Management's Discussion and Analysis of Financial Condition and Results of Operations
Financial Condition
Fixed Maturity Securities, page 26

1. Please provide us proposed revised disclosure to be included in future periodic reports that explains the differences in investment ratings assigned by nationally recognized statistical rating organizations and those determined by the National Association of Insurance Commissioners. In particular, your disclosure should explain why, as apparent from the tables on page 27 the NRSOs characterize almost \$1.0 billion of your fixed maturity investment securities at December 31, 2012 as Caa and lower and in or near default, while the NAIC designates only \$6.6 million of your investments at these levels. Also clarify in this disclosure how you use each rating in managing your investment portfolio.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Exchange Act of 1934 and all applicable Exchange Act rules require. In responding to our comment, please provide a written statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
