NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2004

NOTE 1 – ORGANIZATION AND BASIS OF PRESENTATION

Interactive Multimedia Network, Inc. (the “Company”) was organized in the State of New Jersey on March 04, 1994 and reincorporated in the State of Delaware on September 13, 1995. The Company’s primary business activity is developing and marketing consumer products, including health and wellness products and ocular health products.

The Company had two subsidiaries: AutoSmart USA, Inc., a Nevada corporation and AutoSmart USA Leasing, Inc., a Florida corporation, which operate in tandem the vehicle sales operations of the Company. During the fiscal year ended March 31, 2002, these two subsidiaries ceased operations.

During fiscal year 2003, the Company formed Best Health, Inc., a health product developer and distributor in the development stage. The Company also acquired 90 percent of the outstanding shares of SoySlim Corp., another health product distributor in the development stage. The Company also acquired the rights to a patent-pending security system known as Global *P.O.M.*™

Interactive Multimedia Network, Inc. prepares its financial statements in accordance with generally accepted accounting principles. This basis of accounting involves the application of accrual accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred. Financial statement items are recorded at historical cost and may not necessarily represent current values.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and all of its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Certain amounts included in the financial statements are estimated based on currently available information and management’s judgment as to the outcome of future conditions and circumstances. Changes in the status of certain facts or circumstances could result in material changes to the estimates used in the preparation of financial statements and actual results could differ from the estimates and assumptions. Every effort is made to ensure the integrity of such estimates.

Fair value of Financial Instruments

The carrying amounts reported in the balance sheet for cash and cash equivalents, accounts receivable, other receivables, accounts payable and accrued expenses and other liabilities approximate fair value because of the immediate or short-term maturity of these financial instruments.

Inventories

Inventories are stated at the lower of cost or market determined by the LIFO method and specific identification.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives when the property and equipment is placed in service.

	<u>Estimate Useful Life (In Years)</u>
Furniture and Fixtures	7
Equipment & Vehicles	5
Computer Equipment & Software	3

Leasehold improvements are amortized over their estimated useful lives or the estimated useful lives of the leasehold improvements, whichever is shorter.

The cost of fixed assets retired or sold, together with the related accumulated depreciation, are removed from the appropriate asset and depreciation accounts, and the resulting gain or loss is included in net earnings. Maintenance and repairs are expensed as incurred.

Repairs and maintenance are charged to operations as incurred, and expenditures for significant improvements are capitalized. The cost of property and equipment retired or sold, together with the related accumulated depreciation, are removed from the appropriate asset and depreciation accounts, and the resulting gain or loss is included in operations.

Revenue Recognition

Revenues are principally from services and commissions from providing marketing plans, services related to the Internet marketing arena and sales from health related products. Revenues from marketing and Internet related activity are recognized when the services are completed. Revenues from the sale of health related products are recognized when the products are shipped to the customer.

In December 1999, the Securities and Exchange Commission (“SEC”) issued Staff Accounting Bulletin No. 101 (“SAB 101”), “Revenue Recognition,” which provides guidance on the recognition, presentation and disclosure of revenue in financial statements filed with the SEC. SAB 101 outlines the basic criteria that must be met to recognize revenue and provide guidance for disclosures related to revenue recognition policies. Management believes that Interactive Multimedia Network, Inc.’s revenue recognition practices are in conformity with the guidelines of SAB 101.

Advertising

The Company expenses advertising costs as incurred. There was no advertising expense for the six months ended December 31, 2004 and 2003.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Earnings (Loss) Per Share of Common Stock

Earnings (Loss) per common share are calculated under the provisions of SFAS No. 128, "Earnings per Share," which establishes standards for computing and presenting earnings per share. SFAS No. 128 requires the Company to report both basic earnings (loss) per share, which is based on the weighted-average number of common shares outstanding during the period, and diluted earnings (loss) per share, which is based on the weighted-average number of common shares outstanding plus all potential dilutive common shares outstanding. Options and warrants are not considered in calculating diluted earnings (loss) per share since considering such items would have an anti-dilutive effect.

Statement of Cash Flows

For purposes of the statement of cash flows, the Company considers all highly liquid instruments with original maturities of three months or less to be cash equivalents.

Recent Accounting Pronouncements:

The Statement of Financial Accounting Standards Board (SFAS) No. 141, "Business Combinations," was issued by the Financial Accounting Standards Board (FASB) in July 2001. This Statement establishes standards for accounting and reporting for business combinations. This statement requires the purchase method of accounting to be used for all business combinations, and prohibits the pooling-of-interests method of accounting. This Statement is effective for all business combinations initiated after September 30, 2001 and supercedes APB Opinion No. 16, "Business Combinations" as well as Financial Accounting Standards Board Statement of Financial Accounting Standards No. 38, "Accounting for Preacquisition Contingencies of Purchased Enterprises." The adoption of this statement by the Company did not have a material impact on its financial condition or results of operations.

The Statement of Financial Accounting Standards Board (SFAS) No. 142, "Goodwill and Other Intangible Assets," was issued by the Financial Accounting Standards Board (FASB) in July 2001. This Statement addresses how intangible assets that are acquired individually or with a group of other assets should be accounted for in financial statements upon their acquisition. This statement requires goodwill amortization to cease and for goodwill to be periodically reviewed for impairment, for fiscal years beginning after October 31, 2001. SFAS No. 142 supercedes APB Opinion No. 17, "Intangible Assets." The adoption of this statement by the Company did not have a material impact on its financial condition or results of operations.

The Statement of Financial Accounting Standards Board (SFAS) No. 143, "Accounting for Asset Retirement Obligation," was issued by the Financial Accounting Standards Board (FASB) in August 2001. This Statement requires companies to record a liability for asset retirement obligations in the period in which they are incurred, which typically could be upon completion or shortly thereafter. The FASB decided to limit the scope to legal obligation and the liability will be recorded at fair value. The adoption of this statement by the Company did not have a material impact on its financial condition or results of operations.

The Statement of Financial Accounting Standards Board (SFAS) No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," was issued by the Financial Accounting Standards Board (FASB) in October 2001. This Statement provides a single accounting model for long-lived assets to be disposed of and replaces SFAS No. 121 "Accounting for the Impairment of Long-Lived Assets and Long-Lived Assets to Be Disposed Of." This Statement is effective for fiscal years beginning after December 15, 2001. The adoption of this statement by the Company did not have a material impact on its financial condition or results of operations.

NOTE 4 – COMMITMENTS AND CONTIGENCIES

Legal Proceedings

In September 2002, the Company's wholly owned subsidiaries, AutoSmart USA, Inc. and AutoSmart Leasing, Inc. ceased operations. There have no material changes in the status of the remaining lawsuits against AutoSmart.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. The Company reported net income of \$640,125 and \$9,028 for the six months ended December 31, 2004 and 2003 respectively. Management anticipates that additional investments will be needed to develop an effective sales and marketing program before the organization will generate sufficient cash flow from operations to meet current operating expenses and overhead. Management has continued to develop a strategic plan to develop a management team, maintain reporting compliance and seek new expansive areas in marketing through multiple media channels. Management intends to seek new capital from new equity security issuance's that will provide funds needed to increase liquidity, fund internal growth, and fully implement its business plan.

NOTE 7 – RELATED PARTY TRANSACTIONS

The Company has been involved in periodic transactions, whereby money has been advanced to the former President of the Company and the former President of the Company has advanced money to the Company. As of December 31, 2004 the Company was obligated to the former President for a total of \$9,267.

Legal services to Interactive Multimedia Network, Inc. have been performed by Verdiramo & Verdiramo, P.A. This professional association is owned by Vincent L. Verdiramo, the former President of Interactive Multimedia Network, Inc. and his son Vincent S. Verdiramo. The cost of legal services billed to the Company for the six months ended December 31, 2004 and 2003 were zero.

Verdiramo & Verdiramo, P.A. is providing limited use of office space to Interactive Multimedia Network, Inc. Although Verdiramo & Verdiramo, P.A. has agreed not to charge rent and is not expecting payment from the Company for the office use, an amount has been reflected in the financial statements as rent expense with an offset to Paid in Capital in the amount of \$600 for the six months ended December 31, 2004 and \$600 for the six months ended December 31, 2003.

The Company has received loans and advances from stockholders during the year. These transactions are in the form of unsecured demand loans bearing interest of 4% to 8% per annum. The balance due at December 31, 2004 is \$142,481 which includes approximately \$28,743 accrued interest on these loans.

NOTE 8 – STOCKHOLDER’S EQUITY

Preferred Stock

The company has 5,000,000 shares of preferred stock with a par value of \$0.001, which to date have never been issued. The preferred stock contains no voting privileges and is not entitled to accrue dividends or convert into shares of the Company’s common stock.

NOTE 9 – OPTIONS AND WARRANTS

In December 1998, Marion Verdiramo, a related party, returned 2,000,000 shares of common stock to the Company as part of a capital restructuring and in return received 2,000,000 common stock options at \$0.10 per share which can be exercised any time during the subsequent three years. This exchange was believed to be beneficial to the Company as it reduced its outstanding float. Prior to their expiration, the Company and Ms. Verdiramo agreed to extend the term of this Option Agreement for an additional five (5) years. These options were valued at \$330,000 based upon the minimal value of the common stock at the time of the options’ issuance.

Marion Verdiramo has never been an employee, officer, director or independent consultant for the Company. Marion Verdiramo converted a loan to the Company for 2,000,000 shares of restricted common stock. Subsequently, those shares were never freed from restrictive legend and returned to the Company.

In February 2004 the stock options were retired and the shares originally issued to Marion Verdiramo were re-issued to her. The terms of the original option allowed for this re-issuance if the market price of the Company’s stock stayed at or below the option price for 60 consecutive days. This occurred during the last quarter of 2003 and the first quarter of 2004.

NOTE 10 – INCOME TAXES

The Company did not provide any current or deferred United States federal, state or foreign income tax provision or benefit for the period presented because it has experienced operating losses since inception. The Company has elected to organize its businesses based principally upon products and services. Interactive Multimedia Network, Inc. has two reportable segments: Marketing, including services related to the Internet marketing arena and sales or commissions from the sale or lease of vehicles.
