## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Directors of  
Castle Hill Capital Partners, Inc.

### Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Castle Hill Capital Partners, Inc. (the "Company") as of December 31, 2018, and the related notes to the statement of financial condition. In our opinion, the financial statement present fairly, in all material respects, the financial position of the Company as of December 31, 2018 in conformity with accounting principles generally accepted in the United States of America.

### Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Company's auditors since 2017.

Notes to Financial Statements  
Year Ended December 31, 2018

### 1. Organization and Nature of Business

Castle Hill Capital Partners, Inc. ("the Company") is a securities broker-dealer registered with the Securities and Exchange Commission ("SEC") and a member of the Financial Industry Regulatory Authority ("FINRA") and Securities Investor Protection Corporation ("SIPC"), incorporated on September 5, 1997 in the state of New York. The Company acts as a broker-dealer and is exempt from Securities and Exchange Commission Rule 15c3-3 under paragraph (k)(2)(ii). The Company does not, and will not hold customer funds or safekeep customer securities. The Company is also registered with the Commodity Futures Trading Commission ("CFTC") and a member of the National Futures Association ("NFA"). The Company's securities transactions consist primarily of introducing customer accounts to other broker dealers. The Company is compensated for these introductions based on net revenues generated, via a commission sharing agreement. The Company also engages in Third Party Marketing of Hedge Funds for a fee, and engages in Private Placements of securities to accredited investors and institutions.

### 2. Significant Accounting Policies

**Basis of Accounting** - The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

**Cash** - The Company's cash is held principally at one financial institution and at times may exceed federally insured limits. The Company has placed these funds in a high quality institution in order to minimize risk relating to exceeding insured limits. The Company believes it is not exposed to any significant risk on cash.

**Income taxes** - The Company has elected to be taxed under the provisions of Subchapter S of the Internal Revenue Code. Under those provisions, the Company does not pay federal income taxes on its corporate income. Instead, the stockholders are liable for individual federal income taxes on their share of the Company's income, deductions, losses and credits.

**Revenue Recognition** - Revenue is recognized when earned, while expenses and losses are recognized when incurred.

**Accounts Receivable** - The Company carries its accounts receivable at cost less an allowance for doubtful accounts. On a periodic basis the Company evaluates accounts receivable and establishes an allowance for doubtful accounts, if necessary, based on a history of past bad debts and collections and current credit conditions. Accounts are written off as uncollectible on a case by case basis.

**Uncertain tax positions** - The Company has adopted the provisions of Accounting for Uncertainty in Income Taxes ("Uncertain Tax Position"). Uncertain Tax Position prescribes recognition thresholds that must be met before a tax position is recognized in the financial statements and provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. Under Uncertain Tax Position, an entity may only recognize or continue to recognize tax positions that meet a "more likely than not" threshold. The Company has evaluated its tax position for the year ended December 31, 2018, and does not expect any material adjustments to be made. The tax years 2018, 2017, 2016, and 2015, remain open to examination by the major taxing jurisdictions to which the entity is subject.

**Use of estimates** - The preparation of financial statements in conformity with GAAP requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

### 3. Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 15 to 1). At December 31, 2018 the Company had net capital of \$154,974 which was \$149,974 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 16.91%.

### 4. Indemnifications

In the normal course of its business, the entity indemnifies and guarantees certain service providers against specified potential losses in connection with their acting as an agent of, or providing services to, the entity. The maximum potential amount of future payments that the entity could be required to make under these indemnifications cannot exceed the commissions receivable from the service provider. As such, the entity believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

### 5. Operating Leases

The Company currently leases office space in New York City, located at 216 East 45th Street, with the lease term expiring on September 30, 2019. Currently the Company has four (4) employees occupying space there. Future minimum annual payments required by this lease will be \$77,595 in 2019. The Company also leases space at the Manor House in Del Ray, FL for \$1,400 per month on a month to month basis. Total rent expense for these 2 leases in 2018 was \$86,669, and looks to be 94,395 in 2019.

### 6. 401(k) and Profit Plan

The Company currently has a 401(k) & Profit Sharing Plan. The Company has no current plans for funding such Profit Sharing Plan. 401(k) contributions are made on an individual basis, and new employees are eligible after six (6) months of service.

### 7. Subsequent Events

As of February 22, 2019 the Company has conducted a subsequent review of its financial operations and has found no subsequent events.
