NOTICE OF AND IMPORTANT INFORMATION ABOUT AN UPCOMING FUND REORGANIZATION

The following information only affects you if you currently invest in or plan to invest in the subaccount that corresponds to the Voya Multi-Manager Large Cap Core Portfolio.

On March 15, 2018, the Board of Trustees of Voya Investors Trust approved a proposal to reorganize the Voya Multi-Manager Large Cap Core Portfolio (the “Reorganization”). Subject to shareholder approval, effective after the close of business on or about August 24, 2018 (the “Reorganization Date”), Class S shares of the Voya Multi-Manager Large Cap Core Portfolio (the “Merging Fund”) will reorganize with and into Class S shares of the Voya Index Plus LargeCap Portfolio (the “Surviving Fund”).

If shareholders of the Merging Fund approve the Reorganization, from the close of business on August 10, 2018, through the close of business on August 24, 2018, the Merging Fund will be in a “transition period” during which time a transition manager will sell all or most of its assets and the transition manager may hold a large portion of the Merging Fund’s assets in temporary investments. During this time, the Merging Fund may not be pursuing its investment objective and strategies and limitations on permissible investments and investment restrictions will not apply. The sales and purchases of securities during the transition period are expected to result in buy and sell transactions and such transactions may be made at a disadvantageous time.

Voluntary Transfers Before the Reorganization Date. Prior to the Reorganization Date and for 30 days thereafter, you may transfer amounts allocated to the subaccount that invests in the Merging Fund to any other available subaccount or to any available fixed account. There will be no charge for any such transfer, and any such transfer will not count as a transfer when imposing any applicable restriction or limit on transfers. **See the “Transfers Among Your Investments” section beginning on page 23 of your Contract prospectus for information about making subaccount transfers, including applicable restrictions and limits on transfers.**

On the Reorganization Date. On the Reorganization Date, your investment in the subaccount that invests in the Merging Fund will automatically become an investment in the subaccount that invests in the Surviving Fund with an equal total net asset value. You will not incur any tax liability because of this automatic reallocation, and your contract value immediately before the reallocation will equal your contract value immediately after the reallocation.

Automatic Fund Reallocation After the Reorganization Date. After the Reorganization Date, the Merging Fund will no longer be available through your Contract. Unless you provide us with alternative allocation instructions, after the Reorganization Date all allocations directed to the subaccount that invests in the Merging Fund will be automatically allocated to the subaccount that invests in the Surviving Fund. **See the “Transfers Among Your Investments” section beginning on page 23 of your Contract prospectus for information about making fund allocation changes.**

Allocation Instructions. You may give us alternative allocation instructions at any time by contacting Customer Service at P.O. Box 9271, Des Moines, IA 50306-9271, (800) 366-0066.

IMPORTANT INFORMATION ABOUT PAYMENT OF THE DEATH BENEFIT DURING THE ACCUMULATION PHASE

The following is added to the “**Death Benefit during the Accumulation Phase**” section beginning on page 25 of the contract prospectus:

If there is a beneficiary who is not the spouse of the contract owner, the value of the death benefit may be allocated to an account, backed by our general account, and earn a fixed rate of interest from the claim date until the date of payment. If the spouse is the sole beneficiary of the contract owner, the value of the death benefit will remain allocated to the investment options in which contract value is allocated on the claim date and may be subject to market performance, positive or negative, from the claim date until the date of payment.

INFORMATION ABOUT THE CONTRACT’S FUND FEES AND EXPENSES

The following table shows the minimum and maximum total annual fund operating expenses that you may pay periodically during the time that you own the Contract. The minimum and maximum expenses listed below are based on expenses for the funds’ most recent fiscal year ends without taking into account any fee waiver or expense reimbursement arrangements that may apply. Expenses of the funds may be higher or lower in the future. More detail concerning each fund’s fees and expenses is contained in the prospectus for the fund.

	Minimum	Maximum
Total Annual Fund Expenses (expenses that are deducted from fund assets, including management fees, distribution and/or service (12b-1) fees and other expenses)	0.51%	1.51%

IMPORTANT INFORMATION ABOUT THE FUNDS AVAILABLE THROUGH THE CONTRACTS

The following chart lists the funds that are currently available through the Contracts, along with each fund’s investment adviser/subadviser and investment objective. More detailed information about these funds can be found in the current prospectus and Statement of Additional Information for each fund. If you received a summary prospectus for any of the funds available through your Contract, you may obtain a full prospectus and other fund information free of charge by either accessing the internet address, calling the telephone number or sending an email request to the email address shown on the front of the fund’s summary prospectus.

There is no assurance that the stated investment objectives of any of the funds will be achieved. Shares of the funds will rise and fall in value and you could lose money by allocating contract value to the subaccounts that invest in the funds. Shares of the funds are not bank deposits and are not guaranteed, endorsed or insured by any financial institution, the Federal Deposit Insurance Corporation or any other government agency.

¹ This fund employs a managed volatility strategy. A managed volatility strategy is a strategy that is intended to reduce a fund's overall volatility and downside risk and, thereby, help us manage the risks associated with providing certain guarantees under the Contract. During rising markets, the hedging strategies employed to manage volatility could result in your contract value rising less than would have been the case if you had been invested in a fund with substantially similar investment objectives, policies and strategies that does not utilize a volatility management strategy. In addition, the cost of these hedging strategies may have a negative impact on investment performance. On the other hand, investing in funds with a managed volatility strategy may be helpful in a declining market with higher market volatility because the hedging strategy will reduce your equity exposure in such circumstances. In such cases, your contract value may decline less than would have been the case if you had not invested in funds with a managed volatility strategy. There is no guarantee that a managed volatility strategy can achieve or maintain the fund's optimal risk targets, and the fund may not perform as expected.

² This fund is structured as a "fund of funds." A fund structured as a "fund of funds" may have higher fees and expenses than a fund that invests directly in debt and equity securities because it also incurs the fees and expenses of the underlying funds in which it invests. Please refer to the fund prospectus for information about the aggregate annual operating expenses of the fund and its corresponding underlying fund or funds.
