# Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion (the "MD&A") of the financial condition and results of operations of Sharpe Resources Corporation Inc. (the "Corporation") constitutes management's review of the factors that affected the Corporation's financial and operating performance for the three months ending March 31, 2008. The MD&A was prepared as of May 23, 2008 and should be read in conjunction with the Consolidated Financial Statements for the Three Months Ended March 31, 2008 and the audited Annual Consolidated Financial Statements for the Years ended December 31, 2008 of the Corporation, including the notes thereto. Unless otherwise stated, all amounts discussed herein are denominated in United States dollars.

## Overview

The Corporation is continued under the New Brunswick Business Corporation Act and its common shares are listed in the United States on the OTC:BB symbol SHGPF and in Canada under the symbol SHO.H on the NEX exchange.

The Corporation is considered in the exploration stage as of January 1, 2002 as it started disposing of its interest in petroleum and natural gas properties that year. The Corporation completed the disposal of these properties during the fiscal year ended on December 31, 2005. The Corporation is currently engaged in the development of coal projects in the central Appalachian region of the eastern United States.

## Results of Operations

The net loss for the three months ending March 31, 2008 was \$15,175 as compared to the net loss of \$54,108 for the three months ending March 31, 2007 a decrease of \$38,923. Revenue decreased from \$635 for the three months ending March 31, 2007 to \$304 for the three months ending March 31, 2008 and represents interest income.

Operating and Administrative expenses for the three months ending March 31, 2008 were \$15,479 compared to \$54,743 for the three months ending March 31, 2007. Operating expenses decreased from 20,226 for the three months ending March 31, 2007 to zero for the three months ending March 31, 2008. General and Administrative expenses decreased from \$28,879 for the three months ending March 31, 2007 to \$9,333 for the three months ending March 31, 2008.

## Liquidity and Capital Resources

The Corporation's cash balance at March 31, 2008 was \$299,010 compared to \$304,548 at December 31, 2007. Total assets at March 31, 2008 were \$1,296,457 compared to \$554,548 at December 31, 2007. This increase is a direct result of an increase in Mining interest from zero at December 31, 2007 to \$997,447 at March 31, 2008. On January 7, 2008 the Company acquired a 100% interest in Standard Energy Company. Standard

Energy's primary asset includes 100% ownership interest in all of the coal seams on more than 17,000 acres in Preston County, West Virginia. Details of the acquisition are shown in Note 9 of the Consolidated Financial Statements for the Three Months Ending March 31, 2008.

Total Current Liabilities increased from \$845,517 at December 31, 2007 to \$1,258,453 at March 31, 2008. Accounts payable and accrued liabilities increased from \$147,486 at December 31, 2007 to \$257,121 at March 31, 2008 an increase of \$109,635. Due to related parties increased from \$134,213 at December 31, 2007 to \$437,514 at March 31, 2008 an increase of \$303,301. This increase represents a loan payable to a director of the Company. It is unsecured, non-interest bearing, and has no date set for repayment. Related party transactions are detailed in Note 6 of the Consolidated Financial Statements for the Three Months Ended March 31, 2008.

On a forward going basis equity and debt financings will remain the single major source of cash flow for the Corporation. As revenue from operations improve the capital requirement of the Corporation will also improve. However, debt and equity financings will continue to be a source of capital to expand the Corporation's activities in the future.

The Corporation is authorized to issue an unlimited number of Common Shares of which 46,619,863 are outstanding at December 31, 2007 and March 31, 2008. Also at December 31, 2007 and March 31, 2008 the Corporation had outstanding options to purchase 3,511,000 common shares with exercise prices of C\$0.10 per share and expiration dates ranging from May 2010 to May 2012 There are no warrants outstanding at December 31, 2007 and March 31, 2008.

### **Risk and Uncertainties**

At the present time, the Corporation does not have sufficient assets to maintain ongoing profitability. The Corporation's ability to acquire and develop new projects is a function of its ability to raise the necessary capital to pursue the efforts successfully.

The Corporation has limited financial resources and there is no assurance that additional capital will be available to it for further acquisitions, exploration and development of new

or existing projects. Failure to obtain such additional financing could result in delay or indefinite postponement of further exploration and development of the property interests of the Corporation with the possible dilution or loss of such interests.

### **Forward Looking Statements**

This MD&A includes certain “forward-looking statements” within the meaning of applicable Canadian securities legislation. All statements, other than statements of historical facts, included in this MD&A that address activities, events or developments that the Corporation expects or anticipates will or may occur in the future, including such things as future business strategy, competitive strengths, goals, expansion and growth of the Corporation’s businesses, operations, plans and other such matters are forward-looking statements. When used in this MD&A, the words “estimate”, “plan”, “anticipate”, “expect”, “intend”, “believe” and similar expressions are intended to identify forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Corporation to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among others, risks related to joint venture operations, actual results of current exploration activities, changes in project parameters as plans continue to be refined unavailability of financing, fluctuations in oil and gas prices and other factors. Although the Corporation has attempted to identify important factors that could cause actual results to differ materially, there may be other factors that cause results to be different than anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements.
