Explanatory Note

This quarterly report on Form 10-Q/A is being filed to amend Item 4. "Controls and Procedures." Accordingly, pursuant to Rule 12b-15 under the Securities Exchange Act of 1934, as amended, this Form 10-Q/A contains the complete text of Item 4. "Controls and Procedures" as amended. This report continues to speak as of the date of the original filing of the Form 10-Q on November 19, 2002, and the registrants have not updated the disclosures in this report to speak as of a later date (except where necessary to reflect the change in titles of various members of management).

PART I. FINANCIAL INFORMATION

ITEM 4. CONTROLS AND PROCEDURES.

Within 90 days prior to November 19, 2002 (i.e., the original filing date of the report amended hereby), management, including our Chief Executive Officer, and our then Chief Financial Officer and our then Chief Administrative Officer (and current interim Chief Financial Officer), evaluated the effectiveness of the design and operation of our disclosure controls and procedures with respect to the information generated for use in this Quarterly Report. The evaluation was based in part upon reports and affidavits provided by a number of executives. Based upon, and as of the date of that evaluation, our Chief Executive Officer, our then Chief Financial Officer and our then Chief Administrative Officer (and current interim Chief Financial Officer) concluded that the disclosure controls and procedures were effective to provide reasonable assurances that information required to be disclosed in the reports we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the Commission's rules and forms.

There were no significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation.

In designing and evaluating the disclosure controls and procedures, our management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable, not absolute, assurance of achieving the desired control objectives and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based upon the above evaluation, our management believes that its controls do provide such reasonable assurances.

SIGNATURES
