## **NOTE 1 – THE COMPANY AND BASIS OF PRESENTATION**

The accompanying interim condensed financial statements of VOS International, Inc. and subsidiary (collectively, the "Company" or "VOS") have been prepared pursuant to the rules of the Securities and Exchange Commission (the "SEC") for quarterly reports on Form 10-QSB and do not include all of the information and note disclosures required by generally accepted accounting principles. These condensed consolidated financial statements and notes herein are unaudited, but in the opinion of management, include all the adjustments (consisting only of normal recurring adjustments) necessary for a fair presentation of the Company's financial position, results of operations, and cash flows for the periods presented. These condensed consolidated financial statements should be read in conjunction with the Company's audited financial statements and notes thereto included in the Company's Form 10-KSB for the year ended September 30, 2006 as filed with the SEC. Interim operating results are not necessarily indicative of operating results for any future interim period or for the full year.

During 2005, VOS International, Inc. acquired VOS Systems, Inc. as our wholly owned subsidiary through a recapitalization. VOS Systems, Inc. is our operating company.

VOS Systems, Inc. was originally established in 1995 and incorporated in California in November 1999, as a California C-Corporation based in Poway, California. "VOS" is; is an acronym for Voice Operated Switching. VOS Systems, Inc. is a technology company involved in the design, development, manufacturing, and marketing of consumer electronic products, platforms and services designed to give people voice command over their living environments.

Our executive offices are currently located at 6540 Lusk Blvd, Suite C257, San Diego, CA 92121. Our telephone number is: (858) 679-8027. We maintain a website at [www.vosystems.com](http://www.vosystems.com).

The accompanying condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern. During the three month period ended March 31, 2007, the Company suffered a net loss of \$79,185 and had negative cash flows from operating activities of \$60,995. As of March 31, 2007, the Company had a stockholders' deficiency of \$1,013,906. The Company has sustained its operations primarily through debt and equity financing. These conditions raise substantial doubt about the Company's ability to continue as a going concern.

In view of these matters, realization of a major portion of the assets in the accompanying consolidated balance sheet is dependent upon continued operations of the Company, which in turn is dependent upon the Company's ability to meet its working capital requirements, and the success of its future operations. Management's current plans are: (1) to further commercialize its own products; (2) to market new products, including products from other manufacturers; (3) to continue to operate and improve e-commerce sites to sell its products; and (4) to continue to generate profitable sales and end-user awareness. To successfully execute its current plans, the Company will need to improve its working capital position. The Company plans to overcome the circumstances that impact our ability to remain a going concern through a combination of achieving profitability, raising additional debt and equity financing. There can be no assurance, however, that we will be able to complete any additional debt or equity financing on favorable terms or at all, or that any such financings, if completed, will be adequate to meet our capital requirements. Any additional equity or debt financings could result in substantial dilution to our stockholders. If adequate funds are not available, we will be required to delay, reduce or eliminate some or all of our planned activities. Our inability to fund our capital requirements would have a material adverse effect on the Company. Management believes that the actions presently being taken to revise the Company's operating and financial requirements may provide the opportunity for the Company to continue as a going concern.

## **NOTE 2 - SEASONALITY**

We believe that our product sales in traditional consumer electronics are generally lower from December through April of each fiscal year. Our products will be affected by these trends in several cases and as a result, may experience lower revenues during this time. Seasonal and cyclical trends in the retail sector may also affect revenues.

### NOTE 3 - PROPERTY & EQUIPMENT

Property is stated at cost. Additions, renovations, and improvements are capitalized. Maintenance and repairs, which do not extend asset lives, are expensed as incurred. Depreciation is provided on an accelerated basis over the estimated useful lives ranging from 5 years for tenant improvements, and 5 - 7 years on furniture and equipment.

	March 31, 2007
Office equipment	\$ 80,421
Equipment	103,140
Computer equipment	<u>57,852</u>
	\$ 241,233
Less accumulated depreciation	<u>(210,054)</u>
Net Property and Equipment	<u>\$ 31,179</u>

The Company's intangible assets consist principally of patents and are carried at cost of \$124,255 less accumulated amortization of \$53,897. Costs are amortized on a straight line basis over a period of 15 years.

### NOTE 4 - INVENTORY

The Company's inventory at March 31, 2007 of \$76,872 consists of finished goods.

### NOTE 5 - PRODUCT WARRANTIES

The Company generally offers a 12 month warranty for its products. The Company's warranty policy provides for replacement of the defective product. Specific accruals are recorded for known product warranty issues. Product warranty expenses were not material during the three month periods ended March 31, 2007 and March 31, 2006.

### NOTE 6 - RELATED PARTY TRANSACTION

From inception through 2004, funds were advanced from a major stockholder to finance the cost of operations. Effective October 29, 1999, a note was generated for the amount of \$725,000 plus interest at 7.75%, to be paid in monthly installments over a period of ten years. As of March 31, 2007 the balance due on this note is \$675,955. Due to the Company's financial limitations the stockholder agreed to not accrue interest on the outstanding note effective October 1, 2001.

Additional related party indebtedness includes:

Unsecured promissory note that accrues interest at 10% per annum, to a company owned by an officer.	\$ 81,013
Unsecured promissory note that accrues interest at 10% per annum, to a former director.	<u>\$ 50,000</u>
	\$131,013

### NOTE 7 - INCOME TAX

The Company records its income taxes in accordance with Statement of Financial Accounting Standard No. 109, "Accounting for Income Taxes". The Company has incurred significant net operating losses since inception resulting in a deferred tax asset, which was fully allowed for; therefore, the net benefit and expense resulted in \$-0- income taxes.

### NOTE 8 - SHAREHOLDERS' DEFICIT

The shareholders' equity section of the Company contains the following classes of capital stock as of March 31, 2007:

Preferred stock, nonvoting, \$1.00 par value; 1,000,000 shares authorized: -0- shares issued and outstanding.  
Common stock, \$0.001 par value; 90,000,000 shares authorized: 42,363,494 shares issued and outstanding.

**NOTE 9 – LITIGATION**

The Company has been named as a party to a lawsuit in the Superior Court of San Diego by a former employee alleging discrimination by a former manager and non-payment of wages. The claims are for unspecified amounts in excess of \$25,000 comprising of compensatory and punitive damages. The lawsuit is in its mediation phase as VOS has a mediation date set for Monday, May 21, 2007. VOS has engaged counsel experienced in these types of mediation proceedings and is confident that a settlement will be reached at the mediation conference on May 21, 2007. This position is supported by the fact that the plaintiffs in this case have already formally released the former manager of VOS of his liability regarding this matter. Management believes an estimate of possible loss cannot be determined at this stage of the proceedings.

## **Item 2. Management's Discussion and Analysis of Financial Condition and Plan of Operations**

The following discussion and analysis should be read in conjunction with the condensed financial statements and notes thereto appearing elsewhere in this Quarterly Report on Form 10-QSB.

The discussion may include projections of future results and “forward looking statements” as that term is defined in Section 27A of the Securities Act of 1933 as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934 as amended (the “Exchange Act”). All statements that are included in this Quarterly Report, other than statements of historical fact, are forward looking statements. Although management believes that the expectations reflected in these forward looking statements are reasonable, it can give no assurance that such expectations will prove to have been correct.

### **Financial Summary**

#### **Results of Operations for the Three-Month and Six-Month Periods Ended March 31, 2007**

The Company reports a net loss of \$20,603 for the three months ended March 31, 2007 versus a net loss of \$127,594 for the three months ended March 31, 2006. For the six months ended March 31, 2007 the Company reports a net loss of \$79,185 versus a net loss of \$312,781 for the six month period ending March 31, 2006.

In all respects, the substantial decrease may be attributed to a substantial reduction in operating costs and curtailing of operations.

#### **For the three-month period ending March 31, 2007:**

Net loss for the three-month period ending March 31, 2007 was \$20,603; total operating expenses for the period were \$22,941 and gross profits were \$6,738. General and administrative expenses totaled \$16,641; stock-based compensation was \$-0-.

Net loss for the three-month period ending March 31, 2006 was \$127,594; total operating expenses for the period were \$170,856 and gross profits were \$47,603. General and administrative expenses totaled \$128,456; stock-based compensation was \$36,000.

#### **For the six-month period ending March 31, 2007:**

Net loss for the six-month period ending March 31, 2007 was \$79,185; total operating expenses for the period were \$90,473 and gross profits were \$19,766. General and administrative expenses totaled \$63,587; stock-based compensation was \$14,286.

Net loss for the six-month period ending March 31, 2006 was \$312,781; total operating expenses for the period were \$373,875 and gross profits were \$66,074. General and administrative expenses totaled \$277,085; stock-based compensation was \$81,000.

#### **Liquidity and Capital Resources**

During the six month period ending March 31, 2007 the Company's cash position increased by \$790; cash at the beginning of the period was \$1,361, cash remaining at the end of the period was \$2,151. Net cash used in operating activities was \$60,995; net cash provided by investing activities was \$3,489; and, net cash provided by financing activities was \$61,785.

During the six month period ending March 31, 2006 the Company's cash position decreased by \$49,521. Net cash used in operating activities was \$153,729; cash provided by financing activities was \$104,208, primarily from proceeds from sale of common stock and proceeds from short term debt. Cash at the beginning of the period was \$58,982; resulting in cash at the end of the period of \$9,461.

*Going Concern*

The accompanying condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern. During the six month period ended March 31, 2007, the Company suffered a net loss of \$79,185 and had negative cash flows from operating activities of \$60,995. As of March 31, 2007, the Company had a stockholders' deficiency of \$1,013,906. The Company has sustained its operations primarily through debt and equity financing. These conditions raise substantial doubt about the Company's ability to continue as a going concern.

In view of these matters, realization of a major portion of the assets in the accompanying consolidated balance sheet is dependent upon continued operations of the Company, which in turn is dependent upon the Company's ability to meet its working capital requirements, and the success of its future operations. Management's current plans are:

- to further commercialize its own products;
- to market new products, including products from other manufacturers;
- to continue to operate and improve e-commerce sites to sell its products; and
- to continue to generate profitable sales and end-user awareness.

To successfully execute its current plans, the Company will need to improve its working capital position. The Company plans to overcome the circumstances that impact our ability to remain a going concern through a combination of achieving profitability, raising additional debt and equity financing. There can be no assurance, however, that we will be able to complete any additional debt or equity financing on favorable terms or at all, or that any such financings, if completed, will be adequate to meet our capital requirements. Any additional equity or debt financings could result in substantial dilution to our stockholders. If adequate funds are not available, we will be required to delay, reduce or eliminate some or all of our planned activities. Our inability to fund our capital requirements would have a material adverse effect on the Company. Management believes that the actions presently being taken to revise the Company's operating and financial requirements may provide the opportunity for the Company to continue as a going concern.

**Management's Plan of Operation**

We specialize in the development of embedded processor speech recognition applications for use in products we ourselves develop. We also develop speech recognition platforms for other manufacturers to enhance the features of their products. Currently the Company maintains two patents. Our core business is based on these patented applications.

The first is US Patent # 6,188,986 B1 "Voice Operated Switch Method and Apparatus" which covers the use of embedded processor speech recognition in a device that produces control signals in response to voice commands. This device acts as a control interface between utility power and connected electrical devices by connecting, controlling or disconnecting power to the electrical devices based on voice commands. The second Patent is a continuation on the first, with the Patent Number US 6324514B2. This second patent serves to enhance and broaden the claims of the first Patent.

We own several trade names and one trademark. The registered trade names include VOS Systems™, Your Voice Turns Me On™, Light Genie™ and IntelaVoice™. Our registered trademark is the VOS MAN.

We currently derive our revenues from product sales of the IntelaVoice™ Product Line.

VOS International continues to be in discussions with Synertech International Limited who seeks an exclusive licensing agreement for the VOS Voice Operated Lighting Patents. VOS has done work for Synertech over the years and has been working with them on developing a 220V version of the Intelavoice Voice Operated Lighting Controller. This version would be required to enter into the European and Asian markets. Synertech has an established marketing presence in Europe and Asia with Sales in excess of \$15 million. They are currently moving into relationships with US retailers with their line of timers and lighting controllers VOS Management sees this as an excellent synergistic relationship for both parties. A delay in the negotiations resulted from prior business commitments from Synertech. We have resumed negotiations on the specific terms of the Agreement and should have an agreement in place by mid June 2007.

VOS has decided not to enter into an agreement with Honeywell until the Synertech licensing agreement is in place or until mid June (extended 3 months) in order to set up the appropriate relationships between both companies. The purchase order will be held in anticipation of this final agreement with Synertech.

Although Management is attempting to develop business opportunities with its limited resources, activities are ongoing to increase current operation levels. As of the time of this report the company has operational activities and is aggressively seeking out potential strategic relationships or acquisitions in its efforts to expand operations.

Management is also reviewing several new projects that would bring with them the opportunity to raise additional capital to fund both the project development and the operational overhead. Two Projects currently under review involve both solar energy component manufacturing (solar panels) and a unique patented biomass energy manufacturing operation; both of which can bring with them federal and state grants to assist in the development of more efficient alternative energy options.

### **Item 3. Controls and Procedures**

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Based on this evaluation, our principal executive officer and our principal financial officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report. There were no changes in our internal control over financial reporting during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

**Part II. OTHER INFORMATION**

**Item 1. Legal Proceedings**

The Company has been named as a party to a lawsuit in the Superior Court of San Diego by a former employee alleging discrimination by a former manager and non-payment of wages. The claims are for unspecified amounts in excess of \$25,000 comprising of compensatory and punitive damages. The lawsuit is in its mediation phase as VOS has a mediation date set for Monday, May 21, 2007. VOS has engaged council experienced in these types of mediation proceedings and is confident that a settlement will be reached at the mediation conference on May 21, 2007. This position is supported by the fact that the plaintiffs in this case have already formally released the former manager of VOS of his liability regarding this matter.

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

None, during the three month period ending March 31, 2007.

**Item 3. Defaults Upon Senior Securities**

None

**Item 4. Submission of Matters to a Vote of Security Holders**

None, for the three month period ending March 31, 2007.

**Item 5. Other Information**

None

**Item 6. Exhibits and Reports on Form 8-K**

Exhibits

VOS International, Inc. includes herewith the following exhibits:

Exhibits 31.1 and 31.2

Certifications of the Principal Executive Officer and Principal Accounting Officer, respectively, required by Rule 13a-14(a) (17 CFR 240.13a-14(a)) or Rule 15d-14(a) (17 CFR 240.15d-14(a))

Exhibits 32.1 and 32.2

Certifications of the Principal Executive Officer and Principal Accounting Officer, respectively, required by Rule 13a-14(b) (17 CFR 240.13a-14(b)) or Rule 15d-14(b) (17 CFR 240.15d-14(b)) and Section 1350 of Chapter 63 of Title 18 of the United States Code (18 U.S.C. 1350)

Reports on Form 8-K

None, for the period ending March 31, 2007
