## For Immediate Release

### AMERICA MINERAL FIELDS ANNOUNCES CHANGE TO BOARD OF DIRECTORS

LONDON, U.K. (May 8, 2003) America Mineral Fields Inc (the "Company") today announced that Gregg Sedun has resigned from the Company's Board of Directors and as Secretary of the Company.

"Gregg has been a director of the Company since its inception and we thank him for his important contribution during the whole of the Company's life," said Bernard Vavala, Chairman, America Mineral Fields Inc.

The Board intends to fill the vacancy created by Mr. Sedun's resignation and is currently considering the qualifications of several experienced potential candidates.

America Mineral Fields' core focus is the Kolwezi cobalt/copper tailings project. The Kolwezi Project consists of two dams containing 112.8 million tonnes of oxide tailings, grading 1.49% copper and 0.32% cobalt. This resource has the potential to host one of the world's largest and lowest cost cobalt producers. At a conceptual annual output of 42,000 tonnes of copper and 7,000 tonnes of cobalt, the project would have an operating life of 38 years. Such a project would generate significant tax and foreign exchange earnings, as well as providing local employment and contributing to the revival of the DRC's copper belt infrastructure.

#### About America Mineral Fields

America Mineral Fields is an international mining company listed on the Toronto Stock Exchange under the symbol "AMZ". The Company is currently developing several mineral assets in Central Africa, including the Kolwezi cobalt/copper tailings project and the Kipushi zinc mine in the DRC, and the Cuango River diamond project in Angola. The Company's growth strategy emphasizes the creation of shareholder value through the development of world-class resources in stable or stabilizing political environments.
