Note 1 - Nature of Business and Summary of Significant Accounting Policies

Nature of Business:

Herndon Plant Oakley Ltd. (the Partnership), a Texas limited partnership, was formed in January 1998. The Partnership is registered as a broker/dealer with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA) and Securities Investor Protection Corporation (SIPC). The Partnership is also registered with the SEC pursuant to Section 203 of the Investment Advisors Act of 1940. The Partnership's operations consist primarily of providing securities brokerage and investment advisory services to individuals located throughout the United States.

The Partnership operates pursuant to section (k)(2)(ii) exemptive provisions of Rule 15c3-3 of the Securities Exchange Act of 1934, and accordingly, is exempt from the remaining provisions of that Rule. The Partnership does not hold customer funds or securities, but as an introducing broker or dealer, will clear transactions on behalf of customers on a fully disclosed basis through a clearing broker/dealer. The clearing broker/dealer carries the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

The general partner of the Partnership is Herndon Plant Oakley I Inc. (General Partner). The General Partner has the authority to manage and control the business affairs of the Partnership.

The Partnership terminates on December 31, 2030, unless sooner terminated or extended as provided in the partnership agreement.

Significant Accounting Policies:

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

HERNDON PLANT OAKLEY LTD.
Notes to Financial Statements
December 31, 2018

Note 1 - Nature of Business and Summary of Significant Accounting Policies (continued)

Fair Value of Financial Instruments

Substantially all of the Partnership's financial asset and liability amounts are short-term in nature and accordingly are reported in the statement of financial condition at amounts that approximate fair value.

Cash Equivalents

Money market funds are reflected as cash equivalents in the accompanying statement of financial condition.

Furniture and Equipment

Furniture and equipment are recorded at cost less accumulated depreciation. Depreciation is provided for using straight line methods over the estimated useful lives of primarily five to seven years.

Revenue Recognition

Significant Judgments

Revenue from contracts with customers includes securities commissions, mutual fund commissions, investment advisory fees and service fees. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Partnership's progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

Securities Commissions

The Partnership buys and sells securities on behalf of its customers. Each time a customer enters into a buy or sell transaction, the Partnership charges a commission. Commissions and related clearing expenses are recorded on the trade date (the date that the Partnership fills the trade order by finding and contracting with a counterparty and confirms the trade with the customer). The Partnership believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership have been transferred to/from the customer. Securities commissions also include commission on alternative investments, interest rebates on customer accounts, and other revenue related to customer accounts which is recorded on the trade date.

HERNDON PLANT OAKLEY LTD.
Notes to Financial Statements

Note 1 - Nature of Business and Summary of Significant Accounting Policies (continued)

Mutual Fund Commissions

The Partnership enters into arrangements with pooled investment vehicles (funds) to distribute shares to investors. The Partnership may receive distribution fees paid by the fund up front, over time, upon the investor's exit from the fund (that is, a contingent deferred sales charge), or as a combination thereof. The Partnership believes that its performance obligation is the sale of securities to investors and as such this is fulfilled on the trade date. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the shares at future points in time as well as the length of time the investor remains in the fund, both of which are highly susceptible to factors outside the Partnership's influence, the Partnership does not believe that it can overcome this constraint until the market value of the fund and the investor activities are known, which are usually monthly or quarterly. Distribution fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

Investment Advisory Fees

The Partnership provides investment advisory services on a daily basis. The Partnership believes the performance obligation for providing advisory services is satisfied over time because the customer is receiving and consuming the benefits as they are provided by the Partnership. Fee arrangements are based on a percentage applied to the customer's assets under management. Fees are received quarterly in arrears. Fees are recognized as revenue monthly as they relate specifically to the services provided in that period, which are distinct from the services provided in other periods.

Service Fees – Related Party

The Partnership provides office and administrative services to a related party. The Partnership believes that the performance obligation is satisfied when individually identifiable services are provided or expenses paid on behalf of the related party. Service fees are billed and recognized quarterly as they relate specifically to the services provided in that period, which are distinct from the services provided in other periods.

Advertising Costs

The Partnership expenses advertising production costs as they are incurred and advertising communication costs the first time the advertising takes place. Advertising costs totaled \$53,477 during 2018.

Note 1 - Nature of Business and Summary of Significant Accounting Policies (continued)

Income Taxes

Taxable income or loss of the Partnership is included in the income tax returns of the partners; therefore, no provision for federal income taxes has been made in the accompanying financial statements.

As of December 31, 2018, open Federal tax years subject to examination include the tax years ended December 31, 2015 through December 31, 2017.

The Partnership is subject to state income taxes.

Note 2 - Transactions with Clearing Broker/Dealer

The Partnership has a clearing agreement with a national clearing broker/dealer to provide clearing, execution and other related services, with a monthly minimum charge of \$10,000. The agreement also requires the Partnership to maintain a minimum of \$100,000 as a deposit in an account with the clearing broker/dealer. There are annual decreasing termination fees to the Partnership if the agreement is terminated by the Partnership before the end of a five year period ending September 30, 2020. As of December 31, 2018 the termination fee is \$300,000.

Note 3 - Net Capital Requirements

The Partnership is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2018, the Partnership had net capital of \$1,619,085 which was \$1,369,085 in excess of its net capital requirement \$250,000. The Partnership's net capital ratio was .16 to 1.

Note 4 - Furniture and Equipment

Furniture and equipment is carried at cost less accumulated depreciation and consists of the following:

Furniture, fixtures and equipment	\$ 233,582
Leasehold improvements	<u>235,293</u>
	468,875
Accumulated depreciation	<u>(294,242)</u>
	<u>\$ 174,633</u>

Depreciation expense for the year was \$39,614 and is reflected in the accompanying statement of operations as occupancy and equipment costs.

HERNDON PLANT OAKLEY LTD.
Notes to Financial Statements
December 31, 2018

Note 5 - Off-Balance-Sheet Risk and Concentration of Credit Risk

As discussed in Note 1, the Partnership's customers' securities transactions are introduced on a fully-disclosed basis with its clearing broker/dealer. The clearing broker/dealer carries the accounts of the customers of the Partnership and is responsible for execution, collection of and payment of funds and, receipt and delivery of securities relative to customer transactions. Off-balance-sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the clearing broker/dealer may charge any losses it incurs to the Partnership. The Partnership seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers and that customer transactions are executed properly by the clearing broker/dealer.

At December 31, 2018, the Partnership has cash held at one Texas bank totaling \$251,312, or 11% of its total assets. The balance is insured by the Federal Deposit Insurance Corporation up to \$250,000. At December 31, 2018, the Partnership's uninsured cash balance totals \$1,312. Cash balances fluctuate on a daily basis.

At December 31, 2018, the Partnership has \$1,652,107, or approximately 73% of its total assets, in money market funds, commissions receivable, and a clearing deposit held by or due from its clearing broker/dealer.

Note 6 - Lease Commitments

The Partnership has obligations under operating leases with initial noncancelable terms in excess of one year. Aggregate annual rentals for office space as of December 31, 2018, are approximately as follows:

2019	\$ 530,376
2020	535,503
2021	421,301
2022	324,314
Thereafter	<u>616,907</u>
	<u>\$2,428,401</u>

The Company expects certain of the above lease commitments to be paid directly by Oxbow Advisors, LLC (Oxbow), a relate party. Estimated amount to be paid by Oxbow total \$2,012,079 over the term of the leases.

Total rent expense for the year under operating leases was \$198,490 (which includes additional rental and proportionate share of operating expenses payable under the lease agreements), and is reflected in the accompanying statement of operations as occupancy and equipment costs.

HERNDON PLANT OAKLEY LTD.
Notes to Financial Statements
December 31, 2018

Note 7 - Related Party Transactions/Economic Dependency/Concentrations

The Partnership is economically dependent on and under the control of the General Partner and the existence of that dependency and control creates a financial position and operating results significantly different than if the companies were autonomous.

The General Partner manages and controls the business affairs of the Partnership and is entitled to receive a management fee for such services. The management fee is determined by the affirmative vote of a majority in interest of the limited partners and is not consummated on terms equivalent to arms length transactions. The management fee for the year ended December 31, 2018 was \$2,232,412.

The three limited partners of the Partnership, who are also registered securities representatives and officers of the General Partner, generated substantially all of the Partnership's revenue for the year ended December 31, 2018. The Partnership is economically dependent upon the limited partners due to the concentration of services provided by them.

The Partnership has an Office and Administrative Services Agreement (Agreement) with Oxbow. Under the Agreement, the Partnership assists Oxbow with the day to day operations and administration of its business; furnishes Oxbow with office space, equipment and supplies; assists Oxbow with compliance; provides marketing and sales services; arranges for and monitors professional services; and provides any other services required in Oxbow's administration as agreed to by the Partnership and Oxbow. The Partnership also pays overhead expenses of Oxbow. Oxbow reimburses the Partnership for its proportionate use of or benefit from these services provided and expenses paid by the Partnership. The Agreement was not consummated on terms equivalent to arms length transactions. Service fees earned for the year ended December 31, 2018 were \$40,809. The Partnership has \$11,026 receivable under the Agreement and other receivables from Oxbow totaling \$46,614 at December 31, 2018.

Oxbow paid rents on operating leases for which the Partnership has obligation totaling \$342,178 for the year ended December 31, 2018.

Note 8 - 401(k) Profit Sharing Plan

The Partnership adopted the Herndon Plant Oakley Ltd. 401(k) Profit Sharing Plan (the Plan) effective June 1, 1999.

The Partnership did not contribute any matching amounts for 2018.

The Plan also provides a profit sharing component where the Partnership can make a discretionary contribution to the Plan, which is allocated based on the compensation of eligible employees. Discretionary profit sharing contributions for the year totaled \$54,515 and are reflected in the accompanying statement of operations as compensation and related costs.

HERNDON PLANT OAKLEY LTD.

Note 9 - Contingencies

There are currently no asserted claims or legal proceedings against the Partnership, however, the nature of the Partnership's business subjects it to various claims, regulatory examinations, and other proceedings in the ordinary course of business. The ultimate outcome of any such future action against the Partnership could have an adverse impact on the financial condition, results of operations, or cash flows of the Partnership.

Note 10 - Subsequent Events

Management has evaluated the Partnership's events and transactions that occurred subsequent to December 31, 2018, through February 11, 2019, the date which the financial statements were available to be issued.
