INTRODUCTORY STATEMENT

This Proxy Statement and accompanying Proxy are furnished in connection with a solicitation of Proxies by the Board of MPEG Super Site, Inc. (the "Company") for use at the Special Meeting of Shareholders of the Company, to be held at 5101 Great American Parkway, Santa Clara, CA 95054 on July 6, 2001, at 10a.m., local time, for the purposes set forth in the accompanying Notice of Special Meeting of Shareholders. References in this document to "us," "we" or "the Company" refer to MPEG Super Site, Inc. and its predecessor.

Shareholders of record at the close of business on June 1, 2001 will be entitled to receive notice of and to vote at the meeting. Each share of common stock is entitled to one vote for each matter submitted to a vote at the meeting. Shares represented by executed and unrevoked Proxies will be voted in accordance with the specifications made thereon. If the enclosed form of Proxy is executed and returned, it nevertheless may be revoked by giving another Proxy or by letter or telegram directed to the Company. Any such revocation must show the shareholder's name and must be received prior to the commencement of the meeting in order to be effective. Additionally, any shareholder attending the meeting in person, who wishes to do so, may vote by ballot at the meeting, thereby canceling any Proxy previously given. Where no instructions are indicated, Proxies will be voted "FOR" the nominees for directors indicated below and *FOR* the proposals to be considered at the Special Meeting or any adjournment thereof. Proxy materials will be mailed to shareholders of record on or about June 14, 2001.

VOTING SECURITIES, PRINCIPAL HOLDERS AND SECURITY OWNERSHIP OF MANAGEMENT

In order to be approved, each of the proposals in this Proxy Statement requires the affirmative vote of a majority of the shares actually voted on such proposal, with the exception of the change of domicile to Nevada and the reverse split, which require a majority vote of the issued and outstanding shares.

The holders of our \$0.001 par value common stock have the exclusive voting rights at this Special Meeting, with each share entitled to one vote. Only shareholders of record at the close of business on June 1, 2001 are entitled to notice of and to vote at the meeting and any adjournment thereof. As of December 31, 2000, we had 16,293,580 shares of common stock outstanding.

The following sets forth the number of our \$0.001 par value common stock beneficially owned by (i) each person who, as of December 31, 2000, was known by us to own beneficially more than five percent (5%) of our common stock, (ii) our Directors, and (iii) our Officers and Directors of the Registrant as a group.

INFORMATION REGARDING US

We have attached to this proxy statement a copy of our latest Annual Report on Form 10-KSB as of June 30, 2000 and our latest quarterly report as of December 31, 2000. Any shareholder who has not received a copy of such Annual Report or Quarterly Report may obtain a copy by writing to us. This Annual Report and Quarterly Report are not to be treated as part of the proxy solicitation material, or as having been incorporated by reference.

ACTION TO BE TAKEN UNDER THE PROXY

Proxies in the accompanying form that are properly executed and returned will be voted at the Special Meeting in accordance with the instructions thereon. Any proxy upon which no instructions have been indicated with respect to a specific matter will be voted as follows with respect to such matter: (a) "FOR" the election of the three (3) persons named in this Proxy Statement as Management's nominees for election to our Board of Directors; (b) FOR the ratification and approval of our proposed acquisition of one hundred percent of the common stock of Modern MFG Services, Inc., a Washington corporation doing business as "Virtual RFQ; (c) "FOR" a one-for-twenty reverse split of our common stock as of a date to be approved by our Board of Directors; (d) "FOR" the approval of the change of our state of incorporation to Nevada and the change of our name to "Modern MFG Services, Inc." or such similar name as permitted by the Nevada Secretary of State; (e) "FOR" the transaction of any other business to come before the Meeting, in the discretion of the holders of such Proxies.

If the shareholders reject the proposal for the approval of our proposed acquisition of Modern MFG Services, Inc., a Washington corporation doing business as "Virtual RFQ or the reverse split, then the acquisition of Modern MFG Services, Inc., a Washington corporation doing business as "Virtual RFQ" will not take place. We will pay no fees to Modern MFG Services, Inc. thereby but each side will be responsible for its own expenses in connection with the transaction. Our shares for the shareholders of Modern MFG Services, Inc. will be canceled. It should be noted that this transaction has not been completed but is subject to two conditions, which are the reverse split and shareholder approval. Our shareholders may reject the transaction by refusing to approve either the reverse split or the acquisition. We believe that as a matter of Colorado law, a vote in favor of ratifying the acquisition precludes a shareholder from bringing suit against us for entering into a transaction prior to obtaining shareholder approval.

We know of no other matters, other than those stated above, to be presented for consideration at the Meeting. If, however, any other matters properly come before the Meeting, the persons named in the enclosed proxy intend to vote such proxy in accordance with their judgment on such matters. The persons named in the enclosed proxy may also, if they deem it advisable, vote such proxy to adjourn the Meeting from time to time.

RIGHTS OF DISSENTING SHAREHOLDERS

According to the Colorado Business Corporation Act, each of our Shareholders has the right to dissent from our proposed change of domicile to Nevada. If this proposal is approved and not abandoned, each of our Shareholders also has the right upon compliance with the procedures set forth below, to receive payment in cash for the fair market value of his or her shares as of February 8, 2001, the day before the proposed change of domicile was first publicly announced. However, no such right will exist for any Shareholder (except with respect to certain shares as to which there may exist a restriction on transfer imposed by us or by law or regulation), unless demands for such payment are filed, as described below.

The following summary does not purport to be a complete statement of the law relating to dissenters' rights and is qualified in its entirety by Article 113 of the Colorado Business Corporation Act, a copy of which is attached as Exhibit "B" hereto. This summary and Exhibit B should be reviewed carefully by any shareholder who wishes to exercise dissenter's rights or who wishes to preserve his or her rights to do so, since failure to comply with the procedures set forth below will result in the loss of such rights.

Any Shareholders electing to exercise his or her right to dissent from the change of domicile and have the Company purchase some or all of his or her shares for cash must, as to those shares ("Dissenting Shares") satisfy each of the following requirements:

1. A dissenting Shareholder shall cause the Company to receive, before any vote is taken, written notice of that Shareholder's intention to demand payment for the Shareholder's shares if the proposed corporate action is effectuated; and
2. Not vote the shares in favor of the corporate action.

A Shareholder who does not satisfy the requirements of (1) and (2) above is not entitled to demand payment for the Shareholder's shares under Article 113.

Any of our Shareholders who choose to receive cash for shares of Common Stock pursuant to the exercise of dissenter's rights may give rise to taxable income. Each such Shareholder is urged to consult his or her own tax and financial advisor as to such matter.

Mr. Tomiyama began his career with the international accounting firm of Deloitte & Touche, from October 1983 to April 1985.

It is the intention of the persons named in the accompanying form of Proxy to vote such Proxy FOR the election of the persons listed below, unless shareholders specifically indicate in their Proxies that they desire to abstain from voting for the electing of certain Directors to office. Our Board of Directors does not contemplate that any nominee will be unable to serve as a Director for any reason, but if that should occur prior to the meeting, the Board of Directors reserves the right to substitute another person(s) of their choice as nominee(s). Each nominee must be approved by an affirmative vote of a majority of the quorum of the shares present and entitled to vote at the Special Meeting of Shareholders. Our Management recommends that shareholders vote FOR the election of each nominee.

VOTING

According to our Articles of Incorporation, every shareholder voting for the election of directors is entitled to one vote for each share. A shareholder may vote each share once for one nominee to each of the director positions being filled. A shareholder may not accumulate votes. Although we will use our shareholders as of June 1, 2001, the shares which have been issued in this acquisition will not be voted.

SHAREHOLDER RATIFICATION AND APPROVAL OF ACQUISITION

Summary of the Acquisition

This is a brief summary of our acquisition of Modern MFG Services, Inc., a Washington corporation doing business as "Virtual RFQ."

This Acquisition is planned as a stock-for-stock exchange between Modern MFG Services, Inc. and us. After a one-for-twenty reverse split, we will have approximately 814,679 shares prior to the acquisition. We are to exchange 11,525,000 of our shares for 100% of the common shares of Modern MFG Services, Inc., which is also 11,525,000 shares. The directors of Modern MFG Services, Inc. will be added to our Board of Directors along with our current director, and the Modern MFG Services, Inc. officers will become our officers. We will become a Nevada corporation.

This transaction has not been completed and is subject to our shareholders' approval. Our shareholders may still reject the transaction by refusing to ratify it. If the shareholders reject the proposal for the approval of our proposed acquisition of Modern MFG Services, Inc., a Washington corporation doing business as "Virtual RFQ," or reject the reverse split, then the acquisition of Modern MFG Services, Inc. will not take place. We will pay no fees to Modern MFG Services, Inc. thereby but each side will be responsible for its own expenses in connection with the transaction. We will cancel the shares for the Modern MFG Services, Inc. shareholders and they will return any and all securities which they have been issued in the rescinded transaction.

We believe that, as a matter of Colorado law, a vote in favor of ratifying the acquisition precludes any of our shareholders from bringing suit against us for entering into a transaction prior to obtaining shareholder approval. In such event, we also believe that none of our officers or directors will have any liability for their exercise of discretion in this transaction. If the transaction is not approved, we believe that the contractual terms of the Agreement for acquisition precludes Modern MFG Services, Inc. or its shareholders from successfully prevailing in an action against us or our officers and directors. However, it should be noted that we have no liability insurance to cover any shareholder actions by either our own or Modern MFG Services, Inc. or its shareholders, should any action be brought in this matter. Further, there can be no guarantee that a court may not find liability on our part, our officers, directors, or all of them under the terms of the Acquisition.

All matters are contingent upon the ratification and approval of our acquisition of Modern MFG Services, Inc., a Washington corporation doing business as "Virtual RFQ", except the change of state of incorporation from Colorado to Nevada. The ratification and approval of our acquisition of Modern MFG Services, Inc. is dependent upon the approval of the one for twenty reverse split.

The Parties

MPEG Super Site, Inc., a Colorado corporation and Modern MFG Services, Inc. a Washington corporation and its principal shareholders are the parties to the transaction. We are an Internet-related company. We are located at 22431 B-160 Antonio Parkway, #415, Rancho Santa Margarita, California 92688. Our phone number is (949) 791-5036. Modern MFG Services, Inc. has its principal offices located at 4462 Russell Road, Suite 102, Mukilteo, Washington 98275. Their phone number is (425) 315-0737. They are a company who plans to develop an Internet based technology, which will be a vehicle for business-to-business e-commerce.

General

Our Board of Directors had previously decided that we should look at the Modern MFG Services, Inc. operations as a potential area of development. Our Board of Directors felt that the Internet aspect of this industry, while new and subject to potential risk and uncertainty, particularly in the regulatory area, offered unique opportunities for substantial profits over a relatively short period of time with minimal investment. Our Board of Directors exercised its discretion under the Business Judgment Rule as adopted in the State of Colorado to seek to place our Company into the Modern MFG Services, Inc. operations and believes that such a move is the most appropriate action for us at this time.

It was the feeling of our Board of Directors that we should look to acquire a company already in that business, even if only on a development stage or preliminary basis, to accelerate our ability to become operational in this industry. We looked at several companies prior to this acquisition. No other companies were considered because these were the only companies which we could find that could be potentially acquired and were of a size which we believed could be effectively acquired.

We performed due diligence on each company we considered. After conducting our due diligence, we chose Modern MFG Services, Inc. We are acquiring Modern MFG Services, Inc. based upon arms length negotiation, with no relationship to its net book value.

As far as our common shares are concerned, both the high and low bid prices as of the date preceding public announcement of the transaction were \$.03 and \$.02 respectively.

The Terms

This transaction was planned such that Modern MFG Services, Inc. would become our subsidiary and the former shareholders of Modern MFG Services, Inc. would thereby own approximately 93.4% of us. We will issue 11,525,000 shares, post reverse-split and there will be approximately 814,679 shares outstanding after the proposed reverse-split. This transaction has been accounted for as a purchase.

The present exchange has given us effective control of Modern MFG Services, Inc., and the current control shareholders of Modern MFG Services, Inc. are now our affiliates. However, at the present time, Modern MFG Services, Inc. is in the development stage and has not fully commenced operations. Modern MFG Services, Inc. is expected to commence operations only after we have completed a private placement to fund its efforts.

We decided to engage in the transaction with Modern MFG Services, Inc. to broaden the asset base and increase the value of our shares as a result of acquiring a potentially profitable business. At the present time, Modern MFG Services, Inc., as well as we, have a going concern qualification to the financial statements. Please see Exhibit A attached to this proxy statement. However, we believe that the combination of the two companies will create a potential, which neither company individually presently has, to raise additional capital to carry out the combined companies' business plan. Except for the reverse-split, none of the rights of any securities holders will be affected by this transaction.

Modern MFG Services, Inc.

Modern MFG Services, Inc. was incorporated in December 2000, for the purpose of providing an Internet based technology, which is planned to be a vehicle for business-to-business e-commerce. Specifically, it is the plan of Modern MFG Services, Inc. to allow registered users in the manufacturing industry to deal with one another in the buying and selling of goods and services. Modern MFG Services, Inc. is a development stage company, which has not yet commenced operations. Modern MFG Services, Inc. has no material inventories or accounts receivable. No independent market surveys have ever been conducted to determine demand for the Modern MFG Services, Inc.'s products and services. Modern MFG Services, Inc. has never generated any revenues with exception of "seed" investment. At the present time, Modern MFG Services, Inc.'s principal assets are an active Web Site, and the Virtual RFQ business concept. Virtual RFQ will be the product of Modern MFG Services, Inc.

Modern MFG Services, Inc. plans to provide the opportunity, over the Internet, for purchasing agents and job shops to send out encrypted Requests For Quotations (RFQ's) to registered users and to receive responses to such RFQ's.

Modern MFG Services, Inc. is managed by a group of personnel who have an extensive successful history in the manufacturing industry.

Modern MFG Services, Inc. is managed by a core group of individuals who have an extensive history in the manufacturing industry. The managing personnel of Modern MFG Services, Inc. have a combined history of over 35 years experience within the manufacturing arena. They have successfully bid, secured and completed contracts with such major corporations as Microsoft, Boeing, Starbucks, UpChurch Scientific and Genie HiLift. Collectively they have been directly involved in managing numerous multi-million dollar contracts, which include groundbreaking technologies in the development of the Boeing 737 and Boeing 757. A solid foundation in the traditional process of manufacturing customized parts from both the job shop and purchasing agent, along with their vast industry contacts will prove to be extremely beneficial to the successful implementation of bringing both parties to a dynamic convergence on the Internet. Mr. Janssen and Mr. Burke also have a successful entrepreneurial track record, both having started their own companies that continue to grow and expand today. The knowledge attained from their past experiences along with the respect and trust of the largest corporations in the manufacturing industry will be of great benefit to the success of Modern MFG Services, Inc. Mr. Janssen and Mr. Burke are both current members of the National Tooling and Machining Association in which Mr. Burke is the Vice President of the Puget Sound Chapter. Mr. Janssen is also a member of the Society of Manufacturing Engineers both these organizations are well respected within the industry.

Narrative Description of the Business

General Plan of Operation

Modern MFG Services, Inc.'s marketing plan will be focused on manufacturers in the aerospace, commercial, and medical industries, along with the first and second tier of suppliers to these manufacturers. The customers for the services will be purchasing agents and job shops for these industries. This plan will be the primary focus for Modern MFG Services, Inc.'s marketing efforts during the coming fiscal year. During the past fiscal year, Modern MFG Services, Inc. has focused solely on development stage activities.

For at least the next twelve months of operation, Modern MFG Services, Inc. will subcontract equipment and personnel to create its operations. This function will be re-evaluated at the end of the twelve month period.

This strategy has been adopted for several reasons. The initial capital equipment and expertise required to competitively and effectively take on the development of the software is substantial. We believe that there are numerous expert subcontract software houses capable of producing the software necessary for Modern MFG Services, Inc.. By utilizing several of these subcontractors, the potential costs and risks can be greatly reduced. Modern MFG Services, Inc. plans to primarily function in the United States and Canada. Throughout calendar year 2001 and into calendar year 2002, Modern MFG Services, Inc.'s efforts will be concentrated on improving the financial position of Virtual RFQ.

Marketing Plan

Modern MFG Services, Inc. plans to create a loyal customer base and to build repeat site traffic while expanding its products and services in a business-to-business environment.

Modern MFG Services, Inc. plans to employ a multi-faceted approach to marketing. These activities will be aimed at providing increased customer awareness and education relative to the availability and capabilities of the newer emerging business-to-business market via the Internet. Modern MFG Services, Inc. will search for strategic alliances to implement its planned operations.

Modern MFG Services, Inc. will utilize the mailing lists and personal contacts compiled from direct contacts by our sales/marketing group. The proposed direct mail and e-mail campaign is the most cost effective method of reaching this customer base. Fax mailings and direct mailings are used to approach new groups.

Through direct mail and e-mail campaigns, participation in trade shows and selected advertising, Modern MFG Services, Inc. will attempt to create corporate awareness and demand for its products and services in the marketplace. This is especially important for the success of Virtual RFQ. Modern MFG Services, Inc. through its many relationships with various trade organizations will provide the opportunity for a grass roots marketing campaign. Modern MFG Services, Inc. intends to advertise in various trade publications aimed at the managers of medium to large size manufacturers. Participation in trade shows is another avenue that will be heavily pursued to reach the end-user business market. Modern MFG Services, Inc. has participated in several industry trade shows with a great deal of success and interest shown in their products and services. Modern MFG Services, Inc. plans to offer many of its products and services on a subscriber basis.

Modern MFG Services, Inc. plans to use no raw materials in its operations

Customers and Competition

The principal customers of Modern MFG Services, Inc. are planned to be manufacturers in the aerospace, commercial, and medical industries, along with the first and second tier of suppliers to these manufacturers and purchasing agents and job shops. Modern MFG Services, Inc. sees as its competitors companies which now or in the future may plan to market similar competing products and services as those of Modern MFG Services, Inc. At the present time, Modern MFG Services, Inc. is aware of no major competitor in its proposed market. Modern MFG Services, Inc. believe that the market is divided up among very small operations, none of whom have a significant share of the market on an individual basis.

There are currently no other web sites that deliver the complete package that Virtual RFQ.com has to offer. There are approximately five other websites offering their version of RFQ services in the aerospace, commercial, and medical industries. These sites are SupplierOne.com, Mfgquote.com, Jobshop.com, American Manufacturers.com and Supplier Market.com. None has targeted specific markets so far.

To the extent that Modern MFG Services, Inc. is unable to interest consumers to accept its proposed products and services, Modern MFG Services, Inc. could have difficulty in achieving its goals and objectives, of ever becoming profitable, or of even continuing as a viable entity. Modern MFG Services, Inc. believes that it can develop a viable segment of its proposed market, although Modern MFG Services, Inc. has not yet started to compete. In any case, Modern MFG Services, Inc. expects competition to be intense. The market for all of Modern MFG Services, Inc.'s proposed products and services probably has limited barriers to entry for other competing operations, so that the competitive picture could change at any time. Consequently, the number of competitors could be substantial, although such is not the case at this point.

Facilities

Modern MFG Services, Inc. has its headquarters for Virtual RFQ in Mukilteo, Washington.

Proprietary Information

Modern MFG Services, Inc. plans to use copyrighted software, trade secrets, and other proprietary information in connection with its proposed operations. At the present time, Modern MFG Services, Inc., except for the name Virtual RFQ, owns no material proprietary information.

Government Regulation

Modern MFG Services, Inc.'s proposed operations are expected to involve no potentially significant governmental oversight and regulation.

Research and Development

Modern MFG Services, Inc. has spent approximately \$160,000 as of the twelve months ended January 31, 2001 in research and development.

Environmental Compliance

Modern MFG Services, Inc. is not expected to be subject to any material costs for compliance with any environmental laws in any jurisdiction in which it proposes to operate.

Employees

Modern MFG Services, Inc. has seven employees. Modern MFG Services, Inc.'s employees are not represented by any union or collective bargaining group, and there is no history of any labor problems, or disputes. Financial Statements

Enclosed are the audited financial statements of Modern MFG Services, Inc. for the period ended January 31, 2001.

Closing of the Transaction

The transaction has not closed but is subject to ratification and approval of our shareholders in this meeting.

Votes Required

Our Board of Directors is proposing that our shareholders ratify and approve the transaction. All common shareholders of record as of June 1, 2001, which does not include the new shareholders from the acquisition, will be authorized to vote. This resolution requires the affirmative vote of a majority of our issued and outstanding shares. The Acquisition has been approved by the holders of a majority of the outstanding capital shares of Modern MFG Services, Inc. The Board of Directors fully supports this acquisition.

Our Board of Directors believes that the transaction and price for the transaction are fair to our shareholders. As stated above, we are acquiring Modern MFG Services, Inc. in a stock-for-stock transaction. The number of shares were negotiated at arms-length. For all of these reasons, our Board of Directors recommends that our shareholders vote "FOR" the ratification and approval of the acquisition.

REVERSE SPLIT

As a part of the closing of the acquisition of Modern MFG Services, Inc., we are required by the Agreement and Plan of Reorganization to engage in a one-for-twenty reverse split of our issued and outstanding common shares. Fractional shares will be rounded up to the next whole number. The number of authorized shares will not be changed.

This reverse split is an important condition for the completion of our acquisition of Modern MFG Services, Inc.. Given the value which will be put into our company, our Board of Directors believes that the reallocation of the ownership interests, which will take place as a result of the reverse split, is fair. This resolution requires the affirmative vote of a majority of our issued and outstanding shares. Our Board of Directors recommends that shareholders vote FOR the resolution.

CHANGE OF STATE OF INCORPORATION

We want to change our state of incorporation to Nevada. At the present time, we are a Colorado corporation and were originally incorporated as such. Our management believes that changing the state of incorporation from Colorado to Nevada would be in the best interests of all of our shareholders. Many issues of corporate governance, including those regarding officer and director indemnification, are more clearly defined under Nevada law than under Colorado law.

Specifically, the State of Nevada has more liberal provisions concerning the internal elements for our operation than does the State of Colorado, particularly as they relate to shareholder and director meetings. Further, Nevada has no state corporate income tax, while Colorado has such a tax to which we would be subject. Finally, and most importantly, issues regarding officer and director indemnification are more clearly settled under Nevada law than under Colorado law.

We plan to expand our Board of Directors in the future to add several more outside directors, although we have not, at this time, identified specific individuals. If we are to attract and keep outside directors of the highest caliber, we must become eligible to purchase Directors and Officers Insurance, which, in part, involves being incorporated in a state with such well-established precedents concerning indemnification, as well as corporate governance.

Federal Income Tax Consequences

The following description of federal income tax consequences is based on the Internal Revenue Code of 1986, as amended (the "Code"), and applicable Treasury regulations promulgated thereunder, judicial authority and current administrative rulings and practices as in effect on the date of this Proxy Statement. This discussion should not be considered tax or investment advice, and the tax consequences of the reverse split may not be the same for all stockholders. In particular, this discussion does not address the tax treatment of special classes of stockholders, such as banks, insurance companies, tax exempt entities and foreign persons. Stockholders desiring to know their individual federal, state, local and foreign tax consequences should consult their own tax advisors.

The reincorporation in Nevada is intended to qualify as a tax-free reorganization under Section 368(a)(1)(F) or 368(a)(1)(A) of the Code. Assuming such tax treatment, no taxable income, gain, or loss will be recognized by us or our stockholders as a result of the exchange of shares of Colorado Common Stock for shares of Nevada Common Stock when the transaction is complete.

Securities Act Consequences

The combination and change of each share of our Colorado Common Stock into one (1) share of Nevada Common Stock will be a tax-free transaction, and the holding period and tax basis of Common Stock will be carried over to a portion of Nevada Common Stock received in exchange therefore.

The shares of Nevada Common Stock to be issued in exchange for shares of Colorado Common Stock are not being registered under the Securities Act of 1933, as amended (the "1933 Act"). In that regard, we are relying upon Rule 145(a)(2) under the 1933 Act, which provides that a merger which has "as its sole purpose" a change in the domicile of a corporation does not involve the sale of securities for purposes of the 1933 Act, and on interpretations of the Rule by the Securities and Exchange Commission (the "Commission") which indicate that the making of certain changes in the surviving corporation's charter documents which could otherwise be made only with the approval of the stockholders of either corporation does not render Rule 145(a)(2) inapplicable.

After our reincorporation, we will be a publicly held company. Our Nevada Common Stock will be listed for trading on the NASD Over-the-Counter Bulletin Board, and we will file periodic reports and other documents with the Commission and provide to our stockholders the same types of information that we had previously filed and provided. Stockholders whose Common Stock is freely tradable before our reincorporation will have freely tradable shares of our Nevada Common Stock. Stockholders holding restricted shares of Common Stock will have shares of Nevada Common Stock which are subject to the same restrictions on transfer as those to which their present shares of Common Stock are subject, and their stock certificates, if surrendered for replacement certificates representing shares of our Nevada Common Stock, will bear the same restrictive legend as appears on their present stock certificates. For purposes of computing compliance with the holding period requirement of Rule 144 under the 1933 Act, stockholders will be deemed to have acquired their shares of our Nevada Common Stock on the date they acquired their shares of Common Stock. In summary, we and our stockholders will be in the same respective positions under the federal securities laws after the reincorporation as we and our stockholders were prior to the reincorporation.

None of our shareholders' capital positions will be effected by the change of state of incorporation. This change will have no effect on the number of our authorized or issued securities which will remain the same under the Nevada corporation. In addition, we plan to do this transaction as a tax-free reorganization under the Internal Revenue Code of 1986, as amended. This resolution requires the affirmative vote of a majority of our issued and outstanding shares. Our Board of Directors recommends that shareholders vote FOR the resolution.

CHANGE OF THE NAME OF OUR COMPANY

We want to change our name to Modern MFG Services, Inc. We believe that the name change will better emphasize our new relationship to our operational entities. This resolution requires the affirmative vote of a majority of our issued and outstanding shares. Our Board of Directors recommends that shareholders vote FOR the resolution.

OTHER MATTERS

As of the date of this Proxy Statement, our management has no knowledge of any business, other than previously described herein, which should be presented for consideration at the meeting. In the event that any other business is presented at the meeting, we intend that the persons named in the enclosed Proxy will have authority to vote such Proxy in accordance with their best judgment on such business.

SHAREHOLDER PROPOSALS

According to Rule 14a-8 under the Securities Exchange Act of 1934, a shareholder may require that certain proposals suggested by shareholders be voted on at a shareholders meeting. Information concerning such proposals must be submitted to us for inclusion in our proxy statement. Such proposals for inclusion in our proxy materials relating to our next Annual Meeting must be received by us not later than December 31, 2001.

SOLICITATION OF PROXIES

The cost of solicitation will be borne by us. We will reimburse brokerage firms and other custodians, nominees, and fiduciaries for reasonable expenses incurred by them in sending proxy material to the beneficial owners of common stock. In addition to solicitation by mail, our directors, officers, and regular employees may solicit Proxies personally or by telegraph or telephone, without additional compensation.

NOTICE TO BANKS, BROKERS/DEALERS, VOTING TRUSTEES, AND THEIR NOMINEES

Please advise us, in care of our corporate address, whether any other persons are the beneficial owners of the shares of common stock for which Proxies are being solicited from you, and, if so, the number of copies of the Proxy Statement, and other soliciting materials, you wish to receive in order to supply copies to the beneficial owners of shares.

f. Fair Value of Financial Instruments

Pursuant to SFAS No. 107, "Disclosures About Fair Value of Financial Instruments", the Company is required to estimate the fair value of all financial instruments included on its balance sheet as of January 31, 2001. SFAS No. 130, "Reporting Comprehensive Income", establishes standards for reporting and displaying comprehensive income and its components in financial statements. The Company adopted the provisions of SFAS No. 130 in 2000, but has had no elements of comprehensive income since inception.

Payment of Shares

7-113-101. Definitions. For purposes of this article:

- (1) "Beneficial shareholder" means the beneficial owner of shares held in a voting trust or by a nominee as the record shareholder.
- (2) "Corporation" means the issuer of the shares held by a dissenter before the corporate action, or the surviving or acquiring domestic or foreign corporation, by merger or share exchange of that issuer.
- (3) "Dissenter" means a shareholder who is entitled to dissent from corporate action under section 7-113-102 and who exercises that right at the time and in the manner required by part 2 of this article.
- (4) "Fair value", with respect to a dissenter's shares, means the value of the shares immediately before the effective date of the corporate action to which the dissenter objects, excluding any appreciation or depreciation in anticipation of the corporate action except to the extent that exclusion would be inequitable.
- (5) "Interest" means interest from the effective date of the corporate action until the date of payment, at the average rate currently paid by the corporation on its principal bank loans or, if none, at the legal rate as specified in section 5-12-101, C.R.S.
- (6) "Record shareholder" means the person in whose name shares are registered in the records of a corporation or the beneficial owner of shares that are registered in the name of a nominee to the extent such owner is recognized by the corporation as the shareholder as provided in section 7-107-204.

 - (I) Approval by the shareholders of that corporation is required for the merger by section 7-111 - 103 or 7-111 - 104 or by the articles of incorporation; or
 - (II) The corporation is a subsidiary that is merged with its parent corporation under section 7-111-104;
 - (b) Consummation of a plan of share exchange to which the corporation is a party as the corporation whose shares will be acquired;
 - (c) Consummation of a sale, lease, exchange, or other disposition of all, or substantially all, of the property of the corporation for which a shareholder vote is required under section 7-112-102 (1); and

- (2). (1.3) A shareholder is not entitled to dissent and obtain payment, under subsection (1) of this section, of the fair value of the shares of any class or series of shares which either were listed on a national securities exchange registered under the federal "Securities Exchange Act of 1934", as amended, or on the national market system of the

The rights of a record shareholder under this subsection (1) are determined as if the shares as to which the record shareholder dissents and the other shares of the record shareholder were registered in the names of different shareholders.

(2) A beneficial shareholder may assert dissenters' rights as to the shares held on the beneficial shareholder's behalf only if:

(a) The beneficial shareholder causes the corporation to receive the record shareholder's written consent to the dissent not later than the time the beneficial shareholder asserts dissenters' rights; and

(b) The beneficial shareholder dissents with respect to all shares beneficially owned by the beneficial shareholder.

(3) The corporation may require that, when a record shareholder dissents with respect to the shares held by any one or more beneficial shareholders, each such beneficial shareholder must certify to the corporation that the beneficial

shareholder and the record shareholder or record shareholders of all shares owned beneficially by the beneficial shareholder have asserted, or will timely assert, dissenters' rights as to all such shares as to which there is no limitation on the ability to exercise dissenters' rights.
