ROGAN & ASSOCIATES, INC.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Description of Business: Rogan & Associates, Inc. (the “Company” or “R&A”) is a securities broker-dealer organized under the laws of the state of Florida in January 1997. The Company’s primary business is providing investment advice and brokerage of publicly traded securities and insurance products. The Company’s customers are located throughout the United States, but primarily in Florida.

R&A is registered with the U.S. Securities and Exchange Commission (“SEC”) as a broker-dealer and an investment adviser. Much of the regulation of broker-dealers has been delegated to self-regulatory organizations, which in the Company’s case includes the Financial Industry Regulatory Authority (“FINRA”) and the Municipal Securities Rulemaking Board (“MSRB”) as well as the securities commissions of appropriate states. R&A is also a member of Securities Investor Protection Corporation (“SIPC”).

Basis of Presentation: The accompanying statement of financial condition has been prepared in conformity with accounting principles generally accepted in the United States, which require management to make certain estimates and assumptions that affect the reported amounts in the accompanying financial statements. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statement.

Cash and Cash Equivalents: The Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. At December 31, 2019, there were no cash equivalents.

The Company maintains its cash in bank deposit accounts at high quality financial institutions. The balances, at times, may exceed the Federal Deposit Insurance Corporation’s (the “FDIC”) current \$250,000 limit. At December 31, 2019 the Company did not exceed the federally insured limit.

Securities Owned: Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by ASC 820, are used to measure fair value. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad areas:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability, including assumptions regarding risk.

The Company owned mutual funds and equities at December 31, 2019, priced using Level 1 inputs and valued at \$98,498.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Property and Equipment: Property and equipment are recorded at cost. Depreciation and amortization is calculated on the straight-line method over the estimated useful lives of the assets (generally three, five or seven years).

Income Taxes: Income taxes are provided at the statutory rate, and are based on earnings reported in the financial statements. Deferred income taxes are provided using a liability approach based upon enacted tax laws and rates applicable to the periods in which the taxes become payable.

The Company recognizes and measures its unrecognized tax benefit in accordance with Accounting Standards Codification ("ASC") Topic 740, Income Taxes, ("ASC740"). Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change. The Company's tax returns ended December 31, 2016, 2017, 2018 and (although not yet filed) 2019 are subject to potential examination by the taxing authorities.

Securities Transactions: Customers' securities transactions are reported on a settlement date basis which does not differ significantly from trade date basis.

Accounts Receivable: Receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. At December 31, 2019 no allowance was deemed necessary by management.

Other Receivables: Other Receivables consisted of Amounts due to/from Stockholder in the amount of \$658,013 as of December 31, 2019.

Subsequent Events: The Company has evaluated events and transactions that occurred between January 1, 2019 and through the date these financial statements were available to be issued, for possible disclosure and recognition in the financial statements. The Company has determined that there were no subsequent events.

NOTE B – REVENUE RECOGNITION

On January 1, 2018, the Company adopted ASU 2014-09 *Revenue from Contracts with Customers* and all subsequent amendments to the ASU (collectively, "ASC 606"), which creates a single framework for recognizing revenue from contracts with customers that fall within its scope.

Revenue is measured based on a consideration specified in a contract with a customer. The Company recognizes revenue when it satisfies a performance obligation by transferring control over goods or service to a customer. Services within the scope of ASC 606 include the following:

Investment Advisory Fees

The Company earns Investment Advisory Fees from its contracts with brokerage customers to manage assets for investment, and/or to transact on their accounts. The Investment Advisory Fees are primarily earned over time as the Company provides the contracted quarterly services and are generally assessed based on a tiered scale of the market value of assets under management (AUM) at month-end.

ROGAN & ASSOCIATES, INC.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019

NOTE B – REVENUE RECOGNITION (Cont'd)

Investment Brokerage Fees

The Company earns brokerage fees from its contracts with brokerage customers to transact on their account. Fees are transaction based, including trade execution services, are recognized at the point in time that the transaction is settled, i.e., the settlement date.

Mutual Fund and 12b1 Fees

Mutual Funds or pooled investment vehicles (collectively, "funds") have entered into agreements with the Company to distribute/sell its shares to investors. Fees are paid up front and over time (12b-1 fees) on the basis of a contractual rate applied to the monthly or quarterly market value of the fund (that is, net asset value [NAV]), the fund may also pay, upon investor exit from the fund (that is, a contingent deferred sales charge [CDSC]), or as a combination thereof. Revenue is recognized monthly as services are provided.

Customer Accounts

Customer Accounts – Fully Disclosed Basis

The Company operates pursuant to paragraph (k)(2)(ii) of Rule 15c3-3 and does not carry customer accounts or clear customer transactions. Accordingly, all customer transactions for client assets held at the clearing firm are executed and cleared on behalf of the Company by Raymond James & Associates, Inc. ("RJA") on a fully disclosed basis. The Company's agreement with RJA provides that as a clearing broker, RJA will make and keep such records of the transactions affected and cleared in the customer accounts as are customarily made and kept by a clearing broker pursuant to the requirements of Rules 17a-3 and 17a-4 of the Securities Exchange Act of 1934, as amended, and will perform all services customarily incident thereto. All customer funds and securities received, if any, are promptly transmitted directly to RJA. As a result, the Company is exempt from the remaining provisions and requirements of Rule 15c3-3.

Customer Accounts – Directly Held Assets

Certain client assets are held away from RJA (i.e. investments in annuities, life insurance policies, mutual funds, REIT's, etc.). All customer funds received, if any, are promptly transmitted directly to the carrier.

NOTE C – LEASE COMMITMENTS

Effective January 1, 2019, the Company adopted the new lease accounting guidance in Accounting Standards Update No. 2016-02, *Leases* (Topic 842). The Company's current office space was leased under a five-year term which expires on December 31, 2021. The monthly rent under the lease is \$13,176. The Company also has a five-year operating lease with Pitney Bowes which expires on October 9, 2023, with a quarterly payment of \$209. As a result of the adoption of the new lease accounting guidance, the Company recognized on December 31, 2019 (a) a lease liability of \$308,923, which represents the present value of the remaining payments of \$333,721, discounted using the Company's incremental borrowing rate of 5.25%, and (b) a right-of-use asset of \$308,785.

ROGAN & ASSOCIATES, INC.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019

NOTE C – LEASE COMMITMENTS (Cont'd)

The following is a maturity analysis of the annual undiscounted cash flows of the operating lease liabilities as of December 31, 2019:

Year	Office Lease	Postage Machine
2020	\$ 162,853	\$ 835
2021	167,738	835
2022	-	835
2023	-	626
Thereafter	-	-
Total lease payments	\$ 330,591	\$ 3,130
Less: interest	24,440	358
Present value of lease payments	306,151	2,772

Total rent and postage machine lease expense for 2019 were \$175,849 and \$835, respectively.

NOTE D – NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum level of net capital, as defined under such provisions. Additionally, the Company is required to maintain a net capital ratio (a ratio of aggregate indebtedness to net capital) of not more than 1500%. At December 31, 2019, the Company had net capital of \$111,784 which was \$85,872 in excess of its required capital of \$25,912. The Company's ratio of aggregate indebtedness to net capital was 3.477 to 1 as of December 31, 2019. The Company does not handle cash or securities on behalf of customers. Therefore, the Company is exempt from the requirements of SEC Rule 15c3-3.

NOTE E – RETIREMENT PLAN

The Company has a profit-sharing plan with a 401(k) (salary reduction plan feature) covering substantially all full-time employees. Company contribution are discretionary. Employer contributions for 2019 were \$51,793.

NOTE F – COMMITMENTS AND CONTINGENCIES

The Company can be subject to litigation, arbitration settlements, and regulatory assessments which arise in the ordinary course of business as a registered broker-dealer. The Company recognizes a liability and expense for any such matters at the time exposure to loss is more than remote and an amount of the loss is reasonably determinable. In 2018, the SEC initiated an inquiry into the firm's compensation related to mutual funds offered in connection with advisory services. The Company has provided the information requested by the SEC and has fully cooperated in responding to the Commission's requests. To date, no proceedings have been initiated and no request for repayment has been made. The Company is exploring a potential settlement; however, it is not currently possible to predict the ultimate outcome of this matter. As a conservative approach, the Company has a \$70,000 contingent off-balance sheet liability included in its net capital calculation as of December 31, 2019. There are no other liabilities or gain or loss contingencies that are required to be accrued or disclosed under U.S. GAAP.

NOTE G – GUARANTEES

The Company has not issued any guarantees during the year ended December 31, 2019.

ROGAN & ASSOCIATES, INC.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019

NOTE H – RELATED PARTY TRANSACTIONS

As of December 31, 2019, the Company had a balance of \$658,013 for its receivables from shareholders. These receivables were not evidenced by any promissory note agreements, but rather an informal agreement between the related parties. The receivables are non-interest bearing with no maturity date and no covenants. Management has reviewed documentation supporting the stockholder's ability to repay the loan and has concluded that the loans are fully collectable.

NOTE I – NOTES PAYABLE

The Company has a note payable to a bank, secured by Company accounts and the guarantee of the owner. It is payable in monthly installments of \$2,383 including interest at 5.25%, maturing on July 28, 2022. Future maturities of the note, for years ending December 31, are as follows:

2020	\$ 25,535
2021	26,938
2022	16,371
	<u>\$ 68,844</u>

NOTE J – INCOME TAXES

The Company accounts for income taxes under Accounting Standards Codification 740, Income Taxes "ASC 740". ASC 740 requires the recognition of deferred tax assets and liabilities for both the expected impact of differences between the financial losses and the tax basis of assets and liabilities for both the expected future tax benefit to be derived from tax losses and tax credit carry forwards. ASC 740 additionally requires the establishment of a valuation allowance to reflect the likelihood of realization of deferred tax assets. Internal Revenue Code Section 382 "IRC 382" places a limitation on the amount of taxable income that can be offset by carry forwards after a change in control (generally greater than a 50% change in ownership).

The table below summarizes the differences between the Company's effective tax rate and the statutory federal rate as follows for the period ended December 31, 2019:

	<u>2019</u>
Statutory federal rate	21.00%
State tax, net of federal effect	3.56%
