## **PART I – FINANCIAL INFORMATION**

### **Item 1. Financial Statements**

The unaudited financial statements of the Company appearing at page F-1 through F-11 hereof are incorporated by reference.

### **Item 2. Management's Discussion and Analysis or Plan of Operation**

On January 31, 2003, The Company had a working capital deficit of \$ 6,356,291. This is primarily due to net payables assumed in the acquisition of oil and gas properties, and the classification of the Company's secured debt as current. The Company has begun to settle many of the assumed payables for a combination of cash and the Company's common stock. Management believes that they will be able to continue this.

On May 8, 1998, the Company entered into an asset acquisition transaction in which it acquired its initial operating assets. Prior to this time the Company had no employees or operations.

In exchange for its initial operating assets, the Company issued 313,124 shares of common stock, 30,000 shares of the Company's class AA 6% cumulative convertible preferred stock and assumed \$6.1 million in secured debt and \$511,465 in accounts payable, net of accounts receivable and cash acquired. The secured debt assumed by the Company is a credit facility secured by the production on the acquired producing properties that allows the Company access to a line of credit of up to \$10 million with a national bank.

In connection with the above transaction, the Company additionally issued 2,480,026 shares of common stock, a warrant to purchase an additional 300,000 shares of common stock at \$.10 per share, and 500,000 shares of the Company's class B preferred stock to subscribers in exchange for an aggregate consideration of \$773,002 in cash and services.

On November 4, 1998, the Company entered into an additional asset acquisition transaction in which the Company issued 1,226,667 shares of common stock and a \$120,000 non-interest bearing note and assumed \$690,522 in bank debt and \$600,954 in accounts payable. Subsequently, the Company issued an additional 500,000 shares of common stock under this agreement. The Company does not believe any further shares will be issued to the Sellers under this agreement.

On March 7, 2000, the Company closed a purchase and sale agreement under which the Company issued 550,000 shares of common stock. In accordance with the agreement, the Company immediately repurchased 16,667 shares of common stock at \$3.00 per share. In addition, the Company may be required to issue a maximum of 370,000 additional shares of common stock to the seller.

Effective November 15, 2002, Vector Energy Corporation reincorporated into Nevada and changed its name to VTEX Energy, Inc. The reincorporation and name change was accomplished by a merger of Vector Energy Corporation into a new wholly owned subsidiary, VTEX Energy, Inc. One new share of VTEX Energy, Inc. is to be issued for each 30 shares of Vector Energy Corporation held on November 15, 2002, the effective date for the reincorporation.

## Liquidity and Capital Resources

On October 19, 2000, the Company sold 543,197 shares of common stock together with a warrant to purchase 543,197 shares of common stock at \$0.50 per share and an undivided 2.2% working interest in two nonproducing oil and gas wells to a private investor for a total consideration of \$100,000.00 in cash. The investor is also entitled to recoup his investment out of future production from the wells, if any. On October 19, 2000, the closing price of the common stock was \$0.24 per share. The proceeds of this transaction were used to fund development of the Mustang Island Properties.

On October 27, 2000, the Company sold 407,398 shares of common stock together with a warrant to purchase 407,398 shares of common stock at \$0.50 per share and an undivided 2.2% working interest in two nonproducing oil and gas wells to a private investor for a total consideration of \$100,000.00 in cash. The investor is also entitled to recoup his investment out of future production from the wells, if any. On October 27, 2000, the closing price of the common stock was \$0.155 per share. The proceeds of this transaction were used to fund development of the Mustang Island Properties.

Both of the transactions in October 2000 were treated by the Company as loans repayable out of production for accounting purposes. The stock issued was booked at its fair market value and treated as a loan cost to be amortized over the life of the loan.

On December 27, 2000, the Company sold certain interest in 5 wells located in McClain, Oklahoma and undivided 10% interest in 6 wells located on the Mustang Island Property to Old Jersey Oil Ventures, LLC. for \$1,000,000.00. The brother of the President of the Company is a principal in Old Jersey Oil Ventures, LLC. At the same time Old Jersey Oil Ventures LLC, as holder of \$591,849.41 in indebtedness owed by the Company, agreed to exchange such indebtedness for 3,945,663 shares of the Company's common stock. This represented a price of \$0.15 per share. On December 27, 2000, the closing price of the common stock was \$0.125. Old Jersey Oil Ventures, LLC also exercised warrants to purchase 400,000 shares of the Company's common stock at \$0.10 per share. All shares issued to Old Jersey Oil Ventures, LLC. were issued in a private transaction and may only be transferred in a private transaction or pursuant to an applicable exemption to the registration requirements. The Company is under no obligation to register such shares. The proceeds of this transaction were used as follows: \$250,000.00 to make payments to general creditors; \$300,000.00 to make a principal payment to the lender under the Company's secured indebtedness as a condition to the lender's agreement to enter into the fifth amendment to the credit agreement described below; \$50,000 reserved for capital investment on properties owned by the Company in St. Mary's Parish, Louisiana; and \$400,000.00 reserved to pay principal and interest due under the Company's credit agreement.

On December 27, 2000, the Company amended its credit agreement to reduce its indebtedness by \$3,000,000, reschedule principle payments, and remove all financial covenants. Under the terms of the amended credit agreement, the indebtedness was payable in three monthly installments of \$31,250 beginning on January 15, 2001, seven monthly installments of \$125,000 beginning on April 15, 2001, and a final installment of \$2,400,846 due on November 14, 2001. No further borrowings are available. As part of the amended credit agreement, the Company issued 3,000 shares of Class A-1 Cumulative Convertible Preferred Stock to the bank in exchange for \$3,000,000 in outstanding indebtedness and pledged its interest in the Mustang Island properties as additional collateral under the loan.

On November 15, 2001, the Company amended its credit agreement to change the repayment schedule to \$125,000 due on December 15, 2001 and the balance of principal and accrued but unpaid interest due on January 15, 2002.

On January 1, 2002, the Company amended its credit agreement to change the repayment schedule to \$25,000 per month in principal and interest beginning on January 31, 2002 with the balance of principal and accrued but unpaid interest due on April 15, 2002. In addition, the Company agreed to either sell, or have entered into binding agreements to sell, certain of its oil and gas properties by February 20, 2002 or to enter into a binding agreement with a nationally recognized oil and gas auction house by March 28, 2002 for the sale of such properties. All of the proceeds from the sale of such properties would be used to reduce the Company's indebtedness.

On April 1, 2002, the Company amended its credit agreement to extend the final due date of principal and accrued but unpaid interest to June 24, 2002. In addition, the date by which the Company had to enter into a binding contract with an auction house was extended to April 30, 2002.

On June 24, 2002, the Company amended its credit agreement to extend the final due date of principal and accrued but unpaid interest to July 24, 2002.

On July 24, 2002, the Company amended its credit agreement to remove the \$25,000 per month payment and to extend the final due date of principal and accrued but unpaid interest to August 24, 2002.

In accordance with the terms of the credit agreement, as amended, the Company entered into a binding contract with an auction house on two separate occasions for the sale of certain of its producing properties. On June 6, 2002, the Company closed a sale of certain of its producing properties for total cash consideration of \$600,100. Net proceeds received from the sale, which totaled \$481,027, were used to pay down the Company's bank debt.

On September 10, 2002, the Company renegotiated the terms of its indebtedness. Under the terms of the new agreement, the Company will pay \$300,000 to its lender by September 30, 2002. The Company will then be relieved of all payments until December 2, 2002. The Company has the option on or before December 2, 2002 to pay the lender either an additional \$300,000 in cash or \$150,000 in cash and \$200,000 in production payments in exchange for the forgiveness of the remainder of its indebtedness amounting to approximately \$1.6 million. In addition, the lender has agreed to convert all of its \$3 million preferred stock into common stock equivalent to a 45% ownership position in the Company.

On August 30, 2002, the Company closed a sale of certain of its producing oil and gas properties for total cash consideration of \$301,600. Net proceeds received from the sale, which totaled \$276,697, were paid to the Company's lender as part of the \$300,000 payment due by September 30, 2002. The balance of the \$300,000 payment was made by the due date.

On November 25, 2002, the Company closed a sale of certain of its producing oil and gas properties for total cash consideration of \$95,000. Net proceeds received from the sale, which totaled \$82,660, were paid to the Company's lender as part of the payment due by December 2, 2002.

The Company failed to make the remaining \$67,340 payment due to the lender by December 2, 2002. However, the Company reached a verbal agreement with the lender to accept an additional payment of \$17,740 in cash and \$150,000 in production payments. Such cash payment was made on December 13, 2002.

Effective December 1, 2002, the Company's line of credit was partially assigned to Old Jersey Oil Ventures, L.L.C. ("Old Jersey"), an entity controlled by the brother of the President of the Company. The Bank retained the rights to \$250,000 of the line of credit, payable out of 50% of the net profits from specified oil and gas properties owned by the Company and which are pledged against the line of credit.

On February 11, 2003 the Company amended and restated the terms of its' credit agreement with Old Jersey. The amended and restated agreement changed the interest rate on the line of credit to a fixed rate of 7.50%, increased the borrowing base to \$2,500,000, and extended the maturity date to January 31, 2005. Under the terms of the amended and restated agreement, the borrowing base will decrease by \$10,000 per month beginning April 30, 2003. If at any time the amount outstanding under the line of credit exceeds the borrowing base, the Company must make a mandatory principal prepayment in an amount equal to the excess. The amended and restated agreement did not effect the \$250,000 interest retained by the bank.

For the past nine months, the Company's oil and gas revenues have been sufficient to satisfy its oil and gas operating expenses and interest payments. The Company's general and administrative expenses, development costs and the remainder of the interest payments have been funded primarily from the proceeds from the sale of oil and gas properties and advances from related parties. Additional equity funding will be required to meet the current needs of the Company. Any inability of the Company to raise additional capital under such circumstances will limit the development of most of its oil and gas properties and may prevent the Company from meeting its cash requirements. If the wells currently being brought into production perform as expected such financing should be available; however, there is no assurance that such financing will in fact be available or that the wells will, in fact, perform as expected. In the absence of such well performance or financing, the company will not be able to meet its financial obligations.

The Company is currently negotiating with many of the vendors for which accounts payable were assumed in the asset acquisition transactions, and believes that a significant portion of these payables can be satisfied through the issuance of common stock. If the Company is unsuccessful in these negotiations, additional equity funding may be needed in order to comply with the terms of the revolving credit note.

The Company is aggressively seeking additional property acquisitions with near term revenue generating capability and future development potential. The Company is currently evaluating several potential acquisitions which would utilize a combination of the issuance of its equity securities and additional debt financing.

## PART II – OTHER INFORMATION

### Item 1. Legal Proceedings

The Company is involved from time to time in various claims, lawsuits and administrative proceedings incidental to its business. In the opinion of management, the ultimate liability thereunder, if any, will not have a materially adverse effect on the financial condition or results of operations of the Company

### Item 2. Changes in Securities and Use of Proceeds

The information required by this item is provided in the Notes to Financial Statements appearing at pages F-7 through F-11 hereof and are incorporated by reference.

### Item 3. Defaults Upon Senior Securities

None

### Item 4. Submission of Matters to a Vote of Security Holders

None.

### Item 5. Other Information

**Notes to Unaudited Consolidated Financial Statements**  
**January 31, 2003**

**Management's Representation of Interim Financial Information**

The accompanying financial statements have been prepared by Vector Energy Corporation (The Company) without audit pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosure normally included in the financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted as allowed by such rules and regulations, and management believes that the disclosures are adequate to make the information presented not misleading. These financial statements include all of the adjustments which, in the opinion of management, are necessary to a fair presentation of financial position and results of operations. These financial statements should be read in conjunction with the audited financial statements included in the Company's Form 10-KSB, as of April 30, 2002.

**Business and Organization**

Vector Energy Corporation, a Texas corporation (together with its subsidiary, Vector Exploration, Inc., collectively, "the Company") was formed on June 18, 1998 as a result of an agreement and plan of reorganization. The Company is primarily engaged in the acquisition, development, production and exploration of oil and natural gas properties in the United States.

Effective November 15, 2002, Vector Energy Corporation reincorporated into Nevada and changed its name to VTEX Energy, Inc. The reincorporation and name change was accomplished by a merger of Vector Energy Corporation into a new wholly owned subsidiary, VTEX Energy, Inc. One new share of VTEX Energy, Inc. was issued for each 30 shares of Vector Energy Corporation held on November 15, 2002, the effective date for the reincorporation.

**Summary of Significant Accounting Policies**

*Principles of Consolidation*

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiary. All significant intercompany accounts and transactions have been eliminated in consolidation.

*Oil and Gas Properties*

The Company follows the full cost method of accounting for its oil and gas properties. All costs associated with property acquisition, exploration, and development activities are capitalized in a single, United States cost center. Internal costs directly identified with the acquisition, exploration and development activities of the Company are also capitalized. Capitalized costs are amortized on the unit-of-production basis using proved oil and gas reserves. Capitalized costs are limited to the present value of estimated future net revenues less estimated future expenditures using a discount factor of ten percent. Sales and abandonments of oil and gas properties are treated as reductions of the capitalized cost pool. At January 31, 2003, there were no costs of unproved properties or major development projects included in the capitalized cost pool.

*Other Property and Equipment*

Other property and equipment of the Company consists primarily of computer equipment, vehicles and furniture and fixtures, which are depreciated over estimated useful lives, ranging from three to seven years, on a straight-line basis.

**VTEX Energy, Inc.**  
**(Formerly Vector Energy Corporation)**  
**Notes to Unaudited Consolidated Financial Statements (Continued)**  
**January 31, 2003**

*Loss Per Share*

Loss per share has been calculated using the weighted average number of shares outstanding. Outstanding warrants and other potentially dilutive securities have been excluded from the calculation of loss per share, as their effect would be anti-dilutive.

*Statement of Cash Flows*

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

The following is a summary of all significant noncash investing and financing activities and payments made for interest and income taxes for the period ended January 31, 2003:

Noncash activities:

Common stock issued for consulting fees	\$ 856,500
Common stock issued in settlement of payables	48,500
Common stock issued for Class A-1 Preferred Stock	3,000,000
Common stock issued for accrued dividends on preferred stock	510,000

Cash payments:

Interest	\$ 40,539
----------	-----------

**Acquisitions of Oil and Gas Properties**

On May 8, 1998, the Company acquired various working and royalty interests in wells located in Texas, Louisiana and Oklahoma. To effect the transaction, the Company issued 30,000 shares of class AA preferred stock, valued at \$3,000,000, and 313,124 shares of common stock, valued at \$939,372. In addition, the Company assumed \$6,100,000 in bank debt and \$511,465 in accounts payable, net of accounts receivable and cash acquired. The Company has capitalized \$251,704 in expenses incurred in conjunction with this transaction. Subsequently, the Company issued 116,014 shares of common stock, valued at \$163,065, for additional working interests in certain of the properties acquired.

On November 4, 1998, the Company acquired various working interests in wells located in Louisiana, Texas and Oklahoma. To effect the transaction, the Company issued 1,226,667 shares of common stock, valued at \$1,840,000, and a \$120,000 non-interest bearing note payable to the sellers. In addition, the Company assumed \$690,522 in bank debt and \$600,954 in accounts payable. The Company has capitalized \$15,145 in expenses incurred in conjunction with this transaction. The Company was also required to expend a minimum of \$500,000 in capital investment on the properties acquired within nine months. Because such capital investment was not made, the sellers were entitled to receive an additional 500,000 shares of common stock. Subsequently, the Company exchanged the working interests acquired in certain properties in Texas and \$30,000 for additional working interests in the properties acquired in Louisiana.

On March 7, 2000, the Company closed a purchase and sale agreement with a company, which is a debtor in possession in a Chapter 11 Bankruptcy. Under the agreement, the Company acquired all of the Bankrupt Debtor's interest in a block located in the Offshore Texas, Mustang Island Area for 550,000 shares of common stock valued at \$550,000. In accordance with the agreement, the Company immediately repurchased 16,667 shares of common stock at \$3.00 per share, for a total of \$50,000. Under the terms of the agreement, in the event that the daily rate of production from the properties acquired averages at least 5,000 Mcf per day over a complete calendar month the seller has the right to put 150,000 shares of common stock to the Company at \$3.00 per share. If the seller fails to exercise such right, the Company has the right to call 150,000 shares of common stock at \$3.00 per share.

**VTEX Energy, Inc.**  
**(Formerly Vector Energy Corporation)**  
**Notes to Unaudited Consolidated Financial Statements (Continued)**  
**January 31, 2003**

**Line of Credit**

The Company had a \$10 million revolving credit note with Wachovia Bank, National Association (the "Bank") which terminated on November 15, 2002. Interest on the note was payable monthly at a floating rate which was 5.25% at January 31, 2003. The borrowing base under the note was determined periodically based upon the collateral value assigned to the mortgaged properties, and was \$1,959,143. The borrowing base may be redetermined at the Bank's sole discretion.

On December 27, 2000, the Company amended its credit agreement to reduce its indebtedness by \$3,000,000, reschedule principle payments, and remove all financial covenants. Under the terms of the amended credit agreement, the indebtedness was payable in three monthly installments of \$31,250 beginning on January 15, 2001, seven monthly installments of \$125,000 beginning on April 15, 2001, and a final installment of \$2,400,846 due on November 14, 2001. No further borrowings are available. As part of the amended credit agreement, the Company issued 3,000 shares of Class A-1 Cumulative Convertible Preferred Stock to the bank in exchange for \$3,000,000 in outstanding indebtedness and pledged its interest in the Mustang Island properties as additional collateral under the loan.

On November 15, 2001, the Company amended its credit agreement to change the repayment schedule to \$125,000 due on December 15, 2001 and the balance of principal and accrued but unpaid interest due on January 15, 2002.

On January 1, 2002, the Company amended its credit agreement to change the repayment schedule to \$25,000 per month in principal and interest beginning on January 31, 2002 with the balance of principal and accrued but unpaid interest due on April 15, 2002. In addition, the Company agreed to either sell, or have entered into binding agreements to sell, certain of its oil and gas properties by February 20, 2002 or to enter into a binding agreement with a nationally recognized oil and gas auction house by March 28, 2002 for the sale of such properties. All of the proceeds from the sale of such properties would be used to reduce the Company's indebtedness.

On April 1, 2002, the Company amended its credit agreement to extend the final due date of principal and accrued but unpaid interest to June 24, 2002. In addition, the date by which the Company had to enter into a binding contract with an auction house was extended to April 30, 2002.

On June 24, 2002, the Company amended its credit agreement to extend the final due date of principal and accrued but unpaid interest to July 24, 2002.

On July 24, 2002, the Company amended its credit agreement to remove the \$25,000 per month payment and to extend the final due date of principal and accrued but unpaid interest to August 24, 2002.

In accordance with the terms of the credit agreement, as amended, the Company entered into a binding contract with an auction house on two separate occasions for the sale of certain of its producing properties. On June 6, 2002, the Company closed a sale of certain of its producing properties for total cash consideration of \$600,100. Net proceeds received from the sale, which totaled \$481,027, were used to pay down the Company's bank debt.

**January 31, 2003**

On September 10, 2002, the Company renegotiated the terms of its indebtedness. Under the terms of the new agreement, the Company will pay \$300,000 to its lender by September 30, 2002. The Company will then be relieved of all payments until December 2, 2002. The Company has the option on or before December 2, 2002 to pay the lender either an additional \$300,000 in cash or \$150,000 in cash and \$200,000 in production payments in exchange for the forgiveness of the remainder of its indebtedness amounting to approximately \$1.6 million. In addition, the lender has agreed to convert all of its \$3 million preferred stock into common stock equivalent to a 45% ownership position in the Company.

On August 30, 2002, the Company closed a sale of certain of its producing oil and gas properties for total cash consideration of \$301,600. Net proceeds received from the sale, which totaled \$276,697, were paid to the Company's lender as part of the \$300,000 payment due by September 30, 2002. The balance of the \$300,000 payment was made by the due date.

On November 25, 2002, the Company closed a sale of certain of its producing oil and gas properties for total cash consideration of \$95,000. Net proceeds received from the sale, which totaled \$82,660, were paid to the Company's lender as part of the payment due by December 2, 2002.

The Company failed to make the remaining \$67,340 payment due to the lender by December 2, 2002. However, the Company reached a verbal agreement with the lender to accept an additional payment of \$17,740 in cash and \$150,000 in production payments. Such cash payment was made on December 13, 2002.

Effective December 1, 2002, the Company's line of credit was partially assigned to Old Jersey Oil Ventures, L.L.C. ("Old Jersey"), an entity controlled by the brother of the President of the Company. The Bank retained the rights to \$250,000 of the line of credit, payable out of 50% of the net profits from specified oil and gas properties owned by the Company and which are pledged against the line of credit.

On February 11, 2003 the Company amended and restated the terms of its' credit agreement with Old Jersey. The amended and restated agreement changed the interest rate on the line of credit to a fixed rate of 7.50%, increased the borrowing base to \$2,500,000, and extended the maturity date to January 31, 2005. Under the terms of the amended and restated agreement, the borrowing base will decrease by \$10,000 per month beginning April 30, 2003. If at any time the amount outstanding under the line of credit exceeds the borrowing base, the Company must make a mandatory principal prepayment in an amount equal to the excess. The amended and restated agreement did not effect the \$250,000 interest retained by the bank.

### **Notes Payable**

Other notes payable at January 31, 2003 consisted of \$168,860 in unsecured 9% to 10.5% notes issued to vendors in settlement of accounts payable. Certain of the notes are past their due dates and are due on demand. Also included is a \$84,709 financing obligation for insurance premiums, payable in monthly installments, with interest at 6.5%, through October 2003.

### **Stockholder's Equity**

#### *Common Stock*

The Company has 150,000,000 authorized shares of \$0.001 par value common stock. At January 31, 2003, 5,623,472 shares of common stock were issued and outstanding.

**VTEX Energy, Inc.**  
**(Formerly Vector Energy Corporation)**  
**Notes to Unaudited Consolidated Financial Statements (Continued)**  
**January 31, 2003**

Effective November 15, 2002, Vector Energy Corporation reincorporated into Nevada and changed its name to VTEX Energy, Inc. The reincorporation and name change was accomplished by a merger of Vector Energy Corporation into a new wholly owned subsidiary, VTEX Energy, Inc. One new share of VTEX Energy, Inc. was issued for each 30 shares of Vector Energy Corporation held on November 15, 2002, the effective date for the reincorporation. At the effective date, 2,886,203 shares of VTEX Energy, Inc. were issuable in exchange for the outstanding common stock of Vector Energy Corporation. At February 28, 2003, 5,225,103 shares of common stock of Vector Energy Corporation remain unexchanged. The 174,171 shares of common stock of VTEX Energy, Inc. issuable in exchange for these shares of Vector Energy Corporation have been included in the outstanding common stock of VTEX Energy, Inc. VTEX Energy, Inc. may seek to enforce the mandatory exchange by cancellation of any unexchanged shares.

*Preferred Stock*

The Company has 50,000,000 authorized shares of preferred stock.

The Company is authorized to issue 3,000 shares of Class A-1 Cumulative Convertible Preferred Stock (Class A-1 Preferred Stock). Class A-1 Preferred Stock was issued for \$1,000 per share and is entitled to receive cumulative cash dividends at the annual rate of 8% payable annually in arrears commencing December 1, 2001 when and as declared by the Board of Directors. All shares of Class A-1 Preferred Stock were issued to the Company's secured lender on December 27, 2000 as consideration for the reduction in the Company's secured indebtedness by \$3,000,000.00. On January 16, 2003 all shares of the Class A-1 Preferred Stock, and accrued and unpaid dividends in the amount of \$510,000 were converted into 2,361,439 shares of the Company's common stock.

The Company is authorized to issue 500,000 shares of Class B Preferred Stock, par value \$0.001 per share. Class B Preferred Stock is senior to any and all capital stock. The holders of Class B Preferred Stock are not entitled to receive any dividends. As of January 31, 2003, 500,000 shares of the Class B Preferred Stock were issued and outstanding. The Class B Preferred Stock is redeemable in whole, but not in part, at the option of the Company by resolution of the Company's Board of Directors at anytime at \$1.00 per share. Each share of Class B Preferred Stock has the voting rights equal to 100 shares of the Company's common stock. The holders of Class B shares are entitled to elect at least two directors to the Board of Directors of the Corporation. The holders of Class B Preferred Stock voting as a class will have the right to remove without cause at any time and replace any director such holders have elected.

*Stock Options and Warrants*

The Company has granted options to certain key employees to purchase 69,334 shares of the Company's common stock at purchase prices ranging from \$4.50 to \$6.90 per share. These options expire on dates ranging from August 25, 2005 to March 1, 2006 and are non-transferable. The options, which were issued at a price equal to or exceeding the market value of the underlying stock on the date of the grant, are not intended to qualify as incentive stock options under Internal Revenue Code Section 422. The Company follows the provisions of Statement of Financial Accounting Standards No. 123, Accounting for Stock Based Compensation (SFAS No. 123) using a Black Scholes option pricing model.

Also outstanding at January 31, 2003 are warrants for the purchase of 31,687 shares of the Company's common stock at a purchase price of \$15.00 per share. The warrants expire on October 19, 2003 and are transferable.
