**Re: Australian-Canadian Oil Royalties Ltd.
Form 10-KSB/A for the Year Ended December 31, 2007
Form 10-QSB for the period Ended March 31, 2008
File No. 0-29832**

Dear Mr. Lipton:

We have reviewed your amended filing have the following comments. We have limited our review of your filing to those issues we have addressed in our comments. Where indicated, we think you should revise your document in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Form 10-KSB/A for the Fiscal Year Ended December 31, 2007

1. Your Form 10-KSB/A filed August 18, 2008 does not appear to meet the requirements of Regulation S-K Item 308T(a)(1)-(4). In an amended filing, specifically address:
 - Management's responsibility for establishing and maintaining internal control over financial reporting,
 - A statement of the framework used to evaluate the effectiveness,
 - Management's assessment of the effectiveness of internal control over financial reporting, and
 - A statement that the report does not include an attestation report of the company's registered public accounting firm regarding internal control over financial reporting.

2. We further note that your Form 10-KSB/A did not change management's conclusion that disclosure controls and procedures were effective as of the end of the fiscal year. In our letter dated July 18, 2008, we asked you to consider whether management's failure to provide its report on internal control over financial reporting impacts its conclusion regarding the effectiveness of your disclosure controls and procedures as of the end of the fiscal year. Please tell us the factors you considered and highlight for us those factors that supported your conclusion. In particular, please explain how you considered the definition of disclosure controls and procedures provided in Rule 13a-15(e), which indicates that effective controls and procedures would ensure that information required to be disclosed by the issuer is recorded, processed, summarized and **reported** within the time periods specified in the Commission's rules and forms. In addition, as discussed in Compliance and Disclosure Interpretation 115.02, which you can find at <http://www.sec.gov/divisions/corpfin/guidance/regs-kinterp.htm>, failure to file management's report on Internal Control over Financial Reporting rendered your annual report materially deficient and also rendered the company not timely or current in its Exchange Act Reporting. In light of these facts, please explain how you could conclude that disclosure controls and procedures were effective. Alternatively, please further amend the 10-KSB to disclose management's revised conclusion on the effectiveness of your disclosure controls and procedures, i.e., that DC&P were not effective as of the end of the fiscal year.
3. Disclose any change in internal controls over financial reporting that occurred in the last (fourth) quarter that has affected or is reasonably likely to materially affect your internal controls over financial reporting as required by Regulation S-K Item 308T(b).
