Such notification shall contain the following information to the extent known to the notifying shareholder: (i) the name and address of each proposed nominee; (ii) the principal occupation of each proposed nominee; (iii) the number of shares of capital stock of the Corporation owned by each proposed nominee; (iv) the name and residence address of the notifying shareholder; (v) the number of shares of capital stock of the Corporation owned by the notifying shareholder; (vi) the number of shares of capital stock of any bank, bank holding company, savings and loan association or other depository institution owned beneficially by the nominee or by the notifying shareholder and the identities and locations of any such institutions; (vii) whether the proposed nominee has ever been convicted of or pleaded nolo contendere to any criminal offense involving dishonesty or breach of trust, filed a petition in bankruptcy or been adjudged bankrupt; and (viii) a statement regarding the nominee's compliance with Section 2.3 of the Bylaws.

Telephone (408) 947-6900 • Fax (408) 947-6910**

This statement is furnished in connection with the solicitation of proxies to be used by the Board of Directors of Heritage Commerce Corp (“Commerce Corp”) at the Annual Meeting of Shareholders of Commerce Corp to be held at Commerce Corp’s offices, 150 Almaden Boulevard, San Jose, California, on May 26, 2005, at 9:30 a.m., and at any adjournments or postponements thereof (the “Meeting”).

This Proxy Statement and the accompanying form of proxy are being mailed to shareholders on or about April 8, 2005.

A form of proxy for voting your shares at the Meeting is enclosed. Any shareholder who executes and delivers a proxy has the right to revoke it at any time before it is voted by filing with the Corporate Secretary of Commerce Corp, an instrument revoking said proxy or a duly executed proxy bearing a later date. In addition, the powers of the proxyholders will be revoked if the person executing the proxy is present at the Meeting and advises the Chairman of his or her election to vote in person. Unless revoked, all shares represented by a properly executed proxy received prior to the Meeting will be voted as specified by each shareholder in the proxy. If no specifications are given by a shareholder, then the proxy will be voted in favor of Proposal I (declassification of the Board of Directors), in favor of Proposal II (reinstatement of cumulative voting), and in favor of Proposal III (election of nominees specified), and in the discretion of the Board, on Proposal IV (such other business as may properly come before the Meeting as described below).

The proxy also confers discretionary authority to vote the shares represented thereby on any matter that was not known at the time this Proxy Statement was mailed which may properly be presented for action at the Meeting.

The enclosed proxy is being solicited by Commerce Corp’s Board of Directors and the cost of the solicitation is being borne by Commerce Corp. The principal solicitation of proxies is being made by mail, although additional solicitation may be made by telephone, email, facsimile or personal visits by directors, officers and employees of Commerce Corp and its subsidiary bank.

PURPOSE OF THE MEETING

The Meeting is being held for the following purposes:

1. To approve an amendment to the Commerce Corp Bylaws to declassify the Board of Directors so that each director would stand for re-election on an annual basis.
2. To approve an amendment to the Commerce Corp Articles of Incorporation to reinstate cumulative voting for shareholders of Commerce Corp.
3. To elect the following nominees to serve as directors of Commerce Corp for a three-year term expiring in 2008, or if Proposal I is adopted, for terms expiring at the 2006 Annual Meeting of Shareholders:

Jack W. Conner
Walter T. Kaczmarek
Charles J. Toeniskoetter
Ranson W. Webster
4. To consider and transact such other business as may properly be brought before the meeting.

VOTING SECURITIES

Shareholders of record as of the close of business on March 30, 2005 ("Record Date") will be entitled to notice of and to vote at the Meeting. As of March 30, 2005, Commerce Corp had 11,788,426 shares of common stock outstanding. Each shareholder of record is entitled to one vote, in person or by proxy, for each share held on all matters to come before the meeting.

Proposal I (declassification of the Board of Directors) and Proposal II (reinstatement of cumulative voting) require the approval of a majority of the issued and outstanding shares of common stock. In the election of directors, the four candidates receiving the highest number of votes will be elected. Abstentions and broker non-votes will be counted as present for the purpose of determining if a quorum is present. Broker non-votes occur when a nominee holding shares for a beneficial owner does not vote on a particular matter because the nominee does not have discretionary voting power with respect to that matter and has not received instructions from the beneficial owner. In accordance with the laws of the State of California: (a) with respect to Proposal I and Proposal II, broker non-votes have the same effect as a vote against such proposals, and (b) with respect to Proposal III (the election of directors), abstentions and broker non-votes are not deemed "votes cast" and accordingly, do not have the effect of votes in opposition, but they do have the practical effect of reducing the number of affirmative votes required to achieve a majority for such matter by reducing the total number of shares from which the majority is calculated.

CORPORATE GOVERNANCE

Board of Directors

Annual Meeting Attendance

All directors are expected to attend each annual meeting of Commerce Corp's shareholders, unless attendance is prevented by an emergency. All of Commerce Corp's directors who were in office at that time attended Commerce Corp's 2004 annual meeting of shareholders with the exception of Frank G. Bisceglia and James R. Blair.

Board Independence

Each of the following members of our Board of Directors has been determined by the Board to be independent under the rules of NASDAQ governing the independence of directors, as follows:

Frank G. Bisceglia
James R. Blair
Jack W. Conner
Robert T. Moles
Louis ("Lon") O. Normandin
Jack L. Peckham
Humphrey P. Polanen
Charles J. Toeniskoetter
Ranson W. Webster

Therefore, a majority of the directors are independent, as required by the rules of NASDAQ.

Contacting the Board

Shareholders may address inquiries to any of Commerce Corp's directors or the full Board by writing to the Corporate Secretary, Heritage Commerce Corp, 150 Almaden Boulevard, San Jose, California 95113-9940. Each communication from a shareholder should include the following information in order to permit shareholder status to be confirmed and to provide an address to forward a response if deemed appropriate:

- The name, mailing address and telephone number of the shareholder sending the communication;
- If the shareholder is not a record holder of our common stock, the name of the record holder of our common stock beneficially owned must be identified along with the shareholder.

Our Corporate Secretary will forward all appropriate communications to the Board or individual members of the Board specified in the communication. Our Corporate Secretary may

(but is not required to) review all correspondence addressed to the Board or any individual member of the Board, for any inappropriate correspondence more suitably directed to management. Communications may be deemed inappropriate for this purpose if it is reasonably apparent from the face of the correspondence that it relates principally to a customer dispute. Our policies regarding the handling of security holder communications were approved by a majority of our independent directors.

Nomination of Directors

Commerce Corp has a Corporate Governance and Nominating Committee. The principal duties of the Corporate Governance and Nominating Committee are described in the section of this Proxy Statement labeled “Committees of the Board of Directors of Heritage Commerce Corp – Corporate Governance and Nominating Committee” on page 18 of this Proxy Statement. The duties of the Corporate Governance and Nominating Committee include the recommendation of candidates for election to Commerce Corp's Board of Directors. The Corporate Governance and Nominating Committee met ten times during 2004. All the members of the Committee are independent under the rules of NASDAQ. The Committee has a charter which is available on Commerce Corp's website at <http://www.heritagecommercecorp.com>.

The Corporate Governance and Nominating Committee's minimum qualifications for a director are persons of high ethical character and who have both personal and professional integrity, which are consistent with the image and values of Commerce Corp. In addition, Section 2.3 of Commerce Corp's Bylaws provides that no person shall be a member of the Board of Directors who is a director, executive officer, branch manager or trustee for any unaffiliated commercial bank, savings bank, trust company, savings and loan association, building and loan association, industrial bank or credit union that is engaged in business in (i) any city, town or village in which the corporation or any affiliate or subsidiary thereof has offices, or (ii) any city, town or village adjacent to a city, town or village in which the corporation or any affiliate or subsidiary thereof has offices.

For those proposed director nominees who meet the minimum qualifications, the Corporate Governance and Nominating Committee then assesses the proposed nominee's specific qualifications, evaluates his or her independence, and considers other factors including skills, geographic location, considerations of diversity, standards of integrity and ability and willingness to commit to serving on the Board for an extended period of time and to dedicate adequate time and attention to the affairs of Commerce Corp as necessary to properly discharge his or her duties.

The Corporate Governance and Nominating Committee does not have a separate policy for consideration of any director candidates recommended by shareholders. Instead, the Corporate Governance and Nominating Committee considers any candidate meeting the requirements for nomination by a shareholder set forth in Commerce Corp's Bylaws (as well as applicable laws and regulations) in the same manner as any other director candidate. The Corporate Governance and Nominating Committee believes that requiring shareholder recommendations for director candidates to comply with the requirements for nominations in accordance with Commerce Corp's Bylaws ensures that the Corporate Governance and

Nominating Committee receives at least the minimum information necessary for it to begin an appropriate evaluation of any such director nominee.

Commerce Corp will consider director nominees recommended by shareholders who adhere to the following procedure. Commerce Corp's Bylaws provide that any shareholder must give written notice to the President of Commerce Corp of an intention to nominate a director at a shareholder meeting. Generally, notice of intention to make any nominations shall be made in writing and must be delivered or mailed to the President of Commerce Corp not less than 21 days nor more than 60 days prior to any meeting of shareholders called for the election of directors. Nominees for the Board of Directors must meet the qualifications set forth in Section 2.3 of Commerce Corp's Bylaws as noted above. The Bylaws contain additional requirements for nominations. A copy of the requirements is available upon request directed to the President, Heritage Commerce Corp, 150 Almaden Boulevard, San Jose, California 95113-9940.

The Corporate Governance and Nominating Committee's goal is to recommend candidates for the Board of Directors that bring a variety of perspectives and skill derived from high quality business and professional experience. Each candidate should be prepared to represent the best interests of all shareholders and not just one particular constituency or interest group. At the same time, the Corporate Governance and Nominating Committee and the entire Board of Directors recognize that larger numbers of directors create additional challenges and expense and believe that the recent reduction in size of the Board from fourteen to eleven members is the right size for our Board of Directors at this time.

Commerce Corp identifies new director candidates through recommendations from existing directors and through other business associates of Commerce Corp. Commerce Corp considers nominees of shareholders in the same manner as other nominees.

Of this year's nominees for director, Charles J. Toeniskoetter was elected to the Board at the 2002 Annual Meeting. Jack W. Conner and Ranson W. Webster were appointed to the Board in 2004. Walter T. Kaczmarek was appointed to the Board in 2005. Jack W. Conner was recommended by Charles J. Toeniskoetter, a non-management director. Ranson W. Webster was recommended by William J. Del Biaggio, Jr., Chairman of the Board of Commerce Corp. Walter T. Kaczmarek was recommended by one of Commerce Corp's independent directors.

Code of Ethics

Commerce Corp has adopted an Executive and Principal Financial Officers Code of Ethics governing the conduct of its Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, and Controller. Commerce Corp has posted the Executive and Principal Financial Officers Code of Ethics on its website and it may be accessed at the following address: <http://www.heritagecommercecorp.com>. Also, Commerce Corp has adopted a separate Code of Ethics which governs the conduct of all directors, officers and employees and which also may be accessed at the internet address referenced above.

PROPOSALS I AND II

AMENDMENTS TO COMMERCE CORP'S ARTICLES OF INCORPORATION AND BYLAWS

At a meeting of the Board of Directors on February 24, 2005, the Corporate Governance and Nominating Committee recommended to the Board of Directors that the Bylaws be amended to eliminate the classified structure of the Board of Directors so that all directors are elected annually. The Corporate Governance and Nominating Committee also recommended that the Articles of Incorporation be amended to reinstate cumulative voting for the election of directors. The provisions for a classified Board structure and eliminating cumulative voting were originally approved by the Board of Directors and then by the shareholders at the 2001 Annual Shareholders Meeting. During 2004 the Corporate Governance and Nominating Committee reviewed various provisions of Commerce Corp's Articles of Incorporation and Bylaws with the goal of improving Commerce Corp's corporate governance practices and conforming those practices to current best practices. In this regard the Corporate Governance and Nominating Committee also recommended to the Board of Directors that Commerce Corp redeem its shareholder rights plan, and the Board of Directors, at its February 24, 2005 meeting, approved resolutions for the redemption of Commerce Corp's shareholder rights plan. The redemption became effective on February 24, 2005. At its meeting on February 24, 2005, the Board approved resolutions to approve the foregoing amendments to the Bylaws and Articles of Incorporation. The form of the proposed amendments to the Bylaws and Articles of Incorporation are set forth in Exhibit A and Exhibit B, respectively, to the Proxy Statement.

Each of the amendments to the Articles of Incorporation and Bylaws is a separate proposal and is independent from the other. Therefore, if Commerce Corp receives sufficient votes to approve less than both of the proposed amendments to the Articles and Bylaws, only those amendments to the Articles or Bylaws approved by shareholders will be made. However, failure to obtain sufficient votes to approve one amendment will not defeat the other amendment to the extent sufficient votes are cast in their favor.

Each proposal requires the affirmative vote of at least a majority of the issued and outstanding shares of Commerce Corp's Common Stock.

These proposals are not a response to any current attempt to acquire control of Commerce Corp, or current effort by a shareholder or group of shareholders to remove any director or otherwise gain representation for any special interest of the Board of Directors.

Proposal I – Declassification of the Board of Directors

Section 2.9, paragraph (b) of Commerce Corp's Bylaws provides that the Board of Directors be divided into three classes, as nearly equal in number as possible, with members of each class serving three-year terms. To implement an annual election of all directors, Commerce Corp's Bylaws must be amended.

Section 2.9, paragraph (b) of the Bylaws also includes a provision that the vote of the holders of a majority of the outstanding shares of Commerce Corp is required to amend or repeal paragraph (b). This voting requirement was designed to protect the classified Board structure.

The Board of Directors believes that annual elections of directors will give the shareholders of Commerce Corp a greater opportunity to evaluate the performance of Commerce Corp's directors by allowing them to vote on each director annually rather than once every three years.

Proponents of classified boards of directors believe that they help maintain continuity of experience and, as a result, may assist a company in long-term strategic planning. Additionally, supporters argue that a classified board may encourage a person seeking control of a company to initiate arm's-length discussions with management and the board, who may be in a position to negotiate a higher price or more favorable terms for shareholders or to seek to prevent a takeover that the board believes is not in the best interests of shareholders.

Nevertheless, because classified board structures do not permit annual shareholder election of all directors, these structures have recently been subject to criticism from a corporate governance perspective. Opponents of classified structures believe that they limit the ability of shareholders to elect directors and exercise influence over a company and may discourage takeover proposals and proxy contests that could have the effect of increasing shareholder value. The election of directors is the primary avenue for shareholders to influence corporate governance policies and to hold management accountable for the implementation of those policies. A non-classified board structure enables shareholders to hold all directors accountable on an annual basis, rather than over a three-year period. In light of these views, a number of major corporations have determined that principles of good corporate governance dictate that all directors of a corporation should be elected annually.

The Board of Directors considered the advantages and disadvantages of the classified structure, and in reaching its determination to propose the declassification of the Board of Directors, it concluded that the benefits of a classified structure were outweighed by the following considerations:

- The Board's belief that providing Commerce Corp's shareholders with the opportunity annually to register their views on the collective performance of the Board of Directors and on each director individually will further Commerce Corp's goal of ensuring that its corporate governance policies conform to current best practices and maximize accountability to shareholders; and
- The Board's belief that, because there is no limit to the number of terms an individual may serve, the continuity and stability of the Board's membership should not be materially affected by the declassification of the Board of Directors.

Under California law, members of the Board of Directors may be removed for cause or without cause. In the case of a board of directors that is not classified, no director may be removed by the shareholders if the votes cast against such removal (or, if done by written

consent, the votes eligible to be cast by the non-consenting shareholder) would have been sufficient to elect such director if voted cumulatively at an election at which the same total number of votes were cast (or, if the action is taken by written consent, all shares entitled to vote were voted) and the entire number of directors authorized at the time of the director's most recent election were then being elected (the "Relevant Number of Directors"). In the case of classified boards, the Relevant Number of Directors is (i) the number of directors elected at the most recent Annual Meeting of shareholders or, if greater, (ii) the number sought to be removed. It should be noted that this removal provision applies equally to corporations that permit cumulative voting and to those that do not. The Bylaws are also being amended to conform to California law.

If the shareholders approve this proposal, each of the four directors who are elected this year will be elected for a one-year term that will expire next year at the 2006 Annual Meeting of Shareholders. In addition, if this proposal is adopted, any director subsequently appointed by the Board of Directors as a result of a newly-created directorship or to fill a vacancy on the Board of Directors would hold office only until the next annual meeting. Each of the incumbent directors has agreed to stand for re-election at the 2006 Annual Meeting if nominated by the Corporate Governance and Nominating Committee, and if not nominated in 2006 to resign from the Board. In addition, the majority voting requirement would no longer be necessary to protect the classified structure of the Board of Directors, the proposal would also delete such majority voting requirement in this provision of the Bylaws. The amendment to the Bylaws will become effective upon approval by the shareholders.

The Corporate Governance and Nominating Committee and the full Board of Directors of Commerce Corp have concluded that it would be in the best interests of Commerce Corp and its shareholders to declassify the Board of Directors and have unanimously approved the proposed amendment to the Bylaws attached hereto as Exhibit A.

Proposal II- Reinstatement of Cumulative Voting For Shareholders

Article VII of Commerce Corp's Articles of Incorporation provides that no holder of any class of stock of Commerce Corp shall be entitled to cumulate votes at any election of directors of Commerce Corp. To permit cumulative voting, the Articles of Incorporation must be amended. Cumulative voting entitles a shareholder to cast as many votes as there are directors to be elected multiplied by the number of shares registered in such shareholder's name. The shareholder may cast all of such votes for a single nominee or may distribute them among any two or more nominees. Under California law, shareholders of a corporation have the right to cumulative voting unless a corporation has outstanding shares listed on the New York Stock Exchange or the American Stock Exchange, or has outstanding securities qualified for trading on the NASDAQ National Market and opts out of cumulative voting by prohibiting cumulative voting in the Articles of Incorporation.

Proponents for eliminating cumulative voting believe that cumulative voting could make it possible for an individual shareholder or group of shareholders with special interests to elect one or more directors to the Board of Directors. Such a shareholder group could have goals that were inconsistent, and could conflict, with the interests and goals of the majority of Commerce

Corp's shareholders. Any director elected by such a narrow constituency could disrupt and impair the efficient functioning of the Board of Directors, which may undermine its ability to work effectively as a governing body on behalf of the common interests of all shareholders. Moreover, a director elected by cumulative voting may feel an obligation to represent the special interest groups that elected them rather than all shareholders generally.

Nevertheless, because cumulative voting allows a significant group of shareholders to elect a director or directors of its choice - safeguarding minority shareholder interests and bringing independent perspectives to board decisions - companies have received criticism from a corporate governance perspective for not promoting cumulative voting and in some cases eliminating cumulative voting. Proponents for cumulative voting believe that the minority interests of shareholders benefit from opportunities to pool votes together in order to elect one or more persons to the Board of Directors, especially when management or other insiders own significant amounts of Commerce Corp's outstanding shares. In light of these views, a number of major corporations have maintained cumulative voting rights for shareholders.

The Board of Directors considered the advantages and disadvantages of cumulative voting, and in reaching its determination to propose the reinstatement of cumulative voting it concluded that the benefits of eliminating cumulative voting were outweighed by the following considerations:

- Cumulative voting is a protection afforded minority shareholders to have a voice, or seat on the Board of Directors;
- All members of the Board of Directors have a fiduciary duty to act on behalf of the interest of all shareholders and not just the interests of a particular shareholder group or special interest group; and
- The elimination of cumulative voting could be viewed as discouraging takeover proposals and proxy contests that could have the effect of increasing shareholder value.

Subject to the approval of the shareholders, the Articles of Incorporation will be amended to give effect to the amendment approved by the shareholders at the Annual Meeting. The Amendment will be effective at such time as Commerce Corp files a Certificate of Amendment with the Secretary of State of California. It is expected that such filing will take place shortly after the date of the Annual Meeting.

The Corporate Governance and Nominating Committee and the full Board of Directors of Commerce Corp have concluded that it would be in the best interests of Commerce Corp and its shareholders to reinstate cumulative voting, and have unanimously approved the proposed amendment to the Articles of Incorporation attached hereto as Exhibit B.

PROPOSAL III

ELECTION OF DIRECTORS

The Bylaws of Commerce Corp provide that the number of directors shall not be less than 11 nor more than 21. By resolution, the Board of Directors has fixed the number of directors at 11.

The Bylaws of Commerce Corp provide the procedure for nominations and election of the Board of Directors. This procedure is printed in full in the Notice of Annual Meeting of Shareholders accompanying this Proxy Statement. Nominations not made in accordance with the procedures may be disregarded by the Chairman of the Meeting, and upon his instructions, the Inspector of Election shall disregard all votes cast for such nominees.

If the shareholders do not approve Proposal I, such directors will hold office until the Annual Meeting of 2008 and until their successors are elected and qualified. If any nominee should become unable or unwilling to serve as a director, the proxies will be voted at the Meeting for such substitute nominees as shall be designated by the Board. The Board presently has no knowledge that any of the nominees will be unable or unwilling to serve. The Commerce Corp Corporate Governance and Nominating Committee and the full Board of Directors have nominated the following persons to serve on the Board of Directors. AUDIT COMMITTEE

The members of the Audit Committee in 2004 were Anneke Dury, Louis (“Lon”) O. Normandin, Jack L. Peckham and Humphrey P. Polanen, Committee Chair. All Audit Committee members are independent as specified by NASDAQ’s listing standards.

The Audit Committee provides oversight of our financial, accounting and reporting process, our system of internal accounting and financial controls, and our compliance with related legal and regulatory requirements, the appointment, engagement, termination and oversight of our independent auditors, including conducting a review of their independency, reviewing and approving the planned scope of our annual audit, overseeing the independent auditor’s work, reviewing and pre-approving any audit and non-audit services that may be performed by them, reviewing with management and our independent auditors the adequacy of our internal financial controls, and reviewing our critical accounting policies and the application of accounting principles. Each member of the Audit Committee meets the independence criteria prescribed by applicable law and the rules of the Securities and Exchange Commission for audit committee membership and is independent within the meaning of the NASDAQ listing standards. Each Audit Committee member meets the NASDAQ’s financial knowledge requirements. The Board of Directors has determined that Mr. Jack W. Conner has: (i) an understanding of generally accepted accounting principles and financial statements; (ii) the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves; (iii) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the registrant’s financial statements, or experience actively supervising one or more persons engaged in such activities; (iv) an understanding of internal control over financial reporting; and (v) an understanding of audit committee functions.

Therefore, the Board has determined that Mr. Jack W. Conner meets the definition of “audit committee financial expert” under the rules of the SEC and is “financially sophisticated” under NASDAQ rules. The designation of a person as an audit committee financial expert does not result in the person being deemed an expert for any purpose, including under Section 11 of the Securities Act of 1933. The designation does not impose on the person any duties, obligations or liability greater than those imposed on any other audit committee member or any other director and does not affect the duties, obligations or liability of any other member of the Audit Committee or Board of Directors.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Securities Exchange Act of 1934 requires Commerce Corp's directors, executive officers and persons who own more than ten percent of a registered class of Commerce Corp's equity securities, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock and other equity securities of Commerce Corp. Officers, directors and greater than ten percent shareholders are required by SEC regulations to furnish Commerce Corp with copies of all Section 16(a) forms they file.

To Commerce Corp's knowledge, based solely on review of the copies of such reports furnished to Commerce Corp and written representations that no other reports were required, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with during the year ended December 31, 2004, except that Kenneth Corsello and Lawrence McGovern inadvertently filed one late report with regard to the grant of stock options under the 1994 Stock Option Plan.

In the opinion of management of Commerce Corp and the Bank, all loans and commitments to lend included in such transactions were made in the ordinary course of business on the same terms, including interest rates and collateral, as those prevailing for comparable transactions with other persons of similar creditworthiness, and do not involve more than the normal risk of collectability or present other unfavorable features. Loans to individual directors and officers must comply with the Bank's lending policies and statutory lending limits. In addition, prior approval of the Bank's Board of Directors is required for all such loans.

STOCK OPTION PLAN

In 1994, the Board of Directors adopted the Heritage Bank of Commerce 1994 Tandem Stock Option Plan (the “1994 Plan”) in order to promote the long-term success of the Bank and the creation of shareholder value. In 1998, the 1994 Plan was restated and adopted by Commerce Corp as the successor corporation to Heritage Bank of Commerce. The 1994 Plan expired on June 8, 2004. As a result, in 2004 the Board of Directors adopted the Heritage Commerce Corp 2004 Stock Option Plan (“2004 Plan”), which obtained shareholder approval in 2004. The 1994 Plan and the 2004 Plan authorize Commerce Corp to grant stock options to officers, employees and directors of Commerce Corp and its affiliates.

The following table shows options granted in 2004 to executive officers named in the Summary Compensation Table. The grant date present value dollar amount was computed in accordance with Statement of Financial Accounting Standards No. 123, “Accounting for Stock-Based Compensation.”

OPTION GRANTS IN LAST FISCAL YEAR

<u>Name</u>	<u>Options Granted</u>	<u>% of Total Options Granted to Employees in Fiscal Year</u>	<u>Exercise or Base Price (\$/Sh)</u>	<u>Expiration Date</u>	<u>Grant Date Present Value \$</u> ¹

This is a theoretical value for stock options. The actual value of the options will depend on the market value of Common Stock when the options are exercised.

² Of Mr. Griffin's 3,000 options, 2,645 options were canceled upon his resignation from Commerce Corp.

³ All of Mr. Smith's options were canceled upon his resignation from Commerce Corp.

401(k) Plan

The Board of Directors has established an employee benefit plan under Section 401(k) of the Internal Revenue Code of 1986. The purpose of the 401(k) plan is to encourage employees to save for retirement. Eligible employees may make contributions to the plan subject to the limitations of Section 401(k) of the Internal Revenue Code as amended. The Plan trustees administer the Plan. Commerce Corp matches the first \$1,500 of each employee's contributions. For named executive officers, these amounts are included in the Summary Compensation Table under "All Other Compensation."

Employee Stock Ownership Plan

In 1997, Heritage Bank of Commerce initiated an employee stock ownership plan ("Stock Ownership Plan"). The Stock Ownership Plan was subsequently adopted by Commerce Corp as the successor corporation to Heritage Bank of Commerce. The Stock Ownership Plan allows Commerce Corp, at its option, to purchase shares of Commerce Corp Common Stock on the open market and award those shares to certain employees. To be eligible to receive an award of shares under the Stock Ownership Plan, an employee must have worked at least 1,000 hours during the year and must be employed by Commerce Corp on December 31. Awards under the Stock Ownership Plan generally vest over four years. During 2004, Commerce Corp contributed \$450,000 to the Stock Ownership Plan, with contributions to William J. Walter T. Kaczmarek, President and Chief Executive Officer of Commerce Corp, is employed under the terms of a written three-year executive employment contract dated March 17, 2005 which is renewable annually and provides for the following as of March 17, 2005: base salary of \$300,000 per year, reviewable annually by the Board of Directors. In addition to his salary, Mr. Kaczmarek shall be eligible to receive an annual cash bonus of up to 100% of his salary based on targets established by the Board of Directors. Mr. Kaczmarek has been awarded 51,000 restricted shares of Commerce Corp Common Stock pursuant to the terms of a Restricted Stock Agreement, dated March 17, 2005. Under the terms of the Restricted Stock Agreement, the restricted shares will vest 25% per year at the end of years three, four, five and six, provided Mr. Kaczmarek is still with Commerce Corp, subject to accelerated vesting upon a Change of Control, termination without Cause, termination by Mr. Kaczmarek for Good Reason (as defined by the executive employment agreement), death or disability. In addition, Mr. Kaczmarek has been granted stock options under Commerce Corp's 2004 Stock Option Plan to purchase an aggregate of 50,000 shares of Common Stock at an exercise price of \$18.15 (the fair market value of the shares on the effective date of the agreement). The options vest daily over four years and have a term of ten years. Vesting is accelerated on a Terminating Event in accordance with the 2004 Stock Option Plan and upon termination without Cause, or termination by Mr. Kaczmarek for Good Reason. Upon termination of Mr. Kaczmarek's employment by Commerce Corp without Cause, or by Mr. Kaczmarek for Good Reason, Mr. Kaczmarek would also be entitled to an additional amount equal to two times his base salary and his Highest Annual Bonus, plus continuation of certain other employee benefits including health insurance for a period of three years from the date of termination. In the event that Mr. Kaczmarek's employment with Commerce Corp is terminated by Commerce Corp without Cause, or by Mr. Kaczmarek for Good Reason, during the period beginning 120 days prior to and ending twelve months following a Change of Control, in addition to acceleration of the vesting of the restricted shares and stock options described above, Mr. Kaczmarek would also be entitled to an additional amount equal to three times his base salary and Highest Annual Bonus plus continuation of

certain other employee benefits including health insurance for a period of three years from the date of termination.

Pursuant to the terms of a written employment agreement between Commerce Corp and Brad L. Smith, Mr. Smith received severance compensation in the amount of \$1,122,884 upon termination of his employment on May 4, 2004. This amount is set forth in the Summary Compensation Table in the column labeled "All Other Compensation."

Pursuant to the terms of a written employment agreement between Commerce Corp and Philip L. Griffin, Mr. Griffin received severance compensation in the amount of \$130,660 upon termination of his employment on November 16, 2004. This amount is set forth in the Summary Compensation Table in the column labeled "All Other Compensation."

Supplementary Retirement Plan for Directors and Executive Officers

Commerce Corp has a supplemental retirement plan (the "Plan") covering key executives and directors. The Plan is a nonqualified defined benefit plan and is unsecured and unfunded and there are no Plan assets. Commerce Corp has purchased insurance on the lives of the directors and executive officers who participate in the Plan and intends to use the cash values of those policies (\$26,303,000 and \$25,273,000 at December 31, 2004 and 2003, respectively) to pay the retirement obligations that accrue pursuant to the plan. Commerce Corp's total accrued pension obligation was \$7,745,000 and \$4,129,000 as of December 31, 2004 and 2003, respectively. The formula by which benefits are determined for the executive officers and directors who participate in the Plan is based on a combination of the individual's position within Commerce Corp, their age at the time when their retirement benefits become fully vested, and the amount of their benefits available under a previous non-qualified defined contribution plan. The estimated annual benefits payable upon retirement at normal retirement age for William J. Del Biaggio, Jr., Brad L. Smith, Richard L. Conniff, Kenneth A. Corsello, Philip L. Griffin, and Lawrence D. McGovern, and are \$11,000, \$125,000, \$100,000, \$48,000, \$9,000, and \$68,000, respectively. The death benefit for participants in the Plan is an endorsement to the individual's beneficiaries of 80% of the net-at-risk insurance amount (i.e., the amount of the death benefit in excess of cash value of the underlying insurance policy), except in the case of Mr. Conniff where the death benefit is \$1 million.

Management Deferral Plan

In January 2004, Commerce Corp adopted the Heritage Commerce Corp Nonqualified Deferred Compensation Plan for certain executive officers. The purpose of the plan is to offer those employees an opportunity to elect to defer the receipt of compensation in order to provide termination of employment and related benefits taxable pursuant to section 451 of the Internal Revenue Code of 1986, as amended (the "Code"). The plan is intended to be a "top-hat" plan (i.e., an unfunded deferred compensation plan maintained for a select group of management or highly-compensated employees) under sections 201(2), 301(a)(3) and 401(a)(1) of the Employee Retirement Income Security Act of 1974 ("ERISA"). The executive may elect to defer up to 100% of any bonus and 50% of any regular salary into the Management Deferral Plan. Amounts deferred are invested in a portfolio of approved investment choices as directed by the executive. Under the Management Deferral Plan, Commerce Corp may make discretionary contributions for

the executive but has not done so. Amounts deferred by executives to the plan will be distributed at a future date they have selected or upon termination of employment. The executive can select a distribution schedule of up to fifteen years.

During 2004, five executives participated in the Management Deferral Plan and deferred approximately \$136,000.

Director Fees and Director Fee Deferral Plan

During 2004, Commerce Corp paid retainers and fees to non-employee directors. In January 2003, the Board changed its compensation to non-employee directors to bring it more in line with that of comparable banking institutions. Beginning in January 2003, non-employee directors were paid a monthly retainer of \$2,000 and \$500 for each Board committee meeting attended. Total fees paid to non-employee directors in 2004 were \$446,000.

An option of the director compensation program is the deferral of fees (“Deferral Plan”). Under the Deferral Plan, a participating director may defer up to 100% of his or her board fees into the Deferral Plan for up to ten years from the date of the first deferral. Amounts deferred earn interest at the rate of 8% per annum. The director may elect a distribution schedule of up to ten years, with interest accruing (at the same 8%) on the declining balance. As of January 1, 2005, the interest rate was reduced to 7% per annum. A participating director is eligible to begin receiving benefits upon retirement.

Commerce Corp has purchased life insurance policies on the lives of directors who participate in the Deferral Plan. It is expected that the earnings on these policies will offset the cost of the program. In addition, Commerce Corp will receive death benefit payments upon the death of the director. The proceeds will permit Commerce Corp to “complete” the Deferral Plan as the director originally intended if the director dies prior to the completion of the Deferral Plan. The disbursement of deferred fees is accelerated at death and commences one month after the director dies.

In the event of the director’s disability prior to attainment of his benefit eligibility date, the director may request that the Board permit him to receive an immediate disability benefit equal to the annualized value of the director’s deferral account.

To date, two of the directors are currently deferring their fees. For the years 2002, 2003 and 2004, Commerce Corp accrued expenses of \$54,000, \$75,000 and \$75,000, respectively, to account for its obligation to pay deferred fees.

Compensation Committee Report

The Compensation and Benefits Committee, in accordance with applicable requirements, has provided the following report to the Board of Directors of Commerce Corp.

Report on Senior Executive Compensation by the Compensation and Benefits Committee of the Board of Directors

Overview

The objectives of the Heritage Commerce Corp (the “Company”) executive compensation policies are to ensure that executives are provided incentives and compensated in a way that advances both short- and long-term interests of shareholders while also ensuring that Commerce Corp is able to attract and retain qualified executive management. To these ends the Committee seeks to align executive compensation with Commerce Corp’s performance and to motivate executive officers to achieve Commerce Corp’s business objectives. Commerce Corp approaches these objectives through three key components:

- base salary
- a performance-based annual bonus payable in cash
- periodic grants of long-term stock-based compensation through stock options

Annual Base Salaries

Each year the performance of all executive officers is reviewed by the Chief Executive Officer and recommended salary adjustments are reviewed by the Committee. When reviewing these recommendations, the Committee takes several factors into account, including the executive’s experience, responsibilities, management abilities and job performance, as well as the performance of Commerce Corp as a whole and current market conditions. The Committee also reviews compensation surveys and other data to enable the Committee to compare Commerce Corp’s compensation packages with those of similarly-situated companies in the banking industry. The base salaries paid to Richard L. Conniff, Kenneth A. Corsello, and Lawrence D. McGovern are pursuant to existing contracts.

Annual Incentive Compensation

Commerce Corp established a bonus plan for its five highest paid executive officers for 2004. These executives are eligible for target bonuses which are expressed as a percentage of their respective base salaries which increase as the level of performance of established goals increases. The bonuses are tied directly to the satisfaction of overall Company performance for the year. Early in 2004 management presented to the Committee performance goals based on the 2004 budget. For 2004 Commerce Corp performance goals (“Performance Goals”) were established for:

- net income
- return on equity
- growth of total assets
- loan growth

For each Performance Goal, a threshold, target and maximum performance measure is established. Each goal is given a weighting with net income having the most significant weighting. Commerce Corp must satisfy a Performance Goal at the threshold level before any bonus may be paid. If not all of the Performance Goals are satisfied at the threshold level, then those Performance Goals that are satisfied at the threshold level are weighted and a partial payment of the bonus will be paid for satisfying some, but not all of the Performance Goals. As Performance Goals meet or exceed the threshold, target and maximum performance levels, the participants earn a greater percentage of their base salary as a bonus. The Committee agreed that notwithstanding the satisfaction of the Performance Goals, if the return on equity for 2004 does not meet the Performance Goal threshold no bonus will be paid. The maximum bonus that may be paid varies from 90% of base salary for the chief executive officer, 60% of base salary for the chief operating officer to 50% for the other executives. In addition to a performance bonus based on the achievement of the Performance Goals, the Committee has the discretion to award up to 15% of an executive's base salary for performance related to the completion of personal objectives established for the executive either by the chief executive officer or the Board throughout the year.

Upon completion of the year end financial statements, the chief executive officer and chief operating officer will prepare an analysis of the achievement of the quantitative measures for the year and make recommendations for bonuses for quantitative measures for each executive. These results will be presented to the Committee and upon the Committee's approval the bonuses are paid. The Committee may exercise its judgment whether to reflect or exclude the impact of unusual or infrequently occurring events reported in Commerce Corp's public filings. In this regard, the Committee considered the pro forma effect on certain of the Performance Goals resulting from the change in corporate management that took place earlier in 2004, the restructuring of Commerce Corp' management and severance expenses that resulted from the restructure. Based on the pro forma adjustments all of the Performance Goals for 2004 were satisfied and bonuses were paid to the participating executives.

Long Term Incentive Compensation

The Committee believes that employee stock ownership is a significant incentive in building shareholder wealth and aligning the interests of employees and shareholders. Stock options will only have value if Commerce Corp's stock price increases. In addition, Commerce Corp utilizes vesting periods for stock options to encourage key employees to continue in Commerce Corp's employ.

The Board of Directors adopted Commerce Corp's 2004 Stock Option Plan and the shareholders approved the plan at the 2004 Annual shareholders Meeting (the "2004 Stock Option Plan"). The 2004 Stock Option Plan was adopted to replace Commerce Corp's 1994 Tandem Stock Option Plan. The 2004 Stock Option Plan will assist Commerce Corp in attracting, retaining and rewarding valued employees and directors by offering them a greater stake in Commerce Corp's success and to encourage ownership in Company stock by these employees and directors. The Committee administers the 2004 Stock Option Plan on behalf of the Board of Directors with regard to executive officers and has discretion to determine which individuals are eligible to receive option awards, the time or times when the option awards are to be made, the number of shares subject to each award, the status of any grant as either an incentive stock option or a non-qualified stock option, the vesting schedule in effect for the option award, the term for which any option is to remain outstanding and the other principal terms and conditions of each option. Generally, stock options recommended by the Committee have an exercise price equal to the fair market value of a share on the day the options are granted. The options generally vest within one to four years and expire ten years after the date of grant, contingent on the employee's continued employment with Commerce Corp. Each year Commerce Corp's Chief Executive Officer will make periodic recommendations with respect to the level of stock options to be granted to each eligible employee, and the Committee reviews and approves those recommendations based on a variety of factors related to the recognition of contributions or potential contributions to the business interests of Commerce Corp. Commerce Corp has established a policy for determining the range of options that may be granted employees including the executive officers, based on the position of the employee within Commerce Corp and the purpose of the grant (i.e., hiring, performance or retention)

Compensation of Chief Executive Officer

On May 4, 2004, William J. Del Biaggio, Jr. was appointed Chairman of the Board and interim Chief Executive Officer under the terms of a settlement agreement reached between Commerce Corp and certain shareholders who commenced a proxy contest in connection with the 2004 Annual Shareholders meeting. At the time of his appointment Mr. Del Biaggio agreed to a salary and bonus package at an annual rate of \$145,000 and a potential bonus of up to 35% of his base salary. On September 30, 2004, the Board of Directors approved the increase of Mr. Del Biaggio's salary to \$150,000 per year plus a bonus of \$12,500 per month to be paid until the earlier of December 31, 2004 or the appointment of a permanent Chief Executive Officer. In March 2005, the Committee approved an additional bonus of \$62,775 for Mr. Del Biaggio under the 2004 executive bonus plan.

On March 17, 2005, Commerce Corp appointed Walter T. Kaczmarek as President and Chief Executive Officer. Commerce Corp has entered into a three year employment agreement with Mr. Kaczmarek. The terms of the agreement were the subject of negotiations between Mr. Kaczmarek and Commerce Corp. In considering the compensation and terms of Mr. Kaczmarek, the Committee considered the desirability of obtaining the services of Mr. Kaczmarek for Commerce Corp, the compensation package Mr. Kaczmarek had received at his prior position with Comerica, and the level of compensation offered to persons in similar positions at comparable companies in the banking industry. The Committee further considered that a

substantial amount of value for Mr. Kaczmarek is in equity compensation aligning his interests with the interest of shareholders.

Independent Consultant

In 2005 the Committee intends to engage an independent consultant to review and make recommendations on the entire executive compensation program for Commerce Corp.

Audit Committee Report

In accordance with its written charter adopted by Heritage Commerce Corp's Board of Directors (Board), the Heritage Commerce Corp Audit Committee (Committee) assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing, and financial reporting practices of Commerce Corp. During fiscal 2004, the Committee met six times, and the Committee chair, as representative of the Committee, discussed the interim financial information contained in each quarterly earnings announcement with the CFO, controller and independent auditors prior to public release.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and Commerce Corp that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence. The Committee also discussed with management, the internal auditors and the independent auditors the quality and adequacy of Commerce Corp's internal controls and the internal audit functions, organization, responsibilities, budget and staffing. The Committee reviewed with both the independent and the internal auditors their audit plans, audit scope, and identification of audit risks.

The Committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees" and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements. The Committee also discussed the results of the internal audit examinations.

The Committee reviewed the audited financial statements of Commerce Corp as of and for fiscal year ended December 31, 2004 with management and the independent auditors. Management has the responsibility for the preparation of Commerce Corp's financial statements and the independent auditors have the responsibility for the examination of those statements.

Based on the above-mentioned review and discussion with management and the independent auditors, the Committee recommended to the Board that Commerce Corp's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the Securities and Exchange Commission.

The purpose of the Audit Committee of the Board of Directors of Heritage Commerce Corp is to (A) assist Board oversight of (a) the integrity of Commerce Corp's financial statements, (b) Commerce Corp's compliance with legal and regulatory requirements, (c) the independent auditor's qualifications and independence, and (d) the performance of Commerce Corp's internal audit function and independent auditors, and (B) prepare the report that the rules of the Securities and Exchange Commission ("SEC" or "Commission") require be included in Commerce Corp's annual Proxy Statement.

II. RESPONSIBILITIES OF AUDIT COMMITTEE

The Audit Committee has the specific responsibilities and authority necessary to comply with Rule 10A-3(b)(2), (3), (4) and (5) under the Securities Exchange Act of 1934, as amended (the "Exchange Act") relating to: (i) registered public accounting firms, (ii) complaints relating to accounting, internal accounting controls or auditing matters, (iii) authority to engage advisors, and (iv) funding as determined by the Audit Committee, all as described in more detail in the provisions of this Charter.

The Board of Directors recognizes that Commerce Corp's management is responsible for preparing Commerce Corp's financial statements and providing an appropriate system of internal controls, and that independent auditors are responsible for auditing the financial statements and reviewing Commerce Corp's internal controls. In fulfilling these responsibilities, the independent auditors are ultimately accountable to the Audit Committee and management is ultimately accountable to the Audit Committee and the Board of Directors.

Nothing in this Charter should be construed to imply that the Audit Committee is required to provide or does provide any assurance or certification as to Commerce Corp's financial statements or as to its compliance with laws, rules or regulations.

In order to fulfill its oversight responsibility, the Audit Committee must be capable of conducting free and open discussions with management, internal and independent auditors, employees and others regarding the quality of the financial statements and the system of internal controls.

The specific duties of the Audit Committee shall be as follows:

Independent Auditors

1. Appoint independent auditors, subject, if appropriate, to shareholder ratification, and review and evaluate their performance throughout the year. The evaluation should include the review and evaluation of the lead partner of the independent auditor. In

making its evaluation, the audit committee should take into account the opinions of management and Commerce Corp's internal auditors.

2. Replace independent auditors where the Committee deems it appropriate.
3. Review and approve fee arrangements for independent auditors.
4. Ensure the auditor's independence by:
 - (i) requiring that the auditors annually submit to the Audit Committee a formal written statement delineating all relationships between the auditors and Commerce Corp;
 - (ii) actively engaging in a dialogue with the auditors with respect to any disclosed relationships or services that may impact their objectivity and independence, including the matters required by Independence Standards Board Standard No. 1 Independence Discussions with Audit Committees (as it may be modified or supplemented);
 - (iii) reviewing any relationships between the auditors and Commerce Corp, or any other relationship, that may adversely affect the auditors' independence;
 - (iv) reviewing and approving any management consulting engagements or any other non-audit services proposed to be undertaken by such auditors on behalf of Commerce Corp; and

5. Annually require the auditors to confirm in writing their understanding of the fact that they are ultimately accountable to the Audit Committee.
6. Annually review the auditors' proposed audit plan and approach, as well as staffing and timing of the audit and related matters.
7. Review, at least annually, the auditor's report on its internal quality controls and any material issues and the steps taken and to be taken to deal with issues raised by the independent auditor's internal quality review, peer review, or inquiry by governmental or professional organizations, at any time within the past five years.
8. Obtain from management, review and approve a description of issues and responses whenever a second opinion is proposed by management to be sought from another outside accountant.
9. Require the auditors to rotate every five years the lead or coordinating audit partner in charge of Commerce Corp's audit and the audit partner responsible for reviewing the audit.
10. Periodically consider the advisability of rotating the independent audit firm to be selected as Commerce Corp's independent auditors. The audit committee should present its conclusions with respect to the independent auditors to the full Board.

11. Review major issues regarding accounting principles and financial statement presentations, including:

12. Require Commerce Corp's auditors to timely report to the Committee:

- (i) all critical accounting policies and practices to be used;
- (ii) all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management officials of the issuer, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the registered public accounting firm; and

13. Reviewing all off-balance sheet transactions for compliance with applicable accounting rules and legal disclosure rules.

14. Conduct with the independent auditors a post-audit, pre-issuance review of Commerce Corp's annual financial statements, the auditors' opinion thereon, and any problems, difficulties or disagreements with management encountered by the auditors during the course of the audit, and management's response, including reviewing with the auditors:

- (i) any restrictions on the scope of the independent auditors' activities or on access to requested information;

- (ii) any accounting adjustments that were noted or proposed by the auditors but were “passed” (as immaterial or otherwise);
- (iii) any communications between the audit team and the audit firm’s national office respecting auditing or accounting issues presented by the engagement;

18. Prepare a report to the shareholders of Commerce Corp in each Proxy Statement, as required by the rules of the SEC.

19. 20. Review the schedule of unrecorded adjustments to Commerce Corp’s financial statements and the reasons underlying Commerce Corp’s assessment of the immateriality of such adjustments.

21. Review prior to publication or filing and approve such other Company financial information, including appropriate regulatory filings and releases that include financial information, as the Committee deems desirable.
