Responsibility for Consolidated Financial Statements

The accompanying unaudited interim consolidated financial statements for Sharpe Resources Corporation have been prepared by management in accordance with Canadian generally accepted accounting principles consistently applied. The most significant of these accounting principles have been set out in the December 31, 2006 audited consolidated financial statements. Only changes in accounting information have been disclosed in these consolidated financial statements. These statements are presented on the accrual basis of accounting. Accordingly, a precise determination of many assets and liabilities is dependent upon future events. Therefore, estimates and approximations have been made using careful judgment. Recognizing that the Company is responsible for both the integrity and objectivity of these unaudited interim consolidated financial statements, management is satisfied that these unaudited interim consolidated financial statements have been fairly presented.

The independent auditor of Sharpe Resources Corporation has not performed a review of the unaudited consolidated financial statements for the three month periods ended March 31, 2007 and March 31, 2006.

Three Months Ended March 31, 2007

1. Nature of Operations and Going Concern

Sharpe Resources Corporation (the "Company") is a publicly held company, engaged in the development of minerals resources in the United States of America. Currently the Company has mineral and oil & gas royalty interests in Texas through its wholly-owned subsidiary, Sharpe Energy Company, in a single cost centre in the United States of America. The Company's shares are listed in the United States on the OTC:BB symbol SHGPF and in Canada under the symbol SHO.H on the NEX exchange.

These consolidated financial statements have been prepared on the basis that the Company is a going concern, which contemplates the realization of its assets and the settlement of its liabilities in the normal course of operations. The ability of the Company to continue operations is dependent upon obtaining the necessary financing to complete the development of its properties and/or the realization of proceeds from the sale of one or more of its properties. These consolidated financial statements do not include any adjustments related to the carrying values and classifications of assets and liabilities that would be necessary should the Company be unable to continue as a going concern.

2. Basis of Presentation and Accounting Policies

The unaudited consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles for interim financial information. Accordingly, they do not include all of the information and notes to the consolidated financial statements required by Canadian generally accepted accounting principles for annual consolidated financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the three month period ended March 31, 2007 may not necessarily be indicative of the results that may be expected for the year ended December 31, 2007.

The consolidated balance sheet at December 31, 2006 has been derived from the audited consolidated financial statements at that date but does not include all of the information and footnotes required by Canadian generally accepted accounting principles for annual consolidated financial statements. The interim consolidated financial statements have been prepared by management in accordance with the accounting policies described in the Company's annual audited consolidated financial statements for the year ended December 31, 2006, except as noted below. For further information, refer to the audited consolidated financial statements and notes thereto for the year ended December 31, 2006.

2. Basis of Presentation and Accounting Policies (continued)

Financial instruments, comprehensive income (loss) and hedges

In January 2005, the Canadian Institute of Chartered Accountants ("CICA") issued Handbook Sections 3855, "Financial Instruments – Recognition and Measurement", 1530, "Comprehensive Income", and 3865, "Hedges". These new standards are effective for interim and annual financial statements relating to fiscal years commencing on or after October 1, 2006 on a prospective basis; accordingly, comparative amounts for prior periods have not been restated. The Company has adopted these new standards effective January 1, 2007.

(a) Financial instruments - recognition and measurement

Section 3855 prescribes when a financial instrument is to be recognized on the balance sheet and at what amount. It also specifies how financial instrument gains and losses are to be presented. This Section requires that:

- All financial assets be measured at fair value on initial recognition and certain financial assets to be measured at fair value subsequent to initial recognition;
- All financial liabilities be measured at fair value if they are classified as held for trading purposes. Other financial liabilities are measured at amortized cost using the effective interest method; and
- All derivative financial instruments be measured at fair value on the balance sheet, even when they are part of an effective hedging relationship.

(b) Comprehensive income (loss)

Section 1530 introduces a new requirement to temporarily present certain gains and losses from changes in fair value outside net income. It includes unrealized gains and losses, such as: changes in the currency translation adjustment relating to self-sustaining foreign operations; unrealized gains or losses on available-for-sale investments; and the effective portion of gains or losses on derivatives designated as cash flow hedges or hedges of the net investment in self-sustaining foreign operations.

(c) Hedges

Section 3865 provides alternative treatments to Section 3855 for entities which choose to designate qualifying transactions as hedges for accounting purposes. It replaces and expands on Accounting Guideline 13 "Hedging Relationships", and the hedging guidance in Section 1650 "Foreign Currency Translation" by specifying how hedge accounting is applied and what disclosures are necessary when it is applied.

(d) Impact upon adoption of Sections 1530, 3855 and 3865

The Company has evaluated the impact of these new standards on its consolidated financial statements and determined that no adjustments are currently required.

Future accounting changes

Capital Disclosures and Financial Instruments – Disclosures and Presentation

On December 1, 2006, the CICA issued three new accounting standards: Handbook Section 1535, Capital Disclosures, Handbook Section 3862, Financial Instruments – Disclosures, and Handbook Section 3863, Financial Instruments – Presentation. These new standards will be effective for interim and annual financial statements for the Company's reporting period beginning on January 1, 2008.

Section 1535 specifies the disclosure of (i) an entity's objectives, policies and processes for managing capital; (ii) quantitative data about what the entity regards as capital; (iii) whether the entity has complied with any capital requirements; and (iv) if it has not complied, the consequences of such non-compliance.

The new Sections 3862 and 3863 replace Handbook Section 3861, Financial Instruments — Disclosure and Presentation, revising and enhancing its disclosure requirements, and carrying forward unchanged its presentation requirements. These new sections place increased emphasis on disclosures about the nature and extent of risks arising from financial instruments and how the entity manages those risks.

The Company is currently assessing the impact of these new accounting standards on its consolidated financial statements.

3. Loan Claims

Pursuant to the Chapter 11 Plan, agreed unsecured vendor loan claims were paid partially by 10% cash settlement. The remaining 90% of the claims were settled by the issue of preferred stock certificates of Sharpe Energy Company, bearing a quarterly dividend of 4% per annum. The certificates are fully redeemable. At the discretion of the Company, the certificates can be redeemed, all or in part, at a discount based upon the time of redemption.
