## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members  
of Seabury Securities LLC

### Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Seabury Securities LLC (the "Company") (a Delaware limited liability company), as of December 31, 2018, and the related notes to the financial statement. In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of Seabury Securities LLC as of December 31, 2018, in conformity with accounting principles generally accepted in the United States of America.

### Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

**SEABURY SECURITIES, LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2018**

Note 1 - Business Summary

Seabury Securities LLC (the "Company") is a registered broker/dealer and a member of the Financial Industry Regulatory Authority (FINRA). The Company does not clear securities transactions or carry customers' accounts on a fully disclosed basis. Accordingly, the Company operates under the provisions of Paragraph (k)(2)(i) of Rule 15c3-3 of the Securities and Exchange Act of 1934 and is exempt from the remaining provisions of that rule.

The Company provides financial advisory and investment banking services to aviation and related industries as well as small and medium-size corporations. Services consist of secured asset-based financings, private and public debt/equity offerings and placements, corporate finance and merger and acquisition advisory services.

Note 2 - Summary of Significant Accounting Policies

Statement of Cash Flows

For purposes of reporting cash flows, cash and cash equivalents include cash on hand, demand deposits and bank money market accounts with banks or financial institutions with original maturities of three months or less.

Accrual Basis of Accounting

The Company's financial statements are prepared using the accrual method of accounting. The Company's year-end is December 31.

Recent accounting pronouncements

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, "Revenue from Contracts with Customers." This standard, along with its related amendments, requires companies to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The Financial Accounting Standards Board (FASB) issued (ASU) No. 2015-14 that deferred the effective date until annual periods beginning after December 15, 2018. Earlier adoption is permitted subject to certain limitations. The Financial Accounting Standards Board (FASB) allows two adoption methods under ASC 606. Companies are permitted to either apply the requirements retrospectively to all prior periods presented, or apply the requirements in the year of adoption, through a cumulative adjustment. The Company believe that it will not have a material impact on its financial statements.

**SEABURY SECURITIES, LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2018**

Note 2 - Summary of Significant Accounting Policies (continued)

Income Taxes

The Company is a Limited Liability Company. Therefore, no provisions for federal or state taxes are made by the Company. Members of a Limited Liability Company are individually taxed on their pro-rata share of the Company's earnings. The Company is liable for taxes in several states and New York City. Total tax expense for the year ended December 31, 2018 is approximately \$2,202.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 3 - Regulatory Requirements

Net Capital Requirements

The Company is subject to the Securities and Exchange Commission basic Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2018 the Company had net capital of \$29,958, which was \$24,958 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital at December 31, 2018 was 196.89%.

Exemption from Rule 15c3-3

The Company is exempt from SEC Rule 15c3-3 pursuant to the exemption provision of such paragraph (k)(2)(i) and, therefore, is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of customers."

**SEABURY SECURITIES, LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2018**

Note 4 - Concentration of Credit Risk

The Company maintains cash in bank accounts which at times may exceed federally insured limits. The Company has not experienced any loss in this account and believes it is not subject to any significant credit risk.

Note 5 - Related Party Transactions

Pursuant to a service agreement, the Company's affiliate provides various services and other operating assistance to the Company. These include professional fees, use of fixed assets, travel, insurance, subscriptions, taxes, personnel, benefits and other general and administrative services. The total amount of intercompany charges incurred by the Company was approximately \$325,046. Approximately \$36,510 was due by the Company to the affiliate related to the service agreement as of December 31, 2018.

Note 6 - Member's Equity

During the year 2018, the Company dividend to the Parent \$1,600,000. Also during the 2018 the Parent dividend \$149,000 to the Company and the Company's member and an affiliate resolved that amounts due them from the company be transferred to member's equity. The total balance transferred was \$25,000.

Note 7 - Fair Value

Effective January 1, 2008, the company adopted Statement of Financial Accounting Standards ("SFAS") ASC 820 "Fair Value Measurements and Disclosures," for assets and liabilities measured at fair value on a recurring basis. The adoption of ASC 820 had no effect on the Company's financial statements. ASC 820 accomplished the following key objectives:

Defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date;

Establishes a three-level hierarchy (the "Valuation Hierarchy") for fair value Measurements;

Requires consideration of the Company's creditworthiness when valuing liabilities; and

Expands disclosures about instruments measured at fair value.

**SEABURY SECURITIES, LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2018**

The Valuation Hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. A financial instrument's categorization within the Valuation Hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of the Valuation Hierarchy and the distribution of the Company's financial assets within it are as follows:

Level 1 - inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 – inputs to the valuation methodology included quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3- inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Certain financial instruments are carried at cost on the balance sheet, which approximates fair value due to their short-term, highly liquid nature. These instruments include cash and cash equivalents, account receivable, accrued expenses and other liabilities, and deferred revenue.

Note 8 - Subsequent Events

These financial statements were approved by management and available for issuance on February 28, 2019. Subsequent events have been evaluated through that date.

Note 9 - Uncertain Tax Positions

The Company's federal, state, and local tax returns are subject to possible examination by the taxing authorities until expiration of the related statutes of limitations on those tax returns. In general, the federal and state income tax returns have a three-year statute of limitations. The Company would recognize accrued interest and penalties associated with uncertain tax positions, if any, as part of the income tax provision.
