Important Information Regarding Same-Sex Marriages

The subheading titled “**Same-Sex Marriages**” under the “**Federal Tax Considerations**” section in your Contract Prospectus and Contract Prospectus Summary is deleted in its entirety and replaced with the following:

Since June 26, 2013, same-sex marriages have been recognized for purposes of federal law. On that date, pursuant to the U.S. Supreme Court’s holding in United States v. Windsor, same-sex marriages began to be recognized under federal law and the favorable income-deferral options afforded by federal tax law to an opposite-sex spouse under Tax Code Sections 72(s) and 401(a)(9) began to be available to same-sex spouses. On June 26, 2015, the U.S. Supreme Court ruled in Obergefell v. Hodges that all states are required to (1) license a marriage between two people of the same-sex and (2) recognize a marriage between two people of the same sex when their marriage was lawfully licensed and performed out-of-state. There are still unanswered questions regarding the scope and tax impact of these two U.S. Supreme Court decisions. Consequently, if you are married to a same-sex spouse or have entered into a domestic partnership or civil union under state law, you should contact a tax and/or legal adviser regarding your spousal rights and benefits under the contract from a state and local income tax perspective.
