ELECTION OF DIRECTOR AND RATIFICATION OF APPOINTMENT OF DIRECTOR

(Item 1)

Board of Directors

Our Amended and Restated Certificate of Incorporation provides that the Board of Directors shall be divided into three (3) classes, with each class consisting, as nearly as possible, of one-third of the total number of directors constituting the entire Board. Our Board of Directors presently consists of five (5) members with two (2) members in each of Class II and Class III and one (1) member in Class I. Each Class is elected for a term of three years. The term of office of the Class I, II and III directors is scheduled to expire at our 2005, 2006 and 2004 annual meetings, respectively. At each annual meeting, directors are elected to succeed those in the class whose term expires at that annual meeting. Such newly elected directors hold office until the third succeeding annual meeting and the election and qualification of their respective successors. As of February 17, 2002, we had two vacancies on the Board of Directors which have not yet been filled. Proxies may not be voted for a greater number of persons than the nominees and appointee identified below.

The nominees for election as a director and the appointed director have advised us of their willingness to serve as directors and management believes that the nominees and the appointee will be able to serve. If the nominees or the appointee become unavailable, proxies may be voted for the election of such person or persons who may be designated by the Board of Directors.

Cumulative voting does not apply in the election of directors. Unless otherwise indicated, the shares represented by this proxy will be voted for the nominees and the appointee named below. Should the nominees or the appointee become unable to serve for any reason, or for good cause will not serve, which is not anticipated, the Board of Directors may, unless the Board by resolution provides for a lesser number of directors, appoint substitute members.

The following table sets forth certain information with respect to the nominees for election as director and the appointed director, and the term for which they will serve in their respective classes:

Name	Age	Position	Position Held Since	Class	Year Term Expires
Charles L. Doherty	67	Director	January 2001	II	2006
Scott R. Silverman	38	Director	January 2001	II	2006
Kevin McLaughlin	60	President, Chief Executive Officer, Chief Operating Officer, Secretary and Director	April 2002	I	2005

Recommendation of the Board of Directors Concerning the Election of Directors and the Ratification of the Appointment of Director

Silverman to hold office until our 2006 annual meeting and **FOR** the ratification of the appointment of Kevin McLaughlin to hold office until our 2005 annual meeting and until their respective successors are elected and qualified. Proxies received by the Board of Directors will be voted **FOR** the nominees and **FOR** the appointee unless stockholders specify a contrary choice in their proxy.

Section 16(a) of the Exchange Act requires our officers and directors and persons who own more than 10% of our common stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission and to furnish copies of all such reports to us. We believe that, based upon a review of filings with the Securities and Exchange Commission, each of our directors and executive officers were late in complying with the reporting requirements of Section 16(a) of the Exchange Act during fiscal year 2002.

Report of the Audit Committee

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent we specifically incorporate this Report by reference therein.

In January 2001 the Board of Directors approved an updated charter for the Committee and, on January 16, 2001, elected a new Audit Committee. Our audit committee is currently comprised of only one director, Mr. Doherty, and as a result does not satisfy the Nasdaq's continued listing requirements.

As set forth in more detail in the charter, the Audit Committee's primary responsibilities fall into three broad categories:

- first, the Committee is charged with monitoring the preparation of quarterly and annual financial reports by management, including discussions with management and our outside auditors about draft annual financial statements and key accounting and reporting matters;
- second, the Committee is responsible for matters concerning the relationship between us and our outside auditors, including recommending their appointment or removal; reviewing the scope of their audit services and related fees, as well as any other services being provided to us; and determining whether the outside auditors are independent (based in part on oral and written communication provided to us by them pursuant to Independence Standards Board Standard No. 1); and
- third, the Committee oversees management's implementation of effective systems of internal controls, including review of policies relating to legal and regulatory compliance, ethics and conflicts of interests; and review of the activities and recommendations of our internal auditing program.

The Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Committee's charter. The Audit Committee held four meetings during the fiscal year ended September 30, 2002.

In overseeing the preparation of our financial statements, the Committee met with both management and our outside auditors to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. At that time management advised the Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Committee discussed the statements with both

management and the outside auditors. The Committee's review included discussion with the outside auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication With Audit Committees).

With respect to our outside auditors, the Committee, among other things, has discussed with J. H. Cohn LLP matters relating to its independence, including the written disclosures made to the Committee as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

Finally, the Audit Committee monitors the scope and adequacy of, including proposals for, adequate staffing and internal procedures and controls where appropriate.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended September 30, 2002, for filing with the Securities and Exchange Commission. The Committee also evaluated and recommended to the Board the reappointment of our independent auditors for fiscal 2002.

The Audit Committee is pleased to submit this report to the stockholders with regard to the above matters.

AUDIT COMMITTEE
CHARLES L. DOHERTY

Report of the Compensation Committee

The following Report of the Compensation Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent we specifically incorporate this Report by reference therein.

Compensation Committee of the Board

The Compensation Committee is composed of one non-employee member of the Board of Directors. It is the Compensation Committee's responsibility to review, recommend and approve changes to our compensation policies and programs. It is also the committee's responsibility to review and approve all compensation actions for our executive officers and various other compensation policies and matters and administer our 1998 Stock Option Plan, including the review and approval of stock option grants to our executive officers, our 1999 Employee Stock Purchase Plan, our 2001 Flexible Stock Plan and our 401(k) Plan.

General Compensation Philosophy

The committee focuses on compensating executives on a competitive basis with other comparably sized and managed companies, in a manner consistent and supportive of our overall objectives, and through a compensation plan which balances our long-term and short-term strategic initiatives. The committee intends that our executive compensation program will:

1. Reward executives for strategic management and enhancement of stockholder value;
2. Reflect each executive's success at resolving key operational issues;
3. Facilitate both the short-term and long-term planning process; and
4. Attract and retain key executives believed to be critical to our long-term success.

Setting Executive Compensation

Our compensation program for executive officers generally consists of a fixed base salary, performance-related annual bonus awards and long-term incentive compensation in the form of stock options. In addition, our executives are able to participate in various benefit plans generally available to our other full-time employees.

In reviewing executives' performances over the past fiscal year, the committee took into consideration, among other things, the following performance factors in making its compensation recommendations: revenues, net income and cash flow. Our executive compensation programs are designed to enable us to attract, retain and motivate our executives. Our general compensation philosophy is that total cash compensation should vary with our performance in attaining financial and non-financial objectives and that any long-term incentive compensation should be closely aligned with the interests of stockholders. Total cash compensation for the majority of our employees, including its executive officers, includes a base salary and a cash bonus based on our profitability. Long-term incentive compensation is realized through the granting of stock options to most employees, at the discretion of the presidents of our divisions, as well as eligible executive officers.

Base Salary

Base salary for our executives is intended to provide competitive remuneration for services provided to us over a one-year period. Base salaries are set at levels designed to attract and retain the most appropriately qualified individuals for each of our key management level positions.

Short-Term Incentives

Short-term incentives are paid primarily to recognize specific operating performance achieved within the last fiscal year. Since such incentive payments are related to a specific year's performance, the committee understands and accepts that such payments may vary considerably from one year to the next. Our bonus program ties executive compensation directly back to the annual performance of both the individual executive and the company. Through this program, in the fiscal year ended September 30, 2002, the actual bonus payment paid to any of the named executive officers was derived from specific measures of company and individual performance.

Long-Term Incentives

We do not provide our executives with long-term incentive payments. Instead, we may, from time to time, grant our executive officers stock options in order to reward executive officers for company or individual achievements, to motivate executive officers to improve company performance or to encourage ownership of our common stock. We believe that this long-term incentive strategy better aligns the interests of our executive officers with those of our stockholders. During 2002, we granted stock options to Kevin McLaughlin, our President, Chief Executive Officer, Chief Operating Officer and Secretary, and J. Robert Patterson, our Vice President, Chief Financial Officer and Treasurer.

Compensation Pursuant to Plans

1998 Stock Option Plan.

On February 24, 1998, the stockholders approved a stock option plan as a successor to the expiring 1988 Stock Option Plan. As of September 30, 2002, 295,000 options have been granted and remain outstanding under the 1998 Stock Option Plan. The 1998 Stock Option Plan had 1,000,000 shares of common stock reserved for issuance upon the exercise of options designated as either (i) incentive stock options or (ii) non-qualified stock options. Incentive stock options may be granted under the 1998 Stock Option Plan to our employees and officers. Non-qualified options may be granted to our consultants, directors (whether or not they are employees), employees or officers.

The purpose of the 1998 Stock Option Plan is to encourage stock ownership by certain of our directors, officers and employees and certain other persons instrumental to our success and to give them a greater personal interest in our success. The 1998 Stock Option Plan is administered by the Compensation Committee. The committee, within the limitations of the plan, determines the persons to whom options will be granted, the number of shares to be covered by each option, whether the options granted are intended to be incentive stock options, the duration and rate of exercise of each option, the option purchase price per share and the manner of exercise, the time, manner and form of payment upon exercise of an option, and whether restrictions such as repurchase rights are to be imposed on the shares subject to options. Options granted under the 1998 Stock Option Plan may not be granted at a price less than the fair market value of the common stock on the date of the grant (or 110% of fair market value in the case of persons holding 10% or more of our voting stock). The aggregate fair market value of shares for which incentive stock options granted to any person and exercisable for the first time by such person during any calendar year (under all of our stock option plans and those of any related corporation) may not exceed \$100,000. The 1998 Stock Option Plan will terminate in February, 2008; however, options granted under the plan will expire not more than 10 years from the date of grant. Options granted under the 1998 Stock Option Plan are not transferable during an optionee's lifetime but are transferable at death by will or by the laws of descent and distribution.

1999 Employee Stock Purchase Plan.

On January 28, 1999, the stockholders approved the 1999 Employee Stock Purchase Plan. The 1999 Employee Stock Purchase Plan has 200,000 shares of common stock reserved for issuance upon purchase by our employees. The 1999 Employee Stock Purchase Plan provides our eligible employees with an opportunity to acquire an interest in our future.

The purpose of the 1999 Employee Stock Purchase Plan is to provide our employees with an opportunity to purchase common stock through accumulated payroll deductions, and give them a greater personal interest in our success. The 1999 Employee Stock Purchase Plan is administered by the Board of Directors, which, within the limitations set forth in the plan, determines the persons who may purchase shares of common stock, the number of shares to be sold, the time, manner and form of payment, and whether restrictions are to be imposed on the shares subject to purchase. The 1999 Employee Stock Purchase Plan provides eligible employees an opportunity to

purchase shares of common stock through payroll deductions during two offering periods: October 1 through March 31 and April 1 through September 30. At the time a participant files his subscription agreement, he shall elect to have payroll deductions made on each pay day during the offering period in an amount not exceeding 10% of the compensation he receives each pay day during the offering period. All payroll deductions made for participants in the 1999 Employee Stock Purchase Plan are credited to the employee's account under the plan and are withheld in whole percentages only. A participant may discontinue his participation in the plan under certain circumstances, or may increase or decrease the rate of his payroll deductions during the offering period. The purchase price per share is an amount equal to 85% of the fair market value of a share of common stock on the first or last day of the offering period, whichever is lower. The aggregate number of shares purchased by an employee may not exceed a number of shares determined by dividing \$12,500 by the fair market value of a share of our common stock on the first day of the offering period. The 1999 Employee Stock Purchase Plan expires by its terms on December 17, 2008.

2001 Flexible Stock Plan

On March 29, 2001, the stockholders approved the 2001 Flexible Stock Plan. As of September 30, 2002, 3,725,000 options were granted and remain outstanding under the 2001 Flexible Stock Plan. The 2001 Flexible Stock Plan initially had 2,500,000 shares of common stock reserved for issuance. This number is subject to an annual increase of 25% of the number of outstanding shares of common stock as of January 1 of each year, but may not exceed 10,000,000 in the aggregate. As of January 22, 2003, 1,223,000 shares of common stock are available for future issuance under the 2001 Flexible Stock Plan. These shares may be issued in the form of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, performance shares, cash awards, or other stock based awards.

The purpose of the 2001 Flexible Stock Plan is to attract, retain, motivate and reward employees and other individuals and to encourage ownership by employees and other individuals of our common stock. The 2001 Flexible Stock Plan is administered by the Compensation Committee. The committee, within the limitations of the plan, has discretion to determine (i) when and to whom an award is granted and the type and amount of the award, and (ii) the terms, conditions and provisions of, and restrictions relating to, each award granted. The 2001 Flexible Stock Plan may be terminated at any time by the Board of Directors.

401(k) Plan

On January 1, 1994, we adopted a 401(k) savings plan for the benefit of all eligible employees. All employees as of the effective date of the 401(k) plan became eligible to participate. An employee who became employed after January 1, 1994 would become a participant after the completion of 6 months of service and attainment of 20 years of age. Under the 401(k) plan, participants may elect to contribute from their compensation any amount up to the maximum deferral allowed by the Internal Revenue Code. Our contributions are discretionary and we may make optional contributions for any plan year at our discretion. During the fiscal years ended September 30, 2002, 2001 and 2000, we recorded 401(k) administrative costs totaling \$5,588, \$4,950 and \$7,796, respectively.

The Compensation Committee is pleased to submit this report to the stockholders with regard to the above matters.

The following Performance Graph does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent we specifically incorporate this Performance Graph by reference therein.

The Performance Graph compares the percentage change in the cumulative total stockholder return for the period beginning on September 30, 1997 and ending on September 30, 2002, based upon the market price of our common stock, the NASDAQ Stock Market Index for U.S. companies and a group consisting of our peer corporations on a line-of-business basis. The corporations making up the peer group are AlphaNet Solutions, Inc., En Pointe Technologies, Inc., Manchester Technologies, Inc., Micros to Mainframes, Inc. and Pomeroy Computer Resources, Inc. AMEND CERTIFICATE OF INCORPORATION TO CHANGE NAME

(Item 2)

Background

The Board of Directors adopted, subject to stockholder approval, an amendment to our Certificate of Incorporation to change our name from SysComm International Corporation to "InfoTech USA, Inc." Both of our operating subsidiaries, Information Technology Services, Inc. and InfoTech USA, Inc., conduct business with their customers under the name InfoTech.

The Board of Directors has determined that it is in our best interest to change our name to be consistent with our long-term strategy of moving toward a customer-oriented information technology solutions-based business model. The Board of Directors believes the name "InfoTech USA, Inc." carries greater goodwill and customer name recognition than the name "SysComm International Corporation." The Board of Directors further believes that changing our name to InfoTech USA, Inc. will reinforce public perception of our mission to become a customer-oriented full service information technology solutions provider.

Amendment of Certificate of Incorporation to Change Name

Article First of our Certificate of Incorporation currently reads as follows:

"The name of the Corporation is SysComm International Corporation."

Article First would be replaced by an amendment, the text of which is as follows:

"The name of the Corporation is InfoTech USA, Inc."

Stock certificates of common stock may be retained by stockholders and need not be exchanged for certificates containing our new name. Stock certificates reflecting the name InfoTech USA, Inc. will be issued to a stockholder upon any purchase, sale or other disposition of common stock by such stockholder following the effective date of the name change.

Recommendation of the Board of Directors

The Board of Directors recommends a vote **FOR** the approval of the amendment to the certificate of incorporation to change our name to InfoTech USA, Inc. Unless a contrary choice is specified, proxies received by the Board of Directors will be voted **FOR** the approval of the amendment to the certificate of incorporation.

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

(Item 3)

On September 7, 2001, we terminated Albrecht, Viggiano, Zureck & Company, P.C. as our independent accountants. The Board of Directors approved the decision to change independent accountants. The reports of Albrecht, Viggiano, Zureck & Company, P.C. on the financial statements for the fiscal year 2000 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle. In connection with its audit for fiscal year 2000 and through September 6, 2001, there had been no disagreements with Albrecht, Viggiano, Zureck & Company, P.C. on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of Albrecht, Viggiano, Zureck & Company, P.C. would have caused them to make reference thereto in their report on the financial statements for such years. During fiscal year 2000 and through September 6, 2001, there were no reportable events as defined in Regulation S-K Item 304(a)(1)(v). We requested that Albrecht, Viggiano, Zureck & Company, P.C. furnish us with a letter addressed to the SEC stating whether or not it agrees with the above statements. A copy of such letter, dated September 13, 2001, is filed as an exhibit to our annual report on Form 10-K.

We engaged Rubin, Brown, Gornstein & Company, LLP as our independent accountants as of September 13, 2001. On August 1, 2002, we terminated Rubin, Brown, Gornstein & Company, LLP as our independent accountants. The Board of Directors approved the decision to change independent accountants. The report of Rubin, Brown, Gornstein & Company, LLP on the financial statements for fiscal year 2001 contained no adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principle. In connection with its audit for fiscal year 2001 and through August 1, 2002, there have been no disagreements with Rubin, Brown, Gornstein & Company, LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of Rubin, Brown, Gornstein & Company, LLP would have caused them to make reference thereto in their report on the financial statements for such years. During the fiscal year 2001 and through August 1, 2002, there was one reportable event. The following is a description of the event reported to us by Rubin, Brown, Gornstein & Company, LLP, which is the only reportable event, as defined in Item 304(a)(1)(v) of Regulation S-K:

During the year ended September 30, 2001, one of the Registrant's subsidiaries transitioned certain employees and responsibilities to another location. As a result, a certain employee assumed additional responsibilities for this subsidiary, resulting in a lack of segregation of duties in the cash receipts, cash disbursements and payroll functions. As of November 15, 2001, all accounting functions were transitioned to another location, and, as a result, management believes that responsibilities related to the cash receipts, cash disbursements and payroll functions have been adequately segregated.

We requested that Rubin, Brown, Gornstein & Company, LLP furnish us with a letter addressed to the SEC stating whether or not it agrees with the above statements. A copy of such letter, dated August 1, 2002, is filed as an exhibit to our annual report on Form 10-K.

The firm of J. H. Cohn LLP has audited our financial statements for the fiscal year ending September 30, 2002, and the Board of Directors has, subject to ratification by stockholders, appointed that firm to act as its independent accountants for the fiscal year ending September 30, 2003. Accordingly, management will present to the meeting a resolution proposing the ratification of the appointment of J. H. Cohn LLP as our independent accountants for the fiscal year ending September 30, 2003.

A representative of J. H. Cohn LLP is expected to be present at the meeting and will be given the opportunity to make a statement and to respond to appropriate questions addressed by stockholders.

Audit and Non-Audit Fees

For the fiscal year ended September 30, 2002, fees for services provided by J. H. Cohn LLP were as follows:

A. Audit Fees	\$55,538
B. Financial Information Systems Design and Implementation Fees	--
C. All Other Fees	17,972

The Audit Committee has determined that the provision of the non-audit services listed as "All Other Fees" in the table above is compatible with maintaining the independence of J. H. Cohn LLP.

Recommendation of the Board of Directors

The Board of Directors recommends a vote FOR ratification of the appointment of J. H. Cohn LLP as our independent accountants for the fiscal year ending September 30, 2003. Unless a contrary choice is specified, proxies received by the Board of Directors will be voted FOR ratification of the appointment of J. H. Cohn LLP as our independent accountants for the fiscal year ending September 30, 2003.

STOCKHOLDER PROPOSALS

Pursuant to the applicable rules under the Exchange Act, some stockholder proposals may be eligible for inclusion in our 2004 proxy statement. Otherwise, the proxies named by our Board of Directors may exercise discretionary voting authority with respect to the stockholder proposal, without any discussion of the proposal in our proxy material.

Financial Statements. Our consolidated financial statements for the fiscal year ended September 30, 2002 are included in our 2002 Annual Report. Copies of the Annual Report are being sent to our stockholders concurrently with the mailing of this proxy statement. The annual report does not form any part of the material for the solicitation of proxies.

Other Matters. At the date hereof, there are no other matters which the Board of Directors intends to present or has reason to believe others will present at the meeting. If other matters come before the meeting, the persons named in the accompanying form of proxy will vote in accordance with their best judgment with respect to such matters.

Proxy Solicitation. The expense of solicitation of proxies will be borne by us. We have retained ADP Investor Communication Services, Inc. to solicit proxies. ADP Investor Communication Services, Inc. has agreed to perform this service for a fee which is not expected to exceed \$2,000, plus out-of-pocket expenses. Proxies may also be solicited by certain of our directors, officers and other employees, without additional compensation, personally or by written communication, telephone or other electronic means. We are required to request brokers and nominees who hold stock in their name to furnish our proxy material to beneficial owners of the stock and will reimburse such brokers and nominees for their reasonable out-of-pocket expenses in so doing.

The form of proxy and this proxy statement have been approved by the Board of Directors and are being mailed and delivered to stockholders by its authority.
