Board of Directors of  
Castle Hill Capital Partners, Inc.

We have audited the accompanying financial statements of Castle Hill Capital Partners, Inc., (a New York corporation) (the Company), which comprise the statement of financial condition as of December 31, 2015, and the related statements of operation, changes in shareholders' equity and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplementary information. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Castle Hill Capital Partners, Inc. as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The Supplementary Information has been subjected to audit procedures performed in conjunction with the audit of Castle Hill Capital Partners, Inc.'s financial statements. The Supplementary Information is the responsibility of Castle Hill Capital Partners, Inc.'s management. Our audit procedures included determining whether the Supplementary Information reconciles to the financial statements or the underlying accounting and other records, as applicable and performing procedures to test the completeness and accuracy of the information presented in the Supplementary Information. In forming our opinion on the Supplementary Information, we evaluated whether the Supplementary Information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the financial statements as a whole.
