SHARPE CLOSES OPTION TO PURCHASE AGREEMENT FOR 100 PERCENT INTEREST IN 17,000 ACRES OF COAL AND COAL GAS RIGHTS IN PRESTON COUNTY, WEST VIRGINIA

FOR IMMEDIATE RELEASE

HEATHSVILLE, VA, JULY 5, 2006, SHARPE RESOURCES CORPORATION: (SHO.H)

The Company has closed an option agreement to purchase a 100% interest in the coal and coal gas rights to approximately 17,000 acres in Preston County, West Virginia. The purchase option involves several payments including \$250,000 to exercise the option to purchase. A final payment of \$100,000 is to be paid within 180 days of the purchase option agreement date.

The property involves approximately six (6) separate coal seams to include the Bakerstown, Upper Freeport, Lower Freeport, Upper Kattanning and Lower Kattanning followed by the deeper Clarion coal seam. Some of the Upper Freeport coal has been mined previously on this property. Sharpe has completed an evaluation of the coal resources on the property with the help of an independent coal resource consulting firm.

This property offers an excellent opportunity for development of a large coalbed methane (CBM) program encompassing the ability to drill and complete a several hundred well drilling program. Additionally the coal resources are potentially mineable, as indicated some of these coal resources have been mined previously. In addition to the CBM program, this effort will include the evaluation and selection of coal mining contractor/operators interested in developing the open pit and underground coal resource potential on this property. The Company has been contacted by a coal operator with an interest in developing some of the coal acreage.

The coal gas potential will involve the initial drill testing of test wells on the property over the next 6 months in an effort to establish methane production from the deeper coal seams to include the Upper and Lower Kattanning seams.

The Company is evaluating the possibility of acquiring additional coal resource acreage in this area, property that adjoins Sharpe's current land position.

The TSX Venture Exchange does not accept responsibility for adequacy or accuracy of this press release.

Sharpe Resources Corporation cautions that the statements made in this press release and other forward looking statements made on behalf of the Company may be affected by such other factors including, but not limited to market volatility, competition, and other risks

detailed herein and from time to time in the Securities and Exchange Commission filings of the Company.
