The Company's Named Executive Officers are identified in the "Compensation Discussion and Analysis—Introduction" on page 41.

Corporate Governance Practices

- **Active, Year-Round, Stockholder Engagement.** The Company engages with stockholders and accepts invitations to discuss matters of interest to them. Throughout 2021, the Company met with stockholders most often in a virtual format due to COVID-19 and discussed numerous topics, including financial and operating performance, COVID-19 impacts, regulatory and political matters, environmental, social and governance ("ESG") matters, including reporting, corporate governance, political lobbying, Con Edison of New York's Climate Change Adaptation and Resiliency plan, the Company's pursuit of net-zero-carbon-emission goals through the Company's updated Clean Energy Commitment, and clean energy opportunities. The Company's stockholder engagement team reports the results of their annual activities to the Corporate Governance and Nominating Committee and the Board to convey the feedback received from stockholders and to propose implementation of appropriate responses. During 2021, the Company engaged with stockholders holding in aggregate 36% of shares outstanding. (See "Stockholder Engagement" on pages 30 through 31 for additional information on stockholder engagement.)
- **Risk Oversight.** The Board and its committees oversee the Company's policies and procedures for managing risks that are identified through the Company's enterprise risk management program. (See "The Board of Directors—Risk Oversight" on page 17 for additional information on risk oversight.)
- **Strategic Planning.** The Board oversees and reviews, at least annually, the Company's strategic and business plans and objectives.
- **Corporate Sustainability.** The Company is firmly committed to sustainability, which is broadly overseen by the Board. The Board reviews and discusses various sustainability topics throughout the year and routinely considers

environmental issues (including climate change) and assesses how they impact the Company's operations, strategies and risk profile. (See "*The Board of Directors—Corporate Sustainability*" on page 17 for additional information on corporate sustainability.)

- **Human Capital.** The Company is committed to attracting, developing, and retaining a talented and diverse workforce. It values and supports a wide range of employee needs and interests. The Company's skilled and experienced workforce enables it to maintain best-in-class reliability and progress towards achieving a clean energy future. Human capital measures focus on employee safety, hiring the right talent, employee development and retention, and diversity, equity, and inclusion. (See "*The Board of Directors—Human Capital*" on page 18 for additional information on the Company's human capital measures.)
- **Annual Election of Directors.** Each Director nominee has been recommended for election by the Corporate Governance and Nominating Committee and approved and nominated for election by the Board. If elected, the Director nominees, all of whom are currently members of the Board, will serve for a one-year term expiring at the Company's 2023 Annual Meeting of Stockholders. Each Director will hold office until his or her successor has been elected and qualified or until the Director's earlier resignation or removal. (See "*Election of Directors—Information About the Director Nominees*" on pages 8 through 15 for information about the Director nominees.)
- **Voting.** In uncontested elections, each Director nominee may be elected by a majority of the votes cast at a meeting of the Company's stockholders by the holders of shares entitled to vote in the election. In contested elections, each Director nominee may be elected by a plurality of the votes cast. The Company does not have a super-majority voting provision in its Restated Certificate of Incorporation.
- **Board Composition.** The current Directors have the combination of skills, professional experience, and diversity necessary to oversee the Company's business. A majority (75%) of the current Directors are independent. The current Directors have an average age of 64.4 years, are 33.3% women, and 33.3% racially and ethnically diverse. The Board strives to maintain an appropriate balance of tenure among Directors. Of the current Directors, 42% have been on the Board for less than five years, 25% have been on the Board for five to ten years, and 33% have been on the Board for over ten years.

The Corporate Governance and Nominating Committee recommends candidates for election or re-election to the Board and reviews the qualifications of possible Director candidates. When recommending to the Board the slate of Director nominees for election at the Annual Meeting, the Corporate Governance and Nominating Committee strives to maintain an appropriate balance of tenure, diversity, and skills on the Board as evidenced by the proposed slate of director nominees, which is 33.3% women and 33.3% racially and ethnically diverse (as self-reported by the Director nominees). The Board and the Corporate Governance and Nominating Committee strongly believe that the Board and the Company benefit from having directors with a diversity of gender, race, ethnicity, viewpoints and experiences. The Corporate Governance and Nominating Committee identifies candidates through a variety of means, including professional search firms, recommendations from members of the Board, suggestions from senior management, and submissions by the Company's stockholders. When a professional search firm is used, the firm is directed to provide a diverse slate of candidates for the Board's consideration, including, but not limited to, diverse candidates with respect to gender, race, ethnicity, nationality, and sexual orientation. (See "*The Board of Directors—Selection of Director Candidates*" on page 28 for additional information on the Director nomination process.)

- **Independent Lead Director.** The Board has an independent Lead Director who is the Chair of the Corporate Governance and Nominating Committee and has numerous duties and significant responsibilities, including acting as a liaison between the independent Directors and the Company's management and chairing the executive sessions of non-management and independent Directors. (See "*The Board of Directors—Leadership Structure*" on pages 16 through 17 for additional information on the role of the Company's independent Lead Director.)
- **Frequent Executive Sessions.** The Company's Board holds executive sessions at which only non-management Directors are present, and the independent Directors meet in executive session at least once a year. (See "*The Board of Directors—Meetings and Board Members' Attendance*" on page 16 for additional information on executive sessions.)
- **Annual Board and Committee Self-Assessments.** The Board and each of its committees perform an annual self-assessment to evaluate the effectiveness of the Board and its committees in fulfilling their respective obligations. Each committee reports the results of its self-evaluation to the Board. The Corporate Governance and Nominating Committee coordinates the self-evaluation process and, following the self-evaluations, discusses with the Board follow-up matters as appropriate.

- **Membership on Public Company Boards.** Directors may serve on no more than three other public company boards, and none serve on more than three other public company boards.
- **Proxy Access.** The Board has adopted proxy access, which enables certain stockholders of the Company to include their own director nominees in the Company's Proxy Statement and form of proxy, along with candidates nominated by the Board if the stockholders and the nominees proposed by the stockholders meet the requirements set forth in the Company's By-laws. (See "*The Board of Directors—Proxy Access*" on page 20 and "*Stockholder Proposals for the 2023 Annual Meeting—Director Nomination for Inclusion in 2023 Proxy Statement (Proxy Access)*" on page 90 for additional information on the Company's proxy access framework and timeline, respectively.)
- **Special Meetings.** Special meetings may be called by stockholders holding at least 25% of the Company's outstanding shares of Common Stock who are entitled to vote at such meeting.

Changes to Incentive Programs for 2022

- **Long term incentive plan changes.** The Company's Named Executive Officers, identified in the "*Compensation Discussion and Analysis—Introduction*" on page 41, are eligible to receive annual grants of equity-based awards under the Company's long term incentive plan. For the performance period that began on January 1, 2022, the Compensation Committee included a time-based restricted stock unit component within the existing structure that will vest over a three-year period. The Compensation Committee believes that time-based restricted stock units (i) promote alignment with stockholder interests as the ultimate value received will be a function of stock price performance and (ii) help the Company to maintain competitive compensation levels and retain executive talent through a multi-year vesting schedule.

Compensation Policies and Governance Practices

The Company's culture promotes strong compensation and governance practices that support our pay-for-performance principles and closely align the executive compensation program with the interests of our stockholders.

What We Do

- ✓ Place a significant portion of the target total direct compensation for our Named Executive Officers "at risk"
 - 100% of long-term incentive compensation was performance-based for 2021 (a time-based, restricted stock unit component will be added within the existing structure for 2022)
- ✓ Mitigate compensation risk by:
 - balancing incentives between annual and long-term goals
 - tying incentives to multiple goals to reduce undue weight on any one goal
 - for annual incentive payouts, using non-financial performance factors to counterbalance financial performance goals
 - discouraging excessive focus on annual results and focusing on sustainable performance by providing significant long-term incentives
 - subjecting annual and long-term incentive plans to payment caps
 - giving Compensation Committee discretion to reduce payouts
 - performing an annual risk assessment for annual and long-term incentive plans
- ✓ Maintain stock ownership guidelines for Directors and senior officers, including increasing such guidelines for certain executive officers for 2022
- ✓ Maintain a compensation recoupment (clawback) policy covering all officers of the Company and its subsidiaries for incentive-based compensation
- ✓ Hold annual say-on-pay votes (with 92.23% support in 2021)

What We Don't Do

- ✗ Enter into employment agreements
- ✗ Offer excessive executive perquisites
- ✗ Dilute stockholder value by issuing excessive equity compensation
- ✗ Grant stock options or have outstanding options
- ✗ Reprice options or buy out underwater options without stockholder approval
- ✗ Recycle shares for future awards except under limited circumstances
- ✗ Provide golden parachute excise tax gross-ups
- ✗ Offer excessive change in control severance benefits
- ✗ Negotiate equity awards with special treatment upon a change of control
- ✗ Provide single-trigger acceleration of vesting of outstanding equity awards
- ✗ Permit Directors, officers, financial personnel, and certain other individuals to:
 - short, hedge, or pledge Company securities or
 - hold Company securities in a margin account as collateral

ELECTION OF DIRECTORS

Proposal 1 Election of Directors

Twelve Directors are to be elected at the Annual Meeting to hold office until the next annual meeting and until their respective successors are elected and qualified. (See “*Information About the Director Nominees*” on pages 8 through 15.) Directors are not permitted to stand for election after having passed his or her 75th birthday. Of the Board members standing for election, Timothy P. Cawley is the only member who is an officer of the Company.

The Corporate Governance and Nominating Committee recommends candidates for election or re-election to the Board and reviews the qualifications of possible Director candidates. When recommending to the Board the slate of Director nominees for election at the Annual Meeting, the Corporate Governance and Nominating Committee strives to maintain an appropriate balance of tenure, diversity, and skills on the Board as evidenced by the proposed slate of director nominees, which is 33.3% women and 33.3% racially and ethnically diverse (as self-reported by the Director nominees). The Corporate Governance and Nominating Committee also strives to ensure that the Board is composed of Directors who bring diverse viewpoints, perspectives, professional experiences and backgrounds, and effectively represent the long-term interests of stockholders. The Board and the Corporate Governance and Nominating Committee strongly believe that the Board and the Company benefit from having directors with diverse backgrounds, viewpoints, and experiences. The Board and the Corporate Governance and Nominating Committee believe that striking an appropriate balance between fresh perspectives and ideas and the valuable experience and familiarity contributed by longer-serving Directors is critical to a forward-looking and strategic Board. The Corporate Governance and Nominating Committee identifies candidates through a variety of means, including professional search firms, recommendations from members of the Board, suggestions from senior management, and submissions by the Company’s stockholders. When a professional search firm is used, the firm is directed to provide a diverse slate of candidates for the Board’s consideration, including, but not limited to, diverse candidates with respect to gender, race, ethnicity, nationality, and sexual orientation. (See “*The Board of Directors—Selection of Director Candidates*” on page 28 for additional information on the Director nomination process.)

Each nominee was selected by the Corporate Governance and Nominating Committee and approved by the Board for submission to the Company’s stockholders. The Company believes that all of the nominees will be able and willing to serve as Directors of the Company. All of the Directors also serve as Trustees of the Company’s subsidiary, Con Edison of New York.

Shares represented by every properly executed proxy will be voted at the Annual Meeting for or against the election of the Director nominees as specified by the stockholder giving the proxy. If one or more of the nominees is unable or unwilling to serve, the shares represented by the proxies will be voted for any substitute nominee or nominees as may be designated by the Board.

The Board recommends **FOR** Proposal No. 1

Each of the twelve Director nominees must receive a majority of the votes cast at the Annual Meeting or by proxy to be elected (meaning the number of shares voted “for” a Director nominee must exceed the number of shares voted “against” that Director nominee), subject to the Board’s policy regarding resignations by Directors who do not receive a majority of “for” votes. Abstentions and broker non-votes are voted neither “for” nor “against” and have no effect on the vote.

Information About the Director Nominees

The Board and the Corporate Governance and Nominating Committee consider the qualifications of Directors and Director candidates individually and in the broader context of the Board's overall composition and the Company's current and future needs. The Board believes that the Board, as a whole, should possess a combination of skills, professional experience, and diversity of backgrounds necessary to oversee the Company's business. The Board has adopted Corporate Governance Guidelines to assist it in exercising its responsibilities to the Company and its stockholders. In evaluating Director candidates and considering incumbent Directors for renomination to the Board, the Board and the Corporate Governance and Nominating Committee consider various factors. Pursuant to the Guidelines, the Corporate Governance and Nominating Committee reviews with the Board factors relating to the composition of the Board (including its size and structure), the diversity of the Board (including, but not limited to, diversity of gender, race, ethnicity, nationality, and sexual orientation), and the skills and characteristics of Director nominees, including independence, integrity, judgment, business experience, areas of expertise, and availability for service to assure that the Board contains an appropriate mix of Directors to best further the Company's long-term business interests. For incumbent Directors, the Corporate Governance and Nominating Committee also considers past performance of the Director on the Board.

The current Director nominees bring to the Company the benefit of their qualifications, leadership, skills, and the diversity of their experience and backgrounds which provide the Board, as a whole, with the skills and expertise that reflect the needs of the Company. See pages 10 through 15 for information about each Director nominee, including their age as of the date of the Annual Meeting, business experience, period of service as a Director, public or investment company directorships, and other directorships.

Olivera, Michael W. Ranger, Linda S. Sanford, Deirdre Stanley, and L. Frederick Sutherland. The Board of Directors held 9 meetings in 2021. At its meetings, the Board considers a wide variety of matters involving such things as the Company's strategic planning, its financial condition and results of operations, its capital and operating budgets, personnel matters, human capital management, diversity, equity, and inclusion, sustainability, succession planning, risk management, industry issues, accounting practices and disclosure, and corporate governance practices.

In accordance with the Company's Corporate Governance Guidelines, the Chair of the Corporate Governance and Nominating Committee, Mr. Ranger, serves as independent Lead Director and, as such, chairs the executive sessions of the non-management Directors and the independent Directors. The Board routinely holds executive sessions at which only non-management Directors are present, and the independent Directors meet in executive session at least once a year. The Company's independent Directors met 3 times in executive session and the non-management Directors met 8 times in executive session during 2021.

During 2021, each member of the Board attended more than 75% of the combined meetings of the Board of Directors and the Board Committees on which he or she served during the period that he or she served. Directors are expected to attend the Annual Meeting. All of the Directors who then served on the Board attended the 2021 annual meeting of stockholders, which was held remotely due to the impact of COVID-19.

Corporate Governance

The Company's corporate governance documents, including its Corporate Governance Guidelines, the charters of the Audit, Corporate Governance and Nominating, and Management Development and Compensation Committees, and the Standards of Business Conduct, are available on the Company's website at www.conedison.com/shareholders. The Standards of Business Conduct apply to all Directors, officers, and employees. The Company intends to post on its website at www.conedison.com/shareholders amendments to its Standards of Business Conduct and a description of any waiver from a provision of the Standards of Business Conduct granted by the Board to any Director or executive officer of the Company within four business days after such amendment or waiver. To date, there have been no such waivers.

Leadership Structure

The Board consists of a majority of independent Directors. (See "*The Board of Directors—Board Members' Independence*" on page 21.) As discussed in the Corporate Governance Guidelines, the Board selects the Company's Chief Executive Officer and Chairman of the Board in the manner that it determines to be in the best interest of the Company's stockholders. Historically, the roles of the Company's Chief Executive Officer and Chairman have been combined. To promote an effective and orderly Chief Executive Officer transition, the Board determined that Mr. McAvoy would continue to serve as Chairman of the Board after his retirement as Chief Executive Officer of the Company on December 28, 2020 for a transition period. On November 18, 2021, the Board elected Mr. Cawley as Chairman of the Board, effective January 1, 2022, and Mr. McAvoy retired as Chairman of the Board effective the same day. As a result, as of January 1, 2022, the Company's leadership structure again combines the role of the Chief Executive Officer and Chairman. The Board believes that this leadership structure is appropriate for the Company due to a variety of factors, including Mr. Cawley's long-standing knowledge of the Company and the utility industry and his extensive leadership, engineering, financial and operations experience. Mr. McAvoy continued as a member of the Board and has been nominated to the Board for election at the Company's Annual Meeting.

The Board has an independent Lead Director who is the Chair of the Corporate Governance and Nominating Committee. The Corporate Governance Guidelines provide that the Lead Director: (i) acts as a liaison between the independent Directors and the Company's management; (ii) chairs the executive sessions of non-management and independent

Directors and has the authority to call additional executive sessions as appropriate; (iii) chairs Board meetings in the Chairman's absence; (iv) coordinates with the Chairman on agendas and schedules for Board meetings, information flow to the Board, and other matters pertinent to the Company and the Board; (v) is available for consultation and communication with major stockholders as appropriate; and (vi) performs such other duties assigned to the Lead Director by the Board.

Pursuant to the Company's Corporate Governance Guidelines, the Board has oversight responsibility for reviewing the Company's strategic plans, objectives, and risks, including sustainability, environmental, social, and governance matters. Each of the standing committees of the Board, other than the Executive Committee, is chaired by non-management Directors. (See "*The Board of Directors—Standing Committees of the Board*" on pages 23 through 27).

Risk Oversight

The Board's primary function is one of oversight. In connection with its oversight function, the Board oversees the Company's policies and procedures for managing risk. The Board administers its risk oversight function primarily through its Committees that report to the Board. Board Committees have assumed oversight of various risks that have been identified through the Company's enterprise risk management program. The Audit Committee reviews the Company's risk assessment and risk management policies and reports to the Board on the Company's risk management program. Management regularly provides reports to the Board and its Committees concerning risks identified through the Company's enterprise risk management program. Those risks have been assessed by the Company as important to it, and are reported to the Board on a regular cadence. Among those risks, cybersecurity has been identified as a key enterprise risk for the Company. An annual presentation on cybersecurity risks is provided to the Board and the Audit Committee reviews more in-depth cybersecurity matters on a semi-annual basis.

Corporate Sustainability

The Company is firmly committed to sustainability, which is broadly overseen by the Board. The Board reviews and discusses various sustainability topics throughout the year and routinely considers environmental issues (including climate change) and assesses how they impact the Company's operations, strategies and risk profile. In 2021, the Board received reports or presentations on several sustainability and climate change-related topics, including the Con Edison of New York Climate Change Adaptation and Resiliency Plan, the Company's clean energy goals and clean energy commitment, the Company's climate resilience framework, the Company's strategy for achieving a clean energy future, and the Company's renewables strategy. In addition, the Board has delegated to the appropriate committees responsibility for the specific sustainability categories relating to the oversight of risks with which such committees are charged. The Safety, Environment, Operations and Sustainability Committee oversees the Company's efforts relating to corporate responsibility and sustainability, which includes, but is not limited to, operating in a safe, environmentally sensitive and socially responsible manner, guarding the health and safety of Company employees and the public, delivering value to customers and fostering growth to meet the expectations of investors. The Safety, Environment, Operations and Sustainability Committee reviews the Company's Annual Sustainability Report prior to its publication. In discharging its responsibilities, the Safety, Environment, Operations and Sustainability Committee reviews, at each of its meetings, certain key performance indicators relating to climate risk, including energy efficiency, dielectric fluid management, SF₆ (sulfur hexafluoride) greenhouse gas emissions, environmental beneficial electrification, and solar connections. In 2021, the Safety, Environment, Operations and Sustainability Committee also reviewed and discussed presentations on energy efficiency, ESG and climate change developments, and CO₂ emissions indicators. The Corporate Governance and Nominating Committee is charged with oversight of governance matters and in 2021 reviewed and discussed general governance matters. The Management, Development, and Compensation Committee's responsibilities include oversight of sustainability matters relating to human capital management. The Management, Development, and Compensation Committee annually reviews performance results as well as proposed performance indicators for the following year. Committees not specifically tasked with oversight of sustainability also periodically review matters related to sustainability, as appropriate. As part of its review of strategy and financial plans, the Finance Committee considers the financial sustainability of the Company.

Human Capital

Board Oversight of Human Capital Management

The Management Development and Compensation Committee's responsibilities include oversight of the Company's policies and strategies relating to talent development and human capital management, including diversity, equity and inclusion. The gender, racial, and ethnic composition of the workforce as compared to upper management and officers as of the end of 2021 is set forth in the bar charts below.

The Company places a high priority on developing high-potential employees and preparing them to take on increasing responsibility. The Company maintains a comprehensive, formal process for identifying, assessing and developing a diverse slate of internal candidates to assume senior roles in the organization in the future. Its succession planning and development processes are integrated and focused on learning through experiences, leadership commitment, and targeted executive development. The Company believes that having a leadership team with varied backgrounds, experiences and leadership styles offers many advantages to the business. Therefore, the Company is intentional about identifying and developing its high potential women and people of color to ensure a diverse and talented group of enterprise leaders. Development plans are reviewed and updated annually. Succession planning and development processes apply to all upper management positions, including officer positions. The Chief Executive Officer annually reviews his succession plan with the Board. The Board is committed to diversity and directs any search firm retained in connection with Chief Executive Officer succession planning to provide a diverse slate of candidates for the Board's consideration.

The charts below set forth the gender and racial composition of the total workforce and upper management and officers compared to annual promotions as of the end of 2021.

Diversity, Equity, and Inclusion

The Company strives to have a diverse and inclusive workforce that reflects the communities it serves. The Company believes that a diverse and inclusive workforce where everyone can contribute their full talents and potential enables a stronger and higher performing organization. A comprehensive diversity, equity, and inclusion strategy underlies the Company's corporate culture, informing how employees engage with one another and laying the foundation for a respectful and inclusive environment. The Company's diversity, equity, and inclusion strategy focuses on four priorities that demonstrate the value it places on differences across all dimensions: (i) advancing diversity, equity, and inclusion through learning; (ii) fostering a diverse, equitable, and inclusive environment; (iii) connecting diversity, equity, and inclusion throughout the Company; and (iv) communicating and engaging with employees. In 2021, the Company added a diversity, equity, and inclusion metric to its long term incentive plan.

In response to the racial and social unrest of 2020, the Company developed a Corporate Diversity, Equity & Inclusion Action Plan to sharpen its focus on equity, diversity, fairness, and respect throughout the Company. The 14-point Action Plan is based on data-driven change and culture transformation. In 2021, the Diversity & Inclusion Task Force developed recommendations to strengthen the Company's systems, policies, and procedures, and address any barriers to diversity, equity, and inclusion.

In 2021, to further strengthen the Company's commitment to the values and outcomes of diversity and inclusiveness, it conducted a Culture of Inclusion Survey. The goal of the survey was to gain insights, through the voice of the employees, into whether the Company's diversity, equity, and inclusion strategy is achieving its objective, to identify areas of progress and opportunities for improvement, and to establish a baseline for measuring the Company's performance. Employees that participated in the survey provided valuable insights into how employees from all groups experience the Company's culture, areas of strengths and areas where the Company can make even greater progress.

Employee Resource Groups

The Company's employee resource groups bring together employees with common interests and experiences. These employee resource groups actively promote inclusion and employee engagement in the workplace through objectives that align with our company values. To date, some 3,000 employees participate in at least one of the many new and longstanding employee resource groups across the Company: APACE (Asian Professional Alliance of Con Edison), BUILD (Blacks United in Leadership & Development), CapeABLE (Advocating, Belonging, Leading, Engaging – employee

resource group for employees with disabilities), CLARO (Cultivating Leadership and Actively Realizing Opportunities, inspiring Hispanic and other employees to reach their full potential), The Emerald Society – Irish Heritage, JADE (Jewish Americans for Development and Empowerment), LGBT+ Pride, Moms On It/Dads Matter, Veterans of Con Edison, and Women of Con Ed. During 2021, our employee resource groups embraced technology to create forums that kept employees connected and engaged, advanced cultural awareness, volunteered in the community, and provided outreach and career development support.

Employee Safety

The safety of employees is the Company's primary concern. In managing the business, the Company remains focused on creating a strong safety culture in which employees can perform work injury and accident free. The Company's employees are committed to implementing programs and practices that promote the right knowledge, skills, and attitudes to successfully undertake safety responsibilities, including required training for both field and office employees. To that end, the Company's Learning Center offers classes to employees covering technical courses, skills enhancement, safety, and leadership development. During 2021, employees spent over 500,000 hours in instructor-led, leadership and skill-based training. In addition to their daily job functions, employees of Con Edison of New York and Orange & Rockland are assigned to and trained on a position for emergency response that is mobilized in the event of a weather event or emergency.

Protecting Employees During the COVID-19 Pandemic

As a result of the COVID-19 pandemic, 52% of the total workforce was working remotely as of December 31, 2021. The viability of a mobile workforce was made possible by digital software and smart device capabilities that helped employees collaborate with each other and remain productive while complying with health requirements. Even as the Company continues to respond to the pandemic, the entire Con Edison of New York and Orange & Rockland workforce is available in the event of an emergency that requires on-site presence. During 2021, the Company and its subsidiaries continued to manage their operations and resources while avoiding lay-offs and furloughs and continued to recruit, interview, and hire internal and external applicants to fill positions. The Company and its subsidiaries supported employee health through regular cleaning and disinfecting of all work and common areas, promoting social distancing, requiring face coverings, and encouraging employees to work remotely whenever possible.

Despite the uncertainty and upheaval caused by COVID-19, the Company's employees continued to give their time and resources to support those in need. The Company continued to offer both virtual volunteer opportunities, and in-person opportunities, with the appropriate safety measures and in keeping with applicable public health guidelines, to serve the needs of its employees and communities. In 2021, 227 Company employees collectively volunteered 2,002 hours at various community service events and programs throughout the Company's service territory. Company employees participated in virtual volunteer events that support environmental education, including career panels, mentoring, and tutoring. Company employees were also able to volunteer in-person outdoors, distributing thousands of pounds of free fresh produce to those in need, and supporting environmental stewardship projects such as building artificial reef cages for the Hudson River, preparing teaching gardens, and beautifying local parks.

Proxy Access

The Company has implemented a proxy access framework that allows a stockholder or a group of up to 20 stockholders who have owned at least 3% of the outstanding shares of the Company for at least three years to submit nominees for up to 20% of the Board, or two nominees, whichever is greater, for inclusion in the Company's Proxy Statement and form of proxy, subject to complying with the requirements identified in the Company's By-laws.

Related Person Transactions and Policy

The Company has adopted a written policy for approval of transactions between the Company and its Directors, Director nominees, executive officers, greater-than-five-percent (5%) beneficial owners of the Company's Common Stock, and their respective immediate family members.

The policy provides that the Corporate Governance and Nominating Committee review certain transactions subject to the policy and determine whether or not to approve or ratify those transactions. In doing so, the Corporate Governance and Nominating Committee takes into account, among other factors it deems appropriate, whether the transaction is on terms that are no less favorable to the Company than terms generally available to an unaffiliated third party under the same or similar circumstances, the extent of the related person's interest in the transaction, whether the transaction would impair the independence of an otherwise independent director and the business reason for the company to enter into the transaction. Transactions are brought to the attention of the Corporate Governance and Nominating Committee by the Company. Annually and as needed, the Company distributes questionnaires to executive officers, directors and director nominees. The Company reviews the disclosures made by these individuals to identify all transactions requiring the approval. In addition, the Company distributes previously submitted disclosures to executive officers quarterly for review and requests that any and all updates be provided so that responses can be reviewed. All new transactions requiring approval following the quarterly review are identified and brought to the Corporate Governance and Nominating Committee's attention. In addition, the Board has delegated authority to the Chair of the Corporate Governance and Nominating Committee to pre-approve or ratify any transaction with a related person in which the aggregate amount involved is expected to be less than \$1.0 million per year. The Corporate Governance and Nominating Committee approved the 2021 compensation of David Sanchez, John DeLaBastide and Jennifer Ketschke on February 17, 2021, each as disclosed below. A summary of any new transactions pre-approved or ratified by the Chair is provided to the full Corporate Governance and Nominating Committee for its review in connection with a regularly scheduled committee meeting.

The Corporate Governance and Nominating Committee has considered and adopted standing pre-approvals under the policy for limited transactions with related persons. Pre-approved transactions include:

- (i) transactions where the amount involved does not exceed \$120,000 in the aggregate (other than transactions involving the issuance of Company shares);
- (ii) transactions with other companies at which a related person's only relationship is as an employee (other than an executive officer), if the amount involved is less than \$1.0 million, or two percent (2%) of such other company's consolidated gross annual revenues, whichever is greater; and
- (iii) contributions to non-profit organizations at which a related person's only relationship is as an employee (other than an executive officer) if the aggregate amount involved is less than both \$1.0 million and two percent (2%) of the organization's consolidated gross annual revenues.

David Sanchez, the brother of Robert Sanchez, President and Chief Executive Officer of Orange & Rockland, is employed by Con Edison of New York, serving as a project specialist. In 2021, he was paid approximately \$139,000. This amount includes salary and short-term incentive payments. Jennifer Ketschke, the spouse of Matthew Ketschke, President of Con Edison of New York, is employed by Con Edison of New York, serving as a project manager. In 2021, she was paid approximately \$225,000. This amount includes salary and long-term and short-term incentive payments. John DeLaBastide, the brother-in-law of Lore de la Bastide, Senior Vice President—Utility Shared Services of Con Edison of New York, was employed by Con Edison of New York until March 31, 2021 and served as an assistant controller. In 2021, he was paid approximately \$143,000. This amount includes salary and long-term and short-term incentive payments. Each individual participated in other regular and customary employee benefit programs generally available to all Con Edison of New York employees. In addition, the amount of salary and incentive payments were determined in accordance with the Company's standard compensation practices applicable to similarly situated employees.

Board Members' Independence

The Company's Corporate Governance Guidelines provide that the Board of Directors consist of a majority of Directors who meet the New York Stock Exchange definition of independence, as determined by the Board in accordance with the standards described in the Guidelines below. The Board of Directors has affirmatively determined that the following Directors are "independent" as defined in the New York Stock Exchange's listing standards: John F. Killian, Karol V. Mason, Dwight A. McBride, William J. Mulrow, Armando J. Olivera, Michael W. Ranger, Linda S. Sanford, Deirdre Stanley, and L. Frederick Sutherland.

The Board monitors the independence of its members on an ongoing basis and, to assist it in making determinations of Director independence, the Board has adopted independence standards. These standards are set forth in the Company's Corporate Governance Guidelines, available on the Company's website at www.conedison.com/shareholders. Under these standards, the Board has determined that each of the following relationships is categorically immaterial and therefore, by itself, does not preclude a Director from being independent:

- (i) (a) the Director has an immediate family member who is a current employee of the Company's internal or external auditor, but the immediate family member does not personally work on the Company's audit; or (b) the Director or an immediate family member was, within the last three years, a partner or employee of such a firm but no longer works at the firm and did not personally work on the Company's audit within that time;
- (ii) the Director or an immediate family member is, or has been within the last three years, employed at another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee, but the Director or the Director's immediate family member is not an executive officer of the other company and his or her compensation is not determined or reviewed by that company's compensation committee;
- (iii) the Director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in any of the last three fiscal years, but the total payments in each year were less than \$1.0 million, or two percent (2%) of such other company's consolidated gross revenues, whichever is greater;
- (iv) the Director is a partner or the owner of five percent (5%) or more of the voting stock of another company that has made payments to, or received payments from, the Company for property or services in any of the last three fiscal years, but the total payments in each year were less than \$1.0 million, or two percent (2%) of such other company's consolidated gross revenues, whichever is greater;
- (v) the Director is a partner, the owner of five percent (5%) or more of the voting stock or an executive officer of another company which is indebted to the Company, or to which the Company is indebted, but the total amount of the indebtedness in each of the last three fiscal years was less than \$1.0 million, or two percent (2%) of such other company's consolidated gross revenues, whichever is greater; and
- (vi) the Director or an immediate family member is a director or an executive officer of a non-profit organization to which the Company has made contributions in any of the last three fiscal years, but the Company's total contributions to the organization in each year were less than \$1.0 million, or two percent (2%) of such organization's consolidated gross revenues, whichever is greater.

Selection of Director Candidates

The Corporate Governance and Nominating Committee reviews the skills and characteristics of Director candidates, including their independence, integrity, judgment, areas of business expertise, availability for service, and diversity (including, but not limited to, diversity of gender, race, ethnicity, nationality, and sexual orientation) and such other factors as it deems appropriate. The Company values diversity and respect within the Board, and affirms its policy of non-discrimination based on race, color, religion, creed, national origin, sex, age, marital status, sexual orientation, pregnancy, genetic information, gender identity, disability, citizenship, veteran status, or other legally protected characteristics. Director candidates are also evaluated in light of their service on other boards, as well as considerations relating to the size, structure, and needs of the Board.

The Corporate Governance and Nominating Committee has the authority under its charter to hire advisors to assist it in its decisions. The Corporate Governance and Nominating Committee identifies Director candidates through a variety of means, including: (i) professional search firms, (ii) recommendations from members of the Board, (iii) suggestions from senior management, and (iv) submissions by the Company's stockholders.

When using a professional search firm, the Corporate Governance and Nominating Committee directs the firm to include in each Director search qualified candidates who reflect diverse backgrounds, including, but not limited to, diversity of gender, race, ethnicity, nationality, and sexual orientation. The firm assists in developing criteria for potential Board members to complement the Board's existing strengths. Based on such criteria, the firm is directed to provide for review and consideration a diverse slate of candidates, including, but not limited to, diverse candidates with respect to gender, race, ethnicity, nationality, and sexual orientation. After consulting with the Corporate Governance and Nominating Committee, the firm further screens and interviews candidates as directed to determine their qualifications, interest and any potential conflicts of interest and provides its results to the Committee.

The Corporate Governance and Nominating Committee also considers candidates recommended by stockholders. There are no differences in the manner in which the Corporate Governance and Nominating Committee evaluates candidates recommended by stockholders versus those recommended through other means. The Corporate Governance and Nominating Committee makes an initial determination as to whether a particular candidate meets the Company's criteria for Board membership, and then further considers candidates that meet such criteria.

Stockholder recommendations for candidates, accompanied by biographical material for evaluation, may be sent to the Vice President and Corporate Secretary of the Company. Each recommendation should include information as to the qualifications of the candidate and should be accompanied by a written statement (presented to the Vice President and Corporate Secretary of the Company) from the suggested candidate to the effect that the candidate is willing to serve.

Compensation Consultant

Director Compensation Consultant

The Corporate Governance and Nominating Committee has retained Mercer, a wholly-owned subsidiary of Marsh & McLennan Companies, Inc., to periodically provide information, analyses, and objective advice regarding Director compensation. The Corporate Governance and Nominating Committee directs Mercer to: (i) assist it by providing competitive market information on the design of the Director compensation program; (ii) advise it on the design of the Director compensation program and also provide advice on the administration of the program; and (iii) brief it on Director compensation trends among the Company's compensation peer group and broader industry. Mercer last reviewed Director compensation in February 2022. The Board members, including the chief executive officer, consider the recommendations of the Corporate Governance and Nominating Committee. The decisions may reflect factors and considerations in addition to the information and advice provided by Mercer.

Executive Compensation Consultant

The Compensation Committee has the authority under its charter to engage the services of outside advisors, experts, and others to assist it. The Compensation Committee engages Mercer to provide information, analyses, and objective advice regarding our executive compensation program. The Compensation Committee directs Mercer to: (i) assist with the

development and assessment of the Company's compensation peer group for the purposes of providing competitive market information for the design of the executive compensation program; (ii) compare the Company's Chief Executive Officer's base salary, annual incentive, and long-term incentive compensation to that of the chief executive officers of the compensation peer group and broader industry; (iii) advise on the level of officers' base salaries, annual incentives, and long-term incentives; (iv) advise on the design of the Company's annual and long-term incentive plans and on the administration of the plans; (v) advise on executive compensation trends among the Company's compensation peer group and broader industry; and (vi) assist with the preparation of the Compensation Discussion and Analysis for this Proxy Statement.

Compensation Consultant Disclosure

Mercer's fees for executive and Director compensation consulting to the committees in 2021 were approximately \$609,700.

The Compensation Committee considered the independence of Mercer under the rules of the SEC and the listing standards of the New York Stock Exchange. The Compensation Committee concluded that the services provided by the Marsh & McLennan affiliates (other than Mercer) did not raise any conflicts of interest and did not impair Mercer's ability to provide independent advice to the Compensation Committee concerning executive or Director compensation matters.

Compensation Consultant Interlocks and Insider Participation

Deirdre Stanley (Chair), John F. Killian, Dwight A. McBride, William J. Mulrow, Michael W. Ranger, and L. Frederick Sutherland were on the Company's Compensation Committee during 2021. The Company believes that there are no interlocks with the members of the Compensation Committee.

DIRECTOR COMPENSATION

Overview

The Corporate Governance and Nominating Committee reviews Director compensation bi-annually. The Corporate Governance and Nominating Committee considers information, analyses, and objective advice regarding director compensation provided by Mercer. Director compensation is assessed relative to the Company's compensation peer group (the same group used to evaluate executive compensation), general industry trends, and the total cost of governance. The Board reviews the recommendations of the Corporate Governance and Nominating Committee when determining whether changes, if any, will be made.

No changes were made to Director compensation in 2021. In February 2022, at the request of the Corporate Governance and Nominating Committee, Mercer conducted an in-depth analysis of each element of compensation and the compensation program structure relative to the compensation peer group. Mercer's review found that the value of the annual equity award granted to non-employee Directors was below market median. Based on Mercer's findings, the Corporate Governance and Nominating Committee recommended, and the Board approved, an increase of \$10,000 to the value of the annual equity award effective April 1, 2022.

Compensation for individual Directors approximates the median of compensation for Directors in similar positions at the compensation peer group.

Elements of Compensation

In 2021, non-employee Directors were eligible to receive the following:

	Amount (\$)
Annual Retainer	115,000
Non-executive Chairman Retainer	160,000
Lead Director Retainer	35,000
Chair of Audit Committee Retainer	30,000
Member of Audit Committee Retainer (excluding the Audit Committee Chair)	15,000
Chair of Corporate Governance and Nominating Committee Retainer	15,000
Chair of Finance Committee Retainer	15,000
Chair of Management Development and Compensation Committee Retainer	20,000
Chair of the Safety, Environment, Operations and Sustainability Committee Retainer	15,000
Acting Committee Chair Fee (where the regular Chair is absent)	200
Annual Equity Award (Deferred Stock Units) ⁽¹⁾	150,000

Footnotes:

(1) Effective April 1, 2022, the value of the Annual Equity Award granted to non-employee Directors was increased from \$150,000 to \$160,000.

In 2021, the Company reimbursed non-employee Directors for reasonable expenses incurred in attending in-person Board and Committee meetings.

No person who served on both the Company Board and on the Board of its subsidiary, Con Edison of New York, and corresponding Committees, was paid additional compensation for concurrent service. Directors who are employees of the Company or its subsidiaries do not receive retainers or annual equity awards for their service on the Board.

Stock Ownership Guidelines

The Company has stock ownership guidelines for non-employee Directors which provide that, within five years of joining the Board, each Director should own, and continue to hold during his or her tenure on the Board, shares (including stock equivalents and restricted stock units) with a value (measured at the time the shares are acquired) equal to five times the annual retainer (not including committee and/or committee chair fees) paid to such Director during the previous fiscal year. As of December 31, 2021, all Directors have either exceeded their stock ownership guideline requirement or are in the five year grace period and making satisfactory progress towards meeting the requirement.

Long Term Incentive Plan

Non-employee Directors participate in the Company's long term incentive plan. Pursuant to the long term incentive plan, each non-employee Director then serving was allocated an annual equity award of \$150,000 of deferred stock units on the first business day following the 2021 Annual Meeting. If a non-employee Director is first appointed to the Board after an annual meeting, his or her first annual equity award will be prorated.

Settlement of the 2021 annual equity awards of stock units was automatically deferred until the Director's termination of service from the Board of Directors. Each non-employee Director may elect to receive some or all of his or her 2021 annual equity awards of stock units on another date or to further defer any other prior annual equity award of stock units, including any related dividend equivalents earned on such prior annual equity awards of stock units.

Each non-employee Director may also elect to defer all or a portion of his or her 2021 retainer(s) into additional deferred stock units, which are deferred until the Director's termination of service.

Dividend equivalents are payable on 2021 deferred stock units in the amount and at the time that dividends are paid on Company Common Stock and are credited in the form of additional deferred stock units which are fully vested as of the date the dividends would have been paid to the Director or, at the Director's option, are paid in cash.

All payments on account of deferred stock units will be made in shares of Company Common Stock. The long term incentive plan provides that cash compensation deferred into stock units, annual equity awards, and dividend equivalents granted to non-employee Directors that are credited in the form of additional deferred stock units, are fully vested, and payable in a single one-time payment of whole shares (rounded to the nearest whole share) within 60 days following separation from Board service, unless the Director has elected to defer distribution to another date.

Stock Purchase Plan

Directors are eligible to participate in the stock purchase plan, which is described in Note O to the financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2021.

INDEPENDENT ACCOUNTANTS RATIFICATION

Proposal No. 2 Ratification of the Appointment of Independent Accountants

At the Annual Meeting, as a matter of sound corporate governance, stockholders will be asked to ratify the Audit Committee's appointment of PricewaterhouseCoopers LLP ("PwC") as independent accountants for the Company for 2022. If the appointment of PwC is not ratified, the Audit Committee will take this into consideration in the future appointment of independent accountants.

PwC has acted as independent accountants for the Company for many years. The Audit Committee considered PwC's qualifications in determining whether to appoint PwC as independent accountants for 2022. The Audit Committee reviewed PwC's performance, as well as PwC's reputation for integrity and for competence in the fields of accounting and auditing. The Audit Committee also reviewed a report provided by PwC regarding its quality controls, inquiries or investigations by governmental or professional authorities and independence. (See "*Audit Committee Matters*" on page 38.) Based on this review, the Audit Committee believes that the appointment of PwC as independent accountants for the Company for 2022 is in the best interests of the Company and its stockholders. Representatives of PwC will be present at the Annual Meeting and will be afforded the opportunity to make a statement if they desire to do so and to respond to appropriate questions.

The Board recommends **FOR** Proposal No. 2

Ratification of Proposal No. 2 requires the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting or by proxy. Abstentions are voted neither "for" nor "against," and have no effect on the vote.

The Audit Committee has discussed with PwC its independence and qualifications. The Audit Committee also considered whether PwC's provision of limited tax and non-audit services to the Company is compatible with PwC's independence and concluded that it was.

Based on the Audit Committee's review and discussions, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2021 for filing with the Securities and Exchange Commission.

ADVISORY VOTE

Proposal No. 3 Advisory Vote to Approve Named Executive Officer Compensation

The Company values the opinions of its stockholders, and in accordance with Section 14A of the Securities Exchange Act of 1934, the stockholders have the opportunity to approve, on an advisory basis, the compensation of the Named Executive Officers (commonly referred to as a “say-on-pay” vote) as disclosed in the Compensation Discussion and Analysis (“CD&A”) section of this Proxy Statement, the related compensation disclosure tables, and the narrative discussion that accompanies the compensation disclosure tables on pages 40 through 81, Appendix A and Appendix B. The Company currently conducts such votes annually. The Board recommends that the stockholders vote to approve, on an advisory basis, the compensation of the Named Executive Officers. In 2021, the Company held a say-on-pay vote and 92.23% of the shares voted were voted “for” the proposal. Following this year’s say-on-pay vote, the next such vote will be at the Company’s 2023 annual meeting of stockholders.

As discussed in the CD&A, the Company’s executive compensation program is designed to assist in attracting and retaining key executives critical to its long-term success, to motivate these executives to create value for its stockholders, and to provide safe, reliable, and efficient service for its customers. The Management Development and Compensation Committee (the “Compensation Committee”), with the assistance of its independent compensation consultant, seeks to provide base salary and performance-based compensation, including target annual cash incentive compensation and target long-term equity-based incentive compensation, that are competitive with the median level of compensation provided by the Company’s compensation peer group to effectively link pay with performance.

The Compensation Committee believes that performance-based compensation should represent the most significant portion of each Named Executive Officer’s target total direct compensation and that most of the performance-based compensation should be in the form of long-term, rather than annual, incentives to emphasize the importance of sustained Company performance. Each year, the Compensation Committee evaluates the level of compensation, the mix of base salary, performance-based compensation and retirement, and welfare benefits provided to each Named Executive Officer.

The Compensation Committee chooses performance goals under the annual incentive plan and the long term incentive plan to support the Company’s short- and long-term business plans and strategies. In setting targets for the short- and long-term performance goals, the Compensation Committee considers the Company’s annual and long-term business plans and certain other factors, including pay-for-performance alignment, economic and industry conditions, and the practices of the compensation peer group. The Compensation Committee sets challenging, but achievable, goals for the Company and its executives to drive the achievement of short- and long-term objectives.

For the reasons indicated and more fully discussed in the CD&A, the Board recommends that the stockholders vote in favor of the following advisory resolution:

“RESOLVED, That the compensation paid to the Company’s Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables, and narrative discussion that accompany the compensation disclosure tables is hereby approved.”

The Board recommends **FOR** Proposal No. 3

Approval of Proposal No. 3 requires the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting or by proxy. Abstentions and broker non-votes are voted neither “for” nor “against,” and have no effect on the vote.

As an advisory vote, Proposal No. 3 is not binding on the Company, the Board, or the Compensation Committee. However, the Company, the Board, and the Compensation Committee will consider the voting results when making future compensation decisions for the Named Executive Officers.

Introduction

This section of the Proxy Statement provides an overview of the Company's 2021 executive compensation program (the "executive compensation program") and an analysis of the decisions made with respect to the compensation of the Company's Chief Executive Officer and Chief Financial Officer, as well as three other most highly compensated executive officers serving at the end of the year (collectively, these officers are referred to as Named Executive Officers. The executive compensation program covers the Company's Named Executive Officers. As of December 31, 2021, the Company's Named Executive Officers were:

- Timothy P. Cawley, President and Chief Executive Officer of the Company and Chief Executive Officer of Con Edison of New York
- Robert Hoglund, Senior Vice President and Chief Financial Officer of the Company and Con Edison of New York
- Matthew Ketschke, President, Con Edison of New York
- Deneen L. Donnley, Senior Vice President and General Counsel of the Company and Con Edison of New York
- Robert Sanchez, President and Chief Executive Officer, Orange & Rockland

Executive Summary

The Company's executive compensation program is designed to attract and retain key executives critical to the Company's long-term success, to motivate these executives to create value for its stockholders, and to promote safe, reliable, and efficient service for its customers. Each year, the Management Development and Compensation Committee (the "Compensation Committee") evaluates the level of compensation, the mix of base salary, performance-based compensation, and retirement and welfare benefits provided to each Named Executive Officer. The Compensation Committee, with the assistance of its independent compensation consultant, seeks to align pay to performance and provide base salary and performance-based compensation that is competitive with the median level of compensation provided by the Company's compensation peer group companies. (See "Compensation Discussion and Analysis—Executive Compensation Philosophy and Objectives—Competitive Positioning—Attraction and Retention" on page 44 and "Compensation Discussion and Analysis—Executive Compensation Philosophy and Objectives—Competitive Positioning—Attraction and Retention—Compensation Peer Group" on page 44.) The Compensation Committee believes that performance-based compensation should represent the most significant portion of each Named Executive Officer's target total direct compensation (which includes base salary, and target annual incentive and long-term incentive compensation) to motivate strong annual and multi-year Company performance.

Features of the Executive Compensation Program

Type	Component	Objective
Performance-Based Compensation⁽¹⁾	<i>Annual Incentive Compensation</i>	Achievement of financial and operating objectives for which the Named Executive Officers have individual and collective responsibility.
	<i>Long-Term Incentive Compensation</i>	Achievement, over a three-year period, of financial and operating objectives critical to the performance of the Company's business plans and strategies. Achievement, over a three-year period, of the Company's cumulative total shareholder return relative to the Company's compensation peer group companies.
Fixed & Other Compensation	<i>Base Salary, Retirement Programs, Benefits and Perquisites</i>	Differentiate salaries based on individual responsibility and performance. Provide retirement and other benefits that reflect the competitive practices of the industry and provide limited perquisites.

Footnotes:

- (1) For the performance period beginning January 1, 2022, long-term incentive compensation for each Named Executive Officer will include a time-based, restricted stock unit component within the existing structure that will vest over a three-year period.

Compensation Governance Practices

The Company is committed to maintaining strong compensation governance practices to support the pay-for-performance philosophy of the executive compensation program and align the executive compensation program with the long-term interests of the Company's stockholders:

- **Pay Practices.** The Company has (i) no employment agreements, (ii) no golden parachute excise tax gross-ups, and (iii) no individually negotiated equity awards with special treatment upon a change of control.
- **Long-Term Incentive Compensation.** The long term incentive plan: (i) prohibits the repricing of stock options or the buyout of underwater options without stockholder approval; (ii) prohibits recycling of shares for future awards except under limited circumstances; (iii) prohibits accelerated vesting of outstanding equity awards, unless both a change in control occurs and a participant's employment is terminated under certain circumstances; and (iv) caps the maximum number of shares that may be awarded to a director, officer, or eligible employee in a calendar year. While stock options may be granted under the Company's long term incentive plan, the Company has no outstanding stock options.
- **Long-Term Incentive Mix.** For 2021, all Named Executive Officer long-term incentive compensation was performance-based. Based on proxy statements filed in 2021, over 80% of the Company's compensation peer group companies granted some form of non-performance-based long-term incentive compensation (such as time-based restricted stock) to their named executive officers. Beginning in 2022, a time-based, restricted stock unit component will be added within the existing structure. (See "Compensation Discussion and Analysis—Executive Compensation Philosophy and Objectives—Pay-for-Performance Alignment and Pay Mix" on pages 46 through 47.)
- **Risk Management.** The relevant features of the Company's compensation programs that mitigate risk are:
 - annual and long-term incentives under the Company's compensation programs appropriately balanced between annual and long-term financial performance goals that are expected to enhance stockholder value;
 - annual and long-term incentives tied to multiple performance goals to reduce undue weight on any one goal;
 - non-financial performance factors used in determining the actual payout of annual incentive compensation as a counterbalance to financial performance goals;
 - compensation programs designed to deliver a significant portion of compensation in the form of long-term incentives, discouraging excessive focus on annual results;
 - performance-based equity awards based on performance over a three-year period, focusing on sustainable performance over a three-year cycle rather than any one year; and
 - annual and long-term incentive plans that are subject to payment caps and Compensation Committee discretion to reduce payouts.
- **Stock Ownership Guidelines.** Stock ownership guidelines for the Company's directors and senior officers, including the Named Executive Officers, encourage a long-term commitment to the Company's sustained performance through stock ownership. (See "Director Compensation—Stock Ownership Guidelines" on page 33 and "Compensation Discussion and Analysis—Risk Mitigation—Stock Ownership Guidelines" on page 66.)
- **No Hedging and No Pledging.** To encourage a long-term commitment to the Company's sustained performance, the Company's Hedging and Pledging Policy and Insider Trading Policy prohibit all directors and the Named Executive Officers, respectively, from shorting, hedging, and pledging Company securities or holding Company securities in a margin account as collateral for a loan. All officers, finance department employees, employees who receive or review drafts of the Company's financial statements, employees who work in the Corporate Secretary's office, and any other employee specifically designated by the General Counsel are also covered by the Insider Trading Policy's prohibition on hedging and pledging. (See "Compensation Discussion and Analysis—Risk Mitigation—No Hedging and No Pledging" on page 66.)
- **Recoupment (Clawback) Policy.** The Company's compensation recoupment policy allows the Company to recoup excess incentive-based compensation and applies to all officers of the Company and its subsidiaries and is intended to reduce potential risks associated with its executive compensation program and align the long-term interests of officers and stockholders. (See "Compensation Discussion and Analysis—Risk Mitigation—Recoupment (Clawback) Policy" on page 67.)

Say-on-Pay

In 2021, the Company held its annual vote to approve named executive officer compensation (commonly referred to as a “say-on-pay” vote) and 92.23% of the shares voted were voted “for” the proposal. The 2021 say-on-pay voting result was consistent with the results of the prior three years where 93.40% (in 2020), 92.83% (in 2019), and 93.95% (in 2018) of the shares voted were voted “for” the proposal. Though our say-on-pay results continue to be very strong, the Company continued its year-round stockholder engagement efforts through 2021 and early 2022. An overview of what the Company heard from stockholders during its engagement efforts and how it responded with respect to executive compensation matters is described in “Year-Round, Stockholder Engagement” below.

In 2017, the Company held a stockholder vote on the frequency of future say-on-pay votes. The Board recommended holding an annual say-on-pay vote and 85% of shares voted were voted in favor of holding such a vote. The Company intends to hold an annual say-on-pay vote unless stockholders advise the Company to change the frequency of the vote at the Company’s 2023 annual meeting of stockholders.

Year-Round, Stockholder Engagement

Stockholder engagement is a key priority of the Company and the Board. The Company engages with its investors to gain valuable insight into current and emerging issues that are of interest to them, including financial and operating performance, COVID-19 impacts, regulatory and political matters, ESG reporting, corporate governance, political lobbying, Con Edison of New York’s Climate Change Adaptation and Resiliency Plan, the Company’s pursuit of net-zero-carbon-emission goals through the Company’s updated Clean Energy Commitment, and clean energy opportunities. A complete discussion of the Company’s stockholder engagement process and efforts is set forth in the section titled “*Stockholder Engagement*” on pages 30 through 31. During 2021, the Company engaged in a mostly virtual format due to COVID-19 with stockholders holding in aggregate 36% of shares outstanding. Feedback from these discussions is a key element in the development of the Company’s governance, sustainability, and executive compensation policies, as well as the ongoing evaluation of the Company’s business strategy and performance. For example, as a result of feedback received from stockholders, the Company: (i) enhanced disclosures concerning political lobbying activities, resulting in an increase in the Company’s CPA-Zicklin Index for Corporate Political Disclosure and Accountability score to 100 from 94.3; (ii) expanded diversity, equity and inclusion reporting formats through disclosure of the Company’s Federal Employee Report EEO-1 that provides further transparency on the composition of the Company’s workforce; (iii) released an updated Clean Energy Commitment; and (iv) further refined disclosures in its proxy to, among other things, provide clearer and more accessible information on human capital management. The Company will continue to seek investor input in furtherance of its commitment to enhancing its executive compensation and disclosure practices and building long-term stockholder value.

Executive Compensation Philosophy and Objectives

The Compensation Committee's philosophy and objectives governing the development and implementation of the executive compensation program are set forth in the table below. There are no material differences in the Company's compensation policies for each Named Executive Officer.

<i>Our executive compensation philosophy is to provide competitive, performance-based pay</i>	
Motivate executives to create sustainable stockholder value and promote safe, reliable, and efficient service for customers	Performance-based compensation represents the most significant portion of each Named Executive Officer's total direct compensation
Support the Company's short- and long-term business plans and strategies	Annual and long-term incentive plan awards are based on achieving financial and operating objectives critical to the Company's business plans and strategies
Reward increased shareholder value	The largest portion of executive pay is delivered in long-term incentives based in part on the Company's cumulative total shareholder return relative to the total shareholder return of the Company's compensation peers For 2021, long-term incentives were 100% performance-based ⁽¹⁾

Footnotes:

- (1) For the performance period beginning January 1, 2022, long-term incentive compensation for each Named Executive Officer will include a time-based, restricted stock unit component within the existing structure that will vest over a three-year period.

Competitive Positioning—Attraction and Retention

The executive compensation program is designed to attract and retain key executives critical to the Company's long-term success. The Compensation Committee seeks to align pay to performance and provide "target total direct compensation" (base salary, target annual cash incentives, and target long-term equity-based incentives) that is competitive with the median level of compensation provided by the Company's compensation peer group companies. The Company also seeks to provide retirement and other benefits that are competitive with those provided by the Company's compensation peer group companies and to provide limited perquisites.

Compensation Peer Group

The Compensation Committee used a compensation peer group of publicly-traded utility companies of comparable size and scope to that of the Company. The purpose of the compensation peer group is to provide benchmark information on compensation levels provided to the Company's officers and to measure relative total shareholder returns for the vesting of performance-based equity awards. The Compensation Committee annually reviews the composition of the compensation peer group companies and the impact of acquisitions. The Compensation Committee made no changes to the compensation peer group from the one used to set 2020 compensation. The Company's 2020 revenues approximated the 58th percentile of the compensation peer group.

The Company's compensation peer group consisted of the following companies:

Company Name	2020 Revenue ⁽¹⁾
	(\$ in millions)
Duke Energy Corporation	23,453

In 2021, the target total direct compensation awarded to the Named Executive Officers was competitive with the median for functionally comparable positions at the Company's compensation peer group (as disclosed in proxy statements filed in 2021).

Pay-for-Performance Alignment and Pay Mix

The Compensation Committee provides target total direct compensation to each Named Executive Officer through a combination of base salary (fixed compensation) and annual cash incentive compensation and long-term equity-based incentive compensation.

The Compensation Committee believes that fixed compensation should recognize each Named Executive Officer's individual responsibility and performance. The Compensation Committee believes that performance-based compensation should represent the most significant portion of each Named Executive Officer's target total direct compensation and that most of the performance-based compensation should be in the form of long-term, rather than annual, incentives to emphasize the importance of sustained Company performance. For 2021, 100% of each Named Executive Officer's long-term incentive compensation was performance-based. Beginning in 2022, a time-based, restricted stock unit component will be added within the existing structure.

Target annual cash incentive and target long-term equity-based incentive awards reflect the Compensation Committee's desired balance between these elements, relative to the base salary paid to each Named Executive Officer. For 2021, awards under the Company's annual incentive plan were based on the achievement of financial and operating objectives for which the Named Executive Officers have individual and collective responsibility. For 2021, awards under the Company's long term incentive plan were based on the achievement of financial and operating objectives critical to the Company's business plans and strategies and the achievement, over a three-year period, of the Company's cumulative total shareholder return relative to the total shareholder return for the Company's compensation peer group companies.

The mix of target total direct compensation for the Named Executive Officers meets the Compensation Committee's objectives by being weighted heavily toward performance-based compensation, with the largest portion delivered in long-term equity-based incentives. For 2021, the target total direct compensation mix of the Named Executive Officers was in line with that of the Company's compensation peer group companies (except that the Company did not provide non-performance-based long-term incentive compensation, such as time-based restricted stock). (See "Compensation Discussion and Analysis—Executive Compensation Philosophy and Objectives—Competitive Positioning—Attraction and Retention—Median Level Compensation" above.)

The following charts illustrate the average mix of target total direct compensation for the Company's Chief Executive Officer, Mr. Cawley, and for chief executive officers in the Company's compensation peer group companies for 2021:

The following charts illustrate the average mix of target total direct compensation for the Company's other Named Executive Officers and other named executive officers in the Company's compensation peer group companies for 2021 (see table in "Compensation Discussion and Analysis—Executive Compensation Philosophy and Objectives—Competitive Positioning—Attraction and Retention—Median Level Compensation" on page 45):

Determining Performance Goals

The Compensation Committee chooses performance goals under the annual and long-term incentive plans to support the Company's short- and long-term business plans and strategies. In setting performance goals, the Compensation Committee considers the Company's annual and long-term business plans and certain other factors, including pay-for-performance alignment, economic and industry conditions, and the pay practices of the compensation peer group companies. The Compensation Committee incentivizes performance by setting challenging, but achievable, goals for the Company and its key executives.

Role of Compensation Committee and Others in Determining Executive Compensation

Compensation Committee's Role

The role of the Compensation Committee is to establish and oversee the Company's executive compensation and retirement and welfare benefit plans and policies, administer its equity plans and annual incentive plan, and review and approve annually all compensation relating to the Named Executive Officers. The Compensation Committee determines the amount and form of compensation for each of the Named Executive Officers.

Management's Role

The Chief Executive Officer considers the following factors in making his compensation recommendations for each of the other Named Executive Officers:

- individual performance;
- contributions toward the Company's long-term performance;
- the scope of each individual's responsibilities; and
- compensation peer group company proxy statement data provided by the Compensation Committee's independent compensation consultant.

The Company's Human Resources department supports the Compensation Committee in its work.

Compensation Consultant's Role

The Compensation Committee has authority under its charter to hire advisors to assist it in its compensation decisions. It has retained Mercer as its independent compensation consultant to provide information, analyses, and objective advice regarding executive compensation. The Compensation Committee periodically meets with Mercer in executive session to discuss compensation matters. The Compensation Committee's decisions reflect factors and considerations in addition to the information and advice provided by Mercer. A discussion of Mercer's role as the Compensation Committee's independent compensation consultant is set forth in the section titled "*The Board of Directors—Compensation Consultant—Executive Compensation Consultant*" on pages 28 through 29.

Compensation Elements

Base Salary

A portion of each Named Executive Officer's annual cash compensation is paid in the form of base salary. Base salary is reviewed annually to recognize individual performance and at the time of a promotion or other change in responsibilities.

In setting base salary for the Named Executive Officers, including the Chief Executive Officer, the Compensation Committee considers various factors, including:

- recommendations from the Chief Executive Officer for each of the other Named Executive Officers;
- a general assessment of each Named Executive Officer's performance of his or her responsibilities; and
- the level of base salary compared to key executives holding equivalent positions in the Company's compensation peer group companies. (See table in "*Compensation Discussion and Analysis—Executive Compensation Philosophy and Objectives—Competitive Positioning—Attraction and Retention—Median Level Compensation*" on page 45.)

The base salary of each Named Executive Officer as of December 31, 2020 and 2021, including their individual percentage increase, is set forth in the table below.

	Base Salary as of 12/31/2020	Base Salary as of 12/31/2021	Percentage Increase
	(\$)	(\$)	(%)
Timothy P. Cawley	1,250,000	1,250,000	0
Robert Hogle	814,000	838,400	3.0
Matthew Ketschke	356,800 ⁽¹⁾	646,000	81.1
Deneen L. Donnley	612,000	630,400	3.0
Robert Sanchez	515,000	530,500	3.0

Footnotes:

- (1) Reflecting the base salary that was in effect for Mr. Ketschke as Senior Vice President, Customer Energy Solutions of Con Edison of New York. Mr. Ketschke was promoted to President of Con Edison of New York effective January 1, 2021.

Effective February 1, 2022, base salary merit increases for the Named Executive Officers as a group averaged 3.4%.

Annual Incentive Compensation

Awards

A significant portion of the annual cash incentive compensation paid to the Named Executive Officers directly relates to the Company's financial and operating performance, factors that the Compensation Committee believes influence stockholder value.

Individual performance is considered in setting annual cash incentive compensation through the establishment by the Compensation Committee of financial and operating objectives for which the Named Executive Officers have individual and collective responsibility.

Award Opportunity

The Compensation Committee set the range of the award that each Named Executive Officer was eligible to receive under the annual incentive plan after considering various factors, including:

- recommendations from the Chief Executive Officer for each of the other Named Executive Officers;
- a general assessment of each Named Executive Officer's performance of his or her responsibilities; and
- the level of annual incentive compensation compared to key executives in the Company's compensation peer group companies. (See table in "Compensation Discussion and Analysis—Executive Compensation Philosophy and Objectives—Competitive Positioning—Attraction and Retention—Median Level Compensation" on page 45.)

The range of awards included minimum, target, and maximum levels reflecting differing levels of achievement of the various financial and operating objectives. Awards are scaled to reflect relative levels of achievement of the objectives between the minimum, target, and maximum levels. The range of each Named Executive Officer's potential award is set forth in the "Grants of Plan-Based Awards Table" on page 70. Awards under the annual incentive plan are designed to provide a competitive level of compensation if the Named Executive Officers achieve the target financial and operating objectives. The Compensation Committee has discretion but did not exercise it in 2021 to adjust (upward or downward) the annual incentive award to be paid to each Named Executive Officer. Named Executive Officers may elect to defer the receipt of the cash value of the award into the Company's deferred income plan.

Diagram illustrating the formula for Award:

$$\text{BASE SALARY} \times \text{TARGET PERCENTAGE} \times \text{WEIGHTING EARNED} = \text{AWARD}$$

"Target Percentage" is a percentage of Base Salary that varies based on the Named Executive Officer's position as follows:

	Target Percentage
	(%)
Timothy P. Cawley	125
Robert Hoglund	75
Matthew Ketschke	80
Deneen L. Donnley	70
Robert Sanchez	80

Subject to actual performance relative to target, the weighting earned can vary as indicated below

Performance Metric	Weighting
Adjusted Net Income	50%
Operating Objectives	25%
Other Financial Performance	25%

Additional details from the table:

- Adjusted net income
- operating objectives
 - operating budget component for Con Edison of New York, Orange & Rockland, and Con Edison Transmission
- other financial performance
 - Adjusted Earnings Before Interest, Taxes, Depreciation, and Amortization ("Adjusted EBITDA") for the Clean Energy Businesses
 - capital budget component of other financial performance (excluding the impact of modifiers)

Weighting ranges:

- 0 to 200%
- 0 to 120%

The “*adjusted net income*” component, reflecting the financial results of the Company’s business for which its Named Executive Officers are responsible and accounting for 50% of each Named Executive Officer’s potential annual incentive

award. Performance relative to this component is shown on the “*Compensation Discussion and Analysis—Compensation Elements—Annual Incentive Compensation—Achievement of 2021 Financial and Operating Objectives*” table on page 55. Adjusted net income is not determined in accordance with generally accepted accounting principles in the United States of America (“GAAP”). Information on how the Company calculates adjusted net income is disclosed in the “Non-GAAP Financial Measures” section (on pages 10 through 12) of the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2021.

“*Company Adjusted Net Income*” consists of adjusted net income for the Company and its subsidiaries. “*Regulated Adjusted Net Income*” is the sum of Con Edison of New York’s and Orange & Rockland’s net income from ongoing operations. In all cases, adjusted net income excludes extraordinary non-recurring items identified by the Company after the applicable net income target is established and is net of the reserve that is established for the target annual incentive awards during the year-end closing. (See footnotes to the following table.) Company Adjusted Net Income and Regulated Adjusted Net Income are not determined in accordance with GAAP. Information on how the Company calculates adjusted net income is disclosed in the “*Non-GAAP Financial Measures*” section (on pages 10 through 12) of the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2021. Company Adjusted Net Income is referred to therein as “adjusted earnings.”

The following table shows the targets assigned to the “adjusted net income” component and, for each Named Executive Officer, the weighting earned based on achieving those targets.

Footnotes:

- (1) The payout relative to the adjusted net income target is interpolated for actual performance between adjusted net income minimum, target, and maximum performance.
- (2) Actual performance relative to adjusted net income target.

The Compensation Committee has also established an adjusted net income “circuit breaker” for the annual incentive plan. If actual adjusted net income for 2021 had been less than 90% of the target adjusted net income, the achievement of all other financial and operating performance measures would have been disregarded and no annual incentive awards would have been made.

The “*other financial performance*” component, reflecting the Company’s business for which its Named Executive Officers are responsible and accounting for 25% of each Named Executive Officer’s potential annual incentive award, was comprised of one or more of the budgets for Con Edison of New York, Orange & Rockland, and Con Edison Transmission, and was comprised of Adjusted EBITDA for the Clean Energy Businesses, a measure that is not determined in accordance with GAAP. See Appendix B for information on how the Company calculates Adjusted EBITDA for the Clean Energy Businesses. Performance relative to this component is shown on the “*Compensation Discussion and Analysis—Compensation Elements—Annual Incentive Compensation—Achievement of 2021 Financial and Operating Objectives*” table on page 55.

Con Edison of New York’s “other financial performance” component is allocated 10% for capital budget performance and up to 15% for operating budget performance, subject to a maximum 25% upward or downward adjustment based on the achievement of pre-established targets for 25 capital projects and programs and 12 operating and maintenance programs, respectively. The targets for the capital projects consist of completing milestones within specified budget targets, and, for the operating and maintenance programs, completing a number of units within specified per unit budget targets.

The following table shows the targets assigned to the “other financial performance” component for operating budget and, for each Named Executive Officer, the weighting earned based on achieving those targets.

Operating Objectives

The “*operating objectives*” component, reflecting the responsibilities of the Named Executive Officer and accounting for 25% of each Named Executive Officer’s potential annual incentive award, was comprised of a number of key indicators that guide Con Edison of New York, Orange & Rockland, Clean Energy Businesses, and Con Edison Transmission and support the Company’s goal of providing safe, reliable, and efficient service to customers in an environmentally sound manner. The operating objectives are directly linked to specific, pre-established, and measurable goals that are selected to encourage superior performance in four main areas:

Employee and Public Safety	We are committed to achieving a zero harm workplace. We work as a team to protect the safety of the public and each one of us.
Environment and Sustainability	We value environmental stewardship and strive to make wise and effective use of natural resources while controlling costs for our customers and creating long-term value for our stockholders.
Operational Excellence	We stand behind our work and look for new ways to excel at our jobs. We talk openly about ethical choices, follow all laws, rules, and regulations, adapt to change, and invest in the skills of our employees.
Customer Experience	We consider the customer’s point of view, make customer priorities our own, and seek to elevate the experience of doing business with us.

The Compensation Committee believes that the operating objectives support the Company’s mission and priorities – providing a workplace that allows employees to realize their full potential, providing investors with a fair return, and improving the quality of life in the communities served by the Company. Performance relative to this component is shown on the “*Compensation Discussion and Analysis—Compensation Elements—Annual Incentive Compensation—Achievement of 2021 Financial and Operating Objectives*” table on page 55.

The operating objectives achieved for Con Edison of New York, Orange & Rockland, Clean Energy Businesses and Con Edison Transmission are summarized in the table below. The operating objectives for each entity are described in detail in Appendix A to this Proxy Statement.

2021 Annual Incentive Awards

In February 2022, the Compensation Committee evaluated and determined whether the applicable financial and operating objectives were satisfied. In assessing performance against the objectives, the Compensation Committee considered actual results achieved against the specific targets associated with each objective and, based on the results, determined the 2021 annual incentive awards. The Compensation Committee did not exercise discretion to adjust (upward or downward) the annual incentive award to be paid to each Named Executive Officer.

The following table shows the calculation of the 2021 annual incentive awards for each Named Executive Officer.

Long-Term Incentive Compensation

Awards

Named Executive Officers are eligible to receive equity-based awards under the Company's long term incentive plan. The Compensation Committee determines the target long-term incentive award value for each Named Executive Officer based on various factors, including:

- recommendations from the Chief Executive Officer for each of the other Named Executive Officers;
- a general assessment of each Named Executive Officer's performance of his or her responsibilities; and
- the level of long-term incentive compensation compared to key executives in the Company's compensation peer group companies. (See table in "Compensation Discussion and Analysis—Executive Compensation Philosophy and Objectives—Competitive Positioning—Attraction and Retention—Median Level Compensation" on page 45.)

Equity Awards

It is the Compensation Committee's practice in the first quarter of each year to approve equity awards under the long term incentive plan for the Company's Named Executive Officers. The Compensation Committee's use of performance-based equity awards is intended to further reinforce the alignment of Named Executive Officer pay opportunities with stockholders' interests by directly linking pay to the achievement of strong, sustained long-term financial and operating performance.

The performance units awarded to the Named Executive Officers provide for the right to receive one share of Company Common Stock and/or a cash payment equal to the fair market value of one share of Company Common Stock for each unit awarded, subject to the satisfaction of certain pre-established long-term performance measures over the performance period. Named Executive Officers may elect to defer the receipt of the cash value of the award into the Company's deferred income plan and/or to defer the receipt of the shares. Dividends are not paid and do not accrue on the units until after the Compensation Committee has approved the results of the pre-established objectives.

2021 Performance Unit Awards

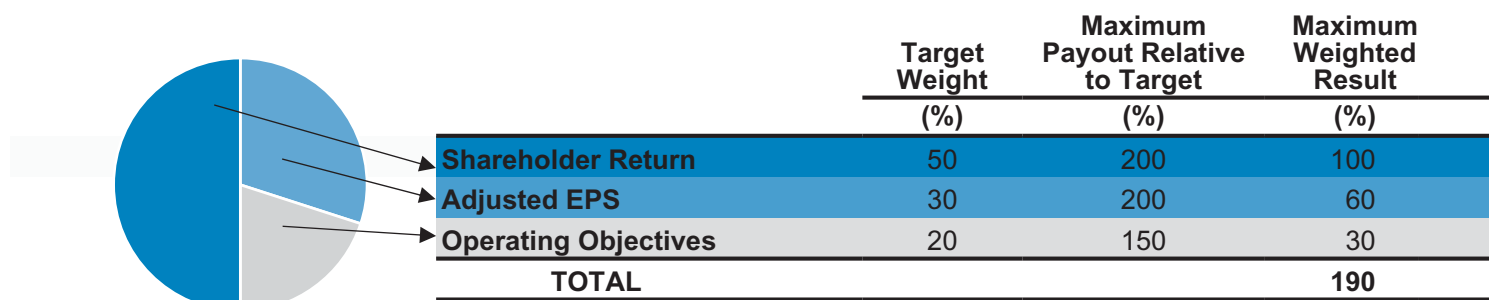

The target award of performance units awarded to each of the Named Executive Officers in 2021 for the performance period that began on January 1, 2021 and ends December 31, 2023 is shown in the table below.

	Base Salary as of January 1, 2021	X	2021 Target Award as a Percentage of Base Salary	=	2021 Target Award	÷	Share Price ⁽¹⁾	=	2021 Target Award of Performance Units (rounded)
	(\$)		(%)		(\$)		(\$)		(#)
Timothy P. Cawley	1,250,000		450		5,625,000		69.39		81,100
Robert Hoglund	814,000		200		1,628,000		69.39		23,500
Matthew Ketschke	646,000		250		1,615,000		69.39		23,500
Deneen L. Donnley	612,000		150		918,000		69.39		13,200
Robert Sanchez	515,000		200		1,030,000		69.39		14,800

Footnote:

- (1) The share price is calculated based on a weighting of 50% of the Company's stock price excluding dividends and 50% of the Total Shareholder Return. The Total Shareholder Return is calculated based on Monte Carlo Simulations which include inputs for volatility, risk-free rate of return, dividend yield, and historical share prices. Volatility is determined using daily closing stock prices over the period equal to the remaining term of the awards. The risk-free rate of return is the U.S. Department of the Treasury ("U.S. Treasury") bill rate for the length of time equal to the remaining term of the awards.

The actual number of performance units that may be awarded to each Named Executive Officer for the 2021–2023 performance period may vary, from zero to a maximum of 190% of the 2021 target award, based on the achievement of three performance measures over the performance period as shown in the chart below. The maximum payout of the 2021 performance units (if any) represents the weighted average of each of the performance measures.

The Compensation Committee (i) determines the actual weighted result at the end of the 2021–2023 performance period and (ii) may exercise negative discretion to adjust the actual performance unit awards to be paid to a Named Executive Officer. The minimum, target, and maximum number of performance units that may be awarded to the Named Executive Officers for the 2021–2023 performance period are shown in the “*Grants of Plan-Based Awards Table*” on page 70.

“*Shareholder Return.*” A 50% target weight is assigned to the cumulative change in the Company’s total shareholder return measure, set forth in the table below, compared with the Company’s compensation peer group as constituted on the date the performance units were granted in 2021. In the event that the companies in the compensation peer group change during the performance period, the Compensation Committee will use the compensation peer group as constituted on the date the performance unit awards are granted. If a company ceases to be publicly traded before the end of the performance period, that company’s total shareholder returns will not be used to calculate the total shareholder return portion of the performance unit awards. The Compensation Committee believes that total shareholder return is a performance goal that aligns executive compensation with the creation of stockholder value. The levels of performance units are earned as follows:

Shareholder Return		
	Company Percentile	Payout Relative to Target ⁽¹⁾
	Ranking	(%)
Maximum	90 th or greater	200
Target	50 th	100
Minimum	25 th	25
	Below 25 th	0

Footnote:

- (1) Interpolated for actual performance between minimum, target, and maximum performance.

“Adjusted EPS.” A 30% target weight is assigned to the Company’s three-year cumulative Adjusted EPS performance measure, set forth in the table below, that was established in the first quarter of 2021. The Compensation Committee believes that Adjusted EPS furthers the achievement of strong, sustained long-term financial performance. The levels of performance units are earned as follows:

	Three-Year Cumulative Adjusted EPS ⁽¹⁾	
	Performance Goal	Payout Relative to Target ⁽²⁾
	(\$)	(%)
Maximum	≥ 15.16	200
Target	13.54	100
Minimum	< 11.92	0

Footnotes:

- (1) Adjusted EPS is the Company’s adjusted earnings per share, which excludes the impact of certain items from net income determined in accordance with GAAP. Information on how the Company calculates Adjusted EPS is disclosed in the “Non-GAAP Financial Measures” section (on pages 10 through 12) of the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2021. Adjusted EPS is referred to therein as “adjusted earnings per share.”
- (2) Interpolated for actual performance between minimum, target, and maximum performance.

“Operating Objectives.” A 20% target weight is assigned to the Company’s operating objectives measure, set forth in the table below, that was established in the first quarter of 2021. The Compensation Committee believes that the operating objectives further long-term reliability and foster environmental sustainability. The levels of performance units are earned as follows:

Operating Objectives (5% weight for each objective below)	Performance Goals		
	Minimum	Target	Maximum
Diversity and Inclusion Work Plan	< 3	4 ⁽²⁾	5
Cyber Security Work Plan Milestones/Tasks	< 3	4 ⁽³⁾	6
Clean Energy and Electrification Work Plan Milestones/Tasks	< 2	3 ⁽³⁾	5
Growth in Renewable Portfolio (MW (AC)) ⁽¹⁾	< 238.5	477 ⁽⁴⁾	≥ 715.5
Payout Relative to Target (%)	0	100	150

Footnotes:

- (1) Payout for Growth in Renewable Portfolio is interpolated for actual performance between minimum, target, and maximum performance.
- (2) The Compensation Committee approves the annual work plan. Performance results are based on average achievement of each work plan over the three-year period. For the Diversity and Inclusion Work Plan, the target approved by the Compensation Committee for 2021 applies to the first year of the three-year performance period for the 2021 performance units.
- (3) The Compensation Committee approves the annual work plan. Performance results are based on average achievement of each work plan over the three-year period. For the Cyber Security Work Plan and the Clean Energy Electrification Work Plan, the target approved by the Compensation Committee for 2021 applies to the first year of the three-year performance period for the 2021 performance units and the second year of the three-year performance period for the 2020 performance units. For the Cyber Security Work Plan only, the target approved by the Compensation Committee for 2021 applies to the third year of the three-year performance period for the 2019 performance units.
- (4) The Compensation Committee approves annual plan levels on a three-year cumulative basis. The target approved by the Compensation Committee for 2021 applies to the first year of the three-year performance period for the 2021

performance units, the second year of the three-year performance period for the 2020 performance units, and the third year of the three-year performance period for the 2019 performance units.

For the 2021 performance period that began on January 1, 2021, the Compensation Committee added a new operating objective performance measure, the Diversity and Inclusion Work Plan. The measure reflects the Company's continuing commitment to increasing the representation of women and people of color in the Company's leadership.

Calculation of Payout of 2019 Performance Unit Awards

Following the end of the performance period for each outstanding performance unit, the Compensation Committee reviews the Company's achievement of the performance measures. The Compensation Committee evaluates and approves the Company's performance relative to target and pays out the performance units in either cash and/or shares of Company Common Stock (as elected by the Named Executive Officer), based on the attainment of the performance measures. In addition, each Named Executive Officer may elect to defer the receipt of the cash value of the performance units into the Company's deferred income plan and/or to defer the receipt of the shares.

For the 2019-2021 performance period, payouts of the performance units for each of the Named Executive Officers, except Mr. Ketschke, were calculated based on the following non-discretionary formula:

Mr. Ketschke was serving as Senior Vice President, Customer Energy Solutions at Con Edison of New York in 2019. The performance units received by Mr. Ketschke for the 2019-2021 performance period were based on a non-discretionary formula that did not include weighted results for Operating Objectives or Adjusted EPS. Mr. Ketschke's 2019-2021 performance award was based on 50% weighted result for Shareholder Return and 50% weighted result for the three-year average calculated payouts of his Annual Incentive Plan results.

The target award as a percentage of base salary and the target number of performance units awarded to each of the Named Executive Officers in 2019 for the 2019-2021 performance period are shown in the table below.

	2019 Target Award as a Percentage of Base Salary	2019 Target Award

Robert Sanchez	200	12,600

Footnotes:

- (1) Mr. Cawley was President of Con Edison of New York at the time the 2019 performance units were granted. Mr. Cawley was promoted to the position of President and Chief Executive Officer of the Company and Chief Executive Officer of Con Edison of New York effective December 29, 2020.
- (2) At the time the 2019 performance units were granted, Mr. Ketschke was a Senior Vice President, Customer Energy Solutions, of Con Edison of New York and received units on substantially the same terms that were granted to other Senior Vice Presidents of Con Edison of New York. Mr. Ketschke was promoted to the position of President of Con Edison of New York effective January 1, 2021.

- (3) Ms. Donnley was not an employee of the Company or any of its subsidiaries at the time the 2019 performance units were granted.

“Shareholder Return.” For each of the Named Executive Officers, a 50% target weight was assigned to the cumulative change in the Company’s total shareholder return measure, set forth in the table below, compared with the Company’s compensation peer group as constituted on the date the performance units were granted in 2019.

“Incentive Plan.” For Mr. Ketschke, a 50% target weighting was assigned based on the three-year average calculated payouts under the Company’s annual incentive plan for 2019, 2020, and 2021.

2019	2020	2021	Average	Target Weight	Weighted Result

[2022 Long Term Incentive Plan Changes](#)

The Company's Named Executive Officers are eligible to receive annual grants of equity-based awards under the Company's long term incentive plan. For the performance period that began on January 1, 2022, the Compensation Committee included a time-based, restricted stock unit component within the existing structure that will vest over a three-year period. The Compensation Committee believes that time-based restricted stock units (i) promote alignment with stockholder interests as the ultimate value received will be a function of stock price performance and (ii) help the Company to maintain competitive compensation levels and retain executive talent through a multi-year vesting schedule.

[Total Actual Direct Compensation](#)

The Company's executive compensation program is primarily performance based and seeks to align the performance goals with our overall business strategy and objectives. The information shown below supplements the information in the "Summary Compensation Table" on pages 68 through 69. The Summary Compensation Table includes several items that reflect accounting or actuarial assumptions rather than compensation actually received by the Named Executive Officers for the performance periods that ended on December 31, 2021. For example, the Summary Compensation Table combines pay actually received or earned (base salary and annual cash incentive awards) with the accounting value of equity compensation granted in 2021, which may be realized in the future or not at all. The Summary Compensation Table is also required to include the change in pension values that are based on actuarial assumptions and not compensation realized until retirement.

The table and bar graphs below present elements of pay that Timothy P. Cawley and the other Named Executive Officers (as a group) actually received (base salary and all other compensation) plus the gross amounts earned under the annual incentive plan for 2021, and upon the vesting of performance units for the 2019-2021 performance period, as shown in the “Option Exercises and Stock Vested Table” on page 72.

	Year	Base Salary	Annual Cash Incentive	Long-term Stock Incentives	All Other Compensation ⁽¹⁾	Total
	(#)	(\$)	(\$)	(\$)	(\$)	(\$)
Timothy P. Cawley	2021	1,250,000	1,967,200	896,750	73,092	4,187,042

Retirement and Other Benefits

The Company provides employees with a range of retirement and welfare benefits that reflect the competitive practices of the utility industry. These benefits assist the Company in attracting, retaining, and motivating employees critical to its long-term success. Named Executive Officers are eligible for retirement benefits under certain of the following Company plans depending on their date of hire and subsequent elections:

- tax-qualified defined benefit pension plan and its related non-qualified supplemental retirement income plan (collectively, the “defined benefit pension plans”) (closed to new and rehired management employees as of December 31, 2016);
- tax-qualified defined contribution pension plan and its related non-qualified defined contribution supplemental pension plan (collectively, the “defined contribution pension plans”); and
- tax-qualified savings plan and its related non-qualified deferred income plan (collectively, the “savings plans”).

Named Executive Officers are also eligible for additional benefits under the following Company plans:

- stock purchase plan; and
- health and welfare plans.

Pension Plans

The Company maintains a tax-qualified defined benefit pension plan that covers substantially all of the Company's employees, including some of the Named Executive Officers, hired before 2017. All management employees who participate in the defined benefit pension plan, including the Named Executive Officers, whose benefits are limited by the Internal Revenue Code, are eligible to participate in a non-qualified supplemental retirement income plan. The estimated pension benefits payable for those Named Executive Officers (determined on a present value basis) under the defined benefit pension plans are described in the *"Defined Benefit Pension Table"* and the narrative to the *"Defined Benefit Pension Table"* on page 74.

As required by SEC rules, the *"Change in Pension Value and Non-Qualified Deferred Compensation Earnings"* column of the *"Summary Compensation Table"* on pages 68 through 69 sets forth the year-over-year change in the actuarial present value of the accumulated pension benefits for each Named Executive Officer under the defined benefit pension plans.

The change in the actuarial present value of an accumulated pension benefit is subject to many external variables, including fluctuations in interest rates and changes in actuarial assumptions, and does not represent actual compensation paid to the Named Executive Officers in 2021. Instead, the amounts represent changes in the estimated pension benefits payable to the Named Executive Officers based on the year-over-year difference between the amounts required to be disclosed in the *"Defined Benefit Pension Table"* on page 74 as of December 31, 2021 and the amounts reported in the *"Pension Benefits Table"* in the 2021 Proxy Statement on page 74 as of December 31, 2020.

The change in the actuarial present value of the Company's President and Chief Executive Officer and Con Edison of New York's Chief Executive Officer, Mr. Cawley's, accumulated pension benefit in 2021 was \$1,500,611, which was primarily due to an additional year of service, partially offset by an increase in the assumed discount rate from 2.55% to 3.00%.

The Company also maintains, effective as of January 1, 2017, a defined contribution pension formula within the tax qualified savings plan that, following the closure of the defined benefit pension plan to new management participants, covers all new and rehired management employees of the Company. Effective January 1, 2019, the Company established a supplemental defined contribution pension formula which covers all eligible management employees whose benefits are limited by the Internal Revenue Code. All Company contributions allocated to the Named Executive Officers under the defined contribution pension formula and the supplemental defined contribution plan are included in the *"All Other Compensation"* column of the *"Summary Compensation Table"* on pages 68 through 69.

Savings Plans

The Company maintains a tax-qualified savings plan that covers substantially all of the Company's employees, including the Named Executive Officers. All management employees, including the Named Executive Officers, whose benefits under the savings plan are subject to the compensation limit in the Internal Revenue Code, are eligible to participate in a deferred income plan, a non-qualified deferred compensation plan. The Internal Revenue Code compensation limit for 2021 was \$290,000. Named Executive Officers may elect to defer a portion of their salary into the deferred income plan. The deferred income plan is described in the narrative to the *"Non-Qualified Deferred Compensation Table"* on page 76. All Company contributions allocated to the Named Executive Officers under the savings plan and credited under the deferred income plan are included in the *"All Other Compensation"* column of the *"Summary Compensation Table"* on pages 68 through 69.

Eligibility for Pension Plans and Savings Plan

The table below indicates the pension plans and savings plans that each Named Executive Officer participates in or will accumulate retirement benefits under based on date of hire and subsequent elections.

Deneen L. Donnley				•	•	•

(1) Effective January 1, 2018, Mr. Hoglund participates in the Defined Contribution Pension Formula.

Stock Purchase Plan

The stock purchase plan covers substantially all of the Company's employees, including the Named Executive Officers, and provides the opportunity to purchase shares of Company Common Stock. The stock purchase plan is described in Note O to the financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2021.

Health and Welfare Plans

Active employee benefits, such as medical, prescription drug, dental, vision, life insurance, and disability coverage, are available to substantially all employees, including the Named Executive Officers, through the Company's health and welfare benefits plans. Employees contribute toward the cost of most of the health plans by paying a portion of the premium costs on a pre-tax basis. Employees may purchase additional life insurance and disability coverage on an after-tax basis. Officers, including the Named Executive Officers, may purchase supplemental health benefits on an after-tax basis. All management employees hired prior to 2001 who receive pension benefits under the final average salary formula are eligible to receive subsidized retiree medical benefits. The Company also provides all employees with paid time-off benefits, such as vacation and sick leave.

Perquisites and Personal Benefits

The Company provides certain officers, including the Named Executive Officers, with limited perquisites that are competitive with industry practices. The Compensation Committee reviews the level of perquisites and personal benefits annually. The Company provides the following perquisites, the costs of which, if used by a Named Executive Officer in 2021, are set forth in the "All Other Compensation" column of the "Summary Compensation Table" on pages 68 through 69:

- supplemental health insurance;
- reimbursement for reasonable costs of financial planning; and
- a company vehicle and, in the case of the Chief Executive Officer, a company vehicle and driver.

Severance and Change of Control Benefits

The Company provides for the payment of severance benefits upon certain types of employment terminations. Providing severance and change of control benefits assists the Company in attracting and retaining executive talent and reduces the personal uncertainty that executives are likely to feel when considering a corporate transaction. These arrangements also provide valuable retention incentives that focus executives on completing such transactions, thus, enhancing long-term stockholder value. The compensation under the various circumstances that trigger payments or provision of benefits upon termination or a change of control was chosen to be broadly consistent with prevailing competitive practices.

Officers of the Company, including the Named Executive Officers, are provided benefits under the officers' severance program. The severance benefits payable to each Named Executive Officer are described in footnotes (2) and (3) to the "Potential Payments Upon Termination of Employment or Change of Control" table on pages 78 through 79. The estimated severance benefits that each Named Executive Officer would be entitled to receive upon a hypothetical termination of employment are set forth in the "Potential Payments Upon Termination of Employment or Change of Control" table beginning on page 78.

Risk Mitigation

Stock Ownership Guidelines

The Company has stock ownership guidelines for senior officers, including the Named Executive Officers. The stock ownership guidelines for the Company's Named Executive Officers were as follows:

	Multiple of Base Salary	Multiple of Base Salary (Effective February 1, 2022)
Timothy P. Cawley	3 ×	6x
Robert Hoglund	2 ×	3x
Matthew Ketschke	2 ×	3x
Deneen L. Donnley	1 ×	2x
Robert Sanchez	2 ×	2x

In February 2022, the Company's stock ownership guidelines for certain Named Executive Officers were increased. Officers of the Company subject to the guidelines have five years from January 1st after their appointment to one of the covered titles to achieve the guideline. Officers who are promoted to a position with a higher ownership requirement have five years from January 1st after their appointment to meet the higher guideline. The Named Executive Officers subject to revised stock ownership guidelines have until December 31, 2027 to achieve the higher guideline. In January 2022, it was determined that, as of December 31, 2021, the Named Executive Officers either met their ownership guideline or are making reasonable progress toward their guideline.

For purposes of the guidelines:

- "Stock ownership" includes the value of the officers' individually-owned shares, the value of unvested time-based restricted shares, vested performance-based restricted shares, and shares held under the Company's benefit plans. Performance-based restricted stock units do not vest until determined by the Compensation Committee.
- "Net shares" means the shares remaining after sale of shares necessary to pay the related tax liability and, if applicable, exercise price.
- While stock options may be granted under the Company's long term incentive plan, the Company has no outstanding stock options.
- The officers covered by the guidelines are expected to retain for at least one year a minimum of 25% of the net shares acquired upon exercise of stock options and 25% of the net shares acquired pursuant to all restricted stock until their holdings of Company Common Stock equal or exceed their applicable ownership guidelines.
- The one-year period is measured from the date the stock options are exercised or the restricted stock or restricted stock units vest, as applicable.

No Hedging and No Pledging

To encourage a long-term commitment to the Company's sustained performance, the Company's Hedging and Pledging Policy and Insider Trading Policy prohibit all directors and the Named Executive Officers, respectively, from shorting, hedging, and pledging Company securities or holding Company securities in a margin account as collateral for a loan. All officers, finance department employees, employees who receive or review drafts of the Company's financial statements, employees who work in the Corporate Secretary's office, and any other employee specifically designated by the General Counsel are also covered by the Insider Trading Policy's prohibition on hedging and pledging.

Recoupment (Clawback) Policy

In 2010, the Company adopted a Recoupment Policy (commonly referred to as a “clawback policy”). The Recoupment Policy allows the Company to recoup excess incentive-based compensation received by any current or former officer during the three-year period preceding the date on which the Company’s Audit Committee determines that the Company is required to prepare an accounting restatement due to the Company’s material noncompliance with any financial reporting requirement under the securities laws. The Recoupment Policy applies to the long-term incentive-based compensation awards under the Company’s long term incentive plan, and the incentive-based compensation payments made under the Company’s annual incentive plan.

Tax Deductibility of Pay

Section 162(m) of the Internal Revenue Code generally precludes a public corporation from taking a tax deduction for compensation in excess of \$1 million payable in any fiscal year to the corporation’s chief executive officer and other “covered employees,” as defined in Section 162(m). Prior to January 1, 2018, an exception to this deduction limit was available for “performance-based” compensation that was approved by stockholders and otherwise satisfied certain other requirements under Section 162(m). As a result of tax legislation enacted in December 2017, the performance-based compensation exception is no longer available to public corporations for taxable years beginning after December 31, 2017, other than pursuant to certain “legacy” compensation arrangements that were in effect on, and not materially modified after, November 2, 2017. While our executive compensation program has sought to maximize the tax deductibility of compensation payable to the Named Executive Officers to the extent permitted by law, the Compensation Committee continues to retain flexibility to make compensation decisions that are driven by market competitiveness and based on the other factors discussed in this Compensation Discussion and Analysis when necessary or appropriate (as determined by the Compensation Committee in its sole discretion) to enable the Company to continue to attract, retain, reward, and motivate its highly qualified executives.

SUMMARY COMPENSATION TABLE

The following table sets forth certain information with respect to the compensation for the Named Executive Officers for the fiscal years ended December 31, 2021, 2020, and 2019. Information for Deneen L. Donnley for fiscal year ended December 31, 2019, and information for Matthew Ketschke for the fiscal years ended December 31, 2019 and 2020, is not provided because they were not Named Executive Officers in those years.

Footnotes:

- Dividends and dividend equivalents are not paid and do not accrue on awards until after the Compensation Committee has approved the results of the pre-established objectives. Amounts shown reflect the assumptions used for the Company's financial statements. (See Note O to the financial statements in the Company's Annual Report on Form 10-K.) Actual value to be realized, if any, on awards by the Named Executive Officers will depend on the satisfaction of certain pre-established objectives, the performance of Company Common Stock, and the Named Executive Officer's continued service. The awards granted for fiscal year 2021 are set forth on the "Grants of Plan-Based Awards Table" on page 70. Based on the fair value at grant date, the following are the maximum potential values of the performance units for the 2021–2023 performance period granted under the long term incentive plan assuming maximum level of performance is achieved: Mr. Cawley \$10,547,461; Mr. Hoglund \$3,056,293; Mr. Ketschke \$3,056,293; Ms. Donnley \$1,716,726; and Mr. Sanchez \$1,924,814.
- The amounts paid were awarded under the annual incentive plan.
- Amounts do not represent actual compensation paid. Instead, the amounts represent the aggregate change in the actuarial present value for Messrs. Cawley, Ketschke, and Sanchez, and the change in account balance for Mr. Hoglund of the accumulated pension benefit based on the difference between the amounts required to be disclosed in the "Pension Benefits Table" for the year indicated and the amounts reported or that would have been reported in the "Pension Benefits Table" for the previous year.

- (4) For 2021, the amount reported in the "All Other Compensation" column for each Named Executive Officers is as follows:

The value of the items in the table are based on the aggregate incremental cost, which except for the Company provided vehicle, is the actual cost to the Company. The cost of the Company provided vehicle was determined based on the personal use of the vehicle as a percentage of total usage compared to the lease value of the vehicle. The Company did not provide above-market or preferential earnings with respect to the non-qualified deferred compensation arrangements.

- (5) As per the applicable Securities and Exchange Commission ("SEC") rules, represents, for each Named Executive Officer, the total of amounts shown for the Named Executive Officer in all other columns of the table.
- (6) To show the effect that the year-over-year change in pension value had on total compensation, this column is included to show total compensation minus the change in pension value. The amounts reported in the "Securities and Exchange Commission Total Without Change in Pension Value" column may differ substantially from the amounts reported in the "Securities and Exchange Commission Total" column required under SEC rules and are not a substitute for total compensation. The "Securities and Exchange Commission Total Without Change in Pension Value" column represents total compensation, as required under applicable SEC rules, minus the change in pension value reported in the "Change in Pension Value and Non-Qualified Deferred Compensation Earnings" column. See "Compensation Discussion and Analysis—Retirement and Other Benefits—Pension Plans" on page 64.

PENSION BENEFITS

Pension Plan Benefits

The tax-qualified defined benefit pension plan covers the Named Executive Officers hired before 2017. Employees of the Clean Energy Businesses are not eligible for the defined benefit pension plan. The defined benefit pension plan was closed to new management and rehired management employees as of December 31, 2016 and, as a result, excludes Ms. Donnley. The supplemental retirement income plan provides certain highly compensated employees, including the Named Executive Officers, whose benefits are limited by the Internal Revenue Code, with that portion of their defined benefit pension benefit that represents the difference between: (i) the amount they would have received under the defined benefit pension plan absent Internal Revenue Code limitations; and (ii) the amount actually paid from the defined benefit pension plan. All amounts under the supplemental retirement income plan are paid out of the Company's general assets.

For management employees who participate in the defined benefit pension plan and who were hired before January 1, 2001, including Messrs. Cawley, Ketschke, and Sanchez, pension benefits are based on: (i) the participant's highest average salary for 48 consecutive months within the 120 consecutive months prior to retirement ("final average salary"); (ii) the portion of final average salary in excess of the Social Security Wage Base (\$142,800 for 2021) in the year of retirement; and (iii) the participant's length of service. For purposes of the supplemental retirement income plan's final average salary formula, a participant's salary for a year is deemed to include any award under the Company's annual incentive plans paid for that year. Participants in the retirement plan's final average salary formula whose age and years of service equal 75, including Messrs. Cawley, Ketschke, and Sanchez, are entitled to an immediate or deferred lifetime annuity or a lump sum. Employees receiving retirement benefits under the final average salary formula are eligible to receive subsidized retiree medical benefits upon retirement.

For management employees who participate in the defined benefit pension plan and who were hired on or after January 1, 2001 but before January 1, 2017, including Mr. Hoglund, pension benefits are based on a cash balance formula that is expressed as a hypothetical account balance. Under the defined benefit pension plan's cash balance formula, the Company provides each participant with two allocations: (i) an allocation based on the participant's annual compensation (a compensation credit) and (ii) an allocation based on an interest percentage (an interest credit). The compensation credit percent, which can range from 4% to 7% depending on the participant's age and years of service, is applied to the participant's compensation during the quarter. In addition, a participant whose compensation exceeds the Social Security Wage Base will receive a 4% credit on the amount of his or her compensation that exceeds the Social Security Wage Base. Cash balance accounts receive a quarterly interest credit at a rate equal to one-quarter (1/4) of the annual interest rate payable on the 30-year U.S. Treasury bond, subject to a minimum annual rate of 3% and a maximum annual rate of 9%. Benefit distributions are made in the form of an immediate or deferred lifetime annuity or a lump sum payment.

Management employees hired or rehired by Con Edison of New York, Orange & Rockland, or Con Edison Transmission, on or after January 1, 2017, including Ms. Donnley, participate in the defined contribution pension formula within the savings plan. Management employees employed by Clean Energy Businesses on or after January 1, 2019 are also eligible to participate in the defined contribution pension formula within the savings plan. Until December 31, 2021, management employees covered under the cash balance formula in the defined benefit plan could have made an election to earn future retirement benefits under the defined contribution pension formula in the savings plan rather than the defined benefit pension plan. Effective January 1, 2018, after 14 years of credited service under the cash balance formula in the defined benefit plan, Mr. Hoglund made this election and his first contribution to the defined contribution pension formula in the savings plan took effect on April 1, 2018. The Company continues to provide Mr. Hoglund's cash balance account in the defined benefit pension plan with interest credits attributable to his account balance prior to January 1, 2018.

The defined contribution pension formula in the savings plan for employees of Con Edison of New York, Orange & Rockland, and Con Edison Transmission provides the same level of Company compensation credits for a participant as the cash balance formula in the defined benefit pension plan. Employees of the Clean Energy Businesses receive a fixed three percent compensation credit. Under the defined contribution pension formula in the savings plan, participating employees make their own investment elections and are responsible for their own investment results. The following table shows how the compensation credit is calculated for Mr. Heglund and Ms. Donnley.

	Crediting Rate on Compensation	Plus	Crediting Rate on Compensation Above Social Security Wage Base
Age Plus Years of Service	(%)	+	(%)
At Least 50 but less than 65	6		4
65 and Over	7		4

Defined Benefit Pension Table

The following table shows certain pension benefits information for each Named Executive Officer except Ms. Donnley as of December 31, 2021.

Footnotes:

- (1) Amounts were calculated as of December 31, 2021 using the assumptions that were used for the Company's financial statements. (See Note E to the financial statements in the Company's Annual Report on Form 10-K for material assumptions.)
- (2) As part of Mr. Heglund's employment offer in 2004, the Company agreed to provide him with an additional ten years of service to offset part of the long-term incentives forfeited upon leaving his previous employer. Five of the additional ten years of service vested on April 1, 2014 after he completed ten years of continuous employment and were credited to the supplemental retirement income plan. The remaining five years would have vested on April 1, 2019 after he completed 15 years of continuous service. However, effective January 1, 2018, after 14 years of credited service under the cash balance formula in the defined benefit plan, Mr. Heglund elected to participate in the defined contribution pension formula in the savings plan. As a result, Mr. Heglund's years of credited service under the cash balance formula were frozen effective April 1, 2018. The remaining five years of service were credited under the defined contribution pension formula in the savings plan.

NON-QUALIFIED DEFERRED COMPENSATION

Deferred Income Plan

All management employees, including the Named Executive Officers, whose benefits under the tax-qualified savings plan, described on page 64, are subject to the compensation limit in the Internal Revenue Code, are eligible to participate in a deferred income plan, a non-qualified deferred compensation plan. (The Internal Revenue Code limit for 2021 was \$290,000.) The deferred income plan permits participating employees, including the Named Executive Officers, to defer on a before-tax basis: (i) up to 50% of their base salary; (ii) all or a portion of their annual incentive award; and (iii) the cash value of any restricted stock unit awards. Under the deferred income plan, the Company credits participating employees with a Company matching contribution on that portion of their contributions that cannot be matched under the tax-qualified savings plan because of Internal Revenue Code limitations. Participants whose benefits under the defined contribution pension formula in the savings plan were subject to the compensation limits in the Internal Revenue Code in 2018, received those benefits in the deferred income plan.

Earnings on amounts contributed under the deferred income plan reflect investment in accordance with participating employees' investment elections. Deferrals and any earnings thereon are always 100% vested. Company non-elective contributions vest 100% three years after a participating employee's date of hire.

There were no above-market or preferential earnings with respect to the deferred income plan. Individuals participating in the deferred income plan may elect to receive the performance of institutionally managed funds. Participants may change their investment allocation once per calendar quarter. All amounts distributed from the deferred income plan are paid out of the Company's general assets.

Savings Plan

Employees who participate in the savings plan, including the Named Executive Officers, may contribute up to 50% of their compensation on a before-tax basis and/or an after-tax basis, into their savings plan accounts. For Messrs. Cawley, Ketschke, and Sanchez, whose pension benefit is based on the final average salary formula in the defined benefit pension plan, the Company matches 50% for each dollar contributed by participating employees on the first 6% of their regular earnings. For Mr. Hoglund and Ms. Donnley, who participate in the defined contribution pension formula in the savings plan, the Company matches 100% for each dollar contributed by such participating employees on the first 4% of their regular earnings plus an additional 50% for each dollar contributed on the next 4% of their regular earnings.

Under the defined contribution pension formula in the savings plan, the Company makes non-elective employer contributions for employees of Con Edison of New York, Orange & Rockland, and Con Edison Transmission at the same level as it would under the cash balance formula in the defined benefit pension plan. Contributions for employees of Clean Energy Businesses are fixed at 3% of eligible compensation.

Management employees who participate in the defined contribution pension formula and are subject to Internal Revenue Code limits, are eligible to participate in the supplemental defined contribution pension formula.

The cash balance formula and the defined contribution pension formula are both described in the narrative to the *"Defined Benefit Pension Table"* on page 74.

Amounts deferred under the savings plan and the deferred income plan by the Named Executive Officers are included in the *"Salary"* and *"Non-Equity Incentive Plan Compensation"* columns of the *"Summary Compensation Table"* on pages 68 through 69. Company matching contributions and non-elective contributions under the defined contribution pension formula to the Named Executive Officers under the savings plan and the deferred income plan are shown in the *"All Other Compensation"* column of the *"Summary Compensation Table"* on pages 68 through 69. Amounts realized upon vesting of stock awards that were deferred into the deferred income plan, if any, are shown on the *"Value Realized on Vesting"* column of the *"Option Exercises and Stock Vested Table"* on page 72.

POTENTIAL PAYMENTS UPON TERMINATION OF EMPLOYMENT OR CHANGE OF CONTROL

The Severance Program for Officers of the Company and its subsidiaries (the “Severance Program”) provides compensation to officers, including the Named Executive Officers, in the event of certain terminations of employment or a change of control of the Company. The amount of compensation that is potentially payable to each Named Executive Officer in each situation is listed in the table. These amounts are estimates only and do not necessarily reflect the actual amounts that would be paid to these Named Executive Officers, which would only be known at the time that they become eligible for payment. The table reflects the amount that could be payable under the Severance Program assuming such termination occurred at December 31, 2021. The price per share of Company Common Stock on December 31, 2021 was \$85.32 per share.

Footnotes:

- Assumes the compensation of Messrs. Cawley, Hoglund, Ketschke, and Sanchez, and Ms. Donnley for 2021 is as follows: (i) Mr. Cawley's base salary equal to \$1,250,000 and a target annual bonus equal to 125% of base salary; (ii) Mr. Hoglund's base salary equal to \$838,400 and a target annual bonus equal to 75% of base salary; (iii) Mr. Ketschke's base salary equal to \$646,000 and a target annual bonus equal to 80% of base salary; (iv) Ms. Donnley's base salary equal to \$630,400 and a target annual bonus equal to 70% of base salary; and (v) Mr. Sanchez's base salary equal to \$530,500 and a target annual bonus equal to 80% of base salary. Benefits and perquisites include incremental non-qualified retirement plan amounts (supplemental retirement income plan), health care cost coverage, death benefit proceeds (deferred income plan), and outplacement costs. For disclosure of the benefits payable to each Named Executive Officer upon termination of employment under the Company's: (i) qualified and non-qualified retirement plans, see the “*Defined Benefit Pension Table*” and related footnotes on page 74; and (ii) non-qualified deferred compensation plan (deferred income plan), see the “*Non-Qualified Deferred Compensation Table*” and related footnotes on pages 76 through 77.
- As per the Severance Program, the Named Executive Officer's severance benefit pursuant to a termination without “Cause” (before a Change of Control or “CIC”) is equal to: (i) a lump sum equal to any unpaid base salary and annual target bonus prorated through the termination date and any accrued vacation pay;

- (ii) a lump sum equal to the net present value of one additional year of service credit or compensation credits under the Company's retirement plans (assuming compensation at Named Executive Officer's then annual rate of base salary and target annual bonus); (iii) a lump sum equal to 1x the sum of the Named Executive Officer's then base salary and target annual bonus; (iv) one year continuation of health and life insurance coverage and one year of additional service credit toward eligibility for (but not for commencement of) retiree benefits, and (v) one year of outplacement costs.
- (3) As per the Severance Program, the Named Executive Officer's severance benefit under a termination without Cause or resignation for Good Reason (on or following CIC) is equal to the same severance benefit under a termination without Cause (before CIC) as described in footnote (2) except the amounts in clauses (ii), (iii), and (iv) are 2x instead of 1x.
- (4) Potential payments under the long term incentive plan require the occurrence of a (i) CIC and (ii) qualifying termination of employment (a "CIC Separation from Service") unless the Compensation Committee determines otherwise.
- (5) For disclosure purposes, the Compensation Committee is assumed to have taken action pursuant to the long term incentive plan to fully accelerate the vesting of target performance unit awards.
- (6) The total amounts are in addition to: (i) vested or accumulated benefits under the Company's defined benefit pension plans, 401(k) plans, and non-qualified deferred compensation plans, which are set forth in the compensation disclosure tables; (ii) benefits paid by insurance providers under life and disability insurance policies; and (iii) benefits generally available to all management employees, such as accrued vacation.

A description of the assumptions that were used in creating the table for the Named Executive Officers is as follows:

Equity Acceleration

Separation from Service

With respect to unvested time and performance-based equity awards under the long term incentive plan, in the event of a Termination, Retirement, death, or Disability, the Compensation Committee has discretion to determine the terms of the awards (including, without limitation, to accelerate the vesting of unvested awards). Unless otherwise provided by the Compensation Committee, in the event of a Retirement, death, or Disability, time and performance-based equity awards vest pro rata through the date of the event.

For the purposes of the long term incentive plan: (i) "Termination" means a resignation or discharge from employment, except death, Disability, or Retirement; (ii) "Retirement" means resignation on or after age 55 with at least five years of service; and (iii) "Disability" means an inability to work in any gainful occupation for which the person is reasonably qualified by education, training, or experience because of a sickness or injury for which the person is under doctor's care.

Change in Control

As per the long term incentive plan, in the event of a CIC Separation from Service, unvested performance-based equity awards vest pro rata, assuming targeted performance was achieved.

For purposes of the long term incentive plan, "Change in Control" has the same meaning as "Change of Control" under the Severance Program.

For purposes of the long term incentive plan, a "CIC Separation from Service" means a termination without Cause or due to a resignation for Good Reason that occurs on or before the second anniversary following the occurrence of a Change in Control.

"Cause" means the conviction of the Named Executive Officer of a felony or the entering by the Named Executive Officer of a plea of *nolo contendere* to a felony, in either case having a significant adverse effect on the business and affairs of the Company.

"Good Reason" occurs if the Named Executive Officer resigns for any of the following reasons: (i) any material decrease in base compensation; (ii) any material breach by the Company of any material provisions of the long term incentive plan; (iii) a requirement by the Company for the Named Executive Officer to be based at any office or location more than 50 miles from the location the Named Executive Officer is employed prior to the Change in Control; or (iv) the assignment of any duties materially inconsistent in any respect with the Named Executive Officer's position, authority, duties, or responsibilities.

Incremental Retirement Amounts

As per the Severance Program, the amounts relating to the incremental retirement amounts in the table are based on the net present value of one additional year of service credit under the Company's retirement plans following a termination without Cause or a resignation for Good Reason (two additional years if such termination is in connection with a Change in Control) assuming compensation at the Named Executive Officer's annual salary and target award, age 65 normal retirement, and the assumptions used to calculate lump sum benefits under the qualified retirement plan in December 2021.

The assumptions for Messrs. Cawley, Ketschke, and Sanchez include interest rates of 0.70% for the first five years, 2.55% for the next 15 years, and 3.06% thereafter (adjusted to (0.98)%, 0.84%, and 1.34%, respectively, to reflect cost of living adjustments) and the RP-2000 mortality table projected for 2021 (50% male/50% female blend).

The assumptions for Mr. Hoglund's and Ms. Donnley's retirement amount are in accordance with the applicable defined contribution pension formula within the savings plan and reflect only additional compensation credits. All amounts payable pursuant to an incremental non-qualified retirement plan are assumed to be paid as a lump sum.

Termination Without Cause or a Resignation for Good Reason

As per the Severance Program, the Named Executive Officer will receive certain benefits as described in the table if he or she is terminated by the Company for reasons other than Cause or he or she resigns for Good Reason (following a Change of Control). A termination is for Cause if it is for any of the following reasons: (i) commission of, conviction of, or the entering of a plea of *nolo contendere* to, a felony, or a misdemeanor involving moral turpitude, if such felony or misdemeanor is work-related, materially impairs the Named Executive Officer's ability to reasonably perform services for his or her employer, or results or could reasonably be expected to result in harm to the property, reputation, or business of his or her employer; (ii) willful and continued failure to substantially perform his or her duties in the course of employment with his or her employer (other than any such failure resulting from the Named Executive Officer's physical or mental incapacity) after a written demand for substantial performance is delivered to the Named Executive Officer by the Board, the Chief Executive Officer, or the Company that employs the Named Executive Officer; (iii) conduct that results or could reasonably be expected to result in harm to the property, reputation, or business of his or her employer, including a violation or material failure to comply with his or her employer's written policies or standards of conduct, including those relating to discrimination, harassment, performance of illegal or unethical activities, and ethical misconduct; (iv) refusal to follow the lawful directions of the Board, the Chief Executive Officer, or the company that employs the Named Executive Officer; (v) breach of any fiduciary duty owed to his or her employer; (vi) violation of applicable federal, state, or local law or regulation governing the business of his or her employer; (vii) violation of the drug and alcohol testing policies of his or her employer or reporting to work under the influence of alcohol or any controlled substance (other than a controlled substance that the Named Executive Officer is properly taking under a current prescription); (viii) misappropriation (or attempted misappropriation) of any assets or property of his or her employer; (ix) material breach of any written agreement between the Named Executive Officer and his or her employer; (x) resigning employment in lieu of being discharged for misconduct or (xi) any conduct that the Administrator determines to be detrimental to his or her employer.

As per the Severance Program, a resignation for Good Reason occurs if the Named Executive Officer resigns for any of the following reasons on or following a Change of Control: (i) any material decrease in base compensation (except uniform decreases affecting similarly situated employees); (ii) any material breach by the Company of any material provisions of the Severance Program; (iii) a requirement by the Company for the Named Executive Officer to be based more than 50 miles from the location the Named Executive Officer is employed prior to the Change of Control; or (iv) the assignment of any duties materially inconsistent in any respect with the Named Executive Officer's position, authority, duties, or responsibilities.

Payments Upon Termination of Employment in Connection with a Change of Control

As per the Severance Program, the Named Executive Officer will receive certain benefits as described in the table if his or her termination of employment is without Cause by the Company or he or she resigns for Good Reason following a Change of Control.

Section 280G Reduction

As per the Severance Program, in the event a Named Executive Officer receives any payment or distribution from the Company in connection with a Change of Control, he or she may be subject to certain excise taxes pursuant to Section 280G of the Internal Revenue Code. If any such payment or distribution subjects the Named Executive Officer to such taxes and the Named Executive Officer would receive a greater net after-tax amount if the payment were reduced to avoid such taxation, the aggregate present value of amounts payable to the Named Executive Officer pursuant to the Severance Program will be reduced (but not below zero) to the extent it does not trigger taxation under Section 4999 of the Internal Revenue Code.

Death Benefit

As per the Company's Deferred Income Plan, participating officers, including the Named Executive Officers, are entitled to a death benefit equal to their individual base salary. The benefits are payable in a lump sum.

COMPENSATION COMMITTEE REPORT

The Management Development and Compensation Committee of the Board of Directors of the Company has reviewed and discussed the Compensation Discussion and Analysis (the “CD&A”) for 2021 with management of the Company. Based on this review and discussion, the Committee recommended to the Board of Directors that the CD&A be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2021 and this Proxy Statement.

COMPENSATION RISK MANAGEMENT

In 2021, the Compensation Committee asked Mercer to undertake a risk assessment of the Company’s compensation programs to determine whether the Company’s compensation policies and practices for employees, generally, would reasonably be expected to have a material adverse effect on the Company’s risk management and create incentives that could lead to excessive or inappropriate risk taking by employees. The Compensation Committee also asked management to review the assessment. Based on Mercer’s risk assessment findings, with which the Compensation Committee and management concur, the Company’s compensation programs are not reasonably likely to have a material adverse effect on the Company’s risk management or create incentives that could lead to excessive or inappropriate risk taking by employees.

Among the relevant features of the Company’s compensation programs that mitigate risk are:

- a recoupment policy applicable to all Company officers with respect to incentive-based compensation;
- annual and long-term incentives under the Company’s compensation programs appropriately balanced between annual and long-term financial performance goals that are expected to enhance stockholder value;
- annual and long-term incentives tied to multiple performance goals to reduce undue weight on any one goal;
- non-financial performance factors used in determining the actual payout of annual incentive compensation as a counterbalance to financial performance goals;
- compensation programs designed to deliver a significant portion of compensation in the form of long-term incentives, discouraging excessive focus on annual results;
- performance-based equity awards based on performance over a three-year period, focusing on sustainable performance over a three-year cycle rather than any one year;
- annual and long-term incentive awards that are subject to appropriate payment caps and Compensation Committee discretion to reduce payouts; and
- share ownership guidelines that further the long-term interests of executives and stockholders, and restrictions on shorting, hedging, and pledging Company securities.

PAY RATIO

The Company is required by SEC rules to disclose the median annual total compensation of all employees of the Company (excluding the Chief Executive Officer), the annual total compensation of the Chief Executive Officer, and the ratio of these two amounts (the “pay ratio”). The pay ratio below is a reasonable estimate based on the Company’s payroll records and the methodology described below, and was calculated in a manner consistent with SEC rules. Because SEC rules for identifying the median employee and calculating the pay ratio allow companies to adopt a variety of methodologies, the pay ratio reported by other companies may not be comparable to the pay ratio reported below, as other companies may have different employment and compensation practices and may use different methodologies, exclusions, estimates, and assumptions in calculating their own pay ratios.

The Company reviewed its entire workforce (excluding the Chief Executive Officer, Timothy P. Cawley), consisting of 14,148 full- and part-time employees of the Company and its subsidiaries as of December 31, 2021. The Company’s median employee was identified by a consistently applied compensation measure using earnings as reported on Internal Revenue Service Form W-2 for 2021. In making this determination, the Company annualized the compensation of all employees hired during 2021, and did not make any cost of living adjustments. This was the same methodology used in 2017 to identify the Company’s median employee. The employee identified in 2021 is based in New York and is represented by a collective bargaining unit.

For 2021, the annual total compensation of the Company’s median employee, as calculated using Summary Compensation Table requirements, was \$132,803 and the annual total compensation of the Chief Executive Officer was \$10,342,198. The resulting pay ratio of the Chief Executive Officer’s annual total compensation to the annual total compensation of the Company’s median employee was 78 to 1.

DELINQUENT SECTION 16(A) REPORTS

Section 16(a) of the Exchange Act requires the Company’s directors and executive officers and persons who own more than ten percent of the Company’s Common Stock to file reports with the SEC of their ownership in the equity securities of the Company and its subsidiaries and of changes in that ownership. SEC regulations also require the Company to identify in this Proxy Statement any person subject to this requirement who failed to file any such report on a timely basis. To the Company’s knowledge, based solely on a review of the filed reports and written representations that no other reports are required, the Company believes that each of its directors and executive officers complied with all such filing requirements during 2021, except that (i) due to an administrative error, a January 16, 2021 Form 3 filing for Joseph A. Miller did not timely report all of his initial holdings on becoming subject to Section 16(a) and an amended Form 3 filing was made for Mr. Miller on June 16, 2021 reporting an additional 38 shares, and (ii) the Company did not timely report the 53,438 shares withheld by Mr. McAvoy to pay taxes on the distribution of his long term incentive plan shares on June 29, 2021, which was subsequently reported on a Form 4 filing on December 30, 2021.

CERTAIN INFORMATION AS TO INSURANCE AND INDEMNIFICATION

No stockholder action is required with respect to the following information that is included to fulfill the requirements of Section 726 of the Business Corporation Law of the State of New York.

Effective December 2, 2021, the Company purchased directors and officers liability insurance (“D&O Liability Insurance”) for a one-year term providing for reimbursement, with certain exclusions and deductions, to: (i) the Company and its subsidiaries for payments they make to indemnify Directors, Trustees, officers, and assistant officers of the Company and its subsidiaries, (ii) Directors, Trustees, officers, and assistant officers for losses, costs, and expenses incurred by them in actions brought against them in connection with their acts in those capacities for which they are not indemnified by the Company or its subsidiaries, and (iii) the Company and its subsidiaries for any payments they make resulting from a securities claim. The insurers are: ACE American Insurance Company, Allianz Global Risks US Insurance Company, Associated Electric & Gas Insurance Services Limited, Arch Insurance Company, Axis Insurance Company, Beazley Insurance Company, Inc., Continental Casualty Company, Endurance American Insurance Company, Endurance American Specialty Insurance Company, Everest National Insurance Company, National Union Fire Insurance Company of Pittsburgh, Pa., Travelers Casualty and Surety Company of America, U.S. Specialty Insurance Company, AXA XL Bermuda Ltd., XL Specialty Insurance Company, and Zurich-American Insurance Company. The total cost of the D&O Liability Insurance for one year from December 2, 2021 amounts to \$3,867,843. The Company also purchased from Associated Electric & Gas Insurance Services Limited, Arch Insurance Company, Axis Insurance Company, Energy Insurance Mutual, Great American Insurance Company, RLI Insurance Company, Travelers Casualty and Surety Company of America, U.S. Specialty Insurance Company, and Zurich American Insurance Company, additional insurance coverage for one year effective January 1, 2022, insuring the Directors, Trustees, officers, assistant officers, and employees of the Company and its subsidiaries and certain other parties against certain liabilities which could arise in connection with fiduciary obligations mandated by ERISA and from the administration of the employee benefit plans of the Company and its subsidiaries (“D&O Fiduciary Liability Insurance”). The cost of such coverage was \$926,491. Premiums for both D&O Liability Insurance and D&O Fiduciary Liability Insurance do not include the applicable taxes.

To reduce the environmental impact of our Annual Meeting, we are providing the Proxy Materials over the Internet. As a result, we are sending many of our stockholders a Notice of Internet Availability of Proxy Materials (the "Notice of Internet Availability") instead of a paper copy of the Proxy Materials. All stockholders receiving the Notice of Internet Availability may access the Proxy Materials over the Internet and request a paper copy of the Proxy Materials by mail. Instructions on how to access the Proxy Materials over the Internet, to vote online, and to request a paper copy may be found in the Notice of Internet Availability. In addition, the Notice of Internet Availability contains instructions on how you may request delivery of proxy materials in printed form by mail or electronically on an ongoing basis.

Can I Request A Paper Copy Of The Proxy Statement And Annual Report?

The Company's Proxy Statement and Annual Report are available on our website at www.conedison.com/shareholders. **A copy of these materials is also available without charge upon written request to the Company's Vice President and Corporate Secretary at the Company's principal executive office at 4 Irving Place, New York, New York 10003.**

I Share An Address With Another Stockholder, And We Received Only One Copy Of The Proxy Materials. How May I Obtain An Additional Copy?

We have adopted a procedure approved by the SEC called “householding.” Under this procedure, registered holders of Company Common Stock who have the same address and last name and who receive either a Notice of Internet Availability or a paper copy of the Proxy Materials in the mail will receive only one copy of the Proxy Materials, or a single envelope containing the Notice of Internet Availability, for all stockholders at that address. This consolidated method of delivery will continue unless we are notified from a stockholder at that address that individual copies are preferred. Householding allows us to realize significant cost savings and reduces the amount of duplicate information stockholders receive.

If you are a registered holder of Company Common Stock and wish to discontinue householding, please notify Computershare, the Company’s Transfer Agent and Registrar, by calling 1-800-522-5522.

If you are a beneficial holder of Company Common Stock who holds Company Common Stock through an intermediary, such as a broker, bank, or other financial institution, and wish to discontinue householding, please submit a request to Broadridge Householding Department by telephone at 1-866-540-7095 or by mail at 51 Mercedes Way, Edgewood, NY 11717.

Who Pays The Cost Of Soliciting Proxies For The Annual Meeting?

The Company will pay the expenses associated with the solicitation of proxies. The solicitation of proxies is being made by mail, telephone, the Internet, electronic transmission, or overnight delivery. The expense associated with the solicitation of proxies will include reimbursement for postage and clerical expenses to brokerage houses and other custodians, nominees, or fiduciaries for forwarding Proxy Materials and other documents to beneficial owners of stock held in their names. Morrow Sodali LLC (“Morrow”), 333 Ludlow Street, Stamford, CT 06902, has been retained to assist in the solicitation of proxies. The estimated cost of Morrow’s services is \$23,000 plus distribution costs and other costs and expenses.
