NOTICE OF AND IMPORTANT INFORMATION ABOUT AN UPCOMING FUND REORGANIZATION

On November 16, 2018, the Board of Directors of Voya Partners, Inc. approved a proposal to reorganize the VY[®] Pioneer High Yield Portfolio (the “Reorganization”). Subject to shareholder approval, effective after the close of business on or about August 23, 2019 (the “Reorganization Date”), Class I shares of the VY[®] Pioneer High Yield Portfolio (the “Merging Fund”) will reorganize with and into Class I shares of the Voya High Yield Portfolio (the “Surviving Fund”).

Merging Fund	Surviving Fund
VY [®] Pioneer High Yield Portfolio	Voya High Yield Portfolio

If shareholders of the Merging Fund approve the Reorganization, from the close of business on July 26, 2019, through the close of business on August 23, 2019, the Merging Fund will be in a “transition period” during which time a large portion of the Merging Fund’s assets may be in temporary investments. During this time, the Merging Fund may not be pursuing its investment objective and strategies, and limitations on permissible investments and investment restrictions will not apply. The sales and purchases of securities during the transition period are expected to result in buy and sell transactions and such transactions may be made at a disadvantageous time.

Voluntary Transfers Before the Reorganization Date. Prior to the Reorganization Date, you may transfer amounts allocated to the subaccount that invests in a Merging Fund to any other available subaccount or any available fixed interest option. There will be no charge for any such transfer, and any such transfer will not count as a transfer when imposing any applicable restriction or limit on transfers. See the “**INVESTMENT OPTIONS**” section of your Contract Prospectus for information about making subaccount transfers.

On the Reorganization Date. On the Reorganization Date, your investment in the subaccount that invested in the Merging Fund will automatically become an investment in the subaccount that invests in the corresponding Surviving Fund with an equal total net asset value. You will not incur any tax liability because of this automatic reallocation and your contract value immediately before the reallocation will equal your contract value immediately after the reallocation.

Automatic Fund Reallocation After the Reorganization Date. After the Reorganization Date, the Merging Fund will no longer be available through your contract. Unless you provide us with alternative allocation instructions, after the Reorganization Date all allocations directed to the subaccount that invested in the Merging Fund will be automatically allocated to the subaccount that invests in the corresponding Surviving Fund. See the “**INVESTMENT OPTIONS**” section of your Contract Prospectus for information about making fund allocation changes.

Allocation Instructions. You may give us alternative allocation instructions at any time by contacting us at Customer Service, P.O. Box 9271, Des Moines, IA 50306-9271 or calling us at 1-800-366-0066.

⁽¹⁾ Class ADV of this fund is closed to new premiums and transfers. Contract owners who have value in Class ADV of this fund may leave their contract value in the investment.

⁽²⁾ This fund employs a managed volatility strategy. A managed volatility strategy is a strategy that is intended to reduce the fund's overall volatility and downside risk, and thereby, help us manage the risks associated with providing certain guarantees under the contract. During rising markets, the hedging strategies employed to manage volatility could result in your account value rising less than would have been the case if you had been invested in a fund with substantially similar investment objectives, policies and strategies that does not utilize a volatility management strategy. In addition, the cost of these hedging strategies may have a negative impact on performance. On the other hand, investing in funds with a managed volatility strategy may be helpful in a declining market with higher market volatility because the hedging strategy will reduce your equity exposure in such circumstances. In such cases, your account value may decline less than would have been the case if you had not invested in funds with a managed volatility strategy. There is no guarantee that a managed volatility strategy can achieve or maintain the fund's optimal risk targets, and the fund may not perform as expected.

⁽³⁾ Prior to May 1, 2019, this fund was known as the VY® Templeton Foreign Equity Portfolio.

⁽⁴⁾ This fund is structured as a "fund of funds." A fund structured as a "fund of funds" may have higher fees and expenses than a fund that invests directly in debt and equity securities because it also incurs the fees and expenses of the underlying funds in which it invests. Please refer to the fund prospectus for information about the aggregate annual operating expenses of the fund and its corresponding underlying fund or funds.
