entities owning consolidated properties as part of our consolidated indebtedness.

Conflict of Interest Policies

We maintain policies and have entered into agreements designed to reduce or eliminate potential conflicts of interest. Simon Property has adopted governance principles governing the function, conduct, selection, orientation and duties of its subsidiaries and the Simon Property Board of Directors, as well as written charters for each of the standing Committees of the Board of Directors. In addition, the Board of Directors of Simon Property has a Code of Business Conduct and Ethics, which applies to all of its officers, directors, and employees. At least a majority of the members of the Simon Property Board of Directors must qualify as independent under the listing standards for New York Stock Exchange companies and cannot be affiliated with the Simon family who are significant stockholders. Any transaction

between us and the Simons, including property acquisitions, service and property management agreements and retail space leases, must be approved by a majority of Simon Property's non-affiliated directors.

The sale of certain of our properties may have an adverse tax impact on the Simons or the other limited partners. In order to avoid any conflict of interest between Simon Property and our limited partners, the Simon Property charter requires that at least six of the non-affiliated directors of the Board of Directors must authorize and require us to sell any property we own. Any such sale is subject to applicable agreements with third parties. Noncompetition agreements executed by each of the Simons contain covenants limiting the ability of the Simons to participate in certain shopping center activities in North America.

Policies With Respect To Certain Other Activities

We intend to make investments which are consistent with Simon Property's qualification as a REIT; unless the Board of Directors determines that it is no longer in Simon Property's best interests to so qualify as a REIT. The Board of Directors may make such a determination because of changing circumstances or changes in the REIT requirements. We have authority to offer units of equity interest or other securities in exchange for property. We also have authority to repurchase or otherwise reacquire our units or any other securities. Our policy prohibits us from making any loans to the directors or executive officers of Simon Property for any purpose. We may make loans to the joint ventures in which we participate.

Competition

The retail industry is dynamic and competitive. We compete with numerous merchandise distribution channels including regional malls, outlet centers, community/lifestyle centers, and other shopping centers in the United States and abroad. Internet retailing sites and catalogs also provide retailers with distribution options beyond existing brick and mortar retail properties. The existence of competitive alternatives could have a material adverse effect on our ability to lease space and on the level of rents we can obtain. This results in competition for both the tenants to occupy the properties that we develop and manage as well as for the acquisition of prime sites (including land for development and operating properties). We believe that there are numerous factors that make our properties highly desirable to retailers including:

- the quality, location and diversity of our properties;
- our management and operational expertise;
- our extensive experience and relationships with retailers and lenders; and
- our mall marketing initiatives and consumer focused strategic corporate alliances.

Certain Activities

During the past three years, we have:

- issued 4,688,722 units to Simon Property reflecting the exchange of units for common stock of Simon Property;
- issued 14,542,378 units upon the conversion of preferred units;
- issued 647,825 restricted units to Simon Property, net of forfeitures, with respect to the issuance of a like number of restricted shares of common stock of Simon Property issued under The Simon Property Group 1998 Stock Incentive Plan, or the 1998 plan;
- issued 642,639 units to Simon Property in exchange for cash contributed by Simon Property resulting from exercise of stock options under the 1998 plan;
- issued 1,798,469 units for the 2010 acquisition of Prime Outlets Acquisition Company, or Prime;
- redeemed 162,451 units for cash upon the exchange of units by limited partners;
- redeemed all outstanding Series D and Series I preferred units for units;
- issued 11,876,076 units to Simon Property and 2,637,341 units to limited partners as part of quarterly distributions;
- issued 40,250,000 units to Simon Property in exchange for the cash proceeds of public offerings of an equal number of shares of Simon Property common stock;
- entered into our Credit Facility on December 8, 2009 which has a borrowing capacity of \$3.9 billion and contains an accordion feature allowing the maximum borrowing capacity to expand to \$4.0 billion;

- borrowed a maximum amount of \$862.2 million under the Credit Facility; the outstanding amount of borrowings under this facility as of December 31, 2010 was \$858.6 million, of which \$273.6 million was related to the U.S. dollar equivalent of Yen-denominated borrowings;
- not made loans to other entities or persons, including our officers and directors, other than to certain joint venture properties;
- not invested in the securities of other issuers for the purpose of exercising control, other than certain wholly-owned subsidiaries and to acquire indirect interests in real estate;
- not underwritten securities of other issuers; and
- not engaged in the purchase and sale or turnover of investments for the purpose of trading.

Employees

At December 31, 2010, we and our affiliates employed approximately 5,900 persons at various properties and offices throughout the United States, of which approximately 2,400 were part-time. Approximately 1,000 of these employees were located at our corporate headquarters in Indianapolis, Indiana and 100 were located at our Premium Outlets offices in Roseland, New Jersey.

Corporate Headquarters

Our corporate headquarters are located at 225 West Washington Street, Indianapolis, Indiana 46204, and our telephone number is (317) 636-1600.

Available Information

Our Internet website address is www.simon.com. Our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act are available or may be accessed free of charge through the “About Simon/Investor Relations/Financial Information” section of our Internet website as soon as reasonably practicable after we electronically file such material with, or furnish it to, the SEC. Our Internet website and the information contained therein or connected thereto are not intended to be incorporated into this Annual Report on Form 10-K.

Item 1A. Risk Factors

The following factors, among others, could cause our actual results to differ materially from those contained in forward-looking statements made in this Annual Report on Form 10-K and presented elsewhere by our management from time to time. These factors, among others, may have a material adverse effect on our business, financial condition, operating results and cash flows, and you should carefully consider them. It is not possible to predict or identify all such factors. You should not consider this list to be a complete statement of all potential risks or uncertainties and we may update them in our future periodic reports.

Risks Relating to Debt and the Financial Markets

We have a substantial debt burden that could affect our future operations.

As of December 31, 2010, our consolidated mortgages and other indebtedness, excluding the related premium and discount, totaled \$17.5 billion. We are subject to the risks normally associated with debt financing, including the risk that our cash flow from operations will be insufficient to meet required debt service. Our debt service costs generally will not be reduced if developments at the property, such as the entry of new competitors or the loss of major tenants, cause a reduction in the income from the property. Should such events occur, our operations may be adversely affected. If a property is mortgaged to secure payment of indebtedness and income from this is insufficient to pay that indebtedness, the property could be foreclosed upon by the mortgagee resulting in a loss of income and a decline in our total asset value.

Disruption in the credit markets or downgrades in our credit ratings may adversely affect our ability to access external financings for our growth and ongoing debt service requirements.

We depend primarily on external financings, principally debt financings, to fund the growth of our business and to ensure that we can meet ongoing maturities of our outstanding debt. Our access to financing depends on our credit rating, the willingness of banks to lend to us and conditions in the capital markets. We cannot assure you that we will be able to obtain the financing we need for future growth or to meet our debt service as obligations mature, or that the financing available to us will be on acceptable terms.

Adverse changes in our credit rating could affect our borrowing capacity and borrowing terms.

Our outstanding senior unsecured notes and the preferred stock of Simon Property are periodically rated by nationally recognized credit rating agencies. The credit ratings are based on our operating performance, liquidity and leverage ratios, overall financial position, and other factors viewed by the credit rating agencies as relevant to our industry and the economic outlook in general. Our credit ratings can also affect the amount of capital we can access, as well as the terms of any financing we obtain. Since we depend primarily on debt financing to fund our growth, adverse changes in our credit rating could have a negative effect on our future growth.

Our hedging interest rate protection arrangements may not effectively limit our interest rate risk.

We manage our exposure to interest rate risk by a combination of interest rate protection agreements to effectively fix or cap a portion of our variable rate debt. In addition, we refinance fixed rate debt at times when we believe rates and terms are appropriate. Our efforts to manage these exposures may not be successful.

Our use of interest rate hedging arrangements to manage risk associated with interest rate volatility may expose us to additional risks, including a risk that a counterparty to a hedging arrangement may fail to honor its obligations. Developing an effective interest rate risk strategy is complex and no strategy can completely insulate us from risks associated with interest rate fluctuations. There can be no assurance that our hedging activities will have the desired beneficial impact on our results of operations or financial condition. Termination of these hedging agreements typically involves costs, such as transaction fees or breakage costs.

Factors Affecting Real Estate Investments and Operations

We face risks associated with the acquisition, development and expansion of properties.

We regularly acquire and develop new properties and expand and redevelop existing properties, and these activities are subject to various risks. We may not be successful in pursuing acquisition, development or redevelopment/expansion opportunities. In addition, newly acquired, developed or redeveloped/expanded properties may not perform

as well as expected. We are subject to other risks in connection with any acquisition, development and redevelopment/expansion activities, including the following:

- construction costs of a project may be higher than projected, potentially making the project unfeasible or unprofitable;
- we may not be able to obtain financing or to refinance construction loans on favorable terms, if at all;
- we may be unable to obtain zoning, occupancy or other governmental approvals;
- occupancy rates and rents may not meet our projections and the project may not be profitable; and
- we may need the consent of third parties such as anchor tenants, mortgage lenders and joint venture partners, and those consents may be withheld.

If a development or redevelopment/expansion project is unsuccessful, either because it is not meeting our expectations when operational or was not completed according to the project planning, we could lose our investment in the project. Further, if we guarantee the property's financing, our loss could exceed our investment in the project.

Real estate investments are relatively illiquid.

Our properties represent a substantial portion of our total consolidated assets. These investments are relatively illiquid. As a result, our ability to sell one or more of our properties or investments in real estate in response to any changes in economic or other conditions is limited. If we want to sell a property, we cannot assure you that we will be able to dispose of it in the desired time period or that the sales price of a property will exceed the cost of our investment.

Environmental Risks

As owners of real estate, we can face liabilities for environmental contamination.

Federal, state and local laws and regulations relating to the protection of the environment may require us, as a current or previous owner or operator of real property, to investigate and clean up hazardous or toxic substances or petroleum product releases at a property or at impacted neighboring properties. These laws often impose liability regardless of whether the property owner or operator knew of, or was responsible for, the presence of hazardous or toxic substances. These laws and regulations may require the abatement or removal of asbestos containing materials in the event of damage, demolition or renovation, reconstruction or expansion of a property and also govern emissions of and exposure to asbestos fibers in the air. Those laws and regulations also govern the installation, maintenance and removal of underground storage tanks used to store waste oils or other petroleum products. Many of our properties contain, or at one time contained, asbestos containing materials or underground storage tanks (primarily related to auto service center establishments or emergency electrical generation equipment). The costs of investigation, removal or remediation of hazardous or toxic substances may be substantial and could adversely affect our results of operations or financial condition but is not estimable. The presence of contamination, or the failure to remediate contamination, may also adversely affect our ability to sell, lease or redevelop a property or to borrow using a property as collateral.

Our efforts to identify environmental liabilities may not be successful.

Although we believe that our portfolio is in substantial compliance with Federal, state and local environmental laws, ordinances and regulations regarding hazardous or toxic substances, this belief is based on limited testing. Nearly all of our properties have been subjected to Phase I or similar environmental audits. These environmental audits have not revealed, nor are we aware of, any environmental liability that we believe will have a material adverse effect on our results of operations or financial condition. However, we cannot assure you that:

- existing environmental studies with respect to the portfolio reveal all potential environmental liabilities;
- any previous owner, occupant or tenant of a property did not create any material environmental condition not known to us;
- the current environmental condition of the portfolio will not be affected by tenants and occupants, by the condition of nearby properties, or by other unrelated third parties; or
- future uses or conditions (including, without limitation, changes in applicable environmental laws and regulations or the interpretation thereof) will not result in environmental liabilities.

Retail Operations Risks

Overall economic conditions may adversely affect the general retail environment.

Our concentration in the retail real estate market means that we are subject to the risks that affect the retail environment generally, including the levels of consumer spending, seasonality, the willingness of retailers to lease space in our shopping centers, tenant bankruptcies, changes in economic conditions, consumer confidence, casualties and other natural disasters, and the potential for terrorist activities. The economy and consumer spending appear to be recovering from the effects of the recent recession. We derive our cash flow from operations primarily from retail tenants, many of whom have been and continue to be under some degree of economic stress. A significant deterioration in our cash flow from operations could require us to curtail planned capital expenditures or seek alternative sources of financing.

We may not be able to lease newly developed properties and renew leases and relet space at existing properties.

We may not be able to lease new properties to an appropriate mix of tenants or for rents that are consistent with our projections. Also, when leases for our existing properties expire, the premises may not be relet or the terms of reletting, including the cost of allowances and concessions to tenants, may be less favorable than the current lease terms. To the extent that our leasing plans are not achieved, our cash generated before debt repayments and capital expenditures could be adversely affected.

Some of our properties depend on anchor stores or major tenants to attract shoppers and could be adversely affected by the loss of or a store closure by one or more of these tenants.

Regional malls are typically anchored by department stores and other large nationally recognized tenants. The value of some of our properties could be adversely affected if these tenants fail to comply with their contractual obligations, seek concessions in order to continue operations, or cease their operations. Department store and larger store, also referred to as “big box”, consolidations typically result in the closure of existing stores or duplicate or geographically overlapping store locations. We do not control the disposition of those department stores or larger stores that we do not own. We also may not control the vacant space that is not re-leased in those stores we do own. Other tenants may be entitled to modify the terms of their existing leases in the event of such closures. The modification could be unfavorable to us as the lessor and could decrease rents or expense recovery charges. Additionally, major tenant closures may result in decreased customer traffic which could lead to decreased sales at other stores. If the sales of stores operating in our properties were to decline significantly due to closing of anchors, economic conditions, or other reasons, tenants may be unable to pay their minimum rents or expense recovery charges. In the event of default by a tenant or anchor store, we may experience delays and costs in enforcing our rights as landlord to recover amounts due to us under the terms of our agreements with those parties.

We face potential adverse effects from tenant bankruptcies.

Bankruptcy filings by retailers occur regularly in the course of our operations. We continually seek to re-lease vacant spaces resulting from tenant terminations. The bankruptcy of a tenant, particularly an anchor tenant, may make it more difficult to lease the remainder of the affected properties. Future tenant bankruptcies could adversely affect our properties or impact our ability to successfully execute our re-leasing strategy.

Risks Relating to Joint Venture Properties

We have limited control with respect to some properties that are partially owned or managed by third parties, which may adversely affect our ability to sell or refinance them.

As of December 31, 2010, we owned interests in 175 income-producing properties with other parties. Of those, 19 properties are included in our consolidated financial statements. We account for the other 156 properties under the equity method of accounting, which we refer to as joint venture properties. We serve as general partner or property manager for 92 of these 156 properties; however, certain major decisions, such as selling or refinancing these properties, require the consent of the other owners. Of the properties for which we do not serve as general partner or property manager, 55 are in our international joint ventures. The other owners also have other participating rights that we consider substantive for purposes of determining control over the properties' assets. The remaining joint venture properties are managed by third parties. These limitations may adversely affect our ability to sell, refinance, or otherwise operate these properties.

We guarantee debt or otherwise provide support for a number of joint venture properties.

Joint venture debt is the liability of the joint venture and is typically secured by a mortgage on the joint venture property. As of December 31, 2010, we had loan guarantees to support \$60.7 million of our total \$6.6 billion share of joint venture mortgage and other indebtedness. A default by a joint venture under its debt obligations may expose us to liability under a guaranty or letter of credit.

Other Factors Affecting Our Business

Our Common Area Maintenance (CAM) contributions may not allow us to recover the majority of our operating expenses from tenants.

CAM costs typically include allocable energy costs, repairs, maintenance and capital improvements to common areas, janitorial services, administrative, property and liability insurance costs, and security costs. We historically have used leases with variable CAM provisions that adjust to reflect inflationary increases. We have made a concerted effort to convert our leases to a fixed payment methodology which fixes our tenants' CAM contributions and should in turn reduce the volatility of and limitations on the recoveries we collect from our tenants for the reimbursement of our property operating expenses. However, with respect to both variable and fixed payment methodologies, the amount of CAM charges we bill to our tenants may not allow us to recover all of these operating costs.

We face a wide range of competition that could affect our ability to operate profitably.

Our properties compete with other retail properties and other forms of retailing such as catalogs and e-commerce websites. Competition may come from regional malls, outlet centers, community/lifestyle centers, and other shopping centers, both existing as well as future development projects. The presence of competitive alternatives affects our ability to lease space and the level of rents we can obtain. New construction, renovations and expansions at competing sites could also negatively affect our properties.

We also compete with other retail property developers to acquire prime development sites. In addition, we compete with other retail property companies for tenants and qualified management.

Our international expansion may subject us to different or greater risk from those associated with our domestic operations.

We hold interests in joint venture properties that operate in Italy, Japan, Korea, and Mexico, and an interest in a joint venture property under development in Malaysia. We have a minority investment in two U.K. real estate companies. We may pursue additional expansion opportunities outside the United States. International development and ownership activities carry risks that are different from those we face with our domestic properties and operations. These risks include:

- adverse effects of changes in exchange rates for foreign currencies;
- changes in foreign political and economic environments, regionally, nationally, and locally;
- challenges of complying with a wide variety of foreign laws including corporate governance, operations, taxes, and litigation;
- differing lending practices;
- differences in cultures;
- changes in applicable laws and regulations in the United States that affect foreign operations;
- difficulties in managing international operations; and
- obstacles to the repatriation of earnings and cash.

Although our international activities currently are a relatively small portion of our business (international properties represented approximately 5.0% of the GLA of all of our properties at December 31, 2010), to the extent that we expand our international activities, these risks could increase in significance which in turn could adversely affect our results of operations and financial condition.

Some of our potential losses may not be covered by insurance.

We maintain insurance coverage with third party carriers who provide a portion of the coverage for specific layers of potential losses including commercial general liability, fire, flood, extended coverage and rental loss insurance on all of our properties in the United States. The initial portion of coverage not provided by third party carriers is

either insured through our wholly-owned captive insurance companies, Rosewood Indemnity, Ltd. and Bridgewood Insurance Company, Ltd., and other financial arrangements controlled by us. The third party carrier has, in turn, agreed to provide evidence of coverage for this layer of losses under the terms and conditions of the carrier's policy. A similar policy written through our captive insurance entities also provides initial coverage for property insurance and certain windstorm risks at the properties located in coastal windstorm locations.

There are some types of losses, including lease and other contract claims, which generally are not insured. If an uninsured loss or a loss in excess of insured limits occurs, we could lose all or a portion of the capital we have invested in a property, as well as the anticipated future revenue it could generate.

We currently maintain insurance coverage against acts of terrorism on all of our properties in the United States on an "all risk" basis in the amount of up to \$1 billion. The current federal laws which provide this coverage are expected to operate through 2014. Despite the existence of this insurance coverage, any threatened or actual terrorist attacks where we operate could adversely affect our property values, revenues, consumer traffic and tenant sales.

Risks Relating to Federal Income Taxes

The failure of either of our two REIT subsidiaries to maintain their qualifications as REITs would have adverse tax consequences to us, our unitholders, and Simon Property.

Simon Property and two of our subsidiaries have elected to qualify as a REIT. Qualification as a REIT for federal income tax purposes is governed by highly technical and complex provisions for which there are only limited judicial or administrative interpretations. If either of the REIT subsidiaries fails to comply with those provisions, and if available relief provisions do not apply:

- The REIT subsidiary will not be allowed a deduction for distributions to us in computing its taxable income;
- The REIT subsidiary will be subject to corporate level income tax, including any applicable alternative minimum tax, on its taxable income at regular corporate rates;
- Unless entitled to relief under relevant statutory provisions, the REIT subsidiary will also be disqualified from treatment as a REIT for the four taxable years following the year during which qualification was lost; and
- Simon Property would also fail to qualify as a REIT as a result of the REIT subsidiary's failure and the same adverse consequences would apply to it and its stockholders.

As a result, net income and funds available for distribution to our unitholders would be reduced for those years in which a REIT subsidiary fails to qualify as a REIT. Although we currently intend to operate the REIT subsidiaries so as to qualify each as a REIT, we cannot assure you we will succeed or that future economic, market, legal, tax or other considerations might cause us to revoke the REIT election of either of the REIT subsidiaries.

None.

Item 2. Properties

United States Properties

Our U.S. properties primarily consist of regional malls, Premium Outlets, The Mills, community/lifestyle centers, and other properties. These properties contain an aggregate of approximately 250.5 million square feet of gross leasable area, or GLA, of which we own approximately 159.5 million square feet. Total estimated retail sales at the properties in 2010 was in excess of \$60 billion.

Regional malls typically contain at least one traditional department store anchor or a combination of anchors and big box retailers with a wide variety of smaller stores connecting the anchors. Additional stores are usually located along the perimeter of the parking area. Our 161 regional malls are generally enclosed centers and range in size from approximately 400,000 to 2.4 million square feet of GLA. Our regional malls contain in the aggregate more than 18,300 occupied stores, including approximately 709 anchors, which are mostly national retailers. For comparative purposes, we separate the information in this section on the 16 regional malls acquired from The Mills Corporation in 2007, or the Mills Regional Malls, from the information on our other regional malls.

Premium Outlets generally contain a wide variety of designer and manufacturer stores located in open-air centers. Our 58 Premium Outlets range in size from approximately 150,000 to 850,000 square feet of GLA. The Premium Outlets are generally located near major metropolitan areas and tourist destinations including New York City, Los Angeles, Boston, Palm Springs, Orlando, Las Vegas, and Honolulu.

The Mills generally range in size from 1.0 million to 2.3 million square feet of GLA and are located in major metropolitan areas. They have a combination of traditional mall, outlet center, and big box retailers and entertainment uses. The Mills Regional Malls typically range in size from 800,000 to 1.3 million square feet of GLA and contain a wide variety of national retailers.

Community/lifestyle centers are generally unenclosed and smaller than our regional malls. Our 66 community/lifestyle centers generally range in size from approximately 100,000 to 950,000 square feet of GLA. Community/lifestyle centers are designed to serve a larger trade area and typically contain anchor stores and other national retail tenants, which occupy a significant portion of the GLA of the center. We also own traditional community shopping centers that focus primarily on value-oriented and convenience goods and services. These centers are usually anchored by a supermarket, discount retailer, or drugstore and are designed to service a neighborhood area. Finally, we own open-air centers adjacent to our regional malls designed to take advantage of the drawing power of the mall.

We also have interests in 17 other shopping centers or outlet centers. These properties range in size from approximately 85,000 to 1.0 million square feet of GLA, are considered non-core to our business model, and in total represent less than 1% of our total operating income before depreciation and amortization.

As of December 31, 2010, approximately 94.2% of the owned GLA in regional malls and Premium Outlets and the retail space of the other properties was leased, approximately 93.7% of the owned GLA for The Mills and 90.4% of owned GLA for the Mills Regional Malls was leased, and approximately 91.6% of owned GLA in the community/lifestyle centers was leased.

We hold a 100% interest in 218 of our properties, effectively control 19 properties in which we have a joint venture interest, and hold the remaining 101 properties through unconsolidated joint venture interests. We are the managing or co-managing general partner or member of 329 properties. Substantially all of our joint venture properties are subject to rights of first refusal, buy-sell provisions, or other sale rights for all partners which are customary in real estate partnership agreements and the industry. Our partners in our joint ventures may initiate these provisions (subject to any applicable lock up or similar restrictions) which will result in either the use of available cash or borrowings to acquire their partnership interest or the disposal of our partnership interest.

The following property table summarizes certain data for our regional malls and Premium Outlets, The Mills, the Mills Regional Malls and community/lifestyle centers located in the United States, including Puerto Rico, as of December 31, 2010.

FOOTNOTES:

- (1) This property is managed by a third party.
- (2) Our direct and indirect interests in some of the properties held as joint venture interests are subject to preferences on distributions in favor of other partners or us.
- (3) The date listed is the expiration date of the last renewal option available to the operating entity under the ground lease. In a majority of the ground leases, we have a right of first refusal or the right to purchase the lessor's interest. Unless otherwise indicated, each ground lease listed in this column covers at least 50% of its respective property.
- (4) Joint venture properties accounted for under the equity method.
- (5) Regional Malls—Executed leases for all company-owned GLA in mall stores, excluding majors. Premium Outlets—Executed leases for all company-owned GLA (or total center GLA). Community/Lifestyle Centers—Executed leases for all company-owned GLA including majors and mall stores.
- (6) Indicates anchor or major that is currently under development.
- (7) Indicates ground lease covers less than 50% of the acreage of this property.
- (8) Indicates vacant anchor space(s).
- (9) The lease at the Mall at Chestnut Hill includes the entire premises including land and building.
- (10) Indicates ground lease covers outparcel only.
- (11) Indicates vacant anchor owned by another company, but we still collect rent and/or fees under an agreement.
- (12) We receive substantially all the economic benefit of the property due to a preference or advance.
- (13) Outside partner receives substantially all of the economic benefit due to a partner preference.
- (14) We own a mortgage note that encumbers Pheasant Lane Mall that entitles us to 100% of the economics of this property.
- (15) Our indirect ownership interest is through an approximately 76% ownership interest in Kravco Simon Investments.
- (16) Indicates anchor or major tenant has announced its intent to close this location.
- (17) Mall & Freestanding GLA includes office space as follows:

<ul style="list-style-type: none"> Circle Centre Mall—192 sq. ft. Century III Mall—18,609 sq. ft. Clay Terrace—75,118 sq. ft. The Domain—132,881 sq. ft. Copley Place—867,301 sq. ft. - (18) Property temporarily closed due to flood damage which occurred during May 2010.

United States Lease Expirations

The following table summarizes lease expiration data for our regional malls and Premium Outlets located in the United States, including Puerto Rico, as of December 31, 2010. The data does not include information for The Mills, the Mills Regional Malls, or properties we acquired in 2010 in our acquisition of Prime. The data presented does not consider the impact of renewal options that may be contained in leases.

(1) Annual rental revenues represent 2010 consolidated and joint venture combined base rental revenue.

International Properties

Our ownership interests in properties outside the United States are primarily owned through joint venture arrangements. However, we have direct minority investments in certain real estate companies within the U.K. as further described below.

European Investments

Gallerie Commerciali Italia, S.p.A., or GCI, is a fully integrated European retail real estate developer, owner and manager of 45 properties in Italy. At December 31, 2010, we had a 49.0% ownership interest in GCI. Our properties in Italy consist primarily of hypermarket-anchored shopping centers. Substantially all of these properties are anchored by the hypermarket retailer Auchan, who is also our partner in GCI. Certain of the properties in Italy are subject to leaseholds whereby GCI leases all or a portion of the premises from a third party who is entitled to receive substantially all the economic benefits of that portion of the properties. Auchan is one of the two largest hypermarket operators in Europe. These centers comprise over 10.1 million square feet of GLA and were 97.2% leased as of December 31, 2010.

On July 15, 2010, we and our partner in Simon Ivanhoe, Ivanhoe Cambridge Inc., or Ivanhoe Cambridge, sold our collective interests in Simon Ivanhoe which owned seven shopping centers located in France and Poland to Unibail-Rodamco. The joint venture partners received net consideration of €422.5 million for their interests after the repayment of all joint venture debt, subject to certain post-closing adjustments. Our share of the gain on sale of our interests in Simon Ivanhoe was approximately \$281 million. A portion of the proceeds was used to repay the €167.4 million (approximately \$215 million) principal balance on the Euro-denominated tranche of our Credit Facility.

We and Ivanhoe Cambridge have the right to participate with Unibail-Rodamco in the potential development of up to five new retail projects in the Simon Ivanhoe pipeline, subject to customary approval rights. We will own a 25% interest in any of these projects in which we agree to participate.

Other International Investments

We also hold real estate interests in eight operating joint venture properties in Japan, one operating joint venture property in Mexico, one operating joint venture property and two joint venture properties under development in South Korea, and one joint venture property under development in Malaysia. The eight Japanese Premium Outlets operate in various cities throughout Japan and are held in a joint venture with Mitsubishi Estate Co., Ltd. These centers comprise over 2.5 million square feet of GLA and were 99.8% leased as of December 31, 2010.

The following summarizes our holdings in these international joint ventures and the underlying countries in which these joint ventures own and operate real estate properties as of December 31, 2010:

<u>Holdings</u>	<u>Ownership Interest</u>	<u>Properties open and operating</u>	<u>Countries of Operation</u>
Chelsea Japan Co. Ltd.	40.0%	8	Japan
Premium Outlets Punta Norte (Mexico City)	50.0%	1	Mexico
Yeoju Premium Outlets (Seoul)	50.0%	1	South Korea

In July 2010, we completed construction and opened a 62,000 square foot expansion at Toki Premium Outlets in Toki, Japan.

Prior to May 7, 2010 we held a minority interest in Liberty International, PLC, or Liberty, a U.K. Real Estate Investment Trust that operated regional shopping centers and owned other prime retail assets throughout the U.K. Effective May 7, 2010, Liberty completed a demerger in which it was separated into two companies, Capital Shopping Centres Group PLC, or CSCG, and Capital & Counties Properties PLC, or CAPC. Liberty shareholders acquired the same number of shares of CSCG and CAPC as they owned in Liberty. CSCG operates regional shopping centers and is the owner of other retail assets primarily located in the United Kingdom. CAPC is predominantly focused on property investment and development in central London. Our interest in CSCG and CAPC is adjusted to their quoted market price, including a related foreign exchange component. Our interests in CSCG and CAPC are less than 6% of their outstanding shares respectively.

The following property table summarizes certain data for our properties located in Europe, Japan, Mexico, and Korea at December 31, 2010.

FOOTNOTES:

- (1) All gross leasable area listed in square feet.
- (2) This property is held partially in fee and partially encumbered by a leasehold on the premise which entitles the lessor to the majority of the economics of the portion of the property subject to the leasehold.
- (3) These properties are encumbered by a leasehold on the entire premises which entitles the lessor the majority of the economics of the property.
- (4) GCI owns 100% of the shopping gallery at this center which consists of 177,600 sf of leaseable area. In addition, GCI owns a 40% interest in the retail parks at this center, which consist of 446,900 sf of leasable area.

Land

We have direct or indirect ownership interests in approximately 550 acres of land held in the United States for future development.

Sustainability and Energy Efficiency

Due to the size of our portfolio, we focus on energy efficiency as a core sustainability strategy. Through the continued use of energy conservation practices, energy efficiency projects, and continuous monitoring and reporting, we have reduced our energy consumption at comparable properties every year since 2003. As a result, excluding new developments and expansions, we reduced the electricity usage over which we have direct control by 295 million kWhs since 2003. This represents a 22% percent reduction in electricity usage across a portfolio of comparable properties and reflects an annual value of over \$34 million in avoided operating costs. Our documented reduction in greenhouse gas emissions resulting from our energy management efforts is 182,000 metric tons CO₂e.

In 2010, Simon Property was awarded *NAREIT's Leader in the Light Award* for the sixth year in a row and is the only company to have achieved the Leader in the Light distinction every single year since NAREIT launched the program in 2005. Simon Property was also included in the 2009 Carbon Disclosure Project's Global 500 Carbon Disclosure Leadership Index. The 2009 Carbon Disclosure Leadership Index highlights 50 companies worldwide that have displayed the most professional approach to corporate governance with respect to climate change disclosure practices. Simon Property was the only real estate company to be recognized.

Mortgage Financing on Properties

The following table sets forth certain information regarding the mortgages and other indebtedness encumbering our properties, and the properties held by our domestic and international joint venture arrangements, and also our unsecured corporate debt. Substantially all of the mortgage and property related debt is nonrecourse to us.

(Footnotes on following page)

(Footnotes for preceding pages)

- (1) Variable rate loans based on LIBOR plus interest rate spreads ranging from 70 bps to 450 bps. LIBOR as of December 31, 2010 was 0.26%.
- (2) Requires monthly payment of interest only.
- (3) Includes applicable extension available at the Applicable Borrower's option.
- (4) Loans secured by these three properties are cross-collateralized and cross-defaulted.
- (5) We have executed a swap agreement that fixes the interest rate on \$200 million of this loan at 4.35%.
- (6) Loans secured by these properties are cross-collateralized and cross-defaulted. Factory Stores of America includes Boaz, Georgetown, Graceville, Lebanon, Nebraska City and Story City.
- (7) Loans secured by these three properties are cross-collateralized and cross-defaulted.
- (8) Loan is secured by The Domain Shopping Center, Palms Crossing, and Shops at Arbor Walk and is cross-collateralized and cross-defaulted.
- (9) Loans secured by these three properties are cross-collateralized.
- (10) Loans secured by these four properties are cross-collateralized.
- (11) Associated with these loans are interest rate swap agreements that effectively fix the interest rate of the loans at the all-in rate presented.
- (12) Variable rate loans based on Yen LIBOR plus interest rate spreads ranging from 35 bps to 187.5 bps. Yen LIBOR as of December 31, 2010 was 0.1263%.
- (13) Lender also participates in a percentage of certain gross receipts above a specified base. This threshold was met and additional interest was paid in 2010.
- (14) Requires semi-annual payments of interest only.
- (15) \$3,900,000 Credit Facility. As of December 31, 2010, the Credit Facility bears interest at LIBOR + 210 basis points and provides for different pricing based upon our investment grade rating. As of December 31, 2010, \$3.0 billion was available after outstanding borrowings and letter of credits.
- (16) Amounts shown in USD equivalent. Euro equivalent is 709.1 million. Associated with these loans are interest rate swap agreements with a total combined Euro 587.7 million notional amount that effectively fixes Facility A and B, Giugliano, and a portion of Cinisello at 4.88%.
- (17) Amounts shown in USD equivalent. Won Equivalent is 79,228.0 million.
- (18) LIBOR + 1.780%, with LIBOR capped at 4.000%.
- (19) Redeemable beginning 3/30/11, pricing re-sets every 5 years based on an index of LIBOR + 2.45%.
- (20) Loans secured by these four properties are cross-collateralized and cross-defaulted.
- (21) Loans secured by these ten properties are cross-collateralized and cross-defaulted.
- (22) LIBOR + 3.000%, with LIBOR capped at 8.500%.
- (23) Our share of indebtedness for joint ventures excludes our share of indebtedness of \$146.4 million in joint venture entities in which GCI holds a non-controlling interest.
- (24) Through an interest rate floor agreement, the LIBOR rate is currently fixed at 1.50%.
- (25) The maturity date shown represents the anticipated maturity date of the loan which is typically 10-20 years earlier than the stated Maturity Date of the loan. Should the loan not be repaid at the anticipated repayment date the applicable interest rate shall increase as specified in the loan agreement.
- (26) Amounts shown in US Dollar Equivalent. Yen equivalent 35,330.3 million
- (27) LIBOR + 0.870%, with LIBOR capped at 4.000%.

- (28) Through an interest rate floor agreement, the LIBOR rate is currently fixed at 1.00%.
- (29) LIBOR + 1.950%, with LIBOR capped at 6.00%.
- (30) LIBOR + 4.500%, with LIBOR capped at 8.250%. Through an interest rate floor agreement, the LIBOR rate is currently fixed at 1.00%.
- (31) Variable rate loans based on 91 Day Korea CD rate plus interest rate spreads ranging from 290 bps to 340 bps. The 91 Day Korea CD rate as of December 31, 2010 was 2.80%.
- (32) Senior note was paid off on 1/20/11.
- (33) Amounts shown in US Dollar Equivalent. Balances include borrowings on multi-currency tranche of Yen 22,265.0 million.
- (34) Loans secured by these three properties are cross-collateralized and cross-defaulted.
- (35) Loans secured by these four properties are cross-collateralized and cross-defaulted.
- (36) Loans secured by these two properties are cross-collateralized and cross-defaulted.
- (37) Loans secured by these three properties are cross-collateralized.
- (38) We have executed a swap agreement that fixes the interest rate on \$245 million of this loan at 6.26%.
- (39) Loans secured by these three properties are cross-collateralized.
- (40) Senior note was paid off on 2/1/11.

The changes in consolidated mortgages and other indebtedness for the years ended December 31, 2010, 2009, 2008 are as follows:

	2010	2009	2008
Balance, Beginning of Year	\$18,630,302	\$18,042,532	\$17,218,674
Additions during period:			
New Loan Originations	3,709,910	2,073,874	1,833,677
Loans assumed in acquisitions	1,241,907	—	—
Net Premium	4,360	3,162	(7,192)
Deductions during period:			
Loan Retirements	(6,053,631)	(1,427,858)	(930,818)
Amortization of Net Premiums	(9,066)	(10,627)	(14,611)
Scheduled Principal Amortization	(50,022)	(50,781)	(57,198)
Balance, Close of Year	<u>\$17,473,760</u>	<u>\$18,630,302</u>	<u>\$18,042,532</u>

Item 3. Legal Proceedings

We are involved from time-to-time in various legal proceedings that arise in the ordinary course of our business, including, but not limited to commercial disputes, environmental matters, and litigation in connection with transactions including acquisitions and divestitures. We believe that such litigation, claims and administrative proceedings will not have a material adverse impact on our financial position or our results of operations. We record a liability when a loss is considered probable and the amount can be reasonably estimated.

Item 4. [Removed and Reserved.]

Part II

Item 5. Market for the Registrant's Common Equity, Related Stockholder Matters, and Issuer Purchases of Equity Securities

Market Information

There is no established trading market for our units or preferred units. The following table sets forth for the periods indicated, the distributions declared on our units:

	<u>Declared Distributions</u>
2009	
1 st Quarter	\$0.90
2 nd Quarter	0.60
3 rd Quarter	0.60
4 th Quarter	0.60
2010	
1 st Quarter	\$0.60
2 nd Quarter	0.60
3 rd Quarter	0.60
4 th Quarter	0.80

Holders

The number of holders of record of units was 266 as of February 25, 2011.

Distributions

We make distributions on our units in order to maintain Simon Property's qualification as a REIT. Simon Property is required each year to distribute to its stockholders at least 90% of its taxable income after certain adjustments. Future distributions will be determined at the discretion of Simon Property's Board of Directors based on actual results of operations, cash available for distribution, and what may be required to maintain Simon Property's status as a REIT.

On February 3, 2011, Simon Property's Board of Directors approved a quarterly common stock dividend of \$0.80 per share, payable all in cash. The distribution rate on our units is equal to the dividend rate on Simon Property's common stock. Distributions during 2010 aggregated \$2.60 per unit and were paid entirely in cash. Distributions during 2009, which aggregated to \$2.70 per unit, were paid in a combination of cash and units.

Unregistered Sales of Equity Securities

We did not issue any equity securities that were not required to be registered under the Securities Act of 1933, as amended, during the fourth quarter of 2010.

Temporary Equity

Holders of the Series I preferred units had the right to convert their Series I preferred units into units or exchange the preferred units for shares of Simon Property's Series I 6% Convertible Perpetual Preferred Stock from March 31, 2010 until the date the Series I preferred units were redeemed. The conversion right resulted from the closing sale price of Simon Property's common stock exceeding the applicable trigger price per share for a period of 20 trading days in the last 30 trading days of the prior quarter. Each Series I preferred unit was convertible into units at a conversion ratio of .847495.

On March 17, 2010, we announced that we would redeem all of the outstanding Series I preferred units on April 16, 2010. The redemption price was equal to the liquidation value per unit plus accumulated and unpaid distributions through the redemption date or \$50.4917 per unit.

Through the redemption date of April 16, 2010, we issued 6,670,589 units as a result of the conversion of 7,871,276 Series I preferred units. In addition, we issued 862,292 units to limited partners, as a result of the conversion of 1,017,480 Series I preferred units at a conversion ratio of .847495.

Item 6. Selected Financial Data

The following tables set forth selected financial data. The selected financial data should be read in conjunction with the financial statements and notes thereto and with Management's Discussion and Analysis of Financial Condition and Results of Operations. Other data we believe is important in understanding trends in our business is also included in the tables.

	As of or for the Year Ended December 31,				
	2010	2009	2008	2007	2006
	(in thousands, except per unit data)				
OPERATING DATA:

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion in conjunction with the consolidated financial statements and notes thereto that are included in this report.

Overview

Simon Property Group, L.P., is a Delaware limited partnership and the majority-owned subsidiary of Simon Property Group, Inc. In this discussion, the terms "Operating Partnership", "we", "us" and "our" refer to Simon Property Group, L.P. and its subsidiaries and the term "Simon Property" refers specifically to Simon Property Group, Inc.

We own, develop and manage retail real estate properties, which consist primarily of regional malls, Premium Outlets®, The Mills®, and community/lifestyle centers. As of December 31, 2010, we owned or held an interest in 338 income-producing properties in the United States, which consisted of 161 regional malls, 58 Premium Outlets, 66 community/lifestyle centers, 36 properties acquired in the 2007 acquisition of The Mills Corporation, or the Mills acquisition, and 17 other shopping centers or outlet centers in 41 states and Puerto Rico. Of the 36 properties acquired in the Mills portfolio, 16 of these properties are The Mills, 16 are regional malls, and four are community centers. Internationally, as of December 31, 2010, we had ownership interests in 45 European shopping centers in Italy, eight Premium Outlets in Japan, one Premium Outlet in Mexico, and one Premium Outlet in South Korea. On July 15, 2010, we and our joint venture partner sold our collective interests in Simon Ivanhoe S.à.r.l., or Simon Ivanhoe, which owned seven shopping centers located in France and Poland.

We generate the majority of our revenues from leases with retail tenants including:

- Base minimum rents,
- Overage and percentage rents based on tenants' sales volume, and
- Recoveries of substantially all of our recoverable expenditures, which consist of property operating, real estate taxes, repair and maintenance, and advertising and promotional expenditures.

Revenues of our management company, after intercompany eliminations, consist primarily of management fees that are typically based upon the revenues of the property being managed.

We seek growth in earnings, funds from operations, or FFO, and cash flows by enhancing the profitability and operation of our properties and investments. We seek to accomplish this growth through the following:

- Focusing on leasing to increase revenues and utilizing economies of scale to reduce operating expenses,
- Expanding and re-tenanting existing franchise locations at competitive market rates,
- Selectively acquiring high quality real estate assets or portfolios of assets, and
- Selling non-core assets.

We also grow by generating supplemental revenue from the following activities:

- Establishing our malls as leading market resource providers for retailers and other businesses and consumer-focused corporate alliances, including: payment systems (such as handling fees relating to the sales of bank-issued prepaid cards), national marketing alliances, static and digital media initiatives, business development, sponsorship, and events,
- Offering property operating services to our tenants and others, including waste handling and facility services, and the sale of energy,
- Selling or leasing land adjacent to our shopping center properties, commonly referred to as "outlots" or "outparcels," and
- Generating interest income on cash deposits and loans made to related entities.

We focus on high quality real estate across the retail real estate spectrum. We expand or modernize to enhance profitability and market share of existing assets when we believe the investment of our capital meets our risk-reward criteria. We selectively develop new properties in markets that exhibit strong population and economic growth.

We routinely review and evaluate acquisition opportunities based on their ability to complement our portfolio. Our international strategy includes partnering with established real estate companies and financing international investments with local currency to minimize foreign exchange risk.

To support our growth, we employ a three-fold capital strategy:

- Provide the capital necessary to fund growth,
- Maintain sufficient flexibility to access capital in many forms, both public and private, and
- Manage our overall financial structure in a fashion that preserves our investment grade credit ratings.

Results Overview

Diluted earnings per unit of limited partnership interest, or units, increased from \$1.05 in 2009 to \$2.10 in 2010. Significant factors contributing to the year-over-year change included:

- improved operating performance and core business fundamentals in 2010, coupled with fewer tenant bankruptcies and the recovery of amounts for which we had previously reserved,
- the effect of our acquisition and expansion activity, including the acquisition of Prime Outlets Acquisition Company, or Prime,
- a gain due to acquisition of controlling interest, sale or disposal of assets and interests in unconsolidated entities, net of \$321.0 million, or \$0.91 per diluted unit, primarily driven by the sale of our interest in Simon Ivanhoe in the third quarter of 2010,
- a \$350.7 million, or \$1.00 per diluted unit, debt extinguishment charge recorded during 2010 related to our two senior unsecured notes tender offers,
- transaction expenses of \$69.0 million, or \$0.19 per diluted unit, for costs incurred related to the Prime acquisition, other acquisition-related activities and the settlement of a transaction related dispute,
- in 2009, a \$140.5 million, or \$0.44 per diluted unit, other-than-temporary impairment charge related to our investment in Liberty International PLC, or Liberty, due to the significance and duration of the decline in quoted fair value, including related currency exchange component, below the carrying value of the securities,
- in 2009, a \$88.1 million, or \$0.27 per diluted unit, net of related tax benefit and noncontrolling interest share, non-cash impairment charge related to three underperforming assets, including one consolidated operating property and two joint venture assets, the write-off of certain predevelopment costs related to projects that we no longer plan to pursue due to economic conditions, and adjustments to carrying values for certain parcels of land, and
- in 2009, net losses related to the sale of assets and interests in unconsolidated entities of \$30.1 million, or \$0.09 per diluted unit.

Core business fundamentals during 2010 improved from the difficult economic environment that existed during 2009. Comparable sales per square foot, or psf, increased to \$494 psf, or 9.3%, for our regional malls and Premium Outlets. Average base rents increased 1.0% to \$38.87 psf as of December 31, 2010, from \$38.47 psf as of December 31, 2009. Leasing spreads remained positive as we were able to lease available square feet at higher rents than the expiring rental rates resulting in a leasing spread of \$1.15 psf as of December 31, 2010, representing a 3.0% increase over expiring rents. Occupancy was 94.2% as of December 31, 2010, as compared to 93.4% as of December 31, 2009, an increase of 80 basis points.

Internationally, on July 15, 2010, we and our partner in Simon Ivanhoe, Ivanhoe Cambridge, Inc., or Ivanhoe Cambridge, sold our collective interests in Simon Ivanhoe which owned seven shopping centers located in France and Poland to Unibail-Rodamco. The joint venture partners received net consideration of €422.5 million for their interests after the repayment of all joint venture debt, subject to certain post-closing adjustments. Our share of the gain on sale of our interests in Simon Ivanhoe was approximately \$281 million. A portion of the proceeds was used to repay the €167.4 million (approximately \$215 million) principal balance on the Euro-denominated tranche of our \$3.9 billion unsecured revolving credit facility, or the Credit Facility.

Our effective overall borrowing rate at December 31, 2010 decreased four basis points to 5.58% as compared to 5.62% at December 31, 2009. This decrease was primarily due to a \$1.3 billion decrease in our portfolio of fixed rate debt (\$14.8 billion at December 31, 2010 as compared to \$16.1 billion at December 31, 2009) partially offset by an increase in the effective overall borrowing rate on variable rate debt of 74 basis points (1.93% at December 31, 2010 as compared to 1.19% at December 31, 2009). The 74 basis point increase was a result of increased borrowing spreads and LIBOR floors. At December 31, 2010, the weighted average years to maturity of our consolidated indebtedness was approximately 5.9 years as compared to December 31, 2009 of approximately 4.1 years. Our financing activities for the year ended December 31, 2010, included:

- completing two separate cash tender offers for several outstanding series of senior unsecured notes. The first tender offer was for any and all senior unsecured notes of ten outstanding series with maturity dates ranging from January 2011 to March 2013. The total principal amount of the notes accepted for purchase on January 26, 2010 was approximately \$2.3 billion, with a weighted average duration of 2.0 years and a weighted coupon of 5.76%. We purchased the tendered notes with cash on hand and the proceeds from an offering of \$2.25 billion of senior unsecured notes which closed on January 25, 2010. The senior notes offering was comprised of \$400.0 million of 4.20% notes due 2015, \$1.25 billion of 5.65% notes due 2020 and \$600.0 million of 6.75% notes due 2040. The weighted average duration of the notes offering was 14.4 years and the weighted average coupon was 5.69%. We reported a \$165.6 million loss on extinguishment of debt in the first quarter of 2010 as a result of the tender offer.
- the second cash tender offer was for any and all unsecured notes of three outstanding series with maturity dates ranging from May 2013 to August 2014. The total principal amount of the notes accepted for purchase on August 17, 2010 was approximately \$1.33 billion, with a weighted average duration of 3.5 years and a weighted average coupon of 6.06%. We purchased the tendered notes with cash on hand and the proceeds from an offering of \$900.0 million of 4.375% senior unsecured notes which closed on August 16, 2010. The senior notes are due on March 1, 2021. We reported a \$185.1 million loss on extinguishment of debt in the third quarter of 2010 as a result of the tender offer.
- acquiring an outlet center located in Barceloneta, Puerto Rico from Prime on May 13, 2010 subject to an existing \$75.2 million variable-rate mortgage, which matures on May 1, 2014 and bears interest at a rate of LIBOR plus 225 basis points with a LIBOR floor of 1.50%.
- completing the acquisition of Prime on August 30, 2010, in which we acquired an additional 20 outlet centers subject to existing mortgage loans of approximately \$1.2 billion which bear interest at fixed rates ranging from 5.51% to 6.01% and mature at various dates throughout 2016.
- increasing our borrowings on our Credit Facility to \$858.6 million during the year ended December 31, 2010.
- redeeming a \$300.0 million maturing unsecured note which had a fixed rate of 4.875%.
- redeeming a \$400.0 million maturing unsecured note which had a fixed rate of 4.60%.
- redeeming a \$400.0 million maturing unsecured note which had a fixed rate of 4.875%.
- unencumbering five properties by repaying \$1.1 billion in mortgage loans with a weighted average interest rate of 4.35%.

United States Portfolio Data

The portfolio data discussed in this overview includes the following key operating statistics: occupancy; average base rent per square foot; and comparable sales per square foot for our domestic assets. We include acquired properties in this data beginning in the year of acquisition and remove properties sold in the year disposed. For comparative purposes, we separate the information below related to community/lifestyle centers, the properties acquired from the Mills Corporation in 2007, or the Mills, from our other U.S. operations. We also do not include any properties located outside of the United States. The following table sets forth these key operating statistics for:

- properties that are consolidated in our consolidated financial statements,
- properties we account for under the equity method of accounting as joint ventures, and
- the foregoing two categories of properties on a total portfolio basis.

	2010	%/Basis Points Change(1)	2009	%/Basis Points Change(1)	2008
U.S. Regional Malls and Premium Outlets(2):					
<i>Occupancy</i>					
Consolidated	94.8%	+80 bps	94.0%	– 50 bps	94.5%
Unconsolidated	92.4%	+100 bps	91.4%	– 50 bps	91.9%
Total Portfolio	94.2%	+80 bps	93.4%	– 40 bps	93.8%
<i>Average Base Rent per Square Foot</i>					
Consolidated	\$37.39	1.4%	\$36.88	5.8%	\$34.86
Unconsolidated	\$43.44	0.6%	\$43.19	2.8%	\$42.03
Total Portfolio	\$38.87	1.0%	\$38.47	4.9%	\$36.69
<i>Comparable Sales per Square Foot</i>					
Consolidated	\$ 483	9.3%	\$ 442	(5.6%)	\$ 468
Unconsolidated	\$ 530	9.7%	\$ 483	(7.6%)	\$ 523
Total Portfolio	\$ 494	9.3%	\$ 452	(5.8%)	\$ 480
The Mills®:					
<i>Occupancy</i>	<i>93.7%</i>	<i>– 20 bps</i>	<i>93.9%</i>	<i>– 60 bps</i>	<i>94.5%</i>
<i>Average Base Rent per Square Foot</i>	<i>\$19.86</i>	<i>1.2%</i>	<i>\$19.62</i>	<i>0.6%</i>	<i>\$19.51</i>
<i>Comparable Sales per Square Foot</i>	<i>\$ 391</i>	<i>6.0%</i>	<i>\$ 369</i>	<i>(0.8%)</i>	<i>\$ 372</i>
Mills Regional Malls:					
<i>Occupancy</i>	<i>90.4%</i>	<i>+110 bps</i>	<i>89.3%</i>	<i>190 bps</i>	<i>87.4%</i>
<i>Average Base Rent per Square Foot</i>	<i>\$34.97</i>	<i>(1.2%)</i>	<i>\$35.41</i>	<i>(4.3%)</i>	<i>\$36.99</i>
<i>Comparable Sales per Square Foot</i>	<i>\$ 408</i>	<i>7.4%</i>	<i>\$ 380</i>	<i>(9.1%)</i>	<i>\$ 418</i>
Community/Lifestyle Centers:					
<i>Occupancy</i>	<i>91.6%</i>	<i>+90 bps</i>	<i>90.7%</i>	<i>—</i>	<i>90.7%</i>
<i>Average Base Rent per Square Foot</i>	<i>\$13.38</i>	<i>(0.5%)</i>	<i>\$13.45</i>	<i>1.8%</i>	<i>\$13.25</i>

(1) Percentages may not recalculate due to rounding. Percentage and basis point changes are representative of the change from the comparable prior period.

(2) For comparative purposes, U.S. Regional Malls and Premium Outlets statistical data do not include the 21 Prime properties. As of December 31, 2010, Occupancy of these 21 acquired properties was 95.4%, Average Base Rent per Square Foot was \$24.75, and Sales per Square Foot were \$423.

Occupancy Levels and Average Base Rent per Square Foot. Occupancy and average base rent are based on gross leasable area, or GLA, owned by us in the regional malls, all tenants at the Premium Outlets, all tenants in the Mills portfolio, and all tenants at community/lifestyle centers.

Comparable Sales per Square Foot. Comparable sales include total reported retail tenant sales at owned GLA (for mall and freestanding stores with less than 10,000 square feet) in the regional malls and all reporting tenants at the Premium Outlets and the Mills. Retail sales at owned GLA affect revenue and profitability levels because sales determine the amount of minimum rent that can be charged, the percentage rent realized, and the recoverable expenses (common area maintenance, real estate taxes, etc.) that tenants can afford to pay.

International Property Data

The following are selected key operating statistics for certain of our international properties.

	2010	% Change	2009	% Change	2008
European Shopping Centers					
Occupancy	97.2%		95.9%		98.4%
Comparable Sales per Square Foot	€388	– 3.0%	€400	– 2.7%	€411
Average Rent per Square Foot	€26.27	– 16.4%	€31.41	4.3%	€30.11
International Premium Outlets(1)					
Occupancy	99.8%		99.6%		99.9%
Comparable Sales per Square Foot	¥89,139	– 5.6%	¥94,468	2.7%	¥92,000
Average Rent per Square Foot	¥4,766	1.1%	¥4,714	0.6%	¥4,685

(1) Does not include one center in Mexico (Premium Outlets Punta Norte) and one center in Korea (Yeoju Premium Outlets).

Critical Accounting Policies

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, or GAAP, requires management to use judgment in the application of accounting policies, including making estimates and assumptions. We base our estimates on historical experience and on various other assumptions believed to be reasonable under the circumstances. These judgments affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue, and expenses during the reporting periods. If our judgment or interpretation of the facts and circumstances relating to various transactions had been different, it is possible that different accounting policies would have been applied resulting in a different presentation of our financial statements. From time to time, we evaluate our estimates and assumptions. In the event estimates or assumptions prove to be different from actual results, adjustments are made in subsequent periods to reflect more current information. Below is a discussion of accounting policies that we consider critical in that they may require complex judgment in their application or require estimates about matters that are inherently uncertain. For a summary of our significant accounting policies, see Note 3 of the Notes to Consolidated Financial Statements.

- We, as a lessor, retain substantially all of the risks and benefits of ownership of the investment properties and account for our leases as operating leases. We accrue minimum rents on a straight-line basis over the terms of their respective leases. Substantially all of our retail tenants are also required to pay overage rents based on sales over a stated base amount during the lease year. We recognize overage rents only when each tenant's sales exceed its sales threshold.
- We review investment properties for impairment on a property-by-property basis whenever events or changes in circumstances indicate that the carrying value of investment properties may not be recoverable. These circumstances include, but are not limited to, declines in cash flows, occupancy and comparable sales per square foot at the property. We measure any impairment of investment property when the estimated undiscounted operating income before depreciation and amortization plus its residual value is less than the carrying value of the property. To the extent impairment has occurred, we charge to income the excess of carrying value of the property over its estimated fair value. We may decide to sell properties that are held for use and the sale prices of these properties may differ from their carrying values. We also review our investments including investments in unconsolidated entities if events or circumstances change indicating that the carrying amount of our investments may not be recoverable. We will record an impairment charge if we determine that a decline in the fair value of the investments below carrying value is other-than-temporary.
- To maintain Simon Property's qualification as a REIT under the Internal Revenue Code, Simon Property is required to distribute at least 90% of its taxable income in any given year and meet certain asset and income tests. Simon Property monitors its business and transactions that may potentially impact its REIT status. In the unlikely event that Simon Property fails to maintain its REIT status, and available relief provisions do not apply, then it would be required to pay federal income taxes at regular corporate income tax rates during the period it did not qualify as a REIT. If Simon Property lost its REIT status, it could not elect to be taxed as a REIT for four years unless its failure was due to reasonable cause and certain other conditions were met. As a result, failing to maintain REIT status would result in a significant increase in the income tax expense

recorded during those periods. This could adversely impact our ability to sell our debt securities and Simon Property's ability to sell its securities in the capital markets. We make distributions to our unitholders including Simon Property so that Simon Property can meet the REIT qualification requirements.

- We make estimates as part of our allocation of the purchase price of acquisitions to the various components of the acquisition based upon the fair value of each component. The most significant components of our allocations are typically the allocation of fair value to the buildings as-if-vacant, land and market value of in-place leases. In the case of the fair value of buildings and the allocation of value to land and other intangibles, our estimates of the values of these components will affect the amount of depreciation we record over the estimated useful life of the property acquired or the remaining lease term. In the case of the market value of in-place leases, we make our best estimates of the tenants' ability to pay rents based upon the tenants' operating performance at the property, including the competitive position of the property in its market as well as sales psf, rents psf, and overall occupancy cost for the tenants in place at the acquisition date. Our assumptions affect the amount of future revenue that we will recognize over the remaining lease term for the acquired in-place leases.
- A variety of costs are incurred in the development and leasing of properties. After determination is made to capitalize a cost, it is allocated to the specific component of a project that is benefited. Determination of when a development project is substantially complete and capitalization must cease involves a degree of judgment. The costs of land and buildings under development include specifically identifiable costs. The capitalized costs include pre-construction costs essential to the development of the property, development costs, construction costs, interest costs, real estate taxes, salaries and related costs and other costs incurred during the period of development. We consider a construction project as substantially completed and held available for occupancy and cease capitalization of costs upon opening.

Results of Operations

In addition to the activity discussed above in "Results Overview", the following acquisitions, dispositions, and property openings affected our consolidated results from continuing operations in the comparative periods:

- During 2010, we disposed of one regional mall, one community center, and one other retail property.
- On August 30, 2010, we completed our previously announced transaction to acquire 21 outlet centers from Prime, including a center located in Puerto Rico, which was acquired on May 13, 2010.
- On August 1, 2010, we acquired a controlling interest in a regional mall.
- During 2009, we disposed of one regional mall and three community centers.
- On August 6, 2009, we opened Cincinnati Premium Outlets, a 400,000 square foot outlet center located in Warren County, Ohio, north of Cincinnati.
- On April 23, 2009, we opened The Promenade at Camarillo Premium Outlets, a 220,000 square foot expansion located in Ventura County, north of Los Angeles.
- On November 13, 2008, we opened Jersey Shore Premium Outlets, a 435,000 square foot outlet center with 120 designer and name-brand outlet stores located in Tinton Falls, New Jersey.
- On November 6, 2008, we opened the second phase of Orlando Premium Outlets, a 114,000 square foot expansion that is 100% leased and adds 40 new merchants, located in Orlando, Florida.
- On May 1, 2008, we opened Pier Park, a 900,000 square foot, open-air retail center located in Panama City, Florida.
- On March 27, 2008, we opened Houston Premium Outlets, a 427,000 square foot outlet center located approximately 30 miles west of Houston in Cypress, Texas.

In addition to the activities discussed above and in "Results Overview", the following acquisitions, dispositions, and property openings affected our income from unconsolidated entities in the comparative periods:

- During 2010, we disposed of one other retail property.
- On July 15, 2010, we and our partner in Simon Ivanhoe, Ivanhoe Cambridge, sold our collective interests in Simon Ivanhoe which owned seven shopping centers located in France and Poland to Unibail-Rodamco.
- On May 28, 2010, we acquired an additional interest of approximately 19% in Houston Galleria, located in Houston, Texas thereby increasing our interest from 31.5% to 50.4%.
- On April 29, 2010, Gallerie Commerciali Italia, or GCI, one of our European joint ventures in which we hold a 49% ownership interest, sold its 40% interest in Porta di Roma for €71 million.
- On March 25, 2010, GCI opened Catania, a 642,000 square foot shopping center in Sicily, Italy.
- On March 2, 2010, GCI opened Argine, a 300,000 square foot shopping center in Naples, Italy.

- During 2009, we recognized a loss on our joint venture interests in our shopping centers in China. We sold our interests to affiliates of our Chinese partner for approximately \$29 million, resulting in a loss of approximately \$20 million.
- On July 9, 2009, Chelsea Japan Company, Ltd., or Chelsea Japan, the joint venture which operates the Japanese Premium Outlets in which we have a 40% ownership interest, opened Ami Premium Outlets located in Ami, Japan.
- On December 30, 2008, Cincinnati Mills, one of the properties we acquired in the Mills acquisition, was sold. We held a 50% interest the shopping center.
- On October 16, 2008, Chelsea Japan, opened Sendai-Izumi Premium Outlets located in Izumi Park Town, Japan. We hold a 40% ownership interest in Chelsea Japan.
- On August 25, 2008, GCI opened Monza, a 211,600 square foot shopping center in Monza, Italy.
- On June 5, 2008, we opened Changshu In City Plaza, a 487,000 square foot retail center located in Changshu, China. We held a 32.5% ownership interest in this center which was sold as part of the disposition of our interests in China.
- On May 2, 2008, we opened Hamilton Town Center, a 950,000 square foot open-air retail center in Noblesville, Indiana. We hold a 50% ownership interest in this center.

For the purposes of the following comparisons between the years ended December 31, 2010 and 2009 and the years ended December 31, 2009 and 2008, the above transactions are referred to as the property transactions. In the following discussions of our results of operations, “comparable” refers to properties open and operating throughout both the current and prior year.

During 2010, we disposed of three consolidated properties that had an aggregate carrying value net of any related debt obligations of \$0.1 million for aggregate sales proceeds of \$5.8 million, resulting in a net gain of \$5.7 million. The gain on disposition of these properties recognized in the consolidated statements of operations and the operating results of the properties that we sold or disposed of during 2010 were not significant to our consolidated results of operations. The following lists those consolidated properties we disposed of and the date of disposition:

<u>Property</u>	<u>Date of Disposition</u>
Crossroads Mall	March 4, 2010
Brightwood Plaza	March 30, 2010
Palm Beach Mall	March 31, 2010

During 2009, we disposed of four consolidated properties that had an aggregate net book value of \$13.7 million for aggregate sales proceeds of \$3.9 million, resulting in a net loss of \$9.8 million. The loss on disposition of these assets recognized in the consolidated statements of operations and the operating results of the properties that we sold or disposed of during 2009 were not significant to our consolidated results of operations. The following lists those consolidated properties we disposed of and the date of disposition:

<u>Property</u>	<u>Date of Disposition</u>
Knoxville Commons	November 2, 2009
Park Plaza	November 2, 2009
Eastland Plaza	October 30, 2009
Raleigh Springs Mall	October 15, 2009

In 2008 we had no consolidated property dispositions.

Year Ended December 31, 2010 vs. Year Ended December 31, 2009

Minimum rents increased \$112.7 million during the 2010 period, due to a \$80.9 million increase attributable to the property transactions and an increase in comparable rents of \$31.8 million, or 1.4%. The increase in comparable minimum rents was primarily attributable to a \$33.8 million increase in base minimum rents and a \$6.5 million increase in comparable rents from carts, kiosks, and other temporary tenants, partially offset by a \$4.8 million decline in the fair market value of in-place lease amortization and a \$3.7 million decrease in straight-line rents. Overage rents increased \$25.7 million, or 30.3%, as a result of an increase in tenant sales for the period as compared to the prior year.

Tenant reimbursements increased \$21.6 million, due to a \$24.5 million increase attributable to the property transactions, offset by a \$2.9 million, or 0.3%, decrease in the comparable properties as a result of a decrease in expenditures allocable to tenants paying common area maintenance on a proportionate basis.

Total other income increased \$25.3 million, principally as a result of the result of the following:

- an increase in lease settlement income of \$33.6 million due to a higher number of terminated leases in the period,
- an increase in interest income of \$10.1 million due to an increase in our available cash on deposit,
- offset by a \$12.4 million decrease in land sale activity, and
- a \$6.0 million decrease in net other activity.

Property operating expenses decreased \$11.4 million, or 2.69%, primarily related to lower costs resulting from our cost control and cost reduction initiatives and generally lower cost of utilities. An increase in property operating expenses in the fourth quarter related to the Prime properties was offset by more favorable claims experience by our captive insurance subsidiaries.

Depreciation and amortization expense decreased \$14.8 million due to the impact of the acceleration of depreciation in 2009 for certain properties scheduled for redevelopment, offset by an increase in 2010 of \$52.7 million related to the acquisition of the Prime properties and an increase related to openings and expansion activity.

The provision for credit losses decreased \$19.5 million due to a reduction in the number of tenants in default and a decrease in the number of tenants in bankruptcy proceedings compared to the same period in 2009. We also had strong collections of receivables which we had previously established reserves for due to uncertainty of payment.

During 2010, we incurred \$69.0 million in transaction expenses related to acquisitions, potential acquisitions, and the settlement of a transaction related dispute.

Interest expense increased \$35.0 million primarily related to our issuance of unsecured notes totaling \$3.2 billion in 2010 and \$1.8 billion during 2009 and the result of new or refinanced debt at several properties including debt associated with the Prime acquisition, offset by the purchase of unsecured notes in the January and August 2010 tender offers and mortgage loans which we repaid during the 2010 period.

During 2010, we incurred a loss on extinguishment of debt of \$350.7 million related to the two unsecured note tender offers.

Income tax expense (benefit) of taxable REIT subsidiaries increased \$7.0 million due to the recognition of a \$5.8 million tax benefit in 2009 related to the adjustment of the carrying value of our investment in an unconsolidated non-retail real estate entity.

Income from unconsolidated entities increased \$35.7 million primarily due to favorable results of operations over the prior period, the sale of a non-retail building in 2010, a property opening and expansion in Japan, a decrease in the provision for credit losses and interest savings, partially offset by the negative impact to operations of the flood at Opry Mills.

In 2010, we recognized an \$8.2 million impairment charge from an investment in an unconsolidated entity representing the impact of an impairment recorded on an investment property in Italy.

In 2010, we recorded a gain upon acquisition of a controlling interest and on the sale of interests in unconsolidated entities of \$321.0 million primarily due to our share of the gain on the sale of our interest in Simon Ivanhoe, the gain on the acquisition of a controlling interest in a regional mall previously accounted for under the equity method and the gain on sale of Porta di Roma by GCI.

Preferred unit distribution requirements decreased \$29.3 million as a result of the conversion and redemption of the remaining 6% Series I Convertible Perpetual Preferred Units, or Series I preferred units, to units or cash during 2010 and 2009.

Year Ended December 31, 2009 vs. Year Ended December 31, 2008

Minimum rents increased \$24.9 million in 2009, of which the property transactions accounted for \$27.3 million of the increase, offset by a decrease in comparable minimum rents of \$2.4 million, or 0.1%. The decrease in comparable minimum rents was primarily attributable to a \$15.4 million decline in the fair market value of in-place lease amortization and a \$12.6 million decrease in straight-line rents, offset by an increase in minimum rents of \$22.8 million and an increase in comparable rents from carts, kiosks, and other temporary tenants of \$2.8 million. Overage rents decreased \$15.3 million or 15.3%, as a result of a reduction in tenant sales for the period as compared to the prior year.

Tenant reimbursements decreased \$3.7 million, due to a \$14.8 million, or 1.4%, decrease in the comparable properties as a result of a decrease in expenditures allocable to tenants paying common area maintenance on a proportionate basis, offset by an \$11.1 million increase attributable to the property transactions.

Management fees and other revenues decreased \$8.4 million principally as a result of decreased earned premiums of our wholly-owned captive insurance entities and lower fee revenue due to the reduction in development, leasing and joint venture property refinancing activity.

Total other income decreased \$5.4 million, and was principally the result of the following:

- a \$15.4 million decrease in interest income primarily due to lower reinvestment rates and the lower rate applicable to our variable rate loan facility with SPG-FCM Ventures, LLC, or SPG-FCM, and
- a \$2.3 million decrease in net other activity, partially offset by
- a \$6.5 million increase in land sale activity primarily related to a land sale in the fourth quarter of 2009, and
- a \$5.8 million increase in lease settlement income.

Property operating expenses decreased \$30.2 million, or 6.6%, primarily related to lower utility costs resulting from our cost control and cost reduction initiatives.

Depreciation and amortization expense increased \$28.1 million due to the impact of prior year openings and expansion activity and acceleration of depreciation for certain properties scheduled for redevelopment.

Repairs and maintenance decreased \$16.1 million due to our cost savings efforts.

Home and regional office expense decreased \$34.8 million primarily due to decreased personnel costs attributable to our cost control initiatives and lower incentive compensation levels.

During 2009, we recognized a non-cash charge of \$140.5 million representing an other-than-temporary impairment in the fair value below the carrying value of our minority investment in Liberty. We recorded the charge to earnings due to the significance and duration of the decline in the total share price, including currency revaluations. In addition, we recorded impairment charges in 2009 of \$56.9 million related to one regional mall, certain parcels of land and certain predevelopment costs related to projects no longer being pursued. In 2008, we recognized an impairment of \$16.5 million primarily representing the write-down of a mall property to its estimated net realizable value and the write-off of predevelopment costs for various development opportunities which we no longer plan to pursue.

During 2009, we recorded \$5.7 million in transaction expenses related to costs associated with acquisition related activities. In accordance with the required adoption of a new accounting pronouncement effective January 1, 2009, all transaction costs are expensed as incurred and are no longer capitalized as a component of acquisition cost as prior accounting guidance permitted.

Interest expense increased \$44.9 million primarily related to our issuance of \$500 million of senior unsecured notes on August 11, 2009, \$600 million senior unsecured notes on May 15, 2009 and \$650 million senior unsecured notes on March 25, 2009, offset by decreased interest expense on our Credit Facility due to the payoff of the U.S. tranche and other property debt refinancings.

The 2008 period included a loss on extinguishment of debt of \$20.3 million in the second quarter of 2008 related to the redemption of \$200 million in remarketable debt securities. We extinguished the debt because the remarketing reset base rate was above the rate for 30-year U.S. Treasury securities at the date of redemption.

Income tax expense of taxable REIT subsidiaries decreased \$8.8 million due to the recognition of a \$5.8 million tax benefit in 2009 related to the adjustment of the carrying value of our investment in an unconsolidated non-retail real estate entity.

Income from unconsolidated entities increased \$8.0 million as a result of our 2008 joint venture openings and expansion activity, interest rate savings from favorable interest rates and debt refinancings, and additional depreciation provisions related to the finalization of purchase accounting on asset basis step-ups in the 2008 period associated with the acquisition of Mills, offset by the gain recognized in 2008 from our disposition of an investment holding of non-retail real estate adjacent to one of our regional mall operating properties.

In 2009, we recognized a \$42.7 million impairment charge representing our share of impairment charges recorded by unconsolidated entities and also impairment charges on our investment in certain unconsolidated entities for which we deemed the declines in value below our carrying amount other-than-temporary.

The loss on sale of assets and interests in unconsolidated entities of \$30.1 million in 2009 was the result of the sale of one regional mall, three community centers, and our 32.5% joint venture interests in our shopping centers operating or under development in China.

Preferred unit distribution requirements decreased \$20.5 million as a result of the conversion of preferred units to units during 2008.

Liquidity and Capital Resources

Because we generate revenues primarily from long-term leases, our financing strategy relies primarily on long-term fixed rate debt. We manage our floating rate debt to be at or below 15-25% of total outstanding indebtedness by negotiating interest rates for each financing or refinancing based on current market conditions. Floating rate debt currently comprises approximately 11.6% of our total consolidated debt at December 31, 2010. We also enter into interest rate protection agreements as appropriate to assist in managing our interest rate risk. We derive most of our liquidity from leases that generate positive net cash flow from operations and distributions of capital from unconsolidated entities that totaled \$2.0 billion during 2010. In addition, our Credit Facility provides an alternative source of liquidity as our cash needs vary from time to time.

Our balance of cash and cash equivalents decreased \$3.2 billion during 2010 to \$0.8 billion as of December 31, 2010. December 31, 2010 and 2009 balances include \$55.3 million and \$38.1 million, respectively, related to our co-branded gift card programs, which we do not consider available for general working capital purposes.

On December 31, 2010, we had available borrowing capacity of approximately \$3.0 billion under the Credit Facility, net of outstanding borrowings of \$858.6 million and letters of credit of \$33.3 million. For the year ended December 31, 2010, the maximum amount outstanding under the Credit Facility was \$862.2 million and the weighted average amount outstanding was approximately \$580.4 million. The weighted average interest rate was 2.20% for the year ended December 31, 2010.

We and/or Simon Property also have access to public capital markets and access to private equity from institutional investors at the property level.

Our business model requires us to regularly access the debt and equity capital markets to raise funds for acquisition and development activity, redevelopment capital, and to refinance maturing debt. We believe we have sufficient cash on hand and availability under our Credit Facility to address our debt maturities and capital needs through 2011.

As discussed further in “Financing and Debt” below, we conducted two cash tender offers for several outstanding series of unsecured notes during 2010. On January 12, 2010, we commenced a tender offer to purchase ten outstanding series of notes. We subsequently purchased \$2.3 billion of notes on January 26, 2010. The purchase of the notes was primarily funded with proceeds from the sale of \$2.25 billion of senior unsecured notes issued on January 25, 2010. Additionally, on August 9, 2010, we commenced a tender offer to purchase three outstanding series of notes. We subsequently purchased \$1.33 billion of tendered notes on August 17, 2010. The purchase of the notes was primarily funded with proceeds from the sale of \$900.0 million of senior unsecured notes issued on August 16, 2010. As a result of the tenders, we extended the weighted average duration of our senior unsecured notes portfolio from 6.8 years to 7.5 years and slightly decreased the weighted average interest rate.

Loans to SPG-FCM

As part of the Mills acquisition in 2007, we made loans to SPG-FCM and the Mills which were used by SPG-FCM and Mills to repay loans and other obligations of Mills. As of December 31, 2010 and 2009, the outstanding balance of our remaining loan to SPG-FCM was \$651.0 million and \$632.0 million, respectively. During 2010, 2009 and 2008, we recorded approximately \$9.9 million, \$9.3 million and \$15.3 million in interest income (net of inter-entity eliminations) related to this loan, respectively. We also recorded fee income, including fee income amortization related to up-front fees on those loans during 2010, 2009 and 2008 of approximately \$0.9 million, \$3.7 million and \$3.1 million (net of inter-entity eliminations), respectively, for providing refinancing services to Mills’ properties and SPG-FCM. The loan bears interest at a rate of LIBOR plus 275 basis points and matures on June 8, 2011, and can be extended for one year.

In conjunction with the Mills acquisition, we acquired a majority interest in two properties in which we previously held a 50% ownership interest (Town Center at Cobb and Gwinnett Place) and as a result we have consolidated these two properties at the date of acquisition.

In addition to the loans provided to SPG-FCM, we also provide management services to substantially all of the properties in which SPG-FCM holds an interest.

Cash Flows

Our net cash flow from operating activities and distributions of capital from unconsolidated entities totaled \$2.0 billion during 2010. In addition, we had net repayments from our debt financing and repayment activities in 2010 of \$2.4 billion and an additional \$350.7 million primarily related to premiums paid to par as a result of the cash tender offers for our senior notes. These activities are further discussed below in “Financing and Debt”. Also during 2010, we:

- paid unitholder distributions of \$910.5 million,
- paid preferred unit distributions totaling \$8.9 million,
- funded consolidated capital expenditures of \$256.3 million (includes development and other costs of \$38.7 million, renovation and expansion costs of \$96.1 million, and tenant costs and other operational capital expenditures of \$121.5 million),
- funded investments in unconsolidated entities of \$193.9 million,
- redeemed the remaining outstanding shares of Series I preferred units for \$11.0 million,
- invested in six mortgage and mezzanine loans secured by real estate with an aggregate carrying value of \$395.9 million at December 31, 2010, and
- acquired the 21 Prime outlet centers as further discussed in “Acquisitions and Dispositions” below.

In general, we anticipate that cash generated from operations will be sufficient to meet operating expenses, monthly debt service, recurring capital expenditures, and distributions to partners necessary to maintain Simon Property’s REIT qualification on a long-term basis. In addition, we expect to be able to obtain capital for nonrecurring capital expenditures, such as acquisitions, major building renovations and expansions, as well as for scheduled principal maturities on outstanding indebtedness, from:

- excess cash generated from operating performance and working capital reserves,
- borrowings on our Credit Facility,
- additional secured or unsecured debt financing, or
- additional equity raised in the public or private markets.

We expect to generate positive cash flow from operations in 2011, and we consider these projected cash flows in our sources and uses of cash. These cash flows are principally derived from retail tenants, many of whom have been and continue to be under some degree of economic stress. A significant deterioration in projected cash flows from operations could cause us to increase our reliance on available funds from our Credit Facility, curtail planned capital expenditures, or seek other additional sources of financing as discussed above.

Financing and Debt

Unsecured Debt

Our unsecured debt at December 31, 2010 consisted of approximately \$10.0 billion of our senior unsecured notes of and \$858.6 million outstanding under our Credit Facility. The Credit Facility has a borrowing capacity of \$3.9 billion and contains an accordion feature allowing the maximum borrowing capacity to expand to \$4.0 billion. The Credit Facility matures on March 31, 2013. The base interest on the Credit Facility is LIBOR plus 210 basis points and includes a facility fee of 40 basis points. The Credit Facility also includes a money market competitive bid feature, which allows participating lenders to bid on amounts outstanding at then current market rates of interest for up to 50% of amounts available under the facility. As of December 31, 2010, we are in compliance with all of the covenants of our unsecured debt.

During the year ended December 31, 2010, our borrowings under the Credit Facility increased primarily as a result of the Prime acquisition partially offset by the repayment of €167.4 million (approximately \$215 million) principal balance on the Euro-denominated tranche of our Credit Facility on July 23, 2010. The total outstanding balance of the Credit Facility as of December 31, 2010 was \$858.6 million, and the maximum outstanding balance during the year ended December 31, 2010 was \$862.2 million. During the year ended December 31, 2010, the weighted average outstanding balance on the Credit Facility was approximately \$580.4 million. The outstanding balance as of December 31, 2010 includes \$273.6 million (U.S. dollar equivalent) of Yen-denominated borrowings.

On January 12, 2010, we commenced a cash tender offer for any and all senior unsecured notes of ten outstanding series with maturity dates ranging from January 2011 to March 2013. The total principal amount of the notes accepted for purchase on January 26, 2010 was approximately \$2.3 billion, with a weighted average duration of 2.0 years and a weighted average coupon of 5.76%. We purchased the tendered notes with cash on hand and the proceeds from an offering of \$2.25 billion of senior unsecured notes that closed on January 25, 2010. The senior notes offering was comprised of \$400.0 million of 4.20% notes due 2015, \$1.25 billion of 5.65% notes due 2020 and \$600.0 million of 6.75% notes due 2040. The weighted average duration of the notes offering was 14.4 years and the weighted average coupon was 5.69%. We recorded a \$165.6 million charge to earnings in the first quarter of 2010 as a result of the tender offer.

On March 18, 2010, we repaid a \$300.0 million senior unsecured note which had a fixed rate of 4.875%.

On June 15, 2010, we repaid a \$400.0 million senior unsecured note which had a fixed rate of 4.60%.

On August 9, 2010, we commenced a cash tender offer for any and all senior unsecured notes of three outstanding series with maturity dates ranging from May 2013 to August 2014. The total principal amount of the notes accepted for purchase on August 17, 2010 was approximately \$1.33 billion, with a weighted average duration of 3.5 years and a weighted average coupon of 6.06%. We purchased the tendered notes with cash on hand and the proceeds from an offering of \$900.0 million of 4.375% senior unsecured notes that closed on August 16, 2010. The senior notes are due on March 1, 2021. We recorded a \$185.1 million charge to earnings in the third quarter of 2010 as a result of the tender offer.

On August 16, 2010, we repaid a \$400.0 million senior unsecured note which had a fixed rate of 4.875%.

Secured Debt

Total secured indebtedness was \$6.6 billion at December 31, 2010 and 2009. During the year ended December 31, 2010, we unencumbered five properties by repaying \$1.1 billion in mortgage loans with a weighted average interest rate of 4.35%.

On May 13, 2010, we acquired a property located in Barceloneta, Puerto Rico from Prime subject to an existing \$75.2 million mortgage loan. The loan matures on May 1, 2014 and bears interest at LIBOR plus 225 basis points with a LIBOR floor of 1.50%.

On August 30, 2010, we completed our acquisition of Prime and assumed existing mortgage loans of approximately \$1.2 billion which bear interest at fixed rates ranging from 5.51% and 6.01% and mature at various dates throughout 2016.

Summary of Financing

Our consolidated debt, adjusted to reflect outstanding derivative instruments, and the effective weighted average interest rates as of December 31, 2010, and 2009, consisted of the following (dollars in thousands):

Debt Subject to	Adjusted Balance as of December 31, 2010	Effective Weighted Average Interest Rate	Adjusted Balance as of December 31, 2009	Effective Weighted Average Interest Rate
Fixed Rate	\$15,471,545	6.05%	\$16,814,240	6.10%
Variable Rate	2,002,215	1.93%	1,816,062	1.19%
	<u>\$17,473,760</u>	<u>5.58%</u>	<u>\$18,630,302</u>	<u>5.62%</u>

As of December 31, 2010, we had \$692.5 million of notional amount fixed rate swap agreements that have a weighted average fixed pay rate of 2.79% and a weighted average variable receive rate of 0.51%. As of December 31, 2010, the net effect of these agreements effectively converted \$692.5 million of variable rate debt to fixed rate debt.

Contractual Obligations and Off-balance Sheet Arrangements: In regards to long-term debt arrangements, the following table summarizes the material aspects of these future obligations on our consolidated indebtedness as of December 31, 2010, and subsequent years thereafter (dollars in thousands) assuming the obligations remain outstanding through initial maturities:

	2011	2012 to 2013	2014 to 2016	After 2016	Total
Long Term Debt(1)	\$895,575	\$4,129,255	\$6,575,971	\$5,867,931	\$17,468,732
Interest Payments(2)	946,503	1,671,292	1,775,136	1,726,473	6,119,404
Consolidated Capital Expenditure Commitments	24,361	62,429	—	—	86,790
Consolidated Ground Lease Commitments(3)	25,717	52,187	80,481	913,332	1,071,717

(1) Represents principal maturities only and therefore, excludes net premiums of \$5,028.

(2) Variable rate interest payments are estimated based on the LIBOR rate at December 31, 2010.

(3) Represents only the minimum non-cancellable lease period, excluding applicable lease extension and renewal options.

Our off-balance sheet arrangements consist primarily of our investments in joint ventures which are common in the real estate industry and are described in Note 7 of the notes to the accompanying financial statements. Our joint ventures typically fund their cash needs through secured debt financings obtained by and in the name of the joint venture entity. The joint venture debt is secured by a first mortgage, is without recourse to the joint venture partners, and does not represent a liability of the partners, except to the extent the partners or their affiliates expressly guarantee the joint venture debt. As of December 31, 2010, we had guaranteed \$60.7 million of the total joint venture related mortgage or other indebtedness of \$6.6 billion then outstanding. We may elect to fund cash needs of a joint venture through equity contributions (generally on a basis proportionate to our ownership interests), advances or partner loans, although such fundings are not required contractually or otherwise.

Preferred Unit Activity

Holders of the Series I preferred units had the right to convert their Series I preferred units into units or exchange the preferred units for shares of Simon Property's Series I 6% Convertible Perpetual Preferred Stock from March 31, 2010 until the date the Series I preferred units were redeemed. The conversion right resulted from the closing sale price of Simon Property's common stock exceeding the applicable trigger price per share for a period of 20 trading days in the last 30 trading days of the prior quarter. Each Series I preferred unit was convertible into units at a conversion ratio of .847495.

On April 16, 2010, we redeemed all of the outstanding Series I preferred units. The redemption price was equal to the liquidation value per unit plus accumulated and unpaid distributions through the redemption date or \$50.4917 per unit.

Through the redemption date, we issued 6,670,589 units as a result of the conversion of 7,871,276 Series I preferred units. In addition, we issued 862,292 units to limited partners as a result of the conversion of 1,017,480 Series I preferred units at a conversion ratio of .847495.

Acquisitions and Dispositions

Buy-sell provisions are common in real estate partnership agreements. Most of our partners are institutional investors who have a history of direct investment in retail real estate. Our partners in our joint venture properties may initiate these provisions (subject to any applicable lock up or similar restrictions). If we determine it is in our unitholders' best interests for us to purchase the joint venture interest and we believe we have adequate liquidity to execute the purchase without hindering our cash flows, then we may initiate these provisions or elect to buy. If we decide to sell any of our joint venture interests, we expect to use the net proceeds to reduce outstanding indebtedness or to reinvest in development, redevelopment, or expansion opportunities.

Acquisitions. During 2010, we acquired a controlling interest in a regional mall which resulted in a remeasurement of our previously held equity interest to fair value and corresponding gain of approximately \$13.0 million. This gain is included in gain (loss) upon acquisition of controlling interest and on sale or disposal of assets and interests in unconsolidated entities, net in the accompanying consolidated statements of operations and comprehensive income.

On May 28, 2010, we acquired an additional interest of approximately 19% in Houston Galleria, located in Houston, Texas thereby increasing our interest from 31.5% to 50.4%.

On August 30, 2010, we completed our previously announced transaction to acquire 21 outlet centers from Prime, including a center located in Puerto Rico, which was acquired on May 13, 2010. The transaction was valued at approximately \$2.3 billion, including the assumption of existing mortgage indebtedness of \$1.2 billion and the repayment of \$310.7 million of preexisting mortgage loans at closing.

We paid consideration comprised of 80% cash and 20% in units. We issued approximately 1.7 million units with an issuance date fair value of approximately \$154.5 million. We funded the cash portion of this acquisition through draws on our Credit Facility.

Dispositions. We continue to pursue the disposition of properties that no longer meet our strategic criteria or that are not the primary retail venue within their trade area. During 2010, we disposed of one regional mall, one community center, two other retail properties, and our interest in eight international joint venture properties for an aggregate net gain of \$308.1 million.

Development Activity

New Domestic Developments. During 2010, we began construction on Merrimack Premium Outlets located in Merrimack, New Hampshire. This new center, which will be wholly owned by us, is expected to open in the first half of 2012. The estimated cost of this project is \$138 million, and the carrying amount of the construction in progress as of December 31, 2010 was \$37.6 million. Other than this project, our share of other 2010 new developments was not significant.

Domestic Expansions and Renovations. In addition to new development, we incur costs related to construction for significant renovation and expansion projects at our properties. In 2011 we expect to reinstitute our redevelopment and expansion initiatives which were previously reduced given the downturn in the economy. We expect our share of development costs for 2011 related to renovation or expansion initiatives to be approximately \$350 million. We expect to fund these capital projects with cash flows from operations.

Capital Expenditures on Consolidated Properties.

The following table summarizes total capital expenditures on consolidated properties on a cash basis:

	<u>2010</u>	<u>2009</u>	<u>2008</u>
New Developments and Other	\$ 39	\$160	\$327
Renovations and Expansions	96	159	432
Tenant Allowances	103	43	72
Operational Capital Expenditures	18	14	43
Total	<u>\$256</u>	<u>\$376</u>	<u>\$874</u>

International Development Activity. We typically reinvest net cash flow from our international investments to fund future international development activity. We believe this strategy mitigates some of the risk of our initial investment and our exposure to changes in foreign currencies. We have also funded our European investments with Euro-denominated borrowings that act as a natural hedge against local currency fluctuations. This has also been the case with our Premium Outlets in Japan and South Korea where we use Yen and Won denominated financing, respectively. Currently, our consolidated net income exposure to changes in the volatility of the Euro, Yen, Won, Peso and other foreign currencies is not material. We expect our share of international development costs for 2011 will be approximately \$90 million, primarily funded through reinvested joint venture cash flow and construction loans.

In March 2010, two European developments opened, adding approximately 942,000 square feet of GLA for a total net cost of approximately €221 million, of which our share was approximately €53 million, or \$64.8 million based on applicable Euro:USD exchange rates. Although we sold our joint venture interest in Simon Ivanhoe, we and Ivanhoe Cambridge have the right to participate with Unibail-Rodamco in the potential development of up to five new retail projects in the Simon Ivanhoe pipeline, subject to customary approval rights. We will own a 25% interest in any of these projects in which we agree to participate.

On July 14, 2010 Toki Premium Outlets Phase III, a 62,000 square foot expansion to the Toki Premium Outlet located in Toki, Japan, opened to the public. Currently Tosu Premium Outlets Phase III, a 52,000 square foot expansion to the Tosu Premium Outlet located in Fukuoka, Japan, is under construction. The combined projected net cost of these projects is JPY 5.3 billion, of which our share is approximately JPY 2.1 billion, or \$25.8 million based on applicable Yen:USD exchange rates.

Paju Premium Outlets, a 328,000 square foot center located in Seoul, South Korea, is under construction. The projected net cost of this project is KRW 121.2 billion, of which our share is approximately KRW 60.6 billion, or \$53.6 million based on applicable KRW:USD exchange rates.

We have a 50% joint venture investment in Malaysia. Currently, Johor Premium Outlets, a 173,000 square foot center located in Johor, Malaysia is under construction. The projected net cost of this project is MYR 153 million, of which our share is approximately MYR 77 million, or \$24.9 million based on applicable MYR:USD exchange rates.

Market Risk

Our exposure to market risk due to changes in interest rates primarily relates to our long-term debt obligations. We manage exposure to interest rate market risk through our risk management strategy by a combination of interest rate protection agreements to effectively fix or cap a portion of variable rate debt. We are also exposed to foreign currency risk on financings of certain foreign operations. Our intent is to offset gains and losses that occur on the underlying exposures, with gains and losses on the derivative contracts hedging these exposures. We do not enter into either interest rate protection or foreign currency rate protection agreements for speculative purposes.

We may enter into treasury lock agreements as part of an anticipated debt issuance. If the anticipated transaction does not occur, the cost is charged to consolidated net income. Upon completion of the debt issuance, the cost of these instruments is recorded as part of accumulated other comprehensive income and is amortized to interest expense over the life of the debt agreement.

Our future earnings, cash flows and fair values relating to financial instruments are dependent upon prevalent market rates of interest, primarily LIBOR. LIBOR was at historically low levels during 2010. Based upon consolidated indebtedness and interest rates at December 31, 2010, a 50 basis point increase in the market rates of interest would

decrease future earnings and cash flows by approximately \$10.0 million, and would decrease the fair value of debt by approximately \$374.7 million.

Distributions

Distributions during 2010 aggregated \$2.60 per unit and were paid entirely in cash. Distributions during 2009 aggregated \$2.70 per unit and were paid in a combination of cash and units. We must pay a minimum amount of distributions to maintain Simon Property's status as a REIT. Our distributions typically exceed our consolidated net income generated in any given year primarily because of depreciation, which is a "non-cash" expense. Future distributions will be determined by the Simon Property Board of Directors based on actual results of operations, cash available for distributions, cash reserves as deemed necessary for capital and operating expenditures, and the amount required to maintain Simon Property's status as a REIT.

Forward-Looking Statements

Certain statements made in this section or elsewhere in this report may be deemed "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Although we believe the expectations reflected in any forward-looking statements are based on reasonable assumptions, we can give no assurance that our expectations will be attained, and it is possible that our actual results may differ materially from those indicated by these forward-looking statements due to a variety of risks, uncertainties and other factors. Such factors include, but are not limited to: the impact of a prolonged recession, our ability to meet debt service requirements, the availability and terms of financing, changes in our credit rating, changes in market rates of interest and foreign exchange rates for foreign currencies, the ability to hedge interest rate risk, risks associated with the acquisition, development and expansion of properties, general risks related to retail real estate, the liquidity of real estate investments, environmental liabilities, changes in market rental rates, trends in the retail industry, relationships with anchor tenants, the inability to collect rent due to the bankruptcy or insolvency of tenants or otherwise, risks relating to joint venture properties, competitive market forces, risks related to international activities, insurance costs and coverage, terrorist activities, and maintenance of our status as a real estate investment trust. We discuss these and other risks and uncertainties under the heading "Risk Factors" in this Annual Report on Form 10-K. We may update that discussion in subsequent Quarterly Reports on Form 10-Q, but otherwise we undertake no duty or obligation to update or revise these forward-looking statements, whether as a result of new information, future developments, or otherwise.

Item 7A. Qualitative and Quantitative Disclosure About Market Risk

Please refer to the Management's Discussion and Analysis of Financial Condition and Results of Operations included in Item 7 under the caption Liquidity and Capital Resources.

Item 8. Financial Statements and Supplementary Data

Reference is made to the Index to Financial Statements contained in Item 15.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None.

Item 9A. Controls and Procedures

Evaluation of Disclosure Controls and Procedures. We carried out an evaluation under the supervision and with participation of Simon Property management, including the chief executive officer and chief financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this Annual Report on Form 10-K pursuant to Exchange Act Rule 13a-15. Based upon that evaluation, Simon Property management, including the chief executive officer and chief financial officer, concluded that our disclosure controls and procedures were effective as of December 31, 2010.

Changes in Internal Control Over Financial Reporting. There was no change in our internal control over financial reporting (as defined in Rule 13a-15(f)) that occurred during the fourth quarter of 2010 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Management's Report on Internal Control over Financial Reporting. We are responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting is defined in Rule 13a-15(f) or 15d-15(f) promulgated under the Securities Exchange Act of 1934 as a process designed by, or under the supervision of, Simon Property's Board of Directors, principal executive and principal financial officers and effected by Simon Property's management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with U.S. generally accepted accounting principles and includes those policies and procedures that:

- Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect our transactions and disposition of assets;
- Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with U.S. generally accepted accounting principles, and that our receipts and expenditures are being made only in accordance with authorizations of our management and directors; and
- Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

We assessed the effectiveness of our internal control over financial reporting as of December 31, 2010. In making this assessment, we used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control-Integrated Framework.

Based on that assessment, we believe that, as of December 31, 2010, our internal control over financial reporting is effective based on those criteria.

Report of Independent Registered Public Accounting Firm

The Board of Directors of Simon Property Group, Inc.
and The Partners of Simon Property Group, L.P.:

We have audited Simon Property Group, L.P. and Subsidiaries' internal control over financial reporting as of December 31, 2010 based on criteria established in Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). Simon Property Group, L.P. and Subsidiaries' management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Partnership's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Simon Property Group, L.P. and Subsidiaries maintained, in all material respects, effective internal control over financial reporting as of December 31, 2010, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of Simon Property Group, L.P. and Subsidiaries as of December 31, 2010 and 2009, and the related consolidated statements of operations and comprehensive income, equity and cash flows for each of the three years in the period ended December 31, 2010 of Simon Property Group, L.P. and Subsidiaries, and the financial statement schedule listed in the Index at Item 15, and our report dated March 11, 2011 expressed an unqualified opinion thereon.

Item 9B. Other Information

During the fourth quarter of the year covered by this report, the Audit Committee of Simon Property Group, Inc.'s Board of Directors approved certain non-audit tax compliance services to be provided by Ernst & Young, LLP, Simon Property's independent registered public accounting firm. This disclosure is made pursuant to Section 10A(i)(2) of the Securities Exchange Act of 1934, as added by Section 202 of the Sarbanes-Oxley Act of 2002.

Part III

Item 10. Directors, Executive Officers and Corporate Governance

We are a limited partnership and Simon Property is our sole general partner. We do not have any directors or executive officers or any equity securities registered under the Securities Exchange Act of 1934. Comparable information for Simon Property can be found in its periodic reports and proxy statements it files with the Securities and Exchange Commission.

Item 11. Executive Compensation

We are a limited partnership and Simon Property is our sole general partner. We do not have any directors or executive officers or any equity securities registered under the Securities Exchange Act of 1934. Comparable information for Simon Property can be found in its periodic reports and proxy statements it files with the Securities and Exchange Commission.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

We are a limited partnership and Simon Property is our sole general partner. We do not have any directors or executive officers or any equity securities registered under the Securities Exchange Act of 1934. Comparable information for Simon Property can be found in its periodic reports and proxy statements it files with the Securities and Exchange Commission.

Item 13. Certain Relationships and Related Transactions and Director Independence

We are a limited partnership and Simon Property is our sole general partner. We do not have any directors or executive officers or any equity securities registered under the Securities Exchange Act of 1934. Comparable information for Simon Property can be found in its periodic reports and proxy statements it files with the Securities and Exchange Commission.

Item 14. Principal Accountant Fees and Services

The Audit Committee of Simon Property's Board of Directors pre-approves all audit and permissible non-audit services to be provided by Ernst & Young LLP, or Ernst & Young, our independent registered public accounting firm, prior to commencement of services. The Audit Committee has delegated to the Chairman of the Audit Committee the authority to pre-approve specific services up to specified individual and aggregate fee amounts. These pre-approval decisions are presented to the full Audit Committee at the next scheduled meeting after such approvals are made. We have incurred fees as shown below for services from Ernst & Young as our independent registered public accounting firm. Ernst & Young has advised us that it has billed or will bill these indicated amounts for the following categories of services for the years ended December 31, 2010 and 2009, respectively:

	2010	2009
Audit Fees (1)	\$2,465,000	\$2,853,000
Audit-Related Fees (2)	4,954,000	5,119,000
Tax Fees (3)	351,000	777,000
All Other Fees	—	—

- (1) Audit Fees include fees for the audit of the financial statements and the effectiveness of internal control over financial reporting for us, Simon Property, and certain of our subsidiaries and services associated with Securities and Exchange Commission registration statements, periodic reports, and other documents issued in connection with securities offerings.
- (2) Audit-Related Fees include audits of individual properties and schedules of recoverable common area maintenance costs to comply with lender, joint venture partner or tenant requirements and accounting consultation and due diligence services. Our share of these Audit-Related Fees for the years ended 2010 and 2009 are approximately 47% and 46%, respectively.
- (3) Tax Fees include fees for international and other tax consulting services. Tax Fees also include return compliance services associated with the tax returns for The Mills Corporation and related subsidiaries and joint ventures. Our share of these fees for 2010 and 2009 is approximately 51% and 75%, respectively.

Report of Independent Registered Public Accounting Firm

The Board of Directors of Simon Property Group, Inc.
and The Partners of Simon Property Group, L.P.:

We have audited the accompanying consolidated balance sheets of Simon Property Group, L.P. and Subsidiaries as of December 31, 2010 and 2009, and the related consolidated statements of operations and comprehensive income, equity and cash flows for each of the three years in the period ended December 31, 2010. Our audit also included the financial statement schedule listed in the Index at Item 15. These financial statements and schedule are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Simon Property Group, L.P. and Subsidiaries at December 31, 2010 and 2009, and the consolidated results of their operations and their cash flows for each of the three years in the period ended December 31, 2010, in conformity with U.S. generally accepted accounting principles. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), Simon Property Group, L.P. and Subsidiaries' internal control over financial reporting as of December 31, 2010, based on criteria established in Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated March 11, 2011, expressed an unqualified opinion thereon.

The accompanying notes are an integral part of these statements.

Simon Property Group, L.P. and Subsidiaries

Notes to Consolidated Financial Statements

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

1. Organization

Simon Property Group, L.P. is a Delaware limited partnership and the majority-owned subsidiary of Simon Property Group, Inc. In these notes to consolidated financial statements, the terms “Operating Partnership”, “we”, “us” and “our” refer to Simon Property Group, L.P., and its subsidiaries and the term “Simon Property” refers to Simon Property Group, Inc. Simon Property is a self-administered and self-managed real estate investment trust, or REIT, under the Internal Revenue Code of 1986, as amended, or the Code. According to our partnership agreement, we are required to pay all expenses of Simon Property.

We own, develop and manage retail real estate properties, which consist primarily of regional malls, Premium Outlets®, The Mills®, and community/lifestyle centers. As of December 31, 2010, we owned or held an interest in 338 income-producing properties in the United States, which consisted of 161 regional malls, 58 Premium Outlets, 66 community/lifestyle centers, 36 properties acquired in the 2007 acquisition of The Mills Corporation, or the Mills acquisition, and 17 other shopping centers or outlet centers in 41 states and Puerto Rico. Of the 36 properties acquired in the Mills portfolio, 16 of these properties are The Mills, 16 are regional malls, and four are community centers. Internationally, as of December 31, 2010, we had ownership interests in 45 European shopping centers in Italy, eight Premium Outlets in Japan, one Premium Outlet in Mexico, and one Premium Outlet in South Korea. On July 15, 2010, we and our joint venture partner sold our collective interests in Simon Ivanhoe S.à.r.l., or Simon Ivanhoe, which owned seven shopping centers located in France and Poland.

We generate the majority of our revenues from leases with retail tenants including:

- Base minimum rents,
- Overage and percentage rents based on tenants’ sales volume, and
- Recoveries of substantially all of our recoverable expenditures, which consist of property operating, real estate taxes, repair and maintenance, and advertising and promotional expenditures.

Revenues of our management company, after intercompany eliminations, consist primarily of management fees that are typically based upon the revenues of the property being managed.

We also generate supplemental revenue from the following activities:

- Establishing our malls as leading market resource providers for retailers and other businesses and consumer-focused corporate alliances including payment systems (such as handling fees relating to the sales of bank-issued prepaid cards), national marketing alliances, static and digital media initiatives, business development, sponsorship, and events,
- Offering property operating services to our tenants and others, including waste handling and facility services, and the sale of energy,
- Selling or leasing land adjacent to our shopping center properties, commonly referred to as “outlots” or “outparcels,” and
- Generating interest income on cash deposits, loans made to related entities and loans held for investment.

2. Basis of Presentation and Consolidation

The accompanying consolidated financial statements include the accounts of all majority-owned subsidiaries, and all significant intercompany amounts have been eliminated.

We consolidate properties that are wholly owned or properties where we own less than 100% but we control. Control of a property is demonstrated by, among other factors, our ability to refinance debt and sell the property without the consent of any other partner or owner and the inability of any other partner or owner to replace us.

We also consolidate a variable interest entity, or VIE, when we are determined to be the primary beneficiary. On January 1, 2010, we adopted the amendment on the accounting and disclosure requirements for the consolidation of VIEs. This amendment requires an enterprise to perform a qualitative analysis when determining whether or not it must consolidate a VIE. The amendment also requires an enterprise to continuously reassess whether it must

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

2. Basis of Presentation and Consolidation (Continued)

consolidate a VIE. Additionally, the amendment requires enhanced disclosures about an enterprise's involvement with VIEs and any significant change in risk exposure due to that involvement, as well as how its involvement with VIEs impacts the enterprise's financial statements. Finally, an enterprise will be required to disclose significant judgments and assumptions used to determine whether or not to consolidate a VIE. The adoption of this amendment did not have a significant impact on our financial position, results of operations, or cash flows.

Determination of the primary beneficiary of a VIE is based on whether an entity (1) has the power to direct activities that most significantly impact the economic performance of the VIE and (2) has the obligation to absorb losses or the right to receive benefits of the VIE that could potentially be significant to the VIE. Our determination of the primary beneficiary of a VIE considers all relationships between us and the VIE, including management agreements and other contractual arrangements. There have been no changes during 2010 in conclusions about whether an entity qualifies as a VIE or whether we are the primary beneficiary of any previously identified VIE. During 2010, we did not provide financial or other support to a previously identified VIE that we were not previously contractually obligated to provide.

Investments in partnerships and joint ventures represent our noncontrolling ownership interests in properties. We account for these investments using the equity method of accounting. We initially record these investments at cost and we subsequently adjust for net equity in income or loss, which we allocate in accordance with the provisions of the applicable partnership or joint venture agreement, and cash contributions and distributions. The allocation provisions in the partnership or joint venture agreements are not always consistent with the legal ownership interests held by each general or limited partner or joint venture investee primarily due to partner preferences. We separately report investments in joint ventures for which accumulated distributions have exceeded investments in and our share of net income of the joint ventures within cash distributions and losses in partnerships and joint ventures, at equity in the consolidated balance sheets. The net equity of certain joint ventures is less than zero because of financing or operating distributions that are usually greater than net income, as net income includes non-cash charges for depreciation and amortization.

As of December 31, 2010, we consolidated 218 wholly-owned properties and 19 additional properties that are less than wholly-owned, but which we control or for which we are the primary beneficiary. We account for the remaining 156 properties, or joint venture properties, using the equity method of accounting. We manage the day-to-day operations of 92 of the 156 joint venture properties, but have determined that our partner or partners have substantive participating rights in regards to the assets and operations of these joint venture properties. Our investments in joint ventures in Europe, Japan, Mexico and Korea comprise 55 of the remaining 64 properties. The international properties are managed by joint ventures in which we share oversight responsibility with our partner. Additionally, we account for our investment in SPG-FCM Ventures, LLC, or SPG-FCM, which acquired The Mills Corporation and its wholly-owned subsidiary, The Mills Limited Partnership, or collectively Mills, in April 2007, using the equity method of accounting. We have determined that SPG-FCM is not a VIE and that Farallon Capital Management, L.L.C., our joint venture partner, has substantive participating rights with respect to the assets and operations of SPG-FCM pursuant to the applicable partnership agreements.

We allocate our net operating results after preferred distributions based on our partners' respective weighted average ownership. Simon Property owns a majority of our common units of partnership interest, or units, and certain series of our preferred units of partnership interest, or preferred units, which have terms comparable to outstanding shares of Simon Property preferred stock. Simon Property's weighted average ownership interest in us was as follows:

	For the Year Ended December 31,		
	2010	2009	2008
Weighted average ownership interest	83.2%	82.4%	79.8%

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

2. Basis of Presentation and Consolidation (Continued)

As of December 31, 2010 and 2009, Simon Property's ownership interest was 82.9% and 83.2%, respectively. We adjust the limited partners' interest at the end of each period to reflect their respective interests in us.

Preferred unit requirements in the accompanying consolidated statements of operations and cash flows represent distributions on outstanding preferred units at the time of declaration of partnership interests held by limited partners.

Reclassifications

We made certain reclassifications of prior period amounts in the consolidated financial statements to conform to the 2010 presentation. These reclassifications had no impact on previously reported net income attributable to common unitholders or earnings per unit.

3. Summary of Significant Accounting Policies

Investment Properties

We record investment properties at cost. Investment properties include costs of acquisitions; development, predevelopment, and construction (including allocable salaries and related benefits); tenant allowances and improvements; and interest and real estate taxes incurred during construction. We capitalize improvements and replacements from repair and maintenance when the repair and maintenance extends the useful life, increases capacity, or improves the efficiency of the asset. All other repair and maintenance items are expensed as incurred. We capitalize interest on projects during periods of construction until the projects are ready for their intended purpose based on interest rates in place during the construction period. The amount of interest capitalized during each year is as follows:

	For the Year Ended December 31,		
	2010	2009	2008
Capitalized interest	\$3,715	\$14,502	\$27,847

We record depreciation on buildings and improvements utilizing the straight-line method over an estimated original useful life, which is generally 10 to 40 years. We review depreciable lives of investment properties periodically and we make adjustments when necessary to reflect a shorter economic life. We amortize tenant allowances, tenant inducements and tenant improvements utilizing the straight-line method over the term of the related lease or occupancy term of the tenant, if shorter. We record depreciation on equipment and fixtures utilizing the straight-line method over seven to ten years.

We review investment properties for impairment on a property-by-property basis whenever events or changes in circumstances indicate that the carrying value of investment properties may not be recoverable. These circumstances include, but are not limited to, declines in cash flows, occupancy and comparable sales per square foot at the property. We measure any impairment of investment property when the estimated undiscounted operating income before depreciation and amortization plus its residual value is less than the carrying value of the property. To the extent impairment has occurred, we charge to income the excess of carrying value of the property over its estimated fair value. We estimate fair value using unobservable data such as operating income, estimated capitalization rates, or multiples, leasing prospects and local market information. We may decide to sell properties that are held for use and the sale prices of these properties may differ from their carrying values. We also review our investments including investments in unconsolidated entities if events or circumstances change indicating that the carrying amount of our investments may not be recoverable. We will record an impairment charge if we determine that a decline in the fair value of the investments is other-than-temporary.

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

3. Summary of Significant Accounting Policies (Continued)

Certain of our real estate assets contain asbestos. The asbestos is appropriately contained, in accordance with current environmental regulations, and we have no current plans to remove the asbestos. If these properties were demolished, certain environmental regulations are in place which specify the manner in which the asbestos must be handled and disposed. Because the obligation to remove the asbestos has an indeterminable settlement date, we are not able to reasonably estimate the fair value of this obligation.

Purchase Accounting Allocation

We allocate the purchase price of acquisitions to the various components of the acquisition based upon the fair value of each component which may be derived from various observable or unobservable inputs and assumptions. Also, we may utilize third party valuation specialists. These components typically include buildings, land and intangibles related to in-place leases and we estimate:

- the fair value of land and related improvements and buildings on an as-if-vacant basis.
- the market value of in-place leases based upon our best estimate of current market rents and amortize the resulting market rent adjustment into revenues.
- the value of costs to obtain tenants, including tenant allowances and improvements and leasing commissions.
- the value of revenue and recovery of costs foregone during a reasonable lease-up period, as if the space was vacant.

Amounts allocated to building are depreciated over the estimated remaining life of the acquired building or related improvements. We amortize amounts allocated to tenant improvements, in-place lease assets and other lease-related intangibles over the remaining life of the underlying leases. We also estimate the value of other acquired intangible assets, if any, which are amortized over the remaining life of the underlying related intangibles.

Discontinued Operations

We reclassify any material operations and gains or losses on disposal related to consolidated properties sold during the period to discontinued operations. There were no consolidated assets sold during 2008. During 2009, we reported a net loss of approximately \$9.8 million upon the sale of four consolidated assets. During 2010, we reported a net gain of approximately \$5.7 million upon the sale of one regional mall, one community center, and two other retail properties. These gains and losses are reported in gain (loss) upon acquisition of controlling interest, and on sale of assets and interests in unconsolidated entities, net in the consolidated statements of operations and comprehensive income. The gains and losses on the disposition of these assets and the operating results were not significant to our consolidated results of operations.

Cash and Cash Equivalents

We consider all highly liquid investments purchased with an original maturity of 90 days or less to be cash and cash equivalents. Cash equivalents are carried at cost, which approximates fair value. Cash equivalents generally consist of commercial paper, bankers acceptances, Eurodollars, repurchase agreements, and money markets. Our gift card programs are administered by banks. We collect gift card funds at the point of sale and then remit those funds to the banks for further processing. As a result, cash and cash equivalents, as of December 31, 2010 and 2009, includes a balance of \$55.3 million and \$38.1 million, respectively, related to these gift card programs which we do not consider available for general working capital purposes. Financial instruments that potentially subject us to concentrations of credit risk include our cash and cash equivalents and our trade accounts receivable. We place our cash and cash equivalents with institutions with high credit quality. However, at certain times, such cash and cash equivalents may be in excess of FDIC and SIPC insurance limits. See Notes 4, 8, and 10 for disclosures about non-cash investing and financing transactions.

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

3. Summary of Significant Accounting Policies (Continued)

Marketable and Non-Marketable Securities

Marketable securities consist primarily of the investments of our captive insurance subsidiaries, available-for-sale securities, our deferred compensation plan investments, and certain investments held to fund the debt service requirements of debt previously secured by investment properties that have been sold.

The types of securities included in the investment portfolio of our captive insurance subsidiaries typically include U.S. Treasury or other U.S. government securities as well as corporate debt securities with maturities ranging from less than 1 to 10 years. These securities are classified as available-for-sale and are valued based upon quoted market prices or other observable inputs when quoted market prices are not available. The amortized cost of debt securities, which approximates fair value, held by our captive insurance subsidiaries is adjusted for amortization of premiums and accretion of discounts to maturity. Changes in the values of these securities are recognized in accumulated other comprehensive income (loss) until the gain or loss is realized or until any unrealized loss is deemed to be other-than-temporary. We review any declines in value of these securities for other-than-temporary impairment and consider the severity and duration of any decline in value. To the extent an other-than-temporary impairment is deemed to have occurred, an impairment charge is recorded and a new cost basis is established. Subsequent changes are then recognized through other comprehensive income (loss) unless another other-than-temporary impairment is deemed to have occurred.

Our investment in shares of Liberty International PLC, or Liberty, was also accounted for as an available-for-sale security. During 2009, we recognized a non-cash charge of \$140.5 million, or \$0.44 per diluted share, representing an other-than-temporary impairment in fair value below the carrying value of our investment in Liberty. At June 30 and December 31, 2009, we owned 35.4 million shares at a weighted average original cost per share of £5.74. As of June 30 and December 31, 2009, Liberty's quoted market price was £3.97 and £5.15 per share, respectively. As a result of the significance and duration of the decline in the total share price at June 30, 2009, including currency revaluations, we deemed the decline in value as other-than-temporary impairment establishing a new cost basis of our investment in Liberty. As a result, changes in available-for-sale securities and other in the 2009 consolidated statement of operations and comprehensive income include the reclassification of \$140.5 million from accumulated other comprehensive loss to earnings related to this non-cash charge. Prior to the quarter ending June 30, 2009, the changes in value of our Liberty investment were reflected in other comprehensive income. Effective July 1, 2009, we resumed marking to market our Liberty investment through other comprehensive income.

Effective May 7, 2010, Liberty completed a demerger in which it was separated into two companies, Capital Shopping Centres Group PLC, or CSCG, and Capital & Counties Properties PLC, or CAPC. Liberty shareholders acquired the same number of shares of CSCG and CAPC as they owned in Liberty. Our interests in CSCG and CAPC are adjusted to their quoted market price, including a related foreign exchange component. At December 31, 2010, we owned 35.4 million shares of CSCG at a carrying value of £3.03 per share, and 35.4 million shares of CAPC at a carrying value of £0.94 per share. The market value of our investments in CSCG and CAPC was \$228.4 million and \$82.4 million, respectively, at December 31, 2010. Our aggregate unrealized gain on these investments was approximately \$79.0 million at December 31, 2010. The carrying value of our investment in Liberty at December 31, 2009 was \$290.0 million with an unrealized gain of \$58.2 million.

Our insurance subsidiaries are required to maintain statutory minimum capital and surplus as well as maintain a minimum liquidity ratio. Therefore, our access to these securities may be limited. Our deferred compensation plan investments are classified as trading securities and are valued based upon quoted market prices. The investments have a matching liability as the amounts are fully payable to the employees that earned the compensation. Changes in value of these securities and changes to the matching liability to employees are both recognized in earnings and, as a result, there is no impact to consolidated net income. As of December 31, 2010 and December 31, 2009, we also had investments of \$24.9 million and \$51.7 million, respectively, which must be used to fund the debt service requirements of mortgage debt related to investment properties that previously collateralized the debt. These investments are

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

3. Summary of Significant Accounting Policies (Continued)

classified as held-to-maturity and are recorded at amortized cost as we have the ability and intent to hold these investments to maturity.

At December 31, 2010 and 2009, we had an investment of \$72.4 million and \$70 million, respectively, in a non-marketable security that we account for under the cost method. We regularly evaluate this investment for any other-than-temporary decline in its estimated fair value.

Total net unrealized gains as of December 31, 2010 and December 31, 2009 were approximately \$79.3 million and \$59.4 million, respectively, and represented the valuation and related currency adjustments for our available-for-sale marketable securities. As of December 31, 2010, we do not consider any declines in value of any of our marketable and non-marketable securities to be an other-than-temporary impairment, as these market value declines, if any, have existed for a short period of time, and, in the case of debt securities, we have the ability and intent to hold these securities to maturity.

Fair Value Measurements

We hold marketable securities that total \$511.3 million and \$464.1 million at December 31, 2010 and December 31, 2009, respectively, and are considered to have Level 1 fair value inputs. In addition, we have derivative instruments which are classified as having Level 2 inputs which consist primarily of interest rate swap agreements and foreign currency forward contracts with a gross liability balance of \$27.6 million and \$13.0 million at December 31, 2010 and December 31, 2009, respectively, and a nominal asset value at December 31, 2010 and 2009. We also have interest rate cap agreements with a nominal asset value. Level 1 fair value inputs are quoted prices for identical items in active, liquid and visible markets such as stock exchanges. Level 2 fair value inputs are observable information for similar items in active or inactive markets, and appropriately consider counterparty creditworthiness in the valuations. Level 3 fair value inputs reflect our best estimate of inputs and assumptions market participants would use in pricing an asset or liability at the measurement date. The inputs are unobservable in the market and significant to the valuation estimate. Note 8 includes discussion of the fair value of debt measured using level 1 and level 2 inputs. Note 4 includes discussion of fair values recorded in purchase accounting and impairment determination using level 2 and level 3 inputs. Level 3 inputs to our purchase accounting and impairment calculations include our estimations of net operating results of the property, capitalization rates and discount rates.

Use of Estimates

We prepared the accompanying consolidated financial statements in accordance with accounting principles generally accepted in the United States, or GAAP. GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses during the reported period. Our actual results could differ from these estimates.

Segment Disclosure

Our primary business is the ownership, development, and management of retail real estate. We have aggregated our retail operations, including regional malls, Premium Outlets, The Mills, and community/lifestyle centers, into one reportable segment because they have similar economic characteristics and we provide similar products and services to similar types of tenants.

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

3. Summary of Significant Accounting Policies (Continued)

Deferred Costs and Other Assets

Deferred costs and other assets include the following as of December 31:

	<u>2010</u>	<u>2009</u>
Deferred financing and lease costs, net	\$ 298,674	\$ 265,906
In-place lease intangibles, net	150,199	13,900
Acquired above market lease intangibles, net	12,466	19,424
Marketable securities of our captive insurance companies	90,963	75,703
Goodwill	20,098	20,098
Other marketable securities	420,356	388,427
Loans held for investment	395,934	—
Prepays, notes receivable and other assets, net	406,749	372,129
	<u>\$1,795,439</u>	<u>\$1,155,587</u>

Deferred Financing and Lease Costs

Our deferred costs consist primarily of financing fees we incurred in order to obtain long-term financing and internal and external leasing commissions and related costs. We record amortization of deferred financing costs on a straight-line basis over the terms of the respective loans or agreements. Our deferred leasing costs consist primarily of capitalized salaries and related benefits in connection with lease originations. We record amortization of deferred leasing costs on a straight-line basis over the terms of the related leases. Details of these deferred costs as of December 31 are as follows:

	<u>2010</u>	<u>2009</u>
Deferred financing and lease costs	\$ 461,315	\$ 417,975
Accumulated amortization	(162,641)	(152,069)
Deferred financing and lease costs, net	<u>\$ 298,674</u>	<u>\$ 265,906</u>

We report amortization of deferred financing costs, amortization of premiums, and accretion of discounts as part of interest expense. Amortization of deferred leasing costs is a component of depreciation and amortization expense. We amortize debt premiums and discounts, which are included in mortgages and other indebtedness, over the remaining terms of the related debt instruments. These debt premiums or discounts arise either at the debt issuance or as part of the purchase price allocation of the fair value of debt assumed in acquisitions. The accompanying consolidated statements of operations and comprehensive income include amortization as follows:

	<u>For the Year Ended December 31,</u>		
	<u>2010</u>	<u>2009</u>	<u>2008</u>
Amortization of deferred financing costs	\$27,806	\$ 20,408	\$ 17,044
Amortization of debt premiums, net of discounts	(9,066)	(10,627)	(14,701)
Amortization of deferred leasing costs	34,801	32,744	31,674

Loans Held for Investment

From time to time, we may make investments in mortgage loans or mezzanine loans of entities that own and operate commercial real estate assets located in the United States. Mortgage loans are secured, in part, by mortgages recorded against the underlying properties. Mezzanine loans are secured, in part, by pledges of ownership interests of

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

3. Summary of Significant Accounting Policies (Continued)

the entities that own the underlying real estate. Loans held for investment are carried at cost, net of any premiums or discounts which are accreted or amortized over the life of the related loan receivable utilizing the effective interest method. We evaluate the collectability of both interest and principal of each of our loans quarterly to determine whether the value has been impaired. A loan is deemed to be impaired when, based on current information and events, it is probable that we will be unable to collect all amounts due according to the existing contractual terms. When a loan is impaired, the amount of the loss accrual is calculated by comparing the carrying amount of the loan held for investment to its estimated realizable value.

At December 31, 2010, we had investments in six mortgage and mezzanine loans secured by retail real estate with an aggregate carrying value of \$395.9 million. These loans mature at various dates through October 2012 with a weighted average maturity of approximately 13 months. Certain of these loans require interest-only payments while others require payments of interest and principal based on a 30 year amortization. Interest rates on these loans are fixed between 5.5% and 7.0% with a weighted average interest rate of approximately 5.9% and approximate market rates for instruments of similar quality and duration. During 2010, we recorded \$4.6 million in interest income earned from loans held for investment. Payments on each of these loans were current as of December 31, 2010.

Intangible Assets

The average life of in-place lease intangibles is approximately 6.6 years and is amortized over the remaining life of the leases of the related property on the straight-line basis and is included with depreciation and amortization in the consolidated statements of operations and comprehensive income. The amount of in-place lease intangibles increased during 2010 as a result of the acquisition of Prime Outlets Acquisition Company, or Prime, as further discussed in Note 4. The fair market value of above and below market leases is amortized into revenue over the remaining lease life as a component of reported minimum rents. The weighted average remaining life of these intangibles is approximately 3.6 years. The unamortized amount of below market leases is included in accounts payable, accrued expenses, intangibles and deferred revenues in the consolidated balance sheets and was \$39.0 million and \$60.9 million as of December 31, 2010 and 2009, respectively. The amount of amortization of above and below market leases, net for the years ended December 31, 2010, 2009, and 2008 was \$15.2 million, \$20.0 million, and \$35.4 million, respectively. If a lease is terminated prior to the original lease termination, any remaining unamortized intangible is charged to earnings.

Details of intangible assets as of December 31 are as follows:

	<u>2010</u>	<u>2009</u>
In-place lease intangibles	\$211,541	\$ 90,183
Accumulated amortization	(61,342)	(76,283)
In-place lease intangibles, net	\$150,199	\$ 13,900
Acquired above market lease intangibles	\$104,690	\$104,690
Accumulated amortization	(92,224)	(85,266)
Acquired above market lease intangibles, net	\$ 12,466	\$ 19,424

Simon Property Group, L.P. and Subsidiaries

Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

3. Summary of Significant Accounting Policies (Continued)

Estimated future amortization, and the increasing (decreasing) effect on minimum rents for our above and below market leases as of December 31, 2010 are as follows:

	Below Market Leases	Above Market Leases	Increase to Minimum Rent, Net
2011	\$15,713	\$ (4,909)	\$10,804
2012	10,703	(3,703)	7,000
2013	6,555	(2,592)	3,963
2014	2,824	(1,119)	1,705
2015	1,690	(115)	1,575
Thereafter	1,473	(28)	1,445
	<u>\$38,958</u>	<u>\$(12,466)</u>	<u>\$26,492</u>

Derivative Financial Instruments

We record all derivatives on the balance sheet at fair value. The accounting for changes in the fair value of derivatives depends on the intended use of the derivative, whether we have elected to designate a derivative in a hedging relationship and apply hedge accounting and whether the hedging relationship has satisfied the criteria necessary to apply hedge accounting. We use a variety of derivative financial instruments in the normal course of business to manage or hedge the risks associated with our indebtedness and interest payments. Our objectives in using interest rate derivatives are to add stability to interest expense and to manage our exposure to interest rate movements. To accomplish this objective, we primarily use interest rate swaps and caps. We require that hedging derivative instruments be highly effective in reducing the risk exposure that they are designated to hedge. As a result, there was no significant ineffectiveness from any of our derivative activities during the period. We formally designate any instrument that meets these hedging criteria as a hedge at the inception of the derivative contract. We have no credit-risk-related hedging or derivative activities.

As of December 31, 2010, we had the following outstanding interest rate derivatives related to interest rate risk:

Interest Rate Derivative	Number of Instruments	Notional Amount
Interest Rate Swaps	4	\$692.5 million
Interest Rate Caps	3	\$385.0 million

The carrying value of our interest rate swap agreements, at fair value, is included within other liabilities and was \$19.5 million and \$13.0 million at December 31, 2010 and December 31, 2009, respectively. At December 31, 2009, we also had interest rate swaps with a carrying value of \$0.3 million reported within deferred costs and other assets. The interest rate cap agreements were of nominal value at December 31, 2010 and December 31, 2009 and we generally do not apply hedge accounting to these arrangements. The total gross accumulated other comprehensive loss related to our derivative activities, including our share of the other comprehensive loss from joint venture properties, approximated \$40.1 million and \$52.3 million as of December 31, 2010 and 2009, respectively.

We are also exposed to fluctuations in foreign exchange rates on financial instruments which are denominated in foreign currencies, primarily in Japan and Europe. We use currency forward contracts to manage our exposure to changes in foreign exchange rates on certain Yen and Euro-denominated receivables and net investments. Currency forward contracts involve fixing the Yen-USD or Euro-USD exchange rate for delivery of a specified amount of foreign currency on a specified date. The currency forward contracts are typically cash settled in US dollars for their fair value at or close to their settlement date. We entered into Yen-USD forward contracts during 2009 for approximately ¥3 billion that we expect to receive through April 2011 at an average exchange rate of 97.1 JPY:USD. We entered into

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

3. Summary of Significant Accounting Policies (Continued)

Yen-USD forward contracts during 2010 for an additional ¥1.7 billion that we expect to receive through October 2012 at an average exchange rate of 89.0 JPY:USD. Approximately ¥1.8 billion remains as of December 31, 2010 the aggregate of the 2009 and 2010 contracts. The December 31, 2010 liability balance related to these forwards was \$2.1 million and is included in other liabilities and accrued distributions. We have reflected the changes in fair value for these forward contracts in earnings. The underlying currency adjustments on the foreign-denominated receivables are also reflected in income and generally offset the amounts in earnings for these forward contracts. We entered into two Euro-USD forward contracts during 2010 with an aggregate €200.0 million notional value maturing on June 30, 2011 which were designated as net investment hedges. The December 31, 2010 liability balance related to these forwards was \$6.0 million and is included in other liabilities and accrued distributions. We apply hedge accounting and the changes in fair value for these Euro forward contracts are reflected in other comprehensive income (loss). Changes in the value of these hedges are offset by changes in the underlying hedged Euro-denominated joint venture investment.

Noncontrolling Interests and Temporary Equity

In addition to noncontrolling redeemable interests in properties, we classify our 6% Series I Convertible Perpetual Preferred Units, or Series I preferred units, and our 7.5% Cumulative Redeemable Preferred Units, or 7.5% preferred units, in temporary equity due to the possibility that we could be required to redeem the securities for cash. Prior to their redemption, as further discussed in Note 10, the holders of the Series I preferred units had the ability to redeem this series of preferred units for cash upon the occurrence of a change in control event, which included a change in the majority of the directors on Simon Property's Board of Directors, or the Board, that occurs over a two year period. Such a change in Board composition could be deemed outside of our control. For the 7.5% preferred units, the redemption of preferred units requires the delivery of fully registered shares of Simon Property common stock. The previous and current carrying amounts of both of these series of preferred units are equal to their liquidation value, which is the amount payable upon the occurrence of any event that could potentially result in cash settlement.

Our evaluation of the appropriateness of classifying the units held by Simon Property and limited partners within permanent equity considered several significant factors in determining the appropriate classification of those units in the consolidated balance sheets. First, as a limited partnership, all routine decisions relating to our operations and distributions are made by Simon Property, acting as our sole general partner. The decisions of the general partner are made by the Board and Simon Property's management. We have no other governance structure. Secondly, the sole asset of Simon Property is its interest in us. As a result, a share of Simon Property common stock (if owned by us) is best characterized as being similar to a treasury share and thus not an asset of the Operating Partnership.

Limited partners have the right under our partnership agreement to exchange their units for shares of Simon Property common stock or cash as selected by the general partner. Accordingly, we classify limited partner units in permanent equity because we have the unrestricted ability to issue shares of Simon Property common stock to limited partners exercising their exchange rights rather than using cash or other assets. Under our partnership agreement, we are required to redeem units held by Simon Property only when Simon Property has redeemed shares of its common stock. We classify units held by Simon Property in permanent equity because the decision to redeem those units would be made through our governance structure, with Simon Property making the decision on our behalf.

Net income attributable to noncontrolling interests (which includes nonredeemable noncontrolling interests in consolidated properties) is a component of consolidated net income. In addition, the individual components of other comprehensive income (loss) are presented in the aggregate for both controlling and noncontrolling interests, with the portion attributable to noncontrolling interests deducted from comprehensive income (loss) attributable to unitholders.

Simon Property Group, L.P. and Subsidiaries

Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

3. Summary of Significant Accounting Policies (Continued)

A rollforward of noncontrolling interests for the years ending December 31 is as follows:

	<u>2010</u>	<u>2009</u>	<u>2008</u>
Noncontrolling nonredeemable deficit interests in properties, net — beginning of period	\$(167,778)	\$(150,810)	\$(141,251)
Net income attributable to noncontrolling nonredeemable interests	10,640	5,496	11,091
Distributions to noncontrolling nonredeemable interestholders	(24,835)	(25,176)	(25,753)
Issuance of unit equivalents and other	1,058	2,712	5,103
Noncontrolling nonredeemable deficit interests in properties, net — end of period	<u>\$(180,915)</u>	<u>\$(167,778)</u>	<u>\$(150,810)</u>

Accumulated Other Comprehensive Income (Loss)

The components of our accumulated other comprehensive income (loss) consisted of the following as of December 31:

	<u>2010</u>	<u>2009</u>
Cumulative translation adjustments	\$(31,358)	\$(10,768)
Accumulated derivative losses, net	(40,069)	(52,345)
Net unrealized gains on marketable securities, net	79,292	59,358
Total accumulated other comprehensive income (loss)	<u>\$ 7,865</u>	<u>\$ (3,755)</u>

Revenue Recognition

We, as a lessor, retain substantially all of the risks and benefits of ownership of the investment properties and account for our leases as operating leases. We accrue minimum rents on a straight-line basis over the terms of their respective leases. Substantially all of our retail tenants are also required to pay overage rents based on sales over a stated base amount during the lease year. We recognize overage rents only when each tenant's sales exceed the applicable sales threshold.

We structure our leases to allow us to recover a significant portion of our property operating, real estate taxes, repairs and maintenance, and advertising and promotion expenses from our tenants. A substantial portion of our leases, other than those for anchor stores, require the tenant to reimburse us for a substantial portion of our operating expenses, including common area maintenance, or CAM, real estate taxes and insurance. This significantly reduces our exposure to increases in costs and operating expenses resulting from inflation. Such property operating expenses typically include utility, insurance, security, janitorial, landscaping, food court and other administrative expenses. We accrue reimbursements from tenants for recoverable portions of all these expenses as revenue in the period the applicable expenditures are incurred. As of December 31, 2010 for approximately 84% of our leases in the U.S. regional mall portfolio, we receive a fixed payment from the tenant for the CAM component. Without the fixed-CAM component, CAM expense reimbursements are based on the tenant's proportionate share of the allocable operating expenses and CAM capital expenditures for the property. We also receive escrow payments for these reimbursements from substantially all our non-fixed CAM tenants and monthly fixed CAM payments throughout the year. We recognize differences between estimated recoveries and the final billed amounts in the subsequent year. These differences were not material in any period presented. Our advertising and promotional costs are expensed as incurred.

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

3. Summary of Significant Accounting Policies (Continued)

Management Fees and Other Revenues

Management fees and other revenues are generally received from our unconsolidated joint venture properties as well as third parties. Management fee revenue is earned based on a contractual percentage of joint venture property revenue. Development fee revenue is earned on a contractual percentage of hard costs to develop a property. Leasing fee revenue is earned on a contractual per square foot charge based on the square footage of current year leasing activity. We recognize revenue for these services provided when earned based on the underlying activity.

Insurance premiums written and ceded are recognized on a pro-rata basis over the terms of the policies. Insurance losses are reflected in property operating expenses in the accompanying consolidated statements of operations and comprehensive income and include estimates for losses incurred but not reported as well as losses pending settlement. Estimates for losses are based on evaluations by third-party actuaries and management's best estimates. Total insurance reserves for our insurance subsidiaries and other self-insurance programs as of December 31, 2010 and 2009 approximated \$116.2 million and \$117.2 million, respectively, and are included in other liabilities and accrued distributions in the consolidated balance sheets. Information related to the securities included in the investment portfolio of our captive insurance subsidiaries is included within the "Marketable and Non-Marketable Securities" section above.

We recognize fee revenues from our co-branded gift card programs when the fees are earned under the related arrangements with the card issuer. Generally, these revenues are recorded at the issuance of the gift card for handling fees.

Allowance for Credit Losses

We record a provision for credit losses based on our judgment of a tenant's creditworthiness, ability to pay and probability of collection. In addition, we also consider the retail sector in which the tenant operates and our historical collection experience in cases of bankruptcy, if applicable. Accounts are written off when they are deemed to be no longer collectible. Presented below is the activity in the allowance for credit losses and includes the activities related to discontinued operations during the following years:

	For the Year Ended December 31,		
	2010	2009	2008
Balance, beginning of period	\$ 45,187	\$ 44,650	\$ 33,810
Consolidation of previously unconsolidated entities	426	—	—
Provision for credit losses	3,130	22,655	24,037
Accounts written off, net of recoveries	(17,093)	(22,118)	(13,197)
Balance, end of period	<u>\$ 31,650</u>	<u>\$ 45,187</u>	<u>\$ 44,650</u>

Income Taxes

As a partnership, the allocated share of our income or loss for each year is included in the income tax returns of the partners; accordingly, no accounting for income taxes is required in the accompanying consolidated financial statements. State income, franchise or other taxes were not significant in any of the periods presented.

Simon Property and two of our subsidiaries are taxed as REITs under Sections 856 through 860 of the Internal Revenue Code and applicable Treasury regulations relating to REIT qualification. In order to maintain this REIT status, the regulations require each REIT to distribute at least 90% of its taxable income to stockholders and meet certain other asset and income tests as well as other requirements. We intend to continue to make distributions to Simon Property to assist Simon Property in meeting the asset and income tests and other REIT requirements in order to allow it to adhere to these requirements and maintain its REIT status. Our subsidiary REIT entities will generally

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

3. Summary of Significant Accounting Policies (Continued)

not be liable for federal corporate income taxes as long as they continue to distribute in excess of 100% of their taxable income. Thus, we made no provision for federal income taxes for these entities in the accompanying consolidated financial statements. If Simon Property or either of our REIT subsidiaries fail to qualify as a REIT, Simon Property or that entity will be subject to tax at regular corporate rates for the years in which it failed to qualify. If Simon Property or either of our REIT subsidiaries lost its REIT status, it could not elect to be taxed as a REIT for four years unless its failure to qualify was due to reasonable cause and certain other conditions were satisfied.

Simon Property has also elected taxable REIT subsidiary, or TRS, status for some of our subsidiaries. This enables us to provide services that would otherwise be considered impermissible for REITs and participate in activities that do not qualify as “rents from real property”. For these entities, deferred tax assets and liabilities are established for temporary differences between the financial reporting basis and the tax basis of assets and liabilities at the enacted tax rates expected to be in effect when the temporary differences reverse. A valuation allowance for deferred tax assets is provided if we believe all or some portion of the deferred tax asset may not be realized. An increase or decrease in the valuation allowance that results from the change in circumstances that causes a change in our judgment about the realizability of the related deferred tax asset is included in income.

As of December 31, 2010 and 2009, we had a net deferred tax asset of \$9.0 million and \$8.7 million, respectively, related to our TRS subsidiaries. The net deferred tax asset is included in deferred costs and other assets in the accompanying consolidated balance sheets and consists primarily of operating losses and other carryforwards for federal income tax purposes as well as the timing of the deductibility of losses or reserves from insurance subsidiaries. No valuation allowance has been recorded as we believe these amounts will be realized. State income, franchise or other taxes were not significant in any of the periods presented.

Transaction Expenses

We expense acquisition, potential acquisition and disposition related costs as they are incurred. During the year ended December 31, 2010, we incurred costs for the acquisition of Prime as further discussed in Note 4. We also incurred expenses for other transactions that were not consummated. Additionally, during 2010, we settled, in cash, a transaction-related dispute and recorded a charge to earnings. Transaction expenses for the year ended December 31, 2010 totaled \$69.0 million. During the year ended December 31, 2009, we recorded \$5.7 million in transaction expenses related to costs associated with significant acquisition related activities.

4. Real Estate Acquisitions, Disposals, and Impairment

We acquire properties to generate both current income and long-term appreciation in value. We acquire individual properties or portfolios of other retail real estate companies that meet our investment criteria and sell properties which no longer meet our strategic criteria. Our consolidated acquisition and disposal activity for the periods presented are highlighted as follows:

2010 Acquisitions

During 2010, we acquired a controlling interest in a previously unconsolidated regional mall which resulted in a remeasurement of our previously held equity interest to fair value and corresponding gain of approximately \$13.0 million. This gain is included in gain (loss) upon acquisition of controlling interest and on sale or disposal of assets and interests in unconsolidated entities, net in the accompanying consolidated statements of operations and comprehensive income. On May 28, 2010, we acquired an additional interest of approximately 19% in Houston Galleria, located in Houston, Texas thereby increasing our noncontrolling interest from 31.5% to 50.4%.

On August 30, 2010, we completed our previously announced acquisition of Prime, adding 21 outlet centers, including a center located in Puerto Rico, which was acquired on May 13, 2010. The transaction was valued at

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

4. Real Estate Acquisitions, Disposals, and Impairment (Continued)

approximately \$2.3 billion, including the assumption of existing mortgage indebtedness of \$1.2 billion and the repayment of \$310.7 million of preexisting mortgage loans at closing.

We paid consideration comprised of 80% cash and 20% in units. We issued approximately 1.7 million units with an issuance date fair value of approximately \$154.5 million. We funded the cash portion of this acquisition through draws on our \$3.9 billion unsecured revolving credit facility, or the Credit Facility, as further discussed in Note 8.

The following table summarizes our recording of the assets acquired and liabilities assumed at the acquisition date:

	<u>Total</u> (in millions)
Investment properties	\$2,167
Cash and cash equivalents	26
Tenant receivables and accrued revenue, net	4
Deferred costs and other assets (including intangibles)	234
Total assets	<u>\$2,431</u>
Mortgages and other indebtedness (including premium of \$28)	\$1,270
Accounts payable, accrued expenses, intangibles and other	29
Other liabilities	18
Total liabilities	<u>\$1,317</u>

Acquisition related intangibles relate to in-place leases of \$193.6 million and were recorded based on their estimated fair values and are reflected within deferred costs and other assets in the accompanying financial statements. The weighted average useful life of these intangibles is approximately 6.0 years and is amortized over the remaining life of the related leases on a straight-line basis and is included within depreciation and amortization in the consolidated statements of operations and comprehensive income.

We recorded our acquisition of these 21 outlet centers using the acquisition method of accounting. Tangible and intangible assets and liabilities were established based on their estimated fair values at the date of acquisition. The results of operations of the acquired properties have been included in our consolidated results from the date of acquisition. The purchase price allocations are preliminary and subject to revision within the measurement period, not to exceed one year from the date of acquisition. There have been no significant changes in amounts recorded since the date of acquisition through December 31, 2010.

2009 Acquisitions

We had no consolidated property acquisitions during the year ended December 31, 2009.

2008 Acquisitions

Effective January 1, 2008, we acquired additional interests in three existing consolidated properties of between 1.8% and 5%, for an aggregate \$6.2 million in cash. Two of the properties continue to have a noncontrolling interest holder. We now own 100% of the third property.

2010 Disposals

During the year ended December 31, 2010, we disposed of one regional mall, one community center, and two other retail properties for which we received proceeds of \$5.8 million. The net gain on these disposals was \$5.7 million

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

4. Real Estate Acquisitions, Disposals, and Impairment (Continued)

and is included in gain (loss) upon acquisition of controlling interest, and on sale or disposal of assets and interests in unconsolidated entities, net in the consolidated statements of operations and comprehensive income.

2009 Dispositions

During the year ended December 31, 2009, we sold four consolidated properties for which we received proceeds of \$3.9 million. The net loss on these disposals totaled \$9.8 million and is included in gain (loss) upon acquisition of controlling interest, and on sale or disposal of assets and interests in unconsolidated entities, net in the consolidated statements of operations and comprehensive income.

2008 Dispositions

We had no consolidated property dispositions during the year ended December 31, 2008.

2009 Impairment

In 2009, we recorded non-cash impairment charges of \$240.1 million (\$228.6 million, net of a tax benefit of \$5.8 million and noncontrolling interest holders' share of \$5.7 million). As discussed in Note 3, this non-cash charge includes a \$140.5 million other-than-temporary impairment of our investment in Liberty. In addition, the total charge includes adjustments in the carrying value of one wholly-owned and one joint venture regional mall, a write-down of five land parcels and two joint venture non-retail real estate assets, and certain predevelopment costs related to projects no longer being pursued.

2008 Impairment

In 2008, we recorded impairment charges of \$21.2 million (\$19.4 million, net of tax benefit), which resulted primarily from a \$10.5 million reduction in the carrying value of a regional mall to its estimated net realizable value and the write-off of predevelopment costs related to various projects that we no longer plan to pursue.

5. Per Unit Data

We determine basic earnings per unit based on the weighted average number of units outstanding during the period. We determine diluted earnings per unit based on the weighted average number of units outstanding combined with the incremental weighted average units that would have been outstanding assuming all dilutive potential common units were converted into units at the earliest date possible. The following table sets forth the computation of our basic and diluted earnings per unit.

	For the Year Ended December 31,		
	2010	2009	2008
Net Income Attributable to Unitholders — Basic & Diluted	\$ 733,945	\$ 343,572	\$ 529,726
Weighted Average Units Outstanding — Basic	349,975,924	324,102,292	282,508,087
Effect of stock options of Simon Property	274,460	315,897	551,057
Effect of contingently issuable units from unit distributions	—	1,345,537	—
Weighted Average Units Outstanding — Diluted	350,250,384	325,763,726	283,059,144

For the year ending December 31, 2010, potentially dilutive securities include options to purchase shares of Simon Property common stock, units granted under our long-term incentive performance programs and preferred units that are convertible into or exchangeable for units. The only security that had a dilutive effect for the year ended December 31, 2010 was stock options of Simon Property. The only securities that had a dilutive effect for the year

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

5. Per Unit Data (Continued)

ended December 31, 2009 were stock options of Simon Property and contingently issuable units from unit distributions. The only security that had a dilutive effect for the year ended December 31, 2008 was stock options of Simon Property.

We accrue distributions when they are declared. The taxable nature of the distributions declared for each of the years ended as indicated is summarized as follows:

	For the Year Ended December 31,		
	2010	2009	2008
Total distributions paid per unit	<u>\$2.60</u>	<u>\$2.70</u>	<u>\$3.60</u>
Percent taxable as ordinary income	53.82%	99.3%	84.7%
Percent taxable as long-term capital gains	39.68%	0.7%	1.2%
Percent nontaxable as return of capital	<u>6.50%</u>	<u>—</u>	<u>14.1%</u>
	<u>100.0%</u>	<u>100.0%</u>	<u>100.0%</u>

6. Investment Properties

Investment properties consist of the following as of December 31:

	2010	2009
Land	\$ 2,929,054	\$ 2,757,994
Buildings and improvements	<u>24,263,169</u>	<u>22,265,721</u>
Total land, buildings and improvements	27,192,223	25,023,715
Furniture, fixtures and equipment	<u>316,512</u>	<u>312,474</u>
Investment properties at cost	27,508,735	25,336,189
Less — accumulated depreciation	<u>7,711,304</u>	<u>7,004,534</u>
Investment properties at cost, net	<u>\$19,797,431</u>	<u>\$18,331,655</u>
Construction in progress included above	<u>\$ 125,227</u>	<u>\$ 281,683</u>

7. Investments in Unconsolidated Entities

Joint ventures are common in the real estate industry. We use joint ventures to finance properties, develop new properties, and diversify our risk in a particular property or portfolio. We held joint venture ownership interests in 101 properties in the U.S. as of December 31, 2010. We also held an interest in a joint venture which owned 45 European shopping centers as of December 31, 2010 and we held an interest in two joint ventures which owned 51 European shopping centers as of December 31, 2009. As of December 31, 2010, we also held interests in eight joint venture properties under operation in Japan, one joint venture property under operation in Mexico, one joint venture property under operation and two joint venture properties under development in Korea, and one joint venture property under development in Malaysia. We account for these joint venture properties using the equity method of accounting.

Substantially all of our joint venture properties are subject to rights of first refusal, buy-sell provisions, or other sale or marketing rights for partners which are customary in real estate joint venture agreements and the industry. Our partners in these joint ventures may initiate these provisions at any time (subject to any applicable lock up or similar restrictions), which could result in either the sale of our interest or the use of available cash or borrowings to acquire the joint venture interest from our partner.

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

7. Investments in Unconsolidated Entities (Continued)

In May 2010, Opry Mills Mall, a property in which we have a 50% interest through our SPG-FCM joint venture, sustained significant flood damage and remains closed. Insurance proceeds of \$50 million have been funded by the primary insurers and remediation work has been completed. The excess insurance carriers (those providing coverage above \$50 million) have denied the joint venture's claim for additional proceeds (of up to an additional \$150 million) to pay amounts for restoration costs and business interruption losses. We believe recovery under the insurance coverage is probable, but no assurances can be made in that regard.

Loans to SPG-FCM

As part of the 2007 Mills acquisition, we made loans to SPG-FCM and Mills which were used by SPG-FCM and Mills to repay loans and other obligations of Mills. As of December 31, 2010 and 2009, the outstanding balance of our remaining loan to SPG-FCM was \$651.0 million and \$632.0 million, respectively. During 2010, 2009 and 2008, we recorded approximately \$9.9 million, \$9.3 million and \$15.3 million in interest income (net of inter-entity eliminations) related to this loan, respectively. We also recorded fee income, including fee income amortization related to up-front fees on loans made to SPG-FCM and Mills, during 2010, 2009 and 2008 of approximately \$0.9 million, \$3.7 million and \$3.1 million (net of inter-entity eliminations), respectively, for providing refinancing services to Mills' properties and SPG-FCM. The loan bears interest at a rate of LIBOR plus 275 basis points and matures on June 8, 2011, and can be extended for one year.

Summary Financial Information

A summary of our investments in joint ventures and share of income from such joint ventures follows. Balance sheet information for the joint ventures is as follows:

	December 31, 2010	December 31, 2009
BALANCE SHEETS		
Assets:		
Investment properties, at cost	\$21,236,594	\$21,555,729

Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

7. Investments in Unconsolidated Entities (Continued)

“Excess Investment” represents the unamortized difference of our investment over our share of the equity in the underlying net assets of the joint ventures acquired. We amortize excess investment over the life of the related properties, typically no greater than 40 years, and the amortization is included in the reported amount of income from unconsolidated entities.

As of December 31, 2010, scheduled principal repayments on joint venture properties’ mortgages and other indebtedness are as follows:

2011	\$ 1,674,563
2012	2,233,471
2013	1,883,954
2014	2,205,723

2010 Impairment

In December 2010, we recognized an \$8.2 million non-cash impairment charge representing our share of an impairment on a joint venture investment in a property in Italy for which a decline in value below our carrying amount was deemed other-than-temporary.

Simon Property Group, L.P. and Subsidiaries

Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

7. Investments in Unconsolidated Entities (Continued)

2009 Impairment

In December 2009 we recognized non-cash impairment charges of \$7.6 million representing our share of impairment charges on joint venture properties. This charge represents adjustments to the carrying value of certain parcels of land and the write-off of predevelopment costs related to certain projects no longer being pursued. In addition, in December 2009 we recognized \$35.1 million of impairment charges for investments in certain unconsolidated entities including one regional mall and two non-retail real estate assets for which declines in value below our carrying amount were deemed other-than-temporary.

International Joint Venture Investments

We account for all of our international joint venture investments using the equity method of accounting and we conduct our international operations through joint venture arrangements.

European Joint Ventures. We have a 49% ownership interest in Gallerie Commerciali Italia, or GCI. The carrying amount of our investment in GCI was \$330.1 million and \$302.2 million as of December 31, 2010 and 2009, respectively, including all related components of accumulated other comprehensive income (loss).

On July 15, 2010, we and our partner in Simon Ivanhoe, Ivanhoe Cambridge Inc., sold our collective interests in Simon Ivanhoe which owned seven shopping centers located in France and Poland to Unibail-Rodamco. The joint venture partners received net consideration of €422.5 million for their interests after the repayment of all joint venture debt, subject to certain post-closing adjustments. Our share of the gain on sale of our interests in Simon Ivanhoe was approximately \$281 million. A portion of the proceeds was used to repay the €167.4 million (approximately \$215 million) principal balance on the Euro-denominated tranche of our Credit Facility.

Asian Joint Ventures. We conduct our international Premium Outlet operations in Japan through our 40% participation in a joint venture with Mitsubishi Estate Co., Ltd. The carrying amount of our investment in this joint venture was \$340.8 million and \$302.2 million as of December 31, 2010 and 2009, respectively, including all related components of accumulated other comprehensive income (loss). We conduct our international Premium Outlet operations in Korea through our 50% participation in a joint venture with Shinsegae International Co. As of December 31, 2010 and December 31, 2009, respectively, the carrying amount of our investment in this joint venture was \$35.7 million and \$26.1 million including all related components of accumulated other comprehensive income (loss).

In December 2009, we recognized a loss on our 32.5% interests in our shopping centers operating or under development in China. The interests were sold to affiliates of our Chinese partner for approximately \$29 million, resulting in a loss of approximately \$20 million which is included in gain (loss) upon acquisition of controlling interest, and on sale or disposal of assets and interests in unconsolidated entities, net in the 2009 consolidated statement of operations and comprehensive income.

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

8. Indebtedness and Derivative Financial Instruments

Our mortgages and other indebtedness, excluding the impact of derivative instruments, consist of the following as of December 31:

	<u>2010</u>	<u>2009</u>
<i>Fixed-Rate Debt:</i>		
Mortgages and other notes, including \$31,614 and \$9,757 net premiums, respectively. Weighted average interest and maturity of 6.09% and 4.6 years at December 31, 2010.	\$ 5,485,659	\$ 5,239,263
Unsecured notes, including \$26,586 and \$23 net discounts, respectively. Weighted average interest and maturity of 6.04% and 7.3 years at December 31, 2010.	9,985,886	11,574,977
Total Fixed-Rate Debt	15,471,545	16,814,240
<i>Variable-Rate Debt:</i>		
Mortgages and other notes, at face value. Weighted average interest and maturity of 1.65% and 1.8 years at December 31, 2010.	1,143,578	1,370,000
Credit Facility (see below)	858,637	446,062
Total Variable-Rate Debt	2,002,215	1,816,062
Total Mortgages and Other Indebtedness	<u>\$17,473,760</u>	<u>\$18,630,302</u>

General. At December 31, 2010, we have pledged 92 properties as collateral to secure related mortgage notes including 12 pools of cross-defaulted and cross-collateralized mortgages encumbering a total of 52 properties. Under these cross-default provisions, a default under any mortgage included in the cross-defaulted package may constitute a default under all such mortgages and may lead to acceleration of the indebtedness due on each property within the collateral package. Of our 92 encumbered properties, indebtedness on 31 of these encumbered properties and our unsecured debt are subject to various financial performance covenants relating to leverage ratios, annual real property appraisal requirements, debt service coverage ratios, minimum net worth ratios, debt-to-market capitalization, and/or minimum equity values. Our mortgages and other indebtedness may be prepaid but are generally subject to payment of a yield-maintenance premium or defeasance.

Some of our limited partners guarantee a portion of our consolidated debt through foreclosure guarantees. In total, 25 limited partners provide guarantees of foreclosure of \$173.4 million of our consolidated debt at three consolidated properties. In each case, the loans were made by unrelated third party institutional lenders and the guarantees are for the benefit of each lender. In the event of foreclosure of the mortgaged property, the proceeds from the sale of the property are first applied against the amount of the guarantee and also reduce the amount payable under the guarantee. To the extent the sale proceeds from the disposal of the property do not cover the amount of the guarantee, then the limited partner is liable to pay the difference between the sale proceeds and the amount of the guarantee so that the entire amount guaranteed to the lender is satisfied. The debt is non-recourse to us and our affiliates.

Unsecured Debt

Our unsecured debt consists of approximately \$10.0 billion of senior unsecured notes and \$858.6 million outstanding under our Credit Facility. The Credit Facility has a borrowing capacity of \$3.9 billion and contains an accordion feature allowing the maximum borrowing capacity to expand to \$4.0 billion. The Credit Facility matures on March 31, 2013. The base interest on the Credit Facility is LIBOR plus 210 basis points and includes a facility fee of 40 basis points. The Credit Facility also includes a money market competitive bid feature, which allows participating lenders to bid on amounts outstanding at then current market rates of interest for up to 50% of amounts available under the facility. As of December 31, 2010, we are in compliance with all of the covenants of our unsecured debt.

During the year ended December 31, 2010, our borrowings under the Credit Facility increased primarily as a result of the acquisition of Prime partially offset by the repayment of €167.4 million (approximately \$215 million)

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

8. Indebtedness and Derivative Financial Instruments (Continued)

principal balance on the Euro-denominated tranche of our Credit Facility on July 23, 2010. The total outstanding balance of the Credit Facility as of December 31, 2010 was \$858.6 million, and the maximum outstanding balance during the year ended December 31, 2010 was \$862.2 million. During the year ended December 31, 2010, the weighted average outstanding balance on the Credit Facility was approximately \$580.4 million. The outstanding balance as of December 31, 2010 includes \$273.6 million (U.S. dollar equivalent) of Yen-denominated borrowings. Letters of credit of \$33.3 million were outstanding under the Credit Facility at December 31, 2010.

On January 12, 2010, we commenced a cash tender offer for any and all senior unsecured notes of ten outstanding series with maturity dates ranging from January 2011 to March 2013. The total principal amount of the notes accepted for purchase on January 26, 2010 was approximately \$2.3 billion, with a weighted average duration of 2.0 years and a weighted average coupon of 5.76%. We purchased the tendered notes with cash on hand and the proceeds from an offering of \$2.25 billion of senior unsecured notes that closed on January 25, 2010. The senior notes offering was comprised of \$400.0 million of 4.20% notes due 2015, \$1.25 billion of 5.65% notes due 2020 and \$600.0 million of 6.75% notes due 2040. The weighted average duration of the notes offering was 14.4 years and the weighted average coupon was 5.69%. We recorded a \$165.6 million charge to earnings in the first quarter of 2010 as a result of the tender offer.

On March 18, 2010, we repaid a \$300.0 million senior unsecured note which had a fixed rate of 4.875%.

On June 15, 2010, we repaid a \$400.0 million senior unsecured note which had a fixed rate of 4.60%.

On August 9, 2010, we commenced a cash tender offer for any and all senior unsecured notes of three outstanding series with maturity dates ranging from May 2013 to August 2014. The total principal amount of the notes accepted for purchase on August 17, 2010 was approximately \$1.33 billion, with a weighted average duration of 3.5 years and a weighted average coupon of 6.06%. We purchased the tendered notes with cash on hand and the proceeds from an offering of \$900.0 million of 4.375% senior unsecured notes that closed on August 16, 2010. The senior notes are due on March 1, 2021. We recorded a \$185.1 million charge to earnings in the third quarter of 2010 as a result of the tender offer.

On August 16, 2010, we repaid a \$400.0 million senior unsecured note which had a fixed rate of 4.875%.

Secured Debt

The balance of fixed and variable rate mortgage notes was \$6.6 billion at December 31, 2010 and 2009. Of the balance outstanding at December 31, 2010, \$5.7 billion is nonrecourse to us. The fixed-rate mortgages generally require monthly payments of principal and/or interest. The interest rates of variable-rate mortgages are typically based on LIBOR. During the year ended December 31, 2010, we unencumbered five properties by repaying \$1.1 billion in mortgage loans with a weighted average interest rate of 4.35%.

On May 13, 2010, we acquired a property located in Barceloneta, Puerto Rico subject to an existing \$75.2 million mortgage loan. The loan matures on May 1, 2014 and bears interest at LIBOR plus 225 basis points with a LIBOR floor of 1.50%.

In connection with our acquisition of Prime, we assumed existing mortgage loans of approximately \$1.2 billion which bear interest at fixed rates ranging from 5.51% to 6.01% and mature at various dates throughout 2016.

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

8. Indebtedness and Derivative Financial Instruments (Continued)

Debt Maturity and Other

Our scheduled principal repayments on indebtedness as of December 31, 2010 are as follows:

2011	\$ 895,575
2012	1,823,095
2013	2,306,160
2014	1,796,160
2015	1,680,043
Thereafter	8,967,699
Total principal maturities	17,468,732
Net unamortized debt premium and other	5,028
Total mortgages and other indebtedness	<u>\$17,473,760</u>

Our cash paid for interest in each period, net of any amounts capitalized, was as follows:

	<u>For the Year Ended December 31,</u>		
	<u>2010</u>	<u>2009</u>	<u>2008</u>
Cash paid for interest	\$1,015,989	\$994,688	\$1,001,718

Derivative Financial Instruments

Our exposure to market risk due to changes in interest rates primarily relates to our long-term debt obligations. We manage exposure to interest rate market risk through our risk management strategy by a combination of interest rate protection agreements to effectively fix or cap a portion of variable rate debt. We are also exposed to foreign currency risk on financings of certain foreign operations. Our intent is to offset gains and losses that occur on the underlying exposures, with gains and losses on the derivative contracts hedging these exposures. We do not enter into either interest rate protection or foreign currency rate protection agreements for speculative purposes.

We may enter into treasury lock agreements as part of an anticipated debt issuance. If the anticipated transaction does not occur, the cost is charged to consolidated net income. Upon completion of the debt issuance, the cost of these instruments is recorded as part of accumulated other comprehensive income and is amortized to interest expense over the life of the debt agreement.

The fair value of our interest rate swap agreements is included within other liabilities and was \$19.5 million and \$13.0 million at December 31, 2010 and 2009, respectively. At December 31, 2009, we also had interest rate swaps with a fair value of \$0.3 million within deferred costs and other assets. The interest rate cap agreements were of nominal net value at December 31, 2010 and 2009. In addition, the unamortized balance of our treasury locks recorded in accumulated other comprehensive income (loss) was \$6.5 million as of December 31, 2010. The net deficit from terminated swap agreements is also recorded in accumulated other comprehensive income (loss) and the unamortized balance was \$1.3 million as of December 31, 2010. As of December 31, 2010, our outstanding LIBOR based derivative contracts consisted of:

- interest rate cap protection agreements with a notional amount of \$385.0 million which mature in July 2011 and June 2014, and
- fixed rate swap agreements with a notional amount of \$692.5 million which have a weighted average fixed pay rate of 2.79% and a weighted average variable receive rate of 0.51%.

Within the next year, we expect to reclassify to earnings approximately \$19.8 million of losses from the current balance held in accumulated other comprehensive income (loss). The amount of ineffectiveness relating to cash flow hedges recognized in income during the periods presented was not material.

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

8. Indebtedness and Derivative Financial Instruments (Continued)

Our joint ventures may also enter into interest rate swaps or caps, which are recorded at fair value on the joint venture balance sheets. Included in our accumulated other comprehensive income (loss) as of December 31, 2010 and 2009 is our share of the joint ventures' accumulated derivative losses of \$20.9 million and \$30.1 million, respectively.

Fair Value of Financial Instruments

The carrying value of our variable-rate mortgages and other loans approximates their fair values. We estimate the fair values of consolidated fixed-rate mortgages using cash flows discounted at current borrowing rates and other indebtedness using cash flows discounted at current market rates. We estimate the fair values of consolidated fixed-rate unsecured notes using quoted market prices, or, if no quoted market prices are available, we use quoted market prices for securities with similar terms and maturities. The carrying value of our consolidated fixed-rate mortgages and other indebtedness, excluding those with an associated fixed to floating swap, was \$14.8 billion and \$16.1 billion as of December 31, 2010 and 2009, respectively. The fair values of financial instruments and our related discount rate assumptions used in the estimation of fair value for our consolidated fixed-rate mortgages and other indebtedness as of December 31 is summarized as follows:

	<u>2010</u>	<u>2009</u>
Fair value of fixed-rate mortgages and other indebtedness	\$16,087	\$16,580
Weighted average discount rates assumed in calculation of fair value for fixed-rate mortgages	4.46%	6.11%

9. Rentals under Operating Leases

Future minimum rentals to be received under noncancelable tenant operating leases for each of the next five years and thereafter, excluding tenant reimbursements of operating expenses and percentage rent based on tenant sales volume as of December 31, 2010 are as follows:

2011	\$ 2,140,123
2012	1,944,020
2013	1,709,738
2014	1,501,966
2015	1,252,753
Thereafter	3,369,238
	<u>\$11,917,838</u>

Approximately 0.6% of future minimum rents to be received are attributable to leases with an affiliate of one of our limited partners.

10. Partners' Equity

Temporary Equity

We classify as temporary equity those securities for which there is the possibility that we could be required to redeem the security for cash, irrespective of the probability of such a possibility. As a result, we classify one series of

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

10. Partners' Equity (Continued)

preferred units in temporary equity. The carrying values for those securities classified in temporary equity are discussed below and summarized as follows as of December 31:

	<u>2010</u>	<u>2009</u>
7.5% Cumulative Redeemable Preferred Units, 260,000 units authorized, 255,373 issued and outstanding	\$ 25,537	\$ 25,537
6% Series I Convertible Perpetual Preferred Units, 19,000,000 units authorized, 0 and 9,108,635 issued and outstanding, respectively	—	455,432
Total carrying value of preferred units	<u>25,537</u>	480,969
Noncontrolling redeemable interests in properties	<u>59,932</u>	49,404
Total preferred units, at liquidation value, and noncontrolling redeemable interests in properties	<u>\$ 85,469</u>	<u>\$530,373</u>

Series I 6% Convertible Perpetual Preferred Units. On October 14, 2004, we issued 18,015,506 Series I 6% convertible perpetual preferred units as part of our acquisition of the Chelsea Property Group, or Chelsea.

Holders of the Series I preferred units had the right to convert their Series I preferred units into units or exchange the preferred units for shares of Simon Property's Series I 6% Convertible Perpetual Preferred Stock from March 31, 2010 until the date the Series I preferred units were redeemed. The conversion right resulted from the closing sale price of Simon Property's common stock exceeding the applicable trigger price per share for a period of 20 trading days in the last 30 trading days of the prior quarter. Each Series I preferred unit was convertible into units at a conversion ratio of .847495.

On April 16, 2010, we redeemed all of the outstanding Series I preferred units. The redemption price was equal to the liquidation value per unit plus accumulated and unpaid distributions through the redemption date or \$50.4917 per unit.

Through the redemption date, we issued 6,670,589 units as a result of the conversion of 7,871,276 Series I preferred units. In addition, we issued 862,292 units to limited partners as a result of the conversion of 1,017,480 Series I preferred units at a conversion ratio of .847495.

7.5% Cumulative Redeemable Preferred Units We issued this series of preferred units in connection with the purchase of an additional interest in a joint venture. The preferred units accrue cumulative quarterly distributions at a rate of \$7.50 annually. We may redeem the preferred units on or after November 10, 2013, unless there is the occurrence of certain tax triggering events such as death of the initial holder, or the transfer of any units to any person or entity other than the persons or entities entitled to the benefits of the original holder. The redemption price is the liquidation value (\$100.00 per preferred unit) plus accrued and unpaid distributions, payable either in cash or fully registered shares of common stock of Simon Property. In the event of the death of a holder of the preferred units, the occurrence of certain tax triggering events applicable to the holder, or on or after November 10, 2006, the holder may require us to redeem the preferred units at the same redemption price payable at our option in either cash or fully registered shares of common stock of Simon Property.

Permanent Equity

Series J 8⅓% Cumulative Redeemable Preferred Units. We issued this series of preferred units in 2004 to replace a series of Chelsea preferred units. Distributions accrue quarterly at an annual rate of 8⅓% per unit. We can redeem this series, in whole or in part, on and after October 15, 2027 at a redemption price of \$50.00 per unit, plus accumulated and unpaid distributions. These preferred units were issued at a premium of \$7.5 million as of the date of our acquisition of Chelsea. The carrying value was \$45,375 and \$45,704 as of December 31, 2010 and 2009, respectively, including unamortized premiums of \$5,528 and \$5,856 in 2010 and 2009, respectively. There are 1,000,000 preferred units authorized and 796,948 issued and outstanding.

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

10. Partners' Equity (Continued)

The following authorized series of preferred units had been outstanding in years prior to 2009, but there were no preferred units of such series outstanding at the end of 2010 and 2009: Series B 6.5% Convertible Preferred Units (5,000,000 units); Series C 7.00% Cumulative Convertible Preferred Units (2,700,000 units); Series E 8.00% Cumulative Redeemable Preferred Units (1,000,000 units); Series F 8.75% Cumulative Redeemable Preferred Units (8,000,000 units); Series G 7.89% Cumulative Step-Up Premium Rate Convertible Preferred Units (3,000,000 units); Series H Variable Rate Preferred Units (4,530,000 units); Series K Variable Rate Redeemable Preferred Units (8,000,000 units); and Series L Variable Rate Redeemable Preferred Units (6,000,000 units).

Unit Issuances and Repurchases

In 2010, 47 limited partners exchanged 247,640 units for an equal number of shares of common stock of Simon Property. We issued an equal number of units to Simon Property, increasing its ownership interest in us.

We issued 178,683 units to Simon Property related to employee and director stock options exercised during 2010. We used the net proceeds from the option exercises of approximately \$4.9 million for general working capital purposes.

We issued 6,670,589 units as a result of the conversion of 7,871,276 Series I preferred units as discussed above in "Temporary Equity".

On May 13, 2010, we issued 77,798 units to the owners of Prime in connection with the acquisition of an outlet center located in Barceloneta, Puerto Rico.

On August 30, 2010, we issued 1,720,671 units to the owners of Prime in connection with the acquisition of 20 outlet centers as discussed in Note 4.

Other Equity Activity

Notes Receivable from Former CPI Stockholders. Notes receivable of \$16.8 million from stockholders of an entity we acquired in 1998 are reflected as a deduction from capital in excess of par value in the consolidated statements of equity in the accompanying financial statements. The notes do not bear interest and become due at the time the underlying shares are sold.

The Simon Property Group 1998 Stock Incentive Plan. We, along with Simon Property, have a stock incentive plan, or the 1998 plan, which provides for the grant of awards with respect to the equity of Simon Property during a ten-year period, in the form of options to purchase shares of Simon Property common stock, or Options, stock appreciation rights, or SARs, restricted stock grants and performance unit awards, collectively, Awards. Options may be granted which are qualified as "incentive stock options" within the meaning of Section 422 of the Code and Options which are not so qualified. An aggregate of 11,300,000 shares of common stock have been reserved for issuance under the 1998 plan. Additionally, the partnership agreement requires Simon Property to sell shares to us, at fair value, sufficient to satisfy the exercising of any stock options, and for Simon Property to purchase units for cash in an amount equal to the fair market value of such shares issued on the exercise of stock options. Annual stock incentive programs were approved each year from 2001 until 2009 when no program was established.

Administration. The 1998 plan is administered by the Simon Property's Compensation Committee of the Board of Directors. The committee determines which eligible individuals may participate and the type, extent and terms of the awards to be granted to them. In addition, the committee interprets the 1998 plan and makes all other determinations deemed advisable for its administration. Options granted to employees become exercisable over the period determined by the committee. The exercise price of an employee option may not be less than the fair market value of the shares on the date of grant. Employee options generally vest over a three-year period and expire ten years from the date of grant. Since 2001, Simon Property have not granted any options to employees, except for a series of reload options we assumed as part of a prior business combination.

Simon Property Group, L.P. and Subsidiaries

10. Partners' Equity (Continued)

Automatic Awards For Eligible Directors. Directors of Simon Property who are not employees or employees of affiliates of Simon Property, or Eligible Directors, receive automatic awards under the 1998 plan. Until 2003, these awards took the form of stock options. Since then, the awards have been shares of restricted stock of Simon Property.

Each eligible director receives on the first day of the first calendar month following his or her initial election an award of restricted stock with a value of \$82,500 (pro-rated for partial years of service). Thereafter, as of the date of each annual meeting of stockholders, eligible directors who are re-elected receive an award of restricted stock having a value of \$82,500. In addition, eligible directors who serve as chairpersons of the standing committees (excluding the Executive Committee) receive an additional annual award of restricted stock having a value of \$10,000 (in the case of the Audit Committee) or \$7,500 (in the case of all other standing committees). The Lead Director also receives an annual restricted stock award having a value of \$12,500. The restricted stock vests in full after one year.

Once vested, the delivery of the shares of restricted stock (including reinvested dividends) is deferred under our Director Deferred Compensation Plan until the director retires, dies or becomes disabled or otherwise no longer serves as a director. The directors may vote and are entitled to receive dividends on the underlying shares; however, any dividends on the shares of restricted stock must be reinvested in shares of common stock and held in the deferred compensation plan until the shares of restricted stock are delivered to the former director. In addition to automatic awards, eligible directors may be granted discretionary awards under the 1998 plan.

Long-Term Incentive Performance Program

On March 16, 2010, the Compensation Committee of the Board approved a Long-Term Incentive Performance Program, or LTIP Program, for certain of our senior executive officers. Awards under the LTIP Program take the form of LTIP Units, a form of limited partnership interest issued by us. During the performance period, participants are entitled to receive on the LTIP Units awarded to them distributions equal to 10% of the regular quarterly distributions paid on a unit. As a result, we account for these LTIP awards as participating securities under the two-class method of computing earnings per unit. Awarded LTIP Units will be considered earned, in whole or in part, depending upon the extent to which the applicable TSR benchmarks, as defined, are achieved during the performance period and, once earned, will become the equivalent of units after a two year service-based vesting period, beginning after the end of the performance period. Awarded LTIP Units not earned are forfeited.

The Compensation Committee awarded LTIP Units under three LTIP Programs having one, two and three year performance periods, which end on December 31, 2010, 2011 and 2012, respectively. We refer to these three programs as the one, two and three year 2010 LTIP Programs, or the 2010 LTIP Programs. After the end of each performance period, any earned LTIP Units will then be subject to service-based vesting over a period of two years. One-half of the earned LTIP Units will vest on January 1 of each of the second and third years following the end of the applicable performance period, subject to the participant maintaining employment with us through those dates.

The awards made pursuant to the 2010 LTIP Programs have an aggregate grant date fair value, adjusted for estimated forfeitures, of \$7.2 million for the one-year program, \$14.8 million for the two-year program and \$23.0 million for the three-year program. Grant date fair value was estimated based upon the results of a Monte Carlo model, and the resulting expense will be recorded regardless of whether the TSR benchmarks are achieved. The grant date fair value is being amortized into expense over the period from the grant date to the date at which the awards, if any, become vested. During the twelve months ended December 31, 2010, we recognized \$12.5 million of compensation expense under the LTIP Programs.

Restricted Stock. The 1998 plan also provides for shares of restricted common stock of Simon Property to be granted to certain employees at no cost to those employees, subject to achievement of certain financial and return-based performance measures established by the committee related to the most recent year's performance. Once granted, the shares of restricted stock then vest annually over a four-year period (25% each year) beginning on January 1 of each year. The cost of restricted stock grants, which is based upon the stock's fair market value on the grant date, is charged to earnings ratably over the vesting period. Through December 31, 2010 a total of 5,109,362

Simon Property Group, L.P. and Subsidiaries

Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

10. Partners' Equity (Continued)

shares of restricted stock, net of forfeitures, have been awarded under the plan. Information regarding restricted stock awards is summarized in the following table for each of the years presented:

	For the Year Ended December 31,		
	2010	2009	2008
Restricted stock shares awarded during the year, net of forfeitures	116,726	254,227	276,872
Weighted average fair value of shares granted during the year	\$ 85.17	\$ 29.44	\$ 85.77
Amortization expense	\$16,839	\$22,870	\$28,640

The weighted average life of our outstanding options as of December 31, 2010 is 0.8 years. Information relating to Director Options and Employee Options from December 31, 2007 through December 31, 2010 is as follows:

	Options	Weighted Average Exercise Price Per Share
Shares under option at December 31, 2007	<u>1,006,738</u>	<u>\$33.48</u>
Granted	—	—
Exercised, none were forfeited during the period	<u>(282,106)</u>	<u>41.96</u>
Shares under option at December 31, 2008	<u>724,632</u>	<u>\$30.18</u>
Granted	—	—
Exercised	<u>(181,850)</u>	<u>25.52</u>
Forfeited	<u>(37,100)</u>	<u>70.73</u>
Shares under option at December 31, 2009	<u>505,682</u>	<u>\$28.88</u>
Granted	—	—
Exercised, none were forfeited during the period	<u>(178,683)</u>	<u>23.03</u>
Shares under option at December 31, 2010	<u>326,999</u>	<u>\$29.75</u>

Employee Options:	Outstanding and Exercisable		
	Options	Weighted Average Remaining Contractual Life in Years	Weighted Average Exercise Price Per Share
Range of Exercise Prices			
\$23.41 - \$30.38	266,550	0.23	\$25.54
\$30.39 - \$46.97	34,749	3.09	46.97
\$46.98 - \$50.17	25,700	3.17	50.17
Total	<u>326,999</u>		<u>\$29.75</u>

No stock options were granted to any non-employee director and there were no stock options previously awarded to non-employee directors that were outstanding from December 31, 2007 through December 31, 2010.

We also maintain a tax-qualified retirement 401(k) savings plan and offer no other postretirement or post employment benefits to our employees.

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

10. Partners' Equity (Continued)

Exchange Rights

Limited partners have the right to exchange all or any portion of their units for shares of Simon Property common stock on a one-for-one basis or cash, as determined by Simon Property in its sole discretion. If Simon Property selects cash, Simon Property cannot cause us to redeem the exchanged units for cash without contributing cash to us as partners' equity sufficient to effect the redemption. If sufficient cash is not contributed, Simon Property will be deemed to have elected to exchange the units for shares of Simon Property common stock. The amount of cash to be paid if the exchange right is exercised and the cash option is selected will be based on the trading price of Simon Property's common stock at that time. The number of shares of Simon Property's common stock issued will be the same as the number of units exchanged.

11. Commitments and Contingencies

Litigation

We are involved from time-to-time in various legal proceedings that arise in the ordinary course of our business, including, but not limited to commercial disputes, environmental matters, and litigation in connection with transactions including acquisitions and divestitures. We believe that such litigation, claims and administrative proceedings will not have a material adverse impact on our financial position or our results of operations. We record a liability when a loss is considered probable and the amount can be reasonably estimated.

Lease Commitments

As of December 31, 2010, a total of 31 of the consolidated properties are subject to ground leases. The termination dates of these ground leases range from 2012 to 2090. These ground leases generally require us to make fixed annual rental payments, or a fixed annual rental plus a percentage rent component based upon the revenues or total sales of the property. Some of these leases also include escalation clauses and renewal options. We incurred ground lease expense included in other expense as follows:

	For the Year Ended December 31,		
	2010	2009	2008
Ground lease expense	\$36,750	\$32,086	\$30,681

Future minimum lease payments due under these ground leases for years ending December 31, excluding applicable extension options, are as follows:

2011	\$ 25,717
2012	25,923
2013	26,264
2014	26,248
2015	26,966
Thereafter	940,599
	<u>\$1,071,717</u>

Insurance

We maintain insurance coverage with third party carriers who provide a portion of the coverage for specific layers of potential losses including commercial general liability, fire, flood, extended coverage and rental loss insurance on all of our properties in the United States. The initial portion of coverage not provided by third party carriers is

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

11. Commitments and Contingencies (Continued)

either insured through our wholly-owned captive insurance companies, Rosewood Indemnity, Ltd. and Bridgewood Insurance Company, Ltd., and other financial arrangements controlled by us. The third party carrier has, in turn, agreed to provide evidence of coverage for this layer of losses under the terms and conditions of the carrier's policy. A similar policy written through our captive insurance entities also provides initial coverage for property insurance and certain windstorm risks at the properties located in coastal windstorm locations.

We currently maintain insurance coverage against acts of terrorism on all of our properties in the United States on an "all risk" basis in the amount of up to \$1 billion. The current federal laws which provide this coverage are expected to operate through 2014. Despite the existence of this insurance coverage, any threatened or actual terrorist attacks where we operate could adversely affect our property values, revenues, consumer traffic and tenant sales.

Guarantees of Indebtedness

Joint venture debt is the liability of the joint venture and is typically secured by the joint venture property, which is non-recourse to us. As of December 31, 2010, we had loan guarantees of \$60.7 million underlying joint venture related mortgage or other indebtedness. Mortgages which are guaranteed by us are secured by the property of the joint venture and that property could be sold in order to satisfy the outstanding obligation.

Concentration of Credit Risk

We are subject to risks incidental to the ownership and operation of commercial real estate. These risks include, among others, the risks normally associated with changes in the general economic climate, trends in the retail industry, creditworthiness of tenants, competition for tenants and customers, changes in tax laws, interest rate and foreign currency levels, the availability of financing, and potential liability under environmental and other laws. Our regional malls, Premium Outlets, The Mills, and community/lifestyle centers rely heavily upon anchor tenants like most retail properties. Four retailers occupied 526 of the approximately 1,320 anchor stores in the properties as of December 31, 2010. An affiliate of one of these retailers is one of our limited partners. Further, all material operations are within the United States and no customer or tenant comprises more than 10% of consolidated revenues.

Limited Life Partnerships

We are the controlling partner in several consolidated partnerships that have a limited life. We estimated the settlement values of these noncontrolling interests as of December 31, 2010 and 2009 as approximately \$135 million and \$115 million, respectively. The settlement values are based on the estimated fair values upon a hypothetical liquidation of the partnership interests and estimated yield maintenance or prepayment penalties associated with the payment to settle any underlying secured mortgage debt.

12. Related Party Transactions

Our management company provides management, insurance, and other services to Melvin Simon & Associates, Inc., a related party, and other non-owned properties. Amounts for services provided by our management company and its affiliates to our unconsolidated joint ventures and other related parties were as follows:

	For the Year Ended December 31,		
	2010	2009	2008
Amounts charged to unconsolidated joint ventures	\$118,905	\$120,866	\$125,663
Amounts charged to properties owned by related parties	4,308	4,522	4,980

During 2010, 2009 and 2008, we recorded interest income of \$9.9 million, \$9.3 million and \$15.3 million respectively, and financing fee income of \$0.9 million, \$3.7 million and \$3.1 million, respectively, net of inter-entity

Simon Property Group, L.P. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

(Dollars in thousands, except unit and per unit amounts and where indicated as in millions or billions)

12. Related Party Transactions (Continued)

eliminations, related to the loans that we have provided to Mills and SPG-FCM and lending financing services to those entities and the properties in which they hold an ownership interest.

13. Quarterly Financial Data (Unaudited)

Quarterly 2010 and 2009 data is summarized in the table below. Quarterly amounts may not equal annual amounts due to rounding.

	<u>First Quarter</u>	<u>Second Quarter</u>	<u>Third Quarter</u>	<u>Fourth Quarter</u>
2010

Simon Property Group, L.P. and Subsidiaries
Notes to Schedule III as of December 31, 2010
(Dollars in thousands)

(1) Reconciliation of Real Estate Properties:

The changes in real estate assets for the years ended December 31, 2010, 2009, and 2008 are as follows:

	<u>2010</u>	<u>2009</u>	<u>2008</u>
Balance, beginning of year	\$25,023,715	\$24,907,970	\$24,163,367
Acquisitions and consolidations (5)	2,200,102	—	7,640
Improvements	273,255	315,928	797,717
Disposals	(304,849)	(200,183)	(60,754)
Balance, close of year	<u>\$27,192,223</u>	<u>\$25,023,715</u>	<u>\$24,907,970</u>

The unaudited aggregate cost of real estate assets for federal income tax purposes as of December 31, 2010 was \$21,371,250.

(2) Reconciliation of Accumulated Depreciation:

The changes in accumulated depreciation and amortization for the years ended December 31, 2010, 2009, and 2008 are as follows:

	<u>2010</u>	<u>2009</u>	<u>2008</u>
Balance, beginning of year	\$6,806,670	\$6,015,677	\$5,168,565
Depreciation expense	874,450	893,139	871,556
Disposals	(195,299)	(102,146)	(24,444)
Balance, close of year	<u>\$7,485,821</u>	<u>\$6,806,670</u>	<u>\$6,015,677</u>

Depreciation of our investment in buildings and improvements reflected in the consolidated statements of operations and comprehensive income is calculated over the estimated original lives of the assets as follows:

- Buildings and Improvements — typically 10-40 years for the structure, 15 years for landscaping and parking lot, and 10 years for HVAC equipment.
 - Tenant Allowances and Improvements — shorter of lease term or useful life.
- (3) Initial cost generally represents net book value at December 20, 1993, except for acquired properties and new developments after December 20, 1993. Initial cost also includes any new developments that are opened during the current year. Costs of disposals and impairments of property are first reflected as a reduction to cost capitalized subsequent to acquisition.
- (4) Not developed/constructed by us or our predecessors. The date of construction represents the acquisition date.
- (5) Initial cost for these properties is the cost at the date of consolidation for properties previously accounted for under the equity method of accounting.
- (6) Secured by a \$260,000 cross-collateralized and cross-defaulted mortgage loan facility.

Exhibits

- 2 Agreement and Plan of Merger, dated as February 12, 2007, by and among SPG-FCM Ventures, LLC, SPG-FCM Acquisitions, Inc., SPG-FCM Acquisitions, L.P., The Mills Corporation, and The Mills Limited Partnership (incorporated by reference to Exhibit 2.1 to Simon Property Group, Inc.'s Current Report on Form 8-K filed February 23, 2007).
