## IMPORTANT INFORMATION ABOUT THE INTERNET AVAILABILITY OF FUND SHAREHOLDER REPORTS

Beginning on January 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the shareholder reports for the funds available through your Contract will no longer be sent by mail, unless you specifically request paper copies of the reports from the Company. Instead, the reports will be made available on a website, and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. If available, you may elect to receive shareholder reports and other communications from the Company electronically by contacting Customer Service.

You may elect to receive all future reports in paper free of charge. You can inform the Company that you wish to continue receiving paper copies of your shareholder reports by calling 1 (800) 283-3427. Your election to receive reports in paper will apply to all funds available under your Contract.

## NOTICE OF AND IMPORTANT INFORMATION ABOUT AN UPCOMING FUND REORGANIZATION

*The following information only affects you if you currently invest in or plan to invest in the subaccount that corresponds to the VY® Templeton Global Growth Portfolio.*

On November 16, 2018, the Board of Trustees of Voya Investors Trust approved a proposal to reorganize the VY® Templeton Global Growth Portfolio (the “Reorganization”). Subject to shareholder approval, effective after the close of business on or about August 23, 2019 (the “Reorganization Date”), Class S shares of the VY® Templeton Global Growth Portfolio (the “Merging Fund”) will reorganize with and into Class S shares of the Voya Global Equity Portfolio (the “Surviving Fund”).

If shareholders of the Merging Fund approve the Reorganization, from the close of business on August 9, 2019, through the close of business on August 23, 2019, the Merging Fund will be in a “transition period” during which time a transition manager will sell all or most of its assets and the transition manager may hold a large portion of the Merging Fund’s assets in temporary investments. During this time, the Merging Fund may not be pursuing its investment objective and strategies, and limitations on permissible investments and investment restrictions will not apply. The sales and purchases of securities during the transition period are expected to result in buy and sell transactions and such transactions may be made at a disadvantageous time.

**Voluntary Transfers Before the Reorganization Date.** Prior to the Reorganization Date and for 30 days thereafter, you may transfer amounts allocated to the subaccount that invests in the Merging Fund to any other available subaccount or to any available fixed account. There will be no charge for any such transfer, and any such transfer will not count as a transfer when imposing any applicable restriction or limit on transfers. **See the “Transfers Among Your Investments” section beginning on page 23 of your Contract prospectus for information about making subaccount transfers, including applicable restrictions and limits on transfers.**

**On the Reorganization Date.** On the Reorganization Date, your investment in the subaccount that invests in the Merging Fund will automatically become an investment in the subaccount that invests in the Surviving Fund with an equal total net asset value. You will not incur any tax liability because of this automatic reallocation, and your contract value immediately before the reallocation will equal your contract value immediately after the reallocation.

**Automatic Fund Reallocation After the Reorganization Date.** After the Reorganization Date, the Merging Fund will no longer be available through your Contract. Unless you provide us with alternative allocation instructions, after the Reorganization Date all allocations directed to the subaccount that invested in the Merging Fund will be automatically allocated to the subaccount that invests in the Surviving Fund. **See the “Transfers Among Your Investments” section beginning on page 23 of your Contract prospectus for information about making fund allocation changes.**

**Allocation Instructions.** You may give us alternative allocation instructions at any time by contacting Customer Service at P.O. Box 9271, Des Moines, IA 50306-9271, (800) 366-0066.

## **IMPORTANT INFORMATION ABOUT THE TAX STATUS OF THE COMPANY**

We are taxed as a life insurance company under the Tax Code. Separate Account NY-B (the “Separate Account”) is not a separate entity from us. Therefore, it is not taxed separately as a “regulated investment company” but is taxed as part of the Company.

We automatically apply investment income and capital gains attributable to the Separate Account to increase reserves under the Contracts. Because of this, under existing federal tax law we believe that any such income and gains will not be taxed. Because we do not expect that we will incur any federal income tax liability attributable to the Separate Account we do not intend to make any provision for such taxes. However, changes in the tax laws and/or in their interpretation may result in our being taxed on income or gains attributable to the Separate Account. In this case we may impose a charge against a separate account (with respect to some or all of the Contracts) to set aside provisions to pay such taxes. We may deduct this amount from the Separate Account, including from your contract value invested in the subaccounts.

In calculating our corporate income tax liability, we may claim certain corporate income tax benefits associated with the investment company assets, including Separate Account assets, which are treated as Company assets under applicable income tax law. These benefits may reduce our overall corporate income tax liability. Under current law, such benefits include foreign tax credits and corporate dividends received deductions. We do not pass the tax benefits to the holders of the Separate Account because (i) the Contract Owners are not the owners of the assets generating these benefits under applicable income tax law and (ii) we do not currently include Company income taxes in the tax charges you pay under the Contract. We reserve the right to change these tax practices.

<sup>1</sup> Prior to May 1, 2019, this fund was known as the VY® Franklin Income Portfolio.

<sup>2</sup> This fund employs a managed volatility strategy. A managed volatility strategy is a strategy that is intended to reduce a fund’s overall volatility and downside risk and, thereby, help us manage the risks associated with providing certain guarantees under the Contract. During rising markets, the hedging strategies employed to manage volatility could result in your contract value rising less than would have been the case if you had been invested in a fund with substantially similar investment objectives, policies and strategies that does not utilize a volatility management strategy. In addition, the cost of these hedging strategies may have a negative impact on investment performance. On the other hand, investing in funds with a managed volatility strategy may be helpful in a declining market with higher market volatility because the hedging strategy will reduce your equity exposure in such circumstances. In such cases, your contract value may decline less than would have been the case if you had not invested in funds with a managed volatility strategy. There is no guarantee that a managed volatility strategy can achieve or maintain the fund’s optimal risk targets, and the fund may not perform as expected.

<sup>3</sup> Prior to May 1, 2019, this fund was known as the VY® Templeton Foreign Equity Portfolio.

<sup>4</sup> This fund is structured as a “fund of funds.” A fund structured as a “fund of funds” may have higher fees and expenses than a fund that invests directly in debt and equity securities because it also incurs the fees and expenses of the underlying funds in which it invests. Please refer to the fund prospectus for information about the aggregate annual operating expenses of the fund and its corresponding underlying fund or funds.
