AMERICA FIRST REAL ESTATE INVESTMENT PARTNERS, L.P. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2002
(UNAUDITED)

1. Basis of Presentation

The consolidated financial statements include the accounts of the Company and its subsidiaries. All significant intercompany transactions and accounts have been eliminated in consolidation.

The accompanying interim unaudited consolidated financial statements have been prepared according to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) have been condensed or omitted according to such rules and regulations, although management believes that the disclosures are adequate to make the information presented not misleading. The consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001. In the opinion of management, all normal and recurring adjustments necessary to present fairly the financial position at September 30, 2002, and the results of operations for all periods presented have been made. Certain amounts from the prior period have been reclassified to conform to the current period presentation. The results of operations for the three and nine month periods ended September 30, 2002 are not necessarily indicative of the results to be expected for the full year.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Business Combinations

On January 1, 2002, the Company acquired the general partner interests in eight of the ten Operating Partnerships from its General Partner for no consideration. As a result of this acquisition, the Company now owns 100% of the eight Operating Partnerships, and presents the results of the eight Operating Partnership's on a consolidated basis as a wholly owned investment in real estate subsidiary from the date of acquisition. Prior to the acquisition, the Company owned only the limited partnership interests of the eight Operating Partnerships, which ranged from 98.99%-99.99%.

The acquisition of the general partner interests of each of the eight Operating Partnerships was accounted for as a step acquisition in accordance with purchase accounting, and each was recorded at its estimated fair market value. The estimated fair value was calculated by discounting the estimated future cash flows of each real estate property using current capitalization and market discount rates, and multiplying the general partner ownership percentage (ranging from .01% to 1%) by the estimated fair value of the net assets in each of the eight Operating Partnerships. The aggregate estimated fair value of the general partner interests acquired on January 1, 2002 was approximately \$315,000, which is allocated 100% as a reduction of the Company's investment in real estate and is depreciated on a straight line basis over 27.5 years.

The following presents the unaudited consolidated pro forma results of operations of the Company for the three and nine months ended September 30, 2001 as if the Company had acquired the general partner interests on January 1, 2001.

6. Transactions with Related Parties

Substantially all of the Company's general and administrative expenses and certain costs capitalized by the Company are paid by the General Partner or an affiliate and reimbursed by the Company.

The Company pays the General Partner an administrative fee in connection with the ongoing administration of the business of the Company in an amount equal to 0.50%, per annum, of the sum of: (i) the fair market value on the date the Company was formed from the merger of the previous limited partnerships of the original assets that are still owned by the Company; plus (ii) the purchase price paid by the Company for new assets that are then held by the Company. The first \$100,000 of the administrative fee is payable each year, with the balance payable only during years that funds from operations ("FFO"), calculated before administrative fees, exceeds 7% of the Unit holders' average capital for that year. FFO represents net income (or loss) (computed in accordance with GAAP), excluding gains (or losses) from debt restructuring and sales of properties, plus real estate-related depreciation and amortization (excluding amortization of deferred financing costs and depreciation of non-real estate assets) and after adjustments for unconsolidated partnerships and joint ventures. Such administrative fees are paid on a monthly basis and were \$152,030 and \$434,742 for the three and nine months ended September 30, 2002, respectively.

An affiliate of the General Partner was retained to provide property management services for the multifamily properties owned or financed by the Company. 8. Segment Reporting

The Company defines each of its multifamily apartment properties as an individual operating segment, including the properties owned by the Operating Partnerships. It has also determined that all properties have similar economic characteristics and also meet the other criteria which permit the multifamily properties to be aggregated into one reportable segment; that being the acquiring, holding, operating and selling of multifamily apartment properties. The Company's chief operating decision-makers assess and measure segment operating results based on a performance measure referred to as net operating income at the individual operating segment. Net operating income for each multifamily apartment property represents its net rental revenues less its real estate operating expenses.

The revenues, net operating income and assets for the Company's reportable segment as of and for the three and nine month periods ending September 30, 2002 and 2001 are summarized as follows:

10. New Accounting Pronouncements

In July 2001, the Financial Accounting Standards Board (FASB) issued Financial Accounting Standards (FAS) No. 141, "Business Combinations" and FAS No. 142, "Goodwill and Other Intangible Assets" which provide guidance on how entities are to account for business combinations and for the goodwill and other intangible assets that arise from those combinations or are acquired otherwise. The adoption of this standard on January 1, 2002 did not have an impact on the Company's consolidated financial statements. FAS 142 requires that goodwill no longer be amortized, but instead be tested for impairment at least annually. As of the date of adoption, the company had unamortized goodwill of approximately \$899,000. Amortization expense related to such goodwill was approximately \$36,000 for the year ended December 31, 2001.

The following presents the prior year results as if the provisions of FAS 141 had been adopted in 2001:

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with all of the consolidated financial statements and notes thereto included in Item 1 of this report as well as the Company's Annual Report on Form 10-K for the year ended December 31, 2001.

General

The Company was formed on June 18, 1999 under the Delaware Revised Uniform Limited Partnership Act for the purpose of acquiring, holding, operating, selling and otherwise dealing primarily with multifamily residential properties, including the acquisition of debt and equity securities of entities engaged in similar activities.

The Company began operations on December 31, 2000 when it merged with two prior limited partnerships, with the Company being the surviving entity. The Company's business objectives are to: (i) provide increased cash distributions to investors; (ii) provide a potential for an increase in net asset value; and (iii) provide enhanced liquidity and market value of its units. Management's strategy to meet these objectives includes acquiring investments in multifamily residential properties and acquiring securities of other entities engaged in similar real estate business.

Since the date of the merger of the Company from the prior limited partnerships, the Company continues to implement its growth strategy of acquiring additional real estate investments. Since such date, the Company has acquired four multifamily real estate properties containing 1,078 units and has acquired control of eight of the ten Operating Partnerships.

On January 1, 2002, the Company acquired full ownership and control of the eight Operating Partnerships. As a result of this acquisition, the Company now owns 100% of the eight Operating Partnerships and presents the results of each as a wholly owned subsidiary from the date of acquisition. Prior to the acquisition, the Company owned only the limited partnership interests of the eight Operating Partnerships, which ranged from 98.99%-99.99%. The presentation of the real estate operations on a consolidated basis provides a more meaningful understanding of the Company's business and financial results, and the pro forma effects of this transaction for the prior year comparable period are also discussed herein to facilitate a complete understanding of the Company's financial results.

Effective August 1, 2002, the general partner of Water's Edge Ltd. was removed, to be replaced by the Company. The general partner is contesting the matter and refuses to acknowledge the removal. The matter is presently in litigation. As a result, the Company has continued to account for Water's Edge as an equity method investment at September 30, 2002, and not has a fully-owned consolidated real estate investment, until such matter is resolved.

As a result of the acquisition of the general partner interests of the Operating Partnerships, and the property acquisitions described below, the Company directly owned 12 multifamily residential properties at September 30, 2002 and continued to own 99% limited partnership interests in two Operating Partnerships, Crane's Landing and Water's Edge Apartments, for a total of 14 multifamily residential properties.

On March 26, 2002, the Company acquired the Glades Apartments, a 360 unit apartment property located in Jacksonville, Florida. The \$15.2 million acquisition was financed through the assumption of bonds payable of \$8.8 million and cash of approximately \$6.4 million.

AMERICA FIRST REAL ESTATE INVESTMENT PARTNERS, L.P. AND SUBSIDIARIES

On September 19, 2002, the Company acquired the Lakes of Northdale Apartments, a 216 unit apartment property located in Tampa, Florida. The \$12.4 million acquisition was financed through the assumption of bonds payable of \$9.6 million and cash of approximately \$2.8 million.

The following table sets forth certain information regarding the Company's investment in real estate at September 30, 2002:

⁽³⁾ Company owns 99% of this property via its 99% ownership of the Operating Partnership.

⁽⁴⁾ Information is not available to the Company due to the recent acquisition of this property.

Results of Operations

The Company's operating results depend primarily on the net operating income generated by its multifamily properties. Net operating income represents rental revenues less real estate operating expenses and is substantially influenced by supply of and demand for apartment units and operating expenses. Starting in 2001, the national economy, as well as markets in which certain of the Company's properties operate, experienced a general downturn. This downturn has had an effect on the net rental revenue and occupancy levels of the Company's properties. The Company has also experienced an increase in operating expenses due to significant increases in insurance costs and increased costs to rent vacant apartments. In addition, home ownership has become a reality to many of the Company's prospective tenants due to record low mortgage interest rates causing additional tenant competition. As a result of these factors, the Company has experienced an overall net decline in rental income and a net increase in rental expenses, although low interest rates have had a positive effect on interest expense incurred on short term and variable-rate borrowings.

AMERICA FIRST REAL ESTATE INVESTMENT PARTNERS, L.P. AND SUBSIDIARIES

Three Months Ended September 30, 2002 Compared to Three Months Ended September 30, 2001

The Company directly owned one property during the comparable period of 2001 and earned \$165,378 of rental income during this period. On a pro forma basis, the Company's rental income increased \$1,301,080 or 44% for the third quarter of 2002 compared to the third quarter of 2001. Equity in the earnings of Operating Partnerships decreased \$324,592 for the three months ended September 30, 2002 compared to the three months ended September 30, 2001. Mortgage-backed securities income decreased \$851,638 or 72% for the third quarter of 2002 compared to the third quarter of 2001 as a result of the acquisition of the general partners of eight of the Operating Partnerships and the related elimination entries during consolidation. The GNMA Certificates and the related interest income and interest expense, backed by first mortgage loans on Monticello Apartments, The Ponds at Georgetown, Waterman's Crossing and Misty Springs Apartments, are eliminated in the consolidation process of the Company's consolidated financial statements. The GNMA Certificates provide the Company with the guarantee by GNMA as to the full and timely payment of principal and interest on the underlying loans. On a pro forma basis, mortgage-backed securities income decreased \$280,315 or 46% for the third quarter of 2002 compared to the third quarter of 2001, due to the repayment of the FHA loans during 2001.

Interest income on cash and cash equivalents decreased \$28,223 or 36% for the third quarter of 2002 compared to the same period in 2001 due to a decrease in the average balance of such investments and the decrease in interest rates earned thereon. The average annualized interest rate earned on cash and cash equivalents was 1.74% for the third quarter of 2002, compared to 3.4% for the third quarter of 2001.

Dividend income from the Company's investment in corporate equity securities increased \$70,275 for the quarter ended September 30, 2002 compared to the third quarter of 2001 due to additional acquisitions during the last quarter of 2001 and the first three quarters of 2002.

The Company incurred real estate operating expenses of \$2,291,605 during the third quarter of 2002, which is attributable to: (i) the 2001 acquisitions of Brentwood Oaks Apartments and Huntsview Apartments; (ii) the 2002 acquisitions of The Glades Apartments and the Lakes of Northdale Apartments; and (iii) the January 1, 2002 acquisition of the general partner interests in eight of the Operating Partnerships which allowed the Company to consolidate their operations with the Company. On a pro forma basis, real estate operating expenses increased \$818,267 or 56% for the third quarter of 2002 compared to the third quarter of 2001. This increase is primarily due to the acquisitions Huntsview Apartments during 2001, and the acquisitions of The Glades Apartments and the Lakes of Northdale Apartments during 2002.

AMERICA FIRST REAL ESTATE INVESTMENT PARTNERS, L.P. AND SUBSIDIARIES

The Company incurred depreciation expense of \$811,920 during the third quarter of 2002, which is attributable to: (i) the 2001 acquisitions of Brentwood Oaks Apartments and Huntsview Apartments; (ii) the 2002 acquisitions of The Glades Apartments and the Lakes of Northdale Apartments; and (iii) the January 1, 2002 acquisition of the general partner interests in eight of the Operating Partnerships. On a pro forma basis, depreciation expense increased \$475,952 during the third quarter of 2002 compared to the third quarter of 2001. This increase is attributable to the 2001 acquisition of Huntsview Apartments and the 2002 acquisitions of The Glades Apartments and the Lakes of Northdale Apartments.

The Company incurred amortization expense on debt financing costs of \$16,521 for the three months ended September 30, 2002. During the three months ended September 30, 2001, the Company directly owned only one property and incurred amortization expense of \$4,131 during the period. On a pro forma basis, amortization expense decreased \$8,077 during the third quarter of 2002 compared to the third quarter of 2001, which is attributable to the refinancing of the Brentwood Oaks bonds payable which extended the term of the bonds to 2031 and extended the term over which the related debt financing costs are amortized.

The Company incurred interest expense of \$753,590 during the three months ended September 30, 2002 as follows: (i) \$542,304 on its bonds and mortgages payable; (ii) \$24,537 on Notes payable which originated in connection with the Merger; and (iii) \$186,749 on the Company's repurchase obligations. The interest expense increase on the bonds and mortgages payable is due to an increase in bonds and mortgages payable outstanding from: (i) the January 1, 2002 acquisition of the general partner interests in eight of the Operating Partnerships; (ii) the 2002 acquisitions of The Glades Apartments and the Lakes of Northdale Apartments; and (iii) the 2001 acquisitions of Brentwood Oaks Apartments and Huntsview Apartments. The increase in the repurchase agreement interest expense is due to an increase in the outstanding borrowings under repurchase agreements. The decrease in interest expense of the Notes payable is due to a decline in the variable rate on which such interest is calculated.

General and administrative expenses decreased \$25,960 for the third quarter of 2002 compared to the same period in 2001. This decrease is primarily attributable to decreases in payroll expenses and servicing fees.

The increase in the repurchase agreement interest expense is due to an increase in the

AMERICA FIRST REAL ESTATE INVESTMENT PARTNERS, L.P. AND SUBSIDIARIES

outstanding borrowings under repurchase agreements. The decrease in interest expense of the Notes payable is due to a decline in the variable rate on which such interest is calculated.

General and administrative expenses increased \$58,212 for the first three quarters of 2002 compared to the same period in 2001. This is primarily attributable to increases in asset management fees related to the acquisition of Huntsview Apartments in 2001 and the 2002 acquisitions of The Glades Apartments and the Lakes of Northdale.

Funds From Operations

The Company's funds from operations ("FFO") increased \$109,582 or 9% to \$1,345,765 for the third quarter of 2002, compared to \$1,236,183 for the same period in 2001, which is attributable to acquisitions of investment in real estate.

FFO increased \$790,359 or 22% to \$4,310,455 for the first nine months of 2002, compared to \$3,520,096 for the same period in 2001, which is attributable to acquisitions of investment in real estate.

The Company computes FFO in accordance with the standards established by the National Association of Real Estate Investment Trusts ("NAREIT") which define FFO as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from debt restructuring and sales of properties, plus real estate related depreciation and amortization (excluding amortization of deferred financing costs) and after comparable adjustments for an entity's portion of these items related to unconsolidated entities and joint ventures. The following table sets forth a reconciliation of the Company's net income as determined under GAAP and its FFO for the three and nine month periods ended September 30, 2002 and 2001:

	For the Three Months Ended <u>Sept. 30, 2002</u>	For the Three Months Ended <u>Sept. 30, 2001</u>	For the Nine Months Ended <u>Sept. 30, 2002</u>	For the Nine Months Ended <u>Sept. 30, 2001</u>
Net income	\$ 471,244	\$ 1,021,855	\$ 1,804,995	\$ 2,950,767
Depreciation expense	811,920	36,795	2,317,657	36,795
Operating Partnership depreciation expense	<u>62,601</u>	<u>177,533</u>	<u>187,803</u>	<u>532,534</u>
Funds from operations	<u>\$ 1,345,765</u>	<u>\$ 1,236,183</u>	<u>\$ 4,310,455</u>	<u>\$ 3,520,096</u>

Although the Company considers FFO to be a key measure of its performance, FFO should not be considered as an alternative to GAAP net income as an indication of the Company's financial performance. In addition, FFO does not represent cash generated from operating activities determined by GAAP and should not be considered as an alternative thereto as a measure of the Company's liquidity or as an indicator of the funds available to the Company to meet its cash needs, including its ability to make cash distributions. The Company's FFO may include funds that are unavailable for discretionary use due to requirements to conserve funds for capital expenditures, property acquisitions and other commitments and uncertainties. FFO reported by the Company may not be comparable to FFO reported by other entities that do not calculate FFO in accordance with the NAREIT definition or which interpret the NAREIT definition differently than the Company.

Liquidity and Capital Resources

The Company's net cash generated by operating activities increased to \$3,761,457 for the nine months ended September 30, 2002 compared to \$1,948,413 for the nine months ended September 30, 2001, principally due to real estate acquisitions. Net cash used in investing activities increased to \$10,445,476 for the nine months ended September 30, 2002 compared to \$3,928,292 for the nine months ended September 30, 2001 due to the acquisition of the Glades Apartments and the Lakes of Northdale Apartments and purchases of corporate equity securities during the first nine months of 2002. The Company's net cash provided by financing activities increased to \$13,233,095 for the nine months ended September 30, 2002 compared to \$3,533,884 for the nine months ended September 30, 2002, due to an increase in proceeds from borrowings under repurchase agreements and the special distributions made in the first quarter of 2001.

The amount of operating cash generated by the Company is substantially dependent on the net rental revenues generated by the properties. Net rental revenues from a multifamily apartment complex depend on the rental and occupancy rates of the property and on the level of operating expenses. Occupancy rates and rents are directly affected by the supply of, and demand for, apartments in the market areas in which a property is located. This, in turn, is affected by several factors, such as: local or national economic conditions, the amount of new apartment construction and interest rates on single-family mortgage loans. In addition, factors such as government regulation (such as zoning laws), inflation, real estate and other taxes, labor problems and natural disasters can affect the economic operations of a property.

The Company believes that cash provided by its real estate investments and investment income from its GNMA's and other investments, supplemented, if necessary, by cash-on-hand, will be adequate to meet its projected short-term and long-term liquidity requirements. The Company's primary uses of cash are: (i) the payment of distributions to Unit holders; (ii) debt service; (iii) payment of operating expenses; and (iv) the acquisition of additional real estate investments.

		Per Unit	
		Nine Months Ended	Nine Months Ended
		September 30, 2002	September 30, 2001
Regular distributions	\$	0.4875	\$ 0.3000
Special distributions in conjunction with Merger		-	0.5100
Total distributions	\$	<u>0.4875</u>	<u>0.8100</u>

The Company's growth strategy includes the acquisition of additional multifamily residential properties as well as debt and equity securities of entities engaged in similar activities, which will be funded from available cash and short-term investments, and from: (i) borrowing against or sale of the existing properties; (ii) borrowing against or sale of the GNMA Certificates; and (iii) borrowing against the additional properties acquired by the Company. The Company may also use additional sources of financing, both debt and equity, to further its business objectives and investment strategies.

During January 2002, the Company renewed a repurchase agreement, borrowing against its Crane's Landing GNMA Certificate in the amount of \$9,500,000. The repurchase agreement bears interest at a fixed rate of 2.28% per annum and matures on January 21, 2003.

AMERICA FIRST REAL ESTATE INVESTMENT PARTNERS, L.P. AND SUBSIDIARIES

During March 2002, the Company borrowed \$5,000,000 against its Monticello Apartments GNMA Certificate through the utilization of a repurchase agreement. The repurchase agreement bears interest at a fixed rate of 2.83% per annum and matures on March 12, 2003.

During June 2002, the Company renewed a repurchase agreement, borrowing against its Ponds at Georgetown GNMA Certificate in the amount of \$6,975,000. The repurchase agreement bears interest at a fixed rate of 2.28% per annum and matures on June 26, 2003.

During August 2002, the Company borrowed \$10,000,000 against its Waterman's Crossing Apartments GNMA Certificate through the utilization of a repurchase agreement. The repurchase agreement bears interest at a fixed rate of 1.82% per annum and matured on October 15, 2002.

During September 2002, the Company borrowed \$3,000,000 against its Water's Edge Apartments GNMA Certificate through the utilization of a repurchase agreement. The repurchase agreement bears interest at a fixed rate of 1.81% per annum and matured on October 17, 2002. On that date, the agreement was increased by \$1,000,000 and extended for one month to mature on November 17, 2002.

During March 2002, the Company assumed \$8,865,000 in bonds payable in connection with the acquisition of The Glades Apartments. The bonds bear interest at a fixed rate of 6.10% per annum and matured on October 1, 2002. In September 2002, the Company refinanced \$8,775,000 of bonds payable secured by The Glades Apartments. The bonds now bear interest at a variable rate which approximated 2.25% at September 30, 2002 and mature on October 1, 2012.

During September 2002, the Company assumed \$9,610,000 in bonds payable in connection with the acquisition of the Lakes of Northdale Apartments. The bonds bear interest at a variable rate which approximated 2.25% at September 30, 2002 and mature on August 15, 2012.

Forward Looking Statements

This report contains forward looking statements that reflect management's current beliefs and estimates of future economic circumstances, industry conditions, the Company's performance and financial results. All statements, trend analysis and other information concerning possible or assumed future results of operations of the Company and the real estate investments it has made (including, but not limited to, the information contained in "Management's Discussion and Analysis of Financial Condition and Results of Operations"), constitute forward looking statements. Unit holders and others should understand that these forward looking statements are subject to numerous risks and uncertainties, and a number of factors could affect the future results of the Company and could cause those results to differ materially from those expressed in the forward looking statements contained herein.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company's primary market risk exposure is interest rate risk. The Company's exposure to market risk for changes in interest rates relates primarily to its long and short-term borrowings used to fund expansion of the Company's real estate portfolio and its variable rate Notes payable.

Interest rate risk is highly sensitive to many factors, including governmental, monetary and tax policies, domestic and international economic and political considerations and other factors beyond the Company's control. The Company's interest rate risk management objective is to limit the impact of interest rate changes on

AMERICA FIRST REAL ESTATE INVESTMENT PARTNERS, L.P. AND SUBSIDIARIES

earnings and cash flows and lower its overall borrowing costs. To achieve its objectives, the Company borrows primarily at fixed rates and may enter into derivative financial instruments, such as interest rate caps, in order to mitigate its interest rate risk. The Company does not enter into derivative instrument transactions for speculative purposes.

At September 30, 2002, approximately 61% of the Company's borrowings consisted of fixed-rate financing. The remaining 39% consisted of variable-rate financing. Variations in interest rates affect the Company's cost of borrowing on its variable-rate financing. The interest rates payable by the Company on these obligations increase or decrease with certain index interest rates. If the Company's borrowing costs increase, the amount of cash available for the payment of Company expenses and for distribution to Unit holders will decrease.

The following tables provide information at September 30, 2002 regarding the Company's financial instruments sensitive to interest rate risk:

Fixed-Rate Borrowings			Variable-Rate Borrowings		
Maturity	Principal Amount	Weighted Average Interest Rate	Maturity	Principal Amount	Weighted Average Interest Rate ⁽¹⁾
2002	\$ 16,920,390	2.26%	2002	\$ -	-
2003	21,630,825	2.44%	2003	-	-
2004	163,640	6.29%	2004	-	-
2005	176,796	6.29%	2005	-	-
2006	188,411	6.29%	2006	-	-
Thereafter	12,531,156	6.33%	Thereafter	33,204,008 ^{(2), (3)}	2.41%
	<u>\$ 51,611,218</u>			<u>\$ 33,204,008</u>	

⁽¹⁾ For the nine months ended September 30, 2002.

⁽²⁾ The bonds payable secured by The Glades Apartments of \$8,775,000 matured and were refinanced on September 27, 2002. The refinanced bonds payable now bear interest at a variable rate, versus the previous fixed rate of 6.10%, and mature on October 1, 2032. The variable rate is based upon a weekly reset, highly rated bond composite which was approximately 2.25% at September 30, 2002 and is capped at 7.5%.

⁽³⁾ The bonds payable secured by the Lakes of Northdale Apartments of \$9,610,000 were assumed on September 19, 2002, and also bear a variable rate of interest which was approximately 2.25% on September 30, 2002 and is capped at 7.3%.

As the above tables incorporate only those positions or exposures that existed as of September 30, 2002, it does not consider those exposures or positions that could arise after that date. The Company's ultimate economic impact with respect to interest rate fluctuations will depend on the exposures that arise during the period, and the Company's risk mitigating strategies at that time.

Item 4. Controls and Procedures

(a) Evaluation of disclosure controls and procedures. The Company's Principal Executive Officer and Principal Financial Officer have reviewed and evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Exchange Act Rules 240.13a-14(c) and 15d-14(c)) as of a date within ninety days before the filing date of this quarterly report (the "Evaluation Date").
