## **Description of Business**

### History

In September of 2005, VOS International, Inc. acquired VOS Systems, Inc. as our wholly owned subsidiary. VOS Systems, Inc. is currently our only operating business segment.

VOS Systems, Inc. was originally established in 1995 and incorporated in California in November 1999, as a California C-Corporation based in Poway, California. “VOS” is an acronym for Voice Operated Switching. VOS Systems, Inc. is a technology company involved in the design, development, manufacturing, and marketing of consumer electronic products, platforms and services designed to give people voice command over their living environments.

VOS International, Inc. was originally incorporated in the state of Colorado on May 14, 1990 as Snow Eagle Investments, Inc. The company was inactive from 1990 until 1997. In April 1997 we acquired the assets of 1<sup>st</sup> Net Technologies, LLC, a California limited liability company; we changed our name to 1st Net Technologies, Inc. and began operations in California in the Internet commerce and services business.

Effective November 12, 1998 our common stock was approved for trading on the Over-the-Counter Bulletin Board under the stock symbol “FNNT.OB.”

In August 2001, our board of directors decided to suspend our California operations and, subsequently, moved the company’s headquarters to Colorado, our original state of incorporation. From August 2001 to August 2004, we were a “shell” company in search of a reorganization candidate.

In August 2004, we entered into an Agreement and Plan of Reorganization with VOS Systems, Inc., a California corporation. Pursuant to the Agreement, VOS Systems, Inc. would become a wholly owned subsidiary of 1<sup>st</sup> Net Technologies, Inc.

In August 2005, the shareholders voted in approval of reorganizing the company with VOS Systems, Inc. In September 2005, the company changed its name from 1<sup>st</sup> Net Technologies, Inc. to VOS International, Inc. and changed our trading symbol to “VOSI.OB.”

### Overview of Business

Our principal place of business is located at 13000 Danielson Street, Suite J, in Poway, California. This location is approximately 4800 sq. ft. of which 2000 sq. ft. is warehousing space and the remainder is equally divided into administrative offices and software/hardware development labs.

Our objective is to become the premier provider of affordable, innovative, reliable, voice operated consumer electronics utilizing our patented switching applications. We further aim to be a leading solutions supplier to other manufacturers who will integrate our voice control modules into their existing and future product lines.

We specialize in the development of embedded processor speech recognition applications for use in products we ourselves develop. We also develop speech recognition platforms for other manufacturers to enhance the features of their products. Currently the Company maintains two patents. Our core business is based on these patented applications.

The first is US Patent # 6,188,986 B1 “Voice Operated Switch Method and Apparatus” which covers the use of embedded processor speech recognition in a device that produces control signals in response to voice commands. This device acts as a control interface between utility power and connected electrical devices by connecting, controlling or disconnecting power to the electrical devices based on voice commands. The second Patent is a continuation on the first, with the Patent Number US 6324514B2. This second patent serves to enhance and broaden the claims of the first Patent.

We own several trade names and one trademark. The registered trade names include VOS Systems™, Your Voice Turns Me On™, Light Genie™ and IntelVoice™. Our registered trademark is the VOS MAN.

We currently derive our revenues from product sales of the IntelVoice™ Product Line as well as ancillary products we have brought into our product mix ie; Park N Place, to enhance our presence in the marketplace. We also generate revenues from our consulting services which focus on integration of our patented voice controlled switching technologies into existing or newly conceived products for other manufacturers and we will continually seek out companies with established infrastructure and synergistic technology with whom we can joint venture.

VOS International, Inc. has never declared bankruptcy, has never been in receivership, and has never been involved in any legal action or proceedings.

### Employees

The Company has three employees, the officers of the Company.

### **Products**

The Company has committed to developing an entire product line of voice activated power controllers. Lighting is the first platform on which the Company has chosen to demonstrate the flexibility and functionality of our patented voice control methodology, featuring such products as the IntelVoice™ Christmas Tree Controller, Light Switch, Dimmer, Wall Switch/ Dimmer and the Tabletop Universal Lamp Controller. In addition, we have developed a Ceiling Fan Voice Controller and the VCO (Voice Controlled Wall Outlet), and are currently developing a Thermostat Voice Controller. We also have acquired products from outside sources that expand and enhance our product mix. These include, but are not limited to, an infrared wall switch with touch control, a video entry system and various other consumer products.

We currently derive our revenues from product sales of the IntelVoice™ Product Line as well as ancillary products we have brought into our product mix to enhance our presence in the marketplace. We also generate revenues from our engineering services which focus on integration of our patented voice controlled switching technologies into existing or newly conceived products for other manufacturers. And we will continually seek out companies with established infrastructure and synergistic technology with whom we can joint venture.

### **Lead Products to Date**

#### **A. Intelvoice™ Voice Operated Christmas Tree Light Controller**

Turns your Christmas tree lights on and off just by saying the word “lights”. Installation is as simple as plugging the unit into a standard outlet and then plugging the light strand into the IntelVoice™ switch.

- Convenient—Makes it much easier to turn Christmas tree lights on and off; eliminates the need to crawl under the tree or reach behind furniture to plug-in/unplug.
- Inexpensive—Benefit of modern technology without costing an arm and a leg.
- Brings the family together—Fun and easy to use for young and old, lights are used every time someone is in a room.
- Spirit of the Season—lighting a tree and other lighted ornaments is a reminder of the season.
- Versatile—can be utilized with other household lights and appliances year-round.
- Customizable—Programmable features allow any family member to personalize the product and the message.

## **B. Intelavoice™ Dimmer**

The world's first voice automated lamp dimmer. Dims lamps with simple voice commands and features three levels of brightness. Installation is as simple as plugging it into a standard outlet and then plugging the item to be controlled into the Intelavoice™ switch.

- Modern Luxury—Cutting-edge technology makes living/working spaces stylish and more functional.
- Intelligent—Creates Value by lamps/lights already in the home more valuable by adding functionality.
- Energy Efficient—Dimmer feature uses less electricity than normal wattage.
- Cost Effective—Pays for itself in a matter of months with savings from lower energy usage and extended light bulb life.
- Versatile—Can be utilized with other household lights and appliances (less than 200 watts).
- Customizable—Programmable features allow any user to personalize the product.
- Status—Unique and practical technology that will be in all homes and offices but is new enough that not everyone has it yet.

## **C. Intelavoice™ Voice Operated Light Switch**

Our original product concept, this device is the first in a series of voice operated products with high quality speech recognition. The Intelavoice™ switch was developed in response to customer demand for reliable and affordable voice automation. Key features include the convenience of lights on demand via hands free remote voice operation and increased safety associated with elimination of the need to search for a light switch in a dark room.

- Constant listening.
- Speaker independent operation, allowing it to work with anyone's voice.
- Programmed vocabulary, no training required.
- High speed speech recognition and command response.

## **D. Tabletop Universal Lamp Controller**

The latest product from VOS Systems, this stylish tabletop unit features voice activation, infrared remote and touch control. What's more, the infrared remote control function interfaces with any standard television or stereo remote to make this product the height of convenience. Simply plug the cord from the Tabletop Universal Lamp Controller into a wall socket and then plug the lamp into the back of the Tabletop Universal Lamp Controller for instant, advanced and affordable home automation.

- Utilizes 3 innovative technologies simultaneously to operate and dim your favorite lamp.
- Voice control, touch control and infrared remote controls will operate this unit at any time.
- Works with any infrared remote control TV, Stereo, DVD and VCR. Just push any button to turn it on/off and dim your lamp.
- Convenient touch control operation for easy on/off and multiple levels of brightness with just a gentle touch.
- The newest speech recognition technology for hands free operation.
- Conserves energy and saves money.
- Extends bulb life substantially.

## **E. Video Entry System**

The Video Entry System (VES) is an easy-to-use video intercom system for security conscious business people and homeowners. It is designed to reduce the anxiety that comes with not knowing who is at the door prior to opening it. The VES provides unmatched security for the home or office. When a visitor presses the outdoor call button, the video camera automatically transmits the image of the visitor to the indoor unit while a pleasant electronic chime signals that a visitor is at the door. The sharp CRT monitor gives a clear view outside the door, day or night. A two-way intercom enables clear, easy audio communications, or inconspicuous listening if desired.

- Automatic Video Transmission
- Easy Installation
- Push-button simplicity
- High-quality Video Image Resolution
- “Auto Iris” camera exposure automatically adjusts to suit light conditions
- Optional electronic door release function

## **F. Park N Place**

Park N Place is an electronic lighted stop sign with touch sensors that is attached to a flexible, fiber glass spring pole. It is placed in the back of a garage and when the car makes contact with the pole, the sign will light up indicating to the driver to park their car. The Park 'N Place eliminates costly car door and front end dings that happen right inside your own garage.

Park N Place is currently selling very well through various catalogs, including SkyMall, Taylor Gifts, etc. Park N Place will be on the front cover of the upcoming Taylor Gifts catalog and has been selected again to run in SkyMall. A 2-minute TV spot has already been produced for DRTV which will begin airing on national cable beginning in January. In addition, a nationwide internet marketing campaign will be launched shortly, it will begin selling through eBay, and Park N Place will continue to expand its retail distribution.

## **G. Other Product Opportunities**

We expect to also offer a wide array of non-voice command products as we expand our marketing channels and believe we will be able to successfully market and distribute a wide array of products.

## **Description of Property**

VOS International, Inc. has no properties and at this time has no agreements to acquire any properties.

The Company's main headquarters at 13000 Danielson Street, Suite J, Poway, California 92064 comprises 4,800 leased square feet, which accommodates the executive, accounting, sales and marketing, technical development, administration, accounts payable and accounts receivable and product distribution and warehousing. Our telephone number at that location is (858) 679-8027, and our Internet address is [www.vosystems.com](http://www.vosystems.com). We may require larger accommodations if we grow. We believe there is an adequate supply of suitable space in the Poway areas on terms acceptable to us.

## **Legal Proceedings**

No legal proceedings were initiated or served upon the Company in the fiscal year ending September 30, 2006.

## **Submission of Matters to a Vote of Security Holders**

No matters were submitted to a vote of security holders during the fourth quarter of fiscal year 2006.

## **Market for Common Equity and Related Stockholder Matters**

VOS International, Inc. common stock is listed on the NASDAQ Bulletin Board under the symbol “VOSI.OB”. The quotations provided are for the over the counter market which reflect interdealer prices without retail mark-up, mark-down or commissions, and may not represent actual transactions. The prices included below have been obtained from sources believed to be reliable (NASD, OTC.BB purchased reports for 2005 & 2006):

<u>Period Ending</u>	<u>High Bid</u>	<u>Low Bid</u>	<u>Close Bid</u>
December 2006	\$ 0.12	\$ 0.09	\$ 0.091
September 2006	0.19	0.14	0.14
June 2006	0.35	0.16	0.16
March 2006	0.19	0.13	0.17
December 2005	0.25	0.16	0.18
September 2005	0.20	0.10	0.13
June 2005	0.12	0.085	0.10
March 2005	0.21	0.07	0.14
January 2005	0.19	0.11	0.15

VOS International, Inc. had 42,048,530 common stock shares issued and outstanding as of September 30, 2006.

### Holders

Total shares outstanding as of September 30, 2006 were 42,048,530 held by approximately 312 shareholders of record and an undetermined number of holders in street name.

## **Recent Sales of Unregistered Securities**

During the three month period ended September 30, 2006, the company made no sales of unregistered securities.

### Stock Incentive Plan

The company has a stock incentive plan titled “Amended 2005 Stock Incentive Plan of VOS International, Inc.” under which 1,000,000 common shares are authorized for issuance and have been registered, as amended on Form S-8 filed October 19, 2005.

Under the “2005 Plan”, in the three month period ended September 30, 2006, the Company issued 23,750 common shares to Kevin Tahan for consulting services. The Company has valued the issuance at \$7,125 which equals \$0.30 per share based on the quoted market price at the time of the authorizing grant.

As of September 30, 2006, a total of 536,250 common shares remain authorized for issuance under the “Amended 2005 Stock Incentive Plan”.

## Equity Compensation Plan Information

The following table provides information as of September 30, 2006 regarding compensation plans under which our equity securities are authorized for issuance:

<u>Plan Category</u>	Number of securities to be issued upon exercise of outstanding options, <u>warrants and rights</u>	Weighted-average exercise price of outstanding options, <u>warrants and rights</u>	Number of securities available for future issuance under equity compensation plans (excluding securities <u>shown in first column</u> )
Equity compensation plans approved by shareholders	0	\$ 0.00	0
Equity compensation plans not approved by shareholders	0	\$ 0.00	536,250
Total	0	\$ 0.00	536,250

- We do not have any equity compensation plans approved by the security holders.
- Amended 2005 Stock Incentive Plan. Our board of directors adopted our Amended 2005 Stock Incentive Plan on October 13, 2005. The purpose of the plan is to provide us with a means of compensating selected key employees, including officers, directors and consultants for their services rendered in connection with the development of the company with shares of our common stock. The total number of shares available for the grant of either stock options or compensation stock under the plan is 1,000,000 shares, subject to adjustment. As of September 30, 2006, we have issued 463,750 shares of common stock under the plan. Our board of directors administers our plan and has full power to grant stock options and common stock, construe and interpret the plan, establish rules and regulations and perform all other acts, including the delegation of administrative responsibilities, it believes reasonable and proper. Any decision made, or action taken, by the compensation committee or our board of directors arising out of or in connection with the interpretation and administration of the plan is final and conclusive.
  - Our board of directors, in its absolute discretion, shall (a) select those key employees, officers, directors and consultants to whom shares of the company's common stock shall be awarded or sold, and (b) determine the number of shares to be awarded or sold; the time or times at which shares shall be awarded or sold; whether the shares to be awarded or sold will be registered with the Securities and Exchange Commission; and such conditions, rights of repurchase, rights of first refusal or other transfer restrictions as the Board may determine. Each award or sale of shares under the plan may or may not be evidenced by a written agreement between the company and the persons to whom shares of the Company's Common Stock are awarded or sold.
  - In the event that our outstanding common stock is hereafter increased or decreased, or changed into or exchanged for a different number or kind of shares or other securities of the company or of another corporation, by reason of a recapitalization, reclassification, reorganization, merger, consolidation, share exchange, or other business combination in which the company is the surviving parent corporation, stock split-up, combination of shares, or dividend or other distribution payable in capital stock or rights to acquire capital stock, appropriate adjustment shall be made by our board of directors in the number and kind of shares which may be granted under the plan.
  - Our board of directors may at any time, and from time to time, suspend or terminate the plan in whole or in part or amend it from time to time in such respects as our board of directors may deem appropriate and in our best interest.
- Our Amended 2005 Stock Incentive Plan allows our board of directors to grant either stock options or compensation stock under the plan. As of September 30, 2006, we have issued 463,750 shares of common stock under the plan.

## Dividend Policy

VOS International, Inc. has not paid a cash dividend on its common stock in the past 12 months. The Company does not anticipate paying any cash dividends on its common stock in the next 12 month period. The payment of any dividends is at the discretion of the Board of Directors.

## **Management's Discussion and Analysis or Plan of Operations**

This statement may include projections of future results and “forward looking statements” as that term is defined in Section 27A of the Securities Act of 1933 as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934 as amended (the “Exchange Act”). All statements that are included in this Quarterly Report, other than statements of historical fact, are forward looking statements. Although management believes that the expectations reflected in these forward looking statements are reasonable, it can give no assurance that such expectations will prove to have been correct.

### **Management Plan of Operations**

VOS International, Inc is a technology company involved in the design, development, manufacturing, and marketing of consumer electronic products, platforms and services designed to give people voice command over their living environments. VOS is an acronym for Voice Operated Switching.

We intend to enter into the lighting controller market first in order to establish a footprint for our technology and the IntelVoice™ brand. The IntelVoice™ Product Line is secure in its core design and is moving forward with the development of additional product offerings. The products in the IntelVoice™ line currently are the plug in Voice Operated Christmas Tree Light Controller, Light Switch, Dimmer and the Wall Switch Dimmer w/touch control.

The primary sales channels to date for the IntelVoice™ product line are shop-at-home cable television channel QVC, specialty catalogs such as Hammacher-Schlemmer and 7<sup>th</sup> Avenue, boutiques such as Brookstone and Sharper Image, and the “do-it-yourself” chains such as Home Depot, Lowes, and True Value hardware. Products are currently available through True Value, Miles Kimble, Dynamic Living and Smart Home USA.

We intend to create and launch direct television (DRTV) marketing campaigns around products that generate strong interest and sell-through in demonstrations on cable shopping channels such as QVC as well as in other television venues.

VOS International Inc. has produced a two minute direct response commercial on our “Park N Place” product. We conducted a media test in March 2006. The commercial tested poorly; achieving a M.E.R (Media Efficiency Rating) of less than .02, a rating of 2.0 or higher would be required for a direct response campaign on this product to be profitable.

In April 2006, we entered into agreements with Ganix Bio-Tehnologies to handle the marketing and retail placement of their flagship product, GardenGanix. GardenGanix is the first all-natural, 100% organic soil rejuvenator which helps amend the soil to restore its natural balance. VOS was unable to develop the retail roll out of this product.

In June we revised the commercial to try in an effort to increase the M.E.R. but did not achieve the obtained desired results. We subsequently subcontracted the sales of the “Park in Place” product and receive a commission from sales.

We entered into a consulting Agreement with Circulation Marketing Systems Inc. we provide advice and consulting services to the Circulation Marketing Systems Inc. with respect to matters related to the Design, setup and operations of CMS’s Empire State Building location. VOS International is to receive 10% of the net profits from operations of this location over the next five years, no revenues have been received.

VOS international continues to seek out new opportunities and revise our current operating plans develop short term revenue to sustain operations and long term revenue to provide growth.

We have also been evaluating ways to cut overhead costs to maintain operations while we continue our efforts toward a successful product launch.

## **Financial Condition and Results of Operations**

### **Sales**

Sales for the year ended September 30, 2006 were \$213,732 compared to \$285,309 for the year ended September 30, 2005, a decrease of \$71,577. The decrease primarily resulted from weak product sales in the fourth quarter. The reduction in sales is mainly due to losing our sales manager in April, becoming most apparent in our 4th quarter with revenues of \$9,983. We are sustaining sales through the efforts of management and intend to expand marketing efforts when marketing capital is available.

### **Cost of Goods Sold**

Cost of goods sold for the year ended September 30, 2006 was \$71,660 compared to \$207,206 for the year ended September 30, 2005, a decrease of \$135,546. Cost of good sold was 34% of sales for the year ended September 30, 2006 and 73% for the year ended September 30, 2005. The improvement in cost of sales resulted in a change in the mix of customers and products sold.

### **Selling, General and Administrative**

For the year ended September 30, 2006, selling, general and administrative expenses were \$622,270 compared to \$791,042 for the year ended September 30, 2005, a decrease of \$168,772. This decrease resulted primarily from the cessation of sales activity during the third and fourth quarter, pending cash inflows from investors.

### **Liquidity and Capital Resources**

We currently have limited capital with which to satisfy our cash requirements. We will require significant additional capital in order to develop, produce and market our products.

We have financed our operations primarily through private sales of equity securities and equity financing. We anticipate that we will need at least \$1,000,000 in additional working capital so that we may develop, produce and market our products.

The Company's management has historically and continues to satisfy cash requirements through cash infusions from officers and affiliates in exchange for debt and/or common stock. No officer or affiliate has made any commitment or is obligated to continue to provide cash through loans or purchases of equity. There is no assurance the Company will achieve profitable operations.

A critical component of our operating plan impacting our continued existence is the ability to obtain additional capital through additional equity and/or debt financing. We do not anticipate enough positive internal operating cash flow until such time as we can generate substantial revenues, which may take the next few years to fully realize. In the event we cannot obtain the necessary capital to pursue our strategic plan, we may have to cease or significantly curtail our operations. This would materially impact our ability to continue operations.

Our near term cash requirements are anticipated to be offset through the receipt of funds from private placement offerings and loans obtained through private sources. Since inception, we have financed cash flow requirements through debt financing and issuance of common stock for cash and services. As we expand operational activities, we may continue to experience net negative cash flows from operations and will be required to obtain additional financing to fund operations through common stock offerings and bank borrowings to the extent necessary to provide working capital.

Over the next twelve months we believe that existing capital and anticipated funds from operations will not be sufficient to sustain operations and planned expansion. Consequently, we will be required to seek additional capital in the future to fund growth and expansion through additional equity or debt financing or credit facilities. No assurance can be made that such financing would be available, and if available it may take either the form of debt or equity. In either case, the financing could have a negative impact on our financial condition and our Stockholders.

We anticipate incurring operating losses over the next twelve months. Our operating history makes predictions of future operating results difficult to ascertain. Our prospects must be considered in light of the risks, expenses and difficulties frequently encountered by companies in their early stages of development. Such risks include, but are not limited to, an evolving and unpredictable business model and the management of growth. To address these risks we must, among other things, obtain a customer base, implement and successfully execute our business and marketing strategy, continue to develop and upgrade technology and products, respond to competitive developments, and attract, retain and motivate qualified personnel. There can be no assurance that we will be successful in addressing such risks, and the failure to do so can have a material adverse effect on our business prospects, financial condition and results of operations.

#### *Going Concern*

Our consolidated financial statements for the year ended September 30, 2006 were prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the accompanying financial statements we have incurred significant losses since inception. Our losses, among others, may indicate that we will be unable to continue as a going concern for reasonable period of time. The financial statements do not include any adjustments relating to the recoverability and classification of liabilities that might be necessary should we be unable to continue as a going concern.

Our continuation as a going concern is dependent upon our ability to generate sufficient cash flow to meet our obligations on a timely basis and ultimately to attain profitability. We have limited capital with which to pursue our business plan. There can be no assurance that our future operations will be significant and profitable, or that we will have sufficient resources to meet our objectives. We may pursue either the option of debt or equity financing or a combination of both in order to raise sufficient capital in order to meet our financial requirements over the next twelve months and to fund our business plan. There is no assurance that we will be successful in raising additional funds.

The Company expects to further satisfy its cash requirements to fund its operations through September 30, 2007 through the use of current cash resources, including the normal settlement of accounts receivable and the current sales backlog. Management's current plans are: (1) to further commercialize its own products; (2) to market new products, including products from other manufacturers; (3) to continue to operate and improve e-commerce sites to sell its products; and (4) to continue to generate profitable sales. To successfully execute its current plans, the Company will need to improve its working capital position. The Company plans to overcome the circumstances that impact our ability to remain a going concern through a combination of achieving profitability, raising additional debt and equity financing, and renegotiating existing obligations.

There can be no assurance, however, that we will be able to complete any additional debt or equity financing on favorable terms or at all, or that any such financings, if completed, will be adequate to meet our capital requirements. Any additional equity or debt financings could result in substantial dilution to our stockholders. If adequate funds are not available, we will be required to delay, reduce or eliminate some or all of our planned activities. Our inability to fund our capital requirements would have a material adverse effect on the Company.

**VOS INTERNATIONAL, INC.**

**(A Development Stage Company)**

**FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2006 AND 2005**

To the Board of Directors and Shareholders:

VOS International, Inc.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

We have audited the accompanying balance sheet of VOS International, Inc., as of September 30, 2006 and the related statements of operations, changes in shareholders' deficit and cash flows for the years ended September 30, 2006 and 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of VOS International, Inc., as of September 30, 2006 and the results of its operations and its cash flows for the years ended September 30, 2006 and 2005 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As shown in Note 1 to the financial statements, the Company has incurred net losses since inception and has a net capital deficit at September 30, 2006. These and other factors discussed in Note 1 to the financial statements raise a substantial doubt about the ability of the Company to continue as a going concern. Management's plans in regard to those matters are also described in Note 1. The Company's ability to achieve its plans with regard to those matters, which may be necessary to permit the realization of assets and satisfaction of liabilities in the ordinary course of business, is uncertain. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The accompanying notes are an integral part of these financial statements.

## **VOS INTERNATIONAL, INC.**

### **NOTES TO FINANCIAL STATEMENTS**

**September 30, 2006**

#### **NOTE 1 – THE COMPANY AND BASIS OF PRESENTATION**

VOS International, Inc is a technology company involved in the design, development, manufacturing, and marketing of consumer electronic products, platforms and services designed to give people voice command over their living environments. VOS is an acronym for Voice Operated Switching.

The Company's executive offices are currently located at 13000 Danielson Street, Suite J, Poway, CA 92064. The telephone number is (858) 679-8027. The Company's website is at [www.vossystems.com](http://www.vossystems.com)

The Company was originally incorporated in the State of Colorado on May 14, 1990 as Snow Eagle Investments, Inc. The Company was inactive from 1990 until 1997. On April 2, 1997, the company acquired the assets of 1<sup>st</sup> Net Technologies, LLC, a California limited liability company. On April 22, 1997 the Company amended and restated its Articles of Incorporation to change its name to 1<sup>st</sup> Net Technologies, Inc. and began operations in California in the Internet commerce and services business.

In 1998, a 15c-211 application was filed with the National Association of Securities Dealers for quotation of the Company's common stock on the Over-the Counter Bulletin Board. The NASD approved our application on November 12, 1998.

In August 2001, the board of directors decided to suspend California operations and, subsequently, moved the Company's headquarters to Colorado, the original state of incorporation. With the closing of California operations, no business operations were maintained, other than to manage the remaining assets and liabilities. From August 2001 to August 2004, the Company was a company in search of a reorganization candidate.

On August 30, 2004, the Company entered into an Agreement and Plan of Reorganization with VOS Systems, Inc. Under the terms of the Agreement, the VOS Systems, Inc., Shareholders would exchange each share of VOS Systems, Inc., common stock for three years of 1<sup>st</sup> Net Technologies, Inc.'s common stock. Following the acquisition, the former shareholders of VOS Systems, Inc., held approximately 83 percent of the Company's outstanding common stock, resulting in a change of control. In addition, VOS Systems, Inc., became a wholly-owned subsidiary of 1<sup>st</sup> Net Technologies, Inc. However, for accounting purposes, the acquisition has been treated as a recapitalization of VOS Systems, Inc., with 1<sup>st</sup> Net Technologies, Inc. the legal surviving entity. Since 1<sup>st</sup> Net Technologies, Inc. had minimal assets and no operations, the recapitalization has been accounted for as the sale of 6,398,357 shares of VOS Systems, Inc., common stock for the net liabilities of 1<sup>st</sup> Net Technologies, Inc. Therefore, the historical financial information prior to the date of the recapitalization is the financial information of VOS Systems, Inc.

VOS Systems commenced doing business on November 1, 1995. On March 6, 1996, VOS Systems filed with the California Secretary of State Limited Liability Company Articles of Organization. In November 1999, VOS Systems, LLC merged into VOS Systems Inc., a California C-Corporation. VOS is an acronym for Voice Operated Switching. Since its inception, VOS Systems, Inc. has been a technology company involved in the design, development, manufacturing, and marketing of consumer electronic products, platforms and services designed to give people voice command over their living environments.

On August 30, 2005, our shareholders voted in approval of the following proposals: (1) Amending our Bylaws and Articles of Incorporation to increase the number of board positions to five; (2) electing five directors; (3) reorganizing the company with VOS Systems, Inc.; (4) amending the Articles of Incorporation to change the name of the company; (5) amending our Articles of Incorporation to increase our authorized capital stock to 90,000,000 shares; (6) issuing the required shares to complete the share exchange pursuant to the reorganizing with VOS Systems, Inc; (7) distributing corporate assets to James H. Watson, Jr., our former President and Chairman; and (8) changing our fiscal year to end on September 30.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. During the year ended September 30, 2006, the Company has sustained its operations primarily through equity and debt financing. These conditions raise substantial doubt about the Company's ability to continue as a going concern.

## VOS INTERNATIONAL, INC.

### NOTES TO FINANCIAL STATEMENTS

September 30, 2006

In view of these matters, realization of a major portion of the assets in the accompanying balance sheet is dependent upon continued operations of the Company, which in turn is dependent upon the Company's ability to meet its working capital requirements, and the success of its future operations. Management's current plans are: (1) to further commercialize its own products; (2) to market new products, including product from other manufacturers; and (3) to continue to operate and improve 3-commerce sites to sell its products. TO successfully execute its current plans, the Company will need to improve its working capital position. The Company plans to overcome the circumstances that impact out ability to remain a going concern through a combination of achieving profitability, raising additional debt and equity financing. There can be no assurance, however, that we will be able to adequate to meet our capital requirements. Any additional equity or debt financings could result in substantial dilution to our stockholders. If adequate funds are not available, we will be required to delay, reduce or eliminate some or all of our planned activities. Our inability to fund our capital requirements would have a material adverse effect on the Company. Management believes that the actions presently being taken to revise the Company's operating and financial requirements may provide the opportunity for the Company to continue as a going concern.

#### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### Accounting Method

The Company's policy is to use the accrual method of accounting to prepare and present financial statements, which conform to generally accepted accounting principles ("GAAP"). The Company has elected a September 30, year-end.

##### Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

##### Estimates and Adjustments

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. In accordance with FASB 16 all adjustments are normal and recurring. See note 2i regarding the Companies revenue recognition policy.

##### Intangible Assets

Intangible assets consist principally of patents and are carried at cost less accumulated amortization. Costs are amortized on a straight-line basis over a period of 15 years.

##### Impairment and Disposal of Long-Lived Assets

The Company evaluates the carrying value of its long-lived assets under the provisions of Statement of Financial Accounting Standard's No. 144, "Accounting for the Impairment of Disposal of Long-Lived Asset's." Statement No. 144 requires impairment losses to be recorded on long-lived assets used in operations when indicators of impairment are present and the undiscounted future cash flows estimated to be generated by those assets are less than the asset's carrying amount. If such assets are impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying value, less costs to sell.

During the year ended September 30, 2006, the Company completed a balance sheet review to identify assets whose carrying amounts are not recoverable. As a result of this review, the Company did not record any asset impairment charges.

## **VOS INTERNATIONAL, INC.**

### **NOTES TO FINANCIAL STATEMENTS** **September 30, 2006**

#### Inventory

Inventory is stated at the lower of cost (first-in, first-out) or market. Inventory costs include any material, labor and manufacturing overhead incurred by the Company in the production of inventory.

#### Property and Equipment

Property, equipment and leasehold improvements are stated at cost less accumulated depreciation or amortization. Maintenance and repairs, as well as renewals for minor amounts are charge to expenses. Renewals and betterments of substantial amount are capitalized, and any replaced or disposed units are written off.

#### Revenue Recognition and Deferred Revenue

Revenue includes the following: The retail and wholesale if the Company's voice activated products. The Company recognizes revenue when a sale is completed.

#### Income Taxes

The Company accounts for income taxes using the asset and liability method. Under the asset and liability method, deferred income taxes are recognized for the tax consequences of "temporary differences" by applying enacted statutory tax rates applicable to future years to differences between the financial statement carrying amounts and the tax bases of existing assets and liabilities. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized.

#### Recent accounting standards

On July 13, 2006 the FASB posted to its website the Financial Interpretation No. 48, Accounting for Uncertainty in Income Taxes, (FIN 48). FIN 48, creates a single model to address uncertainty in income tax positions. FIN 48 clarifies the accounting for income taxes by prescribing the minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. It also provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition and, clearly scopes income taxes out of FASB Statement No. 5, Accounting for Contingencies. FIN 48 applies to all tax positions related to income taxes subject to FASB Statement No. 109, Accounting for Income Taxes, (FAS 109). This includes tax positions considered to be "routine" as well as those with a high degree of uncertainty. FIN 48 is effective for fiscal years beginning after December 15, 2006. The Company does not expect the adoption to have a material impact on the Company's financial statements.

In May 2005, the FASB issued SFAS No.154, Accounting Changes and Error Corrections - a replacement of APB Opinion No. 20, Accounting Changes and SFAS No. 3, Reporting Accounting Changes in Interim Financial Statements (SFAS 154). SFAS 154 provides guidance on the accounting for and the reporting of accounting changes, including changes in principle, accounting estimates and the reporting entity, as well as, correction of errors in previously issued financial statements. SFAS 154 is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. SFAS 154 is not expected to have a material impact on the Company's results of operations or financial position.

In December 2004, the FASB issued a revision to SFAS No. 123, "Share-Based Payment." This Statement supersedes APB Opinion No. 25, "Accounting for Stock Issued to Employees" and its related implementation guidance. It establishes standards for the accounting for transactions in which an entity exchanges its equity instruments for goods or services. It also addresses transactions in which an entity incurs liabilities in exchange for goods or services that are based on the fair value of the entity's equity instruments or that may be settled by the issuance of those equity instruments. This Statement does not change the accounting guidance for share-based payment transactions with parties other than employees provided in Statement No. 123 as originally issued and EITF Issue No. 96-18. This Statement is effective for public entities that file as small business issuers as of the beginning of the first fiscal period that begins after December 15, 2005.

## VOS INTERNATIONAL, INC.

### NOTES TO FINANCIAL STATEMENTS

September 30, 2006

#### NOTE 3. PROPERTY & EQUIPMENT

Property is stated at cost. Additions, renovations, and improvements are capitalized. Maintenance and repairs, which do not extend asset lives, are expensed as incurred. Depreciation is provided on an accelerated basis over the estimated useful lives ranging and 5-7 years on furniture and equipment.

	September 30, 2006
Office furniture & equipment	\$ 79,234
Equipment	103,140
Computer equipment	57,852
	<hr/>
	\$ 240,226
Less Accumulated Depreciation	(201,454)
	<hr/>
Net Property and Equipment	\$ 38,772
	<hr/>

The Company's intangible assets consist principally of patents and are carried at cost of \$124,255 less accumulated amortization of \$47,909. Costs are amortized on a straight-line basis over a period of 15 years.

#### NOTE 4. INVENTORY

The Company's inventory at September 30, 2006 of \$91,408 consists of finished goods, primarily the Intelavoice Dimmer.

#### NOTE 5. PRODUCT WARRANTIES

The Company generally offers a 12 month warranty for its products. The Company's warranty policy provides for replacement of the defective product. Specific accruals are recorded for known product warranty issues. Product warranty expenses were not material during the years ended September 30, 2006 and 2005.

#### NOTE 6. RELATED PARTY TRANSACTION

From inception through 2004, funds were advanced from a major stockholder to finance the cost of operations. Effective October 29, 1999, a note was generated for the amount of \$725,000 plus interest at 7.75%, to be paid in monthly installments over a period of ten years. As of September 30, 2006 the balance due on this note is \$675,955. Due to the Company's financial limitations the stockholder agreed to not accrue interest on the outstanding note effective October 1, 2001.

In January 2006, the Company entered into a consulting agreement with a private company in which one officer and major shareholder is an owner of the private company and another officer and major shareholder holds the position of Secretary of the private company. The agreement provides that the Company will receive 10% of the profits of the private company on a quarterly basis over five years. The Company is carrying a trade receivable of \$30,704 from the private company for expenses incurred related to the consulting agreement. However, all receivables have been written off as of September 30, 2006.

## VOS INTERNATIONAL, INC.

### NOTES TO FINANCIAL STATEMENTS September 30, 2006

Additional related party indebtedness includes:

Unsecured promissory note that accrues interest at 10% per annum, to a company owned by an officer	\$ 40,013
--	-----------

Unsecured promissory note that accrues interest at 10% per annum, to a former director	<u>50,000</u>
	\$ 90,013

#### NOTE 7. INCOME TAX

Income taxes are provided in accordance with Statement of Financial Accounting Standards No. 109 (SFAS 109), "Accounting for Income Taxes." A deferred tax asset or liability is recorded for all temporary differences between financial and tax reporting and net operating loss carryforwards. Deferred tax expense (benefit) results from the net change during the year of deferred tax assets and liabilities. At September 30, 2006 the Company has significant operating and capital losses carryforward. The tax benefits resulting for the purposes have been estimated as follows:

	September 30, 2006
Beg. Retained Earnings (Deficit)	\$ (5,602,712)
Net Income (Loss) for Year ended 9/30/06	(492,087)
Ending Retained Earnings (Deficit)	\$ (6,094,799)
Gross income tax benefit	\$ 1,785,776
Valuation allowance	(1,785,776)
Net income tax benefit	\$ -

The net operating loss expires twenty years from the date the loss was incurred. The retained earning balance includes accumulated comprehensive income (loss). In accordance with SFAS 109 paragraph 18 the Company has reduced its deferred tax benefit asset by a valuation allowance due to negative evidence that has caused the Company to feel it is more likely than not that some portion or the entire deferred tax asset will not be realized. No portion of the valuation allowance will be allocated to reduce goodwill or other non-current intangible asset of an acquired entity. There are no temporary differences or carryforward tax effects that would significantly affect the Company's deferred tax asset. Utilization of the net operating losses and credit carryforwards may be subject to a substantial annual limitation due to the "change in ownership" provisions of the Internal Revenue Code of 1986. The annual limitation may result in the expiration of net operating losses and credits before utilization. None of the valuation allowance recognized was allocated to reduce goodwill or other non-current intangible assets of an acquired entity or directly to contributed capital.

## **VOS INTERNATIONAL, INC.**

### **NOTES TO FINANCIAL STATEMENTS**

**September 30, 2006**

#### **NOTE 8. STOCKHOLDERS' DEFICIT**

The stockholders' deficit section of the Company contains the following classes of capital stock as of June 30, 2006:

Preferred stock, nonvoting, \$1.00 par value; 1,000,000 shares authorized: -0- shares issued and outstanding.

Common stock, \$0.001 par value; 90,000,000 shares authorized: 42,048,530 shares issued and outstanding.

#### **NOTE 9. STOCK TRANSACTIONS**

Transactions, other than employees' stock issuances, are in accordance with paragraph 7 of SFAS 123R. Thus issuances are accounted for based on the fair value of the consideration received when that value is more reliably measurable than the fair value of the equity instruments issued. Transactions with employees' stock issuance are in accordance with paragraphs 9-63 of SFAS 123R. These issuances shall be accounted for based on the fair value of the equity instruments issued. During the year ended September 30, 2006 the Company issued 356,666 shares of its common stock for net proceeds of \$53,500.

During the year ended September 30, 2006 the Company issued 625,000 shares of its common stock for services valued at \$81,000.

During the year ended September 30, 2006 the Company issued 71,250 shares of its common stock to extinguish debt in the amount of \$17,813.

#### **NOTE 10. LOANS PAYABLE**

The Company is indebted to several individuals for loans totaling \$78,500. A loan payable to an individual with interest payable at 5% in the amount of \$25,000 was due on March 2, 2006 and is currently in default. The remaining loans bear no interest with \$28,500 due in February 2007 and \$25,000 due December 2007.

#### **NOTE 11. COMMITMENTS AND CONTINGENCIES**

On May 1, 2005, the Company renewed its facility lease for real property in Poway, California. The operating lease is for a period of three years commencing August 31, 2005. At September 30, 2006, minimum annual rental commitments under this non-cancelable lease were as follows:

Year Ending	Amount
2007	\$61,968
2008	\$59,070

## **VOS INTERNATIONAL, INC.**

### **NOTES TO FINANCIAL STATEMENTS** **September 30, 2006**

#### **NOTE 12. ISSUANCE OF SHARES FOR SERVICES – STOCK OPTIONS**

The company has a nonqualified stock option plan, which provides for the granting of options to key employees, consultants, and nonemployee directors of the Company. These issuances shall be accounted for based on the fair value of the consideration received or the fair value of the equity instruments issued, or whichever is more readily determinable. The Company has elected to account for the stock option plan in accordance with paragraph 30 of SFAS 123 where the compensation to employees should be recognized over the period(s) in which the related employee services are rendered. In accordance with paragraph 19 of SFAS 123 the fair value of a stock option granted is estimated using an option-pricing model. As of September 30, 2006 no stock options were outstanding.

#### **NOTE 13. CAPITAL LEASE OBLIGATION**

The Company has an obligation under a capital lease in the amount of \$12,688. The company plans to extinguish this obligation within the next 12 months.

## **Changes In / Disagreements with Accountants on Accounting/Financial Disclosure**

There have been no disagreements between the Company and its independent accountants on any matter of accounting principles or practices or financial statement disclosure.

## **Controls and Procedures**

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Based on this evaluation, our principal executive officer and our principal financial officer concluded that our disclosure controls and procedures were effective as the end of the period covered by this report. There were no changes in our internal control over financial reporting during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

No significant changes in the company’s internal controls or in other factors that could significantly affect these controls were made as a result of the evaluation.

## **Other Information**

### Departure of Director or Principal Officer

On December 27, 2006, Donald Nunn resigned as a Director and Secretary of VOS International. Mr. Nunn’s resignation relates to the company’s inability to maintain certain liability insurances that Mr. Nunn requires as a prerequisite for his participation as a Director and Secretary.

The remaining Board has not identified a candidate to fill the vacancy. Secretary duties have been temporarily assumed by the COO Richard Matulich until a replacement is appointed.

## **Directors, Executive Officers, Promoters and Control Persons**

The directors and officers are as follows:

<u>NAME</u>	<u>AGE</u>	<u>POSITION(S)</u>	<u>TENURE</u>
<b>Allan J. Ligi</b>	46	President and Director	August 30, 2005 to present
<b>Richard B. Matulich</b>	46	Chief Operations Officer, Director and interim Secretary	August 30, 2005 to present
<b>Dennis LaVorgna</b>	55	Chief Financial Officer Director	August 30, 2005 to present
<b>Steve Howard</b>		Director	November 7, 2005 to present
Office Street Address:		13000 Danielson Street, Suite J Poway, California 92064	
Telephone:		(858) 679-8027	

**Allan J. Ligi** is our co-founder, President and one of our Directors. Mr. Ligi brings significant technology-related management experience to his position having previously managed at Rockwell's Rocketdyne Plant in Canoga Park, California. He was directly involved in the SSME (Space Shuttle Main Engine) manufacturing sector. Mr. Ligi holds a Bachelor of Science Degree in Business Administration with advanced studies in marketing and engineering. He is a graduate of numerous business training programs in management, sales, and marketing. Mr. Ligi is involved in the daily operations of all aspects of our operations and is responsible for our strategic development, with major emphasis on directing the marketing, management, and financial efforts. These include coordinating efforts with sales and marketing teams in developing product image, facilitating placement and distribution, working with the accounting group in financial forecasting, raising capital, tracking use of company funds, and establishing and maintaining management controls on operations with regards to productivity and profitability.

**Richard B. Matulich** is our co-founder, Chief of Operations and one of our Directors. Mr. Matulich is in charge of product research and development, manufacturing, and quality control. Mr. Matulich has successfully developed, operated, and sold for profit various businesses since 1980. As Regional Manager with W.R. Grace Corporation, Mr. Matulich managed over 120 employees and was responsible for production, purchasing, sales, budgeting, and profitability. Mr. Matulich has strong financial and statistical experience ensuring accurate forecasting and utilization analysis, including thorough knowledge of spreadsheets and business modeling. Most recently, Mr. Matulich was an independent computer consultant specializing in network design and administration. He has proficient experience in system analysis, design, implementation, and problem solving and is familiar with a wide variety of computer hardware, operating systems, and languages (e.g., IBM mainframe JCL, DOS, OS/2, Windows 95, C, C++, assembler, HTML, dBase III Novell, and Windows NT). Moreover, Mr. Matulich has experience with communications systems design, programming, and support for asynchronous, binary synchronous, TCP/IP, Ethernet and token-ring LAN, and various nonstandard protocols. In addition to these skills, he has worked in Internet and World-Wide Web (WWW) design and implementation, including Common Gateway Interface (CGI) scripts. Mr. Matulich has attended the University of California Davis where he was a graduate of several businesses, management, and manufacturing programs. He brings with him experience in offshore manufacturing and extensive computer hardware and software knowledge as well as a diverse component electronics background. Interfacing with development engineers, Mr. Matulich brings product conceptualization to actual product development. He continues to be instrumental in advancing and expanding the VOS product lines. His primary responsibilities are to oversee all aspects of the day-to-day operations. He is responsible for all operational activities for product management and development including designs, engineering, implementation, and deployment. He also coordinates overseas manufacturing, quality control systems, and delivery schedules as well as maintains operational policies and inventory strategy. Specific responsibilities include staffing, project budget management, scheduling, status reporting, and risk management. Responsibilities in product development include strategy for product development (methodology and architectures), preliminary designs, alternative evaluations, detailed design, technology assessments, and the functional specifications of the products.

**Dennis LaVorgna** is our Chief Financial Officer and one of our Directors. He has been with the company since its inception. Mr. LaVorgna has been instrumental in setting up the financial operations of the Company and continues to be an integral part of the evolution of the company's financial structure. Mr. LaVorgna graduated from Cleveland State University in 1974. After college he was employed by the international headquarters of Ernst & Ernst, CPA's where he gained experience as an auditor with both publicly traded and start up companies. He moved to San Diego in 1984 where he was employed by Jassoy, Graff & Douglas, CPA's where his experience was utilized to create the firm's business evaluation and litigation support department until 1989. He then took a position as the CFO of Pathology Medical Labs from 1990 until 1995. Presently Mr. LaVorgna is the President of LaVorgna and Associates, a full service accounting firm in San Diego.

**Steve Howard** was appointed a director of VOS International, Inc. on November 7, 2005 by our board of directors. Mr. Howard has been involved in marketing and business development since 1974. Currently, he acts as the President of Response Marketing Associates, a full service agency for a wide variety of corporate and entrepreneurial Direct Response Television and Web advertising clients. From 1998 until 2004, he was Executive Vice President and Senior In-House Writer for Direct Response Media, Inc. which provided development, marketing, general business growth and management services to its clients. From 1995 until 1998, he was Executive Vice President of American Television Time and was in charge of Sales and Marketing for the Texas based company. From 1990 until 1995 he was President of Williams Worldwide Television, a telemarketing company and oversaw all creative and production facilities with focus on Fortune 500 companies such as Estee Lauder, Avon, Pedigree Pet Food, Montgomery Ward and Nordic Track. From 1975 until 1989, Mr. Howard served for nearly 15 years as Senior Vice President and Partner of American Relecast Corporation, a direct response marketing firm.

The directors shall be elected at an annual meeting of the stockholders and except as otherwise provided within the Bylaws of VOS International, Inc., as pertaining to vacancies, shall hold office until his successor is elected and qualified.

The directors of VOS International, Inc. are aware of no petitions or receivership actions having been filed or court appointed as to the business activities, officers, directors, or key personnel of VOS International, Inc..

There are no familial relationships among the officers and directors, nor are there any arrangements or understanding between any of our directors or officers or any other person pursuant to which any officer or director was or is to be selected as an officer or director.

No non-compete or non-disclosure agreements exist between the management of VOS International, Inc. and any prior or current employer.

All key personnel are employees or under contracts with of VOS International, Inc.

VOS International, Inc. has not, nor proposes to do so in the future, make loans to any of its officers, directors, key personnel, 10% stockholders, relatives thereof, or controllable entities.

#### Board of Director Meetings and Committees

The Board of Directors held three meetings during the year ended September 30, 2006, All members except Mr. Howard were in attendance at the meetings. The board may also conduct board activities through unanimous consent board resolutions in lieu of meetings.

The board has not defined any committees and performs all functions that would be delegated.

### **Audit Committee**

The board of directors of VOS International, Inc. has determined that for the purpose of and pursuant to the instructions of item 401(e) of regulation S-B titled Audit Committee Financial Expert, Dennis LaVorgna possesses the attributes of an Audit committee financial expert. Dennis LaVorgna is the Chief Financial Officer and a Director of VOS International, Inc. VOS International, Inc. does not have a designated Audit Committee and relies on the board of directors to perform those functions. Dennis LaVorgna is not independent as defined by item 401(e)(ii) of regulation S-B. He receives compensation for his executive services to VOS International, Inc. and is an affiliated person.

### **Code of Ethics**

Effective October 15, 2005 our board of directors adopted the VOS International, Inc. Code of Business Conduct and Ethics. The board of directors believes that our Code of Business Conduct and Ethics provides standards that are reasonably designed to deter wrongdoing and to promote the following: (1) honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; (2) full, fair, accurate, timely, and understandable disclosure in reports and documents that we file with, or submits to, the Securities and Exchange Commission; (3) compliance with applicable governmental laws, rules and regulations; the prompt internal reporting of violations of the Code of Business Conduct and Ethics to an appropriate person or persons; and (4) accountability for adherence to the Code of Business Conduct and Ethics.

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934 requires the company's directors and officers, and persons who own more than ten-percent (10%) of the company's common stock, to file with the Securities and Exchange Commission reports of ownership on Form 3 and reports of change in ownership on Forms 4 and 5. Such officers, directors and ten-percent stockholders are also required to furnish the company with copies of all Section 16(a) reports they file. Based solely on its review of the copies of such forms received by the company and on written representations from certain reporting persons, the company believes that all Section 16(a) reports applicable to its officers, directors and ten-percent stockholders with respect to the fiscal year ended September 30, 2006 were filed.

*Notes:*

As of September 30, 2006, VOS International, Inc. has made group life, health, hospitalization and medical plans available for its employees. Further, we had no pension plans or plans or agreements which provide compensation on the event of termination of employment or change in control of us.

No family relationships exist among any directors, executive officers, or persons nominated or chosen to become directors or executive officers.

### Option Grants and Exercises

There were no option grants or exercises by any of the executive officers named in the Summary Compensation Table above.

### Employment Agreements

As of the year ended September 30, 2006, we have not entered into formal employment agreements with any of our executive officers or directors. Richard Matulich has been receiving an annual salary of \$75,000

### Compensation of Directors

All directors receive reimbursement for reasonable out-of-pocket expenses in attending board of directors meetings and for promoting our business. From time to time we may engage certain members of the board of directors to perform services on our behalf. In such cases, we compensate the members for their services at rates no more favorable than could be obtained from unaffiliated parties.

## Security Ownership of Certain Beneficial Owners and Management

The following table sets forth, as of September 30, 2006; the beneficial ownership of VOS International, Inc. common stock by each person known to the company to beneficially own more than five percent (5%) of the company's common stock, including options, outstanding as of such date and by the officers and directors of the company as a group. Except as otherwise indicated, all shares are owned directly:

### Common Stock

<u>Name and Address of Beneficial Owner</u>	<u>Amount and Nature of Beneficial Ownership</u>	<u>Acquirable</u>	<u>Percentage of Class</u>
Allan J. Ligi President and Director	5,547,600	0	13.2
Richard B. Matulich COO and Director	5,547,600	0	13.2
Donald Nunn Secretary and Director	1,125,000	0	2.7
Dennis LaVorgna CFO and Director	675,000	0	1.6
Steve Howard Director	0	0	0
<i>Officers and Directors as a Group</i>	12,895,200	0	30.7
<i>Total Shares Issued and Outstanding</i>	42,048,530		

Each beneficial owner's percentage ownership assumes the exercise or conversion of all options, warrants and other convertible securities held by such person and that are exercisable or convertible within 60 days after September 30, 2006.

Total shares outstanding as of September 30, 2006 were 42,048,530 held by approximately 312 shareholders of record and an undetermined number of holders in street name.

All ownership is beneficial and of record except as specifically indicated otherwise. Beneficial owners listed above have sole voting and investment power with respect to the shares shown unless otherwise indicated.

### **Certain Relationships and Related Transactions**

From inception through 2004, funds were advanced from a major stockholder to finance the cost of operations. Effective October 29, 1999, a note was generated for the amount of \$725,000 plus interest at 7.75%, to be paid in monthly installments over a period of ten years. As of September 30, 2006 the balance due on this note is \$675,955. Due to the Company's financial limitations the stockholder agreed to not accrue interest on the outstanding note effective October 1, 2001.

In January 2006, the Company entered into a consulting agreement with a private company in which one officer and major shareholder is an owner of the private company and another officer and major shareholder holds the position of Secretary of the private company. The agreement provides that the Company will receive 10% of the profits of the private company on a quarterly basis over five years. The Company is carrying a trade receivable of \$30,704 from the private company for expenses incurred related to the consulting agreement. However, all receivables have been written off as of September 30, 2006.

Additional related party indebtedness includes:

Unsecured promissory note that accrues interest at 10% per annum, to a company owned by an officer	\$ 40,013
Unsecured promissory note that accrues interest at 10% per annum, to a former director	<u>50,000</u>
	\$ 90,013
