# IMPORTANT INFORMATION ABOUT THE FIXED PLUS II A ACCOUNT

Effective November 15, 2021, the Fixed Plus Account II A will be added as an investment option through the SUNY ORP (Post 11/15/2021) contract. Accordingly, the following appendix regarding the Fixed Plus Account II A will hereby be added to your contract prospectus and contract prospectus summary:

# APPENDIX V FIXED PLUS ACCOUNT II A (Available through the SUNY ORP (Post 11/15/2021) Contract)

Effective November 15, 2021, the Fixed Plus Account II A is added as an investment option available through the SUNY ORP (Post 11/15/2021) contract.

Amounts allocated to the Fixed Plus Account II A are held in the Company's general account which supports our insurance and annuity obligations.

Additional information about this option may be found in an endorsement to the contract.

General Disclosure. Interests in the Fixed Plus Account II A have not been registered with the SEC in reliance upon exemptions under the Securities Act of 1933, as amended. Disclosure in this prospectus regarding the Fixed Plus Account II A may be subject to certain generally applicable provisions of the federal securities laws relating to the accuracy and completeness of the statements. Disclosure in this appendix regarding the Fixed Plus Account II A has not been reviewed by the SEC.

Certain Restrictions. We reserve the right to limit investments in or transfers to the Fixed Plus Account II A. You may not elect certain withdrawal options, including the systematic distribution option, if you have requested a Fixed Plus Account II A transfer or withdrawal in the prior 12-month period. Under certain emergency conditions and subject to conditions under state and/or federal law, if applicable, we may defer payment of a withdrawal from the Fixed Plus Account II A for a period of up to six months.

Interest Rates. The Fixed Plus Account II A guarantees that amounts allocated to this option will earn the minimum interest rate specified in the contract. We may credit interest at a current rate that may be higher than the guaranteed minimum interest rate and the current rate may be changed at any time, except that we will not apply a decrease to the current rate following a rate change initiated solely by us prior to the last day of the three-month period measured from the first day of the month in which such change was effective. Among other factors, the safety of the interest rate guarantees depends upon the claims-paying ability of the Company. Amounts applied to the Fixed Plus Account II A will earn the interest rate in effect at the time money is applied. Amounts in the Fixed Plus Account II A will reflect a compound interest rate as credited by us. The rate we quote is an annual effective yield.

Our determination of credited interest rates reflects a number of factors, which may include mortality and expense risks, interest rate guarantees, the investment income earned on invested assets, the amortization of any capital gains and/or losses realized on the sale of invested assets, and whether a transfer credit, if applicable, has been selected. Under this option, we assume the risk of investment gain or loss by guaranteeing the amounts you allocate to this option and promising a minimum interest rate and income phase payment.

Requests for Partial Withdrawals. The contract holder or you, if permitted by the plan, may take up to 20% of the Fixed Plus Account II A value as a partial withdrawal in each rolling 12-month period. We determine the amount eligible for partial withdrawal as of the date we receive a request for partial withdrawal in good order at the address referenced under "CONTRACT OVERVIEW - Questions: Contacting the Company." The amount allowed for partial withdrawal is reduced by any Fixed Plus Account II A withdrawals, transfers, loans or amounts applied to income phase payment options made in the prior 12 months. In calculating the 20% limit, we reserve the right to include payments made due to the election of a systematic distribution option. We reserve the right to impose new or different restrictions and limits applicable to partial withdrawals.

Waiver of Partial Withdrawal Limits. We waive the 20% limit if the partial withdrawal is due to the election of an income phase payment option (contracts with the Fixed Plus Account II A option require that the income phase payment option be a lifetime annuity option or a nonlifetime option on a fixed basis). We also waive the 20% limit for withdrawals due to your death.

For certain plans and subject to certain conditions we may allow other waivers of the 20% limit on partial withdrawals including, but not limited to, partial withdrawals:

- Due to your separation from service (provided, however, that severance of employment must qualify as separation from service under Tax Code) and when:
  - ▶ Separation from service is documented in a form acceptable to us;
  - ➤ The amount withdrawn is paid directly to you or as a direct rollover to another Tax Code Section 403(b), 401 or governmental 457(b) plan or an Individual Retirement Account or Individual Retirement Annuity designated by you; and
  - ➤ The amount paid for all partial and full withdrawals due to separation from service during the previous 12-month period does not exceed 20% of the average value of all your account(s) and all other accounts under the relevant contract during that same period.

- As defined in the Tax Code and subject to certain conditions and limits, due to your:
  - ▶ Financial hardship;
  - ▶ In-service distribution permitted by the plan;
  - Disability certified by your employer, if applicable, and paid directly to you;
- Due to a loan taken in accordance with the terms of the plan; and
- When the amount in the Fixed Plus Account II A is less than or equal to \$5,000.

You can determine what additional waivers, if any, and the required conditions, limits and restrictions that may apply to each waiver by referring to the contract, which includes the Fixed Plus Account II A endorsement. Additionally, we may allow other waivers of the 20% limit or any other restriction or limit on partial withdrawals in certain circumstances on a basis that is not unfairly discriminatory.

Unless we agree otherwise, any request for a partial withdrawal that will be taken from general account assets will be deducted first from amounts allocated to the closed fixed account, if applicable, until depleted, then from the Fixed Plus Account II A.

**Requests for Full Withdrawals.** If the contract holder or you, as applicable, as allowed by the plan and permitted under the contract, request a full withdrawal of your account value or, the value of all individual accounts, we will pay any amounts held in the Fixed Plus Account II A with interest, in five annual payments equal to:

- One-fifth of the individual Fixed Plus Account II A value, or the value of all individual accounts, as applicable, in the Fixed Plus Account II A on the day the request is received, reduced by any Fixed Plus Account II A withdrawals, transfers, amounts used to purchase annuity payments, or loans either by the contract holder or you made during the prior 12 months;
- One-fourth of the remaining Fixed Plus Account II A value 12 months later reduced by any Fixed Plus Account
  II A withdrawals, transfers, amounts used to purchase annuity payments, or loans either by the contract holder
  or you made during the prior 12 months;
- One-third of the remaining Fixed Plus Account II A value 12 months later reduced by any Fixed Plus Account
  II A withdrawals, transfers, amounts used to purchase annuity payments, or loans either by the contract holder
  or you, made during the prior 12 months;
- One-half of the remaining Fixed Plus Account II A value 12 months later reduced by any Fixed Plus Account II
  A withdrawals, transfers, amounts used to purchase annuity payments, or loans either by the contract holder or
  you made during the prior 12 months; and
- The balance of the Fixed Plus Account II A value 12 months later.

The contract holder or you, as applicable, may cancel a full withdrawal request from the Fixed Plus Account II A at any time.

Once a request is received for a full withdrawal, no further withdrawals, loans, or transfers will be permitted from the Fixed Plus Account II A. Your request may be cancelled at any time before the end of the five-year period. If any contributions are received to your account at any time during the five-year payment period, the full withdrawal will be cancelled and your Fixed Plus Account II A installment payments will cease. If your full withdrawal is cancelled (either by your request or due to receipt of a contribution to your account), a new five-year payment period will begin upon any future full withdrawal from the Fixed Plus Account II A.

Waiver of Full Withdrawal Provisions. For certain plans and subject to certain conditions we may waive the Fixed Plus Account II A five-installment payout for full withdrawals made due to one or more of the following:

- Due to your death during the accumulation phase if the amount is paid within six months of your death;
- Due to the election of a lifetime income phase payment option or a nonlifetime income phase payment option on a fixed basis;
- When the Fixed Plus Account II A value is \$5,000 or less (or, if applicable, as otherwise allowed by the plan for a lump-sum cash-out without participant consent) and no withdrawals, transfers, loans or elections of income phase payment options have been made from the account within the prior 12 months;

- Due to your separation from service (provided, however, that severance of employment must qualify as separation from service under Tax Code) and when:
  - ▶ Separation from service is documented in a form acceptable to us;
  - ► The amount withdrawn is paid directly to you or as a direct rollover to another Tax Code Section 403(b), 401 or governmental 457(b) plan or an Individual Retirement Account or Individual Retirement Annuity designated by you; and
  - The amount paid for all partial and full withdrawals due to separation from service during the previous 12-month period does not exceed 20% of the average value of all your account(s) and all other accounts under the relevant contract during that same period.
- As defined in the Tax Code and subject to certain conditions and limits, due to your:
  - ▶ Financial hardship;
  - > In-service distribution permitted by the plan; or
  - Disability certified by your employer, if applicable, and paid directly to you; and
- Due to a loan taken in accordance with the terms of the plan.

You can determine what additional waivers, if any, and the required conditions, limits and restrictions that may apply to each waiver by referring to the contract, which includes the Fixed Plus Account II A endorsement. Additionally, we may allow other waivers of the five installment payout or any other restriction or limit on full withdrawals in certain circumstances.

Unless we agree otherwise, any request for a full withdrawal from general account assets will be deducted first from amounts allocated to the closed fixed account, if applicable, until depleted then from the Fixed Plus Account II A.

**Charges.** We do not make deductions from amounts in the Fixed Plus Account II A to cover mortality and expense risks. We consider these risks when determining the credited rate.

Transfers from the Fixed Plus Account II A. The contract holder or you, if allowed by the plan, may transfer 20% of your account value held in the Fixed Plus Account II A in each rolling 12-month period. We determine the amount eligible for transfer on the day we receive a transfer request in good order. We will reduce amounts allowed for transfer by any Fixed Plus Account II A withdrawals, transfers, loans or amounts applied to income phase payment options during the prior 12 months. We also reserve the right to include payments made due to the election of any of the systematic distribution options. We will waive the percentage limit on transfers when the value in the Fixed Plus Account II A is \$5,000.

If you transfer 20% of your account value held in the Fixed Plus Account II A in each of four consecutive 12-month periods, you may transfer the remaining balance in the succeeding 12-month period provided that no additional amounts are allocated to the Fixed Plus Account II A during the five year period. The 20% amount available to transfer under this provision will be reduced by any amount transferred, taken as a loan or applied to income phase payment options within the 12-month period preceding the first 20% transfer. Also, we may reduce it for payments we made from your Fixed Plus Account II A value under any systematic distribution option.

Unless we agree otherwise, any request for a transfer from general account assets will be deducted first from amounts allocated to the closed fixed account, if applicable, until depleted then from the Fixed Plus Account II A.

**Loans.** If permitted under the plan, loans may be made from account values held in the Fixed Plus Account II A. See the loan agreement for a description of the amount available and possible consequences upon loan default if Fixed Plus Account II A values are used for a loan.

**Transfer Credits.** The Company provides a transfer credit in some cases on transferred assets, as defined by the Company, subject to certain conditions and state approvals. This benefit is provided on a nondiscriminatory basis. If a transfer credit is due under the contract, you will be provided with additional information specific to the contract.

Election of a transfer credit may impact the mortality and expense risk charge and the credited interest rate under certain fixed interest options. See "FEES" and "Interest Rates" above.

**Reinstatement.** To the extent permitted under the contract, amounts that would have been reinstated to the closed fixed account, as applicable, may instead be reinstated to the Fixed Plus Account II A.
