Form 20-F for the Fiscal Year Ended December 31, 2005

Note 1. Organization and Summary of Significant Accounting Policies

Revenue recognition, page F-6

1. Your response to prior comment number 1 indicates that your PCS arrangements may include “minor” and “major” product releases. Describe for us the nature of these product releases. Also, tell us how you have evaluated the nature of these

releases in assessing whether they represent a component of PCS or additional elements that would require separate accounting. As part of your response, please provide the following:

- a. Explain what each type of product release includes and how the product releases relate to the original software product;
- b. Describe, in reasonable detail, the differences between minor and major product releases;
- c. Tell us whether the product releases are specified or unspecified rights; and
- d. Explain your basis for classifying the product releases as PCS. As part of your response, tell us how you have considered paragraphs 36, 48 and 56 of SOP 97-2.

As appropriate, please amend your filing and respond to these comments within 10 business days or tell us when you will provide us with a response. Please submit all correspondence and supplemental materials on EDGAR as required by Rule 101 of Regulation S-T. You may wish to provide us with marked copies of any amendment to expedite our review. Please furnish a cover letter with any amendment that keys your responses to our comments and provides any requested information. Detailed cover letters greatly facilitate our review. Please understand that we may have additional comments after reviewing any amendment and your responses to our comments.

You may contact Christine Davis, Staff Accountant at (202) 551-3408 or me at (202) 551-3489 if you have questions regarding these comments.

Sincerely,
