## Important Information and Disclaimers

This disclaimer applies to this document and the verbal or written comments of any person presenting it. This document, taken together with any such verbal or written comments, is referred to herein as the "Presentation."

Historical financial results presented in this Presentation as averages or annualized forms are not necessarily indicative of results that may be expected for any future period.

## Cautionary Statement Regarding Forward-Looking Statements

This Presentation contains forward-looking statements about Innovex International, Inc. ("Innovex," "INVX," the "Company," "we" or "us") and its industry that involve substantial risks and uncertainties. These forward-looking statements are subject to risks, uncertainties and other factors, many of which are outside of Innovex's control, that could cause actual results to differ materially from the results discussed in the forward-looking statements. Forward-looking statements can be identified by the use of forward-looking terminology, including "may," "believe," "expect," "intend," "anticipate," "plan," "should," "estimate," "continue," "potential," "will," "hope" or other similar words and include the Company's expectation of future performance contained herein. These statements discuss future expectations, contain projections of results of operations or of financial condition, or state other "forward-looking" information. You are cautioned not to place undue reliance on any forward-looking statements, which can be affected by assumptions used or by risks or uncertainties. The inclusion of forward-looking statements should not be regarded as a representation by Innovex that any of its plans will be achieved. When considering these forward-looking statements, you should keep in mind the risks related to the merger between Innovex Downhole Solutions, Inc. ("Legacy Innovex") and Dril-Quip, Inc. ("Legacy Dril-Quip") (the "Merger"), including the ultimate outcome and results of integrating operations, the effects of the Merger (including the Company's future financial condition, results of operations, strategy and plans), potential adverse reactions or changes to business relationships resulting from the announcement or completion of the Merger, expected benefits from the Merger and the ability of the Company to realize those benefits, the significant costs required to integrate operations, whether Merger-related litigation will occur and, if so, the results of any litigation, settlements and investigations, and the risk factors and other factors noted in the Company's Registration Statement on Form S-4 (File No. 333-279048), Annual Report on Form 10-K, any Quarterly Reports on Form 10-Q and the other documents that the Company files with the Securities and Exchange Commission. The risk factors and other factors noted therein could cause actual results to differ materially from those contained in any forward-looking statement. Innovex disclaims any duty to update and does not intend to update any forward-looking statements, all of which are expressly qualified by the statements in this section, to reflect events or circumstances after the date of this press release, except as may be required by law.

## Industry Information

We obtained the industry, market and competitive position data used throughout this Presentation from our own internal estimates and research, as well as from independent industry publications, government publications and other published independent sources. Internal estimates are derived from publicly available information released by industry analysts and third-party sources, our internal research and our industry experience and are based on assumptions made by us based on such data and our knowledge of the industry and market, which we believe to be reasonable. In addition, while we believe the industry, market and competitive position data included in this Presentation is reliable and based on reasonable assumptions, we have not independently verified the accuracy or completeness of any third-party information. Some data is also based on our good faith estimates. The industry in which we operate is subject to a high degree of uncertainty and risk due to a variety of factors. These and other factors could cause results to differ materially from those expressed in these publications. Forecasts and other forward-looking statements obtained from these sources are subject to the same qualifications and uncertainties as the other forward-looking statements in this Presentation. No representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of the information contained herein and no reliance should be placed on it. None of Innovex, the underwriters or any of their respective affiliates, advisers, connected persons or any other person accept any liability for any loss howsoever arising (in negligence or otherwise), directly or indirectly, from this Presentation or its contents or otherwise arising in connection with this Presentation. This shall not, however, restrict or exclude or limit any duty or liability to a person under any applicable law or regulation of any jurisdiction that may not lawfully be disclaimed.

The information contained in this Presentation is provided as at the date of this Presentation and is subject to change without notice.

## Financial Information: Non-GAAP Financial Measures

In addition, the financial information for Legacy Innovex for the years ended December 31, 2020, 2019 and 2018 has not been audited in accordance with the standards of the Public Company Oversight Board ("PCAOB").

This Presentation contains both financial measures prepared and presented in accordance with generally accepted accounting principles ("GAAP") and non-GAAP financial measures, which are measurements of financial performance that are not prepared and presented in accordance with GAAP. Accordingly, these measures should not be considered as a substitute for data prepared and presented in accordance with GAAP. These non-GAAP financial measures, including Adjusted EBITDA, Adjusted EBITDA Margin, Return on Capital Employed ("ROCE") and Free Cash Flow, are or have been used by Innovex's management when evaluating results of operations and as otherwise described below. Non-GAAP financial measures should not be construed as being more important than comparable GAAP measures. Innovex's management believes these non-GAAP financial measures provide users of our financial statements with additional and useful comparisons of current results of operations with past and future periods. Although we use or have used these non-GAAP financial measures to assess the performance of our business and for the other purposes, the use of these non-GAAP financial measures as an analytical tool has limitations, and you should not consider them in isolation, or as a substitute for analysis of our results of operations as reported in accordance with GAAP. In addition, because not all companies use identical calculations, the non-GAAP financial measures included in this Presentation may not be comparable to similarly titled measures disclosed by other companies, including our peers or other companies in our industry. Please see "Appendix: GAAP Reconciliations" within the Presentation for reconciliations of the non-GAAP financial measures included in the Presentation to our most directly comparable financial measures calculated and presented in accordance with GAAP.

Management has provided outlook regarding Adjusted EBITDA, which is a non-GAAP financial measure and excludes certain charges. A reconciliation of this non-GAAP financial measure to the corresponding GAAP financial measure has not been provided because guidance for the various reconciling items is not provided. The Company is unable to provide guidance for these reconciling items because they cannot determine their probable significance, as certain items are outside of the Company's control and cannot be reasonably predicted since these items could vary significantly from period to period. Accordingly, reconciliations to the corresponding GAAP financial measures are not available without unreasonable effort.

## Use of Website

Investors should note that Innovex announces material financial information in SEC filings, press releases and public conference calls. Innovex may use the Investors section of its website ([www.innovex-inc.com](http://www.innovex-inc.com)) to communicate with investors. It is possible that the financial and other information posted there could be deemed to be material information. Information on Innovex's website is not part of this Presentation.

# Innovex is Building a Unique Energy Industrial Platform

*Our VISION is to create a unique energy industrial platform focused on driving exceptional value and service to our customers, and exception absolute returns for our shareholders.*

(1) Return on Capital Employed ("ROCE") is a non-GAAP measure. We define ROCE as Income from Operations, before acquisition costs and after tax (resulting in Adjusted Income from Operations, after tax) divided by average capital employed. Capital employed is defined as the combined values of debt and stockholders' equity.

# Innovex's *No Barriers* Culture

*No Barriers between our customers and our employees*  
*No Barriers to our ongoing success*

# Vision + Culture = Results

Legacy Innovex has a strong track record of success as a private company

Source: FactSet, Public Disclosure. S&P 500 represents the median metric for current constituents. Big 3 represents the median metric of SLB, BKR and HAL. <sup>1</sup> Adjusted EBITDA and Adjusted EBITDA Margin are non-GAAP measures. We define Adjusted EBITDA as net income before interest expense, income tax expense, depreciation and amortization, and other expense, net, further adjusted to exclude certain items which we believe are not reflective of our ongoing performance or which are non-cash in nature. We define Adjusted EBITDA Margin as Adjusted EBITDA divided by revenue. See appendix for reconciliation to Innovex's most comparable GAAP measures. Adjusted EBITDA for the presented peers has been pulled or derived from the public filings or presentations of such peers and then divided by the publicly disclosed revenues as applicable to arrive at the margin presented. Legacy Innovex's computation of Adjusted EBITDA may not be comparable to those of its peers. Peers include BKR, CHX, CLB, HAL, HTG, NOV, OIS, SBO, SLB, WHD and XPRO. <sup>2</sup> ROCE is a non-GAAP measure and defined as operating income less income tax expense divided by average book equity, book debt, and noncontrolling interest. See appendix for reconciliation to Legacy Innovex's most comparable GAAP measure. ROCE for the presented peers has been derived from the public filings or presentations of such peers and calculated in accordance with Legacy Innovex's definition of ROCE. Legacy Innovex 2020 ROCE excludes post 2020 audit private to public company accounting write-down.

# Innovex / Dril-Quip Merger

## Key Accounting Policy and Presentation Differences: Go-Forward Innovex vs. Legacy Dril-Quip

- **Accounting Acquirer** – Legacy Innovex is the accounting acquirer in the Merger, meaning current and comparative financials are presented from an Legacy Innovex perspective
- **Q3 Reporting** - Reflects a full quarter of Legacy Innovex, includes Legacy Dril-Quip activity from transaction closing until quarter end (9/6 - 9/30)
- **Segment Reporting** – Innovex operates in a single segment and future results will be reported on that basis
- **Revenue Recognition** – Percentage of completion / over-time revenue recognition eliminated for all products other than subsea trees
- **Deferred Tax Assets** – Increased likelihood of being able to utilize accumulated Legacy Dril-Quip net operating losses and other tax attributes results in increase in deferred tax assets on balance sheet

# Q3 2024 Performance & Q4 2024 Outlook
