AMERICA FIRST REAL ESTATE INVESTMENT PARTNERS, L.P. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
JUNE 30, 2002  
(UNAUDITED)

## **1. Basis of Presentation**

The consolidated financial statements include the accounts of the Company and its subsidiaries. All significant intercompany transactions and accounts have been eliminated in consolidation.

The accompanying interim unaudited consolidated financial statements have been prepared according to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) have been condensed or omitted according to such rules and regulations, although management believes that the disclosures are adequate to make the information presented not misleading. The consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001. In the opinion of management, all normal and recurring adjustments necessary to present fairly the financial position at June 30, 2002, and the results of operations for all periods presented have been made. Certain assets from the prior period have been reclassified to conform to the current period presentation. The results of operations for the three and six month periods ended June 30, 2002 are not necessarily indicative of the results to be expected for the full year.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## **2. Business Combinations**

On January 1, 2002, the Company acquired the general partner interests in eight of the ten Operating Partnerships from its General Partner for no consideration. As a result of this acquisition, the Company now owns 100% of the eight Operating Partnerships, and presents the results of each Operating Partnership on a consolidated basis as a wholly owned subsidiary from the date of acquisition. Prior to the acquisition, the Company owned only the limited partnership interests of the eight Operating Partnerships, which ranged from 98.99%-99.99%.

The acquisition of the general partner interests of each of the eight Operating Partnerships was accounted for as a step acquisition in accordance with purchase accounting, and each was recorded at its estimated fair market value. The estimated fair value was calculated by discounting the estimated future cash flows of each real estate property using current capitalization and market discount rates, and multiplying the general partner ownership percentage (ranging from .01% to 1%) by the estimated fair value of the net assets in each of the eight Operating Partnerships. The aggregate estimated fair value of the general partner interests acquired on January 1, 2002 was approximately \$315,000, which is allocated 100% to reduce the Company's investment in real estate and will be depreciated on a straight line basis over 27.5 years.

The following presents the unaudited consolidated pro forma results of operations of the Company for the three and six months ended June 30, 2001 as if the Company had acquired the general partner interests on January 1, 2001.

The GNMA Certificates, backed by first mortgage loans on Monticello Apartments, The Ponds at Georgetown, and Misty Springs Apartments, are eliminated in the consolidation process of the Company's consolidated financial statements. The GNMA Certificates provide the Company with the guarantee by GNMA as to the full and timely payment of principal and interest on the underlying loans.

## **6. Transactions with Related Parties**

Substantially all of the Company's general and administrative expenses and certain costs capitalized by the Company are paid by the General Partner or an affiliate and reimbursed by the Company.

The Company pays the General Partner an administrative fee in connection with the ongoing administration of the business of the Company in an amount equal to 0.50%, per annum, of the sum of: (i) the fair market value on the Merger date of the original assets that are still owned by the Company; plus (ii) the purchase price paid by the Company for new assets that are then held by the Company. The first \$100,000 of the administrative fee is payable each year, with the balance payable only during years that funds from operations ("FFO"), calculated before administrative fees, exceeds 7% of the Unit holders' average capital for that year. FFO represents net income (or loss) (computed in accordance with GAAP), excluding gains (or losses) from debt restructuring and sales of properties, plus real estate-related depreciation and amortization (excluding amortization of deferred financing costs and depreciation of non-real estate assets) and after adjustments for unconsolidated partnerships and joint ventures. Such administrative fees are paid on a monthly basis and were \$150,165 and \$282,712 for the three and six months ended June 30, 2002, respectively.

An affiliate of the General Partner was retained to provide property management services for the multifamily properties owned or financed by the Company. The fees for services provided represent the lower of: (i) costs incurred in providing management of the property, or (ii) customary fees for such services determined on a competitive basis and amounted to \$170,548 and \$316,868 for the three and six months ended June 30, 2002, respectively.

The Company pays the General Partner an acquisition fee in connection with the identification, evaluation and acquisition of new assets and the financing thereof in an amount equal to 1.25% of the aggregate purchase price paid by the Company for such new assets. The acquisition fee with respect to an acquisition of a new asset is payable at the time of the closing of the acquisition and is capitalized as a cost of the investment in real estate. The General Partner received an acquisition fee of \$186,197 in the first six months of 2002 in connection with the acquisition of The Glades Apartments in March 2002. No such fees were payable to the General Partner during the six months ended June 30, 2001 as the Company did not acquire new assets during this period.

## **7. Restricted Cash and Cash Equivalents**

Restricted cash and cash equivalents, which is legally restricted as to use, is comprised of resident security deposits, required maintenance reserves and escrowed funds.

## **8. Segment Reporting**

The Company defines each of its multifamily apartment properties as an individual operating segment, including the properties owned by the Operating Partnerships. It has also determined that all properties have similar economic characteristics and also meet the other criteria which permit the multifamily properties to be aggregated into one reportable segment; that being the acquiring, holding, operating and selling of multifamily

apartment properties. The Company's chief operating decision-makers assess and measure segment operating results based on a performance measure referred to as net operating income at the individual operating segment. Net operating income for each multifamily apartment property represents its net rental revenues less its real estate operating expenses.

The revenues, net operating income and assets for the Company's reportable segment as of and for the three and six month periods ending June 30, 2002 and 2001 are summarized as follows:

	For the Three Months Ended June 30, 2002	For the Three Months Ended June 30, 2001	For the Six Months Ended June 30, 2002	For the Six Months Ended June 30, 2001

## 9. Investment in Operating Partnerships

The Company's investment in Operating Partnerships consists of interests in limited partnerships which own multifamily properties financed by certain GNMA Certificates owned by the Company.

As described in note 2 to the consolidated interim financial statements, the Company acquired the general partner interests of eight of the Operating Partnerships on January 1, 2002. As a result, the multifamily properties in the eight operating partnership's are now consolidated in the consolidated financial statements of the Company.

At June 30, 2002, the Company continues to own limited partnership interests in two Operating Partnerships, Crane's Landing Partners, Ltd., and Water's Edge Limited Partnership, which continue to be accounted for using the equity method.

A reconciliation of the Company's investment in Operating Partnership's is as follows:

## 10. New Accounting Pronouncements

In July 2001, the Financial Accounting Standards Board (FASB) issued Financial Accounting Standards (FAS) No. 141, "Business Combinations" and FAS No. 142, "Goodwill and Other Intangible Assets" which provide guidance on how entities are to account for business combinations and for the goodwill and other intangible assets that arise from those combinations or are acquired otherwise. The adoption of this standard on January 1, 2002 did not have an impact on the Company's consolidated financial statements. FAS 142 requires that goodwill no longer be amortized, but instead be tested for impairment at least annually. As of the date of adoption, the company had unamortized goodwill of approximately \$899,000. Amortization expense related to such goodwill was approximately \$36,000 for the year ended December 31, 2001.

In October 2001, the FASB issued FAS No. 144, "Accounting for the Impairment of Long-Lived Assets", which provides guidance on the accounting of long-lived assets to be held and used or to be disposed of and the reporting of discontinued operations. The adoption of this standard on January 1, 2002 did not have an impact on the consolidated financial statements of the Company.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

The following discussion should be read in conjunction with all of the consolidated financial statements and notes thereto included in Item 1 of this report as well as the Company's Annual Report on Form 10-K for the year ended December 31, 2001.

**Results of Operations**

Since the date of the Merger of the Company from the prior limited partnerships (December 31, 2000), the Company continues to implement its growth strategy of acquiring additional real estate investments. Since such date, the Company has acquired three multifamily real estate properties containing 862 units and has acquired control of eight of the ten Operating Partnerships.

On January 1, 2002, the Company acquired full ownership and control of the eight Operating Partnerships from the Company's General Partner. As a result of this acquisition, the Company now owns 100% of the eight Operating Partnerships and presents the results of each as a wholly owned subsidiary from the date of acquisition. Prior to the acquisition, the Company owned only the limited partnership interests of the eight Operating Partnerships, which ranged from 98.99%-99.99%. The presentation of the real estate operations on a consolidated basis provides a more meaningful understanding of the Company's business and financial results, and the pro forma effects of the transaction for the prior year comparable period are also discussed herein to facilitate a complete understanding of the Company's financial results.

As a result of the acquisition of the general partner interests of the Operating Partnerships, and the property acquisition described below, the Company directly owned 11 multifamily residential properties at June 30, 2002 and continued to own 99% limited partnership interests in two Operating Partnerships, Crane's Landing and Water's Edge Apartments, for a total of 13 multifamily residential properties.

On March 26, 2002, the Company acquired the Glades Apartments, a 360 unit apartment property located in Jacksonville, Florida. The \$15.1 million acquisition was financed through the assumption of bonds payable of \$8.8 million and cash of approximately \$6.3 million.

The following table sets forth certain information regarding the Company's investment in real estate at June 30, 2002:

<sup>(1)</sup> Economic occupancy is presented for the six months ended June 30, 2002, and is defined as the net rental income for the period divided by the maximum amount of rental income which could be derived from each property if 100% occupied at current lease rental rates. This statistic is reflective of vacancy losses, rental concessions, delinquent rents and non-revenue units such as model units and employee units.

<sup>(2)</sup> Information is not available to the Company.

<sup>(3)</sup> Company owns 99% of this property via its 99% ownership of the Operating Partnership.

The Company's operating results depend primarily on the net operating income generated by its multifamily properties. Net operating income represents rental revenues less real estate operating expenses and is substantially influenced by supply of and demand for apartment units and operating expenses. Starting in 2001, the national economy, as well as markets in which certain of the Company's properties operate, experienced a general downturn. This downturn has had an effect on the net rental revenue and occupancy levels of the Company's properties. The Company has also experienced an increase in operating expenses due to significant increases in insurance costs and increased costs to rent vacant apartments. In addition, home ownership has become a reality to many of the Company's prospective tenants due to record low mortgage interest rates causing additional tenant competition. These factors began to affect the financial results of the Company in the fourth quarter of 2001, and have continued into 2002. As a result of these factors, the Company has experienced an overall net decline in rental income and a net increase in rental expenses.

## *Three Months Ended June 30, 2002 Compared to Three Months Ended June 30, 2001*

The Company earned rental income of \$4,222,243 during the three months ended June 30, 2002, which is attributable to: (i) the 2001 acquisitions of Brentwood Oaks Apartments and Huntsview Apartments; (ii) the 2002 acquisition of The Glades Apartments; and (iii) the January 1, 2002 acquisition of the general partner interests in eight of the Operating Partnerships. The Company did not directly own any properties during the comparable period of 2001 and, accordingly, did not earn rental income during this period. On a pro forma basis, the Company's rental income increased \$1,501,718 or 55% for the second quarter of 2002 compared to the second quarter of 2001. This is primarily attributable to the 2001 acquisitions of Brentwood Oaks Apartments and Huntsview Apartments and the 2002 acquisition of The Glades Apartments.

Equity in the earnings of Operating Partnerships decreased \$147,876 for the three months ended June 30, 2002 compared to the three months ended June 30, 2001. This decrease is primarily due to the acquisition of the

general partner interests in eight of the Operating Partnerships on January 1, 2002, the results of which are now consolidated in the financial results of the Company.

Mortgage-backed securities income decreased \$1,089,883 or 80% for the second quarter of 2002 compared to the second quarter of 2001 as a result of the acquisition of the general partners of eight of the Operating Partnerships and the related elimination entries during consolidation. The GNMA Certificates, backed by first mortgage loans on Monticello Apartments, The Ponds at Georgetown, and Misty Springs Apartments, are eliminated in the consolidation process of the Company's consolidated financial statements. The GNMA Certificates provide the Company with the guarantee by GNMA as to the full and timely payment of principal and interest on the underlying loans. On a pro forma basis, mortgage-backed securities income decreased \$343,354 or 56% for the second quarter of 2002 compared to the second quarter of 2001, primarily due to the repayment of the FHA loans during 2001.

Interest income on cash and cash equivalents decreased \$28,879 or 67% for the second quarter of 2002 compared to the same period in 2001 due to a decrease in the average balance of such investments and the decrease in rates earned thereon. The average annualized interest rate earned on cash and cash equivalents was 1.85% for the second quarter of 2002, compared to 3.98% for the second quarter of 2001.

Dividend income from the Company's investment in corporate equity securities increased \$57,767 for the quarter ended June 30, 2002 compared to the second quarter of 2001 due to additional acquisitions during the last six months of 2001 and the first and second quarters of 2002.

The Company incurred real estate operating expenses of \$2,089,393 during the second quarter of 2002, which is attributable to: (i) the 2001 acquisitions of Brentwood Oaks Apartments and Huntsview Apartments; (ii) the 2002 acquisition of The Glades Apartments; and (iii) the January 1, 2002 acquisition of the general partner interests in eight of the Operating Partnerships which allowed the Company to consolidate their operations with the Company. The Company did not directly own any properties during the quarter ended June 30, 2001 and, accordingly, did not incur real estate operating expenses during this period. On a pro forma basis, real estate operating expenses increased \$724,983 or 53% for the second quarter of 2002 compared to the second quarter of 2001. This increase is primarily due to the acquisitions of Brentwood Oaks Apartments and Huntsview Apartments during 2001, and the acquisition of The Glades Apartments during 2002.

The Company incurred depreciation expense of \$841,380 during the second quarter of 2002, which is attributable to: (i) the 2001 acquisitions of Brentwood Oaks Apartments and Huntsview Apartments; (ii) the 2002 acquisition of The Glades Apartments; and (iii) the January 1, 2002 acquisition of the general partner interests in eight of the Operating Partnerships. On a pro forma basis, depreciation expense increased \$564,408 during the second quarter of 2002 compared to the second quarter of 2001. This increase is attributable to the 2001 acquisitions of Brentwood Oaks Apartments and Huntsview Apartments and the 2002 acquisition of The Glades Apartments.

The Company incurred amortization expense on property debt financing costs of \$35,884 for the three months ended June 30, 2002. During the three months ended June 30, 2001, the Company did not directly own any properties and accordingly did not incur amortization expense.

The Company incurred interest expense of \$614,870 during the three months ended June 30, 2002 as follows: (i) \$390,517 on its bonds and mortgages payable; (ii) \$29,057 on Notes payable which originated in connection with the Merger; and (iii) \$195,296 on the Company's repurchase obligations. During the three months ended June 30, 2001, the Company incurred interest expense of \$180,424, consisting of interest expense of \$132,968 on its repurchase agreements and interest expense of \$47,456 on notes payable which originated in connection

## AMERICA FIRST REAL ESTATE INVESTMENT PARTNERS, L.P. AND SUBSIDIARIES

with the Merger. The interest expense increase on the bonds and mortgages payable is due to an increase in bonds and mortgages payable outstanding from: (i) the January 1, 2002 acquisition of the general partner interests in eight of the Operating Partnerships; (ii) the 2002 acquisition of The Glades Apartments; and (iii) the 2001 acquisitions of Brentwood Oaks Apartments and Huntsview Apartments. The increase in the repurchase agreement interest expense is due to an increase in the outstanding borrowings under repurchase agreements. The decrease in interest expense of the Notes payable is due to a decline in the variable rate on which such interest is calculated.

Operating and administrative expenses increased \$46,700 for the second quarter of 2002 compared to the same period in 2001. This is primarily attributable to increases in asset management fees related to the acquisitions of Brentwood Oaks Apartments and Huntsview Apartments in 2001 and The Glades Apartments in 2002.

### *Six Months Ended June 30, 2002 Compared to Six Months Ended June 30, 2001*

The Company earned rental income of \$7,871,985 during the six months ended June 30, 2002, which is attributable to: (i) the 2001 acquisitions of Brentwood Oaks Apartments and Huntsview Apartments; (ii) the 2002 acquisition of The Glades Apartments; and (iii) the January 1, 2002 acquisition of the general partner interests in eight of the Operating Partnerships. The Company did not directly own any properties during the comparable period in 2001 and, accordingly, did not earn rental income during this period. On a pro forma basis, the Company's rental income increased \$2,392,099 or 44% for the first six months of 2002 compared to the first six months of 2001. This is primarily attributable to the 2001 acquisitions of Brentwood Oaks Apartments and Huntsview Apartments and the 2002 acquisition of The Glades Apartments.

Equity in the earnings of Operating Partnerships decreased \$95,147 for the six months ended June 30, 2002 compared to the six months ended June 30, 2001. This decrease is primarily due to the acquisition of the general partner interests in eight of the Operating Partnerships on January 1, 2002, the results of which are now consolidated in the financial results of the Company.

Mortgage-backed securities income decreased \$2,139,973 or 79% for the first two quarters of 2002 compared to the first two quarters of 2001 as a result of the acquisition of the general partners of eight of the Operating Partnerships and the related elimination entries during consolidation. On a pro forma basis, mortgage-backed securities income decreased \$877,616 or 60% for the first two quarters of 2002 compared to the first two quarters of 2001, primarily due to the repayment of the FHA loans during 2001.

Interest income on cash and cash equivalents decreased \$128,756 or 77% for the first six months of 2002 compared to the same period in 2001 due to a decrease in the average balance of such investments and the decrease in rates earned thereon. The average annualized interest rate earned on cash and cash equivalents was 1.85% for the six months ended June 30, 2002, compared to 3.98% for the comparable period in 2001.

Dividend income from the Company's investment in corporate equity securities increased \$100,989 for the six months ended June 30, 2002 compared to the six months ended June 30, 2001 due to additional acquisitions during the last six months of 2001 and the first and second quarters of 2002.

The Company incurred real estate operating expenses of \$3,811,834 during the first two quarters of 2002, which is attributable to: (i) the 2001 acquisitions of Brentwood Oaks Apartments and Huntsview Apartments; (ii) the 2002 acquisition of The Glades Apartments; and (iii) the January 1, 2002 acquisition of the general partner interests in eight of the Operating Partnerships which allowed the Company to consolidate their operations with the Company. The Company did not directly own any properties during the six months ended June 30, 2001 and, accordingly, did not incur real estate operating expenses during this period. On a pro forma basis, real

estate operating expenses increased \$1,243,407 or 48% for the first two quarters of 2002 compared to the first two quarters of 2001. This increase is primarily due to the acquisitions of Brentwood Oaks Apartments and Huntsview Apartments during 2001, and the acquisition of The Glades Apartments during 2002.

The Company incurred depreciation expense of \$1,505,737 during the first two quarters of 2002, which is attributable to: (i) the 2001 acquisitions of Brentwood Oaks Apartments and Huntsview Apartments; (ii) the 2002 acquisition of The Glades Apartments; and (iii) the January 1, 2002 acquisition of the general partner interests in eight of the Operating Partnerships. On a pro forma basis, depreciation expense increased \$907,441 during the six months ended June 30, 2002 compared to the six months ended June 30, 2001. This increase is attributable to the 2001 acquisitions of Brentwood Oaks Apartments and Huntsview Apartments and the 2002 acquisition of The Glades Apartments.

The Company incurred amortization expense on property debt financing costs of \$70,268 for the six months ended June 30, 2002. During the six months ended June 30, 2001, the Company did not directly own any properties and accordingly did not incur amortization expense.

The Company incurred interest expense of \$1,075,402 during the six months ended June 30, 2002 as follows: (i) \$645,127 on its bonds and mortgages payable; (ii) \$55,099 on Notes payable which originated in connection with the Merger; and (iii) \$375,176 on the Company's repurchase obligations. During the six months ended June 30, 2001, the Company incurred interest expense of \$345,712, consisting of interest expense of \$237,186 on its repurchase agreements and interest expense of \$108,526 on Notes payable which originated in connection with the Merger. The interest expense increase on the bonds and mortgages payable is due to an increase in bonds and mortgages payable outstanding from: (i) the January 1, 2002 acquisition of the general partner interests in eight of the Operating Partnerships; (ii) the 2002 acquisition of The Glades Apartments; and (iii) the 2001 acquisitions of Brentwood Oaks Apartments and Huntsview Apartments. The increase in the repurchase agreement interest expense is due to an increase in the outstanding borrowings under repurchase agreements. The decrease in interest expense of the Notes payable is due to a decline in the variable rate on which such interest is calculated.

Operating and administrative expenses increased \$84,172 for the first two quarters of 2002 compared to the same period in 2001. This is primarily attributable to increases in asset management fees related to the acquisitions of Brentwood Oaks Apartments and Huntsview Apartments in 2001 and The Glades Apartments in 2002.

### *Funds From Operations*

The Company's funds from operations ("FFO") increased \$292,277 or 25% to \$1,439,831 for the second quarter of 2002, compared to \$1,147,554 for the same period in 2001, which is attributable to acquisitions of investment in real estate. On a pro forma basis, FFO increased \$210,609 or 17% for the second quarter of 2002 compared to the same period in 2001, also due to acquisitions of investment in real estate.

FFO increased \$680,787 or 30% to \$2,964,690 for the first six months of 2002, compared to \$2,283,903 for the same period in 2001, which is attributable to acquisitions of investment in real estate. On a pro forma basis, FFO increased \$303,404 or 11% for the first six months of 2002 compared to the first six months of 2001, also due to acquisitions of investment in real estate.

The Company computes FFO in accordance with the standards established by the National Association of Real Estate Investment Trusts ("NAREIT") which define FFO as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from debt restructuring and sales of properties, plus real estate related

## AMERICA FIRST REAL ESTATE INVESTMENT PARTNERS, L.P. AND SUBSIDIARIES

depreciation and amortization (excluding amortization of deferred financing costs) and after comparable adjustments for an entity's portion of these items related to unconsolidated entities and joint ventures. The following table sets forth a reconciliation of the Company's net income as determined under GAAP and its FFO for the three and six month periods ended June 30, 2002 and 2001:

	For the Three Months Ended June 30, 2002	For the Three Months Ended June 30, 2001	For the Six Months Ended June 30, 2002	For the Six Months Ended June 30, 2001
Net income	\$ 535,850	\$ 970,029	\$ 1,333,751	\$ 1,928,912
Depreciation	<u>903,981</u>	<u>177,525</u>	<u>1,630,939</u>	<u>354,991</u>
Funds from operations	<u>\$ 1,439,831</u>	<u>\$ 1,147,554</u>	<u>\$ 2,964,690</u>	<u>\$ 2,283,903</u>

Although the Company considers FFO to be a key measure of its performance, FFO should not be considered as an alternative to GAAP net income as an indication of the Company's financial performance. In addition, FFO does not represent cash generated from operating activities determined by GAAP and should not be considered as an alternative thereto as a measure of the Company's liquidity or as an indicator of the funds available to the Company to meet its cash needs, including its ability to make cash distributions. The Company's FFO may include funds that are unavailable for discretionary use due to requirements to conserve funds for capital expenditures, property acquisitions and other commitments and uncertainties. FFO reported by the Company may not be comparable to FFO reported by other entities that do not calculate FFO in accordance with the NAREIT definition or which interpret the NAREIT definition differently than the Company.

### Liquidity and Capital Resources

The Company's net cash generated by operating activities increased to \$2,201,535 for the six months ended June 30, 2002, compared to \$823,799 for the six months ended June 30, 2001, principally due to real estate acquisitions. Net cash used in investing activities increased to \$6,696,936 for the six months ended June 30, 2002 compared to \$744,912 for the six months ended June 30, 2001 due to the acquisition of the Glades Apartments in March 2002 and purchases of corporate equity securities during the first six months of 2002. The Company's net cash provided by financing activities increased to \$2,559,815 for the six months ended June 30, 2002 compared to \$1,137,127 for the six months ended June 30, 2001, due to an increase in proceeds from borrowings under repurchase agreements and the special distributions made in the first quarter of 2001.

The amount of operating cash generated by the Company is substantially dependent on the net rental revenues generated by the properties. Net rental revenues from a multifamily apartment complex depend on the rental and occupancy rates of the property and on the level of operating expenses. Occupancy rates and rents are directly affected by the supply of, and demand for, apartments in the market areas in which a property is located. This, in turn, is affected by several factors, such as: local or national economic conditions, the amount of new apartment construction and interest rates on single-family mortgage loans. In addition, factors such as government regulation (such as zoning laws), inflation, real estate and other taxes, labor problems and natural disasters can affect the economic operations of a property.

## AMERICA FIRST REAL ESTATE INVESTMENT PARTNERS, L.P. AND SUBSIDIARIES

The Company believes that cash provided by its real estate investments and investment income from its GNMA's and other investments, supplemented, if necessary, by cash-on-hand, will be adequate to meet its projected short-term and long-term liquidity requirements. The Company's primary uses of cash are: (i) the payment of distributions to Unit holders; (ii) debt service; (iii) payment of operating expenses; and (iv) the acquisition of additional real estate investments.

Total distributions	\$	<u>0.3250</u>	<u>0.6600</u>

The Company's growth strategy includes the acquisition of additional multifamily residential properties as well as debt and equity securities of entities engaged in similar activities, which will be funded from available cash and short-term investments, and from: (i) borrowing against or sale of the existing properties; (ii) borrowing against or sale of the GNMA Certificates; and (iii) borrowing against the additional properties acquired by the Company. The Company may also use additional sources of financing, both debt and equity, to further its business objectives and investment strategies.

During January 2002, the Company renewed a repurchase agreement, borrowing against its Crane's Landing GNMA Certificate in the amount of \$9,500,000. The repurchase agreement bears interest at a fixed rate of 2.28% per annum and matures on January 21, 2003.

### Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company's primary market risk exposure is interest rate risk. The Company's exposure to market risk for changes in interest rates relates primarily to its long and short-term borrowings used to fund expansion of the Company's real estate portfolio and its variable rate Notes payable. The Company's interest rate risk management objective is to limit the impact of interest rate changes on earnings and cash flows and lower its overall borrowing costs. To achieve its objectives, the Company borrows primarily at fixed rates and may enter into derivative financial instruments, such as interest rate caps, in order to mitigate its interest rate risk. The Company does not enter into derivative instrument transactions for speculative purposes.

Interest rate risk is highly sensitive to many factors, including governmental, monetary and tax policies, domestic and international economic and political considerations and other factors beyond the Company's control. The potential for significant volatility in the interest rate markets was especially displayed during 2001, when the Federal Reserve Board decreased the federal funds rate eleven times.

At June 30, 2002, approximately 76% of the Company's borrowings consisted of fixed-rate financing. The remaining 24% consisted of variable-rate financing. Variations in interest rates affect the Company's cost of borrowing on its variable-rate financing. The interest rates payable by the Company on these obligations increase or decrease with certain index interest rates. If the Company's borrowing costs increase, the amount of cash available for distribution to Unit holders will decrease.

The following tables provide information at June 30, 2002 regarding the Company's financial instruments sensitive to interest rate risk:

Fixed-Rate Borrowings			Variable-Rate Borrowings		
Maturity	Principal Amount	Weighted Average Interest Rate	Maturity	Principal Amount	Weighted Average Interest Rate <sup>(1)</sup>

<sup>(1)</sup> For the six months ended June 30, 2002

As the above tables incorporate only those positions or exposures that existed as of June 30, 2002, it does not consider those exposures or positions that could arise after that date. The Company's ultimate economic impact with respect to interest rate fluctuations will depend on the exposures that arise during the period, the Company's risk mitigating strategies at that time and interest rates.
