ROYAL STANDARD ANNOUNCES ENTRY INTO US\$8,000,000 CREDIT FACILITY

Toronto, Ontario – June 30, 2011 – Royal Standard Minerals Inc. (OTCBB: RYSMF) (the “**Company**” or “**Royal Standard**”) is pleased to announce that it has entered into a secured bridge loan agreement dated June 29, 2011 with Waterton Global Value, L.P. (“**Waterton**”) pursuant to which Waterton has agreed to make an US\$8,000,000 bridge loan (the “**Credit Facility**”) available to the Company. The amounts drawn down under the Credit Facility will incur interest at 6% per annum, and the scheduled repayment date of the Credit Facility is 16 months after the initial closing date. The Credit Facility is secured by, amongst other items, the Company’s real property assets in Nevada.

The Company may draw down up to US\$4,000,000 on the Credit Facility immediately, and may draw down an additional US\$4,000,000 upon completing certain operational milestones at the Company’s Goldwedge Property located in Nye County, Manhattan, Nevada.

Each of Royal Standard and Waterton intend to convert the Credit Facility into a longer-term gold stream debt facility within the next few months. It is currently contemplated that the maturity date of the gold stream debt facility will be 24 months after it is first entered into by the parties.

The Company is pleased to announce that it plans to use the proceeds of the Credit Facility to pursue an underground drilling program at the Goldwedge Property as a part of a broader program to better develop the mine plan and generally further development. As a matter of first instance, the Company plans to complete the necessary monitoring wells required by the permits for the rapid infiltration basin construction process as a part of the overall new mine dewatering system. In conjunction with broader Project upgrades, the Company is also planning the installation of a larger ball mill. The Company plans to have work on the foregoing, and certain other development items, initiated by mid-July, 2011.

In connection with the Credit Facility, the Company has agreed to pay Waterton a structuring fee, and has also provided Waterton with certain royalty interests relating to its Goldwedge Property. The Company and Waterton have also entered into a gold purchase agreement pursuant to which Waterton has agreed to purchase the Company’s production.
