Item 2. Acquisition or Disposition of Assets.

On August 1, 2001, Tweeter Home Entertainment Group, Inc. ("Tweeter") completed a merger with Sound Advice, Inc., a Florida corporation ("Sound Advice"). The merger was effected by TWT Acquisition Corp., a Florida corporation and a wholly-owned subsidiary of Tweeter, merging with and into Sound Advice. As a result of the merger, Sound Advice became a wholly-owned subsidiary of Tweeter.

At the effective time of the merger, each outstanding share of Sound Advice common stock was converted into the right to receive one share of Tweeter common stock, resulting in Tweeter issuing an aggregate of 4,355,995 shares of Tweeter common stock in exchange for the 4,355,995 shares of Sound Advice common stock outstanding at the effective time. The shares of Tweeter common stock were issued pursuant to a Registration Statement on Form S-4 filed with the Securities and Exchange Commission, which became effective on June 27, 2001. In connection with the merger, Tweeter repaid outstanding debt of Sound Advice in the aggregate principal amount, plus accrued interest, of approximately \$22,086,000 and made change of control and severance payments to members of Sound Advice's management aggregating

approximately \$6,925,000. The payments were made from funds drawn under Tweeter's existing \$75 million credit agreement with Fleet National Bank.

Also upon the effective time of the merger, each outstanding option to purchase shares of Sound Advice common stock under Sound Advice's Amended and Restated 1999 Stock Option Plan and Second Amended and Restated 1986 Stock Option Plan, whether or not exercisable or vested, became fully exercisable and vested, and was exchanged for fully exercisable and vested options to purchase that number of shares of Tweeter common stock equal to the number of shares subject to such Sound Advice option. The stock options issued by Tweeter have an exercise price equal to the original exercise price for Sound Advice stock options for which they were exchanged.

The merger with Sound Advice is intended to qualify as a tax-free reorganization under Section 368 of the Internal Revenue Code of 1986, as amended. Tweeter will account for the transaction under the purchase method of accounting. The terms of the merger are more fully described in the Agreement and Plan of Merger dated as of June 1, 2001 filed as an exhibit to Tweeter's Current Report on Form 8-K filed with the Securities and Exchange Commission on June 8, 2001 and incorporated by reference herein.

Tweeter's press release announcing the completion of the merger is filed as an exhibit to this Current Report on Form 8-K and is incorporated by reference into this Item 2.

Item 7. Financial Statements and Exhibits

- (a) Financial Statements of Business Acquired.

**INDEPENDENT AUDITORS' REPORT**

The Board of Directors and Shareholders  
Sound Advice, Inc.:

We have audited the accompanying consolidated balance sheets of ;Sound Advice, Inc. and subsidiaries (the "Company") as of January 31, 2001 and 2000, and the related consolidated statements of income, shareholders' equity and cash flows for each of the years in the three-year period ended January 31, 2001. In connection with our audits of the consolidated financial statements, we also have audited the accompanying financial statement schedule on valuation and qualifying accounts. These consolidated financial statements and financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements and financial statement schedule based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Sound Advice, Inc. and subsidiaries as of January 31, 2001 and 2000, and the results of their operations and their cash flows for each of the years in the three-year period ended January 31, 2001 in conformity with accounting principles general accepted in the United States of America. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

## SOUND ADVICE, INC. AND SUBSIDIARIES

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

January 31, 2001 and 2000

#### (1) Description of Business and Summary of Significant Accounting Policies

##### *(A) Description of Business*

Sound Advice, Inc. and subsidiaries (the "Company") operate in a single-business segment, which is the retailing and servicing of home and car audio systems, projection and conventional view television, video products, personal electronics, home entertainment furniture, custom design and installation services, repair services and accessories. The Company operates 24 Sound Advice stores, five Bang & Olufsen stores and one Electronic Interiors store in Florida. Additionally, the Company operates two Showcase Home Entertainment stores in Scottsdale and Chandler, Arizona and one home theater showroom located in The Great Indoors store in Scottsdale.

##### *(B) Principles of Consolidation*

The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. All significant intercompany balances and transactions have been eliminated in consolidation.

##### *(C) Receivables*

Receivables from vendors consist of cooperative advertising and other amounts earned based on market development agreements along with various promotional and other advertising incentive programs. The funds received under these programs are determined based upon specific agreements with the vendors and/or the inclusion of the vendors' products in the Company's advertising and promotional programs. Once earned, the funds are recorded as a reduction of advertising expense. Also included in receivables from vendors are amounts due for warranty repairs. Trade receivables consist primarily of amounts due from custom design accounts and credit card and finance companies resulting from customer purchases.

##### *(D) Inventories*

Merchandise and service parts inventories are stated at the lower of cost or market. Cost is determined using a moving average, which approximates the first-in, first-out method, and is recorded net of volume and purchase discounts and rebates.

##### *(E) Property and Equipment*

Property and equipment are stated at cost. Depreciation and amortization are provided over the following estimated useful lives using the straight-line method.

Description	Years
Building	30
Furniture and equipment	3 to 7
Leasehold improvements	15 or term of lease, if shorter
Display fixtures	3 to 7
Vehicles	3 to 5

##### *(F) Goodwill*

Goodwill, which represents the excess purchase price over fair value of net assets acquired, is amortized on a straight-line basis over the expected periods to be benefited, 10 to 15 years. The Company assesses the recoverability of intangible assets by determining whether the amortization of the intangible

## SOUND ADVICE, INC. AND SUBSIDIARIES

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

asset balance over its remaining life can be recovered through undiscounted future operating cash flows of the acquired operation. The amount of impairment, if any, is measured based on projected discounted future operating cash flows using a discount rate commensurate with the risk of the acquired business. The assessment of the recoverability of intangible assets will be impacted if estimated future operating cash flows are not achieved. Goodwill is presented net of accumulated amortization of approximately \$437,000 and \$290,000 as of January 31, 2001 and 2000, respectively. Goodwill amortization expense for the years ended January 31, 2001, 2000 and 1999, approximated \$147,000, \$31,000 and \$24,000, respectively.

#### *(G) Income Taxes*

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

#### *(H) Self-Insurance Accruals*

The Company was self-insured beginning January 1, 1998, up to certain limits, for workers' compensation benefits and, accordingly, has accrued unpaid claims and associated expenses, including incurred, but not reported losses.

#### *(I) Revenue Recognition*

The Company recognizes revenues from the sale of merchandise at the time the merchandise is delivered. Service revenues are recognized at the time the service is provided. The Company offers extended warranty service contracts on behalf of an unrelated third party. The Company recognizes net commission revenues for extended warranty service contracts sold as these contracts are sold on a nonrecourse basis to the Company. The Company includes proceeds from the sale of extended warranty contracts less the amounts due to the third party for the cost of such contracts in net sales at the time of sale as the earnings process has been completed. Net revenue from warranty contract sales represented approximately 2 percent of consolidated net sales for the years ended January 31, 2001, 2000 and 1999.

#### *(J) Extended Warranty Service Contracts and Sales Incentive Program*

Prior to March 1993 and from July 1994 through May 1997, the Company, subject to certain conditions, offered the purchasers of extended warranty service contracts the right to apply the sales price of the contract towards future purchases of merchandise if the purchaser did not utilize the warranty contract during its term. Non-utilized warranty contracts are generally redeemable for a 60-day period after expiration of the contract. The term of the extended warranty service contracts is from one to five years. Effective June 1, 1997, the Company discontinued offering this program on future purchases. The total amount of extended warranty service contracts sold from July 1990 through February 1993 and July 1994 through May 1997 was approximately \$21 million and \$27 million, respectively. The Company records a liability at the time of sale for the estimated amount of future redemptions under this program. The overall redemption rate for the years ended January 31, 2001, 2000 and 1999 were approximately 8 percent, 4 percent and 7 percent of the value of the contracts issued, respectively. Such liability is based on estimates and, while management believes that such amounts are adequate, there can be no assurance that changes to management's estimates may not occur due to limitations inherent in the estimation process. Changes in the estimates are charged or credited to income in the period determined. Amounts

## SOUND ADVICE, INC. AND SUBSIDIARIES

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

estimated to be paid within one year have been classified as accrued liabilities with the remainder included in other liabilities and deferred credits. As of January 31, 2001 and 2000, the liability for estimated redemptions approximated \$269,000 and \$467,000, respectively. Amounts charged against the liability for redemptions approximated \$198,000 and \$376,000 for the years ended January 31, 2001 and 2000, respectively.

#### *(K) Advertising*

The Company expenses advertising costs as incurred. Advertising expense is recorded net of funds received from market development agreements, vendor advertising incentives and promotional programs. Advertising expense, net, for the years ended January 31, 2001, 2000 and 1999, approximated \$2.2 million, \$2.9 million and \$3.6 million, respectively.

#### *(L) Use of Estimates*

Management of the Company has made a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these consolidated financial statements in conformity with generally accepted accounting principles. Actual results could differ from those estimates.

#### *(M) Financial Instruments and Concentration of Risk*

The carrying amount of cash, receivables, borrowings under the revolving credit facility and trade accounts payable approximates fair value because of the short maturity of these instruments. The fair value of the Company's long-term debt is estimated by discounting the future cash flows of each instrument at rates currently offered to the Company for similar debt instruments of comparable maturities by the Company's bankers, and approximates the carrying value.

Financial instruments which potentially expose the Company to concentrations of credit risk consist principally of vendor receivables. Although credit risk is affected by conditions and occurrences in the industry, the Company reviews the credit risk of specific vendors, historical trends and other information. Three and two vendors accounted for 48 percent and 45 percent of the Company's vendor receivables as of January 31, 2001 and 2000, respectively. The Company estimates an allowance for doubtful accounts based on the credit risk and payment trends of the vendor and customer. An adverse change in these factors would affect the Company's estimate of doubtful accounts.

The Company is a specialty retailer in Florida and Arizona with a focus on upscale electronics and is a primary distributor in its markets for certain products. Although competitive sources of supply are available for most of its products, the loss of a source for which the Company is a primary distributor could have an adverse impact on the Company. The Company would most likely be able to replace these products, but such replacement products may not be widely available in all markets. Five vendors accounted for 56 percent, 53 percent and 53 percent of the Company's purchases during each of the years ended January 31, 2001, 2000 and 1999. The loss of one of these vendors could have an adverse impact on the Company. The Company's principal competitors include other retailers, department and discount stores, mass merchandisers, catalog showrooms and specialty stores. Many of the Company's competitors are national in scope and have greater financial resources than the Company.

#### *(N) Impairment of Long-Lived Assets and Long-Lived Assets to be Disposed of*

The Company accounts for long-lived assets in accordance with the provisions of Statement of Financial Accounting Standards ("SFAS") No. 121, "Accounting for the Impairment of Long-Lived Assets and Long-Lived Assets to Be Disposed Of." This Statement requires that long-lived assets and

# SOUND ADVICE, INC. AND SUBSIDIARIES

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

certain identifiable intangibles be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell.

### (O) Stock-Based Compensation Plan

Stock-based compensation is recognized in accordance with the provisions of Accounting Principles Board (“APB”) Opinion No. 25, “Accounting for Stock Issued to Employees,” and related interpretations. As such, compensation expense is recorded on the date of grant only if the current market price of the underlying stock exceeds the exercise price. For disclosure purposes, pro forma net income and pro forma earnings per share are provided as if the fair value based method defined in SFAS No. 123, “Accounting for Stock-Based Compensation,” had been applied.

### (P) Earnings Per Share

Basic earnings per share is computed by dividing income available to common shareholders by the weighted-average number of common shares outstanding during the period. Diluted earnings per share is computed by dividing income available to common shareholders by the weighted-average number of common shares outstanding during the period increased to include the number of additional common shares that would have been outstanding if the dilutive potential common shares had been issued. The dilutive effect of outstanding options is reflected in diluted earnings per share by application of the treasury stock method.

	2001	2000	1999
Basic:			
Weighted average common shares outstanding	3,830,559	3,745,999	3,729,519
Diluted:			
Weighted average common shares outstanding	3,830,559	3,745,999	3,729,519
Dilutive effect of options and warrants	526,443	477,685	235,814
Weighted average common shares outstanding — diluted	4,357,002	4,223,684	3,965,333

Outstanding options to purchase 222,000 shares of common stock at \$8.00 per share were not included in the computation of diluted earnings per share for the year ended January 31, 2000 because the exercise price of the options was greater than the average market price of common shares for the year.

Warrants to purchase 306,335 shares of common stock at \$8.70 per share expired on June 14, 1999 and were not included in the computation of diluted earnings per share for the years ended January 31, 2000 and 1999 because the warrants exercise prices were greater than the average market price of common shares for each year.

### (Q) Recent Accounting Pronouncements

In March 2000, the Financial Accounting Standards Board (“FASB”) issued FASB interpretation (“FIN”) 44, “Accounting for Certain Transactions Involving Stock Compensation,” which clarifies the application of APB Opinion No. 25 for certain issues. The interpretation was effective July 1, 2000, except for the provisions that relate to modifications that directly or indirectly reduce the exercise price of an

award and the definition of an employee, which were effective after December 15, 1998. The adoption of FIN 44 did not have an effect on the Company's consolidated financial position, results of operations or cash flows.

In December 1999, the Securities and Exchange Commission issued Staff Accounting Bulletin No. ("SAB") 101, "Revenue Recognition in Financial Statements" and amended it in March and June 2000. Adoption of SAB 101, in the fourth quarter of 2001, did not have an impact on the Company's consolidated financial position, results of operations or cash flows.

In June 1999, the FASB issued SFAS No. 137, "Accounting for Derivative Instruments and Hedging Activities — Deferral of the Effective Date of FASB Statement No. 133" which amended SFAS 133 to change the effective date to fiscal quarters of fiscal years beginning after June 15, 2000. SFAS No. 133 requires companies to recognize all derivative contracts as either assets or liabilities in the balance sheet and to measure them at fair value. The Company adopted SFAS 133 on February 1, 2001. Adoption of SFAS No. 133 did not have an impact on the Company's consolidated financial position, results of operations or cash flows.

##### (A) Revolving Credit Facility

In December 1997, the Company amended and extended its loan and security agreement for a revolving line of credit facility with its existing lender through July 31, 2001. The terms of the agreement were amended to allow the Company to borrow, repay and reborrow up to \$25 million, based upon a borrowing base equal to the lesser of 70 percent of eligible inventory (as defined) at cost or 55 percent of eligible inventory at retail selling price. The availability under the facility is reduced by outstanding letters of credit. The revolving credit facility bears interest on the outstanding balance at prime plus 1 percent and allows for a LIBOR pricing option for one-, two-, three- or six-month periods at 2.5 percent over the corresponding LIBOR rate for the respective period. The Company pays a monthly fee based upon the unused portion of the commitment less \$5 million at 0.375 percent per annum. The Company is obligated for an additional commitment fee of \$50,000 per annum.

The amended loan and security agreement contains various affirmative and negative covenants requiring the Company to maintain minimum ratios of current assets to current liabilities, working capital requirements and limits cumulative net losses from and after October 1, 1997. The amended loan and

security agreement also limits the incurrence of additional debt, liens, capital expenditures, acquisitions and investments and prohibits cash dividends and the repurchase of capital stock. Borrowings under the revolving credit facility are collateralized by the Company's assets, including depository accounts, receivables, inventory, property and equipment and intangible assets. The Company's borrowings balance under the line of credit facility were approximately \$18,141,000 and \$7,310,000 at January 31, 2001 and 2000, respectively.

The effective interest rate on the outstanding loan balance under the financing arrangement in effect as of January 31, 2001 and 2000 was 9.1 percent and 10.4 percent, respectively. In April 2001, the Company amended and extended its loan and security agreement for a revolving line of credit facility with its existing lender through July 31, 2004. The terms of the agreement were amended to allow the Company to borrow, repay, and reborrow up to \$40 million, based upon a borrowing base equal to the lesser of 70 percent of eligible inventory (as defined) at cost or 55 percent of eligible inventory at retail selling price. The availability under the facility is reduced by outstanding letters of credit. The revolving credit facility bears interest on the outstanding balance at prime plus .5 percent and allows for a LIBOR pricing option for one-, two-, three- or six-month periods at 2 percent over the corresponding LIBOR rate for the respective period. The Company pays a monthly fee based upon the unused portion of the commitment which varies upon the average outstanding loan balance at .375 percent per annum. The Company incurred a renewal and amendment fee of \$100,000.

The amended loan and security agreement contains various affirmative and negative covenants requiring the Company to maintain a quarterly calculation of minimum EBITDA based on trailing 12 months performance. The amended loan and security agreement also limits the incurrence of additional debt, liens, capital expenditures, acquisitions and investments, and prohibits cash dividends and the repurchase of capital stock.

### (B) Long-Term Debt

Long-term debt consists of the following:

	2001	2000
Note payable in monthly installments of \$161,242, including interest at 9.96 percent, with the final payment due January 2003 collateralized by property and equipment	\$3,363,424	\$4,880,258
Vehicle loans in monthly installments totaling \$2,406, including interest ranging from 9.4% to 10.2% with the final payments due from March 2003 to June 2004.	65,975	—
Notes payable in monthly installments totaling \$3,117, including interest ranging from 10.7% to 11.3% with the final payments due from October 2004 to December 2004.	77,473	—
Total long-term debt	3,506,872	4,880,258
Less current installments	1,569,569	1,516,834
Long-term debt, excluding current installments	<u>\$1,937,303</u>	<u>\$3,363,424</u>

The aggregate maturities of long-term debt for each of the years subsequent to January 31, 2001 are approximately: 2002, \$1,570,000; 2003, \$1,873,000; 2004, \$41,000; and 2005, \$23,000. The master security agreement for the note payable due January 2003 contains various affirmative and negative covenants requiring the Company to maintain minimum ratios of current assets to current liabilities, working capital requirements and limits cumulative net losses from and after October 1, 1997. The master security agreement also limits the incurrence of additional debt, liens, capital expenditures, acquisitions and investments, and prohibits cash dividends and the repurchase of capital stock.

	<hr/>	<hr/>
Net deferred tax asset	\$3,609,456	\$3,403,552
	<hr/>	<hr/>

The valuation allowance for deferred tax assets of January 31, 2001 and 2000 was \$0. The net change in the total valuation allowance for the years ended January 31, 2000 and 1999, was a decrease of \$3,258,830 and an increase of \$817,766, respectively. The valuation allowance was reduced in the fiscal year 2000 because the Company believes it is more likely than not the deferred tax asset will be realized. In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income, and tax planning strategies in making this assessment. Based upon the level of historical taxable income and projections for future taxable income over the periods which the deferred tax assets are deductible, management believes it is more likely than not the Company will realize the benefits of these deductible differences. The amount of the deferred tax asset considered realizable, however, could be reduced in the near term if estimates of future taxable income are reduced.

### (5) Shareholders' Equity

#### (A) Shareholder Rights Plan

In May 1997, the board of directors adopted a Common Stock Purchase Rights Plan and subsequently declared a dividend distribution of one Common Stock Purchase Right ("Right") on each outstanding share of common stock. As amended in September 2000, each Right has an initial exercise price of \$50 for one share of common stock. Generally, the Rights will be exercisable only if a person or group acquires 15 percent or more of the common stock or announces a tender offer, the consummation of which would result in ownership by a person or group of 15 percent or more of the common stock. Upon such occurrence, each Right (other than Rights owned by such person or group) will entitle the holder to

purchase from the Company the number of shares of common stock having a market value equal to twice the exercise price of the Right. Generally, prior to the acquisition by a person or group of beneficial ownership of 15 percent or more of the common stock, the Rights are redeemable for \$0.001 per Right at the option of the board of directors. The Rights will expire on May 4, 2007. As of January 31, 2001, 3,973,245 Rights were outstanding.

#### *(B) Stock Option Plans*

In September 1999, the board of directors adopted the Company's 1999 Stock Option Plan (the "1999 Plan"), which provides for the issuance of incentive stock options or non-qualified stock options. Under the 1999 Plan, the Company has reserved up to 500,000 shares of common stock for future issuance. The exercise price of incentive stock options shall not be less than the fair-market value per share on the date of grant. The exercise price of any non-qualified stock option shall not be less than 85 percent of the fair-market value per share on the date of grant. For the years ended January 31, 2001 and 2000, the option exercise price represents the fair market value of the underlying share of common stock at the date of grant. The option term may not be longer than ten years. No options may be granted under the 1999 Plan after September 30, 2009.

The Company's original stock option plan (the "1986 Plan") provided for the issuance of either incentive stock options or non-qualified stock options. Under the 1986 Plan, as amended, the Company has reserved up to 750,000 shares of common stock for future issuance. The exercise price provisions of the 1986 Plan are similar to the 1999 Plan. For year ended January 31, 1999, the option exercise price represents the fair-market value of the underlying share of common stock at the date of grant. The option term may not be longer than ten years. In connection with the adoption of the 1999 Plan, the 1986 Plan was superceded. On December 21, 2000, the Company issued 244,500 stock options at an exercise price of \$5.00 per share under the 1999 Plan. These options have a term of ten years expiring on December 21, 2010.

On November 2, 1999, the Company issued 222,000 stock options at an exercise price of \$8.00 per share under the 1999 Plan. These options have a term of ten years expiring on November 2, 2009. On May 18, 1998, the Company issued 10,000 stock options at an exercise price of \$2.86 per share under the 1986 Plan subject to certain vesting criteria. All of these options vested during fiscal year 2000. These options have a term of five years expiring on May 17, 2003.

The Company applies APB Opinion No. 25 in accounting for its stock option plans and, accordingly, no compensation cost has been recognized for its stock options in the consolidated financial statements. Had the Company determined compensation cost based on the fair value at the grant date for its stock options under SFAS No. 123, the Company's net income would have been adjusted to the pro forma amounts approximated:

	2001	2000	1999
Net income:			
As reported	\$4,709,000	\$6,526,000	\$707,000
Pro forma	\$4,036,000	\$5,593,000	\$558,000
Diluted income per share:			
As reported	\$ 1.08	\$ 1.55	\$ 0.18
Pro forma	\$ 0.93	\$ 1.32	\$ 0.14

Pro forma net income reflects only options granted since July 1, 1995. Therefore, the full impact of calculating compensation cost for stock options under SFAS No. 123 is not reflected in the pro forma net income amounts presented above because compensation cost is reflected over the options' vesting period and compensation cost for options granted prior to July 1, 1995 is not considered. The pro forma effect on fiscal year 2001 may not be representative of the pro forma effects on net income for future years. The fair

For the years ended January 31, 2001, 2000 and 1999, the weighted average fair value of options granted during the fiscal year was \$4.55, \$6.11 and \$2.45, respectively.

As of January 31, 2001, the range of exercise prices and weighted-average remaining contractual life of outstanding options was \$1.69 to \$8.00 and 4.7 years, respectively. As of January 31, 2001 and 2000, the number of options exercisable was 1,066,000 and 855,500, respectively, and the weighted-average exercise price of those options was \$3.46 and \$4.65, respectively.

### (6) Employee Benefit Plans

#### (A) Employee Stock Ownership Plan and Trust

Effective as of July 1, 1989, the Company established and adopted an Employee Stock Ownership Plan and Trust (the "ESOP") for all of its employees. Contributions to the ESOP are made at the discretion of the board of directors. No contributions were made during the years ended January 31, 2001, 2000 and 1999.

#### (B) Retirement Savings Plans

The Company offers a 401(k) savings and investment plan (the "401(k) Plan") to employees who meet certain eligibility requirements such as one year of service, 1,000 hours worked during the year and age of 21 years. The Company makes matching contributions to the 401(k) Plan up to a maximum percentage of each participating employee's annual investment. Matching and discretionary contributions to the 401(k) Plan are authorized by the Company's board of directors. Contributions for the years ended January 31, 2001, 2000 and 1999, approximated \$307,000, \$277,000 and \$57,000, respectively.

### (7) Leases

The Company is obligated under a number of noncancelable operating leases for retail store space, distribution and installation centers and certain property and equipment, which expire at various dates through 2014. The retail store leases generally contain provisions for increases based on the Consumer Price Index and contain options for periods of up to 15 years to renew at the then fair rental value.

The Company also has property and equipment under capital leases that expire through 2014. At January 31, 2001 and 2000, the gross amount of property and equipment and related amortization recorded under the capital leases were as follows:

	2001	2000
Building	\$ 684,990	\$684,990
Furniture and equipment	905,545	142,910
	1,590,535	827,900

Present value of minimum capital lease payments	1,419,354	
Less current installments of obligations under capital leases	183,905	
Obligations under capital leases, excluding current installments	\$1,235,449	

The current installments of obligations under capital leases is included in accrued liabilities. Total rental expense under the noncancelable operating leases for the years ended January 31, 2001, 2000 and 1999, was approximately \$8.7 million, \$8.1 million and \$7.3 million, respectively.

### (8) Other Liabilities

Included in accrued liabilities as of January 31, 2001 and 2000 are approximately \$7.1 million and \$4.6 million, respectively, of customer deposits on future sales orders.

Certain store lease agreements provide for scheduled base rental increases over the lease term or provide free-rent periods. The Company recognizes the aggregate rent expense on a straight-line basis over the lease term, and the difference between rent expense on a straight-line basis and the base rental is accrued and included in other liabilities and deferred credits in the consolidated balance sheets. As of January 31, 2001 and 2000, the recorded liability for accrued rent was approximately \$2.2 million and \$2.3 million, respectively.

### (9) Commitments and Contingencies

#### (A) Employment and Severance Agreements

The Company's executive officers have employment agreements providing for minimum base salaries. These agreements expire on January 31, 2002. The employment agreements provide for severance pay benefits under certain conditions, such as if there is a change in control of the Company (as defined), in the amount of three times their base salary plus bonuses earned. Additionally, the Company has entered into agreements with certain other key employees that provide severance pay benefits under certain conditions if there is a change in control of the Company.

#### (B) Bonus Plan

During 1995, the Company implemented a bonus plan for certain managerial positions based upon the annual operating performance of the Company. Under the terms of the bonus plan, bonuses ranging between 10 percent and 25 percent of annual compensation may be earned for achievement of various

levels of targeted operating performance as approved by the board of directors. For the years ended January 31, 2001, 2000 and 1999, approximately \$1,170,000, \$733,000 and \$47,000, respectively, was earned under the plan.

#### *(C) Other*

The Company is a party to various legal actions arising in the normal course of business. It is the opinion of management that the ultimate disposition of these matters will not have a material adverse effect on the Company's financial position or results of operations.

For the year ended January 31, 2001, other income and expense includes a charge of approximately \$561,000 for the termination of a proposed secondary offering and approximately \$695,000 of income from the settlement of certain litigation.

#### **(10) Acquisition and Divestitures**

On October 17, 2000, the Company purchased the assets and assumed certain liabilities of Showcase Home Entertainment of the Southwest, LLC, a Scottsdale, Arizona based retailer of consumer electronics and custom design services. The purchase price for the acquisition was \$5.8 million, of which \$4.6 million was paid in cash and \$1.3 million was paid by issuing 172,851 shares of common stock, plus acquisition fees. The acquisition has been accounted for under the purchase method of accounting. The excess of the purchase price paid over the fair value of net assets acquired of approximately \$6.7 million was recorded as goodwill and will be amortized over 15 years. Under the name Showcase Home Entertainment, the Company operates two upscale showrooms in Scottsdale and Chandler, Arizona, as well as a home theater showroom in the home entertainment department of The Great Indoors home design center located in Scottsdale. The results of operations for Showcase have been included in the consolidated statement of income since the date of the acquisition and are not significant to the fiscal year results. In June 1999, the Company acquired certain assets from a third party for an aggregate purchase price of approximately \$319,000 in cash and other acquisition costs. The aggregate purchase price was allocated to the assets acquired and liabilities assumed, resulting in recognition of goodwill of approximately \$99,000. This transaction was accounted for as a purchase.

In June 1999, the Company sold certain assets for \$794,000 in cash. The Company realized and recorded a loss on the sale of these assets of approximately \$14,000. The assets sold consisted of property and equipment.

### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

#### 1. Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in conformity with instructions to Form 10-Q and, therefore, do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. Certain items included in these statements are based on management estimates. In the opinion of management, the accompanying financial statements contain all adjustments, consisting of normal recurring accruals, necessary to present fairly the financial position of the Company at April 30, 2001 and January 31, 2001 and the statements of income for the three month periods ended April 30, 2001 and 2000 and statements of cash flows for the three month periods ended April 30, 2001 and 2000. The results of operations for the three months ended April 30, 2001 are not necessarily indicative of the operating results expected for the fiscal year ending January 31, 2002. These financial statements should be read in conjunction with the consolidated financial statements and notes thereto contained in the Company's annual report on Form 10-K for the year ended January 31, 2001.

#### 2. Earnings Per Share

Basic earnings per share is computed by dividing net income available to common shareholders by the weighted-average number of common shares outstanding during the period. Diluted earnings per share is computed by dividing income available to common shareholders by the weighted-average number of common shares outstanding during the period increased to include the number of additional common shares that would have been outstanding if the diluted potential common shares had been issued. The diluted effect of outstanding options is reflected in diluted earnings per share by application of the treasury stock method.

### **NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS — (Continued)**

#### **7. Subsequent Event**

On June 1, 2001, the Company entered into an Agreement and Plan of Merger with Tweeter Home Entertainment Group, Inc. ("Tweeter"), providing for the acquisition by Tweeter of all the outstanding common stock of Sound Advice. The Merger is structured as a tax-free exchange for stock and will be accounted for by Tweeter as a purchase. Under the terms of the agreement, each outstanding share of Sound Advice common stock will be converted into Tweeter common stock, at an exchange ratio of 1 for 1 while the five-day average market price for Tweeter common stock two days prior to closing is between \$21 and \$30 per share. If the five-day average market price for Tweeter common stock is above \$30 per share, the exchange ratio will decrease in order to maintain \$30 per share. If the five-day average market price for Tweeter common stock is below \$21 per share, the exchange ratio will increase in order to maintain \$21 per share. Both parties have the right to terminate if the five-day average closing price of Tweeter common stock is below \$18 per share at the time of closing. The transaction, which is expected to close on or about September 1, 2001, is subject to shareholder approval by both companies, any necessary regulatory approvals and other customary closing conditions.

- (1) Tweeter previously acquired 302,500 shares of Sound Advice stock and had accounted for such stock as "available for sale" under SFAS 115 and carried a cost basis of \$1,840. This cost basis has been included in the purchase price computation. These shares have been removed from Sound Advice's outstanding shares extended at Tweeter's initial purchase price.
- (2) Represents professional fees directly associated with the transaction, a component of which included a variable element payable to the seller's advisor that is based on the fair value of Tweeter's stock at the time of closing.
- (3) Tweeter has agreed to pay \$1,900 to Mr. Beshouri and \$725 to Mr. Blumberg as consideration for new noncompetition agreements with Tweeter. Tweeter has also agreed to pay \$640 to each of Messrs. Danielson and O'Neil as consideration for entering into new noncompetition agreements with Tweeter.

- (4) Tweeter has considered a preliminary allocation of purchase price across identifiable intangible asset categories and has tentatively concluded that no other assets can be identified. Purchased leasehold assets will be valued at fair value based on an independent valuation. Tweeter management believes the impact of such valuation will be minimal. Tweeter management also considered valuing customer lists but historical experience has shown that they have little identifiable value and accordingly expects minimal value to be assigned to this category of intangibles. The allocation of the purchase price is subject to change based on the final valuation.
- (5) Severance costs relate to the following individuals: Peter Beshouri—\$1,000, Michael Blumberg—\$800, Kenneth Danielson—\$500, Christopher O’Neil—\$500, Jeffrey Hagg—\$160, and various accounting department severance—\$145.
- (6) The Black-scholes valuation includes the following assumptions:
- Volatility of 94.53% which represents Tweeter’s stock price over the past 365 days
  - Risk Free Interest Rate of 4.76% which represents the current five year treasury bond rate
  - Forfeitures of 0%

The remaining life of the options is based on the period of time from September 1, 2001 (assumed closing date) and the original expiration date of the Sound Advice options.

(B) Reflects the early extinguishment of debt penalty (\$400) net of tax benefit (\$160). This early extinguishment is discussed in Note C below.

(C) Reflects the repayment of Sound Advice debt, as of March 31, 2001. Tweeter is required under its agreement with its bank, to not incur any incremental debt, therefore this transaction will require extinguishment of Sound Advice debt upon consummation of the transaction.

(D) Reflects payments of \$7.0 million to employees in connection with the merger, including \$3.9 million to key executives under non-compete arrangements and \$3.1 million severance costs; and it also includes the accrual for transaction expenses, discussed in Note A.

(E) To reclassify credit card fees from revenue to selling expenses, as they are currently presented net on Sound Advice’s financial statements.

(F) To reclassify Sound Advice’s warehousing costs from selling expenses to cost of sales to conform with Tweeter’s presentation.

(G) To record salary reductions for employees of Sound Advice who have been notified that they will be terminated as a result of the merger.

(H) In June 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards (“SFAS”) No. 142 “Goodwill and Other Intangible Assets”. SFAS No. 142 requires that upon adoption, amortization of goodwill will cease and instead, the carrying value of goodwill will be evaluated for impairment on an annual basis. The amortization provisions apply to goodwill and intangible assets acquired after June 30, 2001. The Sound Advice merger was completed on August 1, 2001 and in accordance with SFAS No. 142 no goodwill amortization expense has been presented in these pro-forma financial statements.

- (I) Eliminate the effects of previously recorded goodwill on Sound Advice's financial statements.
  - (J) To record the effects on interest income (expense) as a result of the paydown of Sound Advice's debt.
  - (K) To record the income tax effect of combining Tweeter's and Sound Advice's results of operations and pro forma adjustments, excluding the impact of nondeductible amounts.
  - (L) Reclassify Sound Advice shares currently held.
  - (M) To record the elimination of Deferred Finance Fees related to the early extinguishment of debt.
  - (N) To record amortization of non-compete agreements. Amortization will be recognized on a straight-line basis over 5 years.
  - (O) To record intangible assets relating to non-compete agreements with key executives of \$3,905 and the related deferred tax impact of \$1,562.
- (c) Exhibits.
