Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

Results of Operations, page 34

1. In your response to prior comment 6, you indicate that you analyze revenues by customer end market and by manufacturer, as opposed to discrete product and service categories. However, your current operating results discussion does not appear to reflect management's approach to analyzing revenues. Please tell us what consideration you gave to providing a discussion of revenues by customer end market and by manufacturer, including an analysis of the reasons for changes thereto.
