EXPLANATORY NOTE

This report combines the quarterly reports on Form 10-Q for the quarterly period ended March 31, 2023 of Simon Property Group, Inc., a Delaware corporation, and Simon Property Group, L.P., a Delaware limited partnership. Unless stated otherwise or the context otherwise requires, references to “Simon” mean Simon Property Group, Inc. and references to the “Operating Partnership” mean Simon Property Group, L.P. References to “we,” “us” and “our” mean collectively Simon, the Operating Partnership and those entities/subsidiaries owned or controlled by Simon and/or the Operating Partnership.

Simon is a real estate investment trust, or REIT, under the Internal Revenue Code of 1986, as amended, or the Internal Revenue Code. We are structured as an umbrella partnership REIT under which substantially all of our business is conducted through the Operating Partnership, Simon’s majority-owned partnership subsidiary, for which Simon is the general partner. As of March 31, 2023, Simon owned an approximate 87.4% ownership interest in the Operating Partnership, with the remaining 12.6% ownership interest owned by limited partners. As the sole general partner of the Operating Partnership, Simon has exclusive control of the Operating Partnership’s day-to-day management.

We operate Simon and the Operating Partnership as one business. The management of Simon consists of the same members as the management of the Operating Partnership. As general partner with control of the Operating Partnership, Simon consolidates the Operating Partnership for financial reporting purposes, and Simon has no material assets or liabilities other than its investment in the Operating Partnership. Therefore, the assets and liabilities of Simon and the Operating Partnership are the same on their respective financial statements.

We believe that combining the quarterly reports on Form 10-Q of Simon and the Operating Partnership into this single report provides the following benefits:

- enhances investors’ understanding of Simon and the Operating Partnership by enabling investors to view the business as a whole in the same manner as management views and operates the business;
- eliminates duplicative disclosure and provides a more streamlined presentation since substantially all of the disclosure in this report applies to both Simon and the Operating Partnership; and
- creates time and cost efficiencies through the preparation of one combined report instead of two separate reports.

We believe it is important for investors to understand the few differences between Simon and the Operating Partnership in the context of how we operate as a consolidated company. The primary difference is that Simon itself does not conduct business, other than acting as the general partner of the Operating Partnership and issuing equity or equity-related instruments from time to time. In addition, Simon itself does not incur any indebtedness, as all debt is incurred by the Operating Partnership or entities/subsidiaries owned or controlled by the Operating Partnership.

The Operating Partnership holds, directly or indirectly, substantially all of our assets, including our ownership interests in our joint ventures. The Operating Partnership conducts substantially all of our business and is structured as a partnership with no publicly traded equity. Except for the net proceeds from equity issuances by Simon, which are contributed to the capital of the Operating Partnership in exchange for, in the case of common stock issuances by Simon, common units of partnership interest in the Operating Partnership, or units, or, in the case of preferred stock issuances by Simon, preferred units of partnership interest in the Operating Partnership, or preferred units, the Operating Partnership, directly or indirectly, generates the capital required by our business through its operations, the incurrence of indebtedness, proceeds received from the disposition of certain properties and joint ventures and the issuance of units or preferred units to third parties.

The presentation of stockholders’ equity, partners’ equity and noncontrolling interests are the main areas of difference between the consolidated financial statements of Simon and those of the Operating Partnership. The differences between stockholders’ equity and partners’ equity result from differences in the equity issued at the Simon and Operating Partnership levels. The units held by limited partners in the Operating Partnership are accounted for as partners’ equity in the Operating Partnership’s financial statements and as noncontrolling interests in Simon’s financial statements. The noncontrolling interests in the Operating Partnership’s financial statements include the interests of unaffiliated partners in various consolidated partnerships. The noncontrolling interests in Simon’s financial statements include the same noncontrolling interests at the Operating Partnership level and, as previously stated, the units held by limited partners of the Operating Partnership. Although classified differently, total equity of Simon and the Operating Partnership is the same.

To help investors understand the differences between Simon and the Operating Partnership, this report provides:

- separate consolidated financial statements for Simon and the Operating Partnership;
- a single set of condensed notes to such consolidated financial statements that includes separate discussions of noncontrolling interests and stockholders’ equity or partners’ equity, accumulated other comprehensive income (loss) and per share and per unit data, as applicable;

- a combined Management's Discussion and Analysis of Financial Condition and Results of Operations section that also includes discrete information related to each entity; and
- separate Part II, Item 2. Unregistered Sales of Equity Securities and Use of Proceeds sections related to each entity.

This report also includes separate Part I, Item 4. Controls and Procedures sections and separate Exhibits 31 and 32 certifications for each of Simon and the Operating Partnership in order to establish that the requisite certifications have been made and that Simon and the Operating Partnership are each compliant with Rule 13a-14(a) or Rule 15d-14(a) of the Securities Exchange Act of 1934 and 18 U.S.C. §1350. The separate discussions of Simon and the Operating Partnership in this report should be read in conjunction with each other to understand our results on a consolidated basis and how management operates our business.

In order to highlight the differences between Simon and the Operating Partnership, the separate sections in this report for Simon and the Operating Partnership specifically refer to Simon and the Operating Partnership. In the sections that combine disclosure of Simon and the Operating Partnership, this report refers to actions or holdings of Simon and the Operating Partnership as being "our" actions or holdings. Although the Operating Partnership is generally the entity that directly or indirectly enters into contracts and joint ventures, holds assets and incurs debt, we believe that references to "we," "us" or "our" in this context is appropriate because the business is one enterprise and we operate substantially all of our business through the Operating Partnership.

Condensed Notes to Consolidated Financial Statements
(Unaudited)
(Dollars in thousands, except share, per share, unit and per unit amounts
and where indicated in millions or billions)

1. Organization

Simon Property Group, Inc. is a Delaware corporation that operates as a self-administered and self-managed real estate investment trust, or REIT, under the Internal Revenue Code of 1986, as amended, or the Internal Revenue Code. REITs will generally not be liable for U.S. federal corporate income taxes as long as they distribute not less than 100% of their REIT taxable income. Simon Property Group, L.P. is our majority-owned Delaware partnership subsidiary that owns all of our real estate properties and other assets. According to the Operating Partnership's partnership agreement, the Operating Partnership is required to pay all expenses of Simon. In these condensed notes to the consolidated financial statements, unless stated otherwise or the context otherwise requires, references to "Simon" mean Simon Property Group, Inc. and references to the "Operating Partnership" mean Simon Property Group, L.P. References to "we," "us" and "our" mean collectively Simon, the Operating Partnership and those entities/subsidiaries owned or controlled by Simon and/or the Operating Partnership. Unless otherwise indicated, these condensed notes to consolidated financial statements apply to both Simon and the Operating Partnership.

We own, develop and manage premier shopping, dining, entertainment and mixed-use destinations, which consist primarily of malls, Premium Outlets[®], and The Mills[®]. As of March 31, 2023, we owned or held an interest in 196 income-producing properties in the United States, which consisted of 93 malls, 69 Premium Outlets, 14 Mills, six lifestyle centers, and 14 other retail properties in 37 states and Puerto Rico. We also own an 80% noncontrolling interest in the Taubman Realty Group, LLC, or TRG, which has an interest in 24 regional, super-regional, and outlet malls in the U.S. and Asia. Internationally, as of March 31, 2023, we had ownership in 34 Premium Outlets and Designer Outlet properties primarily located in Asia, Europe, and Canada. As of March 31, 2023, we also owned a 22.4% equity stake in Klépierre SA, or Klépierre, a publicly traded, Paris-based real estate company which owns, or has an interest in, shopping centers located in 14 countries in Europe.

2. Basis of Presentation

The accompanying unaudited consolidated financial statements include the accounts of all controlled subsidiaries, and all significant intercompany amounts have been eliminated. Due to the seasonal nature of certain operational activities, the results for the interim periods ended March 31, 2023, are not necessarily indicative of the results to be expected for the full year.

These consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and include all of the information and disclosures required by accounting principles generally accepted in the United States (GAAP) for interim reporting. Accordingly, they do not include all of the disclosures required by GAAP for complete financial statements. In the opinion of management, all adjustments necessary for a fair presentation (including normal recurring accruals) have been included. The consolidated financial statements in this Form 10-Q should be read in conjunction with the audited consolidated financial statements and related notes contained in the combined 2022 Annual Report on Form 10-K of Simon and the Operating Partnership. Certain reclassifications considered necessary for a fair presentation have been made to the prior period financial statements in order to conform to the current year presentation. These reclassifications have not changed the results of operations.

As of March 31, 2023, we consolidated 130 wholly-owned properties and 18 additional properties that are less than wholly-owned, but which we control or for which we are the primary beneficiary. We apply the equity method of accounting to the other 82 properties (the joint venture properties) and our investments in Klépierre and TRG, as well as our investments (collectively, our other platform investments) in retail operations (J.C. Penney and SPARC Group); an intellectual property and licensing venture (Authentic Brands Group, LLC, or ABG); an e-commerce venture (Rue Gilt Groupe, or RGG); and Jamestown (a global real estate investment and management company). We manage the day-to-day operations of 51 of the 82 joint venture properties, but have determined that our partner or partners have substantive participating rights with respect to the assets and operations of these joint venture properties. Our investments in joint ventures in Japan, South Korea, Mexico, Malaysia, Thailand, Canada, Spain, and the United Kingdom comprise 24 of the remaining 31 properties. These international properties and TRG are managed by joint ventures in which we share control.

Preferred distributions of the Operating Partnership are accrued at declaration and represent distributions on outstanding preferred units of partnership interests, or preferred units, and are included in net income attributable to noncontrolling interests. We allocate net operating results of the Operating Partnership after preferred distributions to limited partners and to Simon based on the partners' respective weighted average ownership interests in the Operating Partnership. Net operating results of the Operating Partnership attributable to limited partners are reflected in net income attributable to noncontrolling interests. Simon's weighted average ownership interest in the Operating Partnership was 87.4% for both the three months ended March 31, 2023

and 2022. As of March 31, 2023 and December 31, 2022, Simon's ownership interest in the Operating Partnership was 87.4%. We adjust the noncontrolling limited partners' interests at the end of each period to reflect their interest in the net assets of the Operating Partnership.

Preferred unit requirements in the Operating Partnership's accompanying consolidated statements of operations and comprehensive income represent distributions on outstanding preferred units and are recorded when declared.

3. Significant Accounting Policies

Cash and Cash Equivalents

We consider all highly liquid investments purchased with an original maturity of 90 days or less to be cash and cash equivalents. Cash equivalents are carried at cost, which approximates fair value. Cash equivalents generally consist of commercial paper, bankers' acceptances, Eurodollars, repurchase agreements, and money market deposits or securities. Financial instruments that potentially subject us to concentrations of credit risk include our cash and cash equivalents and our trade accounts receivable. We place our cash and cash equivalents with institutions of high credit quality. However, at certain times, such cash and cash equivalents are in excess of Federal Deposit Insurance Corporation and Securities Investor Protection Corporation insurance limits.

Equity Instruments and Debt Securities

Equity instruments and debt securities consist primarily of equity instruments, our deferred compensation plan investments, the debt securities of our captive insurance subsidiary, and certain investments held to fund the debt service requirements of debt previously secured by investment properties. At March 31, 2023 and December 31, 2022, we had equity instruments with readily determinable fair values of \$94.1 million and \$73.0 million, respectively. Changes in the fair value of these equity instruments are recorded in unrealized gains (losses) in fair value of publicly traded equity instruments, net in our consolidated statements of operations and comprehensive income. At March 31, 2023 and December 31, 2022, we had equity instruments without readily determinable fair values of \$237.2 million and \$236.2 million, respectively, for which we have elected the measurement alternative. We regularly evaluate these investments for any impairment in their estimated fair value, as well as any observable price changes for an identical or similar equity instrument of the same issuer, and determined that no material adjustment in the carrying value was required for the three months ended March 31, 2023 and 2022.

Our deferred compensation plan equity instruments are valued based upon quoted market prices. The investments have a matching liability as the amounts are fully payable to the employees that earned the compensation. Changes in value of these securities and changes to the matching liability to employees are both recognized in earnings and, as a result, there is no impact to consolidated net income.

At March 31, 2023 and December 31, 2022, we held debt securities of \$51.5 million and \$52.3 million, respectively, in our captive insurance subsidiary. The types of securities included in the investment portfolio of our captive insurance subsidiary are typically U.S. Treasury or other U.S. government securities as well as corporate debt securities with maturities ranging from less than one year to ten years. These securities are classified as available-for-sale and are valued based upon quoted market prices or other observable inputs when quoted market prices are not available. The amortized cost of debt securities, which approximates fair value, held by our captive insurance subsidiary is adjusted for amortization of premiums and accretion of discounts to maturity. Changes in the values of these securities are recognized in accumulated other comprehensive income (loss) until the gain or loss is realized or until any unrealized loss is deemed to be other-than-temporary. We review any declines in value of these securities for other-than-temporary impairment and consider the severity and duration of any decline in value. To the extent an other-than-temporary impairment is deemed to have occurred, an impairment is recorded and a new cost basis is established.

Our captive insurance subsidiary is required to maintain statutory minimum capital and surplus as well as maintain a minimum liquidity ratio. Therefore, our access to these securities may be limited.

Fair Value Measurements

Level 1 fair value inputs are quoted prices for identical items in active, liquid and visible markets such as stock exchanges. Level 2 fair value inputs are observable information for similar items in active or inactive markets, and appropriately consider

Condensed Notes to Consolidated Financial Statements
(Unaudited)
(Dollars in thousands, except share, per share, unit and per unit amounts
and where indicated in millions or billions)

counterparty creditworthiness in the valuations. Level 3 fair value inputs reflect our best estimate of inputs and assumptions market participants would use in pricing an asset or liability at the measurement date. The inputs are unobservable in the market and significant to the valuation estimate. We have no investments for which fair value is measured on a recurring basis using Level 3 inputs.

The equity instruments with readily determinable fair values we held at March 31, 2023 and December 31, 2022 were primarily classified as having Level 1 fair value inputs. In addition, we had derivative instruments which were classified as having Level 2 inputs, which consist primarily of foreign currency forward contracts, interest rate swap and cap agreements with an asset balance of \$16.2 million at March 31, 2023 and \$15.8 million at December 31, 2022, and a liability balance of \$8.4 million and \$8.6 million at March 31, 2023 and December 31, 2022, respectively.

Note 7 includes a discussion of the fair value of debt measured using Level 2 inputs. Level 3 inputs to our purchase accounting and impairment analyses include our estimations of net operating results of the property, capitalization rates and discount rates.

Noncontrolling Interests

Simon

Details of the carrying amount of our noncontrolling interests are as follows:

	As of March 31, 2023	As of December 31, 2022
Limited partners' interests in the Operating Partnership	\$ 428,295	\$ 448,076
Nonredeemable noncontrolling interests in properties, net	21,064	25,052
Total noncontrolling interests reflected in equity	<u>\$ 449,359</u>	<u>\$ 473,128</u>

Net income attributable to noncontrolling interests (which includes nonredeemable and redeemable noncontrolling interests in consolidated properties, limited partners' interests in the Operating Partnership and preferred distributions payable by the Operating Partnership on its outstanding preferred units) is a component of consolidated net income. In addition, the individual components of other comprehensive income (loss) are presented in the aggregate for both controlling and noncontrolling interests, with the portion attributable to noncontrolling interests deducted from comprehensive income attributable to common stockholders.

The Operating Partnership

Our evaluation of the appropriateness of classifying the Operating Partnership's common units of partnership interest, or units, held by Simon and the Operating Partnership's limited partners within permanent equity considered several significant factors. First, as a limited partnership, all decisions relating to the Operating Partnership's operations and distributions are made by Simon, acting as the Operating Partnership's sole general partner. The decisions of the general partner are made by Simon's Board of Directors or management. The Operating Partnership has no other governance structure. Secondly, the sole asset of Simon is its interest in the Operating Partnership. As a result, a share of common stock of Simon, or common stock, if owned by the Operating Partnership, is best characterized as being similar to a treasury share and thus not an asset of the Operating Partnership.

Limited partners of the Operating Partnership have the right under the Operating Partnership's partnership agreement to exchange their units for shares of common stock or cash, as selected by Simon as the sole general partner. Accordingly, we classify units held by limited partners in permanent equity because Simon may elect to issue shares of common stock to limited partners exercising their exchange rights rather than using cash. Under the Operating Partnership's partnership agreement, the Operating Partnership is required to redeem units held by Simon only when Simon has repurchased shares of common stock. We classify units held by Simon in permanent equity because the decision to redeem those units would be made by Simon.

Net income attributable to noncontrolling interests (which includes nonredeemable and redeemable noncontrolling interests in consolidated properties) is a component of consolidated net income.

Accumulated Other Comprehensive Income (Loss)

Simon

The total accumulated other comprehensive income (loss) related to Simon's currency translation adjustment was (\$200.2) million and (\$199.5) million as of March 31, 2023 and December 31, 2022, respectively.

The reclassifications out of accumulated other comprehensive income (loss) consisted of the following:

	For the Three Months Ended March 31,		Affected line item where net income is presented
	2023	2022	
Accumulated derivative gains, net	\$ 501	\$ 387	Interest expense
	(63)	(49)	Net income attributable to noncontrolling interests
	<u>\$ 438</u>	<u>\$ 338</u>	

The Operating Partnership

The total accumulated other comprehensive income (loss) related to the Operating Partnership's currency translation adjustment was (\$229.1) million and (\$228.3) million as of March 31, 2023 and December 31, 2022, respectively.

The reclassifications out of accumulated other comprehensive income (loss) consisted of the following:

	For the Three Months Ended March 31,		Affected line item where net income is presented
	2023	2022	
Accumulated derivative gains, net	\$ 501	\$ 387	Interest expense

Derivative Financial Instruments

We record all derivatives on our consolidated balance sheets at fair value. The accounting for changes in the fair value of derivatives depends on the intended use of the derivative, whether we have designated a derivative as a hedge and whether the hedging relationship has satisfied the criteria necessary to apply hedge accounting. We may use a variety of derivative financial instruments in the normal course of business to selectively manage or hedge a portion of the risks associated with our indebtedness and interest payments. Our objectives in using interest rate derivatives are to add stability to interest expense and to manage our exposure to interest rate movements. To accomplish this objective, we primarily use interest rate swaps and caps. We require that hedging derivative instruments be highly effective in reducing the risk exposure that they are designated to hedge. We formally designate any instrument that meets these hedging criteria as a hedge at the inception of the derivative contract. We have no credit-risk-related hedging or derivative activities.

As of March 31, 2023, we had the following outstanding interest rate derivatives related to managing our interest rate risk:

Interest Rate Derivative	Number of Instruments	Notional Amount
Interest Rate Swaps	3	\$500.0 Million
Interest Rate Swaps	3	€878.0 million
Interest Rate Caps	3	€119.7 million

Simon Property Group, Inc.

(Dollars in thousands, except share, per share, unit and per unit amounts
and where indicated in millions or billions)

As of December 31, 2022, we had the following outstanding interest rate derivatives related to managing our interest rate risk:

Interest Rate Derivative	Number of Instruments	Notional Amount
Interest Rate Swaps	1	€ 128.0 million
Interest Rate Caps	5	€ 319.0 million

The carrying value of our interest rate swap and cap agreements, at fair value, as of March 31, 2023 and December 31, 2022 was an asset balance of \$14.3 million and \$13.1 million, respectively, and is included in deferred costs and other assets.

We may enter into treasury lock agreements as part of an anticipated debt issuance. Upon completion of the debt issuance, the fair value of these instruments that had been recorded as part of accumulated other comprehensive income (loss) is amortized to interest expense over the life of the debt agreement.

The unamortized gain on our treasury locks and terminated hedges recorded in accumulated other comprehensive income (loss) was \$22.2 million as of March 31, 2023, compared to an unamortized gain of \$10.9 million as of December 31, 2022. Within the next 12 months, we expect to reclassify to earnings approximately \$1.1 million of gains related to terminated interest rate swaps from the current balance held in accumulated other comprehensive income (loss).

We are also exposed to foreign currency risk on financings of certain foreign operations. Our intent is to offset gains and losses that occur on the underlying exposures, with gains and losses on the derivative contracts hedging these exposures. We do not enter into either interest rate protection or foreign currency rate protection agreements for speculative purposes.

We are also exposed to fluctuations in foreign exchange rates on financial instruments which are denominated in foreign currencies, primarily in Yen and Euro. We use currency forward contracts, cross currency swap contracts and foreign currency denominated debt to manage our exposure to changes in foreign exchange rates on certain Yen and Euro-denominated receivables and net investments. Currency forward contracts involve fixing the Yen:USD or Euro:USD exchange rate for delivery of a specified amount of foreign currency on a specified date. The currency forward contracts are typically cash settled in U.S. dollars for their fair value at or close to their settlement date.

We had the following Euro:USD forward contracts designated as net investment hedges at March 31, 2023 and December 31, 2022 (in millions):

Asset balances in the above table are included in deferred costs and other assets. Liability balances in the above table are included in other liabilities.

We have designated certain derivative and nonderivative instruments as net investment hedges. Accordingly, we report the changes in fair value in other comprehensive income (loss). For the three months ended March 31, 2023 and 2022, we recorded gains (loss) of (\$32.4) million and \$44.3 million, respectively, in the cumulative translation adjustment section of the other comprehensive income (loss). Changes in the value of these forward contracts are offset by changes in the underlying hedged Euro-denominated joint venture investments.

The total accumulated other comprehensive income (loss) related to Simon's derivative activities, including our share of other comprehensive income (loss) from unconsolidated entities, was \$41.0 million and \$36.5 million as of March 31, 2023 and December 31, 2022, respectively. The total accumulated other comprehensive income (loss) related to the Operating Partnership's derivative activities, including our share of other comprehensive income (loss) from unconsolidated entities, was \$47.0 million and \$41.8 million as of March 31, 2023 and December 31, 2022, respectively.

New Accounting Pronouncements

In March 2020, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2020-04, "Reference Rate Reform," which provides temporary optional expedients and exceptions to the US GAAP guidance on contract modifications and hedge accounting to ease the financial reporting burdens of the expected market transition from LIBOR and other interbank offered rates to alternative reference rates. Additional optional expedients, exceptions, and clarifications were created in ASU 2021-01. The guidance is effective upon issuance and generally can be applied to any contract modifications or existing and new hedging relationships through December 31, 2024. We elected the expedients in conjunction with transitioning certain debt instruments, as discussed in note 7, to alternative benchmark indices. There was no impact on our consolidated financial statements at adoption.

4. Real Estate Acquisitions and Dispositions

Unless otherwise noted, gains and losses on property transactions are included in gain on acquisition of controlling interest, sale or disposal of, or recovery on, assets and interests in unconsolidated entities and impairment, net in the accompanying consolidated statements of operations and comprehensive income. We capitalize asset acquisition costs and expense costs related to business combinations, as well as disposition related costs as they are incurred. We incurred a minimal amount of transaction expenses during the three months ended March 31, 2023 and 2022.

2022 Acquisitions

On June 17, 2022, we acquired an additional interest in Gloucester Premium Outlets from a joint venture partner for \$14.0 million in cash consideration, including a pro-rata share of working capital, resulting in the consolidation of this property. The property is subject to an \$85.7 million 3.29% variable rate mortgage loan. We accounted for this transaction as an asset acquisition and substantially all of our investment has been determined to relate to investment property.

2022 Dispositions

On June 17, 2022, we disposed of our interest in one consolidated retail property. The proceeds from this transaction were \$59.0 million, resulting in a loss of \$15.6 million.

5. Per Share and Per Unit Data

We determine basic earnings per share and basic earnings per unit based on the weighted average number of shares of common stock or units, as applicable, outstanding during the period and we consider any participating securities for purposes of applying the two-class method. We determine diluted earnings per share and diluted earnings per unit based on the weighted average number of shares of common stock or units, as applicable, outstanding combined with the incremental weighted average number of shares or units, as applicable, that would have been outstanding assuming all potentially dilutive securities were converted into shares of common stock or units, as applicable, at the earliest date possible. The following tables set forth the components of basic and diluted earnings per share and basic and diluted earnings per unit.

6. Investment in Unconsolidated Entities and International Investments

Real Estate Joint Ventures and Investments

Joint ventures are common in the real estate industry. We use joint ventures to finance properties, develop new properties and diversify our risk in a particular property or portfolio of properties. As discussed in note 2, we held joint venture interests in 82 properties as of March 31, 2023.

Certain of our joint venture properties are subject to various rights of first refusal, buy-sell provisions, put and call rights, or other sale or marketing rights for partners which are customary in real estate joint venture agreements and the industry. We and our partners in these joint ventures may initiate these provisions (subject to any applicable lock up or similar restrictions), which may result in either the sale of our interest or the use of available cash or borrowings, or the use of limited partnership interests in the Operating Partnership, to acquire the joint venture interest from our partner.

We may provide financing to joint venture properties primarily in the form of interest bearing construction loans. As of March 31, 2023 and December 31, 2022, we had construction loans and other advances to these related parties totaling \$109.4 million and \$112.0 million, respectively, which are included in deferred costs and other assets in the accompanying consolidated balance sheets.

During 2022, we recorded a non-cash gain of \$19.9 million related to the disposition and foreclosure of two unconsolidated properties in satisfaction of the respective \$99.6 million and \$83.1 million non-recourse mortgage loans. This non-cash investing and financing activity is excluded from our consolidated statement of cash flows.

On March 14, 2023, we amended, restated, extended, and increased our existing \$4.0 billion unsecured revolving credit facility. The Credit Facility has an initial borrowing capacity of \$5.0 billion which may be increased in the form of additional commitments in the aggregate not to exceed \$1.0 billion, for a total aggregate size of \$6.0 billion, subject to obtaining additional lender commitments and satisfying certain customary conditions precedent. Borrowings may be denominated in U.S. dollars, Euro, Yen, Pounds Sterling, Canadian dollars and Australian dollars. Borrowings in currencies other than the U.S. dollar are limited to 97% of the maximum revolving credit amount, as defined. The initial maturity date of the Credit Facility is June 30, 2027. The Credit Facility can be extended for two additional six-month periods to June 30, 2028, at our sole option, subject to satisfying certain customary conditions precedent.

Borrowings under the Credit Facility bear interest, at our election, at either (i) (x) for Term Benchmark Loans, the Adjusted Term SOFR Rate, the applicable Local Rate, the Adjusted EURIBOR Rate, or the Adjusted TIBOR Rate, (y) for RFR Loans, if denominated in Sterling, SONIA plus a benchmark adjustment and if denominated in Dollars, Daily Simple SOFR plus a benchmark adjustment, or (z) for Daily SOFR Loans, the Adjusted Floating Overnight Daily SOFR Rate, in each case of clauses (x) through (z) above, plus a margin determined by our corporate credit rating of between 0.650% and 1.400% or (ii) for loans denominated in U.S. Dollars only, the base rate (which rate is equal to the greatest of the prime rate, the federal funds effective rate plus 0.500% or Adjusted Term SOFR Rate for one month plus 1.000%) (the "Base Rate"), plus a margin determined by our corporate credit rating of between 0.000% and 0.400%. The Credit Facility includes a facility fee determined by our corporate credit rating of between 0.100% and 0.300% on the aggregate revolving commitments under the Credit Facility. Based upon our current credit ratings, the interest rate on the Credit Facility is SOFR plus 72.5 basis points, plus a spread adjustment to account for the transition from LIBOR to SOFR.

The Supplemental Facility's borrowing capacity of \$3.5 billion may be increased to \$4.5 billion during its term and provides for borrowings denominated in U.S. dollars, Euro, Yen, Pounds, Sterling, Canadian dollars and Australian dollars. Borrowings in currencies other than the U.S. dollar are limited to 100% of the maximum revolving credit amount, as defined. The initial maturity date of the Supplemental Facility is January 31, 2026 and can be extended for an additional year to January 31, 2027 at our sole option, subject to satisfying certain customary conditions precedent.

Borrowings under the Supplemental Facility bear interest, at the Company's election, at either (i) (x) for Term Benchmark Loans, the Adjusted Term SOFR Rate, the applicable Local Rate, the Adjusted EURIBOR Rate, or the Adjusted TIBOR Rate, (y) for RFR Loans, if denominated in Sterling, SONIA plus a benchmark adjustment and if denominated in Dollars, Daily Simple SOFR plus a benchmark adjustment, or (z) for Daily SOFR Loans, the Adjusted Floating Overnight Daily SOFR Rate, in each case of clauses (x) through (z) above, plus a margin determined by our corporate credit rating of between 0.650% and 1.400% or (ii) for loans denominated in U.S. Dollars only, the base rate (which rate is equal to the greatest of the prime rate, the federal funds effective rate plus 0.500% or Adjusted Term SOFR Rate for one month plus 1.000%) (the "Base Rate"), plus a margin determined by our corporate credit rating of between 0.000% and 0.400%. The Operating Partnership also has available a global unsecured commercial paper note program, or Commercial Paper program of, \$2.0 billion, or the non-U.S. dollar equivalent thereof. The Operating Partnership may issue unsecured commercial paper notes, denominated in U.S. dollars, Euro and other currencies. Notes issued in non-U.S. currencies may be issued by one or more subsidiaries of the Operating Partnership and are guaranteed by the Operating Partnership. Notes are sold under customary terms in the U.S. and Euro commercial paper note markets and rank (either by themselves or as a result of the guarantee described above) pari passu with the Operating Partnership's other unsecured senior indebtedness. The Commercial Paper program is supported by the Credit Facilities and, if necessary or appropriate, we may make one or more draws under either of the Credit Facilities to pay amounts outstanding from time to time on the Commercial Paper program. On March 31, 2023, we had no outstanding balance under the Commercial Paper program. Borrowings reduce amounts otherwise available under the Credit Facilities.

On March 8, 2023, the Operating Partnership completed the issuance of the following senior unsecured notes: \$650 million with a fixed interest rate 5.50%, and \$650 million with a fixed interest rate of 5.85%, with maturity dates of March 8, 2033 and

March 8, 2023, respectively. The Operating Partnership used a portion of the net proceeds of the offering to fund the optional redemption of its \$500 million floating rate notes due January 2024 on March 13, 2023.

On January 10, 2023, the Operating Partnership completed interest rate swap agreements with a combined notional value at €750.0 million to swap the interest rate of the Euro denominated borrowings outstanding under the Supplemental Facility to an all-in fixed rate of 3.81%. These interest rate swaps mature on January 17, 2024.

On November 16, 2022, the Operating Partnership drew €750.0 million (\$779.0 million U.S. dollar equivalent as of the issuance date) under the Supplemental facility and used the proceeds on November 17, 2022, to repay €750.0 million (\$777.1 million U.S. dollar equivalent as of the payoff date) of senior unsecured notes at maturity.

On January 11, 2022, the Operating Partnership completed the issuance of the following senior unsecured notes: \$500 million with a floating interest rate of SOFR plus 43 basis points, and \$700 million with a fixed interest rate of 2.650%, with maturity dates of January 11, 2024 and February 1, 2032, respectively. The proceeds were used to repay \$1.05 billion outstanding under the Supplemental Facility on January 12, 2022.

Mortgage Debt

Total mortgage indebtedness was \$5.3 billion and \$5.5 billion at March 31, 2023 and December 31, 2022, respectively.

Covenants

Our unsecured debt agreements contain financial covenants and other non-financial covenants. The Credit Facilities contain ongoing covenants relating to total and secured leverage to capitalization value, minimum earnings before interest, taxes, depreciation, and amortization, or EBITDA, and unencumbered EBITDA coverage requirements. Payment under the Credit Facilities can be accelerated if the Operating Partnership or Simon is subject to bankruptcy proceedings or upon the occurrence of certain other events. If we were to fail to comply with these covenants, after the expiration of the applicable cure periods, the debt maturity could be accelerated or other remedies could be sought by the lender, including adjustments to the applicable interest rate. As of March 31, 2023, we were in compliance with all covenants of our unsecured debt.

At March 31, 2023, our consolidated subsidiaries were the borrowers under 38 non-recourse mortgage notes secured by mortgages on 41 properties and other assets, including two separate pools of cross-defaulted and cross-collateralized mortgages encumbering a total of five properties. Under these cross-default provisions, a default under any mortgage included in the cross-defaulted pool may constitute a default under all mortgages within that pool and may lead to acceleration of the indebtedness due on each property within the pool. Certain of our secured debt instruments contain financial and other non-financial covenants which are specific to the properties that serve as collateral for that debt. If the applicable borrower under these non-recourse mortgage notes were to fail to comply with these covenants, the lender could accelerate the debt and enforce its rights against their collateral. At March 31, 2023, the applicable borrowers under these non-recourse mortgage notes were in compliance with all covenants where non-compliance could individually or in the aggregate, giving effect to applicable cross-default provisions, have a material adverse effect on our financial condition, liquidity or results of operations.

Fair Value of Debt

The carrying value of our variable-rate mortgages and other loans approximates their fair values. We estimate the fair values of consolidated fixed rate mortgages using cash flows discounted at current borrowing rates and other indebtedness using cash flows discounted at current market rates. We estimate the fair values of consolidated fixed rate unsecured notes using quoted market prices, or, if no quoted market prices are available, we use quoted market prices for securities with similar terms and maturities. The book value of our consolidated fixed rate mortgages and unsecured indebtedness including commercial paper was

8. Equity

During the three months ended March 31, 2023, the Operating Partnership redeemed 22,442 units from four limited partners for \$2.9 million. These transactions increased Simon's ownership interest in the Operating Partnership.

On May 9, 2022, Simon's Board of Directors authorized a common stock repurchase plan. Under the plan, Simon may repurchase up to \$2.0 billion of its common stock during the two-year period commencing on May 16, 2022 and ending on May 16, 2024 in the open market or in privately negotiated transactions as market conditions warrant. During the year ended December 31, 2022, Simon purchased 1,830,022 shares at an average price of \$98.57 per share. As Simon repurchases shares under these programs, the Operating Partnership repurchases an equal number of units from Simon.

We paid a common stock dividend of \$1.80 per share for the first quarter of 2023. We paid common stock dividends of \$1.65 per share for the first quarter of 2022. The Operating Partnership paid distributions per unit for the same amounts. On May 2, 2023, Simon's Board of Directors declared a quarterly cash dividend for the second quarter of 2023 of \$1.85 per share, payable on June 30, 2023 to shareholders of record on June 9, 2023. The distribution rate on units is equal to the dividend rate on common stock.

Temporary Equity

Simon

Simon classifies as temporary equity those securities for which there is the possibility that Simon could be required to redeem the security for cash irrespective of the probability of such a possibility. As a result, Simon classifies one series of preferred units in the Operating Partnership and noncontrolling redeemable interests in properties in temporary equity. Each of these securities is discussed further below.

Limited Partners' Preferred Interest in the Operating Partnership and Noncontrolling Redeemable Interests in Properties. The redemption features of the preferred units in the Operating Partnership contain provisions which could require the Operating Partnership to settle the redemption in cash. As a result, this series of preferred units in the Operating Partnership remains classified outside permanent equity. The remaining interests in a property or portfolio of properties which are redeemable at the option of the holder or in circumstances that may be outside Simon's control are accounted for as temporary equity. The carrying amount of the noncontrolling interest is adjusted to the redemption amount assuming the instrument is redeemable at the balance sheet date. Changes in the redemption value of the underlying noncontrolling interest are recorded within accumulated deficit in the consolidated statements of equity in issuance of unit equivalents and other. There were no noncontrolling interests

Stock-Based Compensation

Our long-term incentive compensation awards under our stock-based compensation plans primarily take the form of LTIP units, restricted stock units, and restricted stock. The substantial majority of these awards are market condition or performance-based, and are based on various market, corporate and business unit performance measures as further described below. The expense related to these programs, net of amounts capitalized, is included within home and regional office costs and general and administrative costs in the accompanying statements of operations and comprehensive income. LTIP units are a form of limited partnership interest issued by the Operating Partnership, which are subject to the participant maintaining employment with us through certain dates and other conditions as described in the applicable award agreements. Awarded LTIP units not earned in accordance with the conditions set forth in the applicable award agreements are forfeited. Earned and fully vested LTIP units are equivalent to units of the Operating Partnership. Participants are entitled to receive distributions on the awarded LTIP units, as defined, equal to 10% of the regular quarterly distributions paid on a unit of the Operating Partnership. As a result, we account for these LTIP units as participating securities under the two class method of computing earnings per share. These are granted under The Simon Property Group, L.P. 2019 Stock Incentive Plan, or the 2019 Plan.

The grant date fair values of any LTIP units that are market-based awards are estimated using a Monte Carlo model, and the resulting fixed expense is recorded regardless of whether the market condition criteria are achieved if the participant performs the required service period. The grant date fair values of the market-based awards are being amortized into expense over the performance period, which is the grant date through the date at which the awards, if earned, become vested. The expense of the performance-based award is recorded over the performance period, which is the grant date through the date at which the awards, if earned, become vested, based on our assessment as to whether it is probable that the performance criteria will be achieved during the applicable performance periods. The grant date fair values of any restricted stock unit awards are recognized as expense over the vesting period.

2019 LTIP Program. In 2019, the Compensation and Human Capital Committee established and granted awards under the 2019 LTIP Program. Awards under the 2019 LTIP Program will be considered earned if the respective performance conditions (based upon Funds From Operations, or FFO, per share, and Objective Criteria Goals) and market condition (based on Relative TSR performance), as defined in the applicable award agreements, are achieved during the applicable three-year measurement period. All of the earned LTIP units under the 2019 LTIP Program vested on January 1, 2023. The 2019 LTIP Program provides that the amount earned of the performance-based portion of the awards is dependent on Simon's performance compared to certain criteria and in March 2022, the Compensation and Human Capital Committee determined 72,442 performance based LTIP units under this program were earned.

2020 LTI Program. In 2020, the Compensation and Human Capital Committee established and granted awards under the 2020 LTI Program, which consisted of a one-time grant of 312,263 time-based restricted stock units under the 2019 Plan at a grant date fair market value of \$84.37 per share. One-third of these awards vested on each of January 1, 2022 and 2023, and the remaining awards will vest ratably on January 1, 2024. The grant date fair value of the awards of \$26.3 million is being recognized as expense over the three-year vesting period.

2021 LTI Program. In 2021, the Compensation and Human Capital Committee established and granted awards under the 2021 LTI Program. Awards under the 2021 LTI Program took the form of LTIP units and restricted stock units. Awards of LTIP units under this program will be considered earned if the respective performance conditions (based on FFO and Objective Criteria Goals) and market conditions (based on Absolute TSR performance), as defined in the applicable award agreements, are achieved during the applicable three-year measurement period. Any units determined to be earned LTIP units under the 2021 LTI Program will vest on January 1, 2025. The 2021 LTI Program provides that the amount earned related to the performance-based portion of the awards is dependent on the Compensation and Human Capital Committee's determination that Simon's FFO performance and achievement of certain objective criteria goals and has a maximum potential fair value at grant date of \$18.4 million. As part of the 2021 LTI Program, the Compensation and Human Capital Committee also established a grant of 37,976 time-based restricted stock units under the 2019 Plan at a grant date fair market value of \$112.92 per share. These awards will vest, subject to the grantee's continued service, on March 1, 2024. The \$4.3 million grant date fair value of these awards is being recognized as expense over the three-year vesting period.

2022 LTI Program. In the first quarter of 2022, the Compensation and Human Capital Committee established and granted awards under a 2022 Long-Term Incentive Program, or 2022 LTI Program. Awards under the 2022 LTI Program, took the form of LTIP units and restricted stock units. Awards of LTIP units under this program will be considered earned if the respective performance conditions (based on FFO and Objective Criteria Goals), subject to adjustment based upon a TSR modifier, with respect to the FFO performance condition, as defined in the applicable award agreements, are achieved during the applicable three-year measurement period. Any units determined to be earned LTIP units under the 2022 LTI Program will vest on January 1, 2026. The 2022 LTI Program provides that the amount earned related to the performance-based portion of the awards is dependent on the Compensation and Human Capital Committee's determination that Simon's FFO performance and achievement of certain objective criteria goals and has a maximum potential fair value at grant date of \$20.6 million. As part of the 2022 LTI Program, on March 11, 2022 and March 18, 2022, the Compensation and Human Capital Committee also established grants of 52,673 time-based restricted stock units under the 2019 Plan at a grant date fair market value of \$130.05 and \$130.84 per share. These awards will vest on March 11, 2025 and March 18, 2025. The \$6.9 million grant date fair value of these awards is being recognized as expense over the three-year vesting period.

2023 LTI Program. In the first quarter of 2023, the Compensation and Human Capital Committee established and granted awards under a 2023 Long-Term Incentive Program, or 2023 LTI Program. Awards under the 2023 LTI Program, took the form of LTIP units and restricted stock units. Awards of LTIP units under this program will be considered earned if the respective performance conditions (based on FFO and Objective Criteria Goals), subject to adjustment based upon a TSR modifier, with respect to the FFO performance condition, as defined in the applicable award agreements, are achieved during the applicable three-year measurement period. Any units determined to be earned LTIP units under the 2023 LTI Program will vest on January 1, 2027. The 2023 LTI Program provides that the amount earned related to the performance-based portion of the awards is dependent on the Compensation and Human Capital Committee's determination that Simon's FFO performance and achievement of certain objective criteria goals and has a maximum potential fair value at grant date of \$42.5 million. As part of the 2023 LTI Program, on March 1, 2023, the Compensation and Human Capital Committee also established a grant of 64,852 time-based restricted stock

units under the 2019 Plan at a grant date fair market value of \$121.25 per share. These awards will vest on March 1, 2026. The \$7.9 million grant date fair value of these awards is being recognized as expense over the three-year vesting period.

The Compensation and Human Capital Committee approved LTIP unit grants as shown in the table below. The extent to which LTIP units were determined by the Compensation and Human Capital Committee's to have been earned, and the aggregate grant date fair value, are as follows:

LTIP Awards	LTIP Units Earned	Grant Date Fair Value of TSR Award	Grant Date Target Value of Performance-Based Awards
2021 LTIP Awards	To be determined in 2024	\$5.7 million	\$12.2 million
2022 LTIP Awards	To be determined in 2025	—	\$13.7 million
2023 LTIP Awards	To be determined in 2026	—	\$23.6 million

We recorded compensation expense, net of capitalization, related to the aforementioned LTIP and LTI programs of approximately \$6.3 million and \$5.8 million for the three months ended March 31, 2023 and 2022, respectively.

Restricted Stock. The Compensation and Human Capital Committee awarded 218,456 shares of restricted stock to employees on April 1, 2023 at a grant date fair market value of \$111.97 per share related to 2022 compensation plan. On March 28, 2023, a non-employee Director was awarded 165 shares of restricted stock at a grant date fair market value of \$103.30 per share. These shares represent a portion of the compensation we pay our non-employee Directors, and all of the shares have been placed in a non-employee Director deferred compensation account maintained by us. The grant date fair value of the employee restricted stock awards is being recognized over the three-year vesting period. The grant date fair value of the non-employee Director restricted stock awards is being recognized as expense over the one-year vesting service period. In accordance with the Operating Partnership's partnership agreement, the Operating Partnership issued an equal number of units to Simon that are subject to the same vesting conditions as the restricted stock.

We recorded compensation expense, net of capitalization, related to restricted stock of approximately \$3.4 million and \$2.4 million for the three months ended March 31, 2023 and 2022, respectively.

9. Lease Income

Fixed lease income under our operating leases includes fixed minimum lease consideration and fixed CAM reimbursements recorded on a straight-line basis. Variable lease income includes consideration based on sales, as well as reimbursements for real estate taxes, utilities, marketing, and certain other items including negative variable lease income as discussed below.

	For the Three Months Ended March 31,	
	2023	2022
Fixed lease income	\$ 1,013,164	\$ 959,630
Variable lease income	235,021	248,237
Total lease income	\$ 1,248,185	\$ 1,207,867

Tenant receivables and accrued revenue in the accompanying consolidated balance sheets includes straight-line receivables of \$539.5 million and \$546.5 million on March 31, 2023, and December 31, 2022, respectively.

In connection with rent deferrals or other accruals of unpaid rent payments, if we determine that rent payments are probable of collection, we will continue to recognize lease income on a straight-line basis over the lease term along with associated tenant receivables. However, if we determine that such deferred rent payments or other accrued but unpaid rent payments are not probable of collection, lease income will be recorded on the cash basis, with the corresponding tenant receivable and deferred rent receivable balances charged as a direct write-off against lease income in the period of the change in our collectability determination. Additionally, our assessment of collectability incorporates information regarding a tenant's financial condition that is obtained from available financial data, the expected outcome of contractual disputes and other matters, and our communications and negotiations with the tenant.

When a tenant seeks to reorganize its operations through bankruptcy proceedings, we assess the collectability of receivable balances. Our ongoing assessment incorporates, among other things, the timing of a tenant's bankruptcy filing and our expectations of the assumptions by the tenant in bankruptcy proceedings of leases at the Company's properties on substantially similar terms.

10. Commitments and Contingencies

Litigation

We are involved from time-to-time in various legal and regulatory proceedings that arise in the ordinary course of our business, including, but not limited to, commercial disputes, environmental matters, and litigation in connection with transactions such as acquisitions and divestitures. We believe that current proceedings will not have a material adverse effect on our financial condition, liquidity, or results of operations. We record a liability when a loss is considered probable and the amount can be reasonably estimated.

Lease Commitments

As of March 31, 2023, we are subject to ground leases that cover all or a portion of 23 of our consolidated properties with termination dates extending through 2090, including periods for which exercising an extension option is reasonably assured. These ground leases generally require us to make fixed annual rental payments, or a fixed annual rental payment plus a percentage rent component based upon the revenues or total sales of the property. In addition, we have several regional office locations that are subject to leases with termination dates ranging from 2023 to 2025. These office leases generally require us to make fixed annual rental payments plus pay our share of common area, real estate taxes, and utility expenses. Some of our ground and office leases include escalation clauses. All of our lease arrangements are classified as operating leases. We incurred ground lease expense and office lease expense, which are included in other expense and home office and regional expense, respectively, as follows:

Guarantees of Indebtedness

Joint venture debt is the liability of the joint venture and is typically secured by the joint venture property, which is non-recourse to us. As of March 31, 2023 and December 31, 2022, the Operating Partnership guaranteed joint venture related mortgage indebtedness of \$132.0 million and \$128.0 million, respectively. Mortgages guaranteed by the Operating Partnership are secured by the property of the joint venture which could be sold in order to satisfy the outstanding obligation and which has an estimated fair value in excess of the guaranteed amount.

Concentration of Credit Risk

Our U.S. Malls, Premium Outlets, and The Mills rely upon anchor tenants to attract customers; however, anchors do not contribute materially to our financial results as many anchors own their spaces. All material operations are within the United States and no customer or tenant accounts for 5% or more of our consolidated revenues.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the consolidated financial statements and notes thereto included in this report.

Overview

Simon Property Group, Inc. is a Delaware corporation that operates as a self-administered and self-managed real estate investment trust, or REIT, under the Internal Revenue Code of 1986, as amended, or the Internal Revenue Code. REITs will generally not be liable for U.S. federal corporate income taxes as long as they distribute not less than 100% of their REIT taxable income. Simon Property Group, L.P. is our majority-owned Delaware partnership subsidiary that owns all of our real estate properties and other assets. According to the Operating Partnership's partnership agreement, the Operating Partnership is required to pay all expenses of Simon. Unless stated otherwise or the context otherwise requires, references to "Simon" mean Simon Property Group, Inc. and references to the "Operating Partnership" mean Simon Property Group, L.P. References to "we," "us" and "our" mean collectively Simon, the Operating Partnership and those entities/subsidiaries owned or controlled by Simon and/or the Operating Partnership.

We own, develop and manage premier shopping, dining, entertainment and mixed-use destinations, which consist primarily of malls, Premium Outlets[®], and The Mills[®]. As of March 31, 2023, we owned or held an interest in 196 income-producing properties in the United States, which consisted of 93 malls, 69 Premium Outlets, 14 Mills, six lifestyle centers, and 14 other retail properties in 37 states and Puerto Rico. We also own an 80% noncontrolling interest in the Taubman Realty Group, LLC, or TRG, which has an interest in 24 regional, super-regional, and outlet malls in the U.S. and Asia. In addition, we have redevelopment and expansion projects, including the addition of anchors, big box tenants, and restaurants, underway at properties in North America, Europe and Asia. Internationally, as of March 31, 2023, we had ownership in 34 Premium Outlets and Designer Outlet properties primarily located in Asia, Europe, and Canada. As of March 31, 2023, we also owned a 22.4% equity stake in Klépierre SA, or Klépierre, a publicly traded, Paris-based real estate company which owns, or has an interest in, shopping centers located in 14 countries in Europe.

We generate the majority of our lease income from retail tenants including consideration received from:

- fixed minimum lease consideration and fixed common area maintenance (CAM) reimbursements, and
- variable lease consideration primarily based on tenants' sales, as well as reimbursements for real estate taxes, utilities, marketing and certain other items.

Revenues of our management company, after intercompany eliminations, consist primarily of management fees that are typically based upon the revenues of the property being managed.

We invest in real estate properties to maximize total financial return which includes both operating cash flows and capital appreciation. We seek growth in earnings, funds from operations, or FFO, and cash flows by enhancing the profitability and operation of our properties and investments. We seek to accomplish this growth through the following:

- attracting and retaining high quality tenants and utilizing economies of scale to reduce operating expenses,
- expanding and re-tenanting existing highly productive locations at competitive rental rates,
- selectively acquiring or increasing our interests in high quality real estate assets or portfolios of assets,
- generating consumer traffic in our retail properties through marketing initiatives and strategic corporate alliances, and
- selling selective non-core assets.

We also grow by generating supplemental revenues from the following activities:

- establishing our malls as leading market resource providers for retailers and other businesses and consumer-focused corporate alliances, including payment systems (such as handling fees relating to the sales of bank-issued prepaid cards), national marketing alliances, static and digital media initiatives, business development, sponsorship, and events,
- offering property operating services to our tenants and others, including waste handling and facility services, and the provision of energy services,
- selling or leasing land adjacent to our properties, commonly referred to as "outlots" or "outparcels," and
- generating interest income on cash deposits and investments in loans, including those made to related entities.

We focus on high quality real estate across the retail real estate spectrum. We expand or redevelop properties to enhance profitability and market share of existing assets when we believe the investment of our capital meets our risk-reward criteria. We selectively develop new properties in markets we believe are not adequately served by existing retail outlet properties.

We routinely review and evaluate acquisition opportunities based on their ability to enhance our portfolio. Our international strategy includes partnering with established real estate companies and financing international investments with local currency to minimize foreign exchange risk.

To support our growth, we employ a three-fold capital strategy:

- provide the capital necessary to fund growth,
- maintain sufficient flexibility to access capital in many forms, both public and private, including but not limited to, having in place, the Operating Partnership's \$5.0 billion unsecured revolving credit facility, or the Credit Facility, its \$3.5 billion supplemental unsecured revolving credit facility, or its Supplemental Facility, together, the Credit Facilities and its global unsecured commercial paper note program, or the Commercial Paper program, of \$2.0 billion, or the non-U.S. dollar equivalent thereof, and
- manage our overall financial structure in a fashion that preserves our investment grade credit ratings.

We consider FFO and net operating income, or NOI, and portfolio NOI to be key measures of operating performance that are not specifically defined by accounting principles generally accepted in the United States, or GAAP. We use these measures internally to evaluate the operating performance of our portfolio and provide a basis for comparison with other real estate companies. Reconciliations of these measures to the most comparable GAAP measure are included below in this discussion.

Results Overview

Diluted earnings per share and diluted earnings per unit increased \$0.08 during the first three months of 2023 to \$1.38 from \$1.30 for the same period last year. The increase in diluted earnings per share and diluted earnings per unit was primarily attributable to:

- improved operating performance and solid core business fundamentals in 2023, as discussed below,
- an unrealized favorable change in fair value of publicly traded equity instruments of \$51.6 million, or \$0.14 per diluted share/unit,
- decreased tax expense of \$12.0 million, or \$0.03 per diluted share/unit, primarily due to our share of operating results from other platform investments,
- increased other income of \$13.2 million, or \$0.04 per diluted share/unit, the majority of which is due to interest income of \$9.5 million, or \$0.03 per diluted share/unit and distributions and other activity of \$18.7 million, or \$0.05 per diluted share/unit, partially offset by a decrease in lease settlement income of \$15.0 million, or \$0.04 per diluted share/unit, partially offset by
- decreased income from unconsolidated entities of \$59.3 million, or \$0.16 per diluted share/unit, primarily due to unfavorable year-over-year operations from other platform investments, partially offset by improved operations and core fundamentals in our other unconsolidated entities and TRG, and
- increased interest expense of \$14.3 million, or \$0.04 per diluted share/unit, primarily due to increases to rates on variable rate mortgages and new USD bond issuances.

Portfolio NOI increased 3.9% for the three month period in 2023 over the prior year period primarily as a result of improved operations in our domestic and international portfolios compared to the prior year. Average base minimum rent for U.S. Malls and Premium Outlets increased 3.1% to \$55.84 psf as of March 31, 2023, from \$54.14 psf as of March 31, 2022. Ending occupancy for our U.S. Malls and Premium Outlets increased 1.1% to 94.4% as of March 31, 2023, from 93.3% as of March 31, 2022.

Our effective overall borrowing rate at March 31, 2023 on our consolidated indebtedness increased 43 basis points to 3.36% as compared to 2.93% at March 31, 2022. This is primarily due to an increase in effective overall borrowing rate on variable rate debt of 476 basis points (6.13% at March 31, 2023 compared to 1.37% at March 31, 2022) due to increasing benchmark rates, partially offset by an increase in the amount of our fixed rate debt. The weighted average years to maturity of our consolidated indebtedness was 8.1 years and 7.5 years at March 31, 2023 and December 31, 2022, respectively.

Our financing activity for the three months ended March 31, 2023 included:

- The Operating Partnership completing on March 8, 2023, the issuance of the following senior unsecured notes: \$650 million with a fixed interest rate of 5.5% and \$650 million with a fixed interest rate of 5.85%, with maturity dates of March 8, 2033, and March 8, 2053, respectively. A portion of the net proceeds were used to fund the optional redemption at par of the Operating Partnership's \$500 million floating interest rate notes due January 2024 on March 13, 2023.
- amending, restating, extending, and increasing our existing \$4.0 billion unsecured revolving credit facility on March 14, 2023 with a new \$5.0 billion unsecured revolving credit facility.

United States Portfolio Data

The portfolio data discussed in this overview includes the following key operating statistics: ending occupancy and average base minimum rent per square foot. We include acquired properties in this data beginning in the year of acquisition and remove disposed properties in the year of disposition. For comparative purposes, we separate the information related to The Mills from our other U.S. operations. We also do not include any information for properties located outside the United States.

The following table sets forth these key operating statistics for the combined U.S. Malls and Premium Outlets:

- properties that are consolidated in our consolidated financial statements,
- properties we account for under the equity method of accounting as joint ventures, and
- the foregoing two categories of properties on a total portfolio basis.

Ending Occupancy Levels and Average Base Minimum Rent per Square Foot. Ending occupancy is the percentage of gross leasable area, or GLA, which is leased as of the last day of the reporting period. We include all company owned space except for mall anchors, mall majors, mall freestanding and mall outlots in the calculation. Base minimum rent per square foot is the average base minimum rent charge in effect for the reporting period for all tenants that would qualify to be included in ending occupancy.

Current Leasing Activities

During the three months ended March 31, 2023, we signed 231 new leases and 497 renewal leases (excluding mall anchors and majors, new development, redevelopment and leases with terms of one year or less) with a fixed minimum rent across our U.S. Malls and Premium Outlets portfolio, comprising approximately 2.4 million square feet, of which 1.9 million square feet related to consolidated properties. During the comparable period in 2022, we signed 270 new leases and 315 renewal leases with a fixed

minimum rent, comprising approximately 1.8 million square feet, of which 1.3 million square feet related to consolidated properties. The average annual initial base minimum rent for new leases was \$62.08 per square foot in 2023 and \$57.67 per square foot in 2022 with an average tenant allowance on new leases of \$59.96 per square foot and \$56.16 per square foot, respectively.

Results of Operations

The following acquisitions and dispositions of consolidated properties affected our consolidated results in the comparative periods:

- On June 17, 2022, we acquired an additional interest in Gloucester Premium Outlets from a joint venture, resulting in the consolidation of this property.
- During the second quarter of 2022, we disposed of one retail property.

The following acquisitions, dispositions and openings of equity method investments and properties affected our income from unconsolidated entities in the comparative periods:

- During the fourth quarter of 2022, we disposed of one retail property.
- During the fourth quarter of 2022, we contributed to ABG all of our interest in the licensing venture of Eddie Bauer in exchange for additional interest in ABG. Our non-controlling interest in ABG is approximately 12.3% after this transaction.
- On December 19, 2022, we completed the acquisition of a 50% non-controlling legal ownership interest in Jamestown, a global real estate investment and asset management firm, as well as separate interests in certain real estate and working capital, for cash consideration of \$173.4 million.
- On November 3, 2022, we opened Fukaya-Hanazono Premium Outlet, a 296,300 square foot center in Fukaya City, Japan. We own a 40% interest in this center.
- During the third quarter of 2022, we disposed of one retail property.

For the purposes of the following comparison between the three months ended March 31, 2023 and 2022, the above transactions are referred to as the property transactions. In the following discussions of our results of operations, "comparable" refers to properties we owned or held interests in and operated in both of the periods under comparison.

Three months ended March 31, 2023 vs. Three months ended March 31, 2022

Lease income increased \$40.3 million, due to an increase in fixed lease income of \$53.5 million primarily due to an increase in fixed minimum lease consideration and higher occupancy, partially offset by a decrease in variable lease income based on tenant sales of \$13.2 million.

Total other income increased \$13.2 million, primarily due to a \$9.5 million increase in interest income, a \$13.8 million increase in Simon Brand Ventures, gift card, fee and net other income and a \$4.9 million increase in dividend and distribution income, partially offset by a \$15.0 million decrease in lease settlement income.

Home and regional office costs increased \$4.6 million due to increased personnel and compensation costs.

Other expense increased \$3.5 million primarily due to increased legal and other professional fees.

Interest expense increased \$14.3 million primarily related to \$7.3 million from increased variable rates and \$5.0 million from new USD bond issuances during 2023.

Income and other tax benefit increased \$12.0 million due to lower tax expense in 2023 on our share of operating results from our other platform investments.

Income from unconsolidated entities decreased \$59.3 million primarily due to lower results of operations year over year from our other platform investments.

Simon's net income attributable to noncontrolling interests increased \$5.7 million due to an increase in the net income of the Operating Partnership.

Liquidity and Capital Resources

Because we own long-lived income-producing assets, our financing strategy relies primarily on long-term fixed rate debt. Floating rate debt comprised 2.0% of our total consolidated debt at March 31, 2023. We also enter into interest rate protection agreements from time to time to manage our interest rate risk. We derive most of our liquidity from positive net cash flow from operations and distributions of capital from unconsolidated entities that totaled \$876.0 million in the aggregate during the three months ended March 31, 2023. The Credit Facilities and the Commercial Paper program provide alternative sources of liquidity as our cash needs vary from time to time. Borrowing capacity under these sources may be increased as discussed further below.

Our balance of cash and cash equivalents increased \$533.8 million during the first three months of 2023 to \$1.2 billion as of March 31, 2023 as a result of the operating and financing activity, as further discussed in "Cash Flows" below.

On March 31, 2023, we had an aggregate available borrowing capacity of approximately \$7.6 billion under the Credit Facilities, net of outstanding borrowings of \$940.8 million and letters of credit of \$9.9 million. For the three months ended March 31, 2023, the maximum aggregate outstanding balance under the Credit Facilities was \$940.8 million and the weighted average outstanding balance was \$940.8 million. The weighted average interest rate was 3.69% for the three months ended March 31, 2023.

Simon has historically had access to public equity markets and the Operating Partnership has historically had access to private and public long and short-term unsecured debt markets and access to secured debt and private equity from institutional investors at the property level.

Our business model and Simon's status as a REIT require us to regularly access the debt markets to raise funds for acquisition, development and redevelopment activity, and to refinance maturing debt. Simon may also, from time to time, access the equity capital markets to accomplish our business objectives. We believe we have sufficient cash on hand and availability under the Credit Facilities and the Commercial Paper program to address our debt maturities and capital needs through 2023.

Cash Flows

Our net cash flow from operating activities and distributions of capital from unconsolidated entities for the three months ended March 31, 2023 totaled \$876.0 million. In addition, we had net proceeds from our debt financing and repayment activities of \$545.6 million in 2023. These activities are further discussed below under "Financing and Debt." During the first three months of 2023, we also:

- paid stockholder dividends and unitholder distributions totaling approximately \$676.1 million and preferred unit distributions totaling \$1.3 million,
- funded consolidated capital expenditures of \$166.1 million (including development and other costs of \$26.3 million, redevelopment and expansion costs of \$103.9 million, and tenant costs and other operational capital expenditures of \$35.9 million), and
- funded investments in unconsolidated entities of \$10.7 million.

In general, we anticipate that cash generated from operations will be sufficient to meet operating expenses, monthly debt service, recurring capital expenditures, and dividends to stockholders and/or distributions to partners necessary to maintain Simon's REIT qualification on a long-term basis. In addition, we expect to be able to generate or obtain capital for nonrecurring capital expenditures, such as acquisitions, major building redevelopments and expansions, as well as for scheduled principal maturities on outstanding indebtedness, from the following, however a severe and prolonged disruption and instability in the global financial markets, including the debt and equity capital markets, may affect our ability to access necessary capital:

- excess cash generated from operating performance and working capital reserves,
- borrowings on the Credit Facilities and Commercial Paper program,
- additional secured or unsecured debt financing, or
- additional equity raised in the public or private markets.

We expect to generate positive cash flow from operations in 2023, and we consider these projected cash flows in our sources and uses of cash. These cash flows are principally derived from rents paid by our tenants. A significant deterioration in

projected cash flows from operations could cause us to increase our reliance on available funds from the Credit Facilities and Commercial Paper program, further curtail planned capital expenditures, or seek other additional sources of financing.

Financing and Debt

Unsecured Debt

At March 31, 2023, our unsecured debt consisted of \$20.4 billion of senior unsecured notes of the Operating Partnership and \$125.0 million outstanding under the Credit Facility and \$815.8 million (U.S. dollar equivalent) of Euro-denominated borrowings outstanding under the Supplemental Facility.

At March 31, 2023, we had an aggregate available borrowing capacity of \$7.6 billion under the Credit Facilities. The maximum aggregate outstanding balance under the Credit Facilities during the three months ended March 31, 2023 was \$940.8 million and the weighted average outstanding balance was \$940.8 million. Letters of credit of \$9.9 million were outstanding under the Credit Facilities as of March 31, 2023.

On March 14, 2023, we amended, restated, extended, and increased our existing \$4.0 billion unsecured revolving credit facility. The Credit Facility has an initial borrowing capacity of \$5.0 billion which may be increased in the form of additional commitments in the aggregate not to exceed \$1.0 billion, for a total aggregate size of \$6.0 billion, subject to obtaining additional lender commitments and satisfying certain customary conditions precedent. Borrowings may be denominated in U.S. dollars, Euro, Yen, Pounds Sterling, Canadian dollars and Australian dollars. Borrowings in currencies other than the U.S. dollar are limited to 97% of the maximum revolving credit amount, as defined. The initial maturity date of the Credit Facility was extended to June 30, 2027. The Credit Facility can be extended for two additional six-month periods to June 30, 2028, at our sole option, subject to satisfying certain customary conditions precedent.

Borrowings under the Credit Facility bear interest, at our election, at either (i) (x) for Term Benchmark Loans, the Adjusted Term SOFR Rate, the applicable Local Rate, the Adjusted EURIBOR Rate, or the Adjusted TIBOR Rate, (y) for RFR Loans, if denominated in Sterling, SONIA plus a benchmark adjustment and if denominated in Dollars, Daily Simple SOFR plus a benchmark adjustment, or (z) for Daily SOFR Loans, the Adjusted Floating Overnight Daily SOFR Rate, in each case of clauses (x) through (z) above, plus a margin determined by our corporate credit rating of between 0.650% and 1.400% or (ii) for loans denominated in U.S. Dollars only, the base rate (which rate is equal to the greatest of the prime rate, the federal funds effective rate plus 0.500% or Adjusted Term SOFR Rate for one month plus 1.000%) (the "Base Rate"), plus a margin determined by our corporate credit rating of between 0.000% and 0.400%. The Credit Facility includes a facility fee determined by our corporate credit rating of between 0.100% and 0.300% on the aggregate revolving commitments under the Credit Facility. Based upon our current credit ratings, the interest rate on the Credit Facility is SOFR plus 72.5 basis points, plus a spread adjustment to account for the transition from LIBOR to SOFR.

The Supplemental Facility's borrowing capacity of \$3.5 billion may be increased to \$4.5 billion during its term and provides for borrowings denominated in U.S. dollars, Euro, Yen, Pounds, Sterling, Canadian dollars and Australian dollars. Borrowings in currencies other than the U.S. dollar are limited to 100% of the maximum revolving credit amount, as defined. The initial maturity date of the Supplemental Facility is January 31, 2026 and can be extended for an additional year to January 31, 2027 at our sole option, subject to satisfying certain customary conditions precedent.

Borrowings under the Supplemental Facility bear interest, at the Company's election, at either (i) (x) for Term Benchmark Loans, the Adjusted Term SOFR Rate, the applicable Local Rate, the Adjusted EURIBOR Rate, or the Adjusted TIBOR Rate, (y) for RFR Loans, if denominated in Sterling, SONIA plus a benchmark adjustment and if denominated in Dollars, Daily Simple SOFR plus a benchmark adjustment, or (z) for Daily SOFR Loans, the Adjusted Floating Overnight Daily SOFR Rate, in each case of clauses (x) through (z) above, plus a margin determined by our corporate credit rating of between 0.650% and 1.400% or (ii) for loans denominated in U.S. Dollars only, the base rate (which rate is equal to the greatest of the prime rate, the federal funds effective rate plus 0.500% or Adjusted Term SOFR Rate for one month plus 1.000%) (the "Base Rate"), plus a margin determined by our corporate credit rating of between 0.000% and 0.400%. The Supplemental Facility includes a facility fee determined by our corporate credit rating of between 0.100% and 0.300% on the aggregate revolving commitments under the Supplemental Facility. Based upon our current credit ratings, the interest rate on the Supplemental Facility is SOFR plus 72.5 basis points, plus a spread adjustment to account for the transition from LIBOR to SOFR.

The Operating Partnership also has available a Commercial Paper program of \$2.0 billion, or the non-U.S. dollar equivalent thereof. The Operating Partnership may issue unsecured commercial paper notes, denominated in U.S. dollars, Euro and other currencies. Notes issued in non-U.S. currencies may be issued by one or more subsidiaries of the Operating Partnership and are guaranteed by the Operating Partnership. Notes are sold under customary terms in the U.S. and Euro commercial paper note markets and rank (either by themselves or as a result of the guarantee described above) pari passu with the Operating Partnership's other unsecured senior indebtedness. The Commercial Paper program is supported by the Credit Facilities and, if necessary or appropriate, we may make one or more draws under either of the Credit Facilities to pay amounts outstanding from time to time

on the Commercial Paper program. On March 31, 2023, we had no outstanding balance under the Commercial Paper program. Borrowings reduce amounts otherwise available under the Credit Facilities.

On March 8, 2023, the Operating Partnership completed the issuance of the following senior unsecured notes: \$650 million with a fixed interest rate 5.50%, and \$650 million with a fixed interest rate of 5.85%, with maturity dates of March 8, 2033 and March 8, 2053, respectively. The Operating Partnership used a portion of the net proceeds of the offering to fund the optional redemption of its \$500 million floating rate notes due January 2024 on March 13, 2023.

On January 10, 2023, the Operating Partnership completed interest rate swap agreements with a combined notional value at €750.0 million to swap the interest rate of the Euro denominated borrowings outstanding under the Supplemental Facility to an all-in fixed rate of 3.81%. These interest rate swaps mature on January 17, 2024.

On November 16, 2022, the Operating Partnership drew €750.0 million (\$779.0 million U.S. dollar equivalent as of the issuance date) under the Supplemental facility and used the proceeds on November 17, 2022, to repay €750.0 million (\$777.1 million U.S. dollar equivalent as of the payoff date) of senior unsecured notes at maturity.

On January 11, 2022, the Operating Partnership completed the issuance of the following senior unsecured notes: \$500 million with a floating interest rate of SOFR plus 43 basis points, and \$700 million with a fixed interest rate of 2.650%, with maturity dates of January 11, 2024 and February 1, 2032, respectively. The proceeds were used to repay \$1.05 billion outstanding under the Supplemental Facility on January 12, 2022.

Mortgage Debt

Total mortgage indebtedness was \$5.3 billion and \$5.5 billion at March 31, 2023 and December 31, 2022, respectively.

Covenants

Our unsecured debt agreements contain financial covenants and other non-financial covenants. The Credit Facilities contain ongoing covenants relating to total and secured leverage to capitalization value, minimum earnings before interest, taxes, depreciation, and amortization, or EBITDA, and unencumbered EBITDA coverage requirements. Payment under the Credit Facilities can be accelerated if the Operating Partnership or Simon is subject to bankruptcy proceedings or upon the occurrence of certain other events. If we were to fail to comply with these covenants, after the expiration of the applicable cure periods, the debt maturity could be accelerated or other remedies could be sought by the lender, including adjustments to the applicable interest rate. As of March 31, 2023, we were in compliance with all covenants of our unsecured debt.

At March 31, 2023, our consolidated subsidiaries were the borrowers under 38 non-recourse mortgage notes secured by mortgages on 41 properties and other assets, including two separate pools of cross-defaulted and cross-collateralized mortgages encumbering a total of five properties. Under these cross-default provisions, a default under any mortgage included in the cross-defaulted pool may constitute a default under all mortgages within that pool and may lead to acceleration of the indebtedness due on each property within the pool. Certain of our secured debt instruments contain financial and other non-financial covenants which are specific to the properties that serve as collateral for that debt. If the applicable borrower under these non-recourse mortgage notes were to fail to comply with these covenants, the lender could accelerate the debt and enforce its rights against their collateral. At March 31, 2023, the applicable borrowers under these non-recourse mortgage notes were in compliance with all covenants where non-compliance could individually or in the aggregate, giving effect to applicable cross-default provisions, have a material adverse effect on our financial condition, liquidity or results of operations.

Summary of Financing

Our consolidated debt, adjusted to reflect outstanding derivative instruments, and the effective weighted average interest rates as of March 31, 2023 and December 31, 2022, consisted of the following (dollars in thousands):

Debt Subject to	Adjusted Balance as of March 31, 2023	Effective Weighted Average Interest Rate(1)	Adjusted Balance as of December 31, 2022	Effective Weighted Average Interest Rate(1)
Fixed Rate	\$ 25,031,285	3.31%	\$ 22,673,703	3.15%
Variable Rate	538,683	6.13%	2,286,583	3.93%
	\$ 25,569,968	3.36%	\$ 24,960,286	3.22%

(1) Effective weighted average interest rate excludes the impact of net discounts and debt issuance costs.

Contractual Obligations

There have been no material changes to our outstanding capital expenditure and lease commitments previously disclosed in the combined 2022 Annual Report on Form 10-K of Simon and the Operating Partnership.

In regards to long-term debt arrangements, the following table summarizes the material aspects of these future obligations on our consolidated indebtedness as of March 31, 2023, for the remainder of 2023 and subsequent years thereafter (dollars in thousands), assuming the obligations remain outstanding through initial maturities, including applicable exercise of available extension options:

	<u>2023</u>	<u>2024-2025</u>	<u>2026-2027</u>	<u>After 2027</u>	<u>Total</u>
Long Term Debt (1)	\$ 1,048,936	\$ 5,405,213	\$ 7,196,510	\$ 12,034,607	\$ 25,685,266
Interest Payments (2)	650,112	1,535,795	1,065,917	4,762,680	8,014,504

(1) Represents principal maturities only and, therefore, excludes net discounts and debt issuance costs.

(2) Variable rate interest payments are estimated based on the applicable LIBOR or SOFR rate at March 31, 2023.

Off-Balance Sheet Arrangements

Our off-balance sheet arrangements consist primarily of our investments in joint ventures which are common in the real estate industry and are described in note 6 of the condensed notes to our consolidated financial statements. Our joint ventures typically fund their cash needs through secured debt financings obtained by and in the name of the joint venture entity. The joint venture debt is secured by a first mortgage, is without recourse to the joint venture partners, and does not represent a liability of the partners, except to the extent the partners or their affiliates expressly guarantee the joint venture debt. As of March 31, 2023, the Operating Partnership guaranteed joint venture-related mortgage indebtedness of \$132.0 million. Mortgages guaranteed by the Operating Partnership are secured by the property of the joint venture which could be sold in order to satisfy the outstanding obligation and which has an estimated fair value in excess of the guaranteed amount. We may elect to fund cash needs of a joint venture through equity contributions (generally on a basis proportionate to our ownership interests), advances or partner loans, although such fundings are not typically required contractually or otherwise.

Acquisitions and Dispositions

Buy-sell, marketing rights, and other exit mechanisms are common in real estate partnership agreements. Most of our partners are institutional investors who have a history of direct investment in retail real estate. We and our partners in our joint venture properties may initiate these provisions (subject to any applicable lock up or similar restrictions). If we determine it is in our stockholders' best interests for us to purchase the joint venture interest and we believe we have adequate liquidity to execute the purchase without hindering our cash flows, then we may initiate these provisions or elect to buy our partner's interest. If we decide to sell any of our joint venture interests, we expect to use the net proceeds to reduce outstanding indebtedness or to reinvest in development, redevelopment, or expansion opportunities.

Acquisitions. On June 17, 2022, we acquired an additional interest in Gloucester Premium Outlets from a joint venture partner for \$14.0 million in cash consideration, including a pro-rata share of working capital, resulting in the consolidation of this property. The property is subject to an \$85.7 million 3.29% variable rate mortgage loan.

Dispositions. We may continue to pursue the disposition of properties that no longer meet our strategic criteria or that are not a primary retail venue within their trade area.

During 2022, we disposed of our interest in one consolidated retail property. The proceeds from this transaction were \$59.0 million, resulting in a loss of \$15.6 million. We also recorded a non-cash gain of \$19.9 million related to the disposition of one unconsolidated retail property in satisfaction of its \$99.6 million non-recourse mortgage loan.

Joint Venture Formation and Other Investment Activity

On December 19, 2022, we completed the acquisition of a 50% noncontrolling legal ownership interest in Jamestown, a global real estate investment and asset management company, as well as separate interests in certain real estate and working capital, for total cash consideration of \$173.4 million.

On December 1, 2022, we sold to ABG our interests in the licensing venture of Eddie Bauer for additional interests in ABG. As a result, in the fourth quarter of 2022, we recognized a non-cash pre-tax gain of \$159.0 million, representing the difference between the fair value of the interests received determined using Level 3 inputs and the \$98.8 million carrying value of the intellectual property licensing venture less costs to sell. At March 31, 2023, our interest in ABG was approximately 12.3%.

During the first quarter of 2022, SPARC Group acquired certain assets and operations of Reebok and entered into a long-term strategic partnership agreement with ABG to become the core licensee and operating partner for Reebok in the United States.

Development Activity

We routinely incur costs related to construction for significant redevelopment and expansion projects at our properties. Redevelopment and expansion projects, including the addition of anchors, big box tenants, restaurants, as well as office space and residential uses are underway at properties in North America, Europe and Asia.

Construction continues on certain redevelopment and new development projects in the U.S. and internationally that are nearing completion. Our share of the costs of all new development, redevelopment and expansion projects currently under construction is approximately \$974 million. Simon's share of remaining net cash funding required to complete the new development and redevelopment projects currently under construction is approximately \$337 million. We expect to fund these capital projects with cash flows from operations. We seek a stabilized return on invested capital in the range of 7-10% for all of our new development, expansion and redevelopment projects.

International Development Activity. We typically reinvest net cash flow from our international joint ventures to fund future international development activity. We believe this strategy mitigates some of the risk of our initial investment and our exposure to changes in foreign currencies. We have also funded most of our foreign investments with local currency-denominated borrowings that act as a natural hedge against fluctuations in exchange rates. Our consolidated net income exposure to changes in the volatility of the Euro, Yen, Peso, Won, and other foreign currencies is not material. We expect our share of estimated committed capital for international development projects to be completed with projected delivery in 2023 or 2024 is \$116 million, primarily funded through reinvested joint venture cash flow and construction loans.

The following table describes these new development and expansion projects as well as our share of the estimated total cost as of March 31, 2023 (in millions):

Property	Location	Gross Leasable Area (sqft)	Our Ownership Percentage	Our Share of Projected Net Cost (in Local Currency)	Our Share of Projected Net Cost (in USD) (1)	Projected/Actual Opening Date
New Development Projects:						
Paris-Giverny Designer Outlet	Vernon (Normandy), France	228,000	74%	EUR 128.9	\$ 140.2	Apr. - 2023
Expansion:						
Busan Premium Outlet Phase 2	Busan, South Korea	194,000	50%	KRW 72,933	\$ 56.0	Oct. - 2024

(1) USD equivalent based upon March 31, 2023 foreign currency exchange rates.

Dividends, Distributions and Stock Repurchase Program

Simon paid a common stock dividend of \$1.80 per share for the first quarter of 2023. Simon paid a common stock dividend of \$1.65 per share for the first quarter of 2022. The Operating Partnership paid distributions per unit for the same amounts. On May 2, 2023, Simon's Board of Directors declared a quarterly cash dividend for the second quarter of 2023 of \$1.85 per share, payable on June 30, 2023 to shareholders of record on June 9, 2023. The distribution rate on units is equal to the dividend rate on common stock. In order to maintain its status as a REIT, Simon must pay a minimum amount of dividends. Simon's future dividends and the Operating Partnership's future distributions will be determined by Simon's Board of Directors, in its sole discretion, based on actual and projected financial condition, liquidity and results of operations, cash available for dividends and limited partner distributions, cash reserves as deemed necessary for capital and operating expenditures, financing covenants, if any, and the amount required to maintain Simon's status as a REIT.

On May 9, 2022, Simon's Board of Directors authorized a common stock repurchase plan. Under the plan, Simon may repurchase up to \$2.0 billion of its common stock during the two-year period commencing on May 16, 2022 and ending on May 16, 2024 in the open market or in privately negotiated transactions as market conditions warrant. During the year ended December 31, 2022, Simon purchased 1,830,022 shares at an average price of \$98.57 per share. As Simon repurchases shares under these programs, the Operating Partnership repurchases an equal number of units from Simon.

Although the Company believes the expectations reflected in any forward-looking statements are based on reasonable assumptions, the Company can give no assurance that its expectations will be attained, and it is possible that the Company's actual results may differ materially from those indicated by these forward-looking statements due to a variety of risks, uncertainties and other factors. Such factors include, but are not limited to: changes in economic and market conditions that may adversely affect the general retail environment; the inability to renew leases and relet vacant space at existing properties on favorable terms; an increase in vacant space at our properties; the potential loss of anchor stores or major tenants; the inability to collect rent due to the bankruptcy or insolvency of tenants or

otherwise; the intensely competitive market environment in the retail industry, including e-commerce; the inability to lease newly developed properties on favorable terms; our international activities subjecting us to risks that are different from or greater than those associated with our domestic operations, including changes in foreign exchange rates; changes in market rates of interest; risks associated with the acquisition, development, redevelopment, expansion, leasing and management of properties; general risks related to real estate investments, including the illiquidity of real estate investments; the impact of our substantial indebtedness on our future operations, including covenants in the governing agreements that impose restrictions on us that may affect our ability to operate freely; any disruption in the financial markets that may adversely affect our ability to access capital for growth and satisfy our ongoing debt service requirements; any change in our credit rating; the continuing transition of LIBOR to SOFR; our continued ability to maintain our status as a REIT; changes in tax laws or regulations that result in adverse tax consequences; risks relating to our joint venture properties, including guarantees of certain joint venture indebtedness; environmental liabilities; the conflict in Ukraine; natural disasters; the availability of comprehensive insurance coverage; the potential for terrorist activities; security breaches that could compromise our information technology or infrastructure; uncertainties regarding the impact of pandemics, epidemics or public health crises, and the associated governmental restrictions on our business, financial condition, results of operations, cash flow and liquidity; and the loss of key management personnel. The Company discusses these and other risks and uncertainties under the heading "Risk Factors" in its annual and quarterly periodic reports filed with the SEC. The Company may update that discussion in subsequent other periodic reports, but except as required by law, the Company undertakes no duty or obligation to update or revise these forward-looking statements, whether as a result of new information, future developments, or otherwise.

Non-GAAP Financial Measures

Industry practice is to evaluate real estate properties in part based on performance measures such as FFO, diluted FFO per share, NOI, beneficial interest of combined NOI and portfolio NOI. We believe that these non-GAAP measures are helpful to investors because they are widely recognized measures of the performance of REITs and provide a relevant basis for comparison among REITs. We also use these measures internally to measure the operating performance of our portfolio. We are providing different components of NOI, such as Portfolio NOI (a component of beneficial interest of combined NOI that relates to the operational performance of our global real estate portfolio), to provide investors with disaggregated information to further differentiate our global real estate portfolio performance from corporate and other platform investments.

We determine FFO based upon the definition set forth by the National Association of Real Estate Investment Trusts ("NAREIT") Funds From Operations White Paper – 2018 Restatement. Our main business includes acquiring, owning, operating, developing, and redeveloping real estate in conjunction with the rental of real estate. Gain and losses of assets incidental to our main business are included in FFO. We determine FFO to be our share of consolidated net income computed in accordance with GAAP:

- excluding real estate related depreciation and amortization,
- excluding gains and losses from extraordinary items,
- excluding gains and losses from the acquisition of controlling interest, sale, disposal or property insurance recoveries of, or any impairment related to, depreciable retail operating properties,
- plus the allocable portion of FFO of unconsolidated joint ventures based upon economic ownership interest, and
- all determined on a consistent basis in accordance with GAAP.

You should understand that our computations of these non-GAAP measures might not be comparable to similar measures reported by other REITs and that these non-GAAP measures:

- do not represent cash flow from operations as defined by GAAP,
- should not be considered as an alternative to net income determined in accordance with GAAP as a measure of operating performance, and
- are not an alternative to cash flows as a measure of liquidity.
